اكرر اننا لا نحدد مواعيد بل فقط نشجع بعضنا بعضا بقرب مجيء المسيح

وأیضا لا اقصد ان اخيف أحد بل من يخاف هو لا يثق في مواعيد الرب

هدفي فقط أن نذكر بعضنا باننا نحتاج ان نستعد. والاستعداد ليس فقط قبل مجيء المسيح بل

ايضا قبل الظلمة التي ستسبق مجيؤه ليكون عندنا زيت في مصابيحنا يكفي ان نعبر هذه الظلمة

وتكون مصابيحنا مضيئة وقت مجيؤه او من منا سيسلم وديعته في أي وقت. بمعنى نحتاج من

الان ان نستعد بقوة بأيمان عامل وبتنقية القلب وان نثمر بالخدمة أي نجمع زيت في مصابيحنا

لان الظلمة والضيقة اقتربت جدا ومن لن يستعد لها بزيت كافي من الان لن يجد زيت في الضيقة

لان وقتها جميع زيت سيكون صعب جدا بل أستطيع ان أقول من مثل العذاري انه لن يكون هناك

زيت الا ما جمعته سابقا.

أفضل ان اقول لنفسي ولكم استعدوا الان لأنه اقرب فنكون مستعدين سواء جاء او نحن ان
سلمنا وديعتنا عن أنى لا اقول انه اقرب لكيلا يقال عني كاذب وانشر اشاعات ولكنه يأتي بسرعة
بغته. لا اعتقد اي أحد ندم لأنه كان مستعد ومنتظر مجيء المسيح ولم يأتي المسيح في زمنه
ولكنه انتقل وهو مستعد ولكن كثيرين جدا ندموا على عدم الاستعداد عندما انتقلوا

المسيح قال بعض العلامات مثل

انجيل لوقا 21

21: 10 ثم قال لهم تقوم امة على امة ومملكة على مملكة

21: 11 وتكون زلازل عظيمة في اماكن ومجاعات واوبئة وتكون مخاوف وعلامات عظيمة من

السماء

21: 25 وتكون علامات في الشمس والقمر والنجوم وعلى الارض كرب امم بحيرة البحر والامواج

تضج

21: 26 والناس يغطى عليهم من خوف وانتظار ما يأتي على المسكونة لان قوات السماوات

تزعزع

21: 27 وحينئذ يبصرون ابن الانسان اتيا في سحابة بقوة و مجد كثير

سفر اعمال الرسل 2

2: 19 واعطي عجائب في السماء من فوق وآيات على الارض من أسفل دما ونارا وبخار دخان

2: 20 تتحول الشمس الى ظلمة والقمر الى دم قبل ان يجيء يوم الرب العظيم الشهير

2: 21 ويكون كل من يدعو باسم الرب يخلص

لماذا قال المسيح بعض العلامات؟

أولا لكيلا نرتاع

انجيل متى 24

مت 24: 6 وسوف تسمعون بحروب واخبار حروب **لا ترتاعوا** لأنه لا بد ان تكون هذه

كلها ولكن ليس المنتهى بعد

ثانيا لنؤمن

إنجيل يوحنا 14: 29

وَقُلْتُ لَكُمْ الْآنَ قَبْلَ أَنْ يَكُونَ، حَتَّى مَتَى كَأَن تُوْمِنُونَ.

ثالثا لننتبه ونستعد

انجيل لوقا 21

28 وَمَتَى ابْتَدَأَتْ هَذِهِ تَكُونُ، فَاَنْتَصِبُوا وَاَرْفَعُوا رُؤُوسَكُمْ لِأَنَّ نَجَاتَكُمْ تَقْتَرِبُ».

NASA's Jet Propulsion Laboratory in Pasadena, California, has issued a request for proposal (RFP) seeking design, development and build of the robotic spacecraft that will capture a multi-ton asteroid boulder from deep space during the first segment of the agency's Asteroid Redirect Mission (ARM). The RFP is open to the four industry partners that previously completed conceptual designs of the spacecraft.

Near Earth Asteroids

Potentially Hazardous Asteroids ([PHAs](#)) are space rocks larger than approximately 100m that can come closer to Earth than 0.05 AU. None of the known PHAs is on a collision course with our planet, although astronomers are finding [new ones](#) all the time.

On September 24, 2016 there were **1730** potentially hazardous asteroids.

Recent & Upcoming Earth-asteroid encounters:

Asteroid	Date(UT)	Miss Distance	Size
2016 RM20	Sep 20	6.2 LD	25 m
2009 UG	Sep 30	7.3 LD	101 m
2100 Ra-Shalom	Oct 9	58.3 LD	1.1 km
2014 UR	Oct 18	12 LD	21 m
2005 SE71	Oct 24	72.2 LD	1.0 km
2003 TL4	Oct 27	10.1 LD	585 m
2003 YT1	Oct 31	13.5 LD	850 m

Notes: LD means "Lunar Distance." 1 LD = 384,401 km, the distance between Earth and the Moon. 1 LD also equals 0.00256 AU. MAG is the visual magnitude of the asteroid on the date of closest approach.

Magnitude 6.3 quake hits off Philippines' Mindanao island: USGS

9/23/16 September 23, 2016

(Reuters) - A magnitude 6.3 earthquake struck off the Philippine's Mindanao island on Saturday, the U.S. Geological Survey said.

The quake, initially reported as a magnitude 6.5, struck at 6:53 a.m. (22:53 GMT on Friday) and was centered 71 miles (114.26 km) east of Davao on Mindanao.

It was a deep tremor, 43 miles (69 km) below the seabed, and was not expected to cause a tsunami, the Pacific Tsunami Warning Center said.

A magnitude 6.3 quake is considered strong and is capable of causing severe damage, but the effects of this one are likely to be mitigated by the quake's depth and the fact that it occurred offshore.

Indonesia struggles to tap volcano power

WAYANG WINDU, INDONESIA - Columns of steam shoot from the ground at an Indonesian power plant sitting in the shadow of an active volcano, as energy is tapped from the red-hot underbelly of the archipelago.

Steam rises from the Wayang Windu geothermal power station on West Java.

Pipes zig-zag up rugged mountainsides covered in tea plantations, carrying steam from the Earth's core to power enormous electricity-generating turbines at the Wayang Windu facility on Java island.

Indonesia, a seismically-active island country studded with scores of volcanoes, holds an estimated 40% of the world's geothermal energy reserves, but has long lagged behind in its use of the renewable power source.

Now the government is pushing to expand the sector five-fold in the next decade, although the challenges are huge in a country where the burden of red tape remains onerous, big projects are often delayed and targets missed.

"The potential is tremendous," said Rully Wirawan, field manager at Wayang Windu. "The current government is trying to tackle the challenges so I believe the development of the sector will be better in future."

CENTERPORT, N.Y. — Officials say up to 10,000 dead fish were found near a bridge on Long Island about a month after an estimated 11,000 fish died in the area.

Town officials in Huntington tell [Newsday](#) the adult moss bunker fish died Thursday in Centerport Harbor after they became trapped and oxygen levels fell.

The fish were found near the Mill Pond bridge.

Officials say there were too many fish in a small area and not enough predators.

Officials say they plan to keep the tidal gates open between the pond and the Suffolk County hamlet in hopes of flushing the fish further out into the Long Island Sound where they'll eventually sink.

Russian troops arrive in Pakistan for 1st-ever joint drill

Russian troops have arrived in Pakistan on Friday to take part in two-week military exercise, a first in the two countries' modern history. Moscow and Islamabad were on opposite sides during the Cold War.

Around 70 Russian soldiers and officers along with some 130 Pakistani counterparts are taking part in the war games called Friendship 2016, which kick-start on Saturday. The name is a symbolical reference to the old Cold War tensions between Moscow and Islamabad, which the two capitals are now trying to overcome.

On Friday, an Ilyushin Il-76 military transport plane delivered the troops to Pakistan from their home base in southern Russia.

Russia, U.S. tensions spill over at U.N. meeting on Syria

September 17, 2016

By Michelle Nichols

UNITED NATIONS (Reuters) - The United States accused Russia of grandstanding on Saturday by calling a U.N. Security Council meeting over U.S.-led coalition air strikes in Syria, as Russia said the attacks killed dozens of Syrian soldiers and could endanger a truce deal between Moscow and Washington.

The 15-member council met for an hour on Saturday evening after Russia and a war monitoring group said coalition jets bombed a Syrian army position near Deir al-Zor airport.

U.S. Ambassador to the United Nations, Samantha Power, said Washington was investigating the air strikes and "if we determine that we did indeed strike Syrian military personnel that was not our intention and we of course regret the loss of life."

She said Russia's decision to call a council meeting was "cynical and hypocritical" as Moscow had never expressed such outrage at the killing of civilians by Syrian government forces during more than five years of conflict.

"Russia really needs to stop the cheap point scoring and the grandstanding and the stunts and focus on what matters, which is implementation of something we negotiated in good faith with them," Power told reporters.

The deal reached last Saturday aims to put Syria's peace process back on track. It included a fragile nationwide truce, improved humanitarian aid access and joint military targeting of banned Islamist groups.

When asked if Saturday's air strikes spelled the end of the deal, Russian U.N. Ambassador Vitaly Churkin said: "This is a very big question mark."

"I would be very interested to see how Washington is going to react. If what

NATO is set to deploy a "deterrent" and possible "fighting" force of some 4,000 troops to the Baltic region by next May. The chief of the European Command has called on the alliance to approach Russia from a "position of strength."

The announcement of the 4,000-strong contingent took place as military leaders from the military bloc gathered in Split, Croatia over the weekend. At the summit, Czech Army Gen. Petr Pavel said four battle groups will be sent to the region

Russian and US officials will hold urgent meetings on Monday night and Tuesday to discuss the collapse of the ceasefire in Syria, according to a US official.

"We are also going to be meeting with the Russians at high levels to try to get a sense from them about where they think this [Syrian ceasefire] can go from here," the US official said.

A US official, speaking on condition of anonymity, said that an airstrike on aid workers on Monday has done significant harm to the peace plan.

Barack Obama (Reuters)

Amid the countless words of analysis of US President Obama's address to the United Nations last week, precious little has been said about his use of the words "Palestinian lands." The Zionist Organization of America (ZOA) is apparently the first and only organization to comment on it.

"Surely Israelis and Palestinians will be better off if Palestinians reject incitement and recognize the legitimacy of Israel ... [and if] Israel recognizes that it cannot permanently occupy and settle Palestinian land," Obama said.

The ZOA says that using the words "Palestinian land" to refer to Judea and Samaria "prejudges the issue of sovereignty and borders, and is not accordance with international law, which designates Judea/Samaria as unallocated territory, without a recognized sovereign."

Over the past century, Judea and Samaria (collectively known as Yesha) has been under the

TEHRAN (FNA)- The Russian warships stationed in Syria's coastal waters targeted and destroyed a foreign military operations room, killing over two dozen Israeli and western intelligence officers.

"The Russian warships fired three Caliber missiles at the foreign officers' coordination operations room in Dar Ezza region in the Western part of Aleppo near Sam'an mountain, killing 30 Israeli and western officers," the Arabic-language service of Russia's [Sputnik](#) news agency quoted battlefield source in Aleppo as saying on Wednesday.

The operations room was located in the Western part of Aleppo province in the middle of sky-high Sam'an mountain and old caves. The region is deep into a chain of mountains.

Several US, Turkish, Saudi, Qatari and British officers were also killed along with the Israeli officers. The foreign officers who were killed in the Aleppo operations room were directing the terrorists' attacks in Aleppo and Idlib.

Earlier in September, the Syrian army units launched a preemptive strike on the terrorists of the so-called Aleppo Operations Room in their gathering centers near Castello road in the Northern areas of Aleppo and Mallah farms.

As Barack Obama prepared to enter the final year of his presidency, he sat down for an interview with Olivier Knox to discuss a bold new policy change. He had announced a year earlier that the United States would be ending its decades-long isolation of Cuba and seeking rapprochement with the authoritarian Communists who run the island nation 90 miles from Florida. In this December 14, 2015, interview, Obama described his new approach in greater detail. The change he proposed dominated headlines for days.

There was other big news in the interview—though this the media didn't treat as such. The president declared that he remained committed to closing the detention facility at Guantánamo Bay, despite strong objections from Republicans and some Democrats. Obama had campaigned in 2008 on

U.S. President Barack Obama speaks about last Saturday's bombing in Manhattan's Chelsea neighborhood in New York. (REUTERS/Kevin Lamarque)

Islamic radicals are once again waging jihad on American soil and President Obama is AWOL.

There have been attacks in New York, New Jersey, Minnesota and a charity run for Marines. Among the victims—an 8-year-old child and a 15-year-old girl.

And the only reason we're not talking about massive casualties is because of alert citizens and the incompetence of the jihadi.

America is under siege, and yet our commander-in-chief remains strangely aloof.

On Saturday night —just moments after the bombings— the president was bashing Donald Trump at the Congressional Black Caucus gala and cracking jokes about the Islamic State.

The president was cracking jokes while New Yorkers were digging shrapnel out of their bodies.

On Sunday he flew to New York City to attend a posh fund raiser for Hillary Clinton—less than a mile from where the Chelsea bomb exploded. He made no mention of the attack in his remarks to wealthy donors, and to my knowledge, he made no hospital visits.

Yahoo confirms massive data breach

Yahoo (YHOO, Tech30) confirmed on Thursday data "associated with at least 500 million user accounts" have been stolen in what may be one of the largest cybersecurity breaches ever.

The company said it believes a "state-sponsored actor" was behind the data breach, meaning an individual acting on behalf of a government. The breach is said to have occurred in late 2014.

In Breakthrough Research, Israeli Scientists Stop Breast Cancer Spread In Mice

Tel Aviv University new study scientists discover targeted delivery of microRNAs to primary tumors blocks the movement of cancer beyond the breast.

A new [Tel Aviv University study](#) finds that treating a primary tumor with combining genetic therapy with chemotherapy delivered to a primary tumor site is extremely effective in preventing breast cancer metastasis.

The breakthrough research was led by Dr. Noam Shomron of TAU's Sackler School of Medicine in collaboration with Dr. Natalie Artzi of the Massachusetts Institute of Technology. The study was published in the [Nature Communications](#).

Stopping cancer at the turning point

One in eight women worldwide are diagnosed with breast cancer during their lifetimes. Breast cancer is the second leading cause of cancer death in women. The chance that a woman will die from breast cancer is about 1 in 36. Early detection, while increasingly common, is not sufficient to preventing metastasis, the lethal movement of cancerous cells from a primary tumor site to colonies in vital organs. About 80 percent of women with metastatic cancer die from the disease

Clown Facebook post, warnings put more Alabama schools on lockdown

Two more Alabama schools were on lockdown today after a social media posts and phoned-in threat warned "clowns" might show up at two Birmingham area schools.

Irondale police Officer James Lewis, a school resource officer, said a student reported to police that a Facebook post hinted at the possibility of clowns showing up on campus at Shades Valley High School. "There was no threat," Lewis said.

Birmingham police said Holy Family Cristo Rey High School in Ensley received a call that a clown was coming to the school to lure children to the woods. Police found nothing, said Sgt. Bryan Shelton.

Similar incidents have taken place throughout Alabama, including Flomaton, Etowah County and Montgomery, and across the southeast. In some instances, children have reported clowns trying to lure them into the woods. In other cases, victims have been messaged by the so-called clowns with vulgar language.

Creepy clown spotted in southeastern Kentucky

Posted: Mon 6:44 PM, Sep 19, 2016 | Updated: Mon 6:44 PM, Sep 19, 2016

LONDON, Ky. (WYMT) - After several sightings in South Carolina and other states, creepy clown sightings have crept into Kentucky.

Jamie Hill posted a picture on Facebook showing someone in a clown costume near the Hal Rogers Parkway in London.

"I was in state of shock. I didn't know what to do. I didn't think anyone would believe me about it," Hill said. "I took a picture, I didn't plan on posting it until others started seeing the same thing."

The Laurel County sheriff's office says they have not received complaints about clowns but they say they are aware of what is going on in other states. They don't think the person was necessarily doing anything illegal.

Police in Pulaski County also received a complaint of three people in clown costumes acting suspiciously.

Trump opposes plan for U.S. to cede internet oversight

By Dustin Volz | WASHINGTON, SEPT 21

Republican presidential nominee Donald Trump opposes a long-planned transition of oversight of the internet's technical management from the U.S. government to a global community of stakeholders, his campaign said in a statement on Wednesday.

Congress should block the handover, scheduled to occur on Oct. 1, "or internet freedom will be lost for good, since there will be no way to make it great again once it is lost," Stephen Miller, national policy director for the Trump campaign, said in a statement.

Senator Ted Cruz of Texas, a former presidential primary foe of Trump's who has refused to endorse the real estate developer, has led a movement in congress to block the transition, arguing it could cede control of the internet itself to authoritarian regimes like Russia and China and threaten online freedom.

Technical experts have said those claims are baseless, and that a delay will backfire by undermining U.S. credibility in future international negotiations over internet standards and security.

Publicly proposed in March 2014, the transfer of oversight of the nonprofit Internet Corporation for Assigned Names and Numbers, or ICANN, is expected to go forward unless the U.S. Congress votes to block the handover.

A vote to delay the transition may come as an amendment to a temporary spending bill that Congress must pass by Sept. 30 to prevent much of the federal government from

Authorities were trying Sunday to discover the types of drugs involved in a spate of overdoses that killed seven people in the Cleveland area a day earlier.

The deaths Saturday was the latest outbreak of drug overdose deaths in Ohio.

Tests were being conducted to figure out which drugs were involved, Cuyahoga County Medical Examiner Thomas Gilson said. Officials suspect they were either heroin or fentanyl.

"This cluster of deaths is deeply concerning," Gilson said in a statement. "Although there is no clear link between the individuals, this number clearly raises the possibility of a very deadly drug in our community."

Nudists could soon be allowed to get naked in Paris

Published: 23 Sep 2016 12:18 GMT+02:00

Updated: 23 Sep 2016 12:18 GMT+02:00

Nudists in Paris will be cheered by a new plan to finally allow them to hang out in a designated open air area, without fear of being arrested.

- [Brits urged to come to France and get naked](#) (13 Apr 16)

Naturists in Paris have not felt themselves for a long time.

The problem: They've never had anywhere to let it all hang out.

Sure, there is the Roger Le-Gall swimming pool in the 12th arrondissement that allows nudity on Monday, Tuesday, and Wednesday evenings, but members say it's getting too cramped there.

"There were 150 of us on Wednesday night," Denis Porquet, a member of the Nudist Association of Paris (ANP), told [the 20 Minutes newspaper](#).

The group's 372 members are forced to look elsewhere for their nudist outings, hiring out bowling venues, spas, archery clubs, and even restaurants [for private events](#).

And with French law stating that nudists found baring all can be slapped with a €15,000 fine or the prospect of one year in prison, it's no surprise that Paris naturists are keen on the idea of having their own designated spot to strip off.

And all this could be about to come to fruition, with the Green Party of Paris set to propose a designated nudist park during a meeting at the Paris city council on Monday.

A federal government agency is threatening to fire a Christian employee of 14 years for declining to watch an LGBT “diversity and inclusivity” training video.

David Hall – a longtime information technology employee – has been targeted for termination by the Social Security Administration, which announced in April that all employees must be trained in LGBTQ “diversity and inclusivity.” The 42-year-old man explained that his Christian convictions are that sodomy is not healthy, normal or good for people, maintaining that the so-called “training” violated his sincerely held religious beliefs.

WASHINGTON —
The U.S. Department of Defense will now cover costs for the sex change operations of soldiers in active duty, according to

reports.

"[A] Defense Department spokesman said Monday that the option is available to all transgender active duty troops if their doctors recommend it and senior military health officials approve it," the Military Times outlines.

As previously reported, the Pentagon announced in June that it would end the nation's ban on open transgenders in the military. It had advised last year that a six-month study would be conducted to determine whether lifting the ban could have any adverse effect on battle preparedness.

The study was to encompass a variety of aspects, such as how transgenders will be housed, what uniforms they will wear, what bathrooms they will use, and what physical fitness/training standards they will be held to as a person

They are the couple who made history last year when the transgender 'father' fell pregnant by the trans 'mother'.

And now, four months after giving birth to their first child, Fernando Machado - who was born a woman - and his partner Diane Rodriguez - who was born a man - have revealed they want to expand their brood.

The new parents, from Ecuador, have opened up about life with their new baby after becoming the first transgender couple to fall pregnant in South America.

فلهذا اطلب أن نصلي ونستعد ونعد زيت لمصاييحنا لاستقبال العريس بالصلاة والصوم وخدمة أبناء الله وتنقية القلب والاستعداد بلبس العرس.

رسالة بولس الرسول الي أهل رومية 13

13: 11 هذا وأنكم عارفون الوقت انها الان ساعة لنستيقظ من النوم فان خلاصنا الان أقرب مما

كان حين امنا

13: 12 قد تنهى الليل وتقارب النهار فلنخلع اعمال الظلمة ونلبس اسلحة النور

13: 13 لنسلك بلباقة كما في النهار لا بالبطر والسكر لا بالمضاجع والعهر لا بالخصام والحسد

13: 14 بل البسوا الرب يسوع المسيح ولا تصنعوا تدبيرا للجسد لأجل الشهوات

احترس ان لم تتمسك بالمسيح من الان قد لا تستطيع في المستقبل القريب بسبب الظلام.

وكما قلت هو اخبرنا لكي لا نخاف

انجيل متى 24

مت 24: 6 وسوف تسمعون بحروب واخبار حروب **لا ترتاعوا** لأنه لا بد ان تكون هذه

كلها ولكن ليس المنتهى بعد

بطرس الأولى 3: 14

وَلَكِنْ وَإِنْ تَأَلَّمْتُمْ مِنْ أَجْلِ الْبِرِّ، فَطُوبَاكُمْ. وَأَمَّا خَوْفُهُمْ فَلَا تَخَافُوهُ وَلَا تَضْطَرُّوْا،

بل نؤمن

إنجيل يوحنا 14: 29

وَقُلْتُ لَكُمْ الْآنَ قَبْلَ أَنْ يَكُونَ، حَتَّى مَتَى كَانَ تُؤْمِنُونَ.

ثالثا لنتنبه ونستعد

انجيل لوقا 21

28 وَمَتَى ابْتَدَأَتْ هَذِهِ تَكُونُ، فَاَنْتَصِبُوا وَارْفَعُوا رُؤُوسَكُمْ لِأَنَّ نَجَاتَكُمْ تَقْتَرِبُ.»

افرحوا لان عريسنا قد اقترب مجيؤه. وانتبهوا الشيطان يريد أن نفقد سلامنا ولا ننال أكاليل.

وأیضا استعدوا فقد تسلموا وديعتكم في أي وقت فهناك 150 ألف شخص يموتوا في اليوم الواحد

انت لا تعرف متى ستكون منهم

المسيح اقترب فاصنعوا ثمار تليق بالتوبة واستعدوا لاستقبال العريس.

والمجد لله دائما
