والعلامات حتى 22 نوفمبر 2016

Holy_bible_1

اكرر اننا لا نحدد مواعيد بل فقط نشجع بعضنا بعضا بقرب مجيء المسيح

وأیضا لا اقصد ان اخيف أحد بل من يخاف هو لا يثق في مواعيد الرب

هذفي فقط أن نذكر بعضنا باننا نحتاج ان نستعد. والاستعداد ليس فقط قبل مجيء المسيح بل

ايضا قبل الظلمة التي ستسبق مجيؤه ليكون عندنا زيت في مصابيحنا يكفي ان نعبر هذه الظلمة

وتكون مصابيحنا مضيئة وقت مجيؤه او من منا سيسلم وديعته في أي وقت. بمعنى نحتاج من

الان ان نستعد بقوة بأيمان عامل وبتنقية القلب وان نثمر بالخدمة أي نجمع زيت في مصابيحنا

لان الظلمة والضيقة اقتربت جدا ومن لن يستعد لها بزيت كافي من الان لن يجد زيت في الضيقة

لان وقتها جميع زيت سيكون صعب جدا بل أستطيع ان أقول من مثل العذاري انه لن يكون هناك

زيت الا ما جمعته سابقا.

أفضل ان اقول لنفسي ولكم استعدوا الان لأنه اقرب فنكون مستعدين سواء جاء او نحن ان
سلمنا وديعتنا عن أنى لا اقول انه اقرب لكيلا يقال عني كاذب وانشر اشاعات ولكنه يأتي بسرعة
بغته. لا اعتقد اي أحد ندم لأنه كان مستعد ومنتظر مجيء المسيح ولم يأتي المسيح في زمنه
ولكنه انتقل وهو مستعد ولكن كثيرين جدا ندموا على عدم الاستعداد عندما انتقلوا

المسيح قال بعض العلامات مثل

انجيل لوقا 21

21: 10 ثم قال لهم تقوم امة على امة ومملكة على مملكة

21: 11 وتكون زلازل عظيمة في اماكن ومجاعات واوبئة وتكون مخاوف وعلامات عظيمة من

السماء

21: 25 وتكون علامات في الشمس والقمر والنجوم وعلى الارض كرب امم بحيرة البحر والامواج

تضج

21: 26 والناس يغطى عليهم من خوف وانتظار ما يأتي على المسكونة لان قوات السماوات

تتزعزع

21: 27 وحينئذ يبصرون ابن الانسان اتيا في سحابة بقوة و مجد كثير

سفر اعمال الرسل 2

2: 19 واعطي عجائب في السماء من فوق وآيات على الارض من أسفل دما ونارا وبخار دخان

2: 20 تتحول الشمس الى ظلمة والقمر الى دم قبل ان يجيء يوم الرب العظيم الشهير

2: 21 ويكون كل من يدعو باسم الرب يخلص

لماذا قال المسيح بعض العلامات؟

أولا لكيلا نرتاع

انجيل متى 24

مت 24: 6 وسوف تسمعون بحروب واخبار حروب **لا ترتاعوا** لأنه لا بد ان تكون هذه

كلها ولكن ليس المنتهى بعد

ثانيا لنؤمن

إنجيل يوحنا 14: 29

وَقُلْتُ لَكُمْ الْآنَ قَبْلَ أَنْ يَكُونَ، حَتَّى مَتَى كَأَن تُوْمِنُونَ.

ثالثا لننتبه ونستعد

انجيل لوقا 21

28 وَمَتَى ابْتَدَأَتْ هَذِهِ تَكُونُ، فَاَنْتَصِبُوا وَاَرْفَعُوا رُؤُوسَكُمْ لِأَنَّ نَجَاتَكُمْ تَقْتَرِبُ.».

Flooding forces 20,000 to evacuate in the Dominican Republic

BY LISA NIKOLAU ON 16 NOVEMBER 2016

0

A sewage worker clears a sewer in a street flooded by the rains of Hurricane Matthew, in Santo Domingo, Dominican Republic, Oct. 4, 2016. (AP Photo/Ezequiel Abiu Lopez)

More than 20,000 people have been forced to evacuate their homes in the Dominican Republic by torrential rain and flooding, and meteorologists say another tropical storm is already on the horizon.

The mass displacement comes less than two months after Hurricane Matthew struck the Caribbean island of Hispaniola, destroying 90 percent of southern Haiti and leading to hundreds of deaths. While the Dominican Republic suffered less damage relative to its western neighbor, the country still had fatalities and

The Drought That Was Prophesied To Hit The Southern United States Is Now Here

16 NOVEMBER, 2016

(Reported By **Michael Snyder**) A record-setting drought has gripped the southern United States, but most people have no idea that this drought is the fulfillment of a prophecy that was given four years ago. Back in 2008, John Paul Jackson released a DVD entitled "The Perfect Storm" in which he detailed many of the prophetic events that God showed him would soon come to America. In 2012, he released a video update to "The Perfect Storm" that you can view on YouTube right here. In that update, he shared a list of future headlines that God had revealed to

A single image showing a huge chasm in the earth illustrates just how devastating the New Zealand earthquake was to rural parts of the country.

The photograph shows a crack running through a hill on farmland in Conway, near Kaikoura, following the 7.8 magnitude quake at midnight on Sunday.

The farm is not far from where cows were left stranded on a small island of grass when the natural disaster destroyed the fields around them.

These incredible photographs show how **New Zealand's** 7.8 magnitude earthquake lifted the seabed two metres - and exploded through the sand.

Dramatic aerial pictures reveal the scale of the devastation caused on the coastline north of Kaikoura, on the country's South Island.

Scientists say the seabed lifted an estimated two metres on the foreshore and admit they have never seen anything like it.

It comes as rain and strong winds battered central New Zealand on Thursday, threatening further damage - just days after the quake killed two people and sparked with huge landslides.

More than 1,000 tourists and residents have since been evacuated from the small seaside town by a fleet of helicopters and a naval vessel since the 7.8 magnitude quake struck early on Monday.

A large number of dead fish floating on the Motala River in central Norrköping.

"On the way to work I saw thousands of fish that are up and down," wrote one person in an email to Expressen.

The municipality is now investigating what is behind the incident.

AD:

The dead fish were discovered during the morning.

- It is both salmon and walleye, pikeperch. We are looking at what caused it, and the fish will also be picked up by a contractor, says Louise Flygt, communications director at the municipality of Norrköping.

Pisces flows mainly between Iron Bridge and the area at Strömsholmen, [reports nt.se](#).

Norrköping investigating the cause of fish death

The municipality is now investigating the cause of the incident.

- We identify if there was no release, calling around to different agencies to gather information and will possibly take water, says Isabelle Brobeck, the environmental and health protection, told the newspaper.

Scientists searching for reason wild salmon mysteriously dying

USA TODAY NETWORK
 Alison Morrow, KING-TV, Seattle
 3:23 p.m. EST November 11, 2016

(Photo: KING-TV)

SEATTLE — More sockeye salmon are dying before they spawn this year, and scientist want to know why.

Biologists with West Fork Environmental collect sockeye carcasses as they cover more than 20 miles of salmon habitat in the Cedar River each week.

So far this season, they've picked up 1,600 dead fish. They mark the GPS location of each carcass and tag the fish. This year, they've found more sockeye dying before they ever spawn.

"That's been one of the biggest Eureka's and surprises, but it's not a good one, because there's mystery around this disease or suite of diseases, and then problems with what we can do to counteract it," Michelle Koehler, who works with Seattle Public Utilities on the carcass survey.

The heads of the salmon are dissected for the otolith, which is a piece of the inner ear that tells scientists whether the fish are hatchery or wild sockeye. It also tells age and provides clues about environmental conditions during the sockeye's lifetime.

Scientists want to know how hatchery sockeye affect wild salmon. The collection also shows whether the hatchery fish are spawning around all parts of the river.

"That's what these scientists have actually been able to verify," said Michelle Koehler, who works with Seattle Public Utilities on the carcass survey.

The disease that is killing the salmon is likely caused by a parasite, but it could be more

The Chaco and Valleys are the most affected

More than 20 thousand cattle killed by devastating drought

Effects. According to Fegasacruz, losses exceed \$ 8 million in the Chaco.

Saturday, November 12, 2016

In spite of the rain that fell in the last days in the department, it did not reach all the regions where the drought is increasing sharply increasing the number of cattle. Jose Luis Vaca, president of the Federation of Cattle Ranchers of Santa Cruz (Fegasacruz), said according to the latest report that dead cattle amounted to more than 20 thousand, overcoming an economic loss of \$ 8 million in the Chaco alone. "A few months ago the mortality of animals had not exceeded 5,000 in Santa Cruz, but as the deaths are increasing, they are much larger, we have a general data of the whole Chaco that is 20 thousand heads already dead, alone in the zone of Machareti that corresponds to Chaco chuquisaqueño have died more than 10 animals, in the Chaco cruceño 9 thousand and in the Valleys are about 1,800 cattle, said Vaca

Photographs Ref. Emergency. Producers and authorities worried about the lack of rain that causes the death of animals.

It does not rain in the Chaco. The president of Fegasacruz, said that in the Chaco has not rained for a long time and the drought is much harder. "Because it rains in the city and in some parts of the department, some people think that the water has reached the Chaco but the reality is different," he said, adding that the government is helping to help the producers who They need it most. On the other hand, he questioned the Government because the budget allocation committed in one of the decrees had not been reached.

The Valleys are also affected. Hernando Becerra, mayor of Saipina, said that the lack of water due to drought, caused the loss of at least 800 hectares of crops, the death of more than 100 cattle and 500 that are at risk, to this is added that The dam that provides the liquid element for irrigation is about to dry completely due to obstructions in the access roads.

Cause Of Massive Fish Kill In Shinnecock Canal Not Clear

POST A COMMENT

UPDATED Nov 15, 2016 5:21 PM

By Greg Wehner

A massive fish kill carpeted the Shinnecock Canal, both north and south of the locks, with countless dead menhaden, or bunker, on Monday morning.

Fish kills are a natural phenomenon that occur from time to time in bodies of water and are typically caused by a lack of dissolved oxygen when a massive number of fish gather. The cause is unclear, but most believe the bunker were chased by predatory fish, like bluefish and striped bass, through the Shinnecock Inlet, up into the Shinnecock Bay and into a closed lock at the canal, where they were trapped in enormous numbers.

Health department warns of reports for Hand, Foot & Mouth disease

Published: Monday, November 14th 2016, 9:50 am MST

Updated: Monday, November 14th 2016, 12:35 pm MST

By Tanita Gaither, Digital Content Director CONNECT

Mouth sores are one of a handful of symptoms children display when they contract HFMD. (Source: CDC)

COLUMBUS, GA (WTVM) - The West Central Health District, located in Columbus, is warning parents of reports of Hand, Foot and Mouth disease in our area in a public notice Monday.

Hand, Foot, and Mouth disease, also known as HFMD, is a common viral illness that affects people of all ages, but children younger than 5 years old and infants are particularly vulnerable.

"The illness is typically mild, and nearly all people recover in 7 to 10 days without medical treatment. HFMD is caused by several different viruses and it's possible that people can get the disease again. In rare cases, further complications can occur," the public

Russia and Iran in talks for \$10 billion military deal

Russia and Iran are currently in talks for a massive military deal, despite UN restrictions on weapons transfers to Iran.

Contact Editor Gary Willig, 15/11/16 17:04

Dmitry Medvedev (Reuters)

Russia and Iran are currently in talks over a \$10 billion military deal which would include the transfer of advanced weapons and hardware to Iran, the JNS reported.

Viktor Ozerov, the head of the defense and security committee of Russia's upper house of parliament, told reporters on Monday that "these negotiations are being carried out; the road has

China's first aircraft carrier 'combat ready'

by Ryan Maass
Qingdao, China (UPI) Nov 16, 2016

The People's Liberation Army Navy's first aircraft carrier is ready to meet threats on the battlefield, Chinese media reports.

The vessel, named after the Chinese province of Liaoning after being purchased from Ukraine, was deemed combat-ready after years of refitting and sea trials. Initially laid down as an Admiral Kuznetsov-class carrier for the Soviet Navy in the 1980s, the ship has primarily been used by China for training missions, according to IHS Janes.

disclaimer: image is for illustration purposes only

While Chinese military officials concede there is still a technological gap between the Liaoning and the carriers used by the United States, they are confident their modernization efforts have been effective.

"As a military force, we are always combat ready and our combat capacity also needs to be tested by war," PLAN Senior Captain Dongyou Li told the Global Times, a Chinese daily newspaper. "At this moment, we are doing our best to promote our strength and use it to prevent war. But we are preparing for actual combat at any time."

The combat-ready assessment follows a visit from three senior U.S. military officers, who Chinese naval leaders say approved of their equipment and maintenance capabilities.

Chinese media reports 1,000 non-commissioned officers currently serve on the Liaoning, in addition to 42 chief petty officers with an average 20 years serving the People's Liberation Army Navy.

"Weaponry is the key for combat capability on the carrier. As China's first generation of NCOs on the carrier, these officers' capability on how to operate, repair and maintain equipment is irreplaceable. And they are the source of our confidence," Li added.

Chinese military leaders have yet to disclose exactly how the Liaoning will be used. The recent announcement comes as U.S. and Chinese authorities spar over China's activities in the South China Sea.

Eleven NATO countries have sent 4,000 troops to Lithuania, the largest Baltic nation, to participate in this year's Iron Sword exercises. The war games are meant to test the country's ability to rapidly deploy a large number of troops.

The exercise, which started on Sunday and is set to last till December 2, involves training at two separate sites in Lithuania.

"This time poses new unexpected challenges before our military. We have to prepare units and their commanders to efficiently respond to conventional military threats."

Jordanian official: Israel can't tell mosques what to do

Jordanian official criticizes the "muezzin law", says the "Israeli occupation" cannot force mosques in Jerusalem to stop the call to prayer.

Contact Editor Elad Benari, 16/11/16 05:16

Al-Aqsa Mosque (Muammar Awad/Flash 90)

A Jordanian official on Tuesday criticized the so-called Israeli "muezzin law", which would ban places of worship, such as mosques, from using loudspeakers that disturb residents.

The bill is aimed at limiting the noise of the muezzin, the Muslim who calls followers to prayer five times daily.

The undersecretary of Jordan's Ministry of Islamic Affairs, Abdullah Abbadi, denounced the law and said that any decision by Israel with regards to Jerusalem's holy shrines is "false

U.S. officials issued a somber warning today that the coming holiday season could mean "opportunities for violent extremists" to strike, especially as terrorist groups are squeezed abroad.

"Though we know of no intelligence that is both specific and credible at this time of a plot by terrorist organizations to attack the homeland, the reality is terrorist-inspired individuals have conducted, or attempted to conduct, attacks in the United States," reads a bulletin posted online today by the Department of Homeland Security.

Scientists Discover Musical Complexity in Birds That 'Utterly Defies Evolutionary Predictions'

By Garrett Haley on November 14, 2016 · 164 Comments

Scientists have found that many birds exhibit strikingly human-like musical principles in their songs—a

revelation that may be difficult for evolutionists to explain.

In a paper published in "Royal Society Open Science," an international team of researchers share their findings from a thorough analysis of bird songs. The scientists focused on the singing performances of Australian pied butcherbirds, whose songs are so complex and skillful that even composers have taken notice.

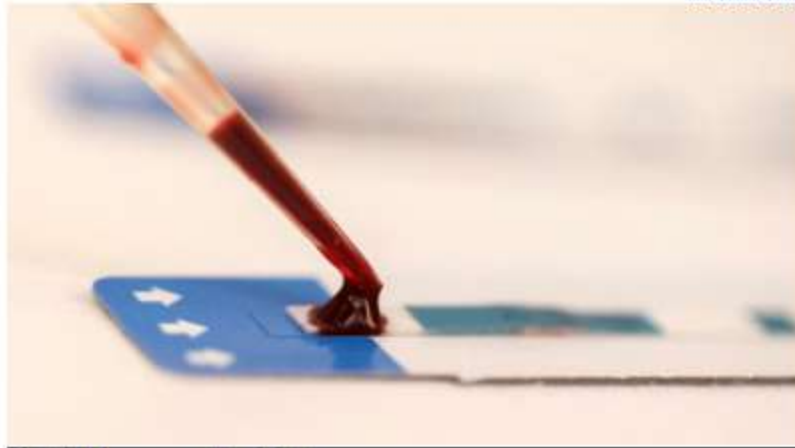

"Their songs are ideal for studying regularity across levels of song structure because song units (notes, phrases) are both complex and easy to identify," the scientists wrote in their report. "Butcherbird vocalizations can be similar in sound to a piping flute, a comet or an

Updated Nov. 15, 2016 6:27 a.m. ET

SHANGHAI—The yuan fell to its lowest level against the dollar in nearly eight years Tuesday, continuing a recent drop that has accelerated since Donald Trump's victory in the U.S. presidential election.

The value of one dollar rose as high as 6.8660 yuan in China's tightly controlled domestic market during the Asian trading morning, its highest point since Dec.

Saudi Warns Trump On Blocking Oil Imports...

15 NOVEMBER, 2016

Saudi Arabia has warned Donald Trump that the incoming US president will risk the health of his country's economy if he acts on his election promises to block oil imports. In a sign of the difficulties Mr Trump faces over his campaign pledges to create "complete American energy independence" from "our foes and the oil cartels", Saudi Arabia's energy minister pointedly reminded the president-elect that the US "benefits more than anybody else from global free trade", adding, "energy is the lifeblood of the global economy".

New evidence suggests China is engaged in large-scale forced organ harvesting, killing prisoners of conscience, including many Christians, and selling their organs on the lucrative international market.

Just as the establishment politicians and media in the U.S. tried to cover up and hide the Planned Parenthood trade in baby body parts after it was exposed by undercover journalists, the Chinese government and media have also denied any such trade exists in China.

Christians attend a Good Friday prayer at the Saint Anthony Church in Lahore, Pakistan, April 3, 2015.

Pakistan's television regulatory body has banned all 11 Christian TV channels airing in the country and arrested at least six cable operators for defying the order, according to reports.

The Pakistan Electronic Media Regulatory Authority, or PEMRA, does not grant landing rights for religious content, allowing the airing of Christian messages only for Christmas and Easter. However, the Christian channels had been operating for more than two and a half decades, just as numerous Islamic channels still

The 10th Circuit Court of Appeals has upheld a lower court order to remove the Ten Commandments monument from the lawn of Bloomfield City Hall in New Mexico.

The three-judge panel ruled that the display is an "unconstitutional endorsement" of Christianity.

"Bloomfield has not undertaken sufficiently purposeful, public and persuasive actions to secularize the Monument's previous 'principal or primary' religious message," the panel wrote earlier this week.

"The City has never explicitly said this Monument was not for religious purposes; nor that it was

A Christian church burns in Aceh, Indonesia following a mob attack in October 2015
(World Watch Monitor)

Not even the torching of their churches could stop Christians in Indonesia from holding services to worship God—even if they have to do it inside tents or in the forest.

Eleven churches were burned and destroyed in the Indonesian province of Aceh last year, some by Islamist extremists and some others by the police, reports said.

Kurdish militias & locals replace cross destroyed by ISIS atop Christian church near Mosul (VIDEO)

Published time: 19 Nov, 2016 16:30
Edited time: 19 Nov, 2016 16:31 [Get short URL](#)

Local residents and Kurdish militia fighters have restored a cross to the top of Saint George's church in the Iraqi town of Bashiqa. The cross was destroyed by Islamic State (IS, formerly ISIS/ISIL) jihadists after they captured the town two years ago.

The restoration was made possible after Bashiqa and its twin village Bahzani were recaptured by Peshmerga fighters earlier this month.

Can a team of advocates for transsexuality, from a school district and a medical services organization to county social workers, simply decide that a 17-year-old minor is "emancipated" from his parents and go ahead with male-to-female sex-change treatments with no further permission?

That's the question being asked in a lawsuit against St. Louis County in Minnesota, its public health chief Linnea Mirsch, Fairview Health Services, Park Nicollet Health Services, St. Louis County School District, Cherry School Principal Michael Johnson and others.
