اكرر هدفي فقط من هذه الخدمة أن نذكر بعضنا باننا نحتاج ان نستعد. والاستعداد ليس فقط قبل مجيء المسيح بل ايضا قبل الظلمة التي ستسبق مجيؤه ليكون عندنا زيت في مصابيحنا يكفي ان نعبر هذه الظلمة وتكون مصابيحنا مضيئة وقت مجيؤه او من منا سيسلم وديعته في أي وقت. بمعنى نحتاج من الان ان نستعد بقوة بأيمان عامل وبتنقية القلب وان نثمر بالخدمة أي نجمع زيت في مصابيحنا لان الظلمة والضيقة اقتربت جدا ومن لن يستعد لها بزيت كافي من الان لن يجد زيت في الضيقة لان وقتها تجميع زيت سيكون صعب جدا بل أستطيع ان أقول من مثل العذاري انه لن يكون هناك زيت الا ما جمعته سابقا.

أفضل ان اقول لنفسي ولكم استعدوا الان لأنه اقترب فنكون مستعدين سواء جاء او نحن ان سلمنا وديعتنا عن أنى لا اقول انه اقترب لكيلا يقال عني كاذب وانشر اشاعات او اخيف البعض

ولكنه يأتي بسرعة بغته. لا اعتقد اي أحد ندم لأنه كان مستعد ومنتظر مجيء المسيح ولم يأتي

المسيح في زمنه ولكنه انتقل وهو مستعد ولكن كثيرين جدا ندموا على عدم الاستعداد عندما

انتقلوا

المسيح قال بعض العلامات مثل

انجيل لوقا 21

21: 10 ثم قال لهم تقوم امة على امة ومملكة على مملكة

21: 11 وتكون زلازل عظيمة في اماكن ومجاعات واوبئة وتكون مخاوف وعلامات عظيمة من

السماء

21: 25 وتكون علامات في الشمس والقمر والنجوم وعلى الارض كرب امم بحيرة البحر والامواج

تضج

21: 26 والناس يغطى عليهم من خوف وانتظار ما يأتي على المسكونة لان قوات السماوات

تتزعزع

21: 27 وحينئذ يبصرون ابن الانسان اتيا في سحابة بقوة و مجد كثير

سفر اعمال الرسل 2

2: 19 واعطي عجائب في السماء من فوق وآيات على الارض من أسفل دما ونارا وبخار دخان

2: 20 تتحول الشمس الى ظلمة والقمر الى دم قبل ان يجيء يوم الرب العظيم الشهير

2: 21 ويكون كل من يدعو باسم الرب يخلص

لماذا قال المسيح بعض العلامات؟

أولا لكيلا نرتاع

انجيل متى 24

مت 24: 6 وسوف تسمعون بحروب واخبار حروب **لا ترتاعوا** لأنه لا بد ان تكون هذه

كلها ولكن ليس المنتهى بعد

ثانيا لنؤمن

إنجيل يوحنا 14: 29

وَقُلْتُ لَكُمْ الْآنَ قَبْلَ أَنْ يَكُونَ، حَتَّى مَتَى كَانَ تُؤْمِنُونَ.

ثالثا لنتنبه ونستعد

انجيل لوقا 21

28 وَمَتَى ابْتَدَأَتْ هَذِهِ تَكُونُ، فَانْتَصِبُوا وَارْفَعُوا رُؤُوسَكُمْ لِأَنَّ نَجَاتَكُمْ تَقْتَرِبُ.»

Mysterious Noise Heard Across the Globe for Nearly a Decade – Still No Explanation

APRIL 25, 2017

A mysterious and unexplainable noise has been heard and reported across the globe for nearly a decade now and to this day no one can explain what or where it is coming from. Sounding like a trumpet or a collective from a brass section of an orchestra, a selection of videos shot from the Canada to Ukraine, via the U.S., Germany and Belarus show strange goings on above us. And the eerie sounds have been continuously heard at all different times and locations for almost a decade.

METEORS FROM HALLEY'S COMET: According to Canada's Meteor Orbit Radar (CMOR), a "hot spot" has appeared in the constellation Aquarius. This is a sign that the annual [eta Aquarid meteor shower](#) (ETA) is underway. This sky map shows where the radar is detecting pings from incoming meteors in broad daylight on April 30th:

These meteors are pieces of Halley's Comet, hitting Earth's atmosphere at 66 km/s and disintegrating ~100 km above Earth's surface. During the next week our planet will be crossing a network of debris streams from the comet, producing a drizzle of eta Aquarids numbering 10 to 30 per hour in the northern hemisphere and twice that number in the southern hemisphere.

Two leading meteor forecasters have noted the possibility of eta Aquarid outbursts in the days ahead. Mikhail Maslov says meteor activity could increase on **May 4th** (14h - 18h UT) when Earth grazes a dust trail released by Comet Halley in the year -616. Forecaster Mikiya Sato agrees that that Earth could encounter the -616 dust trail, but later on **May 5th** (05h - 15h UT), possibly with such a gentle graze that no special increase is detectable. In most years the strongest activity is seen around **May 6th**, which may still prove true in 2017.

Dominican Republic – Floods Displace Thousands After 400 mm of Rain in 24 Hours

26 APRIL, 2017 BY [RICHARD DAVIES](#) IN [AMERICAS](#), [NEWS](#) · [0 COMMENT](#)

Flooding has caused major problems in at least 6 provinces in the **Dominican Republic** after staggering amounts of rainfall over the last few days.

According to the country's meteorological office (ONAMET), almost 400 mm of rain fell in 24 hours in Barahona between 22 and 23 April, 2017. Further heavy rain has fallen since, mostly in southern areas of the country.

In their latest report of 25 April, the Emergency Operations Centre (Centro de Operaciones de Emergencias – COE) says that flooding has affected several areas in Santo Domingo, San Cristóbal, Monte Plata, Sánchez Ramírez, Duarte and Barahona provinces. Several rivers have overflowed, including the Ozama, Yuna, Cevicos, Manoguayabo and Haina.

As many as 3,429 homes have been damaged or affected by the flooding, with around 9 houses completely destroyed. Emergency services and military have rescued 153 people.

COE says that 17,145 people have been forced to evacuate their homes. Just over 300 people were being housed in official shelters in San Cristóbal (297) and Barahona (14).

By Volkan Sevilgen, Temblor

[Türkçe versiyonu için tıklayınız](#)

[See earthquakes in Turkey](#)

Today, twin $M=5.0$ earthquakes shook western Turkey within an hour of one another. It is a possibility that the second of the two quakes was triggered by the first.

Two mid-size earthquakes, 120 km away and 1 hour apart, shook western Turkey causing widespread anxiety. Some 60 km away from the closest shock, in Izmir, the country's third largest city, many people ran outside.

WICHITA, Kan. (KAKE) - Dead fish by the hundreds are scattered along the trash litter the bank all along a local creek. It's a sight that has caused concern among some residents in the east Wichita neighborhood.

The unnamed stream begins near Fabrique Eastwood and flows between Fabrique all the way to near Skinner street where it empties into Gypsum Creek.

Christine Pollard says many days she and her husband can be found taking their dog for a walk and going for a stroll along the waterway.

"We like living here by the creek. We walk the dog every night. The dog loves it," Pollard said.

But those walks have been less than pleasant recently.

"There were hundreds of dead fish today," Pollard said.

While she doesn't know what caused the fish to die. Pollard says she's noticed more people have been littering in the area.

"The problem I've noticed is hazardous waste. I saw a can of some type of hazardous waste down there by the bridge and I don't know if that's what killed the fish," Pollard said.

Vets have ruled out an anthrax outbreak in Laikipia County where a suspected zoonotic disease has killed wild animals in the region.

Hundreds of wild animals among them buffaloes, impalas and other herbivores have died in conservancies and ranches in the last two weeks.

Conservancy owners believe the disease must have been brought in and circulated across the expansive ranches and conservancies by animals belonging to illegal herders who invaded their farms mid-2016.

"We have no reason not to believe that the disease was

© imagebroker / Michael Weber / Global Look Press

Dozens of sick and dying sea lions, seals, loons, pelicans and other fish eaters have been reported along the Pacific coast in Southern California. Algae bloom has caused a spike in domoic acid, a neurotoxin that is passed from fish to their predators.

Domoic acid poisoning is at least partly to blame for the spate of sick marine life from Santa Barbara to San Diego, according to reports. Fish eat algae then pass on the naturally occurring neurotoxin to its predators, causing seizures, brain damage and, in some cases, death.

Organizations like the Channel Islands Marine & Wildlife Institute (CIMWI) and the Pacific Marine Mammal Center (PMMC) have fielded hundreds of calls per day in the

It may seem like an unlikely option, but it was viruses that helped to save Tom Patterson when a superbug threatened his life.

Patterson fell ill during a vacation to Egypt in December 2015, experiencing a racing heart, abdominal pain, fever, nausea and vomiting. He was initially diagnosed with pancreatitis, or inflammation of the pancreas, at a local clinic. But when he didn't improve with standard treatment, he was medevaced to Germany.

That's where doctors discovered he was infected with a multidrug-

Russia has announced plans to build 'the world's biggest aircraft carrier' to take on America's Nimitz class ships.

The new Shtorm craft, known as Project 23E000E, could cost up to \$17.5billion each and enter service by 2030, **state media** reports.

Shtorm class carries would be powered by nuclear reactors and carry up to 90 aircraft, including the newly designed T-50, the report claims.

Russia's Brand-New S-500 Missile System to Have Unprecedented Damage Radius

by Staff Writers
Moscow (Sputnik) Apr 26, 2017

In an interview with Sputnik, Russian military expert Viktor Baranets specifically touted unprecedented the damage range of Russia's next-generation S-500 Prometey missile system, which is currently undergoing state tests.

Earlier this week, Pavel Sozinov, chief engineer of the Russian defense corporation Almaz-Antey, said that Russia's next-generation S-500 surface-to-air missile system would be able to engage targets in the upper layer of the atmosphere, 100 kilometers [62 miles] above the Earth's surface.

Image courtesy Sputnik and Sergey Malgavko.

The S-500, designed by Almaz Antey, is said to have a range of 600 kilometers (more than 370 miles). The system can simultaneously intercept up to ten ballistic and hypersonic missiles traveling at a speed of up to 7 kilometers per second. Speaking to Sputnik, Viktor Baranets pointed, in particular, to the unique performance characteristics of the new Russian missile system.

"The S-500 will be capable of hitting targets at an altitude of up to 100 kilometers above the ground, which is actually the height of near space. The system's final tests will take place at one of the largest firing ranges in Kazakhstan, given that the S-500's effective damage range stands at 600 kilometers. There is no other such surface-to-air missile system in the world that has the same damage radius," he said.

According to him, among other things the S-500 system is also designed to destroy combat blocks of hypersonic missiles.

The Russian army has been putting one of the world's biggest military robots through its paces, acting as a further reminder of Russia's increasing military strength.

The Vikhr remote-controlled tank was being tested on a military testing ground at a classified location in Russia.

The clips shows the unmanned tank traveling through a dusty path, navigating through stretches of water and then firing into the distance from its machine gun, all without a human in sight.

Russian reconnaissance ship Liman, seen here leaving the Black Sea naval base of Sevastopol in 1999, collided with another vessel off the Turkish coast on Thursday. (Reuters)

A Russian reconnaissance ship sank after it collided with a Togo-flagged cargo vessel off the Turkish coast on Thursday, according to Turkey's coastal safety authority.

The Russian ship Liman and the other vessel, identified by authorities as Youzarsif H, collided in fog and low visibility in the Black Sea.

The Turkish coast guard said all 78 personnel aboard the Russian ship were rescued after it sent a tugboat and three fast rescue vessels to the

The United States is pursuing global strategic domination through developing anti-ballistic missile systems capable of a sudden disarming strike against Russia and China, according to the deputy head of operations of the Russian General Staff.

There is an obvious link between Washington's prompt global strike initiative, which seeks capability to engage "any targets anywhere in the world within one hour of the decision," and the deployment of missile launch systems in Europe and aboard naval vessels across the globe. Lt. Gen. Viktor Poznikhir said at a news briefing on Wednesday.

Trends

The US and South Korean militaries have taken part in a combined firing drill as part of joint exercises amid increased tensions with Pyongyang. It comes just one day after the North launched its own artillery drill.

More than 2,000 South Korean and American troops were involved in the Wednesday drills in Pocheon, South Korea, according to Yonhap news agency.

The war games took place at Seungjin Fire Training Field, some 30km south of the Demilitarized Zone (DMZ) dividing the two Koreas.

© AFP | Pyongyang is still believed to be far from reaching its aim of building a missile capable of reaching the US mainland, but the secretive nation has ramped up its rhetoric in recent weeks and has carried out two rocket tests this month alone.

SEOUL (AFP) - An official North Korean website warned Monday that Pyongyang will "wipe out" the United States if Washington starts a war on the peninsula, the latest tit-for-tat sabre-rattling that has sent tensions soaring in the region.

The US supercarrier Carl Vinson will arrive in waters off the Korean peninsula "in a matter of days", Vice President Mike Pence said Saturday, amid reports the North could be preparing a sixth nuclear test.

(LEAD) N. Korea stages firing drill marking military anniv.: source

2017/04/25 13:42

(ATTN: ADDS more details throughout)

SEOUL, April 25 (Yonhap) – North Korea staged what appears to be the largest firing drill on Tuesday to mark the 85th founding anniversary of its military, a government source said.

"Signs are detected that North Korea's military is conducting a large-scale drill around the eastern port city of Wonsan on the anniversary," the source said.

North Korean leader Kim Jong-un is presumed to have watched the exercise involving some 300-400 long-range artillery pieces that can put Seoul and its adjacent areas within range, it added.

The move is seen as North Korea's show of military force against Seoul and Washington instead of staging a large-scale provocation on the founding anniversary of the Korean People's Army.

Speculation has been rife that Pyongyang may conduct its sixth nuclear test or launch a long-range ballistic missile to mark its military event.

Tensions between the U.S. and North Korea have heightened amid concerns about a possible pre-emptive strike by Washington against Pyongyang.

The U.S. navy strike group including the aircraft carrier Carl Vinson is expected to arrive near the Korean Peninsula later this week, a move seen as countering Pyongyang's possible provocations.

U.S. President Donald Trump held phone talks with his Chinese and Japanese counterparts on Monday and vowed closer cooperation to tackle North Korea's nuclear and missile problems.

North Korea's drill also coincided with South Korea and the United States' ongoing joint artillery exercise.

Seoul and Washington are conducting joint annual military drills which will wrap up at the end of this month. The North has denounced the exercises as a rehearsal for a northern invasion despite Seoul and Washington's assurance that they are defensive in nature.

China will continue to stage live fire drills and test new weapons to protect its national security, the Defense Ministry says. It comes after the deployment of the US THAAD anti-missile system to South Korea, to which Beijing is "resolutely opposed."

"The deployment of the THAAD anti-missile system in South Korea damages the regional strategic balance and stability. The Chinese side is resolutely opposed to this," Defense Ministry spokesman Yang Yujun told reporters on Thursday, when asked about the Terminal High Altitude Area Defense (THAAD) system.

Trump: 'We'll see' if a North Korean nuclear test would trigger U.S. response

Laura King

President Trump is warning North Korea not to conduct another nuclear test, saying "we'll see" if such a step would trigger a U.S. military response.

Trump, in an interview aired Sunday on CBS' "Face the Nation," also said he believes China's President Xi Jinping, with whom he met weeks ago in Florida, has been using Beijing's leverage to restrain North Korea's mercurial leader, Kim Jong Un.

In the interview, Trump said neither he nor Xi would be happy if Kim were to conduct a nuclear test, which would be North Korea's sixth. There were some expectations earlier this month that the hermit kingdom might conduct such a test in connection with patriotic holiday observances.

US pressure could force Britain to join anti-Assad airstrikes, suggests Boris Johnson

Published time: 27 Apr, 2017 12:01

[Get short URL](#)

A Royal Air Force's Tornado © Russell Cheyne / Reuters

Britain could bomb the forces of Syrian President Bashar Assad without first gaining the approval of MPs, says Foreign Secretary Boris Johnson, adding it would be very hard to resist US pressure if the White House asked Britain to take part.

Johnson's comments on Thursday follow the recent US bombing of an Assad forces airbase in Syria in response to a deadly chemical incident which the UK and US are attributing to the Syrian government.

REPORTS: US TROOPS DEPLOY ALONG SYRIA-TURKISH BORDER

BY SARAH EL DEEB AND BOB BURNS
ASSOCIATED PRESS

BEIRUT (AP) -- U.S. armored vehicles are deploying in areas in northern Syria along the tense border with Turkey, a few days after a Turkish airstrike that killed 20 U.S.-backed Kurdish fighters, a Syrian war monitor and Kurdish activists said Friday.

AP Photo/Peter Dejong

Footage posted by Syrian activists online showed a convoy of U.S. armored vehicles driving on a rural road in the village of Darbasiyah, a few hundred meters from the Turkish border. Clashes in the area were reported between Turkish and Kurdish forces Wednesday a day after the Turkish airstrike which also destroyed a Kurdish command headquarters.

The Turkish airstrikes, which also wounded 18 members of the U.S.-backed People's Protection Units, or YPG, in Syria were criticized by both the U.S. and Russia. The YPG is a close U.S. ally in the fight against the Islamic State group but is seen by Ankara as a terrorist group because of

'There will be no Palestinian state without Gaza'

PLO leader says stability, security, and peace in the Middle East are dependent on ending the Israeli 'occupation.'

Contact Editor Dalit Halevi, 22/04/17 23:13

Saeb Erekat (Flash 90)

Palestine Liberation Organization (PLO) Secretary-General Saeb Erekat said the "state of Palestine" bases its stance on international law and legitimacy, and sees the international community as responsible for enforcing the pre-1967 borders.

According to Erekat, the international community has a responsibility to solve the Israeli-Arab conflict.

This, Erekat claimed, is because it is "a fact" that the Middle East's security, peace, and stability depends on ending the fifty-year Israeli

Scifi Eye: Technological implants and the 'transhuman'

By **Jon Wallace** 20th April 2017 12:12 pm

Scifi writer Jon Wallace considers whether implants will unlock some hidden human potential – or do irreparable damage to our existence

Last month, *The Engineer* reported on progress towards bionic eye implants. An array of silicon nanowires arranged in an electrode grid, implanted behind the retina and linked to a wireless device, has potential to restore sight. Once again engineering news astounds and delights – the scifi eye given life.

Technological implants play a solid role in science fiction as a crucial component of the idea of the 'transhuman': that is, an evolutionary leap that sees mankind combine with technology to alter its perception and abilities.

BRAIN IN A DISH Scientists grow a working human brain in the lab in a breakthrough that could shed light on Alzheimer's and schizophrenia

The research could lead the way to brain transplants

By Brittany Vonow

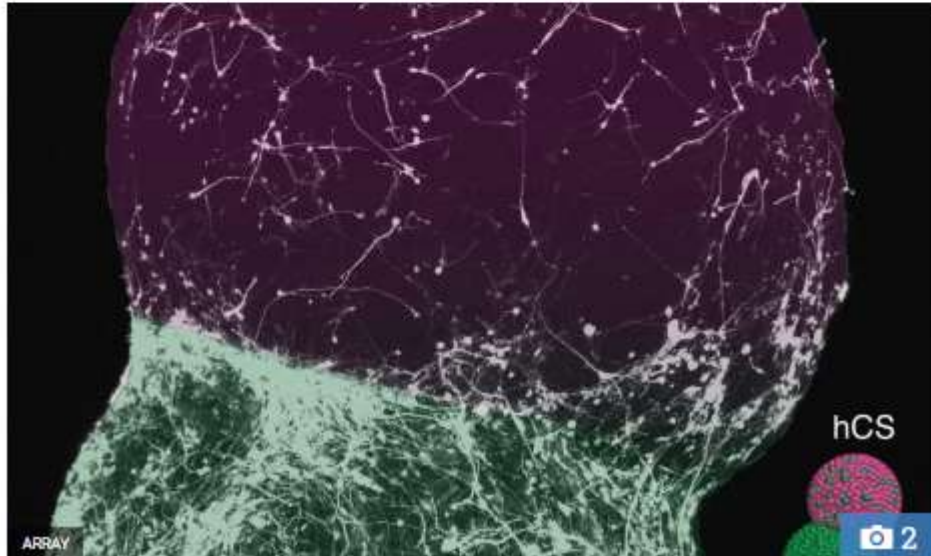

26th April 2017, 7:49 pm | Updated: 27th April 2017, 1:48 am

COMMENTS

TINY human brains have been grown in a dish in what could herald a breakthrough in conditions like Alzheimer's and schizophrenia.

The brain cells have formed similar circuits to those of a two-month-old fetus, now giving scientists an opportunity to examine how the brain and any diseases develop.

A church building under construction in central Ethiopia, Nov. 2016. (World Watch Monitor)

Join us on our podcast each weekday for an interesting story, well told, from Charisma News. Listen at charismapodcastnetwork.com.

Ethiopia's northern Tigray State is considering adopting a new law that would restrict Christian activities to within official church compounds, rendering illegal the activities of smaller churches that do not own their own buildings and gather in houses.

The law, if passed, would most affect Christians from outside the Ethiopian Orthodox Church because any church that wanted to have its own land would need to prove that it had at least 6,000 members—a greater number than the total population of non-Orthodox Christians in the

GAYLORD, Mich. — A number of liberal activists wearing pink hats like those donned at the Washington Women's March recently shouted down a prayer delivered at a town hall gathering in Michigan, chanting repeatedly, "Separation of Church and State!"

The incident occurred last Thursday in Gaylord during a meeting held by Republican Rep. Jack Bergman. Derek Hagland of Grace Baptist Church approached the podium to deliver the invocation, but some attendees rose to their feet and began chanting.

1 in 5 Americans Read Entire Bible, Most Call It 'Good Source of Morals': Poll

Share On Facebook

Share On Twitter

BY STOYAN ZAIMOV , CHRISTIAN POST REPORTER

Apr 26, 2017 | 10:47 AM

Only 20 percent of Americans have read the Bible in its entirety, according to a new survey which also found that most Americans have positive feelings toward it and would describe it as a "good source of morals."

LifeWay Research revealed that 10 percent of respondents read none of the Bible, 13 percent said they read only a few sentences, 30 percent said they knew of several passages or stories, 15 percent read at least half the Bible, and 12 percent read almost all of it. Overall, only 20 percent of the respondent said they read the entire Bible.

"Most Americans don't know first-hand the overall story of the Bible — because they rarely pick it up," said Scott McConnell, executive director of LifeWay Research.

Children must be taught about Islam, insists Church of England

Published time: 27 Apr, 2017 14:42

[Get short URL](#)

© Global Look Press

Parents who have concerns about their children being taught about Islam should be banned from pulling them out of religious education (RE) lessons, according to the Church of England.

Senior Church of England official Derek Holloway said withdrawing children from RE lessons could leave them without the skills required to live in a diverse society and "live well together as adults."

'All women' could be asked to wear headscarves in 'solidarity' with Muslims – Austrian president

Published time: 27 Apr, 2017 16:52

Edited time: 28 Apr, 2017 13:08

[Get short URL](#)

© Francois Lenoir / Reuters

The president of Austria has raised quite a few eyebrows after stating that there may come a day when all women are asked to wear headscarves out of solidarity, citing discrimination faced by Muslims in the country.

Alexander Van der Bellen, who made the statements while speaking to students on Monday, began by stating that he believes it is "every woman's right to wear whatever she likes."

However, referring to discrimination against Muslims in Austria, the leader went on to state that "if this continues... with the widely spreading Islamophobia, the day will come when we have to ask all women to wear a headscarf – all – out of solidarity to those who do it for religious reasons."

ثالثا لنتنبه ونستعد

انجيل لوقا 21

28 وَمَتَى ابْتَدَأَتْ هَذِهِ تَكُونُ، فَأَنْتَضِبُوا وَارْفَعُوا رُؤُوسَكُمْ لِأَنَّ نَجَاتَكُمْ تَقْتَرِبُ.»

افرحوا لان عريسنا قد اقترب مجيؤه. وانتبهوا الشيطان يريد أن نفقد سلامنا ولا ننال أكاليل.

وأيضاً استعدوا فقد تسلموا وديعتكم في أي وقت فهناك 150 ألف شخص يموتوا في اليوم الواحد

انت لا تعرف متى ستكون منهم

المسيح اقترب فاصنعوا ثمار تليق بالتوبة واستعدوا لاستقبال العريس.

والمجد لله دائما
