اكرر هدفي فقط من هذه الخدمة أن نذكر بعضنا باننا نحتاج ان نستعد أي حياة اليقظة الروحية. والاستعداد ليس فقط قبل مجيء المسيح بل ايضا قبل الظلمة التي ستسبق مجيؤه ليكون عندنا زيت في مصابيحنا يكفي ان نعبر هذه الظلمة وتكون مصابيحنا مضيئة وقت مجيؤه او من منا سيسلم وديعته في أي وقت. بمعنى نحتاج من الان ان نستعد بقوة بأيمان عامل وبتنقية القلب وان نثمر بالخدمة أي نجمع زيت في مصابيحنا لان الظلمة والضيقة اقتربت جدا ومن لن يستعد لها بزيت كافي من الان لن يجد زيت في الضيقة لان وقتها تجميع زيت سيكون صعب جدا بل أستطيع ان أقول من مثل العذاري انه لن يكون هناك زيت الا ما جمعته سابقا.

أفضل ان اقول لنفسي ولكم استعدوا الان لأنه اقترب فنكون مستعدين سواء جاء او نحن ان سلمنا وديعتنا عن أنى لا اقول انه اقترب لكيلا يقال عني كاذب وانشر اشاعات او اخيف البعض

ولكنه يأتي بسرعة بغته. لا اعتقد اي أحد ندم لأنه كان مستعد ومنتظر مجيء المسيح ولم يأتي

المسيح في زمنه ولكنه انتقل وهو مستعد ولكن كثيرين جدا ندموا على عدم الاستعداد عندما

انتقلوا

المسيح قال بعض العلامات مثل

انجيل لوقا 21

21: 10 ثم قال لهم تقوم امة على امة ومملكة على مملكة

21: 11 وتكون زلازل عظيمة في اماكن ومجاعات واوبئة وتكون مخاوف وعلامات عظيمة من

السماء

21: 25 وتكون علامات في الشمس والقمر والنجوم وعلى الارض كرب امم بحيرة البحر والامواج

تضج

21: 26 والناس يغطى عليهم من خوف وانتظار ما يأتي على المسكونة لان قوات السماوات

تتزعزع

21: 27 وحينئذ يبصرون ابن الانسان اتيا في سحابة بقوة و مجد كثير

سفر اعمال الرسل 2

2: 19 واعطي عجائب في السماء من فوق وآيات على الارض من أسفل دما ونارا وبخار دخان

2: 20 تتحول الشمس الى ظلمة والقمر الى دم قبل ان يجيء يوم الرب العظيم الشهير

2: 21 ويكون كل من يدعو باسم الرب يخلص

لماذا قال المسيح بعض العلامات؟

أولا لكيلا نرتاع

انجيل متى 24

مت 24: 6 وسوف تسمعون بحروب واخبار حروب **لا ترتاعوا** لأنه لا بد ان تكون هذه

كلها ولكن ليس المنتهى بعد

ثانيا لنؤمن

انجيل يوحنا 14: 29

وَقُلْتُ لَكُمْ الْآنَ قَبْلَ أَنْ يَكُونَ، حَتَّى مَتَى كَانَ تُؤْمِنُونَ.

ثالثا لننتبه ونستعد

انجيل لوقا 21

28 وَمَتَى ابْتَدَأَتْ هَذِهِ تَكُونُ، فَانْتَصِبُوا وَارْفَعُوا رُؤُوسَكُمْ لِأَنَّ نَجَاتَكُمْ تَقْتَرِبُ.»

ten bucks. read to find out the secret trick. funscaperoom.in/ta.com

At least 213 people have been killed since July 21, 2017 in India's state of Gujarat after extremely heavy monsoon rains hit the state causing severe flooding. Hundreds of cities and villages were devastated and more than 130 000 people evacuated.

Gujarat authorities said the state's death toll, which jumped by 90 in the past day as floodwaters started to recede from low-lying areas, was likely to increase as new victims were discovered. "Only after a postmortem is conducted we can officially confirm the death of a person," an official at the Gujarat emergency control room told Agence France-Presse. "Since many bodies were found, postmortems took time, hence the sudden jump in numbers."

According to Times of India, the maximum deaths have happened since July 21 in Banaskantha district

[Why this ad?](#)

A slow-moving Typhoon "Noru" approached the Japanese mainland on Sunday, August 6, 2017, leaving on its way at least 2 people dead and forcing authorities to issue evacuation advisories for at least 210 000.

By early August 6 (UTC), Noru has been a typhoon for 13 days, which made it the longest-lived NW Pacific typhoon since Typhoon "Rita" of 1972. It is also the longest-lived hurricane strength tropical cyclone anywhere around the globe since Hurricane "Ioke" of 2016. For comparison, the longest-lived hurricane-strength tropical cyclone anywhere around the globe since 1970 was Hurricane "Ginger" in the Atlantic Ocean in 1971 at 19.5 days, according to CSU meteorologist Philip Klotzbach.

During those 13 days, Noru danced with and consumed one typhoon, it lost its strength, gained it again and became the first super typhoon of the year, lost it again and approached southern Japan as Category 1 hurricane equivalent. It then stalled over the Amami island chain, located just south of the southwest main island of Kyushu, on Saturday, August 5 and early Sunday, August 6, dumping very

Cooler temperatures are predicted to span much of the eastern part of the United States throughout the month of August.

The first of several spells of below-average temperatures saw shorts exchanged for sweaters across the east of the country over the weekend, with lows of 60F in Chicago and Green Bay on Friday.

Those overnight lows are expected to persist in lands east of the Rockies for the next two weeks, with daytime highs ranging from the upper 70s to the low 80s, according to Weather.com.

Earthquake Shakes Central Oklahoma, One Of 7 In 28 Hours

August 3, 2017 · 4:23 AM ET

JAMES DOUBEK

An earthquake of preliminary magnitude 4.2 hit central Oklahoma on Wednesday night, the U.S. Geological Survey said, the sixth earthquake to affect the area in just over 24 hours.

Four hours later, a less intense earthquake of a preliminary magnitude 3.5 struck the area in the early hours of Thursday.

The quake late Wednesday was the largest magnitude earthquake to strike the area, near the city of Edmond, since Tuesday night. The USGS said the earthquake was "widely felt" in Edmond and northern Oklahoma City, which is located about 15 miles away. It happened a few minutes before 10 p.m. local time at a preliminary depth of 2.3 kilometers (1.43 miles).

A powerful 5.8 magnitude earthquake has struck the southern Philippine island of Mindanao, the US Geological Survey reports.

The quake, measuring 5.8 on the Richter scale according to the USGS' preliminary information, struck at a depth of 74.4 km several kilometers east of the city of General Santos, which has a population of over 600,000.

The earth tremors were reported at 8:30am (0030 GMT), the USGS said.

Thousands of fish of various species and sizes were found dead by Panará and Menkragnoti Indians on the Iriri River, which is born on the border of Guarantã do Norte (240 kilometers from Sinop) and flows into the Xingu River in Altamira, Pará. The cacique Megaron Txucurramãea told Só Notícias that possibly the waters are poisoned and is destroying the food of the indigenous people of the region.

"The fish have been found dead for at least a week. They are in several points of the river. There are thousands of fish. The Indians are afraid the waters will be polluted with some kind of poison. The fish are dying and this had never happened. These two ethnic groups live on the banks of this river and live off the fishing and drink their water. "

The US Air Force is to send 12 additional F-16 Fighting Falcon multirole fighters for a four-month deployment in South Korea. It comes amid heightened tensions in the region over North Korea's latest missile tests.

The aircraft and some 200 airmen will be withdrawn from the 176th Fighter Squadron of the Wisconsin Air National Guard, the Pacific Air Forces (PACAF) said Tuesday. They will arrive later in August and will be stationed at the Kunsan Air Base, some 180km south of the South Korean capital, Seoul.

China Carries Out Flight Test of Anti-Satellite Missile

DN-3 missile highlights growing space warfare capabilities

BY: Bill Gertz Follow @BillGertz
August 2, 2017 5:00 am

China recently carried out a flight test of a new anti-satellite missile that highlights the growing threat of Beijing's space warfare capabilities.

The flight test of the Dong Neng-3 direct ascent missile was tracked by U.S. intelligence agencies on July 23 from China's Jiuquan Satellite Launch Center in Inner Mongolia, in northwestern China, said U.S. defense officials familiar with reports of the launch.

The officials said the launch was not successful and the DN-3 appeared to malfunction in the upper atmosphere after the launch at night.

The launch took place after Chinese authorities posted a notice to airlines to avoid flying near the flight path of the missile. The missile's flight was captured in photographs and video by several Chinese internet users near the Jiuquan facility.

China Sends Strong Warning To America In Latest Missile Tests

AUGUST 2, 2017

In a brazen broadside to America, China performed a dramatic series of missile tests this weekend — targeting mock United States missile batteries and jets — as the superpower flexes its muscles amid global tensions with North Korea and the threat of U.S. intervention, U.S. officials told Fox News. U.S. spy agencies detected the Chinese military launching a series of 20 missiles at mock targets designed to look like American THAAD missile batteries and advanced U.S. Air Force F-22 stealth fighter jets.

© David Mdzinarishvili / Reuters

The US military is shifting towards a "more global" exercise program in preparation to deter what they term a "more assertive Russia" as well as countering other complex threats, a senior officer commanding the US forces in Europe has said.

"What we're eventually going toward is a globally integrated exercise program so that we (are)... all working off the same sheet of music in one combined global exercise," Air Force Brigadier General John Healy, who directs the drills of US forces in Europe told Reuters.

U.S. President Donald Trump has signed into law new sanctions against Russia that were passed overwhelmingly by Congress last week and that run counter to his desire to improve relations with Moscow.

A White House official said on Wednesday he had signed the bill, and White House adviser Kellyanne Conway confirmed this during an interview with Fox News.

Given the delay since Congress approved the legislation last Thursday, there had been speculation that the Republican president might be resisting signing a bill that has already provoked

'Leave Chinese land or face war': China MoD official warns India amid border standoff

Published time: 2 Aug. 2017 11:51

[Get short URL](#)

© Reuters

A combative Indian defense expert who accused Beijing of running bellicose news stories against Delhi drew a strong response from his Chinese TV show counterpart, who said Indian troops must leave the contested Doklam area if they do not want war.

The remarks came amid a heated debate between a retired Indian Army major general and now defense commentator, Ashok Mehta, and the director of the Chinese Defense Ministry's Center for International Security Cooperation, Senior Colonel Zhou Bo.

The two officers were apparently invited to comment on the tense border standoff over the Doklam plateau – a contested area sandwiched between India, China and Bhutan – on a Tuesday news show run by China Global Television Network (CGTN).

China ups ante in high-altitude standoff with India

By AFP

PUBLISHED: 03:33 BST, 5 August 2017 | UPDATED: 05:51 BST, 5 August 2017

For more than a month, Indian and Chinese troops have been locked in a standoff on a remote but strategically important Himalayan plateau near where Tibet, India and Bhutan meet.

China has stepped up its rhetoric in an increasingly tense border row with India, hinting at the possibility of military action in a propaganda push that analysts are calling "genuinely troubling."

For more than a month, Indian and Chinese troops have been locked in a standoff on a remote but strategically important Himalayan plateau near where Tibet, India and

173-man ISIS team headed to Europe

Report warns easier for non-European operatives to slip into continent than for European members of terror group.

Contact Editor Mordechai Sones, 02/09/17 12:25

Suicide bomber (iStock)

A report released two weeks ago by Interpol publicized identifying information of 173 Islamic State operatives suspected to be headed towards - or already in - Europe, according to *PJ Media*. The report warns that it's easier for non-European operatives to slip into the continent than for European members of the terror group.

Today, a new report from Belgian media outlet *HLN* provides additional details on these ISIS operatives, and on one known Belgian operative in particular.

On the list of 173 ISIS terrorists on their way to Europe to commit suicide bombings there is also a Belgian. He is a 24-year-old with Moroccan roots who is called "Abu Omar Al-Belgiki." The dual-nationality Belgian remained until recently in Mosul, the Iraqi bulwark from which ISIS was recently expelled. He has never appeared in public before.

His nickname appears to be a tribute to Abdelhamid Abaaoud, the Molenbeek commander of the Paris terror attack who used the same alias. While the whereabouts of Belgian are

A pioneering technique to 'fix' an embryo's faulty DNA was unveiled by scientists last night.

In a world first, they used gene-editing to cut out DNA from a fertilised egg. The embryo then repaired itself, replacing the mutated material with healthy cells.

The technique worked on three quarters of the 56 embryos it was tried on. It has the potential to revolutionise medicine and could lead to the eradication of inherited diseases such as cystic fibrosis and breast cancer.

Campaigners warned however that it might also open the door to 'superior designer babies', with genes modified to improve physical appearance, strength or even intelligence.

Want to live FOREVER? Major breakthrough in cryogenic freezing

THE possibility of being able to live FOREVER just became one step closer as scientists proved that they can revive cryogenically frozen life.

By SEAN MARTIN

09:13, Thu, Aug 3, 2017 | UPDATED: 10:47, Thu, Aug 3, 2017

Cryogenic preservation involves cooling a...

Experts in the US have shown that they can preserve brains and bodies in a state of suspended animation where they freeze an individual to sub-zero temperatures and revive them at a time of choosing in the future.

Researchers have so far only achieved this in zebra fish embryos but it is a major breakthrough as 60 years worth of similar testing had proven unsuccessful.

The problem was when something is frozen, it expands and destroys cells, so experts had added an anti-freeze solution.

Human Ken Doll films doctors slicing his skin to give him CAT EYES during a 'surgery holiday' in Iran for his tenth nose job

- Brazil-born Rodrigo Alves, 34, had spent £400K on cosmetic procedures
- Is currently in Iran having corrective surgery after botched nose job
- Doctors warned his nose could fall off if he went ahead with tenth operation
- Also decided to have skin around eyes tightened to achieve 'sexy' feline look

A plastic surgery fan dubbed 'the Human Ken Doll' has commemorated his latest procedure by filming himself while doctors performed an operation to give him eyes like a cat.

Brazil-born Rodrigo Alves, 34, has already spent £400,000 on more than 150 body-changing operations and procedures - including liposuction, six-pack implants and Botox.

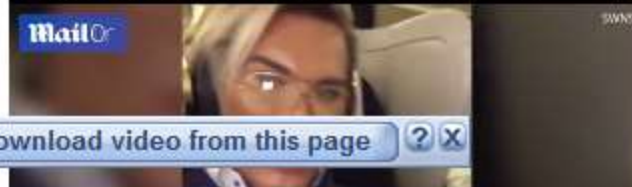

The TV presenter who currently lives in London travelled to Tehran in Iran to have his eyes pulled, sliced and stitched into a feline shape.

It comes days after he visited Kish Island in the Persian Gulf off the southern coast of Iran to have his tenth nose job to celebrate his 34th birthday.

But his £52,000 'surgery holiday' isn't over because during his nose job the docs accidentally broke his front teeth - so he's now waiting for new veneers.

Rodrigo was left with problems breathing after his previous nose jobs and says the anxiety had made him pile on three stone in a year.

Australian authorities have banned the construction of a synagogue in the Sydney suburbs, citing a potential terrorist attack threat. The step has been labelled "anti-Semitic" and some said it means terrorists "have already won."

The appeal against the initial decision to refuse construction of the synagogue was rejected on Wednesday by the New South Wales' Land and Environment Court.

The Jewish group Friends of Refugees of Eastern Europe asked to build the synagogue in Bondi, an eastern suburb of Sydney. The area is near popular tourist destination Bondi Beach.

Nigeria church shooting kills 11

BY REUTERS ON AUGUST 6, 2017 • (LEAVE A COMMENT)

ABUJA (Reuters) – Gunmen killed 11 people and wounded 18 others in a church in southeastern Nigeria on Sunday in an attack arising from a feud between members of the local community, officials said.

However, police believe that a man the gunmen were hunting for was not present in the church and so escaped the attack.

The attackers struck the church in Ozubulu early in the morning, said Garba Umar, head of police in Anambra state.

They were believed to have been trying to kill a local man, who was not identified by the authorities.

“The gunmen came thinking that their target was in the church but incidentally he was not,” Umar said, adding that the violence may be linked to drug-trafficking.

No arrests have been made, he said.

Nigeria’s southeast is predominantly Christian and the attack is a rare act of violence at a church.

Anambra State Governor Willie Obiano said the attack stemmed from a feud between members of the local community who were living outside Nigeria.

“We are not going to relent until we bring those that perpetrated this heinous crime to book,” he said.

Nigeria is wracked by insecurity, with Islamist insurgency Boko Haram having killed more than 20,000 people since 2009, sparking one of the world’s largest humanitarian crises.

Ethnically-charged violence is common throughout the central states and militancy is a constant threat in the oil-rich southeast.

'Access Islam' introduced for millions US public school children

Virginia school assignment: 'Create poster about 5 Pillars of Islam to be displayed in classroom and around the school.'

Contact Editor Mordechai Sones, 03/08/17 13:04

A program called "Access Islam" is being introduced as an educational religious program for millions of children in public schools across America, reports *Creeping Sharia*.

The initial phase of the program involves the basic tenets of Islam, called the five pillars of Islam.

Residents Banned From 'Commentary Regarding Islam or Muslims' During Town's Mosque Hearing

By Heather Clark on August 4, 2017 - 37 Comments

BERNARDS TOWNSHIP, N.J. — A lawsuit has been filed challenging a settlement agreement that bans residents in a New Jersey town from making remarks about Islam or Muslims during an upcoming public hearing centering on the forthcoming construction of a mosque.

The Thomas More Law Center has filed suit on behalf of a family that lives within 200 feet from where the mosque is

Euthanasia used for 4.5 percent of deaths in the Netherlands

By MARIA CHENG, AP MEDICAL WRITER
LONDON — Aug 2, 2017, 7:28 PM ET

[Share with Facebook](#)[Share with Twitter](#)

Euthanasia has become "common practice" in the Netherlands, accounting for 4.5 percent of deaths, according to researchers who say requests are increasing from people who aren't terminally ill.

In 2002, the Netherlands became the first country in the world that made it legal for doctors to help people die. Both euthanasia, where doctors actively kill patients, and [assisted suicide](#), where physicians prescribe patients a lethal dose of drugs, are allowed. People must be "suffering unbearably" with no hope of relief — but their condition does not have to be fatal.

"It looks like patients are now more willing to ask for euthanasia and physicians are more willing to grant it," said lead author Dr. Agnes van der Heide of Erasmus University Medical Center in Rotterdam.

The 25-year review published in Thursday's *New England Journal of Medicine* is based on physician questionnaires. The use of euthanasia and assisted suicide "to relieve end-of-life suffering has become common practice in the Netherlands," the authors said in the report.

The review shows that in 1990, before it was legal, 1.7 percent of deaths were from euthanasia or assisted suicide. That rose to 4.5 percent by 2015. The vast majority — 92 percent — had serious illness and the rest had health problems from old age, early-stage dementia or psychiatric problems or a combination. More than a third of those who died were over 80.

Fewer Americans Are Getting Married as Many Millennials Postpone Nuptials Indefinitely

AUGUST 1, 2017

Not only are fewer Americans getting married, but many are delaying marriage, and those who are choosing to say, "I do," are inviting fewer guests, according to a report in Bloomberg, which looked at the latest data from the U.S. Census Bureau and private research firms. The marriage rate, which is measured with the number of new marriages per 1,000 people, has been falling for decades, and it fell especially fast during the recession in 2008 and 2009, says a Bloomberg **report**, adding

في النهاية اختتم بشيء مختلف هذا الأسبوع

تخيل لو اتى المسيح اليوم ووقفت امامه او لو سلمت وديعتك اليوم وأيضا وقفت امامه. ماذا

سيكون حالك؟ ولو سالك عن ايمانك العامل ماذا ستقول؟

أيضا لو عاتبك على شيء وتحججت امامه بانك لم تعرفه كوصية او غيره فقال لك المسيح انه شرحه لك بالتفصيل في جوابه الذي ارسله لك الذي كتبه بنفسه أي الكتاب المقدس. فهل ستقول

له أنك لم يكن عندك القوت الكافي لتقرأه وتفهمه؟ هل تتخيل ابيك يرسل لك جواب به وصيه وتفاصيل واشياء مهمة عن الميراث وغيره وتعيش خمسين او ستين سنة او أكثر ولا يكون عندك وقت كافي لتقرأه؟ عمرك مهما يكون هل لم يكن عندك وقت لتقرأ جواب الرب لك؟ هذا الجواب

الذي يعدك للميراث الابدی، وستين سنة لم يكن عندك وقت لتقرأه؟

المسيح اقترب اقرؤوا جوابه واعملوا به واستعدوا لاستقبال العريس.

والمجد لله دائما
