والعلامات حتى 19 سبتمبر 2017

Holy_bible_1

اكرر هدفي فقط من هذه الخدمة أن نذكر بعضنا باننا نحتاج ان نستعد أي حياة اليقظة الروحية. والاستعداد ليس فقط قبل مجيء المسيح بل ايضا قبل الظلمة التي ستسبق مجيؤه ليكون عندنا زيت في مصابيحنا يكفي ان نعبر هذه الظلمة وتكون مصابيحنا مضيئة وقت مجيؤه او من منا سيسلم وديعته في أي وقت. بمعنى نحتاج من الان ان نستعد بقوة بأيمان عامل وبتنقية القلب وان نثمر بالخدمة أي نجمع زيت في مصابيحنا لان الظلمة والضيق اقتربت جدا ومن لن يستعد لها بزيت كافي من الان لن يجد زيت في الضيقة لان وقتها تجميع زيت سيكون صعب جدا بل أستطيع ان أقول من مثل العذاري انه لن يكون هناك زيت الا ما جمعته سابقا.

أفضل ان اقول لنفسي ولكم استعدوا الان لأنه اقترب فنكون مستعدين سواء جاء او نحن ان سلمنا وديعتنا عن أنى لا اقول انه اقترب لكيلا يقال عني كاذب وانشر اشاعات او اخيف البعض

ولكنه يأتي بسرعة بغته. لا اعتقد اي أحد ندم لأنه كان مستعد ومنتظر مجيء المسيح ولم يأتي

المسيح في زمنه ولكنه انتقل وهو مستعد ولكن كثيرين جدا ندموا على عدم الاستعداد عندما

انتقلوا

المسيح قال بعض العلامات مثل

انجيل لوقا 21

21: 10 ثم قال لهم تقوم امة على امة ومملكة على مملكة

21: 11 وتكون زلازل عظيمة في اماكن ومجاعات واوبئة وتكون مخاوف وعلامات عظيمة من

السماء

21: 25 وتكون علامات في الشمس والقمر والنجوم وعلى الارض كرب امم بحيرة البحر والامواج

تضج

21: 26 والناس يغطى عليهم من خوف وانتظار ما يأتي على المسكونة لان قوات السماوات

تتزعزع

21: 27 وحينئذ يبصرون ابن الانسان اتيا في سحابة بقوة و مجد كثير

سفر اعمال الرسل 2

2: 19 واعطي عجائب في السماء من فوق وآيات على الارض من أسفل دما ونارا وبخار دخان

2: 20 تتحول الشمس الى ظلمة والقمر الى دم قبل ان يجيء يوم الرب العظيم الشهير

2: 21 ويكون كل من يدعو باسم الرب يخلص

لماذا قال المسيح بعض العلامات؟

أولا لكيلا نرتاع

انجيل متى 24

مت 24: 6 وسوف تسمعون بحروب واخبار حروب **لا ترتاعوا** لأنه لا بد ان تكون هذه

كلها ولكن ليس المنتهى بعد

ثانيا لنؤمن

إنجيل يوحنا 14: 29

وَقُلْتُ لَكُمْ الْآنَ قَبْلَ أَنْ يَكُونَ، حَتَّى مَتَى كَانَ تُؤْمِنُونَ.

ثالثا لنتنبه ونستعد

انجيل لوقا 21

28 وَمَتَى ابْتَدَأَتْ هَذِهِ تَكُونُ، فَانْتَصِبُوا وَارْفَعُوا رُؤُوسَكُمْ لِأَنَّ نَجَاتَكُمْ تَقْتَرِبُ.»

علامات في السماء

ثلاث كواكب ونجم وهلال ينتظمون في السماء في منظر شيق

MORNING PLANETS ALIGN: Set your alarm for dawn. Three planets and the crescent Moon are gathering for a beautiful alignment before sunrise. Alan Dyer sends this preview from Gleichen, Alberta:

"This was the view on the morning of Sept. 12th, of Venus, Mercury (then at greatest elongation from the Sun) and Mars in the dawn sky, along with the star Regulus," says Dyer. "Mercury and Mars are in close conjunction on the morning of [Sept. 16th](#). With Earth in the picture, this was an image of all four rocky terrestrial planets in one frame!"

Next year, scientists will send messages to search for aliens

How the “Messaging Extraterrestrial Intelligences” community is preparing for humans to talk to aliens.

BY DANIEL OBERHAUS / SEPTEMBER 13, 2017 1:00 PM PDT

[Login to Facebook](#)

For the last half-century or so, astronomers around the world have been scanning the cosmos with massive radio telescopes in hopes of finding some sign of intelligent life. This network of alien-hunters comprises the Search for Extraterrestrial Intelligence (SETI), but despite all their efforts, the interstellar radio waves have remained quiet. One might even say *too quiet*.

Depending on who you ask, first contact with an extraterrestrial civilization might happen any day now. Seth Shostak, director of the SETI Institute, has famously predicted that we'll hear from ET within the next two decades. Others, such as the Cornell University astronomer Yervant Terzian are less optimistic -- his probabilistic calculations place first contact in about 1,500 years, assuming there's anyone left on Earth to receive the call.

Born before 1985?

A volatile storm has ignited a slew of 40,000 lightning strike in southwestern California. The strikes have hit Los Angeles, Santa Barbara, San Luis Obispo, and Ventura counties – all between September 10-11.

The electric storm was most active on Sunday with an amazing 5,000 lightning bolts in the area over a three-hour period. NWS Los Angeles took to Twitter to report the tremendous display. The intense storm brought plenty of lightning to the Golden state's southern region, but almost no rain. The greatest rain total of .44 inches at Sudden Peak on Sunday. By Monday morning, heavy showers, thunderstorms, and 35-mph winds were reported in eastern Los Angeles County.

After ripping through the Okinawa island chain, Japan and passing close to China, forcing the evacuation of more than 200 000 people, Typhoon "Talim" is now on its way toward mainland Japan. It is expected to be a Category 1 hurricane equivalent when it makes landfall over Kyushu, Japan on September 17.

Talim lashed southern Okinawan island chain on Wednesday, September 13, packing gusts of up to 252 km/h (156 mph), uprooting trees and knocking down power lines. More than 18 000 people were without power in the city of Miyako, home to around 54 000 people.

The Miyako-Jima Island airport measured a record-breaking 479.04 mm (18.86 inches) of rain over the

At least three people have been killed after a powerful windstorm swept across northern Germany on Wednesday, September 13, 2017. Named Windstorm "Sebastian" by the German weather service (DWD), this storm is known in the United Kingdom as Storm "Aileen," the first named winter storm of the 2017/18 season.

DWD reported wind gusts of up to 150 km/h (93 mph) in the northern Harz mountain range while the North Sea saw gusts of up to 140 km (87 mph).

The storm uprooted numerous trees, caused significant damage to cars and buildings, traffic chaos, ferry cancellations and power outages.

Follow [@TheWatchers_](#)

A severe storm that swept over parts of Croatia and Serbia on Saturday and Sunday, September 17, 2017, killed 8 people and injured at least 140 as it reached western Romania late Sunday. Most of those who died were hit by falling trees or flying objects.

According to local media, winds reached speeds of 100 km/h (62 mph), bringing down hundreds of trees, electricity poles, overturning vehicles and damaging houses.

The most affected areas were Timis and Arad counties, where six people lost their lives. A woman died

An earthquake swarm in south eastern Idaho is rattling windows across parts of the state and Wyoming and Utah. There have now been over 260 earthquakes since September 2, in the Soda Springs area and many have been over a magnitude of four or even higher on the scale.

The earthquake swarm in Southeast Idaho looked like it might be ending or at least slowing down on Thursday and Friday. But then Saturday arrived and by the day's end, 19 quakes had struck. There have been 34 more temblors so far Sunday, bringing the earthquake total since the swarm began on Sept. 2 to 204 quakes. All of the quakes have occurred in the Caribou County area east, southeast and northeast of Soda Springs.

While many believe California and the West Coast are ripe for a huge earthquake, the heartland is often forgotten and these earthquakes are being swept under the rug and

Indonesian authorities have raised the alert level for the Agung volcano in Karangasem district of the province of Bali from 1 to 2 (of 4) on Thursday, September 14, 2017, following an increase in volcanic earthquakes detected on Wednesday, September 13. The last eruption of this volcano occurred in 1963/64.

PVMBG warned residents and tourists to keep away at least 3 km (1.8 miles) from the crater and cautioned against panic, saying there would be further increases in volcanic activity and changes to the alert level before an eruption.

SEPTEMBER 16, 2017, 7:00 AM

Health officials in San Diego have scrambled for months to contain an outbreak of **hepatitis A** — vaccinating more than 19,000 people, putting up posters at bus stations and distributing hand sanitizer and cleaning supplies.

Despite those efforts, 16 people have died of the highly contagious virus in San Diego, and more than 1,000 have become ill in what officials say is the nation's second-largest outbreak.

Over 500 dead as Congo cholera epidemic spreads: WHO

Reuters Staff

2 MIN READ

KINSHASA (Reuters) - More than 500 people have died so far in a cholera epidemic that is sweeping the Democratic Republic of Congo, the World Health Organization (WHO) said.

Outbreaks of the water-borne disease occur regularly in Congo, mainly due to poor sanitation and a lack of access to clean drinking water.

But this year's epidemic, which has already hit at least 10 urban areas including the capital Kinshasa, is particularly worrying as it comes as about 1.4 million people have been displaced by violence in the central Kasai region.

The WHO said at least 528 people had died and the epidemic had spread to 20 of Congo's 26 provinces.

"The risk of spread remains very high toward the Grand Kasai region, where degraded sanitary and security conditions further increase vulnerability in the face of the epidemic,"

U.S. Navy Investigating If Destroyer Crash Was Caused by Cyberattack

BY ELIAS GROLL

SEPTEMBER 14, 2017 - 5:25 PM

✉ ELIAS.GROLL

@ELIASGROLL

The military is examining whether compromised computer systems were responsible for one of two U.S. Navy destroyer collisions with merchant vessels that occurred in recent months, Vice Admiral Jan Tighe, the deputy chief of naval operations for information warfare, said on Thursday.

Naval investigators are scrambling to determine the causes of the mishaps, including whether hackers infiltrated the computer systems of the USS *John S. McCain* ahead of the collision on Aug. 21, Tighe said during an appearance at the Center for Strategic and International Studies in Washington.

Pyongyang says it is the time to "annihilate" the US and turn it into "ashes" for initiating the latest round of sanctions. The North has also threatened Washington's allies in the region, vowing to "sink" Japan and "wipe out" South Korea.

North Korea made yet another threat to the US and its allies in the region, Japan and South Korea, on Wednesday, KCNA reported. The North accused the US of "cooking up" the latest restrictive measures against it and demanded that the US be beaten "to death as a stick is fit for a rabid dog."

WASHINGTON (Reuters) - U.S. Ambassador to the United Nations Nikki Haley said on Sunday the U.N. Security Council has run out of options on containing North Korea's nuclear program and the United States may have to turn the matter over to the Pentagon.

"We have pretty much exhausted all the things that we can do at the Security Council at this point," Haley told CNN's "State of the Union," adding that she was perfectly happy to hand the North Korea problem over to Defense Secretary James Mattis.

North Korea proves it CAN hit Guam with fresh missile launch: Kim Jong-un brags that he has 'won a shining victory' over America after firing missile 2,300 miles - enough to hit US territory

- North Korea has launched another intercontinental ballistic missile over northern Japan
- Test missile landed 1,240 miles off the island of Hokkaido, just before 7am local time on Friday
- It flew some 2,300 miles, which is far enough to reach the U.S. Pacific territory of Guam
- Yesterday, North Korea threatened to bomb Japan after the latest round of UN sanctions
- In response to the launch, the Japanese government said they will not tolerate more provocation

Kim Jong-un has called Friday's missile test launch over Japan a 'shining victory in the standoff with the United States', claiming that the U.S. is in 'mortal fear' of North Korea.

The missile flew over the northern island of Hokkaido, where thousands were awoken by air-raid sirens for the second time in just three weeks, and landed some 1,240 miles off the cape of Erimo just before 7am local time (10pm Thursday GMT).

The rocket, believed to be a intercontinental ballistic missile (ICBM), flew for about 19 minutes over a distance of about 2,300 miles, according to South Korea's military - far enough to reach the U.S. Pacific territory of Guam, which is 2,100 miles from North Korea.

South Korea tests advanced air-launched ...

North Korea is at the mercy of Seoul after South Korea carried out a missile test that could potentially take out Kim Jong-un.

Seoul stepped up its ability to fight back against North Korea during its first live fire drill for an advanced air-launched cruise missile today.

And South Korea's potentially deadly missile is equipped with stealth characteristics that will allow it to avoid radar detection as it speeds towards its targets.

Seoul's Defense Ministry chiefs said the missile, manufactured by Germany's Taurus Systems, has a maximum range of 500

TYRANT dictator Kim Jong-un has taunted Donald Trump boasting "America's fate is in hands of North Korea" by vowing to turn US into a "sea of flames".

The threat came just a day after the North carried out yet another successful ballistic missile over Japan claiming America is now in "mortal fear" after proving it has the military power to strike US territory.

Joint military drills begin in Ukraine as Russian war games loom

by Staff Writers
Kiev (AFP) Sept 11, 2017

Ukraine on Monday launched joint military exercises with the United States and a host of other NATO countries as its bitter rival Russia gears up for its own war games on the EU border.

The annual Rapid Trident military exercises, taking place in the western Ukrainian city of Yavoriv until September 23, involve an "unprecedented" number of 2,500 soldiers from 15 countries, the Ukrainian military said in a statement.

"Today, your support is very important for us. The experience of our colleagues is extremely valuable for the Ukrainian army," Colonel Sergei Litvinov, the exercises co-director on the Ukrainian side, said.

The Ukraine drills began days ahead of Moscow's massive military exercise "Zapad 2017" ("West") in neighbouring Russia and Belarus.

The event has caused alarm in the Baltic states and Poland and drawn criticism from the United States and NATO for a lack of transparency.

Russia has said the exercises will involve about 12,700 Russian and Belarusian troops and are "purely defensive" in nature, but critics say there could be as many as 100,000 soldiers taking part.

NATO has also deployed about 1,000 soldiers in each of the Baltic states and Poland in response to growing concern over Russian intentions after Moscow's 2014 annexation of Crimea from Ukraine.

The peninsula annexation was followed by Russian-backed insurgency in the Ukraine's

Iran relaunches space ambitions after uproar over satellites

By Eric Randolph and Ali Noorani
Tehran (AFP) Sept 15, 2017

Iran's on-off space programme has received a boost after a recent satellite launch was seen to annoy Washington, with Tehran dusting off plans for a manned mission, perhaps with Moscow's assistance.

"Ten skilled pilots are currently undergoing difficult and intensive training so that two of them... can be selected for the space launch," the head of the science ministry's aerospace research centre, Fathollah Omi, told the state broadcaster last week.

He said the plan was to put humans into suborbital space "in less than eight years".

"In preliminary talks with Russia's main space company, we have agreed to cooperate on this important project and we are waiting for their definitive answer."

Russia has not confirmed the talks, although deputy prime minister Dmitry Rogozin, who oversees its space programme, visited Tehran two years ago to discuss potential collaboration.

The Islamic republic's scientists are also celebrating the fact that two monkeys they fired into space in 2013 have recently given birth to their first baby.

"Aftab and Fargam were two monkeys sent separately into space and returned alive. Researchers are studying the effect of a space trip on their baby," said Omi.

Iran's space programme has progressed in fits and starts.

It has sent a turtle, mouse and worms into space, and after the successful voyage by the monkeys, then-president Mahmoud Ahmadinejad announced he would like to be first to go up on an Iranian rocket.

People Are Making Such Ridiculous Claims About What Is Going to Happen Come Saturday

12:00PM EDT 9/18/2017

Michael Snyder

No need to save Saturday's date. (StockSnap/Pixabay)

All sorts of sensationalist claims are being made about what is going to happen on Sept. 23, and all of them are false. In recent days, I have spent time looking into these various claims, and I have been deeply disturbed by what I have discovered. Yes, it does appear that there will be a unique celestial alignment on Sept. 23, and it does appear that it at least bears a resemblance to what is described in the first couple of verses in Revelation 12. And yes, this alignment will happen at about the time of Rosh Hashanah (the Feast of Trumpets). But people have gone way beyond those basic facts and have come up with ridiculous theories that are going to make them look like nut jobs when Sep. 23rd comes and goes and their predictions don't come to pass.

For example, let's take a look at what "Christian numerologist" David Meade is saying. The following comes from Fox News:

وللأسف ينسب لبعض المسيحيين انهم يقولون ان العالم سينتهي يوم 23 سبتمبر

Global hunger rises for first time in decade: U.N. agencies

Alex Whiting

5 MIN READ

ROME (Thomson Reuters Foundation) - Global hunger levels have risen for the first time in more than a decade, now affecting 11 percent of the world's population, as conflict, climate change and economic woes bite, U.N. agencies said on Friday.

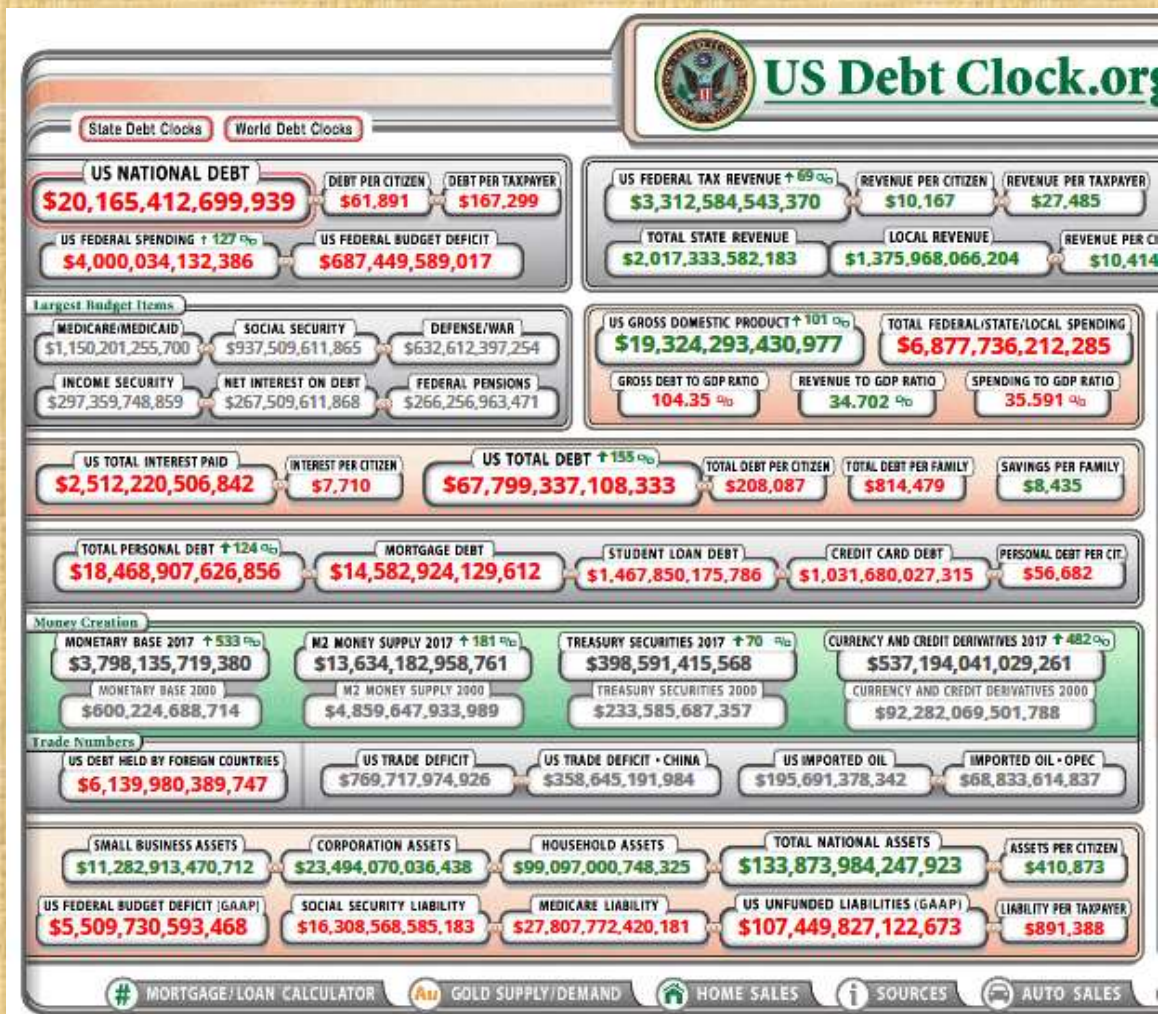

Last year, 815 million people were hungry - 38 million more than in 2015 - the five agencies said in the first global assessment since governments set an international target to eliminate hunger and malnutrition by 2030, as one of a set of so-called Sustainable Development Goals (SDGs).

The number of hungry began to rise in 2014, but this is the first time in more than a decade that the proportion of the global population going hungry has risen.

About 489 million of the hungry are living in countries affected by conflict.

"Over the past decade, conflicts have risen dramatically in number and become more

US threatens to 'cut China off' from dollar if it does not uphold sanctions against N. Korea

Published time: 12 Sep, 2017 21:45 [Get short URL](#)

U.S. Treasury Secretary Steve Mnuchin. © Yuri Gripad / Reuters

The US could impose economic sanctions on China if it does not implement the new sanctions regime against North Korea, the US Treasury Secretary has warned. Steven Mnuchin said the restrictions could involve cutting off Beijing's access to the US financial system.

"North Korea economic warfare works," Mnuchin said Tuesday at the Delivering Alpha Conference in New York City. "We sent a message that anybody who wanted to trade with North Korea – we would consider them not trading with us."

If the Trump administration puts sanctions on China, this would hurt America more because it just forces China and Russia and other countries to cooperate, says investor and financial commentator Jim Rogers.

US Treasury Secretary Steven Mnuchin warned on Tuesday that the US could impose economic sanctions on China if it does not implement the new sanctions regime against North Korea, saying that the restrictions could involve cutting off Beijing's

The Middle Class Is Being Destroyed: Now Only 25 Percent Of All Americans Have \$10,000 Or More In Savings

By Michael Snyder, on September 13th, 2017

We just got more evidence that the middle class is being systematically eviscerated. According to a [GOBankingRates survey](#) that was just released, more than half the country has less than \$1,000 in savings. So in the event of a major economic disaster of some kind, over 50 percent of the nation is going to be completely out of cash almost immediately. For years I have been writing about the steady decline of the middle class in the United States, but I still get astounded by numbers such as these. According to this new survey, [only 25 percent of all Americans](#) have \$10,000 or more in savings at this point...

Venezuela Has Officially Abandoned The Petrodollar – Does This Make War With Venezuela More Likely?

By Michael Snyder, on September 14th, 2017

Venezuela is the 11th largest oil producing country in the entire world, and it has just announced that it is going to stop using the petrodollar. Most Americans don't even know what the petrodollar is, but for those of you that do understand what I am talking about, this should send a chill up your spine. The petrodollar is one of the key pillars of the global financial system, and it allows us to live a far higher standard of living than we actually deserve. The dominance of the petrodollar has been very jealously guarded by our government in the past, and that is why many are now concerned that this move by Venezuela could potentially lead us to war.

I don't know why this isn't headline news all over the country, but it should be. One of

The Equifax Hack Is The Most Disastrous Data Breach In History Because Now Hackers Have The Credit Information Of 143 Million Americans

By Michael Snyder, on September 17th, 2017

Talk about a nightmare. It is being reported that criminals were able to hack into Equifax and make off with the credit information of 143 million Americans. We are talking about names, Social Security numbers, dates of birth, home addresses and even driver's license numbers. If this data breach was an earthquake, we would be talking about a magnitude-10.0 on the identity theft scale. We have never seen anything like this before, and to say that this will be "disastrous" for the credit industry would be a massive understatement.

What really disturbed me about this story is that this hack reportedly occurred between "mid-May and July of this year"...

CHENGDU, Sichuan (*China Aid*) — Chinese authorities barred a pastor from traveling to Hong Kong to attend a Christian training conference today, echoing a growing trend that keeps church leaders from participating in overseas religious meetings.

At 6:00 a.m. on Sept. 12, Wang Yi, a pastor of Autumn Rain Blessing Church, and Jiang Rong, a pastor's wife, set out from Chengdu, Sichuan, to attend the Three-Fold Vision Training Conference, a Christian training session in

Do You Have These Symptoms?

Christianity in Germany, and indeed in all of Europe, is dying.

There are about 47 million Catholics and Protestants combined in Germany, representing roughly 60 percent of the German population, but that number is falling by 500,000 a year through deaths alone, according to the Gatestone Institute.

All across Germany, churches now sit mostly empty on Sunday

Death Spiral For The Anglican Church As Massive Numbers Leave The Church

BY PNNW STAFF SEPTEMBER 18, 2017

Share this article:

The Church of England's membership is now declining so swiftly and steadily that it can hardly be considered anything less than a death spiral as millions drop out of the ranks of the faithful.

Instead of relying solely on the official figures provided by the Church, which still claims to have over 85 million members, many are now taking a closer look at the British Social Attitudes

'Beverly Hills, 90210' Actor Defends Letting Son Wear Dresses

Sep 13, 2017 | 0 ● | ★★★★★

Actor Brian Austin Green, the former star of the "Beverly Hills, 90210" series, says in a media interview that he doesn't care what people say or think about him allowing his 4-year-old son to wear dresses. "My son, you know, he's 4, and I've heard from some people that they don't agree ... with him wearing dresses. To them I say, 'I don't care,'" Green said in an interview with former TMZ staffer Dax Holt.

SPOKANE, Wash.-- The Washington state Department of Health filed a proposal that would allow people to change the gender on their birth certificates to neither male nor female.

The clinical term for this is non-binary, but is better known as gender X.

According to the Department of Health, people born in Washington can currently request a new birth certificate with a different gender than the one on their original.

The state is taking the first steps of proposing a non-binary option for people who don't identify as male or female.

The Health Department filed the to put the process in motion August 22.

The state of Oregon became the first state to offer the third gender option on driver's licenses in July.

Medical Organization Approves Children Starting Gender Transition Using Hormones at Early Age

Sep 16, 2017 | 0 | ★★★★★

A medical organization has released new guidelines easing restrictions on hormone treatment for children 16 and younger to begin the physical process of gender transition sooner. The Endocrine Society, which is said to have the "largest global membership" in the field of Endocrinology, published clinical guidelines this week that are expected to have extensive influence over pediatricians worldwide.

فلهذا اطلب أن نصلي ونستعد ونعد زيت لمصاييحنا لاستقبال العريس بالصلاة والصوم وخدمة

أبناء الله وتنقية القلب والاستعداد بلبس العرس.

رسالة بولس الرسول الي أهل رومية 13

13: 11 هذا وأنكم عارفون الوقت انها الان ساعة لنستيقظ من النوم فان خلاصنا الان أقرب مما

كان حين امنا

13: 12 قد تنهى الليل وتقارب النهار فلنخلع اعمال الظلمة ونلبس اسلحة النور

13: 13 لنسلك بلياقة كما في النهار لا بالبطر والسكر لا بالمضاجع والعهر لا بالخصام والحسد

13: 14 بل البسوا الرب يسوع المسيح ولا تصنعوا تدبيرا للجسد لأجل الشهوات

احتس ان لم تتمسك بالمسيح من الان قد لا تستطيع في المستقبل القريب بسبب الظلام.

وكما قلت هو اخبرنا لكي لا نخاف

انجيل متى 24

مت 24: 6 وسوف تسمعون بحروب واخبار حروب **لا ترتاعوا** لأنه لا بد ان تكون هذه

كلها ولكن ليس المنتهى بعد

بطرس الأولى 3: 14

وَلَكِنْ وَإِنْ تَأَلَّمْتُمْ مِنْ أَجْلِ الْبِرِّ، فَطُوبَاكُمْ. وَأَمَّا خَوْفُهُمْ فَلَا تَخَافُوهُ وَلَا تَضْطَرُّوْا،

بل نؤمن

إنجيل يوحنا 14: 29

وَقُلْتُ لَكُمْ الْآنَ قَبْلَ أَنْ يَكُونَ، حَتَّى مَتَى كَانَ تُؤْمِنُونَ.

ثالثًا لنتنبه ونستعد

انجيل لوقا 21

28 وَمَتَى ابْتَدَأَتْ هَذِهِ تَكُونُ، فَأَنْتَصِبُوا وَارْفَعُوا رُؤُوسَكُمْ لِأَنَّ نَجَاتَكُمْ تَقْتَرِبُ.»

افرحوا لان عريسنا قد اقترب مجيؤه. وانتبهوا الشيطان يريد أن نفقد سلامنا ولا ننال أكاليل.

وأيضا استعدوا فقد تسلموا وديعتكم في أي وقت فهناك 150 ألف شخص يموتوا في اليوم الواحد

انت لا تعرف متى ستكون منهم

المسيح اقترب فاصنعوا ثمار تليق بالتوبة واستعدوا لاستقبال العريس.

والمجد لله دائما
