اكرر هدفي فقط من هذه الخدمة أن نذكر بعضنا باننا نحتاج ان نستعد أي حياة اليقظة الروحية. والاستعداد ليس فقط قبل مجيء المسيح بل ايضا قبل الظلمة التي ستسبق مجيؤه ليكون عندنا زيت في مصابيحنا يكفي ان نعبر هذه الظلمة وتكون مصابيحنا مضيئة وقت مجيؤه او من منا سيسلم وديعته في أي وقت. بمعنى نحتاج من الان ان نستعد بقوة بأيمان عامل وبتنقية القلب وان نثمر بالخدمة أي نجمع زيت في مصابيحنا لان الظلمة والضيقة اقتربت جدا ومن لن يستعد لها بزيت كافي من الان لن يجد زيت في الضيقة لان وقتها تجميع زيت سيكون صعب جدا بل أستطيع ان أقول من مثل العذاري انه لن يكون هناك زيت الا ما جمعته سابقا.

أفضل ان اقول لنفسي ولكم استعدوا الان لأنه اقترب فنكون مستعدين سواء جاء او نحن ان سلمنا وديعتنا عن أنى لا اقول انه اقترب لكيلا يقال عني كاذب وانشر اشاعات او اخيف البعض

ولكنه يأتي بسرعة بغته. لا اعتقد اي أحد ندم لأنه كان مستعد ومنتظر مجيء المسيح ولم يأتي

المسيح في زمنه ولكنه انتقل وهو مستعد ولكن كثيرين جدا ندموا على عدم الاستعداد عندما

انتقلوا

المسيح قال بعض العلامات مثل

انجيل لوقا 21

21: 10 ثم قال لهم تقوم امة على امة ومملكة على مملكة

21: 11 وتكون زلازل عظيمة في اماكن ومجاعات واوبئة وتكون مخاوف وعلامات عظيمة من

السماء

21: 25 وتكون علامات في الشمس والقمر والنجوم وعلى الارض كرب امم بحيرة البحر والامواج

تضج

21: 26 والناس يغطى عليهم من خوف وانتظار ما يأتي على المسكونة لان قوات السماوات

تتزعزع

21: 27 وحينئذ يبصرون ابن الانسان اتيا في سحابة بقوة و مجد كثير

سفر اعمال الرسل 2

2: 19 واعطي عجائب في السماء من فوق وآيات على الارض من أسفل دما ونارا وبخار دخان

2: 20 تتحول الشمس الى ظلمة والقمر الى دم قبل ان يجيء يوم الرب العظيم الشهير

2: 21 ويكون كل من يدعو باسم الرب يخلص

لماذا قال المسيح بعض العلامات؟

أولا لكيلا نرتاع

انجيل متى 24

مت 24: 6 وسوف تسمعون بحروب واخبار حروب **لا ترتاعوا** لأنه لا بد ان تكون هذه

كلها ولكن ليس المنتهى بعد

ثانيا لنؤمن

إنجيل يوحنا 14: 29

وَقُلْتُ لَكُمْ الْآنَ قَبْلَ أَنْ يَكُونَ، حَتَّى مَتَى كَانَ تُؤْمِنُونَ.

ثالثا لنتنبه ونستعد

انجيل لوقا 21

28 وَمَتَى ابْتَدَأَتْ هَذِهِ تَكُونُ، فَانْتَصِبُوا وَارْفَعُوا رُؤُوسَكُمْ لِأَنَّ نَجَاتَكُمْ تَقْتَرِبُ.»

BLUE MOON LUNAR ECLIPSE: On Wednesday, Jan. 31st, the second full Moon of January will pass through Earth's shadow, producing a rare "Blue Moon Lunar Eclipse." The Moon won't look blue, however. Researchers are predicting bright orange--a forecast based on studies of recent volcanic activity. Graphic artist Larry Koehn created this animation showing approximately how it will look:

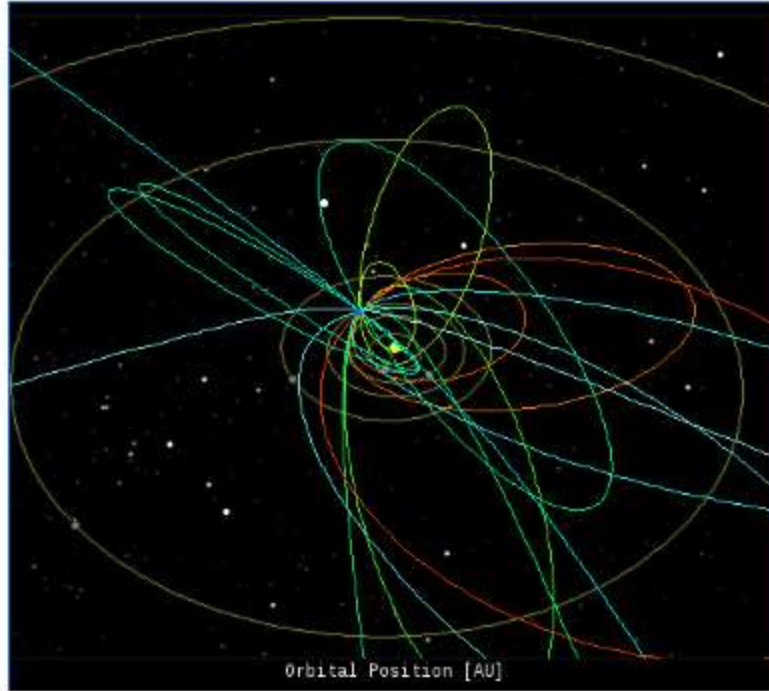

The eclipse will be visible from Asia, Australia, and western parts of North America. In the USA, the best time to look is during the hours before sunrise. The Moon makes first contact with the core of Earth's shadow at 3:48 am Pacific Time, kicking off the partial eclipse. Totality begins at 4:52 am PST as Earth's shadow engulfs the lunar disk for more than an hour. "Maximum orange" is expected around 5:30 am PST. Natural Disaster Drought Hail Storm

Miracle 'River of Hail' collectively fills some dams to the point of overflowing in drought-stricken Northern Cape, South Africa

By: Strange Sounds - Jan 25, 2018 2

Many citizens are resigning themselves to dry dams and a complete shutdown of their taps in Cape Town, South Africa. But, as we've seen in the Northern Cape, it may not be time to rule out a miracle just yet. Over the weekend, the city of Sutherland heavy rainfalls and biblical hailstorms battered the town with some places receiving between 100 – 150cm of rain in 48 hours. These unprecedented storms were enough to collectively fill some dams in the Northern Cape to the point of overflowing and create icebergs in the resulting flash floods. The miracle "River of hail" has to be seen to be believed:

OMG! The weather is completely going out of control. Look at this poor dog, hare, and cat. Yes, it was so cold in Kazakhstan a few days ago that animals and even humans FROZE SOLID as temperatures drop to MINUS 68F.

The Hare: The hare was trapped while climbing through a fence before dying in the arctic conditions and its body had to be pulled free by locals.

A seismic swarm is in progress along the coast of northern New South Wales, Australia since Friday, January 19, 2018, raising fears that a bigger earthquake might hit the region. Authorities say that while they can't rule out a bigger one, they don't see it likely.

From 22:50 UTC on January 19 to 08:08 UTC on January 24, Geoscience Australia registered a total of 21 earthquakes along the coast of NSW, between Port Macquarie and Coffs Harbour, with magnitudes ranging from 1.8 to 4.2 and depths up to 10 km (6.2 miles).

The strongest so far was M4.2 at a depth of 10 km with epicenter located just off the coast of Nambucca Heads. The quake hit at 02:28 UTC on January 24 (13:28 local time). There are no reports of injuries and no threat of a tsunami. Locals reported minor damage (cracked walls) and said the shaking

90 crows found dead in Saitama parks

Jan. 7 | 06:45 am JST | 18 Comments

SAITAMA — Ninety crows have been found dead on Thursday and Friday in two parks in Saitama Prefecture, health authorities said Saturday.

Authorities said 35 crows were found dead in Tokorozawa and another 55 were found in Iruma, Fuji TV reported.

At first, health officials suspected bird flu but tests proved negative. Also, there were no traces of poison or agrichemicals in the crows that were tested.

Prefectural health officials said there was very little food in any of the crows, indicating that they may have starved to death.

However, as a precaution, police and health authorities have urged people not to touch any dead birds.

Thousands of dead fish on Alabama beaches

WRITTEN BY J. HOLLAND ON JANUARY 12, 2018 AT 5:00 PM CST

The large fish kill on Alabama's Gulf Coast was likely the result of the recent cold temperatures, according to Alabama conservation officials.

They say the long lasting cold front left some beaches and docks strewn with dead fish, creating a smelly problem.

Thousands of fish have gone belly-up on the surface of Little Lagoon in Gulf Shores, or have washed ashore this week.

Schools in at least 11 states have closed as the worst flu epidemic in nearly a decade intensifies.

The dominant strain of flu this season, H3N2, known for being particularly virulent, has resulted in the deaths of at least 37 children and is expected to cause more as the epidemic persists several more weeks, the Centers for Disease Control and Prevention projected on Friday.

New surveillance data released today by the World Health Organization (WHO) reveals widespread and in some cases high levels of antibiotic resistance across the globe in the most common bacterial infections.

Andrei Marinovs /
Thinkstock

In the first report from the WHO's Global Antimicrobial Resistance Surveillance System (GLASS), data from 22 countries and more than 500,000 isolates show that *Escherichia coli*, *Klebsiella pneumoniae*, *Staphylococcus aureus*, *Streptococcus pneumoniae*, and *Salmonella* spp are the most commonly reported resistant bacteria. And while resistance to the antibiotics used to treat these pathogens varies, resistance is alarmingly high in some countries.

"The report confirms the serious situation of antibiotic resistance worldwide," Marc Sprenger, MD, director of the WHO's Antimicrobial Resistance Secretariat, said in a press release. "Some of the world's most common—and potentially most dangerous—infections are proving drug-resistant."

The Brazilian Ministry of Health is reporting a spike of confirmed yellow fever cases and deaths 1 week after the Pan American Health Organization (PAHO) released updated epidemiologic information that showed a significant slowdown of yellow fever transmission in the latter half of 2017.

In 1 week, the number of recorded deaths from yellow fever rose from 20 to 53, reported cases rose from 470 to 601, while confirmed cases jumped from 35 to 130, *O Globo* reported yesterday. All deaths have occurred in Minas Gerais, Sao Paulo, and Rio de Janeiro states.

Ministry of Health data lag behind data from state officials, Brazilian media reported. The state health data for Minas Gerais notes 24 deaths (1 more than the federal government count), and Rio de Janeiro recorded 8 deaths (also 1 more than the federal total for that state.) All reports indicate that Sao Paulo has 21 deaths.

Netanyahu warns Putin: 'We'll act in Lebanon if necessary'

Relaying to journalists the content of his latest tête-à-tête with Russia's President Putin, Netanyahu says he emphasized the gravity of precision missiles reaching Lebanon, vowed IDF would act to prevent such an eventuality; PM says he also told Putin Israel would act to prevent Iranian military entrenchment in Syria, but acknowledged Israel 'is already operating.'

Israel will act to prevent the transfer of precision missiles to Lebanese soil if forced to, Prime Minister Benjamin Netanyahu said Monday, following a meeting earlier with Russian President Vladimir Putin in Moscow.

"I just finished in-depth and good talks with Russian President Vladimir Putin. I told him that Israel views two developments with utmost gravity: First is Iran's efforts to establish a military presence in Syria and second is Iran's attempt to manufacture—in Lebanon—precision weapons against the State of Israel," he told journalists at the conclusion of the meeting, the first since [their last last tête-à-tête](#) in August 2017.

"I made it clear to him that we will not agree to either one of these developments and will act according to need," Netanyahu added.

Iranian military leaders claimed Monday that they threatened two American-led vessels in international waters amid a series of new war drills being carried out by the Islamic Republic, according to regional reports and U.S. military officials who confirmed to the *Washington Free Beacon* contact with the Iranian vessels.

As Iran carries out a several days long series of war drills in the Sea of Oman, off the country's southern border, military leaders claim to have warned off at least two vessels led by U.S. coalition forces in the region.

The European Union pledged its support Monday for Palestinian Authority chief Mahmoud Abbas' vision of a Palestinian state with Jerusalem as its capital.

On Monday, PA chairman Abbas met with European Union Foreign Affairs High Representative Federica Mogherini in the EU capital in Brussels, in a bid by the PA leader to win recognition for Palestinian statehood from the 28-member European body.

The trip, which coincides with [Vice President Mike Pence's three-day visit to Israel](#), is part of a larger effort to circumvent the US, the traditional broker of PA-Israel negotiations, and push to take a more active role in the Middle East.

[On Sunday](#), the PA's foreign affairs chief Riyad Al-Maliki told *AFP* that the "rules of the game" had been fundamentally altered by President Donald Trump's decision [to recognize Jerusalem](#) as the Israeli capital.

"Since Trump's decision has altered the rules of the game, he (Abbas) expects the European foreign ministers to come forward and collectively recognize the state of Palestine as a way to respond back to Trump's decision," Maliki said.

"If the Europeans want to be a player then they have to be fair in their treatment of both parties and this should start with the recognition of the state of Palestine."

During his meeting with Mogherini, Abbas urged the EU to back his plans for Palestinian statehood, and efforts to make eastern Jerusalem the capital of the new state. Abbas also hinted at his desire for renewed negotiations – led by the EU.

Soros: Trump has US 'set on a course towards nuclear war'

- Billionaire investor and political activist George Soros said President Donald Trump has the U.S. set on a course for nuclear war with North Korea.
- Speaking at the World Economic Forum in Davos, Switzerland, Soros said Trump is trying to establish a "mafia state" in the U.S. but has failed so far.
- The progressive activist said he sees the president's place in the world as "temporary" and likely to "disappear in 2020 or even sooner."

There will be a showdown with Satan on Tuesday in the Missouri Supreme Court.

Not with Lucifer himself, but with a group called the Satanic Temple that is going to bat for a woman identified as "Mary Doe." She contends the state's informed consent law, which required her to wait 72 hours before having an abortion in May 2015, violated her religious beliefs.

Specifically, the woman — identified in the [case summary](#) as a "Greene County resident" — says she was forced to view an ultrasound of her fetus and pledge that she read a booklet stating that the "life of every human being begins at conception."

This despite the fact that Doe advised the doctors at the St. Louis clinic that "she adheres to principles of the
