والعلامات حتى 20 مارس 2018

Holy_bible_1

اكرر هدفي فقط من هذه الخدمة أن نذكر بعضنا باننا نحتاج ان نستعد أي حياة اليقظة الروحية. والاستعداد ليس فقط قبل مجيء المسيح بل ايضا قبل الظلمة التي ستسبق مجيؤه ليكون عندنا زيت في مصابيحنا يكفي ان نعبر هذه الظلمة وتكون مصابيحنا مضيئة وقت مجيؤه او من منا سيسلم وديعته في أي وقت. بمعنى نحتاج من الان ان نستعد بقوة بأيمان عامل وبتنقية القلب وان نثمر بالخدمة أي نجمع زيت في مصابيحنا لان الظلمة والضيق اقتربت جدا ومن لن يستعد لها بزيت كافي من الان لن يجد زيت في الضيقة لان وقتها تجميع زيت سيكون صعب جدا بل أستطيع ان أقول من مثل العذاري انه لن يكون هناك زيت الا ما جمعه سابقا.

أفضل ان اقول لنفسي ولكم استعدوا الان لأنه اقترب فنكون مستعدين سواء جاء او نحن ان سلمنا وديعتنا عن أنى لا اقول انه اقترب لكيلا يقال عني كاذب وانشر اشاعات او اخيف البعض

ولكنه يأتي بسرعة بغته. لا اعتقد اي أحد ندم لأنه كان مستعد ومنتظر مجيء المسيح ولم يأتي

المسيح في زمنه ولكنه انتقل وهو مستعد ولكن كثيرين جدا ندموا على عدم الاستعداد عندما

انتقلوا

المسيح قال بعض العلامات مثل

انجيل لوقا 21

21: 10 ثم قال لهم تقوم امة على امة ومملكة على مملكة

21: 11 وتكون زلازل عظيمة في اماكن ومجاعات واوبئة وتكون مخاوف وعلامات عظيمة من

السماء

21: 25 وتكون علامات في الشمس والقمر والنجوم وعلى الارض كرب امم بحيرة البحر والامواج

تضج

21: 26 والناس يغطى عليهم من خوف وانتظار ما يأتي على المسكونة لان قوات السماوات

تتزعزع

21: 27 وحينئذ يبصرون ابن الانسان اتيا في سحابة بقوة و مجد كثير

سفر اعمال الرسل 2

2: 19 واعطي عجائب في السماء من فوق وآيات على الارض من أسفل دما ونارا وبخار دخان

2: 20 تتحول الشمس الى ظلمة والقمر الى دم قبل ان يجيء يوم الرب العظيم الشهير

2: 21 ويكون كل من يدعو باسم الرب يخلص

لماذا قال المسيح بعض العلامات؟

أولا لكيلا نرتاع

انجيل متى 24

مت 24: 6 وسوف تسمعون بحروب واخبار حروب **لا ترتاعوا** لأنه لا بد ان تكون هذه

كلها ولكن ليس المنتهى بعد

ثانيا لنؤمن

إنجيل يوحنا 14: 29

وَقُلْتُ لَكُمْ الْآنَ قَبْلَ أَنْ يَكُونَ، حَتَّى مَتَى كَانَ تُؤْمِنُونَ.

ثالثا لنتنبه ونستعد

انجيل لوقا 21

28 وَمَتَى ابْتَدَأَتْ هَذِهِ تَكُونُ، فَانْتَصِبُوا وَارْفَعُوا رُؤُوسَكُمْ لِأَنَّ نَجَاتَكُمْ تَقْتَرِبُ.»

ناسا يوم الأربعاء تحذر من عاصفة شمسية قوية متوقعة قد تسبب انقطاع الطاقة

NASA warns MONSTER SOLAR STORM to slam Earth TODAY and spark total POWER wipeout

A SOLAR storm is Earth-bound and scientists have warned the storm could wipe out power and trigger the Northern Lights in parts of the UK in a wave of geomagnetic activity.

By **SEAN MARTIN**

PUBLISHED: 08:38, Wed, Mar 14, 2018 | UPDATED: 08:40, Wed, Mar 14, 2018

NASA captures 4K view of incredible solar flare

NASA's Solar Dynamics Observatory captured this imagery of an M6.7 solar flare - as seen in the bright flash - around 8:30 p.m. EDT on April 17, 2016.

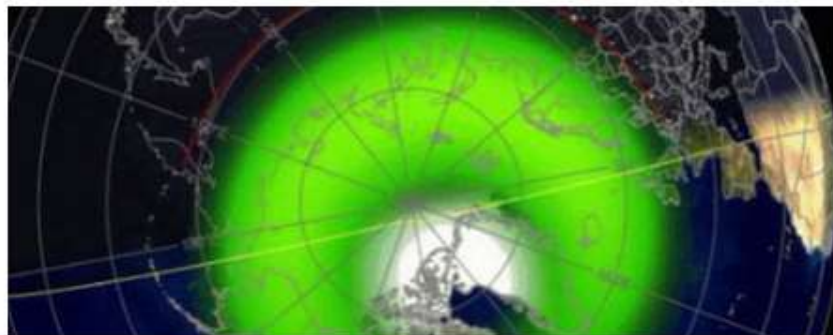

NASA

An enormous explosion on the surface of the Sun blasted an array of solar particles Earth's way and the storm will hit today.

Scientists have warned the storm could wipe out satellites, GPS navigation systems and mobile phone signals.

The solar storm will hit the northern hemisphere, which could lead to the Northern Lights, or aurora borealis, being seen as far south as the upper reaches of Scotland.

The US National Oceanic and Atmospheric Administration (NOAA), who spotted the solar storm using two NASA satellites, said: "A minor geomagnetic storm watch is now in effect for the 14 and 15 March, 2018. Aurora may be visible at high latitudes."

بقعة شمسية كبيرة تسبب مخاوف

A GASH IN THE SUN'S ATMOSPHERE: A canyon-like hole has opened in the sun's atmosphere, and it is spewing a broad stream of solar wind toward Earth. NASA's Solar Dynamics Observatory is monitoring the structure, shown here on March 13th:

This is a "coronal hole"—a region where the sun's magnetic field opens up and allows solar wind to escape. Coronal holes appear, in various shapes and forms, several times each month. This one is unusually wide, stretching more than 800,000 km across the face of the sun.

NOAA forecasters say there is a 55% chance of [G1-class](#) geomagnetic storms when the solar wind stream arrives on [March 14th](#) or [15th](#). G1-class storms are relatively minor and have little effect on satellites and global power grids. However, they can disorient animals that migrate using magnetic cues at high latitudes and usually spark bright auroras around the Arctic Circle. Free: [Aurora Alerts](#)

A daylight fireball was recorded streaking Oklahoma and Texas around 21:16 UTC (16:16 CDT) on March 13, 2018. The object turned 'blindingly bright' before it disappeared and was followed by a sonic boom.

Numerous residents across central Oklahoma and northern Texas reported a 'shaking boom' shortly after 16:00 CST yesterday.

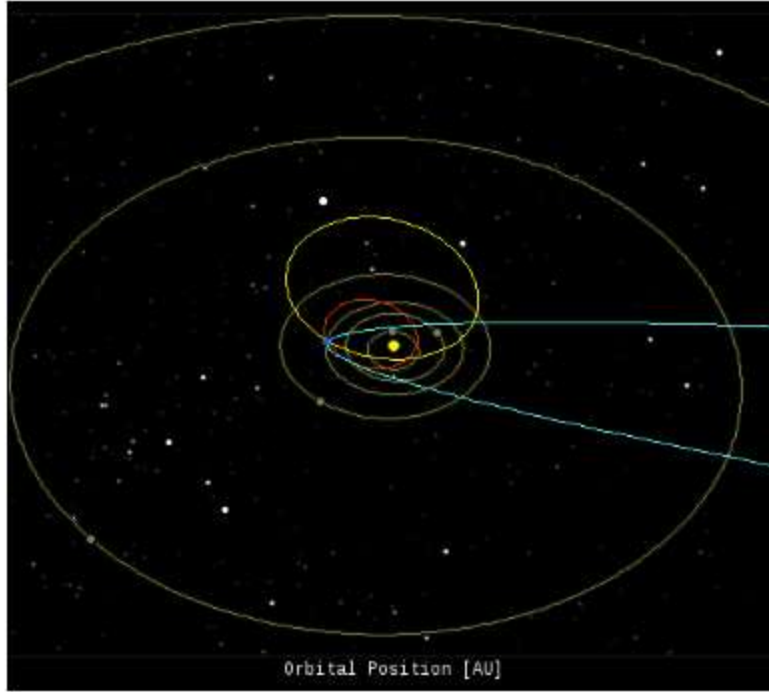

Several hours later, a video emerged showing a very fast daylight fireball over Plano, northern Texas, leading authorities to conclude it as a source of the boom.

Mystery: 60 birds are dead and have heart plucked

From the Newsroom | Curitiba | Posted in March 2, 2018 | 12:53

(Photo: Collaboration)

A mysterious situation left the residents of Bairro Alto, in Curitiba, quite frightened. Sixty birds were found dead in a chicken coop.

Only two chickens were left alive. The other birds - among geese, ducks and chickens - had their hearts torn out. The hen owner found all the dead animals, with precise cuts on the chest, back and neck. In addition, no blood markers were identified in on-site burglary signs.

Winter fish kill found at Pymatuning Lake

Posted: Mar 02, 2018 3:41 PM MST

Updated: Mar 08, 2018 2:45 PM MST

By Matt Stone, Reporter [CONNECT](#)

LINESVILLE, Pa. - People who live around Pymatuning Lake discovered a fish kill over the last couple of days.

The Spillway located near Linesville, PA is known as the place where the ducks walk on the fish but today that took on a much different meaning.

Thousands of dead fish could be found on the shores and alcoves of Pymatuning Lake.

But according to the Pennsylvania Fish Commission, there is no need for alarm.

Freeman Johns, with the commission, said it's a natural phenomenon and not due to a disease or virus.

"The majority of the fish are gizzard shad. It's quite normal for them to die off like this in a normal winter where we have good ice cover. They are very sensitive to sudden temperature drops. We haven't had a fish kill like this in a couple years so it's going to look more dramatic this year," said Johns.

Shad are small foraging fish that are basically food for larger fish like walleye and muskie.

There was also a fish kill on the lake last September.

"Last summer we had a lot of carp die in the lake, it made the news a lot. It was associated with the cox herpes virus. That only affected the carp. It was pretty dramatic, killed a lot of carp. You'll see a lot less of them at the spillway this year," Johns said.

So no connection there. But winter kills like this are common and do not pose a hazard to the other fish, nor do they pose a hazard to anyone who may want to consume any fish from the lake.

Residents of the independent banana farms of the community of Divalá, in the province of Chiriqui, expressed their concern after hundreds of dead fish appeared in the Chiriqui Viejo River.

The residents said that the situation was registered for two days.

Suddenly they observed hundreds of dead and other dying fish on the riverbank.

Lucinio Reyes, one of the residents of the sector, said that what worries him most is that some of the villagers proceeded to collect the fish to eat, without knowing what was the cause of death.

An **outbreak** of the highly pathogenic H5N8 bird flu was found on a poultry farm in **General Toshevo** in the region of Dobrich, said the press office of the **Bulgarian Food Safety Agency**.

Immediate steps were taken to eradicate the **outbreak**, in compliance with EU laws, including culling some 140,000 birds. A three-kilometre protection zone and a 10-km observation area around the livestock area were set up, and the trade and movement of domestic, wild and other birds, trade in eggs and hatching eggs, the organisation of fairs, markets, exhibitions or other gatherings of poultry or other birds were banned, the agency said.

The fish were spotted in the river on Sunday

Thousands of dead fish have been found following the suspected pollution of a river in Lincolnshire.

The fish - dead or gasping for air - were spotted on Sunday in the River Witham between Kirkstead Bridge and Bardney Bridge, near Woodhall Spa.

The Environment Agency (EA) said it was a "very serious" case.

It said officers would be working to trace the source of pollution and would take any appropriate enforcement action once the source was identified.

The EA said the water contained high levels of ammonia.

Over 700 thousand animals in Mongolia die from severe wintry weather

Source: Xinhua 2018-03-07 20:10:41

ULAN BATOR, March 7 (Xinhua) -- A total of 710,740 animals have died so far this year in Mongolia due to the extreme wintry weather known as "dzud", the country's meteorology service said Wednesday.

The dzud is a brutal weather phenomenon in Mongolia where a dry summer followed by a frigid winter kills vast numbers of livestock either by starvation or cold.

Snowfall covered up to 50 percent of the country, with 66 administrative subdivisions in 12 provinces experiencing dzud or near dzud conditions, Mongolian National Agency for Meteorology and Environmental Monitoring said in a statement.

Among the provinces, Khovd and Uvs in the west, Khuvsgul in the northwest, as well as Khentii in the east registered the highest rates of animal death.

Nearly 40 percent of the country's nomad population is dependent on animal husbandry and rain-fed agriculture for livelihood.

Thousands of herders lose their animals almost every year to the dzud, which forces them to seek new opportunities in the capital city of Ulan Bator. In 2016, more than 1 million animals were killed by the dzud.

UK seeing outbreak of highly azithromycin-resistant gonorrhea

Filed Under: [Gonorrhea](#); [Antimicrobial Stewardship](#)Chris Dall | [News Reporter](#) | [CIDRAP News](#) | Mar 07, 2018[Share](#)[Tweet](#)[LinkedIn](#)[Email](#)[Print & PDF](#)

Researchers with Public Health England (PHE) are reporting sustained transmission of high-level azithromycin-resistant (HL-AziR) *Neisseria gonorrhoeae* infections across England, and a separate paper notes ceftriaxone-resistant gonorrhea in Australia.

In a study yesterday in *The Lancet Infectious Diseases*, the PHE researchers report that 37 of 60 HL-AziR *N gonorrhoeae* isolates collected in England from November 2014 through February 2017 belonged to a single multi-antigen sequence type (ST9768). This is the same sequence type that was initially identified in seven *N gonorrhoeae* isolates tested when the outbreak was first identified in Leeds in 2015.

When compared with 110 *N gonorrhoeae* isolates from the United Kingdom and Ireland with ranges of azithromycin resistance, the isolates from ST9768 clustered into three phylogenetic clades and were all found to be genetically similar, with a mean distance of 4.3 single nucleotide polymorphisms (SNPs). All of the ST9768 isolates shared a recent common ancestor indicative of recent transmission.

Russia says U.S. plans to strike Damascus, pledges military response

Reuters Staff

2 MIN READ

MOSCOW (Reuters) - Russia said on Tuesday it had information that the United States planned to bomb the government quarter in Damascus on an invented pretext, and said it would respond militarily if it felt Russian lives were threatened by such an attack.

Chief of the General Staff of Russian Armed Forces, Valery Gerasimov, arrives for the opening ceremony of the International Army Games 2017 in Alabino, outside Moscow, Russia, July 29, 2017. REUTERS/Maxim Shemetov

Theresa May: Russia 'highly likely' to be responsible for Skripal

Tensions between the two nations are reaching boiling point as the Kremlin reacted this morning to the latest from London.

Theresa May has this afternoon imposed harsh retaliatory measures on Russia, including the expulsion of 23 high-level 'diplomats', which the Prime Minister said were in reality "undeclared intelligence officers". The move marks the biggest such dismissal in more than 30 years.

Putin's spokesman Dmitry Peskov this morning reiterated Moscow's claim the Kremlin had "no connection" to the poisoning of double agent Sergei Skripal in Salisbury and issued a stark warning to the UK.

Russian news agency Tass quoted Mr Peskov as saying: "Moscow's stance is well-known, London was told about Moscow's position through diplomatic channels. Moscow has no connection to the incident that took place in the United Kingdom."

NATO urges Russia to answer UK questions on spy poisoning

by Staff Writers
Brussels (AFP) March 14, 2018

All 29 NATO countries urged Russia Wednesday to answer Britain's questions over the poisoning of an ex-spy in what they called the first ever offensive use of a nerve agent on the alliance's territory.

The joint statement by the 29 member countries of the US-led alliance said the attack against Sergei Skripal and his daughter Yulia in Salisbury, southwest England, was a "clear breach of international norms and agreements".

"Allies expressed deep concern at the first offensive use of a nerve agent on Alliance territory since NATO's foundation," said the statement by the North Atlantic Council, which groups NATO allies.

"Allies expressed solidarity with the UK, offered their support in the conduct of the ongoing investigation, and called on Russia to address the UK's questions, including providing full and complete disclosure of the Novichok programme to the Organisation for the Prohibition of Chemical Weapons", they added.

British Prime Minister Theresa May has said a "military grade" nerve agent known as Novichok was used in the March 4 incident.

"Allies agreed that the attack was a clear breach of international norms and agreements," the statement said.

أمريكا تستعد لان تخرج من الاتفاق النووي الإيراني

Iranian official: U.S. determined to leave nuclear deal

Iran's deputy foreign minister says dismissal of Tillerson shows that Washington is set on quitting the nuclear deal.

Contact Editor Elad Benari, 15/03/18 06:15

Abbas Araqchi (Reuters)

The dismissal of U.S. Secretary of State Rex Tillerson shows that Washington is set on quitting the nuclear deal between Tehran and world powers, Iran's deputy foreign minister said Wednesday, according to AFP.

"The United States is determined to leave the nuclear deal, and changes at the State Department were made with that goal in mind -- or at least it was one of the reasons," Deputy Foreign Minister Abbas Araqchi said in comments carried by Iranian state media.

Iranian official: We won't accept changes to nuclear deal

Senior Iranian official warns Europe against cooperating with U.S. attempts to change 2015 nuclear deal.

Contact Editor Elad Benari, 18/03/18 08:11

Ali Shamkhani (Reuters)

A senior Iranian official stressed on Saturday that the Islamic Republic will not accept any changes to the 2015 nuclear deal with world powers, after the United States said it was seeking a "supplemental" accord with European powers.

"We will not accept any changes, any interpretation or new measure aimed at limiting" the 2015 deal between Iran and major powers, the official, Ali Shamkhani, was quoted by AFP as having said.

Shamkhani, secretary of the Supreme National Security Council, also warned European countries "against the temptation of playing at the same game as the Americans."

"The ballistic program of the Islamic Republic of Iran, which has a defensive nature, will steadfastly continue," said Shamkhani, who is a close ally of Iranian Supreme Leader

EMAIL

BY: Adam Kredo

March 14, 2018 12:20 pm

Kim Jong-Un / Getty Images

The United States is monitoring information indicating that North Korea may be running a large underground military base in Syria that could be used for advanced weaponry and nuclear-related work, according to regional reports and U.S. officials tracking the situation.

Regional reports have begun to surface indicating North Korea has neared completion of the construction of an underground military base located near Qardaha in Syria, the hometown of embattled Syrian President Bashar al-Assad.

"According to ... satellite images and a military source the underground facility has been under construction for seven years, started by the beginning of the Syrian revolution in March 2011."

Steam vapor plumes at the 5 MWe reactor.

(CNN) — New satellite imagery examined by Western experts suggests North Korea has begun preliminary testing of one of its nuclear reactors at the Yongbyon research facility. The disclosure comes as preparations get underway for the summit between North Korean leader Kim Jong Un and South Korean President Moon Jae-in next month -- and ahead of Kim's planned meeting with President Trump in May.

European Parliament in 'secret' talks with N. Korea

By Damon WAKE
Strasbourg, France (AFP) March 14, 2018

A European Parliament delegation said Wednesday it has been conducting secret talks with North Korea over the last three years to try to persuade Pyongyang to negotiate an end to its nuclear programme.

The group led by British MEP Nirj Deva has met senior North Korean officials, including ministers, 14 times and plans another meeting in Brussels in the near future.

News of the below-the-radar diplomacy effort comes after the surprise announcement that US President Donald Trump plans a summit with North Korean leader Kim Jong Un, part of fast-paced developments following an Olympic detente.

Deva said he and his colleagues on the European Parliament Delegation for Relations with the Korean Peninsula had been "relentlessly advocating the case for dialogue without preconditions" to end the increasingly tense nuclear standoff with the North.

"I did much of the advocacy in secrecy with my colleagues. It is only now that I am revealing our efforts to a wider audience in the light of the proposed talks," Deva said.

The group also met senior officials in the US, China, Japan and South Korea, Deva said, for dialogue aimed at achieving a "verifiable denuclearised Korean peninsula".

"We met in secret with senior North Koreans on 14 occasions. We understood their concerns and they understand ours," he told a press conference at the European Parliament in Strasbourg.

A Florida teenager is accused of murdering a 13-year-old boy and injuring two others in a stabbing attack, which he said was "because of his Muslim faith."

Local media [reports](#) that 17-year-old Corey Johnson will face charges of first-degree murder after officers attended a scene in Palm Beach Gardens on Monday where 13-year-old Jovanni Brand was dead, while mother Elaine Simon and her 13-year-old son Dane Bancroft were also found suffering from stab wounds.

According to local police, Johnson was attending a sleepover at a friend's house, when around 4 a.m. he decided to carry out the attack while other guests were asleep.

"Johnson advised at 4 a.m. he realized that everyone in the house was asleep," wrote Officer Jennifer Brashear in a probable cause affidavit. "At that time, Johnson made the decision to kill Elaine, Dane, and Jovanni in their sleep."

The Chinese government is considering a plan to abolish the State Administration of Press, Publication, Radio, Film and Television (SAPPRFT) and replace it with an even more powerful censorship agency directly overseen by the State Council, which is the Chinese equivalent of a presidential cabinet.

The move would tighten the Communist Party's control over media—and not just Chinese media, judging from recent [applications](#) of “sharp power” to enforce China's speech controls against Western citizens.

“The proposed administration directly under the State Council will be responsible for drafting policies and measures for radio and television management and their implementation, coordinating development of broadcasting undertakings and industries, promoting institutional reform in the sectors, importing radio and television programs, and facilitating the sectors to go global,” China's state-run Xinhua news agency [reported](#) on Tuesday.

Walmart files patent for robotic bees, are they planning for future extinction?

By [Emily](#) - 03/16/2018 Region: [Global](#) [2](#)

Will there be robot-bees in the future? It has been discovered that Walmart filed for a patent for robotic bees that would be autonomous pollination drones for crops. The Robo-bee patent marks only one of six patents Walmart filed for drone farming tech.

How does it work? The robotic bees would include at least one pollen applicator and one sensor to detect the pollen per device. The patent notes that there has been a steady decline of pollinators in recent years. Concerned, scientists have held

A diamond embedded in a finger in place of traditional engagement band (Photo: Screenshot)

Forget that traditional diamond-encrusted gold band – now millennials are embracing a new trend to show off their engagement: a diamond embedded *inside* a soon-to-be bride's finger.

"We notice a lot of people coming looking for that," Sam Abbas, who owns NYC Ink Studio in the West Village, told New York's WCBS-TV 2.

However, the trend comes with health risks, he said.

"You're dealing with the blood, so you got to be very, very safe," Abbas warned. "What we do, we sterilize everything."

Xi Jinping's China enforces insane Christian persecution as authorities remove crosses from church

By  Emily - 03/14/2018

 2

The most recent documented act of Christian persecution in China occurred on the 9th of March when Chinese authorities forced their way into Shangqiu Catholic Church South Cathedral in Henan Province to turn off the electricity and forcibly close priests and nuns in the building while they used a crane to remove crosses.

Authorities confiscated the priests and nuns cell phones, cut off the power and secured the doors to ensure no one could enter or leave the site. Church officials received no warning or official documentation regarding this, so they contacted the police, who then came and took them into custody.

Learn Basics To Advanced Techniques. Get Access to Examples, Videos & 30-...

Ad MathWorks

[Learn more](#)

The removal of the crosses lasted almost 5 hours. The Chinese website Catholics Online says that the authorities original intention was to forcibly occupy the church, but when they were unable to do so they instead removed the crosses from the exterior of the building.

School District Bans Chaplain From Praying With Football Team

10:30AM EDT 3/15/2018

Todd Starnes

A football player kneels in prayer. (KeithJJ/Pixabay/Public Domain)

A Baptist pastor will no longer be permitted to serve as a chaplain for an Oklahoma high school football team after a notorious group of atheists filed a formal complaint.

The Freedom From Religion Foundation, a Wisconsin-based group of atheists, agnostics and free-thinkers, was triggered by reports that the Cherokee Baptist Church had been feeding and providing assistance to the Putnam City High School football team.

Mike Keahbone, the church's senior pastor, had been invited on occasion to deliver pre-game prayers in the team's locker room.

"Public school football teams cannot appoint or employ a chaplain, seek out a spiritual leader for the team or agree to have a volunteer team chaplain, because

Saying 'God Bless You' is Islamomisia, College Claims

7:00AM EDT 3/16/2018

Todd Starnes

If you happen to be in the library at Simmons College in Boston and somebody sneezes, whatever you do, don't say "God bless you." (Free-Photos / Pixabay/Public Domain)

If you happen to be in the library at Simmons College in Boston and somebody sneezes, whatever you do, don't say "God bless you."

That's because the librarians believe that the phrase "God Bless You" can spark something worse than a microaggression. They fear it could spark an Islamophobic microaggression.

That's right, folks—saying "God Bless you" is considered a form of "Islamomisia."

That bit of information is tucked inside the college's **Anti-Oppression Library Guide**—an exhaustive collection of words and phrases that could trigger perpetually offended collegiate snowflakes.

Islamomisia is a fairly new malady that until recently was known as Islamphobia.

New Age Oprah Mocks God and Jesus on the Late Show with Stephen Colbert

By [Emily](#) - 03/15/2018 Region: [Global](#) 5

Oprah Winfrey in New York City 2014 Credit: [Flickr](#)

The Late Show with Stephen Colbert hosted a blasphemous segment with New Age Oprah that they called, "Oprah Winfrey gets some career advice from a slightly less famous figure: the Lord." During the show, they openly mocked God and Jesus.

As the show opens, Steven Colbert begins to introduce Oprah, but she interrupts before he can say her name. "We're here with" Colbert begins, then Oprah blurts out, "God." Colbert

Police Arrest Eleven in San Antonio, Texas Found to be Grotesque Satanic Ritual

By **Nate Brown** - 03/17/2018 Region: **Texas** 7

     **188** SHARES

Police were called to the scene of a San Antonio residence and discovered nearly a dozen people partaking in what appears to be a satanic ritual. An anonymous individual called authorities after hearing sounds of animals in distress.

Authorities were dispatched at or around seven pm to the 11400 block of Bronze Sand Road, San Antonio, Texas. Allegedly, neighbors reported to police that animals were being

College Student Banned From Religious Studies Class After Saying There Are Only 2 Genders

Mar 13, 2018 | 0 | ★★★★★

A student at Indiana University of Pennsylvania claims that he has been barred from a religious studies class he needs to graduate this May and asked to apologize after voicing his belief that there are only two biological genders. Last week, IUP student Lake Ingle took to his Facebook page to let his disbelief be known. He is being punished, he wrote, by the university for his response after the professor of his class on "self, sin and salvation" showed a TED Talks video featuring transgender woman Paula Stone Williams. Ingle detailed his "best and fairest" account of the incident that transpired after Dr. Alison

Parents Barred From Questioning 'Gender Identity' Changes at Virginia School District Meeting

Mar 16, 2018 | 0 * | ★★★★★

Concerned parents in a Virginia suburb of Washington, D.C. were barred during a recent committee hearing from questioning a motion to replace the terms "biological sex" and "biological gender" with the phrase "sex assigned at birth" in public school curriculum. Tensions arose during Thursday's meeting of the Fairfax County

A grocery chain in the United Kingdom has drawn media attention for selling gender neutral Mother's Day cards to make the day more "transgender inclusive."

Waitrose, an upscale grocery, stocked transgender-friendly cards among its selection for Mother's Day s, which was March 11 in the U.K.

Some examples of gender-inclusive card slogans and greetings include:

- "Happy You Day."

فلهذا اطلب أن نصلي ونستعد ونعد زيت لمصاييحنا لاستقبال العريس بالصلاة والصوم وخدمة
أبناء الله وتنقية القلب والاستعداد بلبس العرس.

رسالة بولس الرسول الي أهل رومية 13

13: 11 هذا وأنكم عارفون الوقت انها الان ساعة لنستيقظ من النوم فان خلاصنا الان أقرب مما
كان حين امنا

13: 12 قد تنهى الليل وتقارب النهار فلنخلع اعمال الظلمة ونلبس اسلحة النور

13: 13 لنسلك بلباقة كما في النهار لا بالبطر والسكر لا بالمضاجع والعهر لا بالخصام والحسد

13: 14 بل البسوا الرب يسوع المسيح ولا تصنعوا تدبيرا للجسد لأجل الشهوات

احترس ان لم تتمسك بالمسيح من الان قد لا تستطيع في المستقبل القريب بسبب الظلام.

وكما قلت هو اخبرنا لكي لا نخاف

انجيل متى 24

مت 24: 6 وسوف تسمعون بحروب واخبار حروب **لا ترتاعوا** لأنه لا بد ان تكون هذه

كلها ولكن ليس المنتهى بعد

بطرس الأولى 3: 14

وَلَكِنْ وَإِنْ تَأَلَّمْتُمْ مِنْ أَجْلِ الْبِرِّ، فَطُوبَاكُمْ. وَأَمَّا خَوْفُهُمْ فَلَا تَخَافُوهُ وَلَا تَضْطَرُّوْا،

بل نؤمن

إنجيل يوحنا 14: 29

وَقُلْتُ لَكُمْ الْآنَ قَبْلَ أَنْ يَكُونَ، حَتَّى مَتَى كَانَ تُؤْمِنُونَ.

ثالثا لنتنبه ونستعد

انجيل لوقا 21

28 وَمَتَى ابْتَدَأَتْ هَذِهِ تَكُونُ، فَاَنْتَصِبُوا وَارْفَعُوا رُؤُوسَكُمْ لِأَنَّ نَجَاتَكُمْ تَقْتَرِبُ.»

افرحوا لان عريسنا قد اقترب مجيؤه. وانتبهوا الشيطان يريد أن نفقد سلامنا ولا ننال أكاليل.

وأیضا استعدوا فقد تسلموا وديعتكم في أي وقت فهناك 150 ألف شخص يموتوا في اليوم الواحد

انت لا تعرف متى ستكون منهم

المسيح اقترب فاصنعوا ثمار تليق بالتوبة واستعدوا لاستقبال العريس.

والمجد لله دائما
