اكرر هدفي فقط من هذه الخدمة أن نذكر بعضنا باننا نحتاج ان نستعد أي حياة اليقظة الروحية. والاستعداد ليس فقط قبل مجيء المسيح بل ايضا قبل الظلمة التي ستسبق مجيؤه ليكون عندنا زيت في مصابيحنا يكفي ان نعبر هذه الظلمة وتكون مصابيحنا مضيئة وقت مجيؤه او من منا سيسلم وديعته في أي وقت. بمعنى نحتاج من الان ان نستعد بقوة بأيمان عامل وبتنقية القلب وان نثمر بالخدمة أي نجمع زيت في مصابيحنا لان الظلمة والضيقة اقتربت جدا ومن لن يستعد لها بزيت كافي من الان لن يجد زيت في الضيقة لان وقتها تجميع زيت سيكون صعب جدا بل أستطيع ان أقول من مثل العذاري انه لن يكون هناك زيت الا ما جمعته سابقا.

أفضل ان اقول لنفسي ولكم استعدوا الان لأنه اقترب فنكون مستعدين سواء جاء او نحن ان سلمنا وديعتنا عن أنى لا اقول انه اقترب لكيلا يقال عني كاذب وانشر اشاعات او اخيف البعض

ولكنه يأتي بسرعة بغته. لا اعتقد اي أحد ندم لأنه كان مستعد ومنتظر مجيء المسيح ولم يأتي

المسيح في زمنه ولكنه انتقل وهو مستعد ولكن كثيرين جدا ندموا على عدم الاستعداد عندما

انتقلوا

المسيح قال بعض العلامات مثل

انجيل لوقا 21

21: 10 ثم قال لهم تقوم امة على امة ومملكة على مملكة

21: 11 وتكون زلازل عظيمة في اماكن ومجاعات واوبئة وتكون مخاوف وعلامات عظيمة من

السماء

21: 25 وتكون علامات في الشمس والقمر والنجوم وعلى الارض كرب امم بحيرة البحر والامواج

تضج

21: 26 والناس يغطى عليهم من خوف وانتظار ما يأتي على المسكونة لان قوات السماوات

تتزعزع

21: 27 وحينئذ يبصرون ابن الانسان اتيا في سحابة بقوة و مجد كثير

سفر اعمال الرسل 2

2: 19 واعطي عجائب في السماء من فوق وآيات على الارض من أسفل دما ونارا وبخار دخان

2: 20 تتحول الشمس الى ظلمة والقمر الى دم قبل ان يجيء يوم الرب العظيم الشهير

2: 21 ويكون كل من يدعو باسم الرب يخلص

لماذا قال المسيح بعض العلامات؟

أولا لكيلا نرتاع

انجيل متى 24

مت 24: 6 وسوف تسمعون بحروب واخبار حروب **لا ترتاعوا** لأنه لا بد ان تكون هذه

كلها ولكن ليس المنتهى بعد

ثانيا لنؤمن

إنجيل يوحنا 14: 29

وَقُلْتُ لَكُمْ الْآنَ قَبْلَ أَنْ يَكُونَ، حَتَّى مَتَى كَانَ تُؤْمِنُونَ.

ثالثا لنتنبه ونستعد

انجيل لوقا 21

28 وَمَتَى ابْتَدَأَتْ هَذِهِ تَكُونُ، فَانْتَصِبُوا وَارْفَعُوا رُؤُوسَكُمْ لِأَنَّ نَجَاتَكُمْ تَقْتَرِبُ.»

AMATEUR ASTRONOMERS FIND A BRIGHT NEW COMET: There's a new comet in the morning sky. Discovered just last week by three amateur astronomers—one in Arizona and two in Japan—Comet Machholz-Fujikawa-Iwamoto (C/2018 V1) has quadrupled in brightness over the past few days. "It is now glowing like a fuzzy 8th magnitude star in the constellation Virgo," reports Michael Jäger of Turmkogel, Austria, who photographed it on Nov. 11th:

"The discovery of a comet by amateur astronomers is a rare event nowadays because robotic Near-Earth-Object search programs usually catch them first," he says. "My special congratulations to the three discoverers."

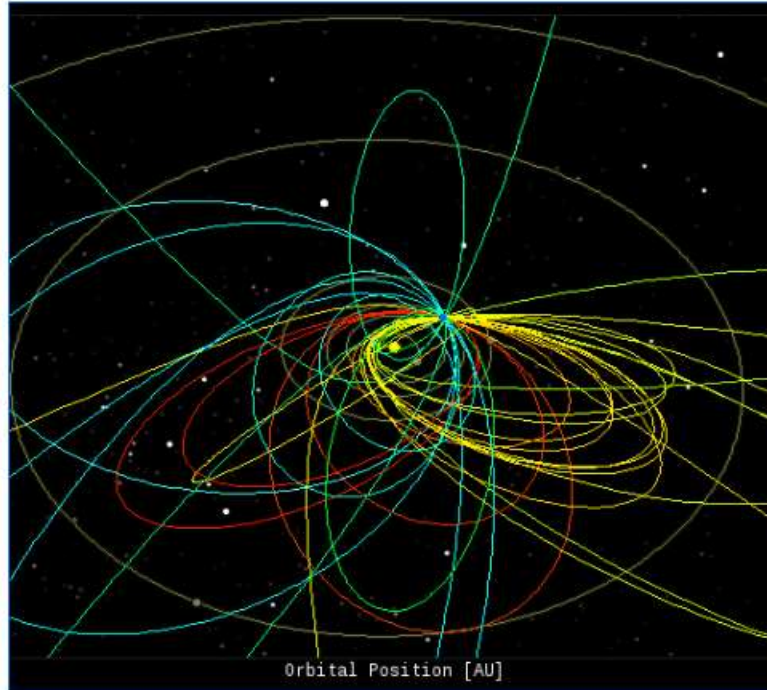

Comet Machholz-Fujikawa-Iwamoto appears to be a first-time visitor to the inner solar system. It is plunging toward the sun on nearly-parabolic orbit that will take it just inside the orbit of Mercury. Closest approach to the sun (0.38 AU) is on Dec. 3-4; closest approach to Earth (0.67 AU) is Nov. 27th.

CHINA is launching a bizarre bid to control Earth's weather so it can shift rain clouds thousands of miles from its soaking south to its parched north.

Six satellites will form a ring to spot water-laden clouds and create an atmospheric corridor to allow them to move to the arid regions, state media said.

Northern California Wildfire Nearly Quadruples in Size

11-09-2018 - Associated Press

PARADISE, Calif. (AP) - A wildfire that moved so fast that firefighters couldn't hope to stop it quadrupled in size Friday after destroying several thousand buildings and leveling much of a Northern California town of nearly 30,000 people, authorities said.

Only a day after it began, the fire near the town of Paradise had grown to nearly 110 square miles (285 square kilometers).

"There was really no firefight involved," said Capt. Scott McLean of the California Department of Forestry and Fire Protection, explaining that

The wildfire that devastated the northern California city of Paradise this week already the most destructive in state history in terms of structures burned, and the toll is likely to get even worse.

More than 6,700 structures burned to the ground in northern California's Camp Fire on Thursday and Friday, eclipsing the previous tally from last October's Tubbs Fire in the wine counties of Napa and Sonoma, according to the California Department of Forestry and Fire Protection. Authorities have not yet given a tally of structures destroyed by the Hill and Woolsey fires now burning in Ventura and Los Angeles, in Southern California.

Residents of Paradise, California, forced to evacuate due to a wildfire are learning that many homes and businesses were destroyed. Firefighters say flames moved so fast there was nothing they could do. (Nov. 9) AP

A third of Australians at risk of Listeria infection

By [Joe Whitworth](#) on November 10, 2018

One in three Australians could be at risk of Listeria infection, according to the Food Safety Information Council.

Research, conducted by Omnipoll, found one in three people are either at risk of infection themselves or live in a household with someone at risk.

A third of these at-risk households had never heard of Listeria infection and two in ten couldn't name any of the foods they needed to avoid or cook to prevent illness.

The risk category includes pregnant women; people with a chronic disease that suppresses the immune system and those over 65 years old.

Awareness of the pathogen was higher among females and increases with age and education. Listeriosis is an infectious disease caused by *Listeria monocytogenes*. The incubation period is usually one to two weeks but can vary between a few days and up to 90 days.

The survey was released to mark Australian Food Safety Week, Nov. 10-17, 2018.

'No plans' for new US missiles in Europe despite treaty pullout

by Staff Writers
Brussels (AFP) Nov 8, 2018

The US has "no plans" to deploy new missiles to Europe, a senior official said Thursday, despite announcing it will pull out of a landmark nuclear arms control treaty with Russia.

Last month's decision by President Donald Trump, to terminate US participation in the Intermediate-Range Nuclear Forces Treaty (INF) sparked alarm from some European countries and warnings from the Kremlin of a new arms race.

Washington says Russia has been violating the treaty since 2013 with a new missile system and repeated attempts to persuade Moscow to come back into compliance have been met with silence or obfuscation.

While Trump has signalled the US will pull out, officials said that as yet no legal steps have been taken to put the decision into effect and American officials are currently in Europe to consult allies and try to reassure them.

A senior administration official told reporters in Brussels that Russian President Vladimir Putin's allegation that Washington is stoking a new arms race was unfounded, saying "there is only one runner and that's Russia -- they've been building these missiles for five years as fast as they can".

"We have no plans to deploy anything new to Europe," the official said, stressing that in particular there were no plans for new US nuclear weapons to come to Europe.

However the official did not rule out possible future deployments.

The second round of sanctions hit oil exports, shipping and banking. Eight temporary waivers to the ban on Iranian oil imports were issued to China, India, Italy, Greece, Japan, South Korea, Taiwan and Turkey.

North and South Korea begin destroying border guard posts

by Staff Writers
Seoul (AFP) Nov 11, 2018

The two Koreas began destroying 20 guard posts along their heavily-fortified frontier Sunday under a plan to reduce tensions on the border.

Under an agreement made between their generals in late October, North and South Korea agreed to each remove 10 posts and preserve one on either side of the frontier.

The militaries on Sunday began destroying the 20 border guard posts in the Demilitarized Zone dividing the two Koreas after withdrawing troops and equipment from them, Yonhap news agency reported, citing Seoul's defence ministry.

South Korea has around 60 such posts along the rest of the border while the North has about 160, Yonhap said.

The border truce village of Panmunjom - or the Joint Security Area (JSA) - is the only spot along the tense, 250-kilometre (155-mile) frontier where soldiers from the two Koreas and the US-led UN Command stand face to face.

But as part of the latest reconciliatory gesture, the two Koreas last month removed all firearms and guard posts from the area, leaving it manned by 35 unarmed personnel from each side.

The moves come as a diplomatic thaw between the former wartime foes gathers pace.

When reporters stick together – as a mob

Too bad. But this is one time that I will have to disagree with the [editorialists](#) at the *New York Post*...as I appear to be disagreeing with everyone else as well.

They're saying that revoking Jim Acosta's press pass was a mistake, so that Acosta ought to be [reinstated](#).

He was only doing his job covering the White House, perhaps a touch overly-aggressive even for *CNN*, but that is the nature of journalism. So they say.

The nature of *CNN* has always been to go ugly on the United States and Israel; formerly through Hanan Ashrawi and today through her terrorist replacement, Linda Sarsour. Count on more bias on a day, this day, when Israel mourns a [fallen](#) IDF officer who was killed during an operation against the Hamas savages in Gaza.

The reporting will be slanted against Israel. Bet on it because that is how *CNN* operates. News you cannot trust, filed by reporters who travel with a chip on their shoulders.

The same churlish approach we saw back here in the United States, going back to Wednesday's press briefing with, or rather against, President Trump.

Anti-Semitic acts in France rose by 69 percent in the first nine months of 2018, Prime Minister Edouard Philippe said on Friday, as Jews in Europe and around the world marked the 80th anniversary of the infamous "Kristallnacht" Nazi pogrom against Jews.

"Every aggression perpetrated against one of our citizens because they are Jewish echoes like the breaking of new crystal," Philippe wrote on Facebook, referring to the start of the Nazi drive to wipe out Jews on November 9, 1938, also known as the Night of Broken Glass, according to AFP.

"Why recall, in 2018, such a painful memory? Because we are very far from being finished with anti-Semitism," he said, calling the number of acts "relentless".

فلهذا اطلب أن نصلي ونستعد ونعد زيت لمصاييحنا لاستقبال العريس بالصلاة والصوم وخدمة
أبناء الله وتنقية القلب والاستعداد بلبس العرس.

رسالة بولس الرسول الي أهل رومية 13

13: 11 هذا وأنكم عارفون الوقت انها الان ساعة لنستيقظ من النوم فان خلاصنا الان أقرب مما

كان حين امنا

13: 12 قد تنهى الليل وتقارب النهار فلنخلع اعمال الظلمة ونلبس اسلحة النور

13: 13 لنسلك بلباقة كما في النهار لا بالبطر والسكر لا بالمضاجع والعهر لا بالخصام والحسد

13: 14 بل البسوا الرب يسوع المسيح ولا تصنعوا تدبيرا للجسد لأجل الشهوات

احترس ان لم تتمسك بالمسيح من الان قد لا تستطيع في المستقبل القريب بسبب الظلام.

وكما قلت هو اخبرنا لكي لا نخاف

انجيل متى 24

مت 24: 6 وسوف تسمعون بحروب واخبار حروب **لا ترتاعوا** لأنه لا بد ان تكون هذه

كلها ولكن ليس المنتهى بعد

بطرس الأولى 3: 14

وَلَكِنْ وَإِنْ تَأَلَّمْتُمْ مِنْ أَجْلِ الْبِرِّ، فَطُوبَاكُمْ. وَأَمَّا خَوْفُهُمْ فَلَا تَخَافُوهُ وَلَا تَضْطَرُّوْا،

بل نؤمن

إنجيل يوحنا 14: 29

وَقُلْتُ لَكُمْ الْآنَ قَبْلَ أَنْ يَكُونَ، حَتَّى مَتَى كَانَ تُؤْمِنُونَ.

ثالثا لنتنبه ونستعد

انجيل لوقا 21

28 وَمَتَى ابْتَدَأَتْ هَذِهِ تَكُونُ، فَاَنْتَصِبُوا وَارْفَعُوا رُؤُوسَكُمْ لِأَنَّ نَجَاتَكُمْ تَقْتَرِبُ.»

افرحوا لان عريسنا قد اقترب مجيؤه. وانتبهوا الشيطان يريد أن نفقد سلامنا ولا ننال أكاليل.

وأیضا استعدوا فقد تسلموا وديعتكم في أي وقت فهناك 150 ألف شخص يموتوا في اليوم الواحد

انت لا تعرف متى ستكون منهم

المسيح اقترب فاصنعوا ثمار تليق بالتوبة واستعدوا لاستقبال العريس.

والمجد لله دائما
