## والعلامات حتى 27 نوفمبر 2018

Holy\_bible\_1

اكرر هدفي فقط من هذه الخدمة أن نذكر بعضنا باننا نحتاج ان نستعد أي حياة اليقظة الروحية. والاستعداد ليس فقط قبل مجيء المسيح بل ايضا قبل الظلمة التي ستسبق مجيؤه ليكون عندنا زيت في مصابيحنا يكفي ان نعبر هذه الظلمة وتكون مصابيحنا مضيئة وقت مجيؤه او من منا سيسلم وديعته في أي وقت. بمعنى نحتاج من الان ان نستعد بقوة بأيمان عامل وبتنقية القلب وان نثمر بالخدمة أي نجمع زيت في مصابيحنا لان الظلمة والضيقة اقتربت جدا ومن لن يستعد لها بزيت كافي من الان لن يجد زيت في الضيقة لان وقتها تجميع زيت سيكون صعب جدا بل أستطيع ان أقول من مثل العذاري انه لن يكون هناك زيت الا ما جمعته سابقا.

أفضل ان اقول لنفسي ولكم استعدوا الان لأنه اقترب فنكون مستعدين سواء جاء او نحن ان سلمنا وديعتنا عن أنى لا اقول انه اقترب لكيلا يقال عني كاذب وانشر اشاعات او اخيف البعض

ولكنه يأتي بسرعة بغته. لا اعتقد اي أحد ندم لأنه كان مستعد ومنتظر مجيء المسيح ولم يأتي

المسيح في زمنه ولكنه انتقل وهو مستعد ولكن كثيرين جدا ندموا على عدم الاستعداد عندما

انتقلوا

المسيح قال بعض العلامات مثل

انجيل لوقا 21

21: 10 ثم قال لهم تقوم امة على امة ومملكة على مملكة

21: 11 وتكون زلازل عظيمة في اماكن ومجاعات واوبئة وتكون مخاوف وعلامات عظيمة من

السماء

21: 25 وتكون علامات في الشمس والقمر والنجوم وعلى الارض كرب امم بحيرة البحر والامواج

تضج

21: 26 والناس يغطى عليهم من خوف وانتظار ما يأتي على المسكونة لان قوات السماوات

تتزعزع

21: 27 وحينئذ يبصرون ابن الانسان اتيا في سحابة بقوة و مجد كثير

سفر اعمال الرسل 2

2: 19 واعطي عجائب في السماء من فوق وآيات على الارض من أسفل دما ونارا وبخار دخان

2: 20 تتحول الشمس الى ظلمة والقمر الى دم قبل ان يجيء يوم الرب العظيم الشهير

2: 21 ويكون كل من يدعو باسم الرب يخلص

لماذا قال المسيح بعض العلامات؟

أولا لكيلا نرتاع

انجيل متى 24

مت 24: 6 وسوف تسمعون بحروب واخبار حروب **لا ترتاعوا** لأنه لا بد ان تكون هذه

كلها ولكن ليس المنتهى بعد

ثانيا لنؤمن

انجيل يوحنا 14: 29

وَقُلْتُ لَكُمْ الْآنَ قَبْلَ أَنْ يَكُونَ، حَتَّى مَتَى كَانَ تُؤْمِنُونَ.

ثالثا لننتبه ونستعد

انجيل لوقا 21

28 وَمَتَى ابْتَدَأَتْ هَذِهِ تَكُونُ، فَانْتَصِبُوا وَارْفَعُوا رُؤُوسَكُمْ لِأَنَّ نَجَاتَكُمْ تَقْتَرِبُ.»

### ظاهرة غريبة وهي ظهور قوس قزح ليلا

**A RAINBOW AT NIGHT:** We've all seen rainbows—bands of color arcing across the sky after summer rainstorms. But how many of us have seen a rainbow *at night*? "I have," says Chad Blakley of [Lights Over Lapland](#). "We saw one just last night in Abisko, Sweden."

Blakley has been running an aurora tour guide service in Abisko National Park for 10 years, and he has seen almost everything the Arctic sky has to offer.

"But last night was truly amazing," he says. "The evening started in the usual way – the Sun went down and Northern Lights began to dance across the sky in reaction to a stream of solar wind. We were all enjoying the scene when suddenly a bit of rain started to fall in the distance. Normally this would be a disappointment, but not this time. Moisture in the air combined perfectly with bright Moonlight to form a [lunar rainbow](#) that shared the sky with an impressive aurora display."

A large asteroid could be headed toward us in the near future — barreling through space on a risk trajectory that might cause it to collide with Earth.

The news comes from the [Express](#), which cites NASA sources revealing that the space rock could end up engaged in not one, but a staggering 62 different potential impact trajectories with our planet — each of them waiting to sling the asteroid toward Earth over the next 100 years.

## **CDC launches task force for polio-like disease as MORE cases emerge: Now 109 kids are confirmed sick and 167 are under investigation as officials scramble to identify the cause**

- The CDC says 252 cases are under investigation
- Now, 90 cases of acute flaccid myelitis have been confirmed in 27 states
- The average age of those affected is four years old and more than 90 percent of cases overall are in children aged 18 and younger
- The rare disease affects the nervous system and most resembles the polio virus
- Most children regain movement but, in some cases, they are required to be on respirators and could even die from neurological complications
- Earlier today, the parents of two children diagnosed with AFM in 2016 said their children's deaths in 2018 had not been 'counted' by the CDC
- The CDC maintains there are zero deaths linked to the 2018 outbreak, but admits 'gaps' in its tracking of cases from previous years

A disease previously found only in rats is spreading to humans – and doctors don't know why. A second victim has surfaced in Hong Kong, with medics unable to verify how the two patients initially became infected.

Despite claims that she had not been in contact with any rats, a 70-year-old woman has been confirmed as the second to be diagnosed with the rodent-to-person hepatitis E infection.

The South China Morning Post revealed that the woman lived only three kilometers away from the other person who was diagnosed with the rat disease in September. As a result, authorities have swept the neighborhood for rodents, and control measures have been

WASHINGTON - The United States has moved to disrupt an Iranian-Russian network that sent millions of barrels of oil to Syria and hundreds of millions of dollars to indirectly fund militant groups Hamas and Hezbollah.

The complicated arrangement, described by the US Treasury in a statement on Tuesday, involved a Syrian citizen using his Russia-based company to ship Iranian oil to Syria with the aid of a Russian state-owned company.

# EU 'extremely worried' about fate of nuclear treaty

by Staff Writers  
Brussels (AFP) Nov 20, 2018

The EU's top diplomat Federica Mogherini said Tuesday she was "extremely worried" about the fate of a major US-Russia nuclear missile control treaty, warning the security of Europe could be at risk.

Last month, Washington announced it was pulling out of the Intermediate-Range Nuclear Forces Treaty (INF) over Russia's deployment of a missile system that Western powers say breaches the 1987 accord.

The Kremlin has warned of a new arms race, and as she convened a meeting of EU defence ministers Mogherini expressed concern, calling for talks to save the agreement.

"If we go towards the dismantling of this agreement, Europe's security is to be put at risk and we do not want to see European territory go back to being a battlefield for other powers as it has been for so long in the past," she told reporters.

"We don't want to go back to those kind of tensions, to that kind of situation and we still hope there is a space for saving the agreement and implementing it," she said.

While US President Donald Trump's administration has signalled it will withdraw from the treaty, it has not taken steps to put the decision into practice.

The INF treaty, signed by then US president Ronald Reagan and Soviet leader Mikhail Gorbachev, ended a nuclear build-up in Europe triggered by Moscow's deployment of SS-20 missiles targeting Western European capitals.

The US and NATO say Russia's 9M729 missile system, also known by the designation SSC-8, breaches the treaty, which prohibits ground-launched missiles with a range of between 500 and 5,500 kilometres.

Ukraine's parliament has voted for President Petro Poroshenko's decree on a month-long martial law after the country's vessels faced off with Russian ships near Crimea. It affects areas bordering Russia, on both sea and land.

Martial law will be imposed on the Ukrainian territories bordering Russia, as well as along the coast of the Black and Azov Seas. It is scheduled to enter into force on November 28 and will

# Two Koreas connect DMZ road across border: Seoul

by Staff Writers  
Seoul (AFP) Nov 22, 2018

North and South Korea have connected a road across their shared border for the first time in 14 years, Seoul's defence ministry said Thursday in the latest reconciliation gesture between the neighbours.

The dirt road, which is wholly within the Demilitarized Zone that divides the peninsula, will be used for joint operations next year to recover remains from the 1950-53 Korean War.

The 12-metre-wide construction of the route in Cheorwon, near the mid-point of the DMZ, is one of several steps agreed at the Pyongyang summit between the South's President Moon Jae-in and the North's leader Kim Jong Un in September.

The neighbours also pledged to remove bunkers and weapons from the border truce village of Panmunjom.

But Seoul and Washington are pursuing increasingly different approaches to the nuclear-armed North.

The dovish Moon has pursued a policy of engagement with his isolated neighbour, while the US insists pressure should be maintained on Pyongyang until it denuclearises.

Pictures handed out by Seoul's defence ministry Thursday showed a South Korean soldier and a North Korean counterpart taking part in the "recent" roadworks holding their hands out toward each other, with their colleagues watching.

"It is historically significant for the North and the South to open a new passage and jointly engage in operations to recover remains of war dead at the place which saw the worst battles during the war," the ministry said.

Iranian Foreign Minister Mohammad Javad Zarif said on Thursday his country sees no point in fresh nuclear talks with the US without guarantees it will not renege on any deal made.

Without guarantees, the US could not be trusted for any further talks, said Zarif, according to *AFP*.

"If we are to make an agreement with the United States, what is the guarantee that the agreement will last after the flight? You remember Canada?" he said, referring to Trump's withdrawal of his signature from a G7 summit closing statement in June after his plane left host Canada.

A new bombshell report based on a secret trove of seized Iranian nuclear documents shows the Islamic Republic had concrete plans to manufacture and build at least five nuclear weapons and that it was much further along in this scheme than previously known by the international community.

Iran's contested nuclear weapons program was much further along than the international community thought, according to a report

based on scores of secret Iranian plans seized by Israel and publicly disclosed for the first time earlier this year.

Information obtained in this raid on Iran's secretive nuclear files has revealed that Tehran was well along the path to building several nuclear weapons by around 2003, including the complex infrastructure needed to produce such weapons, according to a new report from the Institute for Science and International Society, a nuclear watchdog group that has exposed in the past the extent of Iran's nuclear works.

The report is being viewed as a bombshell revelation on Capitol Hill and is seen as validating critics of the Obama administration who alleged the former White House has underestimated the extent of Iran's nuclear weapons progress.

"Iran intended to build five nuclear warheads, each with an explosive yield of 10 kilotons and able to be delivered by ballistic missile," the group **disclosed** in a new report that shows Iran has retained much of its nuclear infrastructure and could continue using it to clandestinely conduct weapons work in violation of the landmark nuclear accord.

A French court acquitted a refugee from Bangladesh for the rape of a high-school girl after the defense argued the immigrant had "different cultural norms" that may have caused him to misinterpret his contact with the girl.

The refugee also was charged with sexually assaulting another young girl. Both incidents happened in 2015. He was given a suspended sentence of two years in prison for the sexual-assault charge, reported Voice of Europe, citing the French news site La Manche Libre.

The report said experts who investigated the refugee, who was not named, pointed out that in the male culture of Muslim-majority Bangladesh, "women are relegated to the status of sexual object."

Voice of Europe said the accused, age 18 at the time of rape, went for a walk with a 16-year-old girl who attended the same high school in Saint-Lô, France.

The teen kissed the woman and groped her genitals, according to the complaint, and she managed to leave the room. She reported the incident to the principal of her school who informed police.

A prominent columnist, lawyer and political analyst contends the European Court of Human Rights has surrendered to Islam.

Judith Bergman, senior fellow at the Gatestone Institute, wrote that Islamic blasphemy laws "have now been elevated to the law of the land in Europe."

She cited the case of anti-jihad activist Elisabeth Sabaditsch-Wolff, who was convicted by an Austrian court of "denigrating religious symbols of a recognized religious group" after she described Islam's prophet Muhammad as a pedophile for marrying a 6-year-old and consummating the relationship when the girl was 9.

The court ruled the statements go "beyond the permissible limits of an objective debate," and could be classified as "an abusive attack on the prophet of Islam which could stir up prejudice and threaten religious peace."

Sabaditsch-Wolff was charged after a magazine recorded her seminars, which were titled "Introduction to the basics of Islam," "The Islamization of Europe" and "The impact of Islam."

SALINAS, Calif. — As a boy, Abel Montoya remembers his father arriving home from the lettuce fields each evening, the picture of exhaustion, mud caked knee-high on his trousers. “Dad wanted me to stay away from manual labor. In a major shock to evolutionary science, a sweeping survey of the genetic code shows the human race sprang from a single adult couple.

The research was led by the Rockefeller University and the University of Basel, Switzerland, and stunned all involved.

"This conclusion is very surprising," said David Thaler, research associate from the University of Basel. "And I fought against it as hard as I could."

Mounting concerns about the pace of growth spurred fresh declines in stocks around the world Tuesday, wiping out yearly gains for the S&P 500 and Dow Jones Industrial Average.

What started as a selloff in shares of highflying technology companies bled into other corners of the financial markets, as investors drove down prices for everything from shares of retailers and energy companies to oil and bitcoin.

More than 60 percent of the world's population of more than 7.5 billion reside in countries where the right to religious freedom is obstructed or denied. An estimated 505 million Christians face persecution for following their faith, a Catholic NGO Aid to the Church in Need (ACN) report indicated this week.

"For simply belonging to the wrong religion, countless numbers of people have been killed;

# Thirteen Sudanese Christian Converts Arrested and Tortured for ‘Apostasy’

11-24-2018 - Will Maule, Faithwire

Last month, some 13 Christians were arrested and tortured in Darfur, Sudan. Their crime? Leaving the Islamic faith and vowing to follow Jesus Christ. The group was alleged to have been taken from a home in the highly volatile Darfur region, seized as punishment for their conversion to Christianity and subsequent “apostasy.”

# Number of people seeking exorcisms is rising dramatically

Nov 24, 2018 | 0 | ★★★★★

(The Christian Post) – Demands for exorcisms in the Catholic Church are on the rise amid a resurgence of interest in occult practice in the United States. According to the December edition of the The Atlantic, priests are fielding more requests for exorcisms. Among the general public, a growing number of Americans believe that demonic possession is real, according to recent data from YouGov and Gallup polling on the subject. Gallup surveys indicate that from 1990 to 2007,

Macy's Thanksgiving Day Parade is making history.

During a performance celebrating the new Broadway musical "The Prom," actresses Caitlin Kinnunen and Isabelle McCalla shared a smooch, a moment that is believed to be the first kiss between a lesbian couple broadcast during the Macy's holiday event.

"The first #LGBTQ kiss in the Parade's history," cast member Josh Lamon [tweeted](#). "We here at @ThePromMusical have never been so proud. #LovelsLove."

## رسالة بولس الرسول الي أهل رومية 13

13: 11 هذا وأنكم عارفون الوقت انها الان ساعة لنستيقظ من النوم فان خلاصنا الان أقرب مما

كان حين امنا

13: 12 قد تناهى الليل وتقارب النهار فلنخلع اعمال الظلمة ونلبس اسلحة النور

13: 13 لنسلك بلياقة كما في النهار لا بالبطر والسكر لا بالمضاجع والعهر لا بالخصام والحسد

13: 14 بل البسوا الرب يسوع المسيح ولا تصنعوا تدبيرا للجسد لأجل الشهوات

احترس ان لم تتمسك بالمسيح من الان قد لا تستطيع في المستقبل القريب بسبب الظلام.

وكما قلت هو اخبرنا لكي لا نخاف

انجيل متى 24

مت 24: 6 وسوف تسمعون بحروب واخبار حروب انظروا لا ترتاعوا لأنه لا بد ان تكون هذه

كلها ولكن ليس المنتهى بعد

بطرس الأولى 3: 14

وَلَكِنْ وَإِنْ تَأَلَّمْتُمْ مِنْ أَجْلِ الْبِرِّ، فَطُوبَاكُمْ. وَأَمَّا خَوْفُهُمْ فَلَا تَخَافُوهُ وَلَا تَضْطَرُّوْا،

بل نؤمن

إنجيل يوحنا 14: 29

وَقُلْتُ لَكُمْ الْآنَ قَبْلَ أَنْ يَكُونَ، حَتَّى مَتَى كَانَ تُؤْمِنُونَ.

ثالثا لنتبه ونستعد

انجيل لوقا 21

28 وَمَتَى ابْتَدَأَتْ هَذِهِ تَكُونُ، فَأَنْتَصِبُوا وَارْفَعُوا رُؤُوسَكُمْ لِأَنَّ نَجَاتَكُمْ تَقْتَرِبُ.»

أفرحوا لان عريسنا قد اقترب مجيؤه. وانتبهوا الشيطان يريد أن نفقد سلامنا ولا ننال أكاليل.

وأیضا استعدوا فقد تسلموا وديعتكم في أي وقت فهناك 150 ألف شخص يموتوا في اليوم الواحد

انت لا تعرف متى ستكون منهم

المسيح اقترب فاصنعوا ثمار تليق بالتوبة واستعدوا لاستقبال العريس.
