والعلامات حتى 15 يناير 2019

Holy_bible_1

اكرر هدفي فقط من هذه الخدمة أن نذكر بعضنا باننا نحتاج ان نستعد أي حياة اليقظة الروحية. والاستعداد ليس فقط قبل مجيء المسيح بل ايضا قبل الظلمة التي ستسبق مجيؤه ليكون عندنا زيت في مصابيحنا يكفي ان نعبر هذه الظلمة وتكون مصابيحنا مضيئة وقت مجيؤه او من منا سيسلم وديعته في أي وقت. بمعنى نحتاج من الان ان نستعد بقوة بأيمان عامل وبتنقية القلب وان نثمر بالخدمة أي نجمع زيت في مصابيحنا لان الظلمة والضيق اقتربت جدا ومن لن يستعد لها بزيت كافي من الان لن يجد زيت في الضيقة لان وقتها تجميع زيت سيكون صعب جدا بل أستطيع ان أقول من مثل العذاري انه لن يكون هناك زيت الا ما جمعته سابقا.

أفضل ان اقول لنفسي ولكم استعدوا الان لأنه اقترب فنكون مستعدين سواء جاء او نحن ان سلمنا وديعتنا عن أنى لا اقول انه اقترب لكيلا يقال عني كاذب وانشر اشاعات او اخيف البعض

ولكنه يأتي بسرعة بغته. لا اعتقد اي أحد ندم لأنه كان مستعد ومنتظر مجيء المسيح ولم يأتي

المسيح في زمنه ولكنه انتقل وهو مستعد ولكن كثيرين جدا ندموا على عدم الاستعداد عندما

انتقلوا

المسيح قال بعض العلامات مثل

انجيل لوقا 21

21: 10 ثم قال لهم تقوم امة على امة ومملكة على مملكة

21: 11 وتكون زلازل عظيمة في اماكن ومجاعات واوبئة وتكون مخاوف وعلامات عظيمة من

السماء

21: 25 وتكون علامات في الشمس والقمر والنجوم وعلى الارض كرب امم بحيرة البحر والامواج

تضج

21: 26 والناس يغطى عليهم من خوف وانتظار ما يأتي على المسكونة لان قوات السماوات

تتزعزع

21: 27 وحينئذ يبصرون ابن الانسان اتيا في سحابة بقوة و مجد كثير

سفر اعمال الرسل 2

2: 19 واعطي عجائب في السماء من فوق وآيات على الارض من أسفل دما ونارا وبخار دخان

2: 20 تتحول الشمس الى ظلمة والقمر الى دم قبل ان يجيء يوم الرب العظيم الشهير

2: 21 ويكون كل من يدعو باسم الرب يخلص

لماذا قال المسيح بعض العلامات؟

أولا لكيلا نرتاع

انجيل متى 24

مت 24: 6 وسوف تسمعون بحروب واخبار حروب **لا ترتاعوا** لأنه لا بد ان تكون هذه

كلها ولكن ليس المنتهى بعد

ثانيا لنؤمن

إنجيل يوحنا 14: 29

وَقُلْتُ لَكُمْ الْآنَ قَبْلَ أَنْ يَكُونَ، حَتَّى مَتَى كَانَ تُؤْمِنُونَ.

ثالثا لنتنبه ونستعد

انجيل لوقا 21

28 وَمَتَى ابْتَدَأَتْ هَذِهِ تَكُونُ، فَانْتَصِبُوا وَارْفَعُوا رُؤُوسَكُمْ لِأَنَّ نَجَاتَكُمْ تَقْتَرِبُ.»

علامات في السماء

مذنب يمر بالقرب من الأرض اكتشف ان له قمر يتبعه

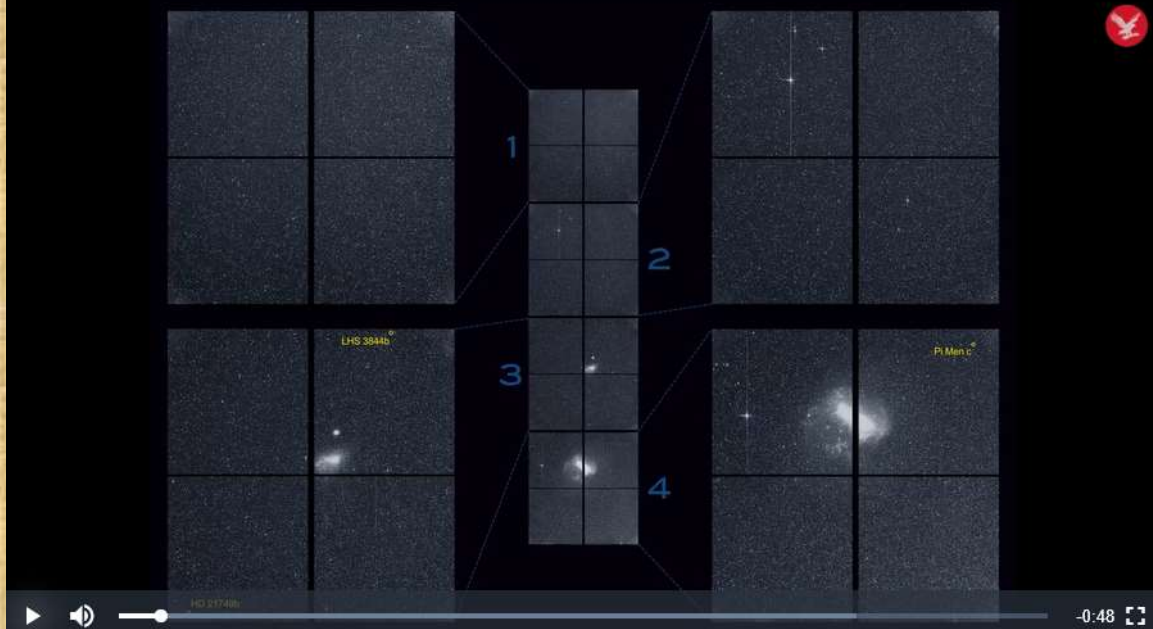

ASTEROID FLYING BY EARTH HAS A MOON: On Monday, Jan. 7th, near-Earth asteroid 2016 AZ8 flew past the Earth-Moon system only 2.8 million miles away. Astronomers at the giant Arecibo radar in Puerto Rico pinged the space rock as it approached. Using a pulsed beam of radio energy at 2380 MHz, they found that 2016 AZ8 has a moon:

The radar team says the primary is nearly spherical with a diameter of 430 meters, while the asteroid's moon is more elongated, shaped like a cigar measuring 180 meters on its long axis.

Binary asteroids are not as rare as you might suppose. Studies show that about 15% of the near-Earth asteroid population has a moon. In the geological past, these systems have struck Earth, creating double impact craters such as [the twin crater](#) in Jämtland, Sweden. Ultimately, space agencies may need to deflect or destroy an asteroid hurtling toward us. Knowing the properties of binary systems such as 2016 AZ8 could prove crucial to future [planetary defense](#).

Nasa finds strange alien planet hiding outside our solar system

Very small and very cool

Andrew Griffin | 1 day ago | 26 comments

Click to follow
The Independent

Nasa has found a strange alien planet sitting outside of our solar system.

The world is cool and small: two characteristics that make it a very strange thing indeed for scientists to find.

The little planet known as HD 21749b is the third planet to be found by TESS, Nasa's new planet-hunting telescope. It goes around its star

وناسا تعترف انه بالفعل مر مذنب كبير على مقربة من الأرض وكاد يصدمها يوم 8 يناير

واكتشف بعد عبوره

WEEKEND GEOMAGNETIC UNREST: For the next few days, Earth is expected to skim through a number of minor solar wind streams associated with [a southern hole](#) in the sun's atmosphere. This will likely stir magnetic unrest around Earth's poles, albeit not full-fledged geomagnetic storms. Intermittent Arctic auroras are possible this weekend. **Aurora Alerts:** [text](#), [email](#).

CLOSE ASTEROID FLYBY: On Jan. 8th, asteroid [2019 AS5](#) flew past Earth only 8600 km above our planet's surface. Nine hours *after* the flyby, it was discovered by the the Mt. Lemmon Survey telescope in Arizona. The asteroid was closer to our planet than many satellites. This diagram shows 2019 AS5 inside the orbits of GPS and other geosynchronous satellites:

Credit: Charles Bell's [Asteroids and Comets](#) Facebook group

If the 1 to 2 meter-wide space rock had hit Earth (and it almost did) it would have caused a brilliant fireball in the atmosphere with sonic booms and scattered meteorites on the ground—but no serious damage.

Earth's gravity [significantly bent](#) the asteroid's orbit during the flyby. To illustrate this effect, the [Minor Planet Center](#) has created an [interactive 3D diagram](#) of the encounter, which flung 2019 AS5 away from our planet after its brief visit. **Free:** [SWx Newsletter](#).

Earth's magnetic field is mysteriously acting up, pushing North Pole towards Siberia

Earth's magnetic field, the basis for modern global navigation systems, is constantly in some state of flux. However, it now seems to be going haywire, pushing the North Pole closer to Siberia, and no one's sure why.

The [field changes](#) as the molten metals surrounding the earth's solid iron core churn and flow, creating electric currents and a corresponding magnetic field. As a result, the magnetic poles tend to shift slightly as a matter of course.

However, researchers don't know what's causing the magnetic field to now move so quickly.

امطار تسجل رقم قياسي في إسرائيل تنهي فترة الجفاف

Record amount of rainfall ends ongoing drought

Sea of Galilee rises given large amounts of rain over two-day period; Israel received record amount of precipitation, ending ongoing 30-year drought.

The Sea of Galilee rose over 19.5 centimeters in less than 48 hours as Israel leaves an ongoing drought.

Heavy rains resulted in record amounts of precipitation in Israel's northern region ending a drought that began in 2013. The rainfall has contributed to increases in Israel's water reserves, streams, rivers and the Sea of Galilee. Israelis will be able to ski on Mt. Hermon beginning this weekend.

According to Israel's Water Authority, the surface of the Kinneret (Sea of Galilee) is now 214.29 centimeters below sea level. There have been 120-150 millimeters of rain in Israel's northern regions in both Galilee and the Golan Heights. December's precipitation also broke a 30-year record with high rain levels throughout Israel. The heavy rains in the north and center of Israel are currently at 60-80% of its annual precipitation.

Israel's ongoing drought reached an all-time high in the summer of 2018, the worst drought in the region in close to 100 years. This, along with delays in Israel's desalination plants, led to a water crisis. Droughts in Israel lead to disastrous wildfires and affect agriculture and local farmers.

Israel's southern region is still under drought conditions, however, Israel's winter, which goes through most of March, is expected to improve the situation.

Earthquake reported in Mississippi Delta

"The ground shook, but not for long."

Shaking was felt in Washington County (Source: WLBT)

By **Josh Carter** | January 8, 2019 at 5:41 PM CST - Updated January 8 at 10:40 PM

WASHINGTON COUNTY, MS (WLBT) - A 3.7 magnitude earthquake was reported in Hollandale, Mississippi around 4:30 p.m. Tuesday.

Shaking was felt throughout Washington County, however, according to Emergency Management Division Manager David Burford, there have been no reports of any damage. "The ground shook, but not for long."

The earthquake was at a depth of 5 kilometers, which is very shallow.

The center of the quake was a mile to a mile-and-a-half north of Leroy Percy State Park in Hollandale, said Burford. He also said that there are not a lot of structures in the area where the center of the earthquake occurred.

Encuentran decenas de peces muertos en lagos Moreno, en Medellín de Bravo

Ambientalistas descartan que ocurriera por evento de calor, como comúnmente sucede

RODRIGO BARRANCO DÉCTOR Medellín de Bravo, Ver. 03/01/2019

alcalorpolitico.com

[Click para ver fotos](#)

Decenas de peces muertos de la especie conocida como "topos", fueron encontrados en uno de los lagos del fraccionamiento Puente Moreno, en Medellín de Bravo.

Ambientalistas denunciaron los hechos y descartaron que se trate de un evento por el calor, como suele suceder.

El ex regidor de Veracruz, José González, quien denunció el problema, declaró que podría tratarse de contaminación en el lago, por lo que urgió a las autoridades a investigar las causas.

Hasta ahora, ni la empresa Urbanizadora Medellín, dueña del lugar, ni el Ayuntamiento han hecho algo para retirar los desechos que empiezan a oler mal.

Pese a eso, hay decenas de familias con niños jugando en los alrededores del parque, con el riesgo que significa ese foco de infección.

Los peces están en las orillas del cuerpo de agua que sirve de vaso regulador a la zona de fraccionamientos de Medellín de Bravo.

Bird flu: Over 2,000 birds culled in Munger

Piyush Tripathi | TNN | Updated: Jan 6, 2019, 06:56 IST

Experts of animal husbandry department involved in culling of birds at Alamganj village at Munger district

PATNA: Bird flu scare continues to persist in Bihar as 400 chickens were found dead at a poultry farm at a village in Bikram block in Patna district in the last 24 hours. More than 2,000 birds, including chicken and ducks, have been culled in a village at Munger after tests confirmed H5N1 virus.

Munger animal husbandry officer Shravan Kumar Bhagat

told TOI that altogether 1,528 birds were culled at Mubarakpur on Friday, followed by around 450 on Saturday. "The culling exercise was extended to three more villages around Mubarakpur on Saturday. The culling is being done under the supervision of a joint team of the Regional Diseases Diagnostic Laboratory (RDDL), Kolkata and the National Institute of High Security Animal Diseases (NIHSAD), Bhopal," he said.

DPH: Fourth case of polio-like disease confirmed in Massachusetts

Updated on Jan 07, 2019 at 08:05 PM EST

**2018 confirmed cases of acute flaccid myelitis (AFM) by state
(N=193)***

*Confirmed AFM cases as of January 4, 2019. Patients under investigation are still being classified, and the case counts are subject to change. Case counts will be updated every Monday.

The Centers for Disease Control and Prevention has posted a map showing as of Jan. 4 which states have confirmed cases to date this year of the polio-like disease acute flaccid myelitis.
(CDC graphic)

By Anne-Gerard Flynn | Special to The Republican

The number of confirmed cases of acute flaccid myelitis, a rare polio-like disease that can cause permanent disability, has increased to four in Massachusetts while cases under investigation in the commonwealth have increased to seven.

According to the Massachusetts Department of Public Health, which reported the state's [first two cases this year](#) in October, there are now "4 confirmed, 1 probable

CDC: Superbug involved in Tijuana bariatric surgery infections showed concerning mutation

This CDC illustration shows the structure of antibiotic-resistant pseudomonas aeruginosa bacteria. (U.S. Centers for Disease Control and Prevention)

By **Paul Sisson** · Contact Reporter

JANUARY 12, 2019, 6:00 AM

The superbug that infected nearly a dozen Americans who recently underwent weight-loss surgery at a Tijuana hospital had a particularly nasty genetic mutation that set off alarm bells after patients began showing up in hospitals and doctors' offices with painful wounds.

Navy test-fires low-cost, hypersonic-speed projectiles

by Ed Adamczyk
Washington (UPI) Jan 9, 2019

The U.S. Navy test-fired high-velocity projectiles using existing guns aboard a destroyer during an exercise last summer.

Twenty projectiles were successfully fired at near-hypersonic speed from the USS Dewey's standard Mk 45, five-inch main deck gun during the "Rim of the Pacific" exercises off Hawaii, the USNI News reported.

It was an attempt to learn if the 40-year-old gun's utility could include a high-tech, low-cost weapon against cruise missiles and unmanned aerial vehicles.

In October, the Congressional Research Service said in a report that the new weapon, called an HPV or hypervelocity projectile, was designed for a railgun, a device using electromagnetic force to launch projectiles by means of a sliding armature.

Shot from the deck gun, the payload can travel as fast as Mach 7.4, or over 2,400 mph at sea level. The system is under consideration, as is a laser guided system and the railgun approach.

"Any one of these three new weapons, if successfully developed and deployed, might be regarded as a 'game changer' for defending Navy surface ships," the CRS said. "If two or three of them are successfully developed and deployed, the result might be considered not just a game changer, but a revolution."

The "gun-launched guided projectile," as the Navy has renamed the system tested at the summer exercises, can be fired using existing and aging guns found on many vessels -- making it considerably less expensive than the other systems under examination.

Defensive missiles cost \$800,000 to a few million dollars each, and would have to be used in great number to counter incoming salvos of enemy missiles. The gun-fired guided projectiles, however, cost about \$85,000 each, the CRS said.

SPACE WAR

U.S. moves to speed military space upgrades under pressure from China, Russia

by Ed Adamczyk
Washington (UPI) Jan 9, 2019

The United States will accelerate its space program to compete with China's, a senior Defense Department official said.

Vice President Mike Pence last year announced the U.S. military would create a sixth branch, the Space Force, by 2020 as part of a renewed focus on space exploration, as well as to meet concerns about the country's ability to defend assets in space.

While the U.S. military already is tasked with a variety of space responsibilities — it operates the widely used GPS system, for example — the Air Force Space Command also has stepped up preparations to defend space with its Space Flag series of exercises.

A major part of pushing forward with these efforts, Pentagon officials say, is to first create a Space Development Agency that will focus on defensive capabilities for space-based assets, as well as better global defenses against missile attacks.

"China is integrating certain new technologies and fielding those capabilities faster than the U.S.," Chris Shank, director of the Defense Department's Strategic Capabilities Office, told a conference of the American Institute of Aeronautics and Astronautics in San Diego on Tuesday. "That means we have to be more responsive. China had 39 launches [in 2018], the U.S. had 31, Russia had 20, Europe had eight, and [China] landed a robotic mission on the dark side of the moon — a first."

He added, though, that the United States achieved a milestone of its own, a reference to NASA's New Horizons probe. The satellite flew toward the planet Pluto in December, and on New Year's Day sent photographs from four billion miles away from the Sun once it reached an asteroid in the Kuiper Belt. It is the farthest object ever

Chinese general issues 'war criminal' warning to Taiwan

by Staff Writers
Beijing (AFP) Jan 9, 2019

Taiwan independence supporters would be regarded as "war criminals" if China was forced to intervene militarily to retake the island, a Chinese general warned Wednesday.

"Supporters of Taiwanese separatism must stop in time to avoid disaster, repent and return to the right path. Otherwise they will become the scum of the Chinese nation and be condemned by history," said He Lei, former vice president of the Academy of Military Sciences.

"If we are forced to use force to settle the Taiwanese issue, they will be held responsible. In other words, they will inevitably be considered war criminals," the lieutenant general said, adopting a martial tone in a meeting with journalists.

China still sees Taiwan as part of its territory to be reunified, despite the two sides being ruled separately since they split in 1949 after a civil war won by Mao Zedong's communists.

General He's warning to Taiwanese separatists comes after President Xi Jinping last week said China would not renounce the option of using force to recover the island and vowed that reunification was "inevitable".

Taiwan considers itself a sovereign state, with its own currency, political and judicial systems, but has never declared formal independence from the mainland.

Relations have been strained since the 2016 election of President Tsai Ing-wen, who has refused to acknowledge Beijing's stance that the island is part of "one China".

NUKE WARS

China: the not-so invisible hand in US-N.Korea talks

By Elizabeth LAW
Beijing (AFP) Jan 10, 2019

By hosting North Korean leader Kim Jong Un for a fourth time, China has signalled again that it will not be sidelined in the diplomatic dance between its Cold War-era ally and Washington.

With another nuclear summit looming between Kim and US President Donald Trump, a meeting between President Xi Jinping and the North Korean leader was inevitable, according to analysts.

It has become something of a ritual: Last year, Kim briefed Xi before and after his historic summits with Trump and South Korean President Moon Jae-in.

China, which wouldn't want to be left out in the cold in any settlement, has worked to improve relations with its neighbour, which deteriorated after Beijing backed UN sanctions against North Korea.

While Beijing has been angered by Kim's nuclear tests, it would not be happy to see its decades-old ally move closer to the United States at China's expense.

"(China) does not think their interests would be threatened by better inter-Korean relations, whereas the possibility of a North Korean alignment with the US, even potentially, against China, I think it's Beijing's nightmare," Bonnie Glaser, a senior adviser at the Center for Strategic and International Studies (CSIS), told AFP.

"I don't think they believe it's impossible under President Trump... and this is one of drivers for Xi Jinping to keep Kim Jong Un close," Glaser said, noting that Xi reached out "very quickly" after Kim started engaging with Moon.

China has played diplomatic wingman to North Korea, even loaning Kim an Air China jet to travel to his meeting with Trump in Singapore last year.

روسيا تلقي اللوم على أمريكا في تواجد إيران بجوار الحدود الإسرائيلية

Russia blames US for Iranian presence near Israeli border

Russian Deputy Foreign Minister tells i24News deal to move Iranian military from Syrian border failed because of US oil sanctions.

Trump and Putin

REUTERS/Jorge Silva

Russian Deputy Minister of Foreign Affairs Sergey Ryabkov blamed US sanctions for the failure to secure a deal to move Iran's military assets in Syria to a line 100 kilometers (63 miles) from Israel's border.

"Russia tried, and partially succeeded, to diminish Iranian military presence in the immediate vicinity of the Israeli border and in the immediate vicinity of the Golan Heights. We wanted to go even further, to agree with the Iranians that they withdraw heavy weaponry more than 100 km away," Ryabkov told i24NEWS.

"It didn't work, because we wanted this in exchange for some suspension of the U.S.

Trump Vows to 'Devastate' Turkey if Erdogan Attacks Kurds

01-14-2019 - Emily Jones

JERUSALEM, Israel – President Donald Trump began the week with harsh words for Turkey, threatening to "devastate" the nation if it harms the US's Kurdish allies.

"Starting the long overdue pullout from Syria while hitting the little remaining ISIS territorial caliphate hard, and from many directions," Trump tweeted Sunday night. "Will attack again from existing nearby base if it reforms. Will devastate Turkey economically if they hit Kurds."

Abdel Fattah Al-Sisi

Reuters

Egypt's president officially acknowledged for the first time that the Egyptian military is cooperating with Israel in the Sinai Peninsula.

Asked in an interview aired Sunday night on the CBS news show "60 Minutes" if this is the "deepest and closest cooperation" ever with Israel, President Abdel Fattah el-Sisi responded: "That is correct. The Air Force sometimes needs to cross to the Israeli side. And that's why we have a wide range of coordination with the Israelis."

Sisi, who came to power in a military coup in 2013, also denied that there are political prisoners in Egypt and rejected claims that hundreds

Is India's New Data System the End-Times Mark of the Beast?

8:00AM EST 1/8/2019 | [RON ALLEN](#)

(Pexels)

According to a story published in *The Wall Street Journal* ("India's Biometric Feat: Big Boon or Big Brother" by Newly Purnell, Dec. 22, 2018), the nation of India has implemented an electronic data system which can control access to goods and services for India's 1.3 billion people.

If this sounds like the basis of a system where "No man may buy or sell, except he who has the mark," (Rev. 13:17), read on.

In 2010, India set out to develop a system that would provide national identification numbers to allow citizens to have access to government welfare. Many Indians are illiterate and are so poor that they have no electricity. So, to reach people living in

PROPHECY WATCH: Most Americans have fully embraced "Facial Recognition" Technology

Jan 8, 2019 | 0 | ★★★★★

(NextGov) – A growing number of Americans are OK with the facial recognition technology, especially if it increases public safety, according to a national survey released Monday. Conducted on a national poll of 3,151 U.S. adults in December, the survey found only one in four Americans believe the federal government should strictly limit the use of facial biometrics technology. The survey also indicates Americans are more likely to support any apparent tradeoff to their own privacy caused by facial recognition

technology if it benefits law enforcement, reduces shoplifting or speeds up airport security lines. Only 18 percent of those polled said they agreed with strict limitations on facial recognition tech if it comes at the expense of public safety, compared to 55 percent who disagreed with such limitations. "People are often suspicious of new technologies, but in this case, they seem to have warmed up to facial recognition technology quite quickly," said Daniel Castro, director of the Center for Data Innovation, a nonprofit, nonpartisan research institute that

Men are more disadvantaged than women in 91 countries, the study says. © Tassii / Getty Images

 26776

Contrary to everything you've ever been told, in most developed countries men are actually more disadvantaged than women, according to new research published in one of the world's leading scientific journals.

The academics behind the new study say current ways of measuring gender inequality are *"biased to highlight women's issues"* so they fail to produce an accurate picture. Their new yardstick, snappily named the Basic Index of Gender Inequality (BIGI), instead focuses on three factors – educational opportunities, healthy life expectancy, and overall life

Oslo has lost around a billion dollars after Russia closed its market for Norwegian fish in response to Western sanctions. Norway has yet to find alternative buyers.

"After the cooling of relations between Russia and Norway in 2014, we and the Norwegians had to adjust to a new situation," said Russian Ambassador to Norway Teimuraz Ramishvili.

"From an economic point of view, Norway lost a billion dollars from the fish trade with Russia. There were attempts from Oslo to find new markets, great hopes were associated with China, but the Russian market was not replaced."

Christian man told can't use 'Christ,' 'Jesus' on Sweden license plate, could 'cause offense'

By Leah MarieAnn Klett, CP Contributor

Sweden's flag is seen near the Stockholm Cathedral in Gamla Stan or the Old Town district of Stockholm, Sweden, June 9, 2010. | (Photo: REUTERS/Bob Strong)

Swedish officials blocked a Christian man's request to include the words "Christ" or "Jesus" on his license plate, claiming the move could "cause offense" to those opposed to Christianity.

The Swedish Transport Agency rejected Cesar Kisandani Makombe's application to add the word

California Pastor Loses Job After Posting Sign Stating 'Homosexuality Is Still a Sin'

01-14-2019 - Emily Jones

A California pastor is looking for a job after facing backlash over a church sign that affirms the biblical definition of gender and marriage.

Pastor Justin Hoke of Trinity Bible Presbyterian Church in Weed, California, posted a new church sign in early January. The sign read: "Bruce Jenner is still a man. Homosexuality is still sin. The culture may change. The Bible does not."

Church of Satan Pleased as Christian Bale Thanks 'Satan' for Inspiring His Award-Winning Portrayal of Dick Cheney

01-07-2019 - [Christian Ellis](#)

In an unconventional acceptance speech at this year's Golden Globes, actor Christian Bale gave glory to Satan for helping him play his latest role of former Vice President Dick Cheney.

"Thank you to Satan for giving me inspiration on how to play this role," said Bale, who won for best actor in a comedy or musical for the movie "Vice."

Ohio Public University Allows Men to Use Women's Restrooms

01-09-2019 - [Steve Warren](#)

A public university in Ohio allegedly allows its students and faculty to use restrooms of the opposite sex.

[The College Fix](#) reports [Wright State University](#)'s "All Gender and Universal Access Restrooms and Locker Rooms" policy states that the school "allows individuals to use the restroom that corresponds to their sex, gender identity, and/or gender expression."

"We allow people to use the restroom facility they deem they need to use," the policy states.

10-Year-Old 'Baby Drag' Boy Photographed With Naked Adult Drag Queen

01-14-2019 - Emily Jones

Huck Magazine sparked outrage after it featured a 10-year-old Canadian boy named Nemis Quinn Mélançon-Golden posing next to a naked man in a recent photo shoot.

The *Huck* piece highlighted Nemis' life as a "baby drag queen" named "Queen Lactacia." Nemis is considered to be the most prominent child drag star in Canada.

فلهذا اطلب أن نصلي ونستعد ونعد زيت لمصاييحنا لاستقبال العريس بالصلاة والصوم وخدمة
أبناء الله وتنقية القلب والاستعداد بلبس العرس.

رسالة بولس الرسول الي أهل رومية 13

13: 11 هذا وأنكم عارفون الوقت انها الان ساعة لنستيقظ من النوم فان خلاصنا الان أقرب مما
كان حين امنا

13: 12 قد تنهى الليل وتقارب النهار فلنخلع اعمال الظلمة ونلبس اسلحة النور

13: 13 لنسلك بلياقة كما في النهار لا بالبطر والسكر لا بالمضاجع والعهر لا بالخصام والحسد

13: 14 بل البسوا الرب يسوع المسيح ولا تصنعوا تدبيرا للجسد لأجل الشهوات

احترس ان لم تتمسك بالمسيح من الان قد لا تستطيع في المستقبل القريب بسبب الظلام.

وكما قلت هو اخبرنا لكي لا نخاف

انجيل متى 24

مت 24: 6 وسوف تسمعون بحروب واخبار حروب **لا ترتاعوا** لأنه لا بد ان تكون هذه

كلها ولكن ليس المنتهى بعد

بطرس الأولى 3: 14

وَلَكِنْ وَإِنْ تَأَلَّمْتُمْ مِنْ أَجْلِ الْبِرِّ، فَطُوبَاكُمْ. وَأَمَّا خَوْفُهُمْ فَلَا تَخَافُوهُ وَلَا تَضْطَرُّوْا،

بل نؤمن

إنجيل يوحنا 14: 29

وَقُلْتُ لَكُمْ الْآنَ قَبْلَ أَنْ يَكُونَ، حَتَّى مَتَى كَانَ تُؤْمِنُونَ.

ثالثا لنتنبه ونستعد

انجيل لوقا 21

28 وَمَتَى ابْتَدَأَتْ هَذِهِ تَكُونُ، فَانْتَصِبُوا وَارْفَعُوا رُؤُوسَكُمْ لِأَنَّ نَجَاتَكُمْ تَقْتَرِبُ.».

افرحوا لان عريسنا قد اقترب مجيؤه. وانتبهوا الشيطان يريد أن نفقد سلامنا ولا ننال أكاليل.

وأيضا استعدوا فقد تسلموا وديعتكم في أي وقت فهناك 150 ألف شخص يموتوا في اليوم الواحد

انت لا تعرف متى ستكون منهم

المسيح اقترب فاصنعوا ثمار تليق بالتوبة واستعدوا لاستقبال العريس.

والمجد لله دائما
