اكرر هدفي فقط من هذه الخدمة أن نذكر بعضنا باننا نحتاج ان نستعد أي حياة اليقظة الروحية. والاستعداد ليس فقط قبل مجيء المسيح بل ايضا قبل الظلمة التي ستسبق مجيؤه ليكون عندنا زيت في مصابيحنا يكفي ان نعبر هذه الظلمة وتكون مصابيحنا مضيئة وقت مجيؤه او من منا سيسلم وديعته في أي وقت . بمعنى نحتاج من الان ان نستعد بقوة بأيمان عامل وبتنقية القلب وان نثمر بالخدمة أي نجمع زيت في مصابيحنا لان الظلمة والضيق اقتربت جدا ومن لن يستعد لها بزيت كافي من الان لن يجد زيت في الضيقة لان وقتها تجميع زيت سيكون صعب جدا بل أستطيع ان أقول من مثل العذاري انه لن يكون هناك زيت الا ما جمعه سابقا .

أفضل ان اقول لنفسي ولكم استعدوا الان لأنه اقترب فنكون مستعدين سواء جاء او نحن ان سلمنا وديعتنا عن أنى لا اقول انه اقترب لكيلا يقال عني كاذب وانشر اشاعات او اخيف البعض

ولكنه يأتي بسرعة بغته. لا اعتقد اي أحد ندم لأنه كان مستعد ومنتظر مجيء المسيح ولم يأتي

المسيح في زمنه ولكنه انتقل وهو مستعد ولكن كثيرين جدا ندموا على عدم الاستعداد عندما

انتقلوا

المسيح قال بعض العلامات مثل

انجيل لوقا 21

21: 10 ثم قال لهم تقوم امة على امة ومملكة على مملكة

21: 11 وتكون زلازل عظيمة في اماكن ومجاعات واوبئة وتكون مخاوف وعلامات عظيمة من

السماء

21: 25 وتكون علامات في الشمس والقمر والنجوم وعلى الارض كرب امم بحيرة البحر والامواج

تضج

21: 26 والناس يغطى عليهم من خوف وانتظار ما يأتي على المسكونة لان قوات السماوات

تتزعزع

21: 27 وحينئذ يبصرون ابن الانسان اتيا في سحابة بقوة و مجد كثير

سفر اعمال الرسل 2

2: 19 واعطي عجائب في السماء من فوق وآيات على الارض من أسفل دما ونارا وبخار دخان

2: 20 تتحول الشمس الى ظلمة والقمر الى دم قبل ان يجيء يوم الرب العظيم الشهير

2: 21 ويكون كل من يدعو باسم الرب يخلص

لماذا قال المسيح بعض العلامات؟

أولا لكيلا نرتاع

انجيل متى 24

مت 24: 6 وسوف تسمعون بحروب واخبار حروب **لا ترتاعوا** لأنه لا بد ان تكون هذه

كلها ولكن ليس المنتهى بعد

ثانيا لنؤمن

إنجيل يوحنا 14: 29

وَقُلْتُ لَكُمْ الْآنَ قَبْلَ أَنْ يَكُونَ، حَتَّى مَتَى كَأَن تَوُفُّونَ.

ثالثا لننتبه ونستعد

انجيل لوقا 21

28 وَمَتَى ابْتَدَأَتْ هَذِهِ تَكُونُ، فَانْتَصِبُوا وَارْفَعُوا رُؤُوسَكُمْ لِأَنَّ نَجَاتَكُمْ تَقْتَرِبُ.»

CHICAGO/COLUMBUS, Neb. (Reuters) - At least 1 million acres (405,000 hectares) of U.S. farmland were flooded after the “bomb cyclone” storm left wide swaths of nine major grain producing states under water this month, satellite data analyzed by Gro Intelligence for Reuters showed.

Farms from the Dakotas to Missouri and beyond have been under water for a week or more, possibly impeding planting and damaging soil. The floods, which came just weeks before planting season starts in the Midwest, will likely reduce corn, wheat and soy production this year.

“There’s thousands of acres that won’t be able to be planted,” Ryan Sonderup, 36, of Fullerton, Nebraska, who has been

Hundreds of dead fish floating in Munnekolala Lake

Rakshitha R, DH News Service, Bengaluru, MAR 07 2019, 01:06AM IST | UPDATED: MAR 07 2019, 01:13AM IST

Starting the summer on a sad note, over hundreds of fish are floating dead in Munnekollala lake near Whitefield in Mahadevapura zone.

The residents living in the vicinity started noticing the floating dead fish last week. The number of dying fish kept increasing until Tuesday.

BBMP officials said the fish are dying as the fishermen have been deliberately removing the fish they were rearing in the lake.

“Now, as the summers have begun, there is too little water in the lake to rear fish. So, the fishermen are removing the fish in the lake. While fishing, some fish that were discarded died and remained floating in the lake. The fish were found floating in the lake near Whitefield in Mahadevapura zone.”

На побережье Азовского моря охотники обнаружили массовую гибель диких птиц, вероятно вызванную сельскохозяйственной отравой. Об этом сообщает УНН со ссылкой на сайт Кирилловской Объединенной территориальной общины в Запорожской области.

Реклама:

Сообщение о найденных мертвых птицах начали поступать к охотникам еще 7 марта. Десятки трупов ворон, скворцов, фазанов и куропаток обнаружили в посадках.

Местные жители также сообщили, что находят и мертвых зверей - лис и собак. Как установили члены Азовского первично-охотничьего коллектива, трупы животных находятся у полей, засеянных рапсом.

Подозревают, что ядом для животных стало зеленое зерно пшеницы, используемое для борьбы с грызунами.

"Мы объехали только одну посадку и нашли мертвых лис, ворон, куропаток, канюков и скворцов. Кстати канюки и скворцы занесены в Красную книгу Украины. Также мы нашли много чумных птиц, то есть тех, которые умирали и уже не могли летать", - сказал глава коллектива Роман Сердяев.

Thousands of fish wash up dead near Moruya in latest mass fish kill event

ABC South East NSW By Claire Wheaton

Updated 14 Mar 2019, 10:06pm

Residents at Lake Meringo near Moruya on the New South Wales Far South Coast this week have been shocked to find thousands of dead fish and other marine life along the lagoon's shoreline.

It is the second major fish kill event in the region in the past five weeks.

The discovery follows a number of fish kill events around the country in recent months, where millions of fish have died.

The NSW Department of Primary Industries (DPI) said it had investigated the matter at Lake Meringo, and the main species affected included black bream, gudgeons, mullet, eels and luderick.

The DPI said the suspected cause related to the very low water levels at Lake Meringo and resulting poor water quality.

"At these low levels, coastal lakes are very susceptible to high water temperatures, algal growth, and low dissolved oxygen," a DPI spokeswoman said.

Massive amount of dead fish wash up in Oceanport waterways

Officials investigate thousands of dead fish found in Oceanport

OCEANPORT - Oceanport residents say a massive amount of dead fish washed up in their waterways within a 24-hour time span.

Heaps of the stinky, dead fish formed a carpet of carcasses among docks and boats off the Shrewsbury River.

Oceanport Creek, Parker's Creek and Blackberry Bay ended up being the final resting place for the dead fish.

New Jersey, as well as others states like Florida, has seen its fair share of fish kills through the years, which typically takes about a few weeks. What make this massive fish die-off a-typical is that it happened within a 24-hour period.

"Normally, we do have this happening on a yearly basis, but not to the extent we had this year," says Mario Criscione, owner of Marina at Oceanport. "So Friday, there was nothing, and Saturday you had this whole event."

The Department of Environmental Protection released a statement saying, "The dead fish are adult Manhaden fish and group in large schools. They are ocean going, but do go into smaller waterways to

Mystery as 14 dead sharks wash ashore in Gansbaai

NEWS / 16 MARCH 2019, 10:48AM / CALYN MONERON

Cape Town - The bodies of 14 bronze whaler sharks were discovered near Gansbaai earlier this month.

The sharks are listed as near threatened on the International Union for Conservation of Nature list, because they are being targeted in commercial and recreational fishing for their meat.

Bronze whaler sharks are also often spotted during shark-cage diving in the small town. Great white sharks are becoming rare sights during cage diving because of environmental factors.

The carcasses of 13 bronze whaler sharks were discovered washed up on a beach near Gansbaai on March 5.

Trump tells Russia to get its troops out of Venezuela

Steve Holland, Lesley Wroughton

4 MIN READ

WASHINGTON (Reuters) - U.S. President Donald Trump on Wednesday called on Russia to pull its troops from Venezuela and said that “all options” were open to make that happen.

The arrival of two Russian air force planes outside Caracas on Saturday believed to be carrying nearly 100 Russian special forces and cybersecurity personnel has escalated the political crisis in Venezuela.

Russia and China have backed President Nicolas Maduro, while the United States and most other Western countries support opposition leader Juan Guaido. In January, Guaido invoked the constitution to assume Venezuela’s interim presidency, arguing that Maduro’s 2018 re-election was illegitimate.

WASHINGTON, March 29 (Reuters) - President Donald Trump's national security adviser warned Russia on Friday about its military presence in Venezuela, saying any move to establish or expand operations there would be considered a "direct threat" to international peace.

"We strongly caution actors external to the Western Hemisphere against deploying military assets to Venezuela, or elsewhere in the Hemisphere, with the intent of establishing or expanding military operations," White House national security adviser John Bolton said in a statement.

"We will consider such provocative actions as a direct threat to international peace and security in the region," Bolton added.

Russia said on Thursday it had sent "specialists" to Venezuela under a military cooperation deal but insisted they posed no threat to regional stability, brushing aside a call by Trump for Moscow to remove all military personnel from the country.

Trump said on Wednesday that "all options" were open to make Russia pull troops out of Venezuela after two Russian air force planes landed outside Caracas on Saturday

N. Korea activity incompatible with denuclearization: US

by Staff Writers
Washington (AFP) March 27, 2019

North Korean military activities are incompatible with denuclearization, which the United States is demanding as a condition for lifting sanctions, the commander of US forces in South Korea said Wednesday.

"Despite a reduction in tensions along the demilitarized zone and a cessation of strategic provocations coupled with public statements of intent to denuclearize, little to no verifiable change has occurred to North Korea's military capabilities," General Robert Abrams testified to lawmakers.

"These capabilities continue to hold the United States, South Korea and our regional allies at risk."

Abrams said he believed it necessary to maintain a "postured and ready force to deter any possible aggressive actions."

Asked about signs of military activity reported in news outlets – triggering fear North Korea is preparing missile or rocket tests – the general said he could not comment in open session.

India Successfully Tests Satellite-Killer Missile

With the test, which destroyed an Indian satellite orbiting around 186 miles up, India joined the U.S., Russia and China as the only nations with such capability

NEW DELHI—India said it successfully tested a satellite-destroying missile, signaling its growing military ambitions by joining the small group of countries with weapons to carry war into space.

With the Wednesday morning test—which destroyed an Indian satellite orbiting around 186 miles up—the South Asian nation became the fourth to prove capable of targeting the thousands of satellites circling the Earth, crucial links for communication, military and intelligence networks. The others are the U.S., Russia and China.

Modi declares India 'space superpower' as satellite downed by missile

By Jalees Andrabi
New Delhi (AFP) March 28, 2019

India said it had destroyed a low-orbiting satellite in a missile test that proved the nation was among the world's most advanced space powers.

In a rare address to the nation on Wednesday, just weeks before a national election, Prime Minister Narendra Modi said India had joined the United States, Russia and China in accomplishing the feat.

A missile fired from a testing facility in Odisha, eastern India, downed the satellite at an altitude of around 300 kilometres (185 miles) in "a difficult operation" that lasted around three minutes, Modi said.

"This is a proud moment for India," Modi added, in his first televised national address since late 2016.

"India has registered its name in the list of space superpowers. Until now, only three countries had achieved this feat."

It comes a month after Indian and Pakistani fighter jets engaged in a dogfight over the disputed border in Kashmir.

Students at a Muslim school in Houston, Texas, celebrated the 40th anniversary of the Islamic revolution in Iran with condemnations of U.S. sanctions against the rogue regime and declarations that the ayatollah "is our leader."

A video of the celebration at the Islamic Education Center of Houston on Feb. 20 was uploaded to the school's YouTube channel, according to the Middle East Media Research Institute, or MEMRI.

Morteza Kazemian, a 10th grader, said the United States continues to sanction Iran because it is scared of the Islamic nation.

CAN HUMANS SENSE MAGNETIC STORMS? Close your eyes and relax. Daydream about something pleasant. In this state your brain is filled with "[alpha waves](#)," a type of electrical brainwave associated with wakeful relaxation.

Now try it during a geomagnetic storm. It may not be so easy. A [new study](#) just published in the journal *eNeuro* by researchers at Caltech offers convincing evidence that changes in Earth's magnetic field can suppress alpha waves in the human brain.

The human magnetoreception test chamber at Caltech. [\[full caption\]](#)

Researchers have long known that living creatures can sense magnetic fields. For instance, honeybees, salmon, turtles, birds, whales, and bats use the geomagnetic field to help them navigate, and dogs can be trained to locate buried magnets.

"Many animals can do it, so why not us?" asks Connie Wang, Caltech graduate student and lead author of the *eNeuro* study.

To find out if humans can indeed sense magnetic fields, the researchers built an isolated radiofrequency-shielded chamber where participants sat in utter darkness for an hour. As magnetic fields shifted silently around the chamber, participants' brain waves were measured using electrodes positioned at 64 locations on their heads.

Church of Scientology Now Considers Actor Tom Cruise a 'Deity'

Mar 28, 2019 | 0 | ★★★★★

OPINION (FaithWire) – Tom Cruise lives in fiction, in the box office and in real life. The “Mission Impossible” star has long been a fixture in the mysterious Church of Scientology. In fact, famous defector Leah Remini, host of the hit A&E series “Leah Remini: Scientology and the Aftermath,” once described him as second in line to church leader David Miscavige, whom believers regard as “the savior

of the free world.” Now, according to a report from Page Six, Cruise is officially “considered a deity within Scientology.” While Cruise hasn’t been very public about his church membership in recent years, he was spotted earlier this month at the organization’s so-called “spiritual mecca” in Clearwater, Florida, where Miscavige hosted a celebration for what is the most important day on the church’s calendar, late founder L. Ron Hubbard’s birthday.

فلهذا اطلب أن نصلي ونستعد ونعد زيت لمصابيحنا لاستقبال العريس بالصلاة والصوم وخدمة
أبناء الله وتنقية القلب والاستعداد بلبس العرس.

رسالة بولس الرسول الي أهل رومية 13

13: 11 هذا وأنكم عارفون الوقت انها الان ساعة لنستيقظ من النوم فان خلاصنا الان أقرب مما كان حين امنا

13: 12 قد تنهى الليل وتقارب النهار فلنخلع اعمال الظلمة ونلبس اسلحة النور

13: 13 لنسلك بلياقة كما في النهار لا بالبطر والسكر لا بالمضاجع والعهر لا بالخصام والحسد

13: 14 بل البسوا الرب يسوع المسيح ولا تصنعوا تدبيرا للجسد لأجل الشهوات

احترس ان لم تتمسك بالمسيح من الان قد لا تستطيع في المستقبل القريب بسبب الظلام.

وكما قلت هو اخبرنا لكي لا نخاف

انجيل متى 24

مت 24: 6 وسوف تسمعون بحروب واخبار حروب **لا ترتاعوا** لأنه لا بد ان تكون هذه

كلها ولكن ليس المنتهى بعد

بطرس الأولى 3: 14

وَلَكِنْ وَإِنْ تَأَلَّمْتُمْ مِنْ أَجْلِ الْبِرِّ، فَطُوبَاكُمْ. وَأَمَّا خَوْفُهُمْ فَلَا تَخَافُوهُ وَلَا تَضْطَرُّوْا،

بل نؤمن

إنجيل يوحنا 14: 29

وَقُلْتُ لَكُمْ الْآنَ قَبْلَ أَنْ يَكُونَ، حَتَّى مَتَى كَانَ تُؤْمِنُونَ.

ثالثا لنتنبه ونستعد

انجيل لوقا 21

28 وَمَتَى ابْتَدَأَتْ هَذِهِ تَكُونُ، فَانْتَصِبُوا وَارْفَعُوا رُؤُوسَكُمْ لِأَنَّ نَجَاتَكُمْ تَقْتَرِبُ.».

افرحوا لان عريسنا قد اقترب مجيؤه. وانتبهوا الشيطان يريد أن نفقد سلامنا ولا ننال أكاليل.

وأیضا استعدوا فقد تسلموا وديعتكم في أي وقت فهناك 150 ألف شخص يموتوا في اليوم الواحد

انت لا تعرف متى ستكون منهم

المسيح اقترب فاصنعوا ثمار تليق بالتوبة واستعدوا لاستقبال العريس.

والمجد لله دائما
