والعلامات حتى 14 أبريل 2020

اكرر هدفي فقط من هذه الخدمة أن نذكر بعضنا باننا نحتاج ان نستعد أي حياة اليقظة الروحية.
والاستعداد ليس فقط قبل مجيء المسيح بل ايضا قبل الظلمة التي ستسبق مجيؤه لأننا نور العالم
الذي أصبح مظلم وليكون عندنا زيت في مصابيحنا يكفي ان نعبر هذه الظلمة وتكون مصابيحنا
مضيئة وقت مجيؤه او من منا سيسلم وديعته في أي وقت. بمعنى نحتاج من الان ان نستعد بقوة
بأيمان عامل بالمحبة والتبشير وبتنقية القلب وان نثمر بالخدمة أي نجمع زيت في مصابيحنا لان
الظلمة والضيقة اقتربت جدا ومن لن يستعد لها بزيت كافي من الان لن يجد زيت في الضيقة لان
وقتها تجميع زيت سيكون صعب جدا بل أستطيع ان أقول من مثل العذاري انه لن يكون هناك
زيت الا ما جمعته سابقا.

أفضل ان اقول لنفسي ولكم استعدوا الان لأنه اقرب فنكون مستعدين سواء جاء او نحن ان
سلمنا وديعتنا عن أنى لا اقول انه اقرب لكيلا يقال عني كاذب وانشر اشاعات او اخيف البعض
ولكنه يأتي بسرعة بغته. لا اعتقد اي أحد ندم لأنه كان مستعد ومنتظر مجيء المسيح ولم يأتي
المسيح في زمنه ولكنه انتقل وهو مستعد ولكن كثيرين جدا ندموا على عدم الاستعداد عندما
انتقلوا

المسيح قال بعض العلامات مثل

انجيل لوقا 21

21: 10 ثم قال لهم تقوم امة على امة ومملكة على مملكة

21: 11 وتكون زلازل عظيمة في اماكن ومجاعات واوبئة وتكون مخاوف وعلامات عظيمة من

السماء

21: 25 وتكون علامات في الشمس والقمر والنجوم وعلى الارض كرب امم بحيرة البحر والامواج

تضج

21: 26 والناس يغطى عليهم من خوف وانتظار ما يأتي على المسكونة لان قوات السماوات

تتزعزع

21: 27 وحينئذ يبصرون ابن الانسان اتيا في سحابة بقوة و مجد كثير

سفر اعمال الرسل 2

2: 19 واعطي عجائب في السماء من فوق وآيات على الارض من أسفل دما ونارا وبخار دخان

2: 20 تتحول الشمس الى ظلمة والقمر الى دم قبل ان يجيء يوم الرب العظيم الشهير

2: 21 ويكون كل من يدعو باسم الرب يخلص

لماذا قال المسيح بعض العلامات؟

أولا لكيلا نرتاع

انجيل متى 24

مت 24: 6 وسوف تسمعون بحروب واخبار حروب **لا ترتاعوا** لأنه لا بد ان تكون هذه

كلها ولكن ليس المنتهى بعد

ثانيا لنؤمن

إنجيل يوحنا 14: 29

وَقُلْتُ لَكُمْ الْآنَ قَبْلَ أَنْ يَكُونَ، حَتَّى مَتَى كَانَ تَوْمُنُونَ.

ثالثا لنتنبه ونستعد

28 وَمَتَى ابْتَدَأَتْ هَذِهِ تَكُونُ، فَأَنْتَضِبُوا وَارْفَعُوا رُؤُوسَكُمْ لِأَنَّ نَجَاتَكُمْ تَقْتَرِبُ».

FRAGMENTS OF COMET ATLAS: There's no longer any doubt. Comet ATLAS (C/2019 Y4) is falling apart. Around the world, amateur astronomers are beginning to witness the breakup, even imaging individual fragments. Jose de Queiroz photographed 3 pieces on April 11th:

"I took the picture using the 90 cm telescope at Observatory Mirasteilas in Falera, Switzerland," says de Queiroz. "This is a stacked 20x120 sec exposure."

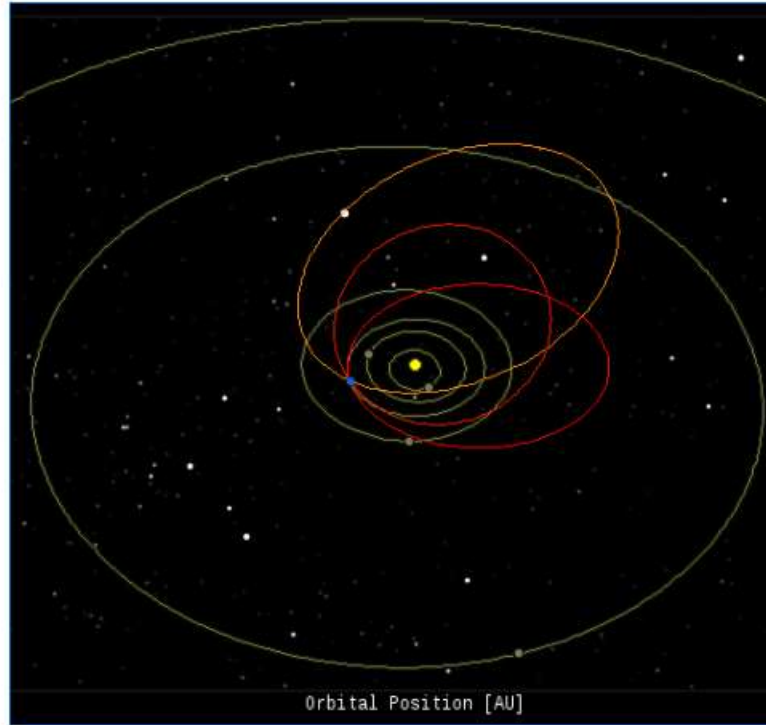

Confirming images from the Lulin One-meter Telescope in Taiwan have just been reported in [an Astronomer's Telegram](#). The observing team, led by Zhong-Yi Lin of Taiwan's National Central University, estimates that the leading fragment is about 3400 km ahead of the trailing pair.

Hundreds of personnel, supported by multiple fire engines and special aircraft, were filmed fighting a forest fire that broke out in the Chernobyl exclusion zone, reportedly stirring up radiation levels in the abandoned area.

Already on nationwide lockdown because of Covid-19 outbreak, Ukraine is dealing with wildfires that have engulfed the so-called alienation zone set up after the 1986 Chernobyl disaster. The fires have easily consumed the grass, bushes and forest trees that had dried out following a warm end to winter.

Coronavirus found in air samples up to 13 feet from patients

AFP • April 10, 2020

A team tested surface and air samples from an intensive care unit and a general COVID-19 ward at Huoshenshan Hospital in Wuhan, housing a total of 24 patients, between February 19 and March 2 (AFP Photo/STR)

Washington (AFP) - A new study examining air samples from hospital wards with COVID-19 patients has found the virus can travel up to 13 feet (four meters) -- twice the distance current guidelines say people should leave between themselves in public.

The preliminary results of the investigation by Chinese researchers were published Friday in Emerging Infectious Diseases, a journal of the US Centers for Disease Control and Prevention (CDC).

“The good thing is we’ve got a bunch of candidates,” Dr. Anthony Fauci, the NIH’s infectious diseases chief, said during a podcast for the Journal of the American Medical Association Wednesday.

Most of the vaccines under development have the same target: A spike protein that studs the surface of the virus and helps it invade human cells. Yet many work in quite different ways, making it crucial to test different options.

Bill Gates on a coronavirus vaccine: The major issue is time

Aarthi Swaminathan and Michael B. Kelley

• April 13, 2020

Microsoft ([MSFT](#)) founder and billionaire Bill Gates wants life to get back like it was before the global [coronavirus outbreak](#).

The only way to truly do that is with a vaccine — and that will take time.

"People like myself and [Dr. Anthony] Fauci are saying eighteen months," Gates told [BBC Breakfast](#). "If everything went perfectly, we could do slightly better than that. But there will be a trade-off: We'll have less safety testing than we typically would have... we just don't have the time to do what we normally do."

The urgency to develop a COVID-19 vaccine is necessary, Gates stressed.

"If you want to wait and see if a side effect shows up two years later, that takes two years," he said. "So when you're acting quickly... this is a public good, so those trade-offs will be

US hits new record for highest number of coronavirus deaths in a DAY: 1,917 fatalities are reported in 24 hours to bring death toll to 12,935 while infections surpass 402,383

- The US has hit a new record for the highest number of coronavirus deaths reported in a single day after 1,890 new fatalities were reported
- The national death toll hit 12,908 deaths Tuesday evening
- There are over 398,813 cases of the virus reported across the United States
- Fatalities have increased drastically by more than 8,000 in the first week of April alone compared to entire month of March when 4,000 deaths were recorded
- The harrowing figures come as health officials warned this week would be one of the hardest for Americans as the death toll is expected to continue to rise
- Data has predicted the peak of the pandemic won't hit until April 16 when 3,000 deaths are expected to occur in 24 hours
- New York remains the epicenter with 731 new fatalities reported on Tuesday - its biggest one-day jump yet - bringing state death toll to 5,489

Workers in full Hazmat suits bury rows of coffins in Hart Island mass grave as NYC officials confirm coronavirus victims WILL be buried there if their bodies aren't claimed within two weeks after death toll rises to 4,778

- About a dozen workers were seen digging the graves on Thursday as at least one refrigerated truck was brought onto New York City's Hart Island
- Prisoners from Rikers Island are usually brought in to dig graves on Hart Island but the Department of Corrections has now stopped those in custody from carrying out the work due to the coronavirus outbreak
- The refrigerated truck that was brought onto the island is similar to those currently parked outside hospitals across Manhattan as part of makeshift morgues set up to deal with the pandemic
- Until now, officials have remained tight-lipped on whether COVID victims were being buried on Hart Island
- On Thursday, officials said they had no choice but to bury COVID-19 patients at the city's cemetery as it deals with the mounting coronavirus death toll and dwindling morgue space
- Currently, 4,778 people have died from coronavirus in the city and more than 87,000 have been infected

At least six people have died of dengue fever in North Maluku so far this year.

According to North Maluku Health Agency data for the first quarter of the year, the fatalities were recorded from Jan. 3 to March 3 in three regencies of the province.

Rosita Alkatiri, the agency's head of disease prevention and control, said on Saturday that three deaths were reported in Morotai Island regency, two in West Halmahera and one in North Halmahera. The province recorded 175 dengue fever cases in the first three months of the year.

"There were 67 patients in January, 77 in February and 31 in March," Rosita, who is also the North Maluku COVID-19 task force spokesperson, told news agency Antara.

She added that 1,195 cases of the dengue fever, a mosquito-borne viral disease, had been recorded in the province throughout 2019, with 16 ending deadly.

"We are advising the North Maluku people to maintain cleanliness and eradicate mosquito breeding grounds by closing or draining water storage containers, especially in schools and places of worship, where activities are minimal during the COVID-19 outbreak, to suppress the number of dengue fever cases," she said.

In addition, she also called on the people to stay at home during the COVID-19 pandemic to curb the spread of the disease. (aly)

Coronavirus pandemic pushes US and China closer to cold war

By Don Lee Los Angeles Times (TNS) Apr 8, 2020  3

WASHINGTON — The coronavirus pandemic, in an unexpected but potentially fateful twist, has moved the United States and China a big step closer to a new cold war.

It has strengthened hard-liners in both countries, and political pressures stemming from the pandemic are making it harder for leaders to back away from escalation.

For two straight months, as the virus killed thousands and wreaked economic havoc around the world, officials of the two superpowers have heaped blame on each other to divert attention away from the pain of the crisis and from their own missteps.

Early on, President Donald Trump frequently referred to the coronavirus as the "Chinese virus."

Air Force intercepts Russian patrol aircraft near Alaska

by Christen Mccurdy
Washington DC (UPI) Apr 09, 2020

U.S. Air Force fighter jets intercepted two Russian patrol aircraft near Alaska this week, according to North American Aerospace Defense Command.

An unspecified number of F-22 Raptors "intercepted two Russian IL-38 aircraft entering the Alaskan Air Defense Identification Zone" in the Bering Sea north of the Aleutian Islands on Wednesday, according to NORAD's Twitter feed.

"This is the latest of several occasions in the past month in which we have intercepted Russian aircraft operating near the approaches to our nations. We continue to execute our no-fail homeland defense missions with the same capability and capacity we always bring to the fight," NORAD Commander General Terrence J. O'Shaughnessy said on Twitter.

During a Thursday appearance on "Fox & Friends," O'Shaughnessy said Russia's plane came within 50 miles of Alaska's coast.

In March, NORAD, with help from the Royal Canadian Air Force, intercepted two Russian Tu-142 reconnaissance off the coast of Alaska.

Hit by virus, Pentagon warns enemies: don't test us

By Sylvie LANTEAUME
Washington (AFP) April 10, 2020

With an aircraft carrier forced into port and staff at bases handling nuclear missiles hit by COVID-19, the US military wants rivals to understand: don't test us, we have not been weakened.

Statement after statement from the Pentagon has sought to deliver that message amid questions this week over whether the US fighting force can maintain full readiness, with cases among service members now at 2,031.

"We're still capable and we're still ready no matter what the threat," Joint Chiefs Chairman General Mark Milley said Thursday.

"I wouldn't want any mixed messages going out there to any adversaries that they can take advantage of an opportunity, if you will, at a time of crisis," he added.

"That would be a terrible and tragic mistake if they thought that."

- 150 bases affected -

Unlike rivals Russia, China and Iran, the US Defense Department has tried to be transparent about the outbreak, publishing daily totals of infections among its troops, civilian workers and families.

Including civilian staff, military family members, and contractors, total Department of Defense infections were at 3,366 on Friday, with one death.

Having initially given the location of cases, it now only offers broader totals, however, to avoid enemies knowing the points at which US forces might have been weakened.

AFRL gives warfighters new weapons system

by Jeanne Daily, for AFRL News
Wright-Patterson AFB OH (SPX) Apr 08, 2020

The Air Force Research Laboratory has set up the Air Force's first high-energy laser weapon system overseas for a 12-month field assessment. The Air Force Strategic Development Planning and Experimentation (SDPE) Office located here is leading the project.

"The receiving combatant command will utilize this system as an operational asset against small unmanned aircraft systems for the duration of the field assessment," said Dr. Michael Jirjis, the SDPE Base Defense Experimentation director.

During the 12-month field assessment, the Air Force will be evaluating five systems. Field assessments began in January 2018 when the Vice Chief of Staff of the Air Force, Gen. Stephen Wilson, asked the Air Force to experiment with directed energy systems as an effort to transition game changing capability to the warfighter.

The Air Force will be evaluating the Raytheon High Energy Laser (HELWS), Raytheon High Power Microwave (PHASER), and the AFRL Tactical High Power Operational Responder (THOR) drone killer.

AFRL is especially excited about the THOR field assessment, since it was developed in house.

"THOR is a directed energy game-changer," said Dr.

Kelly Hammett, AFRL's Directed Energy director. "Drones are becoming more and more pervasive and can be used as weapons intended to cause harm to our military bases at long standoff ranges. We built the THOR weapon system as a deterrent against these type threats. THOR with its counter electronic technology can take down swarms of drones in rapid fire. This capability will be an amazing asset to our warfighters and the nation's defense."

Russia calls out 'aggressive' executive order on space resource by Trump

by Staff Writers
Moscow (Sputnik) Apr 08, 2020

Washington's aggressive plans to claim the right to exploit space resources hinder global cooperation, Russian State Space Corporation Roscosmos Deputy CEO for International Cooperation Sergei Savelyev said on Tuesday.

According to Moscow, the order poses a danger to international space cooperation.

"Attempts to expropriate outer space and aggressive plans to, in fact, usurp territories of other planets are unlikely dispose countries to fruitful cooperation", Savelyev said, as quoted by Roscosmos. "There have been examples in history of countries deciding to seize territories in its interests, and everyone remembers the results".

In the meantime, the Kremlin has also commented on the reports, stating that attempts to privatise space are inadmissible.

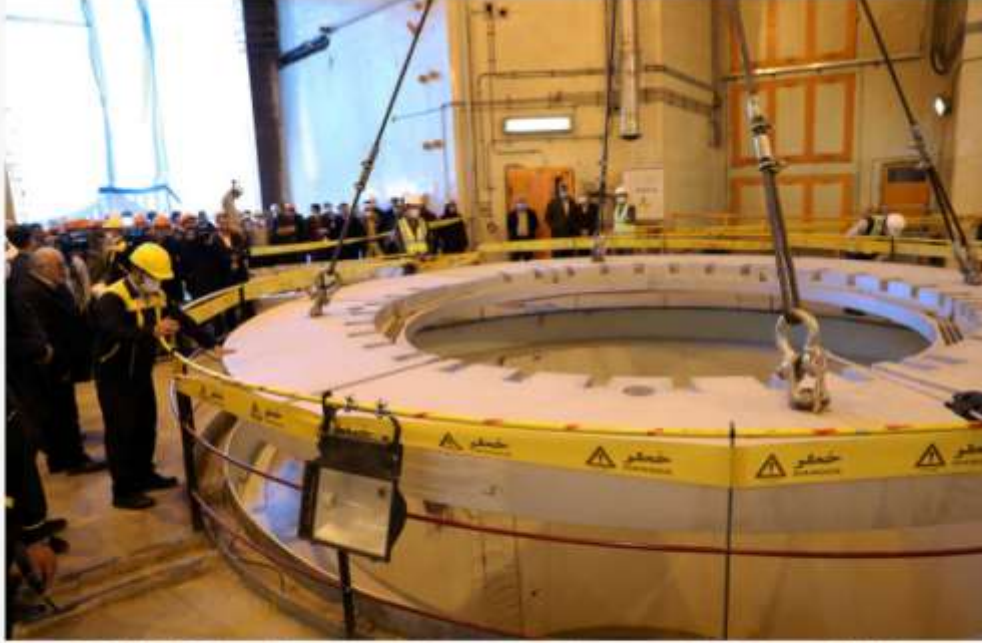

On Monday, US President Donald Trump signed an executive order reaffirming the right of US individuals and corporations to engage in the exploitation and recovery of resources in outer space. He also ordered to negotiate agreements on the use of space resources with foreign countries.

Watchdog blames Syria for chemical weapons attacks

By Jan HENNOP and Charlotte VAN OUWERKERK
The Hague (AFP) April 8, 2020

The global chemical weapons watchdog on Wednesday for the first time explicitly blamed Syria for toxic attacks, saying President Bashar al-Assad's air force used the nerve gas sarin and chlorine three times in 2017.

The findings came in the first report from a new investigative team set up by the Organisation for the Prohibition of Chemical Weapons (OPCW) to identify the perpetrators of attacks in Syria's ongoing nine-year-long civil war.

Western nations and rights groups condemned Syria following the release of the report, which will now go to the United Nations among others to decide what and if any further action should be taken.

In March 2017, Syrian fighter jets dropped sarin on the northern village of Lataminah and a military helicopter dropped a barrel bomb full of chlorine on the same village, the probe found.

The OPCW said the team "has concluded that there are reasonable grounds to believe that the perpetrators of the use of sarin as a chemical weapon in Lataminah in 2017... and the use of chlorine... were individuals belonging to the Syrian Arab Air Force".

Member states of the OPCW agreed two years ago to give The Hague-based watchdog new powers to attribute blame for attacks, despite the objections of Syria and its ally Russia.

Previously, it had only been able to say whether chemical strikes had occurred but without naming the perpetrators.

Several 5G broadcasting masts across the Netherlands were damaged in what authorities have described as "a worrying development." Similar acts of sabotage have previously been seen in the UK.

The Netherlands has experienced a string of arson attacks in the past fortnight, with the latest one happening on Friday in the northern city of Groningen, according to a report by newspaper [De Telegraaf](#). The outlet cites Rob Bongelaar, director of the Monet Foundation, an industry group in charge of installing cellular broadcasting towers in the country.

IMF Sees World in Worst Recession Since Great Depression

(Bloomberg) --

The International Monetary Fund sees the world economy suffering its worst recession since the Great Depression this year, with emerging markets and low-income nations in Africa, Latin America and Asia at particularly high risk.

With half of the IMF's 189 member countries seeking aid, the executive board has agreed to double access to its emergency financing to meet expected demand of about \$100 billion, Managing Director Kristalina Georgieva said in a speech on Thursday.

The IMF's baseline outlook is for a partial recovery in the global economy in 2021 if the pandemic fades in the second half of this year to allow a gradual lifting of containment

(Bloomberg Opinion) — The Federal Reserve is not leaving any corner of the U.S. bond market behind in this crisis.

There's no other way to interpret the central bank's sweeping measures announced Thursday, which together provide as much as \$2.3 trillion in loans to support the economy. It will wade into the \$3.9 trillion U.S. municipal-bond market to an unprecedented degree, can now purchase "fallen angel" bonds from companies that have recently lost their investment-grade ratings, and has expanded its Term Asset-Backed Securities Loan Facility to include top-rated commercial mortgage-backed securities and collateralized loan obligations.

Sign of the times: Mile-long line of cars outside California grocery giveaway

by Reuters

Thursday, 9 April 2020 22:55 GMT

By Lucy Nicholson

VAN NUYS, Calif., April 9 (Reuters) - A pop-up food pantry in Southern California on Thursday drew so many people that the line of cars waiting for free groceries stretched about a mile (1.6 km), a haunting sign of how the coronavirus pandemic has hurt the working poor.

Hundreds of other people, many wearing trash bags to shelter from the rain, arrived at the one-day grocery giveaway on foot, forming a blocks-long queue in Van Nuys, in the central San Fernando Valley region of Los Angeles.

Organizers said they had enough groceries to hand out to more than 2,500 families, with each receiving a 36-pound (16-kg) box of rice, lentils and other staples as well as frozen chicken, oranges and other foods.

US threatens to block China Telecom from American market

by Staff Writers
Washington DC (AFP) Apr 10, 2020

The United States threatened Thursday to cut off Beijing-controlled China Telecom from serving the US market because of legal and security risks, the Justice Department announced Thursday.

A recommendation by the government's top departments, including Defense, State and Homeland Security, said that the Federal Communications Commission should "revoke and terminate" all authorizations for the Chinese giant's US subsidiary, China Telecom (Americas), to provide international telecommunications services to and from the United States.

"The Executive Branch agencies identified substantial and unacceptable national security and law enforcement risks associated with China Telecom's operations, which render the FCC authorizations inconsistent with the public interest," the Justice Department said in a statement.

The statement Thursday did not explain specifically what China Telecom had done to spark the recommendation that it be ousted from US telecommunications services.

If approved, the move could mean that China Telecom's hundreds of millions of phone and internet customers - it is China's second largest mobile phone operator - could lose connectivity with or through the United States.

The agencies making the recommendation - which also included the Justice Department, the Commerce Department, and the US Trade Representative - said China Telecom is vulnerable to "exploitation, influence and control" by the Chinese government.

WHO: ABORTIONS MUST CONTINUE EVEN AT EXPENSE OF CONTAINING CORONAVIRUS

By Adam Eliyahu Berkowitz April 7, 2020 , 3:41 pm

“ So we cooked my son and we ate him. The next day I said to her, ‘Give up your son and let’s eat him’; but she hid her son.” (Kings 2 6:29)

The World Health Organization (WHO) has been targeted by criticism that it bungled the current pandemic but criticism of a different sort is plaguing the organization now. The WHO released a policy statement on Saturday stating that they will continue to prioritize abortion, diverting medical assets towards what they la-

While Some States Temporarily Ban Abortion as Elective Surgery, Others Designate It 'Essential'

03-27-2020 - Paul Strand

A growing number of states have banned elective surgeries in order to focus all resources on fighting the COVID-19 virus. Some abortion providers and states, however, have determined abortion to be an essential procedure.

New Jersey, Massachusetts, Virginia, and Washington state governors have all decreed abortion is an essential need, exempting it from any ban.

فلهذا اطلب أن نصلي ونستعد ونعد زيت لمصاييحنا لاستقبال العريس بالصلاة والصوم وخدمة

أبناء الله وتنقية القلب والاستعداد بلبس العرس.

رسالة بولس الرسول الي أهل رومية 13

13: 11 هذا وأنكم عارفون الوقت انها الان ساعة لنستيقظ من النوم فان خلاصنا الان أقرب مما كان حين امنا

13: 12 قد تناهى الليل وتقارب النهار فلنخلع اعمال الظلمة ونلبس اسلحة النور

13: 13 لنسلك بلياقة كما في النهار لا بالبطر والسكر لا بالمضاجع والعهر لا بالخصام والحسد

13: 14 بل البسوا الرب يسوع المسيح ولا تصنعوا تدبيرا للجسد لأجل الشهوات

احترس ان لم تتمسك بالمسيح من الان قد لا تستطيع في المستقبل القريب بسبب الظلام.

وكما قلت هو اخبرنا لكي لا نخاف

انجيل متى 24

مت 24: 6 وسوف تسمعون بحروب واخبار حروب **لا ترتاعوا** لأنه لا بد ان تكون هذه

كلها ولكن ليس المنتهى بعد

بطرس الأولى 3: 14

وَلَكِنْ وَإِنْ تَأَلَّمْتُمْ مِنْ أَجْلِ الْبِرِّ، فَطُوبَاكُمْ. وَأَمَّا خَوْفُهُمْ فَلَا تَخَافُوهُ وَلَا تَضْطَرُّوْا،

بل نؤمن

إنجيل يوحنا 14: 29

وَقُلْتُ لَكُمْ الْآنَ قَبْلَ أَنْ يَكُونَ، حَتَّى مَتَى كَانَ تُؤْمِنُونَ.

ثالثا لنتنبه ونستعد

انجيل لوقا 21

28 وَمَتَى ابْتَدَأَتْ هَذِهِ تَكُونُ، فَأَنْتَصِبُوا وَارْفَعُوا رُؤُوسَكُمْ لِأَنَّ نَجَاتَكُمْ تَقْتَرِبُ.».

افرحوا لان عريسنا قد اقترب مجيؤه. وانتبهوا الشيطان يريد أن نفقد سلامنا ولا ننال أكاليل.

وأیضا استعدوا فقد تسلموا وديعتكم في أي وقت فهناك 150 ألف شخص يموتوا في اليوم الواحد

انت لا تعرف متى ستكون منهم

المسيح اقترب فاصنعوا ثمار تليق بالتوبة واستعدوا لاستقبال العريس.

والمجد لله دائما
