## والعلامات حتى 30 يونية 2020

Holy\_bible\_1

اكرر هدفي فقط من هذه الخدمة أن نذكر بعضنا باننا نحتاج ان نستعد أي حياة اليقظة الروحية.  
والاستعداد ليس فقط قبل مجيء المسيح بل ايضا قبل الظلمة التي ستسبق مجيؤه لأننا نور العالم  
الذي أصبح مظلم وليكون عندنا زيت في مصابيحنا يكفي ان نعبر هذه الظلمة وتكون مصابيحنا  
مضيئة وقت مجيؤه او من منا سيسلم وديعته في أي وقت. بمعنى نحتاج من الان ان نستعد بقوة  
بأيمان عامل بالمحبة والتبشير وبتنقية القلب وان نثمر بالخدمة أي نجمع زيت في مصابيحنا لان  
الظلمة والضيقة اقتربت جدا ومن لن يستعد لها بزيت كافي من الان لن يجد زيت في الضيقة لان  
وقتها تجميع زيت سيكون صعب جدا بل أستطيع ان أقول من مثل العذاري انه لن يكون هناك  
زيت الا ما جمعته سابقا.

أفضل ان اقول لنفسى ولكم استعدوا الان لأنه اقرب فنكون مستعدين سواء جاء او نحن ان  
سلمنا وديعتنا عن أنى لا اقول انه اقرب لكيلا يقال عني كاذب وانشرا اشاعات او اخيف البعض  
ولكنه يأتي بسرعة بغته. لا اعتقد اي أحد ندم لأنه كان مستعد ومنتظر مجيء المسيح ولم يأتي  
المسيح في زمنه ولكنه انتقل وهو مستعد ولكن كثيرين جدا ندموا على عدم الاستعداد عندما  
انتقلوا

المسيح قال بعض العلامات مثل

انجيل لوقا 21

21: 10 ثم قال لهم تقوم امة على امة ومملكة على مملكة

21: 11 وتكون زلازل عظيمة في اماكن ومجاعات واوبئة وتكون مخاوف وعلامات عظيمة من

السماء

21: 25 وتكون علامات في الشمس والقمر والنجوم وعلى الارض كرب امم بحيرة البحر والامواج

تضج

21: 26 والناس يغطى عليهم من خوف وانتظار ما يأتي على المسكونة لان قوات السماوات

تتزعزع

21: 27 وحينئذ يبصرون ابن الانسان اتيا في سحابة بقوة و مجد كثير

## سفر اعمال الرسل 2

2: 19 واعطي عجائب في السماء من فوق وآيات على الارض من أسفل دما ونارا وبخار دخان

2: 20 تتحول الشمس الى ظلمة والقمر الى دم قبل ان يجيء يوم الرب العظيم الشهير

2: 21 ويكون كل من يدعو باسم الرب يخلص

لماذا قال المسيح بعض العلامات؟

أولا لكيلا نرتاع

انجيل متى 24

مت 24: 6 وسوف تسمعون بحروب واخبار حروب **لا ترتاعوا** لأنه لا بد ان تكون هذه

كلها ولكن ليس المنتهى بعد

ثانيا لنؤمن

إنجيل يوحنا 14: 29

وَقُلْتُ لَكُمْ الْآنَ قَبْلَ أَنْ يَكُونَ، حَتَّى مَتَى كَأَن تُوْمِنُونَ.

ثالثا لننتبه ونستعد

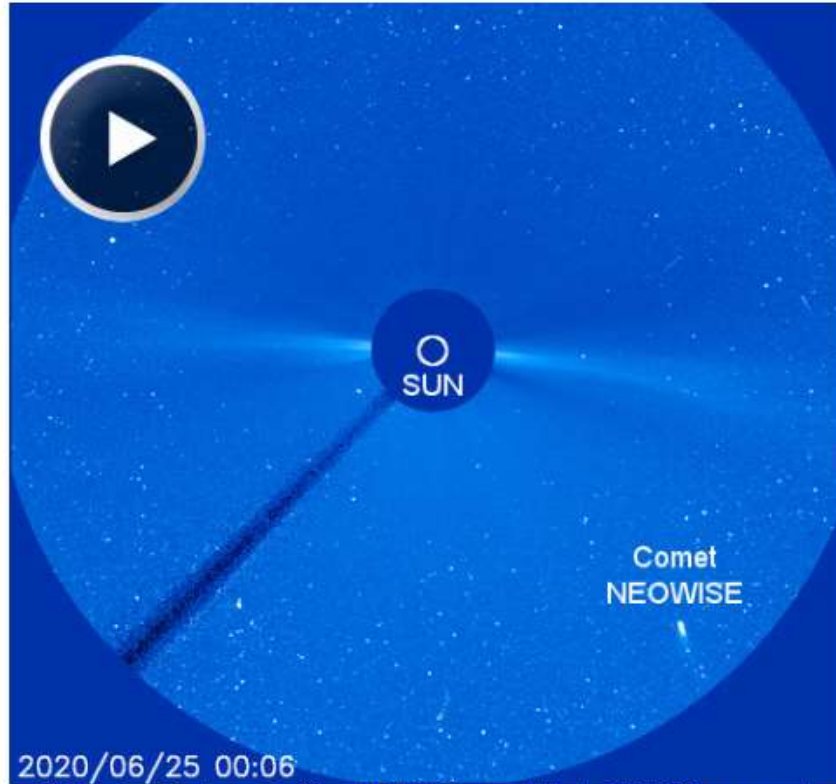

28 وَمَتَى ابْتَدَأَتْ هَذِهِ تَكُونُ، فَأَنْصِبُوا وَارْفَعُوا رُؤُوسَكُمْ لِأَنَّ نَجَاتَكُمْ تَقْتَرِبُ.»

At least 107 people have been killed in lightning strikes in northern India, as the monsoon season continues to rage and the country's meteorological department issues fresh 'red alerts' of thunderstorms and heavy rain.

Lightning struck numerous districts across the northeastern states of Uttar Pradesh and Bihar during heavy storms on Thursday. The majority of the victims were farmers working in the paddy fields when the squall hit, state disaster management officials reported.

DEAD FISH WASHING UP IN SANDUSKY BAY

**BAY VIEW, Ohio (WTVG)** - It was a beautiful summer scene along the shores of Sandusky Bay on Thursday... once you got past the smell. A few days before, plenty of dead fish lined the shores, with few now remaining that hadn't been picked apart by other wildlife. Biologists say events like this are completely natural processes – especially with the specific type of fish floating up.

"Freshwater drum, sometimes called sheephead around here, are one of the most abundant fish in the lake," says Dr. Christine Mayer at University of Toledo's Lake Erie Center in Oregon. "They tend to stay on the bottom, so they'll be in that habitat that has low oxygen."

Lower than normal oxygen may have contributed to this week's fish kill, though the western basin tends to

## Thousands of dead fish wash up along Lake Erie shoreline

by: Dave Nethers and Nexstar Media Wire

BAY VILLAGE, Ohio (WJW) – Thousands of dead fish are washing up along the southern shore of Lake Erie, but experts say the phenomenon shouldn't concern people.

On Monday, the fish were spotted near Huntington Beach, a popular recreation area in Ohio's Bay Village. There were also reports of a large number of the dead fish along the shoreline in Vermilion, roughly 25 miles west.

The Ohio Department of Natural Resources said the fish started washing ashore near Toledo last week, along Lake Erie's shallower western basin.

ODNR said it has taken reports and studied every possible explanation, and determined there is nothing for Ohioans to worry about.

"We have been keeping an eye on it. Our biologists or wildlife officers have been checking in or reporting anything that they have been witnessing or reports from Ohioans. And it seems just to be very species-

New polling reveals a deep disappointment among EU citizens with the bloc's response to the coronavirus pandemic and their governments' handling of it, though a majority say they want EU nations to work more closely in future.

The European Council on Foreign Relations think tank surveyed 11,000 people in the nine countries that make up about two-thirds of the EU's population: Bulgaria, Denmark, France, Germany, Italy, Poland, Portugal, Spain and Sweden. The polling took place in April.

## Coronavirus Surge in South and West Looks Different From North's

PHOENIX—The virus that ravaged Northeastern U.S. cities is surging through Southern and Western states. It's different this time.

Younger people are getting sick with Covid-19. States that had brief coronavirus lockdowns are struggling to encourage social distancing and

mask-wearing. Many people appear to have embraced their usual summer rituals. Health officials are sounding alarms about a surge in cases racing not through nursing homes, but bars and house parties.

## Data map reveals the 23% of US counties that are currently seeing an uncontrollable growth in COVID-19 - as new model predicts Phoenix alone could see 28,000 new infections a DAY by July 18

- Data map, compiled by spatial analytics company Esri, shows 23% of US counties are seeing an uncontrollable growth in new COVID-19 infections
- Of the 3,141 counties across the country, 745 are currently experiencing an epidemic outbreak and 1,232 are seeing spreading trends, according to the data map
- Infections across the US have been surging for more than a week after trending down for over six weeks
- New coronavirus infections and hospitalizations have been spiking to record levels in states like Arizona, Texas, California and Florida
- As cases continue to rise, forecast models from the PolicyLab at Children's Hospital of Philadelphia predict infections in Phoenix will rise to a staggering 28,000 new cases a day by July 18
- Trump has repeatedly said the number of cases is going up due to what he describes as 'great testing'
- Public health officials, however, say it only accounts for some of the increases as people continue to relax social distancing measures and states slowly reopen
- Data from the White House's taskforce team shows cases are surging in states like Arizona and Texas

Microsoft billionaire Bill Gates lamented the US is 'not even close' to doing enough to fight the pandemic, before warning that the vaccine he wants to inject into every human on the planet does require their consent first.

Speaking to Anderson Cooper at a CNN town hall on Thursday, Gates insisted the US was "*experiencing a rebound*" in Covid-19 infections even accounting for the increase in testing. That increase, the software tycoon reminded his interviewers, was accomplished by local governments in spite of - not because of - the White House.

The invasive mosquito has been found again in Wayne County, after first being discovered in the state in 2017.

Asian tiger mosquitoes have been known to carry viruses such as dengue, chikungunya and Zika to people.

## Missouri DHSS: Protecting yourself from ticks and mosquitoes this summer

Posted: Sat 10:50 AM, Jun 27, 2020

**JEFFERSON CITY, Mo. (Edited News Release)** -- The summer heat has arrived! Although COVID-19 awareness and prevention continues to be a top priority, the Missouri Department of Health and Senior Services (DHSS) reminds Missourians to also take simple steps to prevent illnesses spread by ticks and mosquitoes when they spend time outdoors.

"Missouri is a beautiful state, home to gorgeous parks, fantastic hiking trails, national forest lands, pretty lakes, and unfortunately ticks and mosquitoes," said Dr. Randall Williams, DHSS Director.

DHSS receives reports of illness caused by tick and mosquito bites throughout the year, including winter months, though reports are more frequent during the warm weather months. Illnesses that may result from tick and mosquito bites can range from mild to severe and, in some cases, can even be fatal.

# India and China deployed in 'large numbers' in border showdown

by Staff Writers  
New Delhi (AFP) June 25, 2020

India acknowledged for the first time Thursday that it has matched China in massing troops at their contested Himalayan border region after a deadly clash this month.

But India's foreign ministry accused China of causing the tensions by starting military deployments, and warned relations between the world's two most populous nations could be undermined if the standoff continues.

The neighbours have blamed each other for a June 15 battle in the Ladakh region in which 20 Indian soldiers were killed while China suffered an unknown number of casualties.

While each has said it wants to de-escalate the territorial showdown, India's foreign ministry spokesman Anurag Srivastava said "both sides remain deployed in large numbers in the region, while military and diplomatic contacts are continuing".

Srivastava said "Chinese actions" on the unofficial border, known as the Line of Actual Control (LAC), led to this month's deadly fight with rocks and batons. No shots were fired.

"At the heart of the matter is that since early May, the Chinese side has been amassing a large contingent of troops and armaments along the LAC," the spokesman charged.

He added that China had obstructed India's patrols in contravention of accords made to avoid skirmishes between their armies, who fought a border war in 1962 and have regularly clashed since.

Israeli Defense Forces aircraft have struck Gaza Strip after two rockets were fired from the Palestinian enclave into Israeli territory. Tel Aviv is blaming Hamas for the incident.

Local media reported a blackout throughout the coastal enclave and explosions in eastern and southern parts of Gaza late on Friday.

There were also reports of Israeli tanks and artillery firing into the strip. Israeli aircraft targeted "infrastructure used for underground activity" by Hamas, while tanks targeted several Hamas

## DC National Guard to provide unarmed security for monuments in DC

By Ryan Browne and Barbara Starr, CNN  
Updated 10:57 AM ET, Wed June 24, 2020

**Washington (CNN)** — The DC National Guard will provide unarmed guard members to assist with additional security for monuments in Washington, DC, the National Guard Bureau said Wednesday.

"The District of Columbia National Guard is responding to a request to support law enforcement officials and has dispatched unarmed personnel, with others on stand-by, National Guard spokesman Major Robert Perino said in a statement to CNN. "Activated Guardsmen are expected to provide security for local

## Texas realtor group says it will no longer use the word "master" to describe bedrooms and bathrooms in its listings

By Leah Asmelash, CNN

Updated 9:07 PM ET, Thu June 25, 2020

(CNN) — The Houston Association of Realtors will use "primary" to describe bedrooms and bathrooms on its listing service and replace the word "master."

The move comes after several members raised the issue and called for a review, according to CNN affiliate KPRC.

Amid increasing calls for racial justice, "master" has fallen out of favor due to its association with slavery.

The Court of Master Sommeliers, which grants wine stewards the sought-after "master sommelier" title following the passage of an exam, said it will no longer use the term before a sommelier's last name.

The first tenant for one of Frank Woodworth's underground bunkers wasn't a human, it was a seed. "A couple of hippies called me up and asked me to build them a vault for their heirloom seeds," he said.

A reserved man with Downeast stoicism, Mr. Woodworth is the owner of [Northeast Bunkers](#), a company in Pittsfield, Maine, that specializes in the design and construction of underground bunkers. It was 18 years ago that Mr. Woodworth outfitted that first steel vault while working as a general contractor, and he has since changed direction, pivoting his business model to focus solely on designing, installing and updating underground shelters.

Coronavirus pandemic

Voting will take place over seven days from the Baltic to the Pacific

**Russia has begun voting on constitutional reforms that could allow President Vladimir Putin to serve another two terms in office.**

The official vote is scheduled for 1 July, but authorities said they were opening polling stations a week early to stop overcrowding amid the pandemic.

Opposition activist Alexei Navalny has said the changes will allow Mr Putin to be

(ETH) - Facebook is not censoring enough content according to an anti-hate campaign called "Stop Hate for Profit" which is **gaining momentum**, and leading large companies like Patagonia, North Face, REI, and Ben & Jerry's to pull their advertising revenue if Facebook doesn't do more in "**stopping the spread of hateful lies and dangerous propaganda on its platform.**"

according to a report from **TheBlaze**. What is actually defined as "hateful"? is still left up for debate. It appears that it is anything that opposes their view, and it doesn't seem to be stopping with Facebook. Any voices that speak out against the progressive narrative will soon be censored and silenced according to TheBlaze. They went on to state that "The more this campaign grows, the more our freedom of speech diminishes."

# China to join UN arms trade treaty, 'enhance' world peace

by Staff Writers  
Beijing (AFP) June 22, 2020

China will join a global pact to regulate arms sales that has been rejected by the United States, with Beijing saying Monday it is committed to efforts to "enhance peace and stability" in the world.

The Communist Party leadership's top legislative body voted Saturday to adopt a decision on joining the UN Arms Trade Treaty that is designed to control the flow of weapons into conflict zones.

It comes after US President Donald Trump announced plans last year to pull the United States out of the agreement -- which entered into force in 2014.

Chinese foreign ministry spokesman Zhao Lijian told reporters that joining the treaty was "another important measure for China to support multilateralism".

He added that the country would make a "continuous effort to maintain and enhance peace and stability in the world and region", and that China has "always strictly controlled the export of military products".

China only exports such products to sovereign countries and not to non-state actors, Zhao said at a regular briefing.

The US Senate never ratified the 2013 Arms Trade Treaty after former president Barack Obama endorsed it, and Trump has said he would revoke his predecessor's signature.

It is among a number of international agreements reached under the Obama administration that Trump has moved to pull out of.

**(The Atlantic)** – The American economy is reopening. In Alabama, gyms are back in business. In Georgia, restaurants are seating customers again. In Texas, the bars are packed. And in Vermont, the stay-at-home order has been lifted. People are still frightened. Americans are still dying. But the next, queasy phase of the coronavirus pandemic is upon us. And it seems likely that the financial nadir, the point at which the economy stops collapsing and begins growing again, has passed.

## Globalists Reveal That The 'Great Economic Reset' Is Coming In 2021

BY BRANDON SMITH/ACTIVIST POST

JUNE 24, 2020

Share this article:

For those not familiar with the phrase "global economic reset", it is one that has been used ever increasingly by elitists in the central banking world for several years.

I first heard it referenced by Christine Lagarde, the head of the IMF at the time, in 2014. The reset is often mentioned in the same breath as ideas like "the New Multilateralism" or "the Multipolar World Order" or "the New World Order". All of these phrases mean essentially the same thing.

## Northern Ireland Experiences 'One of the Darkest Days' in Its History

4:00PM EDT 6/24/2020 | THE CHRISTIAN INSTITUTE

Westminster (Photo by Deniz Fuchidzhiev on Unsplash)

Westminster voting to force liberal abortion laws on Northern Ireland has been described as "one of the darkest days" in the province's history.

Despite the Stormont Assembly previously rejecting the regulations, the House of Commons gave its final backing for the laws to be forced on Northern Ireland with a vote of 253 to 136.

It effectively permits abortions to take place up to 24 weeks for any reason, and up to birth if the baby is deemed to have a severely life-limiting condition or a "severe" disability.
