

# تعليق على بعض الاحداث العالمية

## والعلامات حتى 14 اكتوبر 2014

Holy\_bible\_1

اكرر اننا لا نحدد مواعيد بل فقط نشجع بعضنا بعضا بقرب مجيء المسيح

وأیضا أوضح أنه يوجد نبوات لم نراها بعد مثل ابن الهلاك وهرمجدون

ولكن ایضا علامات كثيرة من التي قال عنها الكتاب انها في الزمان الاخير بدأت تحدث بوضوح

ويجب أن ننتبه اليها. ونذكر بعضنا باننا نحتاج ان نستعد. والاستعداد ليس فقط قبل مجيء

المسيح بل ایضا قبل الظلمة التي ستسبق مجيؤه ليكون عندنا زيت في مصابيحنا يكفي ان نعبر

هذه الظلمة وتكون مصابيحنا مضيئة وقت مجيؤه. بمعنى نحتاج من الان ان نستعد بقوة بأيمان

عامل وبتنقية القلب وان نثمر بالخدمة أي نجمع زيت في مصابيحنا لان الظلمة والضيقة اقتربت

جدا ومن لن يستعد لها بزيت كافي من الان لن يجد زيت في الضيقة لان وقتها تجميع زيت

سيكون صعب جدا بل أستطيع ان أقول من مثل العذارى انه لن يكون هناك زيت الا ما جمعه

سابقا. أفضل ان اقول لنفسي ولكم استعدوا الان لأنه اقتررب فنكون مستعدين سواء جاء او نحن ان سلمنا وديعتنا عن أنى لا اقول انه اقتررب لكيلا يقال عني كاذب وانشرب اشاعات ولكنه يأتي بسرعة بغته. لا اعتقد اي أحد ندم لانه كان مستعد ومنتظر مجيء المسيح ولم يأتي المسيح في زمنه ولكنه انتقل وهو مستعد ولكن كثيرين جدا ندموا على عدم الاستعداد عندما انتقلوا بعض الاحداث التي قال عنها الرب يسوع

## انجيل متى 24

مت 24: 6 وسوف تسمعون بحروب واخبار حروب انظروا لا ترتاعوا لانه لا بد ان تكون هذه كلها ولكن ليس المنتهى بعد

مت 24: 7 لانه تقوم امة على امة ومملكة على مملكة وتكون مجاعات واوبئة وزلازل في اماكن

مت 24: 8 ولكن هذه كلها مبتدأ الازعاج

مت 24: 9 حينئذ يسلمونكم الى ضيق ويقتلونكم وتكونون مبغضين من جميع الامم لاجل اسمي

مت 24: 10 وحينئذ يعثر كثيرون ويسلمون بعضهم بعضا ويبغضون بعضهم بعضا

مت 24: 11 ويقوم انبياء كذبة كثيرون ويضلون كثيرين

مت 24: 12 ولكثرة الاثم تبرد محبة الكثيرين

مت 24: 13 ولكن الذي يصبر الى المنتهى فهذا يخلص

مت 24: 14 ويكرز ببشارة الملكوت هذه في كل المسكونة شهادة لجميع الامم ثم يأتي المنتهى

## انجيل لوقا 21

21: 10 ثم قال لهم تقوم امة على امة ومملكة على مملكة

21: 11 وتكون زلازل عظيمة في اماكن ومجاعات واوبئة وتكون مخاوف وعلامات عظيمة من

السماء

21: 25 وتكون علامات في الشمس والقمر والنجوم وعلى الارض كرب امم بحيرة البحر والامواج

تضج

21: 26 والناس يغطى عليهم من خوف وانتظار ما يأتي على المسكونة لان قوات السماوات

تتزعزع

21: 27 وحينئذ يبصرون ابن الانسان اتيا في سحابة بقوة و مجد كثير

## سفر اعمال الرسل 2

2: 19 واعطي عجائب في السماء من فوق وآيات على الارض من أسفل دما ونارا وبخار دخان

2: 20 تتحول الشمس الى ظلمة والقمر الى دم قبل ان يجيء يوم الرب العظيم الشهير

2: 21 ويكون كل من يدعو باسم الرب يخلص

المسيح لا يتنبأ ولا يتوقع بل يعرف

لماذا قال المسيح بعض العلامات؟

إنجيل يوحنا 14: 29

وَقُلْتُ لَكُمْ الْآنَ قَبْلَ أَنْ يَكُونَ، حَتَّى مَتَى كَانَ تُؤْمِنُونَ.

وايضا لنتنبه ونستعد

انجيل لوقا 21

28 وَمَتَى ابْتَدَأَتْ هَذِهِ تَكُونُ، فَانْتَصِبُوا وَارْفَعُوا رُؤُوسَكُمْ لِأَنَّ نَجَاتَكُمْ تَقْتَرِبُ.»

## Super Typhoon Vongfong Takes Aim at U.S. Pacific Bases

### Super Typhoon Vongfong eyes Japan

CNBC

Super Typhoon Vongfong — the strongest tropical cyclone of the year — calmed slightly as it made a northward turn Thursday, but the massive storm is still expected to belt the Japanese islands, including those that are home to U.S.

The Atmospheric Infrared Sounder or AIRS instrument that flies aboard NASA's Aqua satellite read temperatures of thunderstorm cloudtops that make up Tropical Cyclone Hudhud when it passed overhead on Oct. 9 at 19:53 UTC (3:53 p.m. EDT). The data showed the coldest cloud top temperatures were in thunderstorms circling a developing eye. Cloud top temperatures were as cold as -63F/-53C, which have the potential for dropping heavy rainfall.

Hudhud's maximum sustained winds were nearer 75 knots (86.3 mph/138.9 kph) on Oct. 10 at 1500 UTC (11 a.m. EDT). It was centered

near 15.5 north and 86.7 east, about 250 nautical miles (155.3 miles) southeast

## El Salvador reports some damage after 7.4-magnitude quake

By Brian Walker, CNN

updated 8:54 AM EDT, Tue October 14, 2014

### STORY HIGHLIGHTS

- The quake was deep but close to El Salvador's shoreline
- Crews responded to at least 12 collapsed homes.
- A woman was killed when an electrical utility pole fell on her

(CNN) -- A powerful 7.4-magnitude quake shook the Pacific coast of Central America on Tuesday, causing some damage and killing at least one person in El Salvador.

The quake was deep (70.5 kilometers or 43 miles) but close to El Salvador's shoreline -- about 64 kilometers from the municipality of Intipuca.

El Salvador's Ministry of Weather and Natural Resources initially issued a tsunami warning for the coastal regions, saying the quake was felt throughout the country. It later downgraded it to a tsunami alert.

World map with red circles indicating volcanic activity locations.

Updated map of the lava flows as of 9 Oct (Univ. Iceland / IMO)

Expected area of air pollution from the eruption today (IMO)

Total subsidence of the glacier surface above the Bárðarbunga caldera since the equipment was mounted on 12 September (IMO)

than 20 since midnight)

Eruption & seismic crisis at Bardarbunga volcano, Iceland: news & updates

eruption continues with little changes

Update Mon 13 Oct 17:18

During the past days, the eruption has continued at similar intensity and with similar lava effusion rates as before. The flow field continues to expand mainly to the north and east and cover now more than 55 square kilometers, with an estimated volume of approx. 0.77 cubic km.

At the main vent along the Holuhraun fissure, a violently degassing lava lake has formed, while fountains have decreased or almost disappeared.

Seismic activity remains mostly at the Bardarbunga caldera, which keeps subsiding. 21 earthquakes greater than M3.0 were recorded over the last 48 hours in or around the caldera. The largest ones were M5.2 at 08:43 and 21:23 on Sunday.

Little seismic activity is now detected in the northern part of the dyke and around the eruption site.

GPS measurements show minor movements. No great changes were detected.

Air pollution with SO2 from the eruption remains significant - depending on wind directions mostly to the N and E of the eruption site.

Eruption continues at similar rates

Update Wed 08 Oct 09:49

The eruption and seismic activity at the Holuhraun fissure continue with little variation. The Bardarbunga caldera continues to subside at approx. 50 cm a day, accompanied by frequent earthquakes. Two magnitude 5.0 and 5.5 events yesterday were associated with a drop of the floor by approx. 60 cm alone!

IMO wrote: "Seismic activity around Bárðarbunga, and volcanic activity at the eruption site at Holuhraun, has been comparable to recent days.

Seismicity is low in the dyke intrusion; since the last report at 07:00 this morning around 15 earthquakes have been detected in the northern part of the dyke (less than 20 since midnight)

and the strongest one was magnitude 1.1.

### Mayon volcano (Luzon Island, Philippines) activity update: extrusion of viscous lava flow, warning of possible explosive eruption

Monday Oct 13, 2014 19:12 PM | BY: T

A viscous lava flow started to descend from the summit crater of the volcano on the southeast slope. On Sunday, it was approx. 350 m long and advancing slowly, with incandescence visible at night.

According to an interview with Philvolcs scientists, the present situation is similar to the days before a large explosion occurred in 1986. The currently slow extrusion could be the foreplay of a potentially dangerous and large explosive eruption. This scenario could occur if the lava flow is caused by new, gas-rich magma, which is now rising and currently pushing out an overlying column of older, degassed and viscous lava above it in the conduit.

According to press articles, more than 12,000 people have been evacuated from areas close to the volcano and a 6 km exclusion zone is in place. Other hazards include landslides and pyroclastic flows if parts of the lava flow collapse.

Activity for the week of 1 October-7 October 2014

USGS Photo G

The Weekly Volcanic Activity Report is a cooperative project between the Smithsonian's Global Volcanism Program and the US Geological Survey Hazards Program. Updated by 2300 UTC every Wednesday, notices of volcanic activity posted on these pages are preliminary and subject to change as more information is studied in more detail. This is not a comprehensive list of all of Earth's volcanoes erupting during the week, but rather a summary of activity that meet criteria discussed in detail in the "Criteria and Disclaimers" section. Carefully reviewed, detailed reports on various volcanoes are published in the Bulletin of the Global Volcanism Network.

## [706] flocks Shaomo long artificial lake of dead fish

Time: 2014-10-07 14:11 Source: New Herald Author: Young Mountain Views: Times

Only 20-30 with the first discovery of the bodies of the number, but now there are more than four tons of fish, shellfish and protected birds died, and estimates there are a lot of dead bodies sink to the bottom.

The incident is just 20-30 with the first discovery of the bodies of the number, but now there are more than four tons of fish, shellfish and protected birds died, and estimates there are a lot of dead bodies sink to the bottom.

EPA, the Water Authority, food chain safety bureau, Disaster Management Authority and the Danube - Drava National Park staff repeatedly extracted in the past week in a sample of water from the problem, although the analysis is still in progress, But experts believe that the reason for this incident but many times over the past few weeks has led to waterlogging and rain Drava river and how wave Canal (Dombó-csatorna) multi-level rise occurs, make certain toxic substances into the ponds into .

绍莫 long Dvor Hay total of 7.7 ha water belongs Fishing Association, the area was a municipal road is divided into two separate artificial lake, the fish deaths occurred in only where a. Mitigation and relief work is currently being carried out by volunteers who work together with, Water Authority and Kaposvár's "rope association" volunteers who are trying to save, and Fishing Association has also requested the support of local government. It is understood that the Delaware River and what is yet to come in waves Canal contamination of fish death.

The incident did not cause casualties, but more than four tons of animal carcasses classified as dangerous by the Fishing Association will be responsible for the money to be delivered to specified locations, it will be not a small expenditure. More serious than the loss of material is a direct result of this incident in the past 30 years Fishing Association's efforts in vain, and the local tourist attraction will be greatly reduced.

The contamination has led to a large number of carp, carp, perch, pike and bream death, many of them for up to one meter, weighing 30-40 kg of fish.

Residents Worry Sukamaju, Sudden Death Chickens  
Wednesday, 08/10/2014 - 14:36

[Tweet](#) 0

[+1](#) 0

SUBANG, (AP) .- Residents of Kampung Village Sukamaju Dawuan Kaler made Subang District of Dawuan worried their pet following a number of chickens that died suddenly. For the past week chickens owned by residents who died more than a hundred tails, thus making the cause of death was worried because of bird flu.

Based on the information of citizens, they mention the dead chickens head like a blueish blood clot. But they do not know the exact cause of his death, but in the span of a week is a lot of chickens owned by residents who died.

"We hope relevant parties could no check, so I can clear the cause of death of chickens here. Problem is we are concerned, here chickens die of bird flu," said Dede, a resident Dawuan Kaler, District Dawuan, Wednesday (08/10/2014) .

SACIM same opinion said. He said the death of chickens residents in place has been going on since last week, every day there are dead chickens. Most of the characteristics of dead chickens were almost the same, including the bluish head like a blood clot. "We are here concerned, so that the chickens died as a direct effort to anticipate their carcasses burned and buried. Then we also clean the cage," he said.

Meanwhile, Head of Animal Health, Subang District Veterinary Office, Agus Sugama, claimed yet it has not received reports of the incident domesticated chickens residents who died suddenly. "But, we will immediately send a team to go into the field. Teams will examine the causes of death The chicken, as well as bringing the sample to be examined in the laboratory," he said.

He said that from information received while traits associated cause of death, the possibility of chickens that died suddenly it was not because of bird flu. Instead, it was assumed that residents of chicken deaths due to cholera disease. "If the characteristics of the head bluish, susceptibility to cholera., But for sure the future can be known from the inspection team. Especially for bird flu, can only be confirmed after laboratory test results," he added. (Joseph Adji / A-147) \*\* \*

Regular Sardis Park users said they've never seen anything like it: Fish by the hundreds showed up dead along the shorelines of Sardis Pond Thursday morning.

City hall received a number of calls about the dead fish and sent out an environmental specialist who confirmed 500 to 700 dead fish were onsite.

Cleanup began, as did water testing, which found the oxygen levels were not sufficient to support fish life.

## Deadly giant hornets kill 42 people in China

By Madison Park, Dayu Zhang and Elizabeth Landau, CNN  
updated 5:36 PM EDT, Fri October 4, 2013

### Hornets kill scores of people in China

#### STORY HIGHLIGHTS

- Hornet stings have killed 42 people and injured 1,675 in China since July
- Shaanxi province sees unusual level of activity; dry weather, human moves are factors
- People who have been stung are dying from allergic reactions or multiple organ failure
- Type of hornet is also a threat to honeybees, often seen in Japan

**Hong Kong (CNN)** -- Hornets have killed dozens of people in China and injured more than 1,500 with their powerful venomous sting.

The Asian giant hornet, known scientifically as *Vespa mandarinia*, carries a venom that destroys red blood cells, which can result in kidney failure and death, said Justin O. Schmidt, an entomologist at the Southwest Biological Institute in Tucson, Arizona.

But perhaps a bigger problem than the toxicity of the venom is allergy, Schmidt says. Some people are naturally more allergic to stinging insects than others; a sting can trigger a deadly anaphylactic reaction, which may involve airway closure or cardiac arrest.

Since July, hornet attacks have killed 42 people and injured 1,675

### WHO ADMITS SNEEZING COULD TRANSMIT EBOLA

U.N. advisory says saliva, tears also pose risk

Published: 15 hours ago

JEROME R. CORSI

About | Email | Archive

Read

NEW YORK – In a largely overlooked media advisory email, the World Health Organization admitted there are some circumstances in which the current strain of Ebola in West Africa can be transmitted through coughing or sneezing.

"Theoretically, wet and bigger droplets from a heavily infected individual, who has respiratory symptoms caused by other conditions or who vomits violently, could transmit the virus – over a short distance – to another nearby person," the United Nations agency said Monday.

"This could happen when virus-laden heavy droplets are directly propelled, by coughing or sneezing (which does not mean airborne transmission) onto the mucus membranes or skin with cuts or abrasions of another person."

The WHO advisory said saliva and tears "may also carry some risk."

"However, the studies implicating these additional bodily fluids were extremely limited in sample size and the science is inconclusive. In studies of saliva, the virus was found most frequently in patients at a severe stage of illness."

Still, WHO insisted the spread of the current Ebola outbreak remains consistent with the theory that the virus is transmitted by direct contact with an infected person showing symptoms of the disease.

"Epidemiological data emerging from the outbreak are not consistent with the pattern of spread seen with airborne viruses, like those that cause measles and chickenpox, or the airborne bacterium that causes tuberculosis," the organization said.

## Conn. Health Commissioner Granted Quarantine Power

HARTFORD, Conn. (AP) — Gov. Dannel P. Malloy has signed an order that gives the state's public health commissioner the ability to quarantine anyone she believes may have been exposed to the Ebola virus. Malloy says Tuesday's order is precautionary and designed to ensure that the state is prepared to deal with any suspected Ebola cases. He says it also will allow for a more coordinated response to any potential case of Ebola. The order declares a public health emergency, giving Commissioner Jewel Mullen the authority to issue quarantine orders. That authority usually rests with local public health directors. Mullen says there is no reason to believe anyone in the state is infected or at risk of infection. [boston.com](http://boston.com)

(NaturalNews) After vehemently denying that Ebola would ever come to the U.S., the federal government is now saying that the deadly hemorrhagic disease is here and we all need to get used to it. Health and Human Services (HHS) Secretary Sylvia Mathews Burwell recently told the corporate media that there are probably more cases of Ebola that we don't even know about yet, and that the country needs to start preparing now.

In response to accusations that she has basically been kicking back and doing nothing while Ebola continues to spread, Burwell explained that she has been

## Spain quarantines more amid Ebola fears

Updated: 3:52 pm, Friday, 10 October 2014

Seven more people have been admitted to a Spanish hospital for monitoring for Ebola, including two hairdressers who had contact with a nurse infected with the deadly disease, health officials say.

The nurse, Teresa Romero, helped treat two elderly Spanish missionaries who died after returning from west Africa with Ebola.

The 44-year-old tested positive for the disease on Monday, making her the first person known to have caught Ebola outside of Africa.

## North West man isolated, hospital staff quarantined

2014-10-09 12:29

Johannesburg - A man from Potchefstroom has been isolated after he showed signs of haemorrhagic fever, the North West health department said on Thursday.

"The 72-year-old man from one of the farming communities in Potchefstroom came to hospital on 8 October 2014 after hours," spokesperson Tebogo Lekgethwane said in a statement.

"This patient came complaining of fever, weaknesses and a cough. Clinically, he had signs and symptoms of haemorrhagic fever and was isolated. Blood investigations were done and the virologist was informed, based on the results."

Lekgethwane said infection control measures were strengthened and the man and staff were quarantined.

"The patient was then referred to Klerksdorp/Tshepong Hospital complex and all staff members who were in contact with that patient were disinfected, including casualty department and all the equipment," he said.

The department said it would monitor everyone who had been in contact with the man.

Lekgethwane did not provide any further details, and could not immediately be reached for comment.

## WHO Warns Ebola Spiraling out of control as death toll rises to 4,033

The number of people known to have died amid the worst Ebola outbreak on record has topped 4,000, the World Health Organization said Friday. The Geneva-based United Nations agency said the virus had killed 4,033 people out of 8,399 cases over seven months in seven countries by Oct. 8. The death toll includes 2,316 in Liberia, 930 in Sierra Leone, 778 in Guinea, eight in Nigeria — and one in the United States. A separate Ebola outbreak in Democratic Republic of Congo has killed 43 people out of 71 cases. Thomas Eric Duncan, the first person to be diagnosed with Ebola in the United States, died Wednesday in Dallas. Meanwhile, Samantha Power, the U.S. ambassador to the United Nations, said Friday that Ebola infections rates are expected to climb. "In Guinea and Sierra Leone, the number of infections is projected to double every month. In Liberia, infections are projected to double every two weeks," Power said at a General Assembly session on Ebola. Power praised countries that "have punched far above their weight." She cited the example of Cuba, "a country of just 11 million people" that "has already sent 165 health professionals to the region and plans to send nearly 300 more." But she also called on more countries to "step up" in the global battle against the deadly virus. "The need is growing, and it is growing fast," Power said. -NBC

## Ebola Is Becoming a Global Pandemic: New Reported Cases Worldwide

*Added by Janette Verdnik on October 10, 2014.*

*Saved under Ebola Virus, Health, Janette Verdnik*

*Tags: ebola, global, pandemic, top*

Despite several confident exclamations from officials that the Ebola pandemic is contained, there are more and more reports of possible or confirmed infections. Several nations are admitting to have Ebola-symptomatic cases or that they are bringing infected patients back from Africa for treatment. New reports of possible infections are coming from Australia, Turkey, Brazil and France. Furthermore, health

## WHO calls Ebola modern world's worst health crisis

Posted on [October 13, 2014](#)

**October 2014 – HEALTH** – The World Health Organization says the Ebola outbreak in West Africa is “the most severe, acute health emergency seen in modern times” but adds that economic disruptions can be curbed if people are adequately informed to avoid irrational moves to dodge infection. World Health Organization Director-General Margaret Chan, citing World Bank figures, today said that 90 per cent of economic costs of any outbreak “come from irrational and disorganized efforts of the public to avoid infection.” In her statement to a regional health conference in Manila, which was read by a WHO official, Chan said educating the public about any disease outbreak is a “good defense strategy.” She praised the Philippines for holding an anti-Ebola summit last week. The Ebola epidemic has killed more than 4,000 people. –[Zee News](#)

**Inadequate protection against Ebola:** The newest case of Ebola to reach the United States raises questions about the effectiveness of the protective gear health care workers wear when treating patients. A hospital worker in Dallas tested positive for the disease Sunday. The nurse treated Thomas Eric Duncan, the first Ebola patient to die in this country. One doctor in Southern Colorado believes it's possible the nurse was taking off protective gear at the time of infection. “The problem is when you use those you have to take them off in very deliberate fashion,” Dr. John Torres said. “You have to take the suits off in reverse order,

The Associated Press

AP

Liberia's United Nations peacekeeping mission has placed 41 staff members, including 20 military personnel, under "close medical observation" after an international member of its medical team was diagnosed with Ebola this week — the second mission member to test positive for the deadly disease.

"This measure is precautionary and meant to ensure no possible further transmission of the disease," the mission said in a statement Friday. "None of the personnel who are contacts have shown any symptoms but will be observed for the full 21-day possible incubation period."

Medical experts say the latest strain of enterovirus D68, a virus that has caused severe respiratory problems in children across North America in recent months, is behaving in a new way — and they want to know why.

Health officials began to notice a problem in late August, when children first thought to be battling a mild cold began developing severe breathing problems.

Russia to support Palestinian bid for Security Council mandate for statehood

Russia Plans to back a Palestinian United Nations Security Council resolution which sets a deadline for two-state solution that includes an Israeli withdrawal from the West Bank and east Jerusalem by November 2016. Russia's Deputy Foreign Minister Mikhail Bogdanov announced his country's position on Sunday at a donor conference for Gaza that drew representatives from 50 nations, including US Secretary of State John Kerry. Both Russia and the US are permanent members of the 15 nations that comprise the UN Security Council and both countries have veto power. Although Russia is a member of the Quartet, that calls for a negotiated solution to the Israeli-Palestinian conflict, it also has a history of supporting unilateral Palestinian statehood initiatives, particularly at the UN. ## Battle for Syria's Kobani intensifies; ISIS takes Iraq base

By Susannah Cullinane, CNN

updated 3:40 PM EDT, Mon October 13, 2014

### STORY HIGHLIGHTS

- Three separate blasts in Baghdad kill at least 17 people, sources say
- CNN team on the Turkey-Syria border describe fierce fighting for the city of Kobani
- A Kurdish fighter says it will be "impossible" to hold Kobani if current conditions continue
- Iraq's military leaves an important military base in Anbar

(CNN) -- The battle for a key Syrian city on the Turkish border intensified Monday as ISIS continued its push for control of Kobani while also scoring a victory in neighboring Iraq, taking a strategically important military base in Anbar province.

A fighter from the Kurdish People's Protection Unit, or YPG, told CNN's Arwa Damon that the battle in Kobani concerned the main border crossing into Turkey. If ISIS took control, he said, "it's over."

The fighter said the Kurdish fighters had pushed back an attempted advance by ISIS on Monday morning but that it would be

continues to advance on the Syrian town of Kobani and close in on Turkey's border, experts in Islamic radical movements think the terror group [may merge with its al-Qaeda](#) mother organization soon. Together, the group would represent the greatest terror threat to the civilized world.

"I think Britain, Germany and France will witness significant attacks in their territories by the Islamic State. Al-Baghdadi [the leader of the Islamic State of Iraq and Syria, otherwise known as ISIS] may reconcile with al-Zawhiri [the leader of the al-Qaeda central organization] to fight the crusader enemy. The attacks by the United States and her allies will unite the two groups," said [Hisham al-Hashimi](#), an Iraqi researcher who just finished writing a book about ISIS based on his unique access to the organization's documents and years of research and advising Iraqi security forces.

## Photographs of Kurdish fighters' bodies suggest chemical weapons use by ISIS

Photographs obtained by the Middle East Review of International Affairs (MERIA Journal) which were published on Sunday appear to support claims that the Islamic State used chemical weapons against Kurdish fighters in the Kobani enclave on at least one occasion in the past. The Syrian town near the Turkish border is currently under siege and in danger of falling under Islamic State control, bringing on fears of a potential massacre. The current siege of Kobani is not the first attempt by Islamic State to capture the town. It has been suggested that during a previous attempt, in July, IS unleashed a chemical agent on Kurdish fighters. Kurdish activists had previously claimed that the chemical attack occurred on July 12, in the village of Avdiko in Kobani. According to health minister of the Kurdish authority in Kobani, Nisan Ahmed, the bodies of three Kurdish fighters killed in battles with IS were not damaged by bullets, but instead were marked by "burns and white spots...without any visible wounds or external bleeding." ## North Korea readying for war, says Seoul

South Korea's Ministry of Defense submitted a report to the National Assembly on Tuesday, warning that "After declaring 2015 the year of completing unification, North Korea has been prepared for full-scale wars."

## Bad Moon Rising: Trouble on the way – Is blood moon one more omen world spiraling towards greater peril?

Posted on October 8, 2014

**October 2014 – SIERRA LEONE** – The Sierra Leone Broadcasting Corporation says bodies of Ebola victims have been left in the streets because of a strike by burial teams, who complain they have not been paid. Health Ministry spokesman Sidie Yahya Tunis says the situation is "very embarrassing" and said money was available to pay the teams. He promised to provide more information on Wednesday. The World Health Organization says Ebola is believed to have killed more than 600 people in Sierra Leone. In Spain, officials said a fourth person has been placed under observation for Ebola in a Madrid hospital where a nursing assistant that became infected after working with two victims from Sierra Leone and Liberia, who later died. The infected woman's husband is among those being observed. –[ABC News](#)

**Bad Moon Rising:** "It's not Halloween just yet, but that doesn't mean the moon can't get a little freaky. The second blood moon of the year will light up the sky early Wednesday morning in North America, where it will be most visible from the Pacific coast, according to NASA. The Earth will position itself between the sun and the moon, creating a full lunar eclipse with a majestic red hue. The eclipse is the second in a rare series

## Serious Financial Trouble Is Erupting In Germany And Japan

By Michael Snyder, on October 8th, 2014

There are some who believe that the next great financial crash will not begin in the United States. Instead, they are convinced that a financial crisis that begins in Europe or in Japan (or both) will end up spreading across the globe and take down the U.S. too. Time will tell if they are ultimately correct, but even now there are signs that financial

trouble is already starting to erupt in both Germany and Japan. German stocks have declined 10 percent since July, and that puts them in "correction" territory. In Japan, the economy is a total mess right now. According to figures that were just released, Japanese GDP contracted at a 7.1 percent annualized rate during the second quarter and private consumption contracted at a 19 percent annualized rate. Could a financial collapse in either of those nations be the catalyst that sets off financial dominoes all over the planet?

ore This week, the worst German industrial production figure since 2009 rattled global financial markets. Germany is supposed to be the economic "rock" of Europe, but at this point that "rock" is starting to show cracks.

And certainly the civil war in Ukraine and the [growing Ebola crisis](#) are not helping things either. German investors are becoming increasingly jittery, and as I mentioned above the German stock market has already declined [10 percent since July](#)...

## Christian Graduate Gets Obscene Job Rejection Letter From Pro-Gay Viking Employer Calling Mary a 'Whore,' Threatening Jesus

A recent graduate from a Canadian Christian University who applied for a job with a Norwegian wilderness tourism company got the shock of her life when she was "attacked" for her religion in a series of emails in which Mary, the mother of Jesus, is called a "whore" and Jesus is threatened with sodomy. The graduate, Bethany Paquette, who attended Trinity Western University, said her application was rejected by Amaruk Wilderness Corp. because of her faith. And she provided the series of testy and, at times, obscene emails to prove it, according to CBC. Amaruk notes the company's website specializes in private guiding, highlighted as "custom expeditions throughout the world for private clients." The firm also "offers wilderness training, support, and logistics, as well as consulting services, to individuals, corporations, and governments," among other services. "It did really hurt me and I did feel really attacked on the basis that I'm a Christian," Paquette told CBC.

*Clergy and faith leaders gather outside Arch Street United Methodist Church in Philadelphia in support of Richard Taylor and William Gatewood (at top of stairs in doorway) following their wedding in November. (Mike DuBose, United Methodist News Service)*

United Methodists in Pennsylvania have agreed to resolve a complaint filed against three dozen clergy who blessed a gay wedding without taking the case to trial.

A complaint was filed against 36 **United Methodist** pastors who officiated at a Nov. 9 wedding for two men at Arch Street United Methodist Church in Philadelphia. On Friday, Philadelphia Area Bishop Peggy Johnson announced that the complaint had been resolved.

The resolution calls for the officiating clergy to acknowledge that they violated rules of the United Methodist Book of Discipline, which includes the denomination's constitution. In return, the complaint will be withdrawn.

"Though I may sympathize with the pastoral concerns of the respondents, it is unacceptable to disregard and disobey the Book of Discipline," Johnson said. "I pledge that, in future cases where clergy within my jurisdiction officiate or host a same-gender ceremony, any complaints that I receive will be handled swiftly

## Kentucky Commission Orders Christian Company to Print Pro-Homosexual T-Shirts

**LEXINGTON, Ky.** — A Kentucky Human Rights Commission examiner has ordered a Christian screen printing company to print t-shirts that bear pro-homosexual messages and undergo diversity training for declining to make shirts for a “gay pride” celebration two years ago.

The Lexington-Fayette Urban County Human Rights Commission issued the recommendations of its hearing examiner on Tuesday, declaring that Hands On Originals—a company that identifies as “Christian outfitters” on the home page of its website—violated the Lexington Fairness Ordinance by passing on the requested order because of its religious convictions.

The Gay and Lesbian Services Organization of Lexington (GLSO) had wanted the company to

print t-shirts for the 2012 Lexington Gay Pride Festival. When manager Blaine Adamson declined the order due to the company’s biblical convictions not to be partaker of another man’s sins (1 Timothy 5:22, Ephesians 5:7), GLSO filed a complaint with the HRC.

“I want the truth to come out—it’s not that we have a sign on the front door that says, ‘No Gays Allowed,’” owner Blaine Adamson said following the filing of the complaint. “We’ll work with anybody. But if there’s a specific message that conflicts with my convictions, then I can’t promote that.”

### DTG TSHIRT PRINTERS

omniprintonline...

But HRC examiner Greg Munson ruled [this week](#) that Hands On Originals violated the law by not printing the shirts for the event.

“The evidence of record shows that the respondent discriminated against GLSO because of its members’ actual or imputed sexual orientation by refusing to print and sell to them the official shirts for the 2012 Lexington Pride Festival,” he wrote.

During a hearing regarding the matter this past June, GSLO representative Aaron Baker admitted to the commission that his desire to force Christians to print pro-homosexual messages works both ways, and that the homosexual companies could be forced to print messages for the Westboro Baptist “Church.”

ANCHORAGE, Alaska – A federal judge on Sunday struck down Alaska's first-in-the-nation ban on gay marriages, the latest court decision in a busy week for the issue across the country.

It wasn't immediately clear when marriage licenses would be issued to same-sex couples in the state, however the state does have a three-day waiting period between applications and marriage ceremonies.

لي وقفة عند هذا الخبر

الرب يسمح أحيانا بأمراض شديدة والبعض منها يكون بالألم شديدة وينتهي ينتهي بالشفاء أو بالموت مثل بعض أنواع السرطانات ولكن هذا لا يعني ان ننتحر.

فالرب يسمح بالألم للتنقية قبل ان ينتقل الانسان فكما قال

رسالة بولس الرسول الأولى إلى أهل كورنثوس 3: 15

إِنْ اخْتَرَقَ عَمَلٌ أَحَدٍ فَسَيَخْسَرُ، وَأَمَّا هُوَ فَسَيَخْلُصُ، وَلَكِنْ كَمَا بِنَارٍ.

ورفضنا لألم مثل الام مثل مرض السرطان او غيره هو هروب من نار التنقية للخلاص

البعض سيقول انها الام شديدة فليموت أفضل ولكن الحقيقة هذه اللام التي كانت للتنقية رغم صعوبتها كما نري ولكنها خفيفة جدا مقارنة بالإكليل المعد لمن يحتملها بشكر

رسالة بولس الرسول الثانية إلى أهل كورنثوس 4: 17

لَأَنَّ خِفَّةَ ضِيقَاتِنَا الْوَقْتِيَّةِ تُنْشِئُ لَنَا أَكْثَرَ فَأَكْثَرَ ثِقَلٍ مَجْدٍ أَبَدِيًّا.

ولكن الغير مؤمن لأنه يعتقد ان الحياة هي الدنيا فقط فالحياة بالألم يكون أفضل منها الموت بالنسبة له

رغم أن لنا رجاء فيما بعد الألم لان الألم بدون الابدية هو شقاء

رسالة بولس الرسول الأولى إلى أهل كورنثوس 15: 19

إِنْ كَانَ لَنَا فِي هَذِهِ الْحَيَاةِ فَقَطُ رَجَاءٍ فِي الْمَسِيحِ، فَإِنَّا أَشَقَى جَمِيعِ النَّاسِ.

الآلام مع الابدية هو فرح

رسالة يعقوب 1: 12

طُوبَى لِلرَّجُلِ الَّذِي يَحْتَمِلُ التَّجَرِبَةَ، لِأَنَّهُ إِذَا تَرَكَى يَنَالُ «إِكْلِيلَ الْحَيَاةِ» الَّذِي وَعَدَ بِهِ الرَّبُّ  
لِلَّذِينَ يُحِبُّونَهُ.

فالله أحيانا يسمح بهذه الآلام لنعرفه في الآلام

رسالة بولس الرسول إلى أهل فيلبي 3: 10

لَأَعْرِفُهُ، وَقُوَّةَ قِيَامَتِهِ، وَشَرَكَةَ آلَامِهِ، مُتَشَبِّهًا بِمَوْتِهِ،

ومن يتمسك بالله في وسط الآلام الله يعطيه نعمة تعويضية أجمل بكثير من قيمة الآلام تجعل

المؤمن يشكر الرب على الآلام الذي تسبب في هذه النعمة

رسالة بولس الرسول الثانية إلى أهل كورنثوس 12: 9

فَقَالَ لِي: «تَكْفِيكَ نِعْمَتِي، لِأَنَّ قُوَّتِي فِي الضَّعْفِ تَكْمَلُ». فَبِكُلِّ سُرُورٍ أَفْتَخِرُ بِالْحَرِيِّ فِي  
ضَعْفَاتِي، لِكَيْ تَحِلَّ عَلَيَّ قُوَّةُ الْمَسِيحِ.

فأحيانا الآلام يجعل الانسان يقترب من الرب ويرى ابعاد لم يعرفها من قبل

سفر أيوب 42: 5

بِسْمِ الْأُذُنِ قَدْ سَمِعْتُ عَنْكَ، وَالْآنَ رَأَيْتُكَ عَيْنِي.

فنكتشف أن خدعة الشيطان في منع الألم عن طريق الانتحار الذي يسمى زورا موت الكرامة هو اصلا شر، بل هو أكثر شيء شرير لان فيه عدم معرفة الله بالحقيقة فالشيطان به يريد ان يقفل باب مهم عرف به الكثيرون الرب. فتخيل لو كان موت الكرامة في أيام أيوب هل كان أصبح أيوب البار مثال للأجيال؟

ولماذا يقرر أن ينتحر لماذا لا يطلب من الرب أن يشفيه؟

لماذا لا يوجد عنده ايمان بالرب فالانتحار هو عدم ايمان

قد يستجيب الرب بالشفاء فيعرف الرب ويربح الأبدية أو قد يستجيب الرب بانه يوضح أنها الام تنقية ولكنه يوضح له أنه لو تحمل فسيغوز بالمكان الذي يعده له الرب بدون الم

في الابدية لن يكون الم

سفر رؤيا يوحنا اللاهوتي 21: 4

وَسَيَمْسَحُ اللَّهُ كُلَّ دَمْعَةٍ مِنْ عُيُونِهِمْ، وَالْمَوْتُ لَا يَكُونُ فِي مَا بَعْدُ، وَلَا يَكُونُ حُزْنٌ وَلَا صُرَاخٌ وَلَا وَجَعٌ فِي مَا بَعْدُ، لِأَنَّ الْأُمُورَ الْأُولَى قَدْ مَضَتْ.

لو الانسان استمر معه الألم للموت فهو كان تدريب للملكوت لنكون تامين وكاملين في الملكوت.

رسالة يعقوب 1

2-إِخْسِبُوهُ كُلَّ فَرْحٍ يَا إِخْوَتِي حِينَمَا تَقْعُونَ فِي تَجَارِبٍ مُتَنَوِّعَةٍ،

3-عَالَمِينَ أَنْ امْتِحَانَ إِيمَانِكُمْ يُنْشِئُ صَبْرًا.

4-وَأَمَّا الصَّبْرُ فَلْيَكُنْ لَهُ عَمَلٌ تَامٌ، لِكَيْ تَكُونُوا تَامِينَ وَكَامِلِينَ غَيْرَ نَاقِصِينَ فِي شَيْءٍ.

مثل تنقية الذهب بل يعلمنا أن نتوقف عن خطايا خطيرة وبه يتحاشى الانسان اشد الم وهو الالم

الابدي

رسالة بطرس الرسول الأولى 4: 1

فَإِذْ قَدْ تَأَلَّمَ الْمَسِيحُ لِأَجْلِنَا بِالْجَسَدِ، تَسَلَّحُوا أَنْتُمْ أَيْضًا بِهَذِهِ النِّيَّةِ. فَإِنَّ مَنْ تَأَلَّمَ فِي الْجَسَدِ، كُفَّ  
عَنِ الْخَطِيئَةِ،

فالألم هو هدف جيد جدا لا يجب ان نعترض عليه او نعاتب الله بسببه او ننتحر لننتخلص منه.

فهدفه هو الخلاص والتنقية لكي نكف عن خطأ وخطية معينة ولنعرف الرب من خلاله

ولكن للأسف من لا يؤمن ويشعر أنه قد يتألم يبدأ يخضع لخدعة الشيطان ويسعى أن ينتحر واما

من يؤمن ويقبل الألم رغب صعوبتها بشكر ينال تعزيات وله رجاء يساعده على الاحتمال ولان له

مكافئة ابدية ان احتمل بشكر. فلنشكر الرب على نعمة الالم وعلى ملكوت السماوات

رسالة بولس الرسول إلى أهل رومية 8: 18

فَإِنِّي أَحْسِبُ أَنَّ آلامَ الزَّمَانِ الْحَاضِرِ لَا تُقَاسُ بِالْمَجْدِ الْعَتِيدِ أَنْ يُسْتَعْلَنَ فِيْنَا.

لهذا اعتبر أن موت الكرامة هذا انحدار أخلاقي أكثر وخدعة أخرى كبيرة من الشيطان ليغلق باب  
كان بسببه كثيرين يعرفون الرب ويتنقوا ويخلصوا.

فاحذروا من خدع الشيطان التي بدأت تزيد جدا بانواع مختلفة وهي خطايا شريرة ولكن يوضع لها  
مسميات راقية جميلة رغم انها شر

فالاضطهاد يزيد والاضطراب يزيد والزلازل والابوة والفساد الأخلاقي يزيد والاحاد يزيد

فهذا أقول المسيح اقترب ميعاد مجيؤه لا احدد مواعيد بل ارفض من يحدد مواعيد ولكن اطلب  
شيئين

الأول نصلي ونستعد ونعد زيت لمصابيحنا لاستقبال العريس بالصلاة والصوم وخدمة أبناء الله  
وتنقية القلب والاستعداد بلبس العرس.

أفسس 6: 15 وَحَازِينَ أَرْجُلَكُمْ بِاسْتِعْدَادٍ إِنِّجِيلِ السَّلَامِ .

رسالة بولس الرسول الي أهل رومية 13

13: 11 هذا وأنكم عارفون الوقت انها الان ساعة لنستيقظ من النوم فان خلاصنا الان أقرب مما

كان حين امنا

13: 12 قد تناهى الليل وتقارب النهار فلنخلع اعمال الظلمة ونلبس اسلحة النور

13: 13 لنسلك بلياقة كما في النهار لا بالبطر والسكر لا بالمضاجع والعهر لا بالخصام والحسد

13: 14 بل البسوا الرب يسوع المسيح ولا تصنعوا تدبيرا للجسد لأجل الشهوات

احترس ان لم تتمسك بالمسيح من الان قد لا تستطيع في المستقبل القريب بسبب الظلام.

الثاني لا نخاف

بطرس الأولى 3: 14

وَلَكِنْ وَإِنْ تَأَلَّمْتُمْ مِنْ أَجْلِ الْبِرِّ، فَطُوبَاكُمْ. وَأَمَّا خَوْفُهُمْ فَلَا تَخَافُوهُ وَلَا تَضْطَرُّوْا،

بل نفرح

رسالة بولس الرسول إلى أهل فيلبي 4: 4

إِفْرَحُوا فِي الرَّبِّ كُلَّ حِينٍ، وَأَقُولُ أَيْضًا: افْرَحُوا.

افرحوا لان عريسنا قد اقترب مجيؤه. وانتبهوا الشيطان يريد أن نفقد سلامنا ولا ننال أكاليل.

وأيضا استعدوا فقد تسلموا وديعتكم في أي وقت فهناك 150 ألف شخص يموتوا في اليوم الواحد

انت لا تعرف متى ستكون منهم

المسيح اقترب فاصنعوا ثمار تليق بالتوبة واستعدوا لاستقبال العريس.

والمجد لله دائما
