## والعلامات حتى 11 ابريل 2017

Holy\_bible\_1

اكرر هدفي فقط من هذه الخدمة أن نذكر بعضنا باننا نحتاج ان نستعد. والاستعداد ليس فقط قبل مجيء المسيح بل ايضا قبل الظلمة التي ستسبق مجيؤه ليكون عندنا زيت في مصابيحنا يكفي ان نعبر هذه الظلمة وتكون مصابيحنا مضيئة وقت مجيؤه او من منا سيسلم وديعته في أي وقت. بمعنى نحتاج من الان ان نستعد بقوة بأيمان عامل وبتنقية القلب وان نثمر بالخدمة أي نجمع زيت في مصابيحنا لان الظلمة والضيقة اقتربت جدا ومن لن يستعد لها بزيت كافي من الان لن يجد زيت في الضيقة لان وقتها تجميع زيت سيكون صعب جدا بل أستطيع ان أقول من مثل العذاري انه لن يكون هناك زيت الا ما جمعته سابقا.

أفضل ان اقول لنفسي ولكم استعدوا الان لأنه اقترب فنكون مستعدين سواء جاء او نحن ان سلمنا وديعتنا عن أنى لا اقول انه اقترب لكيلا يقال عني كاذب وانشر اشاعات او اخيف البعض

ولكنه يأتي بسرعة بغته. لا اعتقد اي أحد ندم لأنه كان مستعد ومنتظر مجيء المسيح ولم يأتي

المسيح في زمنه ولكنه انتقل وهو مستعد ولكن كثيرين جدا ندموا على عدم الاستعداد عندما

انتقلوا

المسيح قال بعض العلامات مثل

انجيل لوقا 21

21: 10 ثم قال لهم تقوم امة على امة ومملكة على مملكة

21: 11 وتكون زلازل عظيمة في اماكن ومجاعات واوبئة وتكون مخاوف وعلامات عظيمة من

السماء

21: 25 وتكون علامات في الشمس والقمر والنجوم وعلى الارض كرب امم بحيرة البحر والامواج

تضج

21: 26 والناس يغطى عليهم من خوف وانتظار ما يأتي على المسكونة لان قوات السماوات

تتزعزع

21: 27 وحينئذ يبصرون ابن الانسان اتيا في سحابة بقوة و مجد كثير

سفر اعمال الرسل 2

2: 19 واعطي عجائب في السماء من فوق وآيات على الارض من أسفل دما ونارا وبخار دخان

2: 20 تتحول الشمس الى ظلمة والقمر الى دم قبل ان يجيء يوم الرب العظيم الشهير

2: 21 ويكون كل من يدعو باسم الرب يخلص

لماذا قال المسيح بعض العلامات؟

أولا لكيلا نرتاع

انجيل متى 24

مت 24: 6 وسوف تسمعون بحروب واخبار حروب **لا ترتاعوا** لأنه لا بد ان تكون هذه

كلها ولكن ليس المنتهى بعد

ثانيا لنؤمن

إنجيل يوحنا 14: 29

وَقُلْتُ لَكُمْ الْآنَ قَبْلَ أَنْ يَكُونَ، حَتَّى مَتَى كَانَ تُؤْمِنُونَ.

ثالثا لنتنبه ونستعد

انجيل لوقا 21

28 وَمَتَى ابْتَدَأَتْ هَذِهِ تَكُونُ، فَانْتَصِبُوا وَارْفَعُوا رُؤُوسَكُمْ لِأَنَّ نَجَاتَكُمْ تَقْتَرِبُ.»

A 'potentially hazardous' asteroid estimated to be nearly a mile wide is set for an alarmingly close flyby with Earth later this month.

Object 2014 JO25 is said to be 'among the strongest asteroid radar targets of the year,' and will pass by our planet within just 4.6 lunar distances on April 19.

According to NASA, it's the closest shave we've had with an asteroid of this size in the last decade, and isn't expected to come this close again for at least 400 years.

A pink moon is heading our way Tuesday – but those expecting to see a literal pink sphere sailing above us in the sky may be disappointed.

Any full moon that occurs in April is called a 'Pink Moon' simply because of the pink flowers, such as North America's wild ground phlox, which blossom in April and are to symbolize new beginnings.

WELLINGTON/SYDNEY (Reuters) – Rescue workers used tractors and boats to evacuate thousands of people at the top of New Zealand's North Island on Thursday as flood waters from ex-Cyclone Debbie surged in what meteorologists said was a once-in-500 year event.

The effects of the former category 4 storm, one level shy of the most powerful category 5, were also still being felt in Australia more than a week after the cyclone pounded Australia's Queensland state with the town of Rockhampton flooded.

Scores of roads were closed or blocked by landslips across New Zealand's North Island following two days of heavy rainfall caused by the tailwind of Cyclone Debbie. The storm killed six people in Australia, smashed tourist resorts, brought down power lines and

WHAT TO KNOW

- Some of D.C.'s famed cherry trees were downed near the Tidal Basin.
- Strong storms and powerful winds brought down trees, damaged rooftops and tore down power lines throughout the area.
- Strong winds tore off part of the roof of a DC apartment building, displacing more than 130 people.

Thunderstorms and three tornadoes barreled through the D.C. area Thursday, uprooting trees, ripping down power lines, tearing apart rooftops and raining debris onto streets and highways.

An EF-0 tornado with winds between 60 and 70 mph swept through Arlington into D.C. and damaged cherry trees at the Tidal Basin, the National Weather Service announced Friday. The tornado's path was

## Hundreds flee after three strong quakes strike Philippines

Hundreds of residents of coastal areas in a province south of the Philippine capital fled to higher ground fearing a tsunami on Saturday after a series of earthquakes on the main island of Luzon.

Three quakes ranging in magnitude from 5.0 to 5.9 struck Batangas province, about 90 kms (55 miles) south of Manila, around 3 p.m. (0700 GMT) over a period of about 20 minutes, said the U.S. Geological Survey.

"Residents in the coastal villages in two towns have evacuated to safer ground after the earthquakes," Lito Castro, head of the provincial disaster council, told local radio. "The people were afraid the earthquakes would generate a tsunami."

Renato Solidum, head of the Philippine Institute of Volcanology and Seismology, said the event was an "earthquake swarm" in a local faultline but had not been powerful enough to cause a tsunami.

"These swarms are natural occurrences and we do not expect a big quake in this area," he said.

The number of earthquakes under Indonesian Banda Api volcano has sharply increased over the past couple of days prompting authorities to raise the volcanic alert level to 2. Preparations are currently underway to evacuate some 1 000 people living near the volcano. The last eruption of this volcano took place in 1988, killing 3 people.

The number of earthquakes started gradually increasing with the beginning of March and sharply increased on April 4, 2017, forcing the authorities to raise the volcanic alert and ban any activity within 1 km (0.62 miles) from the crater.

## Trump says chemical attack in Syria crossed many lines

By Jeff Mason and Tom Perry

By Jeff Mason and Tom Perry

WASHINGTON/BEIRUT (Reuters) - U.S. President Donald Trump accused Syrian President Bashar al-Assad's government of going "beyond a red line" with a poison gas attack on civilians and said his attitude toward Syria and Assad had changed, but gave no indication of how he would respond.

Trump said the attack, which killed at least 70 people, many of them children, "crosses many, many lines", an allusion to his predecessor Barack Obama's threat to topple Assad with air strikes if he used such weapons. His accusations against Assad put him directly at odds with Moscow, the Syrian's president principal backer.

## Putin rebukes Netanyahu over 'groundless' accusations on suspected chemical incident in Syria

Published time: 6 Apr 2017 | 14:20 GMT

Russian President Vladimir Putin told Israeli Prime Minister Benjamin Netanyahu in a telephone conversation that it was unacceptable to make "groundless" accusations concerning the alleged chemical weapons incident that took place in Syria earlier this week.

During the phone call initiated by the Israeli side on Thursday, Putin and Netanyahu stressed the importance of boosting international efforts to tackle terrorism, the Kremlin said in a statement.

Both sides "expressed readiness to expand [cooperation] in the interest of assuring stability and security in the Middle East and, first of all, in Syria," it said.

In particular, Putin "pointed out that it was unacceptable to make groundless accusations against anyone without conducting a detailed and unbiased investigation."

Following the reports of the alleged attack on Tuesday, Netanyahu said that "there's no, none, no excuse whatsoever for the deliberate attacks on civilians and on children, especially,

ISIS terrorists operating in Syria murdered 33 young men on Wednesday in what human rights activists have dubbed a mass execution.

The 33 victims ranged in age from 18 to 25, though their identities have yet to be released.

According to the Syrian Observatory for Human Rights, a group which monitors war crimes by both the Assad regime and terrorist groups like ISIS working to overthrow the Syrian government, the mass killing is the "largest execution operation" by ISIS this year.

The Observatory also noted that the murdered men were killed with "sharp tools", and that "marks of slaughter" were found around their necks.

APRIL 10, 2017

(Reported By **Michael Snyder**) April 2017 could turn out to be one of the most important months in U.S. history that we have seen in a very long time. On April 6th, Donald Trump **attacked Syria** on the 100th anniversary of the day that the U.S. officially entered World War I, and now at the end of this month we could be facing an unprecedented political crisis in Washington. On Friday, members of Congress left town for their two week "Easter vacation", and they won't resume work until April 25th. What this means

## U.S. withdraws funding for U.N. Population Fund

 Reuters April 4, 2017

UNITED NATIONS (Reuters) - The State Department said on Monday it was ending U.S. funding for the United Nations Population Fund, the international body's agency focused on family planning as well as maternal and child health in more than 150 countries.

In a letter to U.S. Senate Foreign Relations Committee Chairman Bob Corker, the State Department said it was dropping the funding because the U.N. Population Fund (UNFPA) "supports, or participates in the management of, a program of coercive abortion or involuntary sterilization."

The cut marks U.S. President Donald Trump's first move to curtail funding for the United Nations and is likely to raise further questions about how deep those cuts will eventually go throughout the organization, where the United States is the top donor.

It comes after Trump in January reinstated the so-called Mexico City Policy that withholds U.S. funding for international organizations that perform abortions or provide information about abortion.

Christians and government officials in China are fighting over orders that certain churches must install surveillance cameras to help prevent acts of terrorism, according to a recent report.

"Government officials came to the churches and put up cameras by force. Some pastors and worshippers who didn't agree to the move were dragged away," an anonymous Christian in the city of Wenzhou (colloquially referred to as "China's Jerusalem") told the South China Morning Post. "Some people needed to be treated in hospital after fighting the officials."

An American pastor who has been imprisoned in Turkey since last October is pleading for President Trump and his administration to

work more fervently for his release.

"I plead with my government—with the Trump administration—to fight for me. I ask the State Department to impose sanctions. I appeal to President Trump: Please help me. Let the Turkish government know that you will not cooperate with them in any way until they release me," Andrew Munson wrote in a statement released by the American Center for Law and Justice (ACLJ). "Please do not leave me here in prison."

As previously reported, Brunson and his wife Norine, who have been living in Turkey for over 20 years, were detained in Izmir in October. They were accused of

Parents across Australia are blasting what they call “nonsensical political correctness” after a number of schools removed the word “Easter” from their annual hat parades.

To achieve “inclusiveness”, one public school has decided to hold a “Happy Hat Parade” instead of their traditional Easter Hat Parade, [The Telegraph reports](#).

**What in the name of Crocodile Dundee is going on Down Under?**

“How pathetic,” one mother wrote on Facebook. “I will make sure my hats say HAPPY EASTER all over the damn hats and get my kids to sing Easter bunny songs.”

It appears the Aussies are dealing with a serious infestation of anti-Christian bullies.

The newspaper reports that several schools have reinstated the word “Easter” after complaints from parents.

But the principal at Batemans Bay Public School is standing firm – even though more than 600 people have [signed a petition](#) urging him to reconsider.

The petition, launched by Sarah Culic, alleges that a “parent allegedly called the school and expressed their outrage at the supposedly offensive, culturally exclusive festivity.”

More than 42 percent of Americans between the ages of 18 and 59 are infected with genital human papillomavirus, according to the first survey to look at the prevalence of the virus in the adult population.

[The report](#), published on Thursday by the National Center for Health Statistics, found that certain high-risk strains of the virus infected 25.1 percent of men and 20.4 percent of women. These strains account for approximately 31,000 cases of cancer each year, other studies have shown.

Two vaccines are [effective in preventing sexually transmitted HPV infection](#), and researchers said the new data lend urgency to the drive to have adolescents vaccinated.

“If we can get 11- and 12-year-olds to get the vaccine, we’ll make some progress,” said Geraldine McQuillan, an epidemiologist at the Centers for Disease Control and Prevention, and lead author of the new report.

## MTV dumps gender-specific categories for Movie & TV Awards

**AP** Associated Press April 7, 2017

NEW YORK (AP) — MTV has scrapped gender specific categories for its upcoming Movie & TV Awards.

In place of the Best Actress and Best Actor categories, this year's awards will honor a non-gendered Best Actor in a Movie and Best Actor in a Show.

The move follows the Grammy Awards' decision in 2011 to dump gender distinctions between male and female singers, collaborations and groups.

MTV's May ceremony will also include a nod to social activism by renaming its Best Fight category to Best Fight the System.

This the first year the MTV Movie Awards has been redubbed the Movie & TV Awards. They'll be hosted by actor and comedian Adam DeVine in Los Angeles on May 7.
