والعلامات حتى 9 مايو 2017

Holy_bible_1

اكرر هدفي فقط من هذه الخدمة أن نذكر بعضنا باننا نحتاج ان نستعد. والاستعداد ليس فقط قبل مجيء المسيح بل ايضا قبل الظلمة التي ستسبق مجيؤه ليكون عندنا زيت في مصابيحنا يكفي ان نعبر هذه الظلمة وتكون مصابيحنا مضيئة وقت مجيؤه او من منا سيسلم وديعته في أي وقت. بمعنى نحتاج من الان ان نستعد بقوة بأيمان عامل وبتنقية القلب وان نثمر بالخدمة أي نجمع زيت في مصابيحنا لان الظلمة والضيقة اقتربت جدا ومن لن يستعد لها بزيت كافي من الان لن يجد زيت في الضيقة لان وقتها تجميع زيت سيكون صعب جدا بل أستطيع ان أقول من مثل العذاري انه لن يكون هناك زيت الا ما جمعته سابقا.

أفضل ان اقول لنفسي ولكم استعدوا الان لأنه اقترب فنكون مستعدين سواء جاء او نحن ان سلمنا وديعتنا عن أنى لا اقول انه اقترب لكيلا يقال عني كاذب وانشر اشاعات او اخيف البعض

ولكنه يأتي بسرعة بغته. لا اعتقد اي أحد ندم لأنه كان مستعد ومنتظر مجيء المسيح ولم يأتي

المسيح في زمنه ولكنه انتقل وهو مستعد ولكن كثيرين جدا ندموا على عدم الاستعداد عندما

انتقلوا

المسيح قال بعض العلامات مثل

انجيل لوقا 21

21: 10 ثم قال لهم تقوم امة على امة ومملكة على مملكة

21: 11 وتكون زلازل عظيمة في اماكن ومجاعات واوبئة وتكون مخاوف وعلامات عظيمة من

السماء

21: 25 وتكون علامات في الشمس والقمر والنجوم وعلى الارض كرب امم بحيرة البحر والامواج

تضج

21: 26 والناس يغطى عليهم من خوف وانتظار ما يأتي على المسكونة لان قوات السماوات

تتزعزع

21: 27 وحينئذ يبصرون ابن الانسان اتيا في سحابة بقوة و مجد كثير

سفر اعمال الرسل 2

2: 19 واعطي عجائب في السماء من فوق وآيات على الارض من أسفل دما ونارا وبخار دخان

2: 20 تتحول الشمس الى ظلمة والقمر الى دم قبل ان يجيء يوم الرب العظيم الشهير

2: 21 ويكون كل من يدعو باسم الرب يخلص

لماذا قال المسيح بعض العلامات؟

أولا لكيلا نرتاع

انجيل متى 24

مت 24: 6 وسوف تسمعون بحروب واخبار حروب **لا ترتاعوا** لأنه لا بد ان تكون هذه

كلها ولكن ليس المنتهى بعد

ثانيا لنؤمن

إنجيل يوحنا 14: 29

وَقُلْتُ لَكُمْ الْآنَ قَبْلَ أَنْ يَكُونَ، حَتَّى مَتَى كَانَ تُؤْمِنُونَ.

ثالثا لنتنبه ونستعد

انجيل لوقا 21

28 وَمَتَى ابْتَدَأَتْ هَذِهِ تَكُونُ، فَانْتَصِبُوا وَارْفَعُوا رُؤُوسَكُمْ لِأَنَّ نَجَاتَكُمْ تَقْتَرِبُ.»

علامات في السماء

All Sky Fireball Network

Every night, a network of [NASA all-sky cameras](#) scans the skies above the United States for meteoritic fireballs. Automated software maintained by NASA's Meteoroid Environment Office calculates their orbits, velocity, penetration depth in Earth's atmosphere and many other characteristics. Daily results are presented here on [Spaceweather.com](#).

On May. 7, 2017, the network reported **15** fireballs.
(10 sporadics, 5 eta Aquarids)

In this diagram of the inner solar system, all of the fireball orbits intersect at a single point--Earth. The orbits are [color-coded](#) by velocity, from slow (red) to fast (blue).
[\[Larger image\]](#) [\[movies\]](#)

ويوجد 1801 جسم فضائي يهددون الأرض

Near Earth Asteroids

Potentially Hazardous Asteroids ([PHAs](#)) are space rocks larger than approximately 100m that can come closer to Earth than 0.05 AU. None of the known PHAs is on a collision course with our planet, although astronomers are finding [new ones](#) all the time.

On May 8, 2017 there were **1801** potentially hazardous asteroids.

Recent & Upcoming Earth-asteroid encounters:

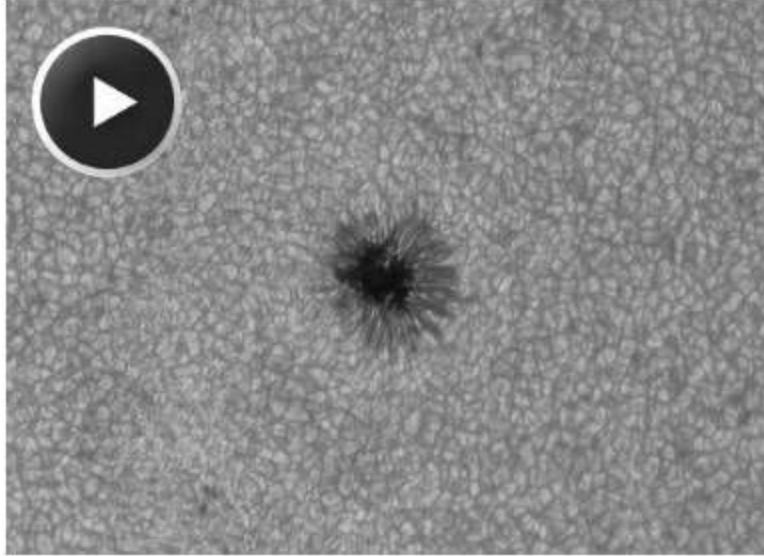

Asteroid	Date(UT)	Miss Distance	Velocity (km/s)	Diameter (m)
2017 JQ1	2017-May-04	0.4 LD	11.2	5
2017 HK1	2017-May-05	16.9 LD	2.7	35
2015 VD1	2017-May-07	18.2 LD	10.5	34
2017 HX4	2017-May-08	3.7 LD	11.9	19
2017 JV1	2017-May-08	2.3 LD	11.3	22
2017 JY1	2017-May-09	8.9 LD	8.1	33

Realtime Space Weather Photo Gallery

THE SUN IS BOILING: The disk of the sun may look serene as it shines high in the noontime sky--but don't be fooled. Our star is in a constant state of writhing motion. To illustrate this truth, on April 29th amateur astronomer Pascal Paquereau of Vendée, France, video-recorded a patch of solar terrain around quiet sunspot AR2653. Click to set the scene in motion:

"I used a 10-inch SkyWatcher telescope capped with an Astrosolar Baader filter to capture this 15 minute animation," explains Paquereau. "The seeing was quite good."

His high-resolution images show something that astronomers have long known: The sun is so hot, it literally boils. Bumps on the boiling surface of the sun are called "granules." You can find granules in your kitchen, too, in a pot of hot water boiling on the stove. One difference: While the granules on your stove are only a few centimeters across, granules on the sun are as wide as [Texas](#).

Got it? Now you're ready for the [Solar Granulation Quiz](#).

By Bernie Woodall

(Reuters) – A wildfire in Georgia's Okefenokee National Wildlife Refuge has forced dozens of nearby residents to leave their homes, authorities said on Sunday, adding that the blaze might not be fully contained for months.

About 130,000 acres (52,609 hectares), or about a quarter of the refuge, have already burned, said Melanie Banton, a spokeswoman for firefighters and park officials battling the West Mims Fire, which began on April 6.

Strongest eruption since 2012 at Fuego, alert raised, pyroclastic flows, ashfall reported

Posted by TW on May 05, 2017 in categories [Featured articles](#), [Volcanoes](#)

[Follow @TheWatchers_](#)

Guatemala's Fuego volcano erupted at 13:15 UTC on May 5, 2017, producing pyroclastic flows and ejecting thick volcanic ash cloud to an estimated altitude of 5 km (16 405 feet) above sea level. INSIVUMEH is describing it as one of the strongest eruptions in recent years, recommending CONRED to raise the alert level to Orange.

In a special bulletin released 17:00 UTC on May 5, INSIVUMEH said volcanic ash cloud is moving more than 50 km (31 miles) to the south, southwest and west, generating ashfall in San Pedro Yepocapa, Morelia, Santa Sofía, El Porvenir, Palo Verde and others on this side, like Santa Lucia Cotzumalguapa,

LISTEN TO THE AUDIO NOTE

Dominican Republic-Thousands of tilapia and catfish have died strangely in the Laguna Redonda scientific reserve in the coastal Miches municipality, a situation being investigated by technicians from the National Directorate of Protected Areas of the Ministry of the Environment and Natural resources.

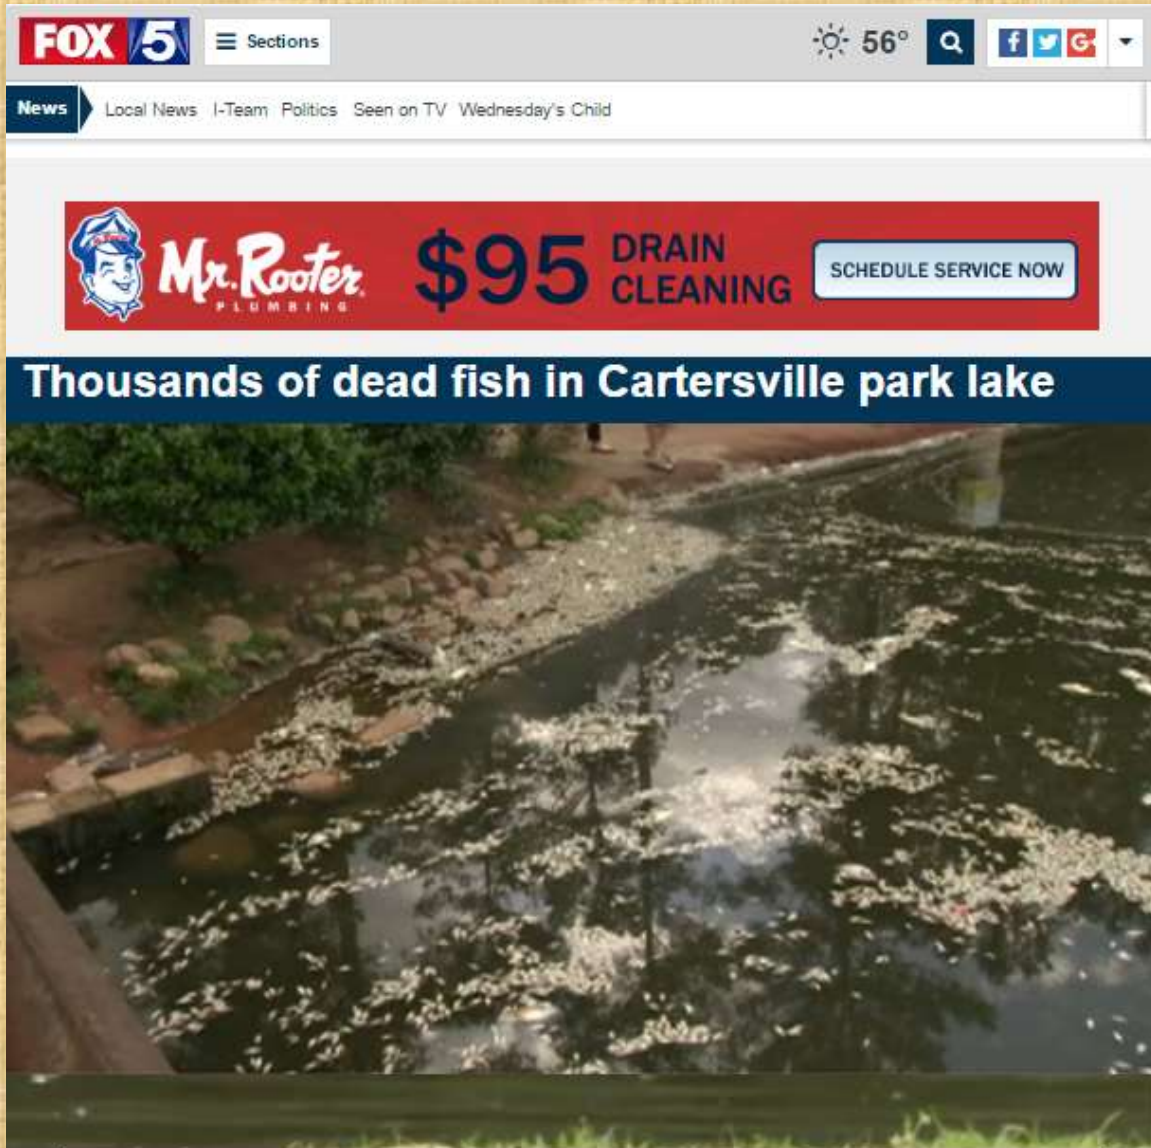

Due to the seriousness of the incident, personnel from the National Directorate of Protected Areas, who manage the area, have come to the site in order to determine, through a field study, the possible causes that are causing the mass death of the fishes.

According to the Ministry of the Environment, there are several reasons that could lead to the death of fish, the first being that the oxygen level of the water may occasionally fall due to the introduction of water from runoff that brings with it high levels of matter Organic.

So far the information obtained shows that this event has occurred naturally on several occasions, according to local fishermen.

In addition rainfall and cloudiness also lower oxygen levels. On the eastern margin of the lagoon there

Thousands of dead fish in the dam between Puglia and Basilicata: it is a pollution warning

Thousands of dead fish in the dam between Puglia and Basilicata. To denounce it is a video published on Facebook by Francesco Marchese and re-launched by MeteOne Puglia and Basilicata. It is right on the border between the two regions that rise to the Basentello lake, flooded by the barrier of the Basentello stream. Here tourists and residents discovered an expanse of dead carp floating in the waterfall and launched the alarm. It is feared that the triggering cause could have been pollution. In Basilicata, the most recent one was Pertusillo's, which led to the momentary suspension of the Viggiano Eni Oil Center.

MATLARA- The high temperatures that have occurred in the Municipality have left a bird mortality, so the authorities recommended that the population take preventive measures.

After last Wednesday in the Municipality registered 44 and 45 degrees Celsius in different areas of the Municipal Head, the population was sheltered in their homes while traders fled the sun as well as hot air, although some birds did not endure the climate.

During the morning of Thursday, it was surprising that in the municipal garden lay dozens of birds known as thrushes, lying on the pavement and the earth, the high temperatures were the cause and is that according to the mentioned by the director of Protection Civil, in some houses of the Municipal Head was observed the same scene, dozens of birds already without life.

A deadly "superbug" fungus that is hard to spot and harder to kill is slowly infiltrating U.S. hospitals, health experts say.

Candida auris enters the bloodstream, spreads throughout the body and causes a variety of infections, the Centers for Disease Control and Prevention warns. More than 60 cases have been identified in the U.S., all but a few of them in New York and New Jersey. The CDC has alerted

MINNEAPOLIS -- New numbers from the Minnesota Department of Health show the measles outbreak in the state is growing, CBS Minnesota reports.

There are now 44 cases reported in Minnesota, which is up from 41 on Thursday. The outbreak is primarily in the state's large Somali-American community, where many parents avoid the measles-mumps-rubella vaccine because of unfounded fears that it causes autism.

North Korea has promised to bolster its nuclear arsenal "at the maximum pace," while blaming America for bringing the region to a brink of a nuclear war with "aggressive" joint US-S. Korea drills.

On Monday, North Korea's Foreign Ministry branded the US "the chieftain of aggression and war, and harasser of peace who is escalating tension."

Read more

While the confrontation "between the DPRK and the US has lasted for more than half a century... the US aggression hysteria has never reached such a height and the situation on the Korean peninsula has never inched close to the brink of nuclear war as in the period of the recent drills," a spokesman for the country's

N. Korea warns of nuclear test 'at any time'

May 1, 2017

North Korea has carried out five nuclear tests in the last 11 years and is widely believed to be making progress towards its dream of building a missile capable of delivering a warhead to the continental United States (AFP Photo/STR)

Seoul (AFP) - North Korea warned Monday that it will carry out a nuclear test "at any time and at any location" set by its leadership, in the latest rhetoric to fuel jitters in the region.

Tensions on the Korean peninsula have been running high for weeks, with signs that the North might be preparing a long-range missile launch or a sixth nuclear test -- and with Washington refusing to rule out a military strike in response.

Why China 'urgently' recruiting Korean-Chinese interpreters near North Korea

Like Share 478 people like this. Be the first of your friends.

By Park Si-soo

A Chinese town near the border with North Korea is "urgently" recruiting Korean-Chinese interpreters, stirring speculation that China is bracing for an emergency situation involving its nuclear-armed neighbor.

The Oriental Daily, a Hong Kong-based news outlet published the story on Apr. 27, including a photo of a Chinese government document ordering the town of Dandong to recruit an unspecified number of Korean-Chinese interpreters to work at 10 departments in the town, including border security, public security, trade, customs and quarantine.

The document did not specify the reason for the unusual, large-scale recruiting. But experts and local citizens said the move indicated that China was bracing for a possible military clash between the United States and North Korea.

This might trigger a huge exodus of North Koreans to border towns in China.

Whether this dismal scenario will become a reality is largely up to North Korea's leader Kim Jong-un.

By Phil Stewart and Idrees Ali

WASHINGTON (Reuters) - The U.S. military's THAAD missile defense system in South Korea has reached an initial operating capability to defend against North Korean missiles, U.S. officials said on Monday, forging ahead with the system despite staunch objections from China.

Beijing has opposed activation of the Terminal High Altitude Area Defense (THAAD), arguing the system's radar could be used to spy into its territory, despite assurances from Washington that THAAD is purely defensive.

The United States is looking for China to use its influence with Pyongyang to rein in its advancing nuclear and missile programs, and it is unclear how Beijing will react to the

The US has sent a high-altitude surveillance RQ-4 Global Hawk drone to Japan, marking the beginning of a five-month deployment. It is expected to monitor moves made by North Korea, according to Japanese media.

Read more

The drone landed at Yokota Air Base in western Tokyo on Monday night, after flying from Andersen Air Force Base in Guam, the Japan Times reported.

According to Japanese Defense Ministry officials, the drone can capture aerial images and electronic data from an altitude of around 100,000 feet (30,480 meters) or higher.

NORTH KOREA ACCUSES US, SOUTH KOREA OF ASSASSINATION ATTEMPT

SEOUL, South Korea (AP) -- North Korea on Friday accused the U.S. and South Korean spy agencies of an unsuccessful assassination attempt on leader Kim Jong Un involving bio-chemical weapons.

In a statement carried on state media, North Korea's Ministry of State Security said it will "ferret out and mercilessly destroy" the "terrorists" in the CIA and South Korean intelligence agency for targeting its supreme leadership.

AP Photo/Vong Maye-E

North Korea frequently lambasts the United States and South Korea, but its accusation Friday was unusual in its detail.

The US State Department is warning Americans that traveling to Europe risks being caught in a terrorist attack. The 'Travel Alert' is set to remain in place for the next four months.

An official statement referred to recent attacks by Islamic State (IS, formerly ISIS/ISIL) and Al Qaeda, as well as their affiliates, against France, Russia, Sweden and the United Kingdom. Further terrorist attacks may be carried out, even as "local governments continue counter-terrorism operations," the State Department said.

"US citizens should always be alert to the possibility that terrorist sympathizers or self-radicalized extremists may conduct attacks with little or no warning," the statement added.

As synthetic DNA is being researched, ethical questions are coming to surface
Tuesday, 2 May 2017 / 7:00 AM ET | 01:30

Last May a seemingly commonplace meeting kicked off a firestorm of controversy. More than 100 experts in genetics and bioengineering convened at Harvard Medical School for a meeting that was closed to the public — attendees were asked not to contact news media or to post about the meeting on social media.

The same group is getting back together in New York City next week.

To the meeting organizers, last year's secretive measures were, counterintuitively, to make sure as many people heard about the project as possible. They were submitting a paper about the project to a scientific journal and were discouraged from sharing the information

This startup makes lab-grown meat from animal cells

A Silicon Valley startup, Memphis Meats says they have successfully made the world's first lab-grown chicken strips as well as duck and beef using animal cells.

If this Silicon Valley food-tech startup has its way, its lab-grown meat—which includes chicken, duck and beef—will be on a supermarket shelf near you within the next five years.

A fantasy fanatic has spent more than £25,000 on plastic surgery as he wants to become a real-life elf.

Luis Padron, 25, from Buenos Aires, Argentina, became obsessed with the world of elves, angels and fantasy beings after being bullied as a child.

He became determined to look like his favourite otherworldly characters and started bleaching his hair and skin.

He now has a £4,000-a-month ritual applying specialist creams, dyes, treatment and SPF 100 sunscreen.

He has almost spent more than £25,000 on surgery including liposuction on his

Like 861 Share 1155 Tweet 18 Share 1 Email 1

The first episode of the new season of the Smithsonian Channel's "Secrets" series spotlights a stone tablet discovered in Babylon more than 100 years ago that is believed to confirm the existence of the biblical Tower of Babel as outlined in the Book of Genesis.

"Ancient texts have allowed experts to imagine what the building might have looked like," a promotional video for the episode outlines, pointing to the Scriptures. "But now, astounding new evidence has emerged. Inscribed on the surface of a privately owned tablet, is an image that sensationally reveals what the Tower of Babel

An expert on ancient Roman coins say he has identified those that cover the eyes of the Man of the Shroud, providing more evidence that the ancient burial cloth could have been used to cover the body of Jesus.

Agostino Sferazza, a numismatist, concludes in an interview with the French-language RCF Liège, the coins were minted in the days of Pontius Pilate in the year A.D. 29.

Images of the coins were first observed in the eye sockets of the Man of the Shroud in 1976, when 3-D projection techniques were used to evaluate it. Researchers noted the presence of small bulges on the ocular orbit bones which wouldn't match any possible morphological particularities. The hypothesis states these might have been leptons: small coins of low value that were common in

Puerto Rico Declares a Form of Bankruptcy

By MARY WILLIAMS WALSH MAY 3, 2017

Protestors in San Juan, P.R., on Monday. The island has about \$74 billion of bond debt, and about \$49 billion of unfunded pension obligations to restructure. Alvin Baez/Reuters

With its creditors at its heels and its coffers depleted, Puerto Rico sought what is essentially bankruptcy relief in federal court on Wednesday, the first time in history that an American state or territory had taken the extraordinary measure.

© Ana Martinez / Reuters

The largest mass shuttering of public schools in Puerto Rico's history follows the island declaring bankruptcy on a record \$70 billion debt. Restructuring the entire school system presents "a unique opportunity," the education secretary says.

On Friday, the Puerto Rico Department of Education announced the island will close 179 schools and relocate an estimated 27,000 students from kindergarten through 12th grade as part of a school overhaul that will take effect the next school year.

Newly appointed Education Secretary Julia Keleher described the redesign as "a unique opportunity to improve the system," and said the move was carried out "with

U.S. Auto Sales Plunge Dramatically As The Consumer Debt Bubble Continues To Collapse

By Michael Snyder, on May 2nd, 2017

One sector of the economy that is acting as if we were already in the middle of a horrible recession is the auto industry. We just got sales figures for the month of April, and every single major U.S. auto manufacturer missed their sales projections. And compared to one year ago, sales were way down across the entire industry. When you add this latest news to all of the other signals that the U.S. economy is slowly down substantially, a very disturbing picture begins to emerge. Either the U.S. economy is steamrolling toward a major slowdown, or this is one heck of a head fake.

One analyst that has been waiting for auto sales to start declining is Graham Summers. According to Summers, the boom in auto sales that we witnessed in previous years was largely fueled by subprime lending, and now that subprime auto loan bubble is starting to burst...

Former Reagan Administration Official Is Warning Of A Financial Collapse Some Time 'Between August And November'

By Michael Snyder, on May 7th, 2017

If a former Reagan administration official is correct, we are likely to see the next major financial collapse by the end of 2017. According to [Wikipedia](#), David Stockman "is an author, former businessman and U.S. politician who served as a Republican U.S. Representative from the state of Michigan (1977–1981) and as the Director of the Office of Management and Budget (1981–1985) under President Ronald Reagan." He has been frequently interviewed by mainstream news outlets such as CNBC, Bloomberg and PBS, and he is a highly respected voice in the financial community. Like other analysts, Stockman believes that the U.S. economy is in dire shape, and he told Greg Hunter during a recent interview that he is convinced that the S&P 500 could soon crash "by 40% or even more"....

Over 30 Christians, including American family with children, detained overnight in Guangdong

Friday, May 5, 2017

ChinaAid

(Dongguan, Guangdong—May 5, 2017)

Police officers raided a house church meeting in China's southern Guangdong province on Wednesday evening, detaining 30 of the members in attendance including the pastor and an American couple with two children.

A Zhongfu Wanmin Church member managed to capture this photo of the officers conducting the raid on May 3. (Photo: ChinaAid)

More than 20 officers broke into Zhongfu Wanmin Church approximately a half hour into their evening service on May 3.

The church members attempted to take pictures of the raid, but officers confiscated all cell phones, ID cards, and bank cards.

"How could the police take away their bank cards?" a local pastor asked while recounting the events to a ChinaAid reporter. "This is a very recent [change in behavior for officers.]"

During the raid, the pastor, Li Peng, was beaten by officers for trying to take pictures. Li was detained with the 30 other members taken away from the church and interrogated overnight, but while most of the detainees were released the following morning, Li was not.

MEMPHIS, Tenn.

— Officials at a school district in Tennessee have temporarily shut down a Bible club at a local elementary school following a complaint from a prominent atheist activist group.

The Wisconsin-based Freedom From Religion Foundation (FFRF) recently sent a letter to Bartlett City Schools after learning that a Bible club was being held on the premises of Altruria Elementary School. The club, which meets before the start of school, is voluntary and is attended by a number of first and second graders.

"This club, which functions as a Bible class, is unconstitutional because public schools may not provide religious instruction," FFRF asserted in its

Every New York City public school must install at least one single-stall restroom under a new policy announced by Chancellor Carmen Farina.

Farina said Tuesday that the restrooms will be available in all city schools by January 2018.

- 731 People Get Gender Changes on NYC Birth Certificates

School officials say the single-stall bathrooms will support the privacy needs of transgender students and students with medical conditions and disabilities.

Farina says officials want to provide every student with "a safe, supportive and

Nearly 900 suspected pedophiles have been arrested and almost 300 children identified or rescued from their abusers following the massive takedown of an underground online pedophile network, US and European police said Friday.

فلهذا اطلب أن نصلي ونستعد ونعد زيت لمصاييحنا لاستقبال العريس بالصلاة والصوم وخدمة

أبناء الله وتنقية القلب والاستعداد بلبس العرس.

رسالة بولس الرسول الي أهل رومية 13

13: 11 هذا وأنكم عارفون الوقت انها الان ساعة لنستيقظ من النوم فان خلاصنا الان أقرب مما

كان حين امنا

13: 12 قد تناهى الليل وتقارب النهار فلنخلع اعمال الظلمة ونلبس اسلحة النور

13: 13 لنسلك بلباقة كما في النهار لا بالبطر والسكر لا بالمضاجع والعهر لا بالخصام والحسد

13: 14 بل البسوا الرب يسوع المسيح ولا تصنعوا تدبيرا للجسد لأجل الشهوات

احترس ان لم تتمسك بالمسيح من الان قد لا تستطيع في المستقبل القريب بسبب الظلام.

وكما قلت هو اخبرنا لكي لا نخاف

انجيل متى 24

مت 24: 6 وسوف تسمعون بحروب واخبار حروب **لا ترتاعوا** لأنه لا بد ان تكون هذه

كلها ولكن ليس المنتهى بعد

بطرس الأولى 3: 14

وَلَكِنْ وَإِنْ تَأَلَّمْتُمْ مِنْ أَجْلِ الْبِرِّ، فَطُوبَاكُمْ. وَأَمَّا خَوْفُهُمْ فَلَا تَخَافُوهُ وَلَا تَضْطَرُّوْا،

بل نؤمن

إنجيل يوحنا 14: 29

وَقُلْتُ لَكُمْ الْآنَ قَبْلَ أَنْ يَكُونَ، حَتَّى مَتَى كَانَ تُؤْمِنُونَ.

ثالثا لنتنبه ونستعد

انجيل لوقا 21

28 وَمَتَى ابْتَدَأَتْ هَذِهِ تَكُونُ، فَأَنْتَضِبُوا وَارْفَعُوا رُؤُوسَكُمْ لِأَنَّ نَجَاتَكُمْ تَقْتَرِبُ.»

افرحوا لان عريسنا قد اقترب مجيؤه. وانتبهوا الشيطان يريد أن نفقد سلامنا ولا ننال أكاليل.

وأيضاً استعدوا فقد تسلموا وديعتكم في أي وقت فهناك 150 ألف شخص يموتوا في اليوم الواحد

انت لا تعرف متى ستكون منهم

المسيح اقترب فاصنعوا ثمار تليق بالتوبة واستعدوا لاستقبال العريس.

والمجد لله دائما
