## والعلامات حتى 15 أغسطس 2017

Holy\_bible\_1

اكرر هدفي فقط من هذه الخدمة أن نذكر بعضنا باننا نحتاج ان نستعد أي حياة اليقظة الروحية. والاستعداد ليس فقط قبل مجيء المسيح بل ايضا قبل الظلمة التي ستسبق مجيؤه ليكون عندنا زيت في مصابيحنا يكفي ان نعبر هذه الظلمة وتكون مصابيحنا مضيئة وقت مجيؤه او من منا سيسلم وديعته في أي وقت. بمعنى نحتاج من الان ان نستعد بقوة بأيمان عامل وبتنقية القلب وان نثمر بالخدمة أي نجمع زيت في مصابيحنا لان الظلمة والضيقة اقتربت جدا ومن لن يستعد لها بزيت كافي من الان لن يجد زيت في الضيقة لان وقتها تجميع زيت سيكون صعب جدا بل أستطيع ان أقول من مثل العذاري انه لن يكون هناك زيت الا ما جمعته سابقا.

أفضل ان اقول لنفسي ولكم استعدوا الان لأنه اقترب فنكون مستعدين سواء جاء او نحن ان سلمنا وديعتنا عن أنى لا اقول انه اقترب لكيلا يقال عني كاذب وانشر اشاعات او اخيف البعض

ولكنه يأتي بسرعة بغته. لا اعتقد اي أحد ندم لأنه كان مستعد ومنتظر مجيء المسيح ولم يأتي

المسيح في زمنه ولكنه انتقل وهو مستعد ولكن كثيرين جدا ندموا على عدم الاستعداد عندما

انتقلوا

المسيح قال بعض العلامات مثل

انجيل لوقا 21

21: 10 ثم قال لهم تقوم امة على امة ومملكة على مملكة

21: 11 وتكون زلازل عظيمة في اماكن ومجاعات واوبئة وتكون مخاوف وعلامات عظيمة من

السماء

21: 25 وتكون علامات في الشمس والقمر والنجوم وعلى الارض كرب امم بحيرة البحر والامواج

تضج

21: 26 والناس يغطى عليهم من خوف وانتظار ما يأتي على المسكونة لان قوات السماوات

تتزعزع

21: 27 وحينئذ يبصرون ابن الانسان اتيا في سحابة بقوة و مجد كثير

سفر اعمال الرسل 2

2: 19 واعطي عجائب في السماء من فوق وآيات على الارض من أسفل دما ونارا وبخار دخان

2: 20 تتحول الشمس الى ظلمة والقمر الى دم قبل ان يجيء يوم الرب العظيم الشهير

2: 21 ويكون كل من يدعو باسم الرب يخلص

لماذا قال المسيح بعض العلامات؟

أولا لكيلا نرتاع

انجيل متى 24

مت 24: 6 وسوف تسمعون بحروب واخبار حروب **لا ترتاعوا** لأنه لا بد ان تكون هذه

كلها ولكن ليس المنتهى بعد

ثانيا لنؤمن

انجيل يوحنا 14: 29

وَقُلْتُ لَكُمْ الْآنَ قَبْلَ أَنْ يَكُونَ، حَتَّى مَتَى كَانَ تُؤْمِنُونَ.

ثالثا لننتبه ونستعد

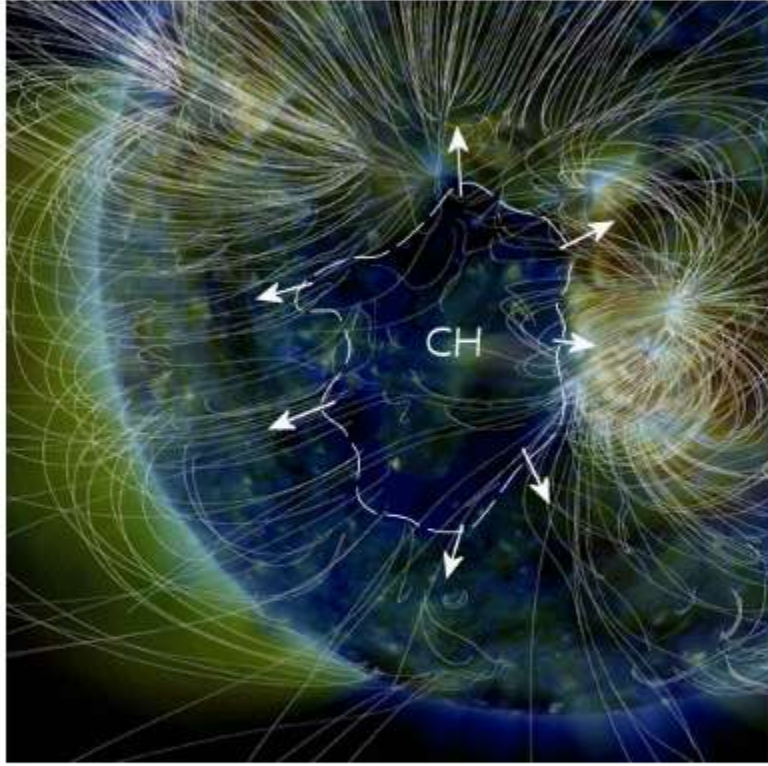

انجيل لوقا 21

28 وَمَتَى ابْتَدَأَتْ هَذِهِ تَكُونُ، فَأَنْتَصِبُوا وَارْفَعُوا رُؤُوسَكُمْ لِأَنَّ نَجَاتَكُمْ تَقْتَرِبُ.»

علامات في السماء

بقعة شمسية كبيرة تفتح في اتجاه الأرض

**A HOLE IN THE SUN'S ATMOSPHERE:** A hole has opened in the sun's atmosphere and it is turning toward Earth. NASA's Solar Dynamics Observatory is monitoring the structure, which straddles the sun's equator just behind sunspot AR2670:

This is a "coronal hole", a region where the sun's magnetic field has peeled back and allowed gaseous material to escape. A stream of solar wind flowing from this hole should reach our planet during the early hours of August 12th. Enhanced magnetic fields at the leading edge of the stream will interact with our planet's magnetosphere, possibly sparking mild geomagnetic storms.

Coincidentally, the solar wind will arrive during the peak of the Perseid meteor shower. High-latitude sky watchers might detect the green glow of auroras in their photos of disintegrating meteoroids. Free: [Aurora Alerts](#)

# Many States Preparing For Historic Eclipse Like A Natural Disaster

August 7, 2017 2:40 PM

Filed Under: Chris Melore, Eclipse 2017, Solar Eclipse, Talkers

**CBS Local** — Americans across the U.S. will see the country's first coast-to-coast solar eclipse in 99 years. While millions of people get ready to watch the Aug. 21 eclipse, local authorities are treating the event more like a natural disaster and are preparing for the worst.

## Teens Turn Rowdy During Cookout At Germantown Rec Center, Again

The disaster prep work stems from the massive tourist attraction the solar eclipse has become. The eclipse's path of totality, where the moon will almost completely block the [sun](#), covers a 70-mile-wide lane that will cut across 12 states from Oregon to South Carolina. There are an estimated 12 million people in the eclipse's path.

### CHINA EARTHQUAKE

Deadly M6.8 earthquake hits China's Sichuan, causing heavy damage

## Surprise EF-2 tornado rips through Tulsa, leaves significant damage and 26 injured

Posted by TW on August 07, 2017 in categories [Featured articles](#), [Severe storms](#), [Follow @TheWatchers\\_](#), [Tornadoes](#)

A surprise EF-2 tornado ripped through Tulsa, Oklahoma early Sunday, August 6, 2017, destroying buildings and injuring 26 people, two of them severely. The National Weather Service confirmed two EF-1 tornadoes in towns nearby. Tornadoes in August are uncommon, but not 'outrageously rare,' NWS said.

NWS Tulsa Meteorologists surveyed several tornadoes that developed early Sunday morning as a bow echo within a quasi-linear convective system (QLCS) moved through northeastern Oklahoma.

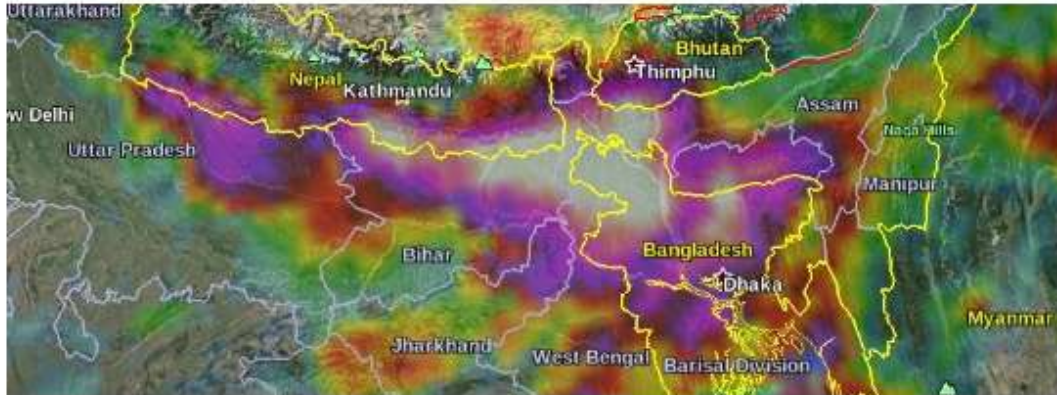

The strongest was rated as EF-2. It had maximum estimated wind speed between 193 and 209 km/h

## Massive flooding kills 47 in Nepal, affect 1 100 000 in India's Assam

Posted by TW on August 12, 2017 in categories [Featured articles](#), [Monsoons](#), [Follow @TheWatchers\\_](#)  
[Severe storms](#)

Heavy monsoon rains since Friday, August 11, 2017 caused massive flooding and landslides in parts of Nepal, killing at least 36 and displacing thousands. Dozens are still missing. At the same time, the flood situation in India's state of Assam worsened drastically and claimed at least 5 people today. The region will receive more heavy rain in the days ahead.

Many of the casualties were reported in the Terai region of Nepal bordering India, which faced massive flooding, the [Hindustan Times reports](#).

Prime Minister Sher Bahadur Deuba called an emergency meeting with home minister Janardan Sharma, police chiefs and other officials to expedite an immediate search-and-rescue operation in Terai.

## Very large hail leaves a trail of destruction across parts of Kansas

Posted by TW on August 11, 2017 in categories [Featured articles](#), [Severe storms](#)

[Follow @TheWatchers\\_](#)

Born before 1985?

Several severe thunderstorms rolled through Colorado and Kansas Thursday afternoon, August 10, 2017. The storms produced strong winds and very large hail, leaving a trail of damage. The worst affected were Kansas' WaKeeney and Trego counties.

Hail as large as grapefruit was reported in Trego County while baseball- and softball-sized stones hit WaKeeney. 90% of the vehicles in a parking lot in WaKeeney were damaged by the hail, and nearby homes had window and siding damage, NWS reported.

"It was kind of armageddon out there for a while," state trooper Tod Hileman said from north-central Kansas. Vehicles and houses had windows knocked out by large hail, thick fog dropped visibility to zero for a while and numerous crashes were reported on hail-covered roads, he said, as reported by [The](#)

## 5,000 chickens die of bird flu in Myanmar

Source: Xinhua | 2017-07-29 19:33:03 | Editor: Lu Hui

Xinhuanet App

YANGON, July 29 (Xinhua) – About 5,000 chickens have died of H5N1 bird flu, also known as avian influenza at a farm in Dawei, southern Tanintharyi region as of Friday, official media reported Saturday.

Sales of eggs and chickens are strictly prohibited in the affected area and cleansing measures in the farming area are being taken.

Other regions and states are also being examined after the avian flu's outbreak in Dawei.

As the avian flu is usually classified into three groups, type A, B and C, Type A outbreak in Myanmar's Tanintharyi region is the virus type which can easily infect both humans and animals.

The first outbreak of A/H5N1 avian flu occurred in 2006 in Myanmar.

## China's Inner Mongolia region culls 66,500 chickens after bird flu outbreak

2 MIN READ

BEIJING (Reuters) - China's Inner Mongolia region has culled 66,500 chickens following an outbreak of bird flu that has affected 35,000 birds, the Ministry of Agriculture said on Tuesday.

The H5N1 strain of the virus was confirmed at a hen farm in Tongliao city, which has of 3 million people, and has killed 15,000 birds, the ministry said in a statement on its website.

The outbreak is now under control, the ministry said.

The last bird flu outbreak in March killed 134 birds at a duck farm in central Hubei province.

Writing from the environment, the first confirmed major bird flu outbreak among poultry after

## Fleas are testing positive for the plague in parts of Arizona

By MICHAEL EDISON HAYDEN · Aug 12, 2017, 1:03 PM ET

Share with Facebook

Share with Twitter

Officials in two Arizona counties are warning the public after fleas in the region tested positive for the plague, the infamous infectious disease that killed millions during the Middle Ages.

Navajo County Public Health officials confirmed on Friday that fleas in the area have tested positive for the rare disease. The public health warning follows a similar notice from Coconino County Public Health Services District in Arizona warning of the presence of plague in fleas found there too.

Both counties are situated in the northern part of Arizona.

"Navajo County [Health Department](#) is urging the public to take precautions to reduce their risk of exposure to this serious disease, which can be present in fleas, rodents, rabbits and predators that feed upon these animals," the public health warning states. "The disease can be transmitted to humans and other animals by the bite of an infected flea or by direct contact with an infected animal."

Officials also urged persons living, working, camping or visiting in these areas to take precautions to reduce their risk of exposure, including avoiding sick or dead animals, keeping pets from roaming loose, and avoiding rodent burrows and fleas.

While the warning may ring alarm bells for people who only know of the plague from history books, the findings are not without precedent.

# North Korea now making missile-ready nuclear weapons, U.S. analysts say

(The Washington Post)

By Joby Warrick, Ellen Nakashima and Anna Fifield August 8 at 5:58 PM

North Korea has successfully produced a miniaturized nuclear warhead that can fit inside its missiles, crossing a key threshold on the path to becoming a full-fledged nuclear power, U.S. intelligence officials have concluded in a confidential assessment.

The analysis, completed last month by the Defense Intelligence Agency, comes on the heels of another intelligence assessment that sharply raises the official estimate for the total number of bombs in the communist country's atomic arsenal. The United States calculated last month that up

## This Is The Closest That The U.S. Has Been To Nuclear War Since The Cuban Missile Crisis

By Michael Snyder, on August 8th, 2017

Are we on the verge of a nuclear war with North Korea? It has now been confirmed that North Korea has successfully created a miniaturized nuclear warhead, and last month they tested a missile that can reach **at least half of the continental United States**. Since 1994 the U.S. has been trying to stop North Korea's nuclear program, and every effort to do so has completely failed. Last September, the North Koreans detonated a nuclear device that was estimated to be in the 20 to 30 kiloton range, and back in January President Trump pledged to stop the North Koreans before they would ever have the capability to deliver such a weapon to U.S. cities. But now the North Koreans have already achieved that goal, and they plan to ultimately create an entire fleet of ICBMs capable of hitting every city in America.

Right now, North Korea and the Trump administration are locked in a game of nuclear chicken. Kim Jong Un's regime is never, ever, ever going to give up their nuclear

North Korea may well fulfil its threat to hit US targets on South Korean territory if continued pressure by Washington puts Pyongyang at an impasse, Pavel Zolotarev, a retired Russian Major General, told RT.

*"A US strike against North Korea may go against common logic, but when a country is governed by propaganda – and the United States are going through such a period – political decisions go beyond rational logic, and there we can have consequences that are hard to foresee," Zolotarev warned.*

The Pentagon is considering a plan that allows the U.S. military to conduct airstrikes on ISIS in the Philippines, two defense officials told NBC News.

The authority to strike ISIS targets as part of collective self-defense could be granted as part of an official military operation that may be named as early as Tuesday, said the officials. The strikes would likely be conducted by armed drones.

## North Korea's 'No. 2' official strengthens ties with Iran as UN hits Pyongyang with new sanctions

- On Saturday, the United Nations Security Council slapped sanctions banning exports of North Korean coal, lead, iron ore and seafood that could reduce the hermit regime's export revenue by one third.
- Iran's official IRNA news agency reported Kim Yong Nam, head of North Korea's parliament, arrived Thursday for the weekend inauguration of Iranian President Hassan Rouhani.
- But given he is expected to stay 10 days, the trip is being seen as a front for Pyongyang to perhaps increase military cooperation with Tehran and to boost the hard currency for the dynastic regime led by Kim Jong Un.
- "There could be very problematic cooperation going on," an Israeli-based national security expert said.

## Iran Sending Warships to Atlantic Ocean Amid Massive New Military Buildup

Iran boosts war spending by \$500 million after U.S. issues sanctions

BY: Adam Kredo Follow @Kredo0  
August 14, 2017 2:45 pm

Iranian military ship and light replenishment ship are seen docked for refueling / Getty Images

Iran is preparing to send a flotilla of warships to the Atlantic Ocean following the announcement of a massive \$500 million investment in war spending, according to Iranian leaders, who say the military moves are in response to recent efforts by the United States to impose a package of new economic sanctions on Tehran.

The military investment and buildup comes following weeks of tense interactions between Iran and the United States in regional waters, where Iranian military ships have carried out a series of dangerous maneuvers near U.S. vessels. The interactions have roiled U.S. military leaders and prompted tough talk

from the Trump administration, which is currently examining potential ways to leave the landmark nuclear deal.

## We're one step closer to using pig organs in human transplants

2 Comments / [Share](#) / [Tweet](#) / [Stumble](#) / [Email](#)

An average of 22 people die in America every day while waiting for organ transplants, but a group of researchers from the biotech company eGenesis hope to eventually change that statistic by using organs from cloned pig cells.

Using a **gene-editing tool called CRISPR**, the researchers edited the DNA of pigs,

LOS ANGELES — You will get chipped. It's just a matter of time.

In the aftermath of a Wisconsin firm embedding microchips in employees last week to ditch company badges and corporate logons, the Internet has entered into full-throated debate.

Religious activists are so appalled, they've been penning nasty 1-star reviews of the company, Three Square Market, on Google, Glassdoor and social media.

## Mutant ants are created in a world first: Scientists use controversial CRISPR gene-editing technology to change the insects' social behaviour

- CRISPR-Cas9 is a system used to precisely change small parts of genetic code
- Researchers used CRISPR to mutate the gene responsible for smell in ants
- A lack of smell made the ants antisocial and unable to communicate
- In the future, the system could be used to treat anti-social conditions in humans, including schizophrenia and depression

By SHIVALI BEST FOR MAILONLINE   
PUBLISHED: 17:15 BST, 10 August 2017 / UPDATED: 17:40 BST, 10 August 2017

In a world-first, scientists have genetically engineered ants to lack their sense of smell, affecting the animals' ability to communicate.

Scientists used the controversial CRISPR technology to disrupt the ants' ability to communicate, forage or compete to be a queen, as their antennae and brain circuits failed to fully develop.

While the system has not yet been tested in humans, the researchers believe that it could one day be used to treat conditions that affect social communication, including schizophrenia and depression.

<sup>4</sup>Former graduate student, Department of Epidemiology and Biostatistics School of Public Health, Jackson State University, Jackson, MS 39213, USA

### Conclusions

Assessment of the long-term effects of the vaccination schedule on morbidity and mortality has been limited [71]. In this pilot study of

vaccinated and unvaccinated homeschool children, reduced odds of chickenpox and whooping cough were found among the vaccinated, as expected, but unexpectedly increased odds were found for many other physician-diagnosed conditions. Although the cross-sectional design of the study limits causal interpretation, the strength and consistency of the findings, the apparent “dose-response” relationship between vaccination status and several forms of chronic illness, and the significant association between vaccination and NDDs all support the possibility that some aspect of the current vaccination program could be contributing to risks of childhood morbidity. Vaccination also remained significantly associated with NDD after controlling for other factors, whereas preterm birth, long considered a major risk factor for NDD, was not associated with NDD after controlling for the interaction between preterm birth and vaccination. In addition, preterm birth coupled with vaccination was associated with an apparent synergistic increase in the odds of NDD above that of vaccination alone. Nevertheless, the study findings should be interpreted with caution. First, additional research is needed to replicate the findings in studies with larger samples and stronger research designs. Second, subject to replication, potentially detrimental factors associated with the vaccination schedule should be identified and addressed and underlying mechanisms better understood. Such studies are essential in order to optimize the impact of vaccination of children’s health.

## At least 4 people shot, killed in Mexican resort of Acapulco

*The Associated Press*

AUGUST 13, 2017 9:05 PM

ACAPULCO, MEXICO — At least four people have been shot and killed in the Pacific resort of Acapulco, which has become a hotspot in Mexico's rising drug violence.

An Associated Press journalist saw the four bodies, including a man who lay on a central avenue in Acapulco in broad daylight Sunday with a pink towel over his face. Pedestrians watched from a footbridge as police secured the scene.

The deaths came as Mexico's violence reached new heights with 2,234 murders in June, the country's deadliest month in at least 20 years, according to government data. For the first six months of 2017, authorities nationwide recorded 12,155 homicide investigations, or 31 percent more than the 9,300 during the same period last year.

The once-glamorous resort of Acapulco has struggled with surging violence.

It's official: an Argentine dinosaur as heavy as a Boeing 737 is the biggest ever discovered.

The behemoth weighed more than 65 tons and perhaps as many as 77, a new study says. That makes the animal not just the biggest known dinosaur but also the biggest known land animal ever. Only a few whale species are heavier — and this dinosaur's bones show it was still growing.

Around the world, hailed by the global elite, a symbol of a false god is rising.

It has risen in London and New York City, the latter only a few steps away from Ground Zero. It was placed outside a global summit in Dubai. Most recently, it was even constructed for the G7 Summit in Florence, Italy.

It's a replica of a Roman triumphal arch originally built in Palmyra, Syria. Destroyed by the terrorist group ISIS during the current Syrian Civil War, the Institute for Digital Archaeology used 3-D printing to rebuild the arch. Since then, the arch has been on a kind of world tour, appearing near global summits and in important cities.

## Disney Preschooler Animation 'Doc McStuffins' Features Family With 'Two Moms'

By Heather Clark on August 10, 2017 - 61 Comments

A watchdog group that monitors the promotion of sin in children's entertainment is expressing concern over a recent episode of the preschooler-geared cartoon "Doc McStuffins," which featured an animated depiction of the lesbian moms of two children.

"Controversial topics and lifestyle choices should be left up to the parents to discuss and Disney Junior should not introduce this to young children," said the organization One Million Moms in a blog post. "Just because an issue may be legal or because some are choosing a lifestyle doesn't make it morally correct. Disney should stick to entertaining and providing family-friendly programming

## Transgender day camp among first to include 4-year-olds

Associated Press , KXTV 9:09 AM, PDT August 07, 2017

(Photo: Getty Images; This content is subject to copyright.)

In some ways, California's Rainbow Day Camp is very conventional, with kids making friendship bracelets, playing basketball and singing songs. But in other ways, it's extraordinary unique.

The day camp in El Cerrito, in the San Francisco Bay Area, caters to transgender and "gender fluid" children, ages 4 to 12.

Experts say it's one of the only camps of its kind in the world open to preschoolers.

Rainbow officials say the camp gives kids a safe, fun place to be themselves. The camp's enrollment has tripled since it opened in 2015, and plans are underway to open a branch next summer in Colorado.

Gender experts say Rainbow's rapid growth reflects what they're seeing in gender clinics around the country: an increasing number of kids coming out as transgender at young ages.

## رسالة بولس الرسول الي أهل رومية 13

13: 11 هذا وأنكم عارفون الوقت انها الان ساعة لنستيقظ من النوم فان خلاصنا الان أقرب مما

كان حين امنا

13: 12 قد تناهى الليل وتقارب النهار فلنخلع اعمال الظلمة ونلبس اسلحة النور

13: 13 لنسلك بلياقة كما في النهار لا بالبطر والسكر لا بالمضاجع والعهر لا بالخصام والحسد

13: 14 بل البسوا الرب يسوع المسيح ولا تصنعوا تدبيرا للجسد لأجل الشهوات

احترس ان لم تتمسك بالمسيح من الان قد لا تستطيع في المستقبل القريب بسبب الظلام.

وكما قلت هو اخبرنا لكي لا نخاف

انجيل متى 24

مت 24: 6 وسوف تسمعون بحروب واخبار حروب انظروا لا ترتاعوا لأنه لا بد ان تكون هذه

كلها ولكن ليس المنتهى بعد

بطرس الأولى 3: 14

وَلَكِنْ وَإِنْ تَأَلَّمْتُمْ مِنْ أَجْلِ الْبِرِّ، فَطُوبَاكُمْ. وَأَمَّا خَوْفُهُمْ فَلَا تَخَافُوهُ وَلَا تَضْطَرُّوْا،

بل نؤمن

إنجيل يوحنا 14: 29

وَقُلْتُ لَكُمْ الْآنَ قَبْلَ أَنْ يَكُونَ، حَتَّى مَتَى كَانَ تُؤْمِنُونَ.

ثالثا لنتبه ونستعد

انجيل لوقا 21

28 وَمَتَى ابْتَدَأَتْ هَذِهِ تَكُونُ، فَأَنْتَصِبُوا وَارْفَعُوا رُؤُوسَكُمْ لِأَنَّ نَجَاتَكُمْ تَقْتَرِبُ.»

أفرحوا لان عريسنا قد اقترب مجيؤه. وانتبهوا الشيطان يريد أن نفقد سلامنا ولا ننال أكاليل.

وأیضا استعدوا فقد تسلموا وديعتكم في أي وقت فهناك 150 ألف شخص يموتوا في اليوم الواحد

انت لا تعرف متى ستكون منهم

المسيح اقترب فاصنعوا ثمار تليق بالتوبة واستعدوا لاستقبال العريس.

**والمجد لله دائما**
