## والعلامات حتى 10 اكتوبر 2017

Holy\_bible\_1

اكرر هدفي فقط من هذه الخدمة أن نذكر بعضنا باننا نحتاج ان نستعد أي حياة اليقظة الروحية. والاستعداد ليس فقط قبل مجيء المسيح بل ايضا قبل الظلمة التي ستسبق مجيؤه ليكون عندنا زيت في مصابيحنا يكفي ان نعبر هذه الظلمة وتكون مصابيحنا مضيئة وقت مجيؤه او من منا سيسلم وديعته في أي وقت. بمعنى نحتاج من الان ان نستعد بقوة بأيمان عامل وبتنقية القلب وان نثمر بالخدمة أي نجمع زيت في مصابيحنا لان الظلمة والضيقة اقتربت جدا ومن لن يستعد لها بزيت كافي من الان لن يجد زيت في الضيقة لان وقتها تجميع زيت سيكون صعب جدا بل أستطيع ان أقول من مثل العذاري انه لن يكون هناك زيت الا ما جمعته سابقا.

أفضل ان اقول لنفسي ولكم استعدوا الان لأنه اقترب فنكون مستعدين سواء جاء او نحن ان سلمنا وديعتنا عن أنى لا اقول انه اقترب لكيلا يقال عني كاذب وانشر اشاعات او اخيف البعض

ولكنه يأتي بسرعة بغته. لا اعتقد اي أحد ندم لأنه كان مستعد ومنتظر مجيء المسيح ولم يأتي

المسيح في زمنه ولكنه انتقل وهو مستعد ولكن كثيرين جدا ندموا على عدم الاستعداد عندما

انتقلوا

المسيح قال بعض العلامات مثل

انجيل لوقا 21

21: 10 ثم قال لهم تقوم امة على امة ومملكة على مملكة

21: 11 وتكون زلازل عظيمة في اماكن ومجاعات واوبئة وتكون مخاوف وعلامات عظيمة من

السماء

21: 25 وتكون علامات في الشمس والقمر والنجوم وعلى الارض كرب امم بحيرة البحر والامواج

تضج

21: 26 والناس يغطى عليهم من خوف وانتظار ما يأتي على المسكونة لان قوات السماوات

تتزعزع

21: 27 وحينئذ يبصرون ابن الانسان اتيا في سحابة بقوة و مجد كثير

سفر اعمال الرسل 2

2: 19 واعطي عجائب في السماء من فوق وآيات على الارض من أسفل دما ونارا وبخار دخان

2: 20 تتحول الشمس الى ظلمة والقمر الى دم قبل ان يجيء يوم الرب العظيم الشهير

2: 21 ويكون كل من يدعو باسم الرب يخلص

لماذا قال المسيح بعض العلامات؟

أولا لكيلا نرتاع

انجيل متى 24

مت 24: 6 وسوف تسمعون بحروب واخبار حروب **لا ترتاعوا** لأنه لا بد ان تكون هذه

كلها ولكن ليس المنتهى بعد

ثانيا لنؤمن

إنجيل يوحنا 14: 29

وَقُلْتُ لَكُمْ الْآنَ قَبْلَ أَنْ يَكُونَ، حَتَّى مَتَى كَانَ تُؤْمِنُونَ.

ثالثا لنتنبه ونستعد

انجيل لوقا 21

28 وَمَتَى ابْتَدَأَتْ هَذِهِ تَكُونُ، فَانْتَصِبُوا وَارْفَعُوا رُؤُوسَكُمْ لِأَنَّ نَجَاتَكُمْ تَقْتَرِبُ.»

## 'It's coming in DAMN CLOSE' NASA is monitoring huge asteroid hurtling towards Earth

NASA has confirmed it is monitoring the approach of a large celestial object, that a top scientist warned is "coming in DAMN CLOSE."

### NASA animation predicts path of asteroid ...

An **asteroid** called 2012 TC4 is due to make a staggeringly close pass of Earth on October 12.

Nasa earth defence specialists are keenly monitoring the close approach of the asteroid, with fears it could pass as near as just 4,200 miles away.

It was feared the asteroid could strike satellites orbiting Earth,

# Exploding shooting star 'superbolide' creates HUGE FIREBALL as it bursts over city

A SHOOTING star turned into a massive fireball and exploded over a city in China with the equivalent of 540 tonnes of TNT.

A shooting star turned into a massive fireball in China

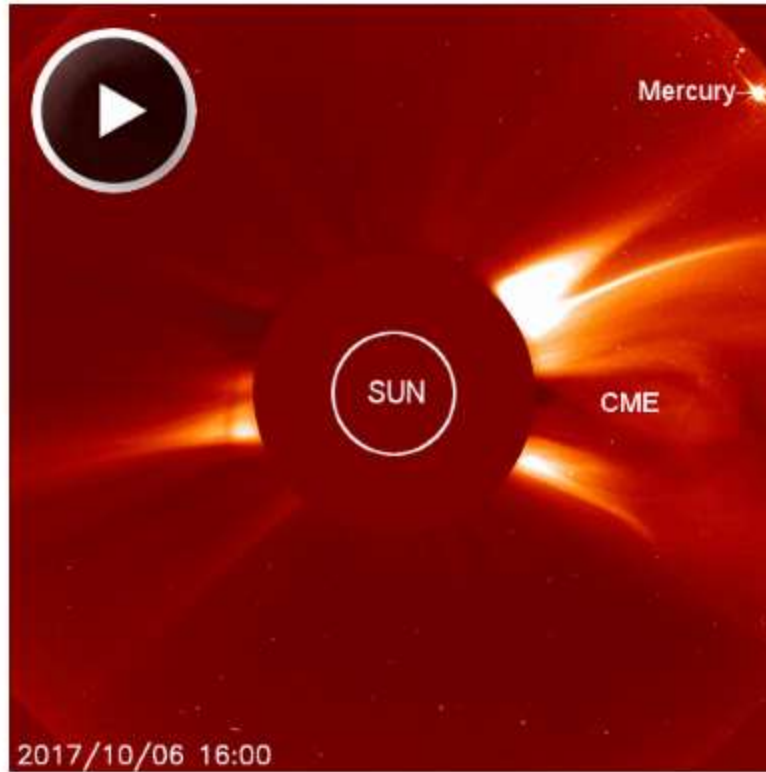

The astrological event, dubbed a "superbolide" was an exploding meteor that shined brighter than the moon in Yunnan Province, Shangri-La County.

NASA described the star as a huge fireball that dazzled eyewitnesses who saw it flit through the sky yesterday.

Eyewitnesses reported seeing a large shooting star which they duly recorded on their mobile phones.

**MERCURY AND THE SOLAR EXPLOSION:** On Oct. 6th, magnetic fields near the sun's western limb criss-crossed and exploded, sending a coronal mass ejection (CME) into space. The Solar and Heliospheric Observatory (SOHO) caught the expanding cloud racing past Mercury:

This CME will miss both Mercury and Earth. No geomagnetic storms are expected as a result of the explosion.

Mercury is currently on the far side of the sun, passing almost directly behind our star. Astronomers call this "superior conjunction." At closest approach on Oct. 8th, the sun and Mercury will be only a little more than half a degree apart. Humans cannot see this event because of intense sunlight. SOHO, however, can; the spacecraft uses a coronagraph to block the glare. [Join SOHO](#) for a ringside seat this weekend.

## Near Earth Asteroids

Potentially Hazardous Asteroids (PHAs) are space rocks larger than approximately 100m that can come closer to Earth than 0.05 AU. None of the known PHAs is on a collision course with our planet, although astronomers are finding [new ones](#) all the time.

On October 8, 2017 there were **1842** potentially hazardous asteroids.

**Note to readers:** A software bug that froze our daily asteroid count in recent months has been found and corrected. The scary numbers are increasing again!

Oct. 6 (UPI) — Tropical Storm Nate killed at least 22 people in Central America before it returned to the Caribbean Sea — strengthening and taking aim at the United States Gulf Coast.

The storm passed through Costa Rica, Nicaragua and Honduras late Thursday and early Friday, with heavy rain and winds. Swollen rivers caused mudslides and flooding, roads were blocked with debris, bridges were destroyed and homes were damaged.

At least 20 people are missing, authorities said; thousands slept in shelters in Costa Rica and nearly 400,000 people are without clean water. All three countries declared states of emergency.

A number of cities located on the southern coast of Norway have been struck by massive rainfall and severe flooding that started on September 30, 2017 and lasted until October 3, forcing people to leave their homes, while around 70 roads have been closed by the Road Administration.

Vest-Agder county was first to be hit by the unfortunate events. Many people of the city of Lyngdal watched helplessly how flood took away their houses, and in hurry fled the town in order to avoid death. Their escape was set back by the fact that the driving conditions were already difficult and a number of main roads were already closed due to the overflow.

# Drought looms for Ohio Valley to Northeast as rainfall deficit grows

AccuWeather

Published September 30, 2017

A persistently dry end to summer and start to fall has put some areas on the cusp of a drought across the Ohio Valley to the mid-Atlantic and Northeast.

"While most places east of the Mississippi River have yet to develop drought conditions, with the exception to eastern Maine, the area has had hardly any precipitation since early September," AccuWeather Lead Long-Range Meteorologist Paul Pastelok said.

Many cities are running a few inches below normal in terms of rainfall since Aug. 1. Some of the major cities include Chicago, Indianapolis, Cleveland, Syracuse, New York and Providence, Rhode Island. This deficit will grow even more as October starts.

## New Hampshire Forest Fire May Have Been Caused By Meteor Strike

Oct 4, 2017 | 0 | ★★★★★

Investigators and fire officials in New Hampshire are looking into the possibility that a meteor may have started a brush fire that has currently burned through about 25 acres in the White Mountains. Crews were working to contain the fire in the Lost River Gorge area Wednesday and said that it was still spreading. A driver first called it in around 6:20 a.m. Tuesday.

## Another Major Disaster Hits The U.S. – A Massive 'Firestorm' Is Burning Tens Of Thousands Of Acres In Northern California

By Michael Snyder, on October 9th, 2017

The nation is still reeling from a series of major disasters in recent weeks, and now another one has hit us. At this moment, an enormous "firestorm" is consuming tens of thousands of acres in eight counties in northern California. Wind gusts of up to 50 mph are rapidly driving 15 large wildfires across Napa, Sonoma, Lake, Mendocino, Yuba, Nevada, Calaveras and Butte counties, and the devastation that is taking place is being described as "like Armageddon". Ultimately, it looks like this is going to be one of the worst months for wildfires in the history of the state, and all of this comes on the heels of [Hurricane Harvey](#), [Hurricane Irma](#) and [the Las Vegas shooting](#). Ever since late August, it seems like all hell has broken loose in America.

So far at least 1,500 structures have been destroyed, at least 20,000 people have been evacuated and at least 73,000 acres have been burned. The smell of smoke has reached San Jose, Oakland and San Francisco, and California Governor Jerry Brown has officially declared a state of emergency.

# Forty seventh dead dolphin found on Gulf Coast

Sep 21, 2017 (1)

Nearly 50 dolphins have washed up dead on the Gulf Coast this year. That number is concerning scientists at the Institute for Marine Mammal Studies.

The 47th dead dolphin was found this morning east of Fort Maurepas Pier in Ocean Springs. According to the Institute for Marine Mammal Studies, the female dolphin that died weighs about 340 pounds, measuring over seven feet long.

The institute has also counted 52 dead sea turtles this year. Marine experts say the cause may be due to environmental changes. Dr. Moby Solangi said, "We've had a lot of rainfall in June and elsewhere, a lot of freshwater coming in. We've had some of these hurricanes that have disrupted the habitat and then we have this huge dead zone at the mouth of the Mississippi River which is the largest in the history."

Marine experts say they're working to better understand the cause of the dolphin's death. To report a stranded dolphin call the Institute's rescue team at 1-888-SOS-DOLPHIN.

O'HARA TOWNSHIP (KDKA) — Deer in Western Pennsylvania are dying by the hundreds, and officials say there's nothing they can do to stop it.

When Sally Meyers looked out her O'Hara Township kitchen window Wednesday, she noticed an unusual number of deer in her backyard.

She didn't think anything more about until, she said, "I let my dog out I saw something looked to me like a dog and checked it out and it was a deer."

Washington is playing a dangerous game of encouraging terrorists in Syria to attack government forces and the Russian military, Russian Foreign Minister Sergey Lavrov has said. Moscow won't leave aggressive US steps unanswered, but wants to overcome the political deadlock, he added.

In an interview with the London-based, Arabic-language Asharq Al-Awsat newspaper, taken ahead of the visit of Saudi King Salman bin Abdulaziz Al Saud to Moscow, Lavrov noted that the US-led coalition and the Syrian rebel forces they support consistently act in a way that helps Islamic State (IS, formerly ISIS/ISIL) and other

## Saudi Arabia says to buy Russia S-400 defence systems, other arms

by Staff Writers  
Moscow (AFP) Oct 5, 2017

Saudi Arabia signed on Thursday preliminary agreements to buy S-400 air defence systems and receive "cutting edge technologies" from Russia during King Salman's landmark visit to Moscow, the Saudi military industries firm said.

The agreement was announced as King Salman, who is on the first official trip to Russia by a Saudi monarch, and Russian President Vladimir Putin held talks at the Kremlin.

Under the agreements, Saudi Arabia is set to buy S-400 air defence systems, Kornet anti-tank guided missile systems and multiple rocket launchers.

These agreements are "expected to play a pivotal role in the growth and development of the military and military systems industry in Saudi Arabia," Saudi Arabian Military Industries (SAMI), the Sunni state's military industries firm said.

"The memorandum of understanding includes the transfer of technology for the local production" of the Kornet anti-tank guided missile systems, advanced multiple rocket launchers and automatic grenade launchers.

"In addition, the parties will cooperate in setting a plan to localise the manufacturing and sustainment of parts of the S-400 air defence system," SAMI said.

The two countries also agreed on the production in Saudi Arabia of the Kalashnikov automatic rifle and its ammunition as well as educational and training programmes for Saudi nationals.

"These agreements are expected to have tangible economic contributions and create hundreds of direct jobs," the company said.

They "will also transfer cutting edge technologies that will act as a catalyst for localising 50 percent of the Kingdom's military spending."

NAIROBI (Reuters) – Police fired teargas at opposition activists in Kenya's capital on Friday as demonstrators, who also held protests in three other cities, called for the sacking of election board officials involved in August's canceled presidential vote.

Crowds gathered in Nairobi, the western opposition stronghold of Kisumu and the port of Mombasa for the second time this week.

President Uhuru Kenyatta, who officially won by 1.4 million votes only to have his victory annulled, has accused the Supreme Court of bringing the country close to "judicial chaos".

Islamic State has released a new video bragging that the Las Vegas massacre was revenge for US attacks against their caliphate.

In what appears to be a desperate publicity stunt, the terror group claimed the horrific acts of Stephen Paddock, 64, were down to them, saying they radicalised him months before he shot 58 people dead and injured 527 more on Sunday night. He then committed suicide.

FBI officials rubbished the claims, saying he had no affiliation to any terrorist organisations, but the Islamic extremists took to their propaganda news agencies to spread the word.

SAN FRANCISCO (CNNMoney) -- YouTube has always had videos with conspiracy theories, hoaxes and misinformation. In the wake of the Las Vegas shootings, the company has decided to address the problem.

The company updated its search algorithm Thursday to promote authoritative news sources at the top of search results, according to a person familiar with the matter. YouTube has been working on the change for months, but decided to release it early after conspiracy videos surfaced on its site about the Las Vegas shooting.

Visitors searching YouTube for information about Sunday's shooting or shooter Stephen Paddock have been directed to videos pushing conspiracy theories. They claim there were multiple shooters, that the shooting was staged by the U.S. government, and that Paddock was an anti-T activist, among other things.

The issue picked up steam on social media Wednesday and was documented in articles from BuzzFeed and The Guardian.

Now a search for "Stephen Paddock" on YouTube shows results from news outlets like the BBC, USA Today, and NBC News on top. You have to scroll down to the 28th result for a conspiracy video connecting Paddock to anti-facist groups.

Two Pakistani non-Muslim boys have been arrested for alleged blasphemy, in the latest case involving the country's strict and controversial blasphemy laws.

Vishal Masih, a Christian, and Bhole Ram, a Hindu, have been accused of desecrating Islam's sacred text, the Qur'an, by burning papers containing Qur'anic verses, according to the Centre for Legal Aid, Assistance and Settlement (CLAAS), a Christian charity that advocates for persecuted Christians in Pakistan.

Protesters hold up placards while demanding the release of Asia Bibi, a Pakistani Christian woman who has been sentenced to death for blasphemy, at a rally in Lahore.

A case was registered against the boys on September 28 at a police station in Bunga Dhongha, Bahawalnagar under section 295 B of Pakistan's blasphemy laws.

## Russian Hackers Stole NSA Data on U.S. Cyber Defense

The breach, considered the most serious in years, could enable Russia to evade NSA surveillance and more easily infiltrate U.S. networks

By *Gordon Lubold* and *Shane Harris*

Updated Oct. 5, 2017 7:31 p.m. ET

WASHINGTON—Hackers working for the Russian government stole details of how the U.S. penetrates foreign computer networks and defends against cyberattacks after a National Security Agency contractor removed the highly classified material and put it on his home computer, according to multiple people with knowledge of the matter.

The hackers appear to have targeted the contractor after identifying the files through the contractor's use of a popular antivirus software made by Russia-

## Why Muslims Are Abandoning Allah and Turning to Jesus in Record Numbers

5:00PM EDT 10/5/2017

*Dreams, visions and miracles are being reported among Muslims, leading them to faith in Jesus. (Max Pixel)*

Present world conditions show us that the stage is being set for a grand finale. It's clear to me that Islam is about to take some serious losses. It will be greatly weakened as we approach the day of the Lord.

Here are six specific reasons I believe Islam will diminish and become severely crippled as we approach the coming of Christ:

1. Because of the prophecies of devastation against Elam—Elam is located in the southwest portion of modern Iran and is the site of the Bushehr nuclear reactor (Jer. 49)
2. Because of Syrian losses in the destruction of Damascus (Isa. 17)

Worship and prayer tents line the National Mall in Washington, D.C., in the very same spots where millions have gathered in previous years to cry out for change. This time, though, these tents are spiritually charged with the presence of the Lord.

Shofars sound. Millennials jump in praise. Hands raise. Messages in tongues are spoken so unashamedly that anyone walking by can hear. There is a tent from each state and then some for a total of 58. Each has an "Appeal to Heaven" banner hanging proudly while people openly rebuke principalities and break strongholds.

**LEHIGH COUNTY, Pa.** — A federal judge in Pennsylvania has reluctantly ruled that a county in the Commonwealth can't include a Christian cross in its official seal.

U.S. District Judge Edward Smith, nominated to the bench by then-President Barack Obama, [wrote in his ruling](#) that he doesn't believe that Lehigh County's inclusion of a cross in its 73-year-old seal violates the Establishment Clause in the way that the Founding Fathers intended when they wrote the U.S. Constitution.

San Diego Democrats resoundingly rejected Morris Cerullo's plans to build a Bible-themed resort after complaints from an LGBT spokesperson that the resort would trigger traffic concerns.

Even the mainstream media is coming to the evangelist's defense.

In an editorial, *The San Diego Union Tribune* editorial board writes:

But at Monday's City Council meeting, all five Democrats—David Alvarez, Barbara Bry, Myrtle Cole, Georgette Gomez and Chris Ward—voted against the project after a spokeswoman for the San Diego LGBT Community Center in Hillcrest and other critics who aren't engineers cited traffic fears.

**CHARLOTTE COURT HOUSE, Va.** — A school superintendent in Virginia says that a Bible verse engraved on a bench that memorializes a student who died in an ATV accident last year must be removed in order to be “legally compliant.”

The Charlotte Court House community came together following the death of Colton Osborne, a student at Randolph Henry High School known for his love of baseball, to purchase a bench in his memory and place it near the school baseball field.

## Former Satan Worshipper: I'm Shocked Christians Celebrate Halloween

6:00AM EDT 10/6/2017

John Ramirez

*We see no harm in Halloween, because we think it is fun. (Pxhere)*

Anton LaVey, the founder of the Church of Satan, said: "I am glad that Christian parents let their children worship the devil at least one night out of the year. Welcome to Halloween."

We are quick on our feet to rush and honor the devil in so many ways. We see no harm in Halloween, because we think it is fun. We paint our faces, we wear our innocent costumes, we dress up our doorways—even churches dress up their entryways for Halloween with pumpkins. These actions are like giving the devil license, saying, "Here's my church. You can have it."

We think because we are not performing any demonic rituals or human sacrifices that we are on safe ground, but did you know that as soon as you dress up, whether you color yourself or put on a costume, the enemy owns you? Because by doing so, you have turned over your legal rights, and you have dedicated yourself and your kids to celebrating the devil's holiday. You have just made a pact with the enemy, and you are already sacrificing your children spiritually by dressing them up and changing their identity.
