اكرر هدفي فقط من هذه الخدمة أن نذكر بعضنا باننا نحتاج ان نستعد أي حياة اليقظة الروحية. والاستعداد ليس فقط قبل مجيء المسيح بل ايضا قبل الظلمة التي ستسبق مجيؤه ليكون عندنا زيت في مصابيحنا يكفي ان نعبر هذه الظلمة وتكون مصابيحنا مضيئة وقت مجيؤه او من منا سيسلم وديعته في أي وقت. بمعنى نحتاج من الان ان نستعد بقوة بأيمان عامل وبتنقية القلب وان نثمر بالخدمة أي نجمع زيت في مصابيحنا لان الظلمة والضيق اقتربت جدا ومن لن يستعد لها بزيت كافي من الان لن يجد زيت في الضيقة لان وقتها تجميع زيت سيكون صعب جدا بل أستطيع ان أقول من مثل العذاري انه لن يكون هناك زيت الا ما جمعته سابقا.

أفضل ان اقول لنفسي ولكم استعدوا الان لأنه اقترب فنكون مستعدين سواء جاء او نحن ان سلمنا وديعتنا عن أنى لا اقول انه اقترب لكيلا يقال عني كاذب وانشر اشاعات او اخيف البعض

ولكنه يأتي بسرعة بغته. لا اعتقد اي أحد ندم لأنه كان مستعد ومنتظر مجيء المسيح ولم يأتي

المسيح في زمنه ولكنه انتقل وهو مستعد ولكن كثيرين جدا ندموا على عدم الاستعداد عندما

انتقلوا

المسيح قال بعض العلامات مثل

انجيل لوقا 21

21: 10 ثم قال لهم تقوم امة على امة ومملكة على مملكة

21: 11 وتكون زلازل عظيمة في اماكن ومجاعات واوبئة وتكون مخاوف وعلامات عظيمة من

السماء

21: 25 وتكون علامات في الشمس والقمر والنجوم وعلى الارض كرب امم بحيرة البحر والامواج

تضج

21: 26 والناس يغطى عليهم من خوف وانتظار ما يأتي على المسكونة لان قوات السماوات

تتزعزع

21: 27 وحينئذ يبصرون ابن الانسان اتيا في سحابة بقوة و مجد كثير

سفر اعمال الرسل 2

2: 19 واعطي عجائب في السماء من فوق وآيات على الارض من أسفل دما ونارا وبخار دخان

2: 20 تتحول الشمس الى ظلمة والقمر الى دم قبل ان يجيء يوم الرب العظيم الشهير

2: 21 ويكون كل من يدعو باسم الرب يخلص

لماذا قال المسيح بعض العلامات؟

أولا لكيلا نرتاع

انجيل متى 24

مت 24: 6 وسوف تسمعون بحروب واخبار حروب **لا ترتاعوا** لأنه لا بد ان تكون هذه

كلها ولكن ليس المنتهى بعد

ثانيا لنؤمن

إنجيل يوحنا 14: 29

وَقُلْتُ لَكُمْ الْآنَ قَبْلَ أَنْ يَكُونَ، حَتَّى مَتَى كَانَ تُؤْمِنُونَ.

ثالثا لنتنبه ونستعد

انجيل لوقا 21

28 وَمَتَى ابْتَدَأَتْ هَذِهِ تَكُونُ، فَانْتَصِبُوا وَارْفَعُوا رُؤُوسَكُمْ لِأَنَّ نَجَاتَكُمْ تَقْتَرِبُ.»

انفجار شمسي قوى كان في اتجاه عطارد والمشتري

TWO PLANETS AND A SOLAR STORM: Yesterday, Oct. 18th, something behind the eastern edge of the sun exploded. A massive cloud of plasma (CME) raced away from the blast site -- right into a bright conjunction. Jupiter and Mercury were less than 1° apart when the CME passed by:

Credit: The Solar and Heliospheric Observatory (SOHO)

If this meeting of planets happened in the night sky, it would have been widely observed. Because it was so close to the glaring sun, no human could see it. Only the orbiting Solar and Heliospheric Observatory, with its sun-blocking [coronagraph](#), could record such a scene.

The CME missed everything. It sailed wide of Mercury, Jupiter, and Earth as well. Forecasters expect no geomagnetic storms as a result of the blast.

Typhoon Lan, a storm with an eye 50 miles wide, is expected to lash parts of Japan with intense wind and rain, the country's meteorological office has warned. Currently west of Okinawa, the typhoon is travelling north towards mainland Japan.

According to forecasts by the Japan Meteorological Agency, the "large" storm will barrel across the nation on Sunday before subsiding on October 23.

NASA imagery reveals the huge scale of the typhoon, with pictures taken by the Suomi NPP satellite revealing powerful thunderstorms swirling around an eye 50 nautical miles in diameter.

Record rainfall hits Tanzania, causing widespread flooding

Record-breaking rainfall hit parts of Tanzania, the most flood-affected country in eastern Africa, over the past couple of days, causing widespread flooding, mudslides and major travel disruptions. More than 170 mm (6.7 inches) of rain was measured in Dar es Salaam within 24 hours on Thursday, more than two times the country's average October rainfall.

According to Hellen Msemo, senior meteorologist at the Tanzania Meteorology Authority, the worst affected was Tanzania's northern coast. "Much of the infrastructure has been damaged, and the main highway to the nation's largest city, Dar es Salaam, has been cut off from the north of the country," Msemo said.

Julius Nyerere International Airport in Dar es Salaam registered 174 mm (6.85 inches) of rain on Thursday, October 24, 2017. This was the heaviest October rainfall since records began in 1918, Al

France earthquake: Alps region hit by 140 tremors in days, BIG ONE feared

FRANCE has been hit by a huge number of earthquakes over the last month, leading to fears that the BIG ONE is on its way.

By SEAN MARTIN

In the past 40 days, the French Alps have been rocked by 140 quakes which has led officials to warn locals that a more powerful tremor may be on the way.

Earthquake observation organisation Sismalp says that the strongest tremor was a 3.8 magnitude quake, but such a large swarm can be a precursor for a massive earthquake.

Martine a resident of the village of Montgellafray told Europe1 radio: "The noise is like a storm coming from far way. Everything shakes. I said 'that's it, all the tiles are going to break'.

Italy culls birds after five H5N8 avian flu outbreaks in October

Reuters Staff

1 MIN READ

ROME (Reuters) - Italy has had five outbreaks of highly pathogenic H5N8 avian flu in farms the central and northern parts of the country since the start of the month and about 880,000 chickens, ducks and turkeys will be culled, officials said on Wednesday.

The biggest outbreak of the H5N8 virus, which led to the death or killing of millions of birds in an outbreak in western Europe last winter, was at a large egg producing farm in the province of Ferrara.

The latest outbreak was confirmed on Oct. 6 and about 853,000 hens are due to be culled by Oct. 17, the IZSV zoological institute said.

Another involved 14,000 turkeys in the province of Brescia, which are due to be culled by Oct. 13.

A third involved 12,400 broiler chickens at a smaller farm in the province of Vicenza and two others were among a small number of hens, ducks, broilers and turkeys on family farms.

Factbox: China confirms bird flu outbreak at chicken farms in central Anhui province

Reuters Staff

8 MIN READ

(Reuters) - China confirmed a bird flu outbreak at some broiler chicken farms in the central province of Anhui, according to a statement issued by the Ministry of Agriculture on Tuesday.

Local government culled 30,196 poultry birds after the outbreak, which infected 28,650 chickens and killed 15,066 of the birds, the statement said.

The outbreak was confirmed as a case of the H5N6 strain of the virus.

China also reported 13 fatalities from H7N9 bird flu in June, the government said in July, taking the death toll since October to at least 281.

China reported as many as 108 deaths from the virus in the March to May period, spurring further concerns about the spread of the deadly virus, according to data from the National Health and Family Planning Commission.

When a deadly epidemic arrives, local traditions and rituals may do more harm than good.

Madagascar's authorities have urged residents to abandon the Famadihana ritual, citing concerns about a plague outbreak. The ritual, among other things, stipulates that relatives must perform ritual dances with their exhumed relatives.

"If a person dies of pneumonic plague and is then interred in a tomb that is subsequently opened for a Famadihana, the bacteria can still be transmitted and contaminate whoever handles the body," Willy Randriamarotia, Madagascar's health ministry chief

RUSSIAN WAR GAMES SPARK 'BLUE AURORAS' (UPDATED): On Dec. 9, 2009, sky watchers in arctic Norway witnessed an incredible spiral of blue light forming a cone in the night sky. "We are used to seeing lots of auroras here in Norway, but this was different," recalls Nick Banbury of Harstad who saw the display on his way to work "between 7:50 and 8:00 a.m. local time." Days later, the Russian Defense Ministry confirmed the launch and subsequent failure of a missile--a Bulava ICBM launched from a Russian submarine in the White Sea. The rocket motor spinning out of control created the spiral pattern.

Almost 8 years later, on Oct. 26, 2017, the same blue color reappeared. This time, however, it came in the form of an expanding sphere. Alexey Yakovlev photographed the magnificent cloud from Strezhevoy, Russia:

- Germany has made no secret of its desire to see its new law copied by the rest of the EU.
- When employees of social media companies are appointed as the state's private thought police and given the power to shape the form of current political and cultural discourse by deciding who shall be allowed to speak and what to say, and who shall be shut down, free speech becomes nothing more than a fairy tale. Or is that perhaps the point?
- Perhaps fighting "Islamophobia" is now a higher priority than fighting terrorism?

A new German law introducing state censorship on social media platforms **came into effect** on October 1, 2017. The new law requires social media platforms, such as Facebook, Twitter, and YouTube, to censor their users on behalf of the German state. Social media companies are **obliged** to delete or block any online "criminal offenses" such as libel, slander, defamation or incitement, within 24 hours of receipt of a user complaint -- regardless of whether or the content is accurate or not. Social media companies receive seven days for more complicated cases. If they fail to do so, the German government can fine them up to 50 million euros for failing to comply with the law.

This state censorship makes free speech subject to the arbitrary decisions of corporate entities that are likely to censor more than absolutely necessary, rather than risk a crushing fine. When

Australian churches vandalised by same-sex marriage supporters

2 days ago | [Redefinition of marriage](#) | [World](#)

Christians who hold a biblical view of marriage are "bigots" and should be 'crucified', according to same-sex marriage supporters who vandalised churches in Australia.

Last week, two churches in Melbourne were daubed with graffiti including a Nazi swastika.

It is the latest in a string of reports of abuse suffered by marriage supporters in the country. In recent weeks, a mother received [death threats](#) and a Christian [lost her job](#) simply for expressing opposition to the redefinition of marriage.

'Disturbing and concerning'

Pastor Drew Mellor of Glen Waverley Anglican Church said the graffiti left older parishioners fearing for their safety.

Following the incident, the church released a lengthy statement outlining their belief in a biblical view on marriage – that it is the union of one man and one woman.

And David O' Brien, Senior Pastor of Waverley Baptist Church (the other church that was vandalised), said the incident was "disturbing and concerning".

The graffiti was daubed across Waverley Baptist Church in Melbourne.

فلهذا اطلب أن نصلي ونستعد ونعد زيت لمصاييحنا لاستقبال العريس بالصلاة والصوم وخدمة
أبناء الله وتنقية القلب والاستعداد بلبس العرس.

رسالة بولس الرسول الي أهل رومية 13

13: 11 هذا وأنكم عارفون الوقت انها الان ساعة لنستيقظ من النوم فان خلاصنا الان أقرب مما كان حين امنا

13: 12 قد تنهى الليل وتقارب النهار فلنخلع اعمال الظلمة ونلبس اسلحة النور

13: 13 لنسلك بلياقة كما في النهار لا بالبطر والسكر لا بالمضاجع والعهر لا بالخصام والحسد

13: 14 بل البسوا الرب يسوع المسيح ولا تصنعوا تدبيرا للجسد لأجل الشهوات

احترس ان لم تتمسك بالمسيح من الان قد لا تستطيع في المستقبل القريب بسبب الظلام.

وكما قلت هو اخبرنا لكي لا نخاف

انجيل متى 24

مت 24: 6 وسوف تسمعون بحروب واخبار حروب **لا ترتاعوا** لأنه لا بد ان تكون هذه

كلها ولكن ليس المنتهى بعد

بطرس الأولى 3: 14

وَلَكِنْ وَإِنْ تَأَلَّمْتُمْ مِنْ أَجْلِ الْبِرِّ، فَطُوبَاكُمْ. وَأَمَّا خَوْفُهُمْ فَلَا تَخَافُوهُ وَلَا تَضْطَرُّوْا،

بل نؤمن

إنجيل يوحنا 14: 29

وَقُلْتُ لَكُمْ الْآنَ قَبْلَ أَنْ يَكُونَ، حَتَّى مَتَى كَانَ تُؤْمِنُونَ.

ثالثا لنتنبه ونستعد

انجيل لوقا 21

28 وَمَتَى ابْتَدَأَتْ هَذِهِ تَكُونُ، فَأَنْتَصِبُوا وَارْفَعُوا رُؤُوسَكُمْ لِأَنَّ نَجَاتَكُمْ تَقْتَرِبُ.».

افرحوا لان عريسنا قد اقترب مجيؤه. وانتبهوا الشيطان يريد أن نفقد سلامنا ولا ننال أكاليل.

وأيضا استعدوا فقد تسلموا وديعتكم في أي وقت فهناك 150 ألف شخص يموتوا في اليوم الواحد

انت لا تعرف متى ستكون منهم

المسيح اقترب فاصنعوا ثمار تليق بالتوبة واستعدوا لاستقبال العريس.

والمجد لله دائما
