اكرر هدفي فقط من هذه الخدمة أن نذكر بعضنا باننا نحتاج ان نستعد أي حياة اليقظة الروحية. والاستعداد ليس فقط قبل مجيء المسيح بل ايضا قبل الظلمة التي ستسبق مجيؤه ليكون عندنا زيت في مصابيحنا يكفي ان نعبر هذه الظلمة وتكون مصابيحنا مضيئة وقت مجيؤه او من منا سيسلم وديعته في أي وقت. بمعنى نحتاج من الان ان نستعد بقوة بأيمان عامل وبتنقية القلب وان نثمر بالخدمة أي نجمع زيت في مصابيحنا لان الظلمة والضيق اقتربت جدا ومن لن يستعد لها بزيت كافي من الان لن يجد زيت في الضيقة لان وقتها تجميع زيت سيكون صعب جدا بل أستطيع ان أقول من مثل العذاري انه لن يكون هناك زيت الا ما جمعه سابقا.

أفضل ان اقول لنفسي ولكم استعدوا الان لأنه اقترب فنكون مستعدين سواء جاء او نحن ان سلمنا وديعتنا عن أنى لا اقول انه اقترب لكيلا يقال عني كاذب وانشر اشاعات او اخيف البعض

ولكنه يأتي بسرعة بغته. لا اعتقد اي أحد ندم لأنه كان مستعد ومنتظر مجيء المسيح ولم يأتي

المسيح في زمنه ولكنه انتقل وهو مستعد ولكن كثيرين جدا ندموا على عدم الاستعداد عندما

انتقلوا

المسيح قال بعض العلامات مثل

انجيل لوقا 21

21: 10 ثم قال لهم تقوم امة على امة ومملكة على مملكة

21: 11 وتكون زلازل عظيمة في اماكن ومجاعات واوبئة وتكون مخاوف وعلامات عظيمة من

السماء

21: 25 وتكون علامات في الشمس والقمر والنجوم وعلى الارض كرب امم بحيرة البحر والامواج

تضج

21: 26 والناس يغطى عليهم من خوف وانتظار ما يأتي على المسكونة لان قوات السماوات

تتزعزع

21: 27 وحينئذ يبصرون ابن الانسان اتيا في سحابة بقوة و مجد كثير

سفر اعمال الرسل 2

2: 19 واعطي عجائب في السماء من فوق وآيات على الارض من أسفل دما ونارا وبخار دخان

2: 20 تتحول الشمس الى ظلمة والقمر الى دم قبل ان يجيء يوم الرب العظيم الشهير

2: 21 ويكون كل من يدعو باسم الرب يخلص

لماذا قال المسيح بعض العلامات؟

أولا لكيلا نرتاع

انجيل متى 24

مت 24: 6 وسوف تسمعون بحروب واخبار حروب **لا ترتاعوا** لأنه لا بد ان تكون هذه

كلها ولكن ليس المنتهى بعد

ثانيا لنؤمن

إنجيل يوحنا 14: 29

وَقُلْتُ لَكُمْ الْآنَ قَبْلَ أَنْ يَكُونَ، حَتَّى مَتَى كَانَ تُؤْمِنُونَ.

ثالثا لنتنبه ونستعد

انجيل لوقا 21

28 وَمَتَى ابْتَدَأَتْ هَذِهِ تَكُونُ، فَانْتَصِبُوا وَارْفَعُوا رُؤُوسَكُمْ لِأَنَّ نَجَاتَكُمْ تَقْتَرِبُ.»

ATMOSPHERIC RADIATION IS INCREASING: Since the spring of 2015, Spaceweather.com and the students of [Earth to Sky Calculus](#) have been flying balloons to the stratosphere over California to measure cosmic rays. Soon after our monitoring program began, we quickly realized that **radiation levels are increasing**. Why? The main reason is [the solar cycle](#). In recent years, sunspot counts have plummeted as the sun's magnetic field weakens. This has allowed more [cosmic rays](#) from deep space to penetrate the solar system. As 2017 winds down, our latest measurements show the radiation increase continuing apace--with an interesting exception, circled in yellow:

In Sept. 2017, the quiet sun surprised space weather forecasters with a sudden outburst of explosive activity. On Sept. 3rd, a [huge sunspot](#) appeared. In the week that followed, it unleashed the [strongest solar flare](#) in more than a decade ([X9-class](#)), hurled a powerful CME toward Earth, and sparked a severe geomagnetic storm ([G4-class](#)) with [Northern Lights](#) appearing as far south as [Arkansas](#). During the storm we quickened the pace of balloon launches and found radiation dropping to levels we hadn't seen since 2015. The flurry of solar flares and CMEs actually pushed some cosmic rays away from Earth.

A ROCK COMET APPROACHES EARTH: On Dec. 16, 2017, an unusual space rock named "3200 Phaethon" will fly past Earth only 10.3 million km away. It's the closest approach in 40 years for this large object. Measuring 5 km across, 3200 Phaethon is half the size of the asteroid that wiped out the dinosaurs 65 million years ago. There's no danger of a collision this time, but 3200 Phaethon is close enough to see through backyard telescopes. On Dec. 8th, The Astronomy Club of the Sing Yin Secondary School in Hong Kong video-recorded 3200 Phaethon using a 4-inch refractor:

"We observed 3200 Phaethon, the parent body of the Geminid meteor shower, from the basketball court of our school campus," the club reports. "Our school is located close to the city center where the visual limiting magnitude is about 2 to 3. Despite the glare, we were able to record the motion of this object against the background stars for about 1 hour." Nearly 500 000 people were left without power and three have died as a suprisingly strong early winter storm hit the US South on its way toward the Northeast. The storm dumped rare snow on the Deep South, in many places record-breaking for December. Relatively quiet weather is expected across much of the country today as the storm continues to pull away from the Northeast Sunday morning. There is a chance for light snow showers in the Northeast today and tonight but the greatest snowfall accumulations are expected east of lakes Erie and Ontario due to lake effect snow.

The storm blanketed parts of the Deep South this week with up to 46 cm (18 inches) of snow in places, causing traffic chaos and leaving more than 480 000 people without power as of Saturday morning.

DECEMBER 5, 2017, 10:00 PM | REPORTING FROM VENTURA

The destructive Thomas fire finally met a fire line it could not jump: the Pacific Ocean.

The fast-moving, wind-driven wildfire continued to rage through the city of Ventura on Tuesday evening, jumping Highway 33 and burning through oil fields before crossing the 101 Freeway into Solimar Beach, authorities said.

A report today from the United Nations Environment Programme (UN Environment) highlights the environmental dimension of antimicrobial resistance.

The Frontiers Report, launched during the third UN Environment Assembly in Nairobi, Kenya, lists the release of antimicrobial compounds into the environment by households, hospitals, pharmaceutical factories, and farms as one of six emerging issues of environmental concern because of the potential impact on antibiotic resistance. The other issues are nanomaterials, marine protected areas, sand and dust storms, solar power, and human migration.

While the extent of environmental contamination from antimicrobial production and use by humans and food-producing animals remains unclear, several studies in recent years have documented the presence of antibiotics in

U.S. B-1B bombers to fly over Korea in joint exercise

2017/12/06 08:42

SEOUL, Dec. 6 (Yonhap) -- The United States will deploy B-1B Lancer strategic bomber aircraft to Korea on Wednesday as part of a combined air combat training, a defense source said.

The long-range, multi-mission supersonic bombers, based in Guam, plan to conduct bombing drills together with South Korea's fighter jets.

The source would not specify the number of B-1Bs to come here and the exact schedule of their sortie.

The U.S. usually sends two B-1Bs to the peninsula either in the wake of North Korea's provocations in a show of force or on routine flight training missions.

Erdogan calls Islamic summit next week on Jerusalem

ANKARA (AFP) - Turkish President Recep Tayyip Erdogan is calling a summit of the main pan-Islamic body in Istanbul on December 13 to discuss the expected US move to recognise Jerusalem as Israel's capital, his spokesman said on Wednesday.

"In the face of developments that arouse sensitivity over the status of Jerusalem, Mr President is calling a leaders' summit of the Organisation of Islamic Cooperation (OIC) in order to display joint action among Islamic countries," presidential spokesman Ibrahim Kalin told reporters in Ankara.

He said the summit meeting would take place on December 13. There was no immediate confirmation from Muslim leaders if they would come.

Turkey currently holds the chairmanship of the OIC.

The recognition of Jerusalem as Israel's capital and the moving of the US embassy from Tel Aviv to Jerusalem -- expected to be announced by President Donald Trump later Wednesday -- would be a "grave mistake" against international agreements, Kalin warned.

"Jerusalem is our honour, Jerusalem is our common cause, Jerusalem is our red line," he added, urging the Trump administration to "return from this grave mistake immediately".

Istanbul (AFP) - Turkey's leader is seeking to spearhead Islamic reaction to the US declaration on Jerusalem, but it is uncertain if he can coordinate a meaningful response among often disunited Muslim nations.

President Recep Tayyip Erdogan, who regards himself as a champion of the Palestinian cause, had fulminated against President Donald Trump's recognition of Jerusalem as Israel's capital even before it was officially announced this week.

The Trump administration delivered an unusually blunt warning to Saudi Arabia on Friday, saying the U.S. might curtail its support for Riyadh's military campaign in Yemen unless the kingdom takes immediate steps to allow more humanitarian aid into the besieged country.

In a series of public comments and private conversations in recent weeks, the Trump administration has urged the Saudi-led coalition fighting in Yemen to lift a blockade on the country to allow food, water, fuel and medicines to reach those

Lawyers sue California because too many children can't read

BY JULIE WATSON

UPDATED 9 HOURS 0 MINUTES AGO

SAN DIEGO — A group of prominent lawyers representing teachers and students from poor performing schools sued California on Tuesday, arguing that the state has done nothing about a high number of schoolchildren who do not know how to read.

The advocacy law firm, Public Counsel, filed the lawsuit in Los Angeles Superior Court to demand the California Department of Education address its "literacy crisis." The state has not followed suggestions from its own report on the problem five years ago, the lawsuit said.

"When it comes to literacy and the delivery of basic education, California is dragging down the nation," said Public Counsel lawyer Mark Rosenbaum, who sued along with the law firm Morrison & Foerster.

As robots become an ever increasing part of our daily lives, humans could soon find love with the machines, according to a new report.

The report suggests that over a quarter of 18-34 year-olds will feel it's normal to form friendships and even romantic relationships with robots in the future instead of humans.

And it seems that men are more likely to embrace the bots, with the report indicating that males are three times more likely to form a relationship with a robot than women.

Imports From China Hit Record High As U.S. Trade Deficit Continues To Explode

By Michael Snyder, on December 5th, 2017

[f](#) [t](#) [p](#) [G+](#) [in](#) [su](#) [e](#)

It should upset you that virtually everything stocking the shelves of our major retailers seems to have been made somewhere else. As a nation, we are consuming far more wealth than we are producing, and that is a recipe for national economic suicide. This week we learned that imports from China hit an all-time record high in October, and that was one of the primary reasons why our trade deficit hit a staggering 48.7 billion dollars during that month. Year after year we buy far more stuff from the rest of the world than they buy from us, and this is systematically impoverishing us.

Let me put this another way. The amount of money that leaves our country each month is far greater than the amount of money that comes into it. When you grasp this concept, it becomes easy to understand why major exporting nations such as China have become so wealthy, and why we are drowning in debt.

Peter Schiff was among the few economists who correctly predicted the financial crisis in 2008. Ten years later, he sees another crisis emerging: a crisis that can crash the stock market and wipe out the US dollar.

"I predicted a lot more than just the stock market going down back then. I predicted the financial crisis, but more importantly, I predicted what the government would do as a result of the financial crisis and what the consequences of that would be because that's where we're headed. The gradual acceptance of digital currencies, with major exchanges about to launch bitcoin futures trading, may prompt some oil producing nations to ditch the US dollar in crude trade in favor of cryptocurrencies, an oil analyst says.

Russia, Iran and Venezuela have more than one thing in common. All three are major oil producing nations dependent on the dollar since the global crude market is traditionally dominated by contracts denominated in US currency.

Atheist group objects to creation of cross memorials at a Georgia high school

Dec 9, 2017 | 0 | ★★★★★

The nation's most conspicuous professing atheist organization has expressed objection to the creation of cross memorials at a Georgia high school as part of a city effort to remember fallen soldiers. The Wisconsin-based Freedom From Religion Foundation (FFRF) sent a letter earlier this year to the attorney for Catoosa County Public Schools to assert that the crosses, made at Ringgold High School, were unconstitutional. "We write to request assurances that, in the future, Mr. Elliott nor any other

district employee will include religious messages in student assignments, allow school-sponsored religious activities, or otherwise promote or endorse religion in their official capacities," it read. The organization also took issue with another school in the district, as it had learned that Heritage High School's leadership class had partnered with a Christian missions organization to

NEW PALTZ, N.Y. (CBSNewYork) — At a time when participation in [traditional](#) religions is declining among Americans, the practice of witchcraft is said to be on the rise.

CBS2's Ali Bauman went inside the secret world of modern-day witches to explore why so many say they're falling under its spell.

"I am the high priestess," Lisa Stewart said.

"To be a witch is incredibly relevant in today's society," Anton Stewart explained.

Nestled in the heart of the Hudson Valley is the Church of the Eternal Circle, the only legally recognized Wiccan Church in the state of New York.

CHICAGO — An Illinois teenager who was born male but identifies as female has filed a lawsuit against his school district as he claims that he has been prohibited from using the girls' locker room for gym class. The district says that the legal challenge does not correctly cite the accommodations that have been offered to the student.

The 18-year-old, who goes by the name Nova Maday, says that he is unhappy with the outcome of talks with Township High School District 211 and asserts that that he has to use either the nurse's office or a separate single-user

فلهذا اطلب أن نصلي ونستعد ونعد زيت لمصاييحنا لاستقبال العريس بالصلاة والصوم وخدمة

أبناء الله وتنقية القلب والاستعداد بلبس العرس.

رسالة بولس الرسول الي أهل رومية 13

13: 11 هذا وأنكم عارفون الوقت انها الان ساعة لنستيقظ من النوم فان خلاصنا الان أقرب مما

كان حين امنا

13: 12 قد تناهى الليل وتقارب النهار فلنخلع اعمال الظلمة ونلبس اسلحة النور

13: 13 لنسلك بلباقة كما في النهار لا بالبطر والسكر لا بالمضاجع والعهر لا بالخصام والحسد

13: 14 بل البسوا الرب يسوع المسيح ولا تصنعوا تدبيرا للجسد لأجل الشهوات

احترس ان لم تتمسك بالمسيح من الان قد لا تستطيع في المستقبل القريب بسبب الظلام.

وكما قلت هو اخبرنا لكي لا نخاف

انجيل متى 24

مت 24: 6 وسوف تسمعون بحروب واخبار حروب **لا ترتاعوا** لأنه لا بد ان تكون هذه

كلها ولكن ليس المنتهى بعد

بطرس الأولى 3: 14

وَلَكِنْ وَإِنْ تَأَلَّمْتُمْ مِنْ أَجْلِ الْبِرِّ، فَطُوبَاكُمْ. وَأَمَّا خَوْفُهُمْ فَلَا تَخَافُوهُ وَلَا تَضْطَرُّوْا،

بل نؤمن

إنجيل يوحنا 14: 29

وَقُلْتُ لَكُمْ الْآنَ قَبْلَ أَنْ يَكُونَ، حَتَّى مَتَى كَانَ تُؤْمِنُونَ.

ثالثا لنتنبه ونستعد

انجيل لوقا 21

28 وَمَتَى ابْتَدَأَتْ هَذِهِ تَكُونُ، فَأَنْتَضِبُوا وَارْفَعُوا رُؤُوسَكُمْ لِأَنَّ نَجَاتَكُمْ تَقْتَرِبُ.»

افرحوا لان عريسنا قد اقترب مجيؤه. وانتبهوا الشيطان يريد أن نفقد سلامنا ولا ننال أكاليل.

وأيضاً استعدوا فقد تسلموا وديعتكم في أي وقت فهناك 150 ألف شخص يموتوا في اليوم الواحد

انت لا تعرف متى ستكون منهم

المسيح اقترب فاصنعوا ثمار تليق بالتوبة واستعدوا لاستقبال العريس.

والمجد لله دائما
