اكرر هدفي فقط من هذه الخدمة أن نذكر بعضنا باننا نحتاج ان نستعد أي حياة اليقظة الروحية. والاستعداد ليس فقط قبل مجيء المسيح بل ايضا قبل الظلمة التي ستسبق مجيؤه ليكون عندنا زيت في مصابيحنا يكفي ان نعبر هذه الظلمة وتكون مصابيحنا مضيئة وقت مجيؤه او من منا سيسلم وديعته في أي وقت. بمعنى نحتاج من الان ان نستعد بقوة بأيمان عامل وبتنقية القلب وان نثمر بالخدمة أي نجمع زيت في مصابيحنا لان الظلمة والضيقة اقتربت جدا ومن لن يستعد لها بزيت كافي من الان لن يجد زيت في الضيقة لان وقتها تجميع زيت سيكون صعب جدا بل أستطيع ان أقول من مثل العذاري انه لن يكون هناك زيت الا ما جمعته سابقا.

أفضل ان اقول لنفسي ولكم استعدوا الان لأنه اقترب فنكون مستعدين سواء جاء او نحن ان سلمنا وديعتنا عن أنى لا اقول انه اقترب لكيلا يقال عني كاذب وانشر اشاعات او اخيف البعض

ولكنه يأتي بسرعة بغته. لا اعتقد اي أحد ندم لأنه كان مستعد ومنتظر مجيء المسيح ولم يأتي

المسيح في زمنه ولكنه انتقل وهو مستعد ولكن كثيرين جدا ندموا على عدم الاستعداد عندما

انتقلوا

المسيح قال بعض العلامات مثل

انجيل لوقا 21

21: 10 ثم قال لهم تقوم امة على امة ومملكة على مملكة

21: 11 وتكون زلازل عظيمة في اماكن ومجاعات واوبئة وتكون مخاوف وعلامات عظيمة من

السماء

21: 25 وتكون علامات في الشمس والقمر والنجوم وعلى الارض كرب امم بحيرة البحر والامواج

تضج

21: 26 والناس يغطى عليهم من خوف وانتظار ما يأتي على المسكونة لان قوات السماوات

تتزعزع

21: 27 وحينئذ يبصرون ابن الانسان اتيا في سحابة بقوة و مجد كثير

سفر اعمال الرسل 2

2: 19 واعطي عجائب في السماء من فوق وآيات على الارض من أسفل دما ونارا وبخار دخان

2: 20 تتحول الشمس الى ظلمة والقمر الى دم قبل ان يجيء يوم الرب العظيم الشهير

2: 21 ويكون كل من يدعو باسم الرب يخلص

لماذا قال المسيح بعض العلامات؟

أولا لكيلا نرتاع

انجيل متى 24

مت 24: 6 وسوف تسمعون بحروب واخبار حروب **لا ترتاعوا** لأنه لا بد ان تكون هذه

كلها ولكن ليس المنتهى بعد

ثانيا لنؤمن

انجيل يوحنا 14: 29

وَقُلْتُ لَكُمْ الْآنَ قَبْلَ أَنْ يَكُونَ، حَتَّى مَتَى كَانَ تُؤْمِنُونَ.

ثالثا لنتنبه ونستعد

انجيل لوقا 21

28 وَمَتَى ابْتَدَأَتْ هَذِهِ تَكُونُ، فَانْتَصِبُوا وَارْفَعُوا رُؤُوسَكُمْ لِأَنَّ نَجَاتَكُمْ تَقْتَرِبُ.»

ظاهرة عامة هذا الأسبوع الكوارث الطبيعية اقل بكثير جدا من المعتاد الذي وصلنا له من كوارث متزايدة.

North Korea is conducting biological weapons experiments to test the possibility of loading anthrax-laden warheads on its intercontinental ballistic missiles, it has been reported.

Japan's Asahi newspaper reported on Wednesday, citing an unidentified person connected to South Korean intelligence, that North Korea was conducting biological weapons experiments to test the possibility of loading anthrax-laden warheads on its intercontinental ballistic missiles.

The Asahi report said the U.S. government was aware of the tests, which were meant to ascertain whether the anthrax bacteria could survive the high temperatures that occur during warheads re-entry from space.

Where is Kim Jong Un's Wife This Christmas? North Korea Leader's Spouse Leads Mysterious Life

It's widely known that President Donald Trump's wife Melania Trump will spend Christmas at the couple's Mar-a-Lago resort, but where will North Korean leader Kim Jong Un's mysterious wife be during the holiday?

Little is known about Ri Sol Ju, who was identified as Kim's wife in 2012, and she rarely makes public appearances. But given [Kim hates Christmas](#) and officially banned celebrations last year, it's unlikely that his spouse will show up somewhere to honor the birth of Christ.

Ri's most recent public appearance occurred in late October, on a happy tour with Kim of a cosmetics factory in Pyongyang.

Japan is building missile bases on islands off the coast of China in a bid to counter the rising threat from its communist neighbour.

The country's military - which has long been restricted by its post-Second World War pacifist constitution - has been constructing anti-aircraft and anti-ship weapons on Ishigaki, 200 miles from eastern China and just off the coast of Taiwan.

It is one of many islands in the Yaeyama archipelago to be garrisoned by the Japanese, with soldiers bringing new weapons and radar technology to the area.

ANKARA (Reuters) – Iran said on Tuesday U.S. President Donald Trump cannot cause its nuclear deal with six major powers to collapse.

"The nuclear deal will not collapse... Those who hope that Trump will cause its collapse, are wrong," Iranian President Hassan Rouhani said in a speech broadcast live on State TV.

In October, Trump declined to certify that Iran was complying with the nuclear agreement reached among Tehran, the United States and other powers in 2015. His decision triggered a 60-day window for Congress to decide whether to bring back sanctions on Iran.

The world's largest social network has just rolled out a new feature of its facial recognition technology that will notify users when someone has uploaded a photo of them even if they haven't been tagged in it on Facebook.

The new feature sprang into action Tuesday. Facebook says it will "help people better manage their identity" on the platform "using face recognition." Though not all of the network's over 2 billion users will be able to avail of the new feature as those in the

The robot that knows when you're lying: Scientists create an AI that can detect deception in the courtroom (and it's already 'significantly better' than humans)

- The system, called DARE, was trained by watching 15 videos of people in court
- It was trained recognised five expressions that indicate someone is lying
- These are frowning, raised eyebrows, lips turning up, lips protruded and head tilt
- In a final test, the system performed with 92 per cent accuracy
- The researchers describe this performance as 'significantly better' than humans

From a raise of an eyebrow to a tilt of the head, we use several micro-movements when we're lying without even knowing it.

Now, scientists have developed an artificial intelligence system that can detect these micro-expressions and detect if you're lying – and it's already 'significantly better' than humans.

The researchers hope their system could soon be used in courtrooms to tell if people on the stand are telling the truth.

U.S. life expectancy falls for second straight year — as drug overdoses soar

Life expectancy in the United States fell for the second year in a row in 2016 — and it's clear the epidemic of drug overdoses is at least in part to blame, government researchers said Thursday.

Overall life expectancy for a baby born in 2016 fell to 78.6 years, a small decline of 0.1 percent, the National Center for Health Statistics (NCHS) team found. At the same time, mortality from drug overdoses rose by 21 percent.

US life expectancy declining again

"This was the first time life expectancy in the U.S. has declined two years in a row since declines in 1962 and 1963," the NCHS, part of the Centers for Disease Control and Prevention, said in a statement.

Coptic diocese says hundreds attack church in Egypt

Yesterday

   <https://apn>

CAIRO (AP) — Hundreds of Muslim demonstrators attacked an unlicensed church south of Cairo wounding three people, an Egyptian Coptic Christian diocese said on Saturday, in the latest assault on members of the country's Christian minority.

The incident took place after Friday prayers when dozens of demonstrators gathered outside the building and stormed it. The demonstrators chanted hostile slogans and called for the church's demolition, the diocese in Atfih said. The demonstrators destroyed the church's contents and assaulted Christians inside before security personnel arrived and dispersed them.
