والعلامات حتى 2 يناير 2018

Holy_bible_1

اكرر هدفي فقط من هذه الخدمة أن نذكر بعضنا باننا نحتاج ان نستعد أي حياة اليقظة الروحية. والاستعداد ليس فقط قبل مجيء المسيح بل ايضا قبل الظلمة التي ستسبق مجيؤه ليكون عندنا زيت في مصابيحنا يكفي ان نعبر هذه الظلمة وتكون مصابيحنا مضيئة وقت مجيؤه او من منا سيسلم وديعته في أي وقت. بمعنى نحتاج من الان ان نستعد بقوة بأيمان عامل وبتنقية القلب وان نثمر بالخدمة أي نجمع زيت في مصابيحنا لان الظلمة والضيق اقتربت جدا ومن لن يستعد لها بزيت كافي من الان لن يجد زيت في الضيقة لان وقتها تجميع زيت سيكون صعب جدا بل أستطيع ان أقول من مثل العذاري انه لن يكون هناك زيت الا ما جمعه سابقا.

أفضل ان اقول لنفسي ولكم استعدوا الان لأنه اقترب فنكون مستعدين سواء جاء او نحن ان سلمنا وديعتنا عن أنى لا اقول انه اقترب لكيلا يقال عني كاذب وانشر اشاعات او اخيف البعض

ولكنه يأتي بسرعة بغته. لا اعتقد اي أحد ندم لأنه كان مستعد ومنتظر مجيء المسيح ولم يأتي

المسيح في زمنه ولكنه انتقل وهو مستعد ولكن كثيرين جدا ندموا على عدم الاستعداد عندما

انتقلوا

المسيح قال بعض العلامات مثل

انجيل لوقا 21

21: 10 ثم قال لهم تقوم امة على امة ومملكة على مملكة

21: 11 وتكون زلازل عظيمة في اماكن ومجاعات واوبئة وتكون مخاوف وعلامات عظيمة من

السماء

21: 25 وتكون علامات في الشمس والقمر والنجوم وعلى الارض كرب امم بحيرة البحر والامواج

تضج

21: 26 والناس يغطى عليهم من خوف وانتظار ما يأتي على المسكونة لان قوات السماوات

تتزعزع

21: 27 وحينئذ يبصرون ابن الانسان اتيا في سحابة بقوة و مجد كثير

سفر اعمال الرسل 2

2: 19 واعطي عجائب في السماء من فوق وآيات على الارض من أسفل دما ونارا وبخار دخان

2: 20 تتحول الشمس الى ظلمة والقمر الى دم قبل ان يجيء يوم الرب العظيم الشهير

2: 21 ويكون كل من يدعو باسم الرب يخلص

لماذا قال المسيح بعض العلامات؟

أولا لكيلا نرتاع

انجيل متى 24

مت 24: 6 وسوف تسمعون بحروب واخبار حروب **لا ترتاعوا** لأنه لا بد ان تكون هذه

كلها ولكن ليس المنتهى بعد

ثانيا لنؤمن

إنجيل يوحنا 14: 29

وَقُلْتُ لَكُمْ الْآنَ قَبْلَ أَنْ يَكُونَ، حَتَّى مَتَى كَانَ تُؤْمِنُونَ.

ثالثا لنتنبه ونستعد

انجيل لوقا 21

28 وَمَتَى ابْتَدَأَتْ هَذِهِ تَكُونُ، فَانْتَصِبُوا وَارْفَعُوا رُؤُوسَكُمْ لِأَنَّ نَجَاتَكُمْ تَقْتَرِبُ.»

في البداية تعازيا لشهداء كنيسة ماري مينا الاثني عشر في الكنيسة وفي المحل المسيحي

Super Blue Blood Moon Will Rise At The End Of January

Dec 30, 2017 | 0 | = = = =

Even after the ball drops at midnight on Dec. 31, the new year will bring another big, bright, shining orb at the start of 2018. At the end of January, skywatchers will be able to glimpse a rare phenomenon: a super blue blood moon. The event may sound like a complicated tongue twister, but it's really just the confluence of three celestial occurrences. A blue moon is the second full moon of a month — in January,

CRAZY CARBON MONOXIDE COMET: For months, amateur astronomers have been watching Comet PanSTARRS ([C/2016 R2](#)) beyond the orbit of Mars, essentially, go crazy. Jets of material have been spewing from its nucleus, sometimes waving back and forth, as clouds of blue gas billow down the comet's [strangely-formed tail](#). Here is a typical movie recorded on Dec. 25th by Michael Jäger of Austria showing a blob of material catapulting away from the comet's core:

What's going on? The answer may be "carbon monoxide" (CO). New observations by astronomers K. Wierzbach and M. Womack of the University of South Florida suggest that CO is abundant in Comet PanSTARRS. They used the Arizona Radio Observatory's 10-m Submillimeter Telescope at Mount Graham to detect as many as 4.7×10^{28} CO molecules emerging from the comet's core every second. "This comet appears to be very CO-rich," they wrote in International Astronomical Union telegram [CBET 4464](#).

Carbon monoxide can make a comet behave strangely because, when frozen as it is in comets, [CO is extremely volatile](#). It can sublime (change suddenly from solid to gas) at temperatures as low as -248 C (25 K). Only a little bit of sunlight is therefore required to turn deposits of frozen CO into wild jets and billowing clouds. Furthermore, ionized CO⁺ produces a blue glow--[the same color](#) as the tail of Comet PanSTARRS.

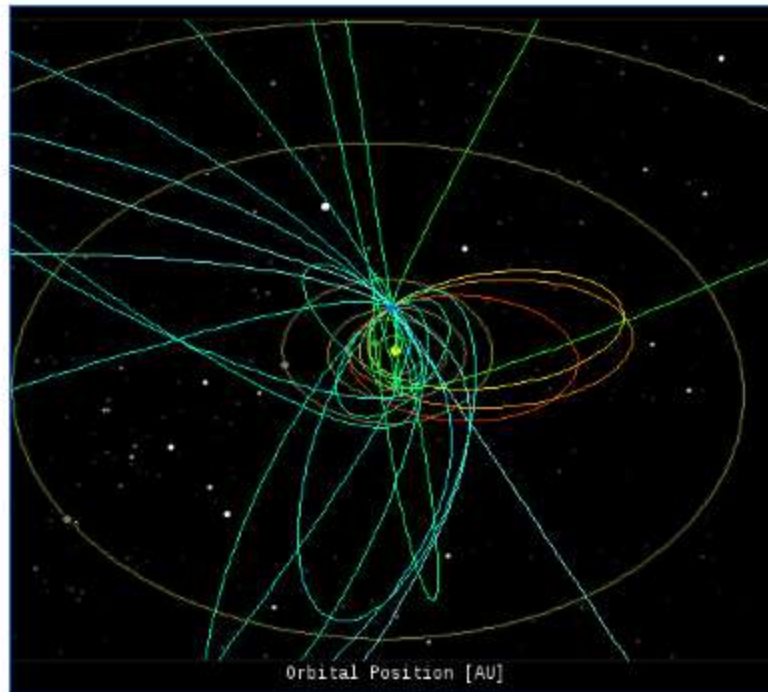

"It is quite a rare sight," says veteran comet observer Michael Mattiazzo of Australia. "The last notable comet with high CO was Comet Humason in 1962. It will be very interesting to watch this comet as it makes its closest approach to the sun (2.6 AU) in May 2018."

Extreme Cold Temps Cracking Windows at Apple Store In Chicago

Dec 30, 2017 | 0 | = = = = =

For all of its fancy engineering and architectural accolades earned since opening in October, Michigan Avenue's glassy new Apple store is struggling with an apparently unexpected adversary: Chicago's wintery climate. According to a report by The Verge, frozen chunks of snow and icicles sliding off the riverfront building's gutter-less, laptop-esque roof pose a serious threat to pedestrians. The dangerous condition forced Apple employees to close-off portions of Pioneer Court with caution tape and deploy signs reading "Watch for falling snow and ice."

The appearance of hundreds of dead birds on a road in northern Sweden has left both laymen and experts nonplussed.

The bizarre vision of a road strewn with bird corpses was first encountered by Mikael Lind, a native of Örnsköldsvik, when he drove on the Gottnevägen thoroughfare.

By his own admission, hundreds of dead common redpolls were scattered in the middle of the road covering an estimated 25-meter stretch, a sight he himself found "surreal."

"At first I thought it was rocks or pebbles, so I slowed down, but as I drove closer, it turned out to

Mortality of pigeons, presumed poisoning

Unusual They study food and blood to birds. There are 10 alive in surveillance. They warn with legal process in the justice.

Saturday, December 16, 2017

Hundreds of pigeons that are usually in the main square, September 24, began to die past noon yesterday. The municipal authorities do not rule out that the cause of the death toll is poisoning. The results of studies are expected to know with certainty the reason, because another reason that is handled, although with less possibility, is that it could be due to the heat wave registered in the city. In 2016, a similar event occurred in the main square of Cochabamba.

There is no exact figure for the mortality and there are 10 in surveillance. The municipal secretary of the Environment, Michelle Lawrence, indicated that 10 were collected while still alive, so that they are under surveillance at the municipal zoo. The number of deceased individuals is not known exactly. Staff of the Santa Cruz Urban Cleaning Company (Emacruz) filled four large bags with dead birds while some of the visitors commented that they exceeded 200. Lawrence indicated that 60 were reported. To know the cause of death, Lawrence explained that studies are being carried out: one of the food spread on the floor and the water that they consume in the place and another of blood to the pigeons that are still alive. A couple of results will be taken on Monday, while microbiological studies will be released on Wednesday. The pigeons are an attraction, especially for the little ones, in the main square. Lawrence explained that they are considered exotic, because they are alien to the municipality's ecosystem.

They warn with process. Lawrence indicated that if poisoning is confirmed, the report will be turned over to the courts and a process will be opened. The municipal secretary of Communication, Jorge Landivar, pointed out that yesterday the main plaza was ordered to be cleaned and disinfected as a precautionary measure.

Ref. Photography: Help. Visitors thinking that the birds were affected by the heat brought containers with water.

CASTELVOLTURNO - Walk with shiver for the many people who at Castel Volturno, taking advantage of the sun that has also peaked on the coast of Domitiana, Sunday they decided to take a winter walk on the beach of Pinetamare and who found themselves walking on a carpet of fish dead.

There were hundreds, perhaps even thousands, of the carcasses of fish stranded on the shore of the locality of the Domitian for a linear extension of at least five hundred meters, from the height of the Royal Residence to the condominiums of the Parco delle Rose. All belonging to the same species (the mullet) is a yellow the death of fish stranded in Pinetamare and even more so that after the complaints of citizens to the inspection carried out yesterday by the men of the local harbor master the numerous carcasses were no longer found. But let's start from the hypothesis of death. The carcasses of the mullets were all with the rigid body, so it is unlikely that the death and the beaching is due to illegal activity (but usual in the area) of fishing with explosive devices. Moreover, no carcass had more eyes in their sockets.

Preparing for liftoff? North Korea is set to 'launch a satellite' to bolster its space programme, report says as observers warn it will likely be a cover up for a long-range missile test

- Pyongyang is under multiple UN sanctions over its nuclear and missile testing
- Orders prohibit any launch using ballistic missile technology including satellites
- But South Korean daily newspaper reported the North has built a new satellite
- Kim Jong-un called it Kwangmyongsong-5 and appears it is to be a spying tool

North Korea is preparing to launch a satellite, it has been claimed, as outside observers warn that the nuclear-armed regime's space programme is likely to be a cover up for more for weapons tests.

Pyongyang is under multiple UN sanctions over its nuclear and missile tests and is prohibited from carrying out any launch using ballistic missile technology including satellites.

But South Korean daily newspaper JoongAng Ilbo reported: 'Through various channels, we've recently learned that the North has completed a new satellite and named it Kwangmyongsong-5.

Their plan is to put a satellite equipped with cameras and telecommunication devices into orbit.'

North Korean leader Kim Jong-un has declared his country a nuclear power in possession of technology capable of striking the US mainland should there be a need.

"The US mainland is in our nuclear strike zone," Kim said in his New Year's message which was broadcast on Chosun Central TV. "The United States will never start a war with me and our country," and Pyongyang has "completed the creation of North Korea's nuclear forces," he added.

Tensions between Washington and Pyongyang reached unprecedented levels last year, as the North continued to pursue its missile and nuclear programs. Washington said all options, including a military solution, are on the table to tame North Korea's nuclear ambitions. While the US is still on course to find a diplomatic solution to the crisis, Pyongyang has so far refused to negotiate its nuclear

By David Brunnstrom and Denis Pinchuk

WASHINGTON/MOSCOW (Reuters) – The United States announced sanctions on two North Korean officials behind their country's ballistic missile program on Tuesday, while Russia reiterated an offer to mediate to ease tensions between Washington and Pyongyang.

The new U.S. steps were the latest in a campaign aimed at forcing North Korea – which has defied years of multilateral and bilateral sanctions – to abandon a weapons program aimed at developing nuclear-tipped missiles capable of hitting the United States.

SHARES

Multiple Russian state media outlets are reporting that President Vladimir Putin has stressed that Russia has a right to respond to US military build-up in Europe **while furthering its strategic nuclear deterrence capabilities** in a speech delivered before a Defense Ministry meeting on Friday in the city of Balashikha outside of Moscow.

At the same meeting Russian Defense Minister Sergei Shoigu said that NATO has doubled the number of its military drills since 2012 in the vicinity of Russia's borders, noting that Russia is carefully monitoring what it considers hostile NATO build-up and intensified surveillance operations along Russian borders. The defense minister further indicated that **the number of NATO-member country troops stationed near Russian borders has tripled**, growing from 10 to 40 thousand in three years, saying "In the Baltic states and Poland, four battalion-tactical groups, an armored brigade of the US Army, headquarters of NATO multinational divisions in Poland and Romania are deployed."

Turkish President Recep Tayyip Erdogan

There are increasing signs that Turkey's dictator, Recep Tayyip Erdogan, aims to turn his nation into the dominant component of a new Islamic caliphate, controlling even more territory than the Ottoman Empire.

Islam expert and author Joel Richardson wrote shortly after Turkey's controversial election in which Erdogan was given virtually unrestricted power that analysts in recent years tried "to shout down warnings that Erdogan has a desire to return to the Ottoman era."

"Today those same critics are taking a fresh look at the man they once made excuses for and even championed," he wrote.

Israeli tanks, aircraft strike Hamas targets in Gaza after rocket attack

RT › Incident › 1 day ago

Israel Defense Forces (IDF) tanks and aircraft targeted two Gaza Strip outposts belonging to Hamas in the northern Gaza Strip on Friday in response to rocket fire, the military said. Three rockets were fired from the Gaza Strip towards Israel on Friday morning, the IDF said. Two of the rockets were intercepted by Israel's Iron Dome missile defense system. Police said that a third rocket struck an Israeli community in the Negev region bordering the Gaza Strip, causing damage to a building but no injuries, the Jerusalem Post reported. Rocket fire from Gaza rose following US President Donald Trump's decision to formally recognize Jerusalem as Israel's capital. However, the last two weeks had seen relative quiet return to the area.

Facebook admitted that its censors made the wrong call on nearly half of a set of 49 situations addressed in a new study.

ProPublica reported that it reviewed the company's practices regarding images depicting violence or statements that are offensive, and in roughly half the cases even the company admitted it should have done better.

For example, it declined to take down a post with an image reflecting graphic violence – the body of a man on top of ground that was soaked in blood, with a message stating, "the only good Muslim is a ——— dead one."

Russia is to start a biometric database for financial services starting next summer, the Central Bank of Russia said in a statement.

The system, although not mandatory, will extend access to banking by letting customers open accounts without having to visit a banking branch. This is all in an effort to "digitize" financial services. The regulator noted that data would only be stored with a person's consent.

Church faces eviction after government persecution

Tuesday, December 26, 2017

ChinaAid

(Ezhou, Hubei—Dec. 26, 2017) A persecuted church in China's central Hubei province is meeting on the streets and meeting in church members' homes after their landlord refused to renew their lease.

Earlier this year, Yanji Christian Church began meeting outside when government officials prohibited them from entering their building. On several occasions, people hired by the authorities threw firecrackers at the Christians and doused them in mud.

In December 2016, the church received a notice from the Echeng District Religious Affairs Bureau that banned its services and religious activities, saying that they conducted them without government permission, and further forbade any missionary programs from being carried out there.

GREENVILLE, S.C. — A federal judge in South Carolina says that a school district's continuing practice of including invocations and religious speech at public school graduations is a "cultural residue" left over from historical practices, and that its allowances are wrongly "continuing to

color and confuse the application" of its recently revised policies intended to establish neutrality toward religion.

"As the court remarked in its prior order, 'because of the historical inclusion of prayer and religious speech at graduations, in this school district and State, it is conceivable that the cultural residue of prior practices might continue to color and confuse the application of, even now, constitutionally neutral practices,'" wrote U.S.

SEATTLE, Wash. — The American Civil Liberties Union (ACLU) has filed suit against the largest healthcare network in Washington State after chest reconstruction surgery scheduled for a woman who identifies as a man was cancelled and she had to obtain the operation elsewhere.

According to the complaint filed by the ACLU, the 30-year-old woman, who goes by the name Ari Robbins, has been diagnosed with gender dysphoria, “a serious medical condition codified in the Diagnostic and Statistical Manual

فلهذا اطلب أن نصلي ونستعد ونعد زيت لمصاييحنا لاستقبال العريس بالصلاة والصوم وخدمة
أبناء الله وتنقية القلب والاستعداد بلبس العرس.

رسالة بولس الرسول الي أهل رومية 13

13: 11 هذا وأنكم عارفون الوقت انها الان ساعة لنستيقظ من النوم فان خلاصنا الان أقرب مما كان حين امنا

13: 12 قد تنهى الليل وتقارب النهار فلنخلع اعمال الظلمة ونلبس اسلحة النور

13: 13 لنسلك بلياقة كما في النهار لا بالبطر والسكر لا بالمضاجع والعهر لا بالخصام والحسد

13: 14 بل البسوا الرب يسوع المسيح ولا تصنعوا تدبيرا للجسد لأجل الشهوات

احترس ان لم تتمسك بالمسيح من الان قد لا تستطيع في المستقبل القريب بسبب الظلام.

وكما قلت هو اخبرنا لكي لا نخاف

انجيل متى 24

مت 24: 6 وسوف تسمعون بحروب واخبار حروب **لا ترتاعوا** لأنه لا بد ان تكون هذه

كلها ولكن ليس المنتهى بعد

بطرس الأولى 3: 14

وَلَكِنْ وَإِنْ تَأَلَّمْتُمْ مِنْ أَجْلِ الْبِرِّ، فَطُوبَاكُمْ. وَأَمَّا خَوْفُهُمْ فَلَا تَخَافُوهُ وَلَا تَضْطَرُّوْا،

بل نؤمن

إنجيل يوحنا 14: 29

وَقُلْتُ لَكُمْ الْآنَ قَبْلَ أَنْ يَكُونَ، حَتَّى مَتَى كَانَ تُؤْمِنُونَ.

ثالثا لنتنبه ونستعد

انجيل لوقا 21

28 وَمَتَى ابْتَدَأَتْ هَذِهِ تَكُونُ، فَأَنْتَصِبُوا وَارْفَعُوا رُؤُوسَكُمْ لِأَنَّ نَجَاتَكُمْ تَقْتَرِبُ.».

افرحوا لان عريسنا قد اقترب مجيؤه. وانتبهوا الشيطان يريد أن نفقد سلامنا ولا ننال أكاليل.

وأيضاً استعدوا فقد تسلموا وديعتكم في أي وقت فهناك 150 ألف شخص يموتوا في اليوم الواحد

انت لا تعرف متى ستكون منهم

المسيح اقترب فاصنعوا ثمار تليق بالتوبة واستعدوا لاستقبال العريس.

والمجد لله دائماً
