اكرر هدفي فقط من هذه الخدمة أن نذكر بعضنا باننا نحتاج ان نستعد أي حياة اليقظة الروحية. والاستعداد ليس فقط قبل مجيء المسيح بل ايضا قبل الظلمة التي ستسبق مجيؤه ليكون عندنا زيت في مصابيحنا يكفي ان نعبر هذه الظلمة وتكون مصابيحنا مضيئة وقت مجيؤه او من منا سيسلم وديعته في أي وقت. بمعنى نحتاج من الان ان نستعد بقوة بأيمان عامل وبتنقية القلب وان نثمر بالخدمة أي نجمع زيت في مصابيحنا لان الظلمة والضيق اقتربت جدا ومن لن يستعد لها بزيت كافي من الان لن يجد زيت في الضيقة لان وقتها تجميع زيت سيكون صعب جدا بل أستطيع ان أقول من مثل العذاري انه لن يكون هناك زيت الا ما جمعه سابقا.

أفضل ان اقول لنفسي ولكم استعدوا الان لأنه اقترب فنكون مستعدين سواء جاء او نحن ان سلمنا وديعتنا عن أنى لا اقول انه اقترب لكيلا يقال عني كاذب وانشر اشاعات او اخيف البعض

ولكنه يأتي بسرعة بغته. لا اعتقد اي أحد ندم لأنه كان مستعد ومنتظر مجيء المسيح ولم يأتي

المسيح في زمنه ولكنه انتقل وهو مستعد ولكن كثيرين جدا ندموا على عدم الاستعداد عندما

انتقلوا

المسيح قال بعض العلامات مثل

انجيل لوقا 21

21: 10 ثم قال لهم تقوم امة على امة ومملكة على مملكة

21: 11 وتكون زلازل عظيمة في اماكن ومجاعات واوبئة وتكون مخاوف وعلامات عظيمة من

السماء

21: 25 وتكون علامات في الشمس والقمر والنجوم وعلى الارض كرب امم بحيرة البحر والامواج

تضج

21: 26 والناس يغطى عليهم من خوف وانتظار ما يأتي على المسكونة لان قوات السماوات

تتزعزع

21: 27 وحينئذ يبصرون ابن الانسان اتيا في سحابة بقوة و مجد كثير

سفر اعمال الرسل 2

2: 19 واعطي عجائب في السماء من فوق وآيات على الارض من أسفل دما ونارا وبخار دخان

2: 20 تتحول الشمس الى ظلمة والقمر الى دم قبل ان يجيء يوم الرب العظيم الشهير

2: 21 ويكون كل من يدعو باسم الرب يخلص

لماذا قال المسيح بعض العلامات؟

أولا لكيلا نرتاع

انجيل متى 24

مت 24: 6 وسوف تسمعون بحروب واخبار حروب **لا ترتاعوا** لأنه لا بد ان تكون هذه

كلها ولكن ليس المنتهى بعد

ثانيا لنؤمن

إنجيل يوحنا 14: 29

وَقُلْتُ لَكُمْ الْآنَ قَبْلَ أَنْ يَكُونَ، حَتَّى مَتَى كَانَ تُؤْمِنُونَ.

ثالثا لنتنبه ونستعد

انجيل لوقا 21

28 وَمَتَى ابْتَدَأَتْ هَذِهِ تَكُونُ، فَانْتَصِبُوا وَارْفَعُوا رُؤُوسَكُمْ لِأَنَّ نَجَاتَكُمْ تَقْتَرِبُ.»

Record-breaking cold temperatures that hit Europe just before the start of 2018 meteorological spring, claiming lives of at least 50 people, are also responsible for severe agricultural damage. While the full extent of the damage won't be clear for quite some time, severe damage is already evident and some food prices have already gone up.

A prolonged period of extremely cold temperatures, accompanied by icy rain and snow that hit Europe after unusually warm January and February claimed lives of at least 50 people and caused severe agricultural damage across the continent.

While it's too early to know the full extent of the damage at this time, European farmers say many cultures were almost in bloom and ready for spring before extremely cold temperatures arrived.

A Russian spy ship is currently conducting surveillance operations in waters near a U.S. ballistic missile submarine base in Georgia, according to Navy officials.

"We are tracking the Viktor Leonov's presence off the East Coast, much like we are aware of all vessels approaching the United States," said Navy Cmdr. Bill Speaks, a Navy spokesman.

"We respect the right and freedoms of all nations to operate in international waters in accordance with international law," he added.

A military official said the Leonov, a ship known for conducting annual forays near sensitive U.S. military facilities off the East Coast, is currently operating off the Georgia coast near Naval Submarine Base Kings Bay, home to U.S. nuclear missile submarines.

The ship for the past several days was located some 20 nautical miles offshore and has been closely shadowed by U.S. military ships and aircraft, including P-8 surveillance aircraft.

"Descent Into Hell": China Warns Of Potential War With US Over Taiwan

Authored by James Holbrooks via TheAntiMedia.org,

It's no secret that for Beijing, the most sensitive issue within Sino-American relations is that of Taiwan, the semi-autonomous island territory that China considers to be a breakaway province. Now, a political move made by the U.S. on Taiwan has Beijing warning of the possibility of military action.

Back In January, the House of Representatives unanimously passed the Taiwan Travel Act, a bill aiming to significantly strengthen ties between U.S. officials and their Taiwanese counterparts. The bill reached the Senate floor on Wednesday, where it also passed without opposition. Now, all that's required for the legislation to become law is Donald Trump's signature.

Taiwan welcomed the bill's passage. Speaking to reporters in the capital of Taipei, Premier William Lai said the U.S. is a "solid ally" of Taiwan and that the two sides' ties can now become even stronger.

President Donald Trump has accepted North Korean dictator Kim Jong-un's dramatic offer to meet, the White House has confirmed.

South Korea's national security adviser Chung Eui-yong first announced the face-to-face and claimed it was due to take place by May.

However, a statement from the White House did not confirm the two-month timeframe and said the place and time of the meeting was still being worked out.

Governments around the world welcomed the announcement, with praise coming from the UK, Russia and Australia.

Speaking before the annual American Israel Public Affairs Committee conference in Washington Tuesday, Israeli Prime Minister Benjamin Netanyahu reaffirmed the strong bond between Israel and the U.S. while also issuing strong words of warning about a nuclear Iran.

"It is especially great to be in America's capital now that it's acknowledged Jerusalem as Israel's capital. Thank you, President Trump, for that historic decision," the prime minister said to a round of applause from the AIPAC audience.

He also praised the Trump administration for reinforcing that move with the relocation of America's embassy.

"Thank you for announcing another decision—to move the American embassy from Tel Aviv to Jerusalem this Independence Day," Netanyahu said, drawing more applause.

The gold standard hasn't been used in the US since the 1970s, but in the last year or so there's been some speculation that US President Donald Trump **could bring it back.**

Rumours that it could return center largely on positive comments Trump has made about the gold standard. The president has said it would be "wonderful" to bring back the gold standard, and a number of his advisors think so too — **Judy Shelton**, **Robert Mercer**, **John Allison** and others have also expressed support for the idea.

Condo Bans Senior Citizen's Bible Study, Christian Music

The sign was not very hard to miss: "ANY AND ALL CHRISTIAN MUSIC IS BANNED."

That message was posted on an organ located in a commons area of Cambridge House, a condo building in Port Charlotte, Florida.

Residents could belt out the theme song to *Frozen* or Kelly Clarkson's "Stronger," but they were not permitted to sing "Amazing Grace."

Residents were also allegedly told they could no longer host a weekly Bible study in the commons area, according to a Fair Housing complaint filed with the Department of Housing and Urban Development.

On Feb. 6, Cambridge House passed a resolution "regarding religious observances on the common elements."

"Prayers and other religious services, observations or meetings of any nature shall

The World War I memorial known as Bladensburg's Cross in Bladensburg, Maryland, is under attack from atheists and Muslims.

Hundreds of crosses at war memorials across the nation are at risk because a panel from the Fourth U.S. Court of Appeals condemned the Bladensburg World War I Veterans Memorial to destruction and the full court refused to reconsider, contends one of the judges.

In recent weeks, we have witnessed an unprecedented social media crackdown on conservative voices. YouTube's war with Alex Jones has gotten the most attention, but literally hundreds of conservative content creators have had their accounts penalized, suspended or deleted by YouTube, Facebook, Twitter and other social media giants.

There appears to be a coordinated effort to target conservative viewpoints, because similar voices on the left are not receiving equal treatment. If I win my race for Congress on May 15, I am going to make fighting this sort of censorship one of my top priorities once I get to Washington.

SCOTTSDALE, Ariz. — The Satanic Temple of Arizona has filed a lawsuit against the City of Scottsdale for ultimately turning down its request to present an invocation at a city council meeting in 2016.

The group, which is non-theistic and doesn't actually believe in a literal Satan, but only views the fallen angel as a metaphor for rebellion, is claiming that it is the subject of religious discrimination.

"Various faith groups from the state of Arizona can do an opening prayer or invocation before they get started with city council meetings. We requested to do that, we were

BOISE, Idaho —

A federal judge has ruled that the State of Idaho cannot legally decline to issue amended birth certificates to those who suffer from

gender dysphoria, concluding that refusals violate the Equal Protection Clause of the Fourteenth Amendment.

"Defendants ... violate the Equal Protection Clause by failing to provide an avenue for transgender people to amend the sex listed on their birth certificates," wrote U.S. Magistrate Judge Candy Dale. "Plaintiffs have sufficiently demonstrated that they have suffered irreparable injury and harm that cannot be remedied by ordinary remedies at law."

As previously reported, last July, Lambda Legal filed suit against the Idaho Department of Health and Welfare

Gender Reassignment Surgeries on the Rise, Study Finds

Mar 5, 2018 | 0 ● | ★★★★★

Sex change operations are on the rise in the United States, according to a study released by the Journal of the American Medical Association. The JAMA Network site published a paper on Wednesday by Joseph K. Canner, et al., that examined trends among Americans who identify as transgender and opt to have gender reassignment surgeries. According to the data, researchers found that the percentage of so-called "gender affirming procedures" that involved genital removal and reconstruction had gone up between 2000 and 2014.

Washington State to 'Monetize Wombs,' Legalize 'Baby Selling,' Redefine 'Parent'

Mar 2, 2018 | 0 | ★★★★★

Washington state is set to legalize commercial surrogacy, a move children's rights advocates say amounts to the selling of babies, bases the definition of a parent on "intent," and opens avenues for child abuse and other horrors. Just before 1 a.m. Wednesday morning, the Washington state House of Representatives passed the "Uniform Parentage Act," along party lines with every Democrat in favor and every Republican opposed. The bill had previously passed the state Senate with total Democratic support and three Republicans. The state's Democratic governor, Jay Inslee, is expected to sign the legislation.
