## والعلامات حتى 3 ابريل 2018

Holy\_bible\_1

اكرر هدفي فقط من هذه الخدمة أن نذكر بعضنا باننا نحتاج ان نستعد أي حياة اليقظة الروحية. والاستعداد ليس فقط قبل مجيء المسيح بل ايضا قبل الظلمة التي ستسبق مجيؤه ليكون عندنا زيت في مصابيحنا يكفي ان نعبر هذه الظلمة وتكون مصابيحنا مضيئة وقت مجيؤه او من منا سيسلم وديعته في أي وقت. بمعنى نحتاج من الان ان نستعد بقوة بأيمان عامل وبتنقية القلب وان نثمر بالخدمة أي نجمع زيت في مصابيحنا لان الظلمة والضيقة اقتربت جدا ومن لن يستعد لها بزيت كافي من الان لن يجد زيت في الضيقة لان وقتها تجميع زيت سيكون صعب جدا بل أستطيع ان أقول من مثل العذاري انه لن يكون هناك زيت الا ما جمعته سابقا.

أفضل ان اقول لنفسي ولكم استعدوا الان لأنه اقترب فنكون مستعدين سواء جاء او نحن ان سلمنا وديعتنا عن أنى لا اقول انه اقترب لكيلا يقال عني كاذب وانشر اشاعات او اخيف البعض

ولكنه يأتي بسرعة بغته. لا اعتقد اي أحد ندم لأنه كان مستعد ومنتظر مجيء المسيح ولم يأتي

المسيح في زمنه ولكنه انتقل وهو مستعد ولكن كثيرين جدا ندموا على عدم الاستعداد عندما

انتقلوا

المسيح قال بعض العلامات مثل

انجيل لوقا 21

21: 10 ثم قال لهم تقوم امة على امة ومملكة على مملكة

21: 11 وتكون زلازل عظيمة في اماكن ومجاعات واوبئة وتكون مخاوف وعلامات عظيمة من

السماء

21: 25 وتكون علامات في الشمس والقمر والنجوم وعلى الارض كرب امم بحيرة البحر والامواج

تضج

21: 26 والناس يغطى عليهم من خوف وانتظار ما يأتي على المسكونة لان قوات السماوات

تتزعزع

21: 27 وحينئذ يبصرون ابن الانسان اتيا في سحابة بقوة و مجد كثير

سفر اعمال الرسل 2

2: 19 واعطي عجائب في السماء من فوق وآيات على الارض من أسفل دما ونارا وبخار دخان

2: 20 تتحول الشمس الى ظلمة والقمر الى دم قبل ان يجيء يوم الرب العظيم الشهير

2: 21 ويكون كل من يدعو باسم الرب يخلص

لماذا قال المسيح بعض العلامات؟

أولا لكيلا نرتاع

انجيل متى 24

مت 24: 6 وسوف تسمعون بحروب واخبار حروب **لا ترتاعوا** لأنه لا بد ان تكون هذه

كلها ولكن ليس المنتهى بعد

ثانيا لنؤمن

انجيل يوحنا 14: 29

وَقُلْتُ لَكُمْ الْآنَ قَبْلَ أَنْ يَكُونَ، حَتَّى مَتَى كَانَ تُوْمِنُونَ.

ثالثا لنتنبه ونستعد

انجيل لوقا 21

28 وَمَتَى ابْتَدَأَتْ هَذِهِ تَكُونُ، فَانْتَصِبُوا وَارْفَعُوا رُؤُوسَكُمْ لِأَنَّ نَجَاتَكُمْ تَقْتَرِبُ.»

**RARE DOUBLE BLUE MOON:** There's a full Moon tonight, and according to modern folklore, it's a Blue Moon--the second full Moon in a calendar month. Maximilian Teodorescu sends this picture of the waxing orb from Bucharest, Romania:

The [full-sized image](#) is impressive--made more so by the fact that this is a rare "double Blue Moon."

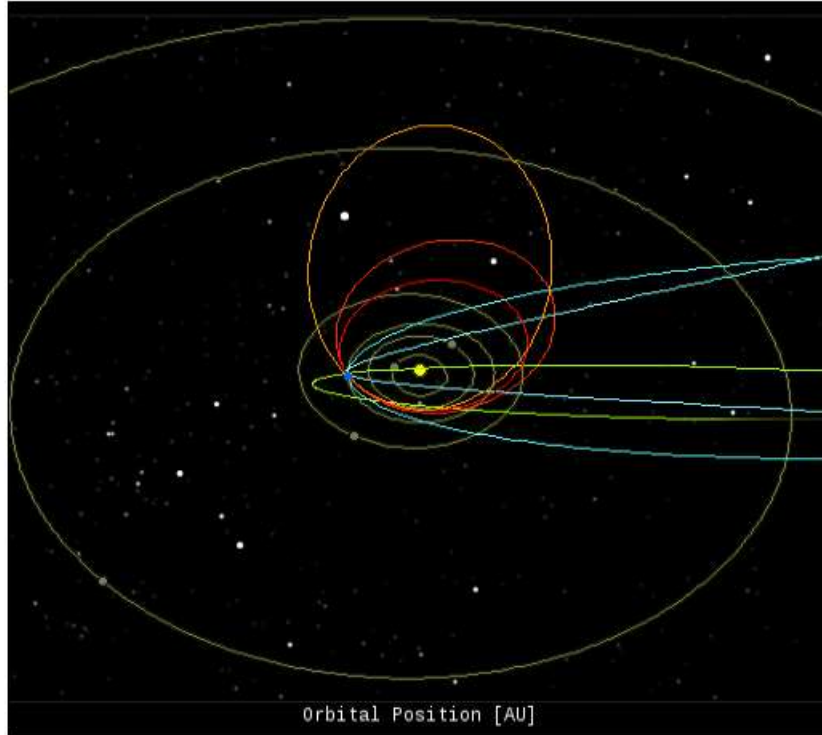

We've already had one Blue Moon in January 2018, a month bookended by full Moons on the 2nd (02:24 UTC) and 31st (13:27 UTC). It's happening again in March, with full Moons on the 2nd (00:51 UTC) and 31st (12:37 UTC). The last time two Blue Moons occurred in such quick succession was January and March of 1999.

### All Sky Fireball Network

Every night, a network of [NASA all-sky cameras](#) scans the skies above the United States for meteoritic fireballs. Automated software maintained by NASA's Meteoroid Environment Office calculates their orbits, velocity, penetration depth in Earth's atmosphere and many other characteristics. Daily results are presented here on [Spaceweather.com](#).

On Mar. 27, 2018, the network reported **10** fireballs.

SHANGHAI (Reuters) – China’s Tiangong-1 space station re-entered the earth’s atmosphere and burnt up over the middle of the South Pacific on Monday, the Chinese space authority said.

The “vast majority” of the craft burnt up on re-entry, at around 8:15 a.m. (0015 GMT), the authority said in a brief statement on its website, without saying exactly where the remnants might have landed.

Muscat: A large quantity of dead fish washed ashore along the Seeb coastline over the past days.

The Muscat Municipality deployed teams of workers to clean up the beaches, without giving details about the causes which might have killed the fish.

"The water desalination companies in Barka have been affected due to the presence of phytoplankton in seawater, also called the red tide phenomenon", noted Oman Observer.

An official statement has yet to be issued to clarify the causes of fish deaths.

## Parents less likely to vaccinate autistic kids, siblings

An autism diagnosis seems to make parents less likely to continue with childhood vaccination, not only for the child who was diagnosed, but also for their younger siblings, making both groups vulnerable to a host of preventable infectious diseases, researchers reported today.

Though scientists have strongly ruled out vaccines as a cause of autism, misperceptions and suspicions persist, creating pockets of undervaccinated children that give preventable diseases such as measles a foothold to start spreading again. The findings from a large retrospective cohort study appeared today in an early online edition of *JAMA Pediatrics*.

### Uptake markedly lower in ASD families

The study took place at six sites that participate in the US Centers for Disease Control and Prevention's (CDC's) Vaccine Safety Datalink: five Kaiser Permanente locations in four states and the Marshfield Clinic in Wisconsin. Its main goals were to see if children with autism spectrum disorder (ASD) and their siblings received the rest of the vaccines recommended by the CDC Advisory Committee on Immunization Practices (ACIP), compared with children without ASD and their siblings.

When Britain threw out 23 Russian diplomats in response to an [assassination attempt](#) on Russian agent Sergei Skripal, Vladimir Putin, the president of Russia and current [bad boy of modern geopolitics](#), shrugged it off. With relations between London and Moscow so strained, the embassy didn't have all that much to do, anyway. The cost, Putin no doubt felt, was predictable and bearable. Then on Monday, 20 additional countries, from Albania to Ukraine, joined in a [coordinated expulsion campaign](#), with the United States accounting for 60 of the Russians sent packing. Suddenly, the Kremlin isn't looking quite so comfortable. With the Skripal hit, it looks as if Putin may have finally overreached.

## Pyongyang getting ready for seventh nuclear test despite thaw: Japan's Taro Kono

KYODO

[PRINT](#) [SHARE](#) [ARTICLE HISTORY](#) | MAR 31, 2018

Foreign Minister Taro Kono on Saturday suggested there are signs North Korea is preparing to hold another nuclear test even as tensions on the Korean Peninsula ease ahead of a rare summit between the two Koreas.

The North appears to be "working hard to get ready for the next nuclear test," Kono said in a lecture in Kochi, referring to the removal of soil from a tunnel at a site where past tests were conducted.

His remarks might be based on satellite imagery provided by the United States.

As for the possibility of summit talks taking place between Prime Minister Shinzo Abe and North Korean leader Kim Jong Un, Kono expressed caution about reacting hastily to Pyongyang's charm offensive.

WEST PALM BEACH, Fla. (Reuters) – President Donald Trump is telling advisers he wants an early exit of U.S. troops from Syria, two senior administration officials said on Friday, a stance that may put him at odds with many top U.S. officials.

Trump is spending Easter weekend at his Palm Beach, Florida, estate. During a speech in Richfield, Ohio on Thursday, he revealed his desire to withdraw U.S. forces from Syria and turn over security to regional countries.

The Palestinian terrorist group Hamas is planning a mass demonstration along Israel's border on Friday, prompting fears of a new war with the Jewish state ahead of the Passover holiday, according to regional experts and U.S. officials who say they are closely monitoring the situation.

On the heels of a recent military exercise that observers described as "unprecedented," Hamas leaders have called for some 100,000 Gaza Strip resident to engage in six weeks of mass demonstrations along the Israeli border as Jewish families gear up for the Passover holiday, which begins Friday evening.

Regional experts closely tracking the situation say the demonstrations are meant as cover for a mass military campaign to swarm Israel's border and stoke violence against the Jewish

WASHINGTON (Reuters) – The leading U.S. consumer protection regulator and attorneys representing 37 states stepped up pressure on Facebook Inc &#x26; on Monday to explain how the social network allowed data of 50 million users get into the hands of a political consultancy.

The U.S. Federal Trade Commission took the unusual step of announcing that it had opened an investigation into the company – which it generally only does in cases of great public interest – citing media reports that raise what it called “substantial concerns about the privacy practices of Facebook.”

(World Watch Monitor) — Around 20 Hindu extremists in saffron-coloured clothes barged inside a church in eastern India's Uttar Pradesh state

yesterday (March 28), violently assaulting the pastor and two church members.

Shouting in extremely offensive language, they entered the Evangelical Churches of India (ECI) building in the Fatehpur district of the city, and bolted it from the inside.

The church had gathered for a monthly baptism and fasting-prayer service, as Pastor Jose Prakash from Uttar Pradesh Missions explained to World Watch Monitor: "We don't have a baptism tank at Fatehpur central. We only assemble in the community hall of the Missions' hospital regularly."

FORT MYERS, FL (WINK/CNN) – A Florida woman has pledged “til death do us part” to a 100-year-old tree that the city was thinking about cutting down in order to protest the move.

Despite the cake and flowers, Karen Cooper’s wedding was more than your average affair.

“I told other people if they cut this tree down, I’m going to be a widow,” the bride said.

Cooper held a ceremony Saturday to marry a 100-year-old Ficus tree in Snell Family Park in Fort Myers, FL. Last year, the city began discussing cutting the tree down to make way for a new home to be built on the land.
