## والعلامات حتى 24 ابريل 2018

Holy\_bible\_1

اكرر هدفي فقط من هذه الخدمة أن نذكر بعضنا باننا نحتاج ان نستعد أي حياة اليقظة الروحية. والاستعداد ليس فقط قبل مجيء المسيح بل ايضا قبل الظلمة التي ستسبق مجيؤه ليكون عندنا زيت في مصابيحنا يكفي ان نعبر هذه الظلمة وتكون مصابيحنا مضيئة وقت مجيؤه او من منا سيسلم وديعته في أي وقت. بمعنى نحتاج من الان ان نستعد بقوة بأيمان عامل وبتنقية القلب وان نثمر بالخدمة أي نجمع زيت في مصابيحنا لان الظلمة والضيق اقتربت جدا ومن لن يستعد لها بزيت كافي من الان لن يجد زيت في الضيقة لان وقتها تجميع زيت سيكون صعب جدا بل أستطيع ان أقول من مثل العذاري انه لن يكون هناك زيت الا ما جمعه سابقا.

أفضل ان اقول لنفسي ولكم استعدوا الان لأنه اقترب فنكون مستعدين سواء جاء او نحن ان سلمنا وديعتنا عن أنى لا اقول انه اقترب لكيلا يقال عني كاذب وانشر اشاعات او اخيف البعض

ولكنه يأتي بسرعة بغته. لا اعتقد اي أحد ندم لأنه كان مستعد ومنتظر مجيء المسيح ولم يأتي

المسيح في زمنه ولكنه انتقل وهو مستعد ولكن كثيرين جدا ندموا على عدم الاستعداد عندما

انتقلوا

المسيح قال بعض العلامات مثل

انجيل لوقا 21

21: 10 ثم قال لهم تقوم امة على امة ومملكة على مملكة

21: 11 وتكون زلازل عظيمة في اماكن ومجاعات واوبئة وتكون مخاوف وعلامات عظيمة من

السماء

21: 25 وتكون علامات في الشمس والقمر والنجوم وعلى الارض كرب امم بحيرة البحر والامواج

تضج

21: 26 والناس يغطى عليهم من خوف وانتظار ما يأتي على المسكونة لان قوات السماوات

تتزعزع

21: 27 وحينئذ يبصرون ابن الانسان اتيا في سحابة بقوة و مجد كثير

سفر اعمال الرسل 2

2: 19 واعطي عجائب في السماء من فوق وآيات على الارض من أسفل دما ونارا وبخار دخان

2: 20 تتحول الشمس الى ظلمة والقمر الى دم قبل ان يجيء يوم الرب العظيم الشهير

2: 21 ويكون كل من يدعو باسم الرب يخلص

لماذا قال المسيح بعض العلامات؟

أولا لكيلا نرتاع

انجيل متى 24

مت 24: 6 وسوف تسمعون بحروب واخبار حروب **لا ترتاعوا** لأنه لا بد ان تكون هذه

كلها ولكن ليس المنتهى بعد

ثانيا لنؤمن

إنجيل يوحنا 14: 29

وَقُلْتُ لَكُمْ الْآنَ قَبْلَ أَنْ يَكُونَ، حَتَّى مَتَى كَانَ تُؤْمِنُونَ.

ثالثا لنتنبه ونستعد

انجيل لوقا 21

28 وَمَتَى ابْتَدَأَتْ هَذِهِ تَكُونُ، فَانْتَصِبُوا وَارْفَعُوا رُؤُوسَكُمْ لِأَنَّ نَجَاتَكُمْ تَقْتَرِبُ.»

Based on the observations of ocean heat content in the North Atlantic Ocean, the climate in the northern hemisphere is on the verge of a change that could last for several decades. This change is associated with the Atlantic Multidecadal Oscillation (AMO)<sup>1</sup> - a mode of natural variability occurring, with a period of 60 - 80 years, in the North Atlantic Ocean sea surface temperature (SST) field.

Observations made by Argo buoys<sup>2</sup> have shown that the North Atlantic Ocean (60-0W, 30-65N) is rapidly cooling since 2007<sup>3</sup>. This is associated with the natural variability in the North Atlantic Ocean

**Russian scientists regained solar activity over the past thousand years and made the forecast to the year 3200.**

What is the climate waiting for Russia and Europe in 15 - 20 years? Will be there weather abnormalities in the coming decades? Will some areas experience more severe winter, while the others will have hot summer? It all depends on how much the climate will be affected by the dynamics of the possible onset of minimum solar magnetic activity. The Sun's behaviour in future cycles is the main theme of a publication on the forecast and explanation of the minima of solar activity. The paper was prepared with contributions from Elena Popova from the Skobeltsyn Institute of Nuclear Physics (Lomonosov Moscow State University) and was published in Scientific Reports.

Hailstorms and strong winds hit Vietnam's northern mountainous region on the evening of April 14, 2018, damaging houses and destroying crops. The storms have left many without a roof over their heads and destroyed crops that were ready for harvest.

In the northeastern province of Bac Kan, authorities said that over 1 000 houses had been damaged in an hour-long hailstorm. It bombarded three districts with hailstones of up to 3 cm (1.2 inches) in diameter, the size of a grape, according to local media.

The Rhea Fire that started on April 12, 2018 in Western Oklahoma grew quickly with Red Flag fire weather conditions and has now consumed over 100 000 hectares (246 000 acres). The fire is blamed for the death of 1 person so far.

This fire is located in Dewey County, northeast of Leedey Oklahoma and is only 3% contained as of April 17, 2018. More than 500 firefighters are assigned along with three large air tankers, two type 1 helicopters, four single-engine air tankers, two CL-415 scooping air tankers, an air attack plane, and two National Guard helicopters.

The fire has been spurred on by the local weather which has been dry with high winds. Even the storms that swept through the area during the weekend did not diminish the fires and served to

# 14 earthquakes hit McAdam village in New Brunswick, Canada and nobody knows what's causing them

By Strange Sounds - Apr 16, 2018 7

A village in New Brunswick has been shaken by at least 14 earthquakes over the past 17 days — and nobody knows what's causing them. This is not the first time the community has trembled like this. Towards the beginning of 2016, McAdam experienced more than 100 small earthquakes, which shook homes and broke windows. Like the most recent swarm of tremors, no scientific explanation was ever found.

More earthquakes have hit in central Nebraska. The U.S. Geological Survey say that an earthquake with a magnitude of 3.1 hit around 4:48 p.m. Monday. With this most recent earthquake, there have now been a total of six earthquakes that hit that area in less than a week! Although earthquakes are not a new thing here in Nebraska, there have only been 46 since 1975.

6 earthquakes have hit central Nebraska since a week and nobody knows what is causing them.

Six earthquakes have shaken Nebraska already this week. That is really a lot knowing that just 46 hit the state since 1975.

It's pretty much tripled over the last five or six years,' Victoria's deputy chief health officer Brett Sutton told reporters on Monday. Cases are also becoming more severe and occurring in new areas, but efforts to control the outbreak have been thwarted because it's not known how humans become infected. Native and domestic animals, including dogs, cats, possums and koalas, have all developed the disease, but it's unknown whether they spread it.

## 'Mad camel' disease? New prion infection causes alarm

Italian and Algerian researchers released new evidence of prion disease in three dromedary camels found in an Algerian slaughterhouse, according to a new study in *Emerging Infectious Diseases*.

The discovery, now being called camel prion disease (CPD), has raised more questions than answers about this deadly illness characterized by misfolded brain proteins.

"These camels are quite intriguing," prion expert Valerie Sim, MD, associate professor at the University of Alberta, told CIDRAP News. "If we know anything about prions it's that they can cross species; it's not easy to do, but they can. So it's very concerning if you have any infected animals in the food supply chain."

Sim was not involved in the new study.

In prion disease, the normal shape of a protein is contorted, and that triggers a domino-like effect in neighboring proteins, leading to fatal and severe neurodegenerative disease. Prion diseases can affect both humans and animals, and though inter-species transmission is rare, it can happen, as it did most famously during the bovine spongiform encephalopathy (BSE, or "mad cow") epidemic, which started in the late

The World Health Organization's (WHO's) strategic group of experts on immunization (SAGE) announced today that Dengvaxia, the controversial dengue vaccine, should not be used until clinicians can confirm prior dengue infection at the time of administration.

A point-of-care test would determine the recipient's dengue status, and only those who have previously had the virus would get vaccinated.

Such a test is at least 2 years down the pipeline, SAGE advisers said during a media telebriefing, which means confusion and chaos for countries that have purchased large amounts of the vaccine, and a huge loss for Sanofi Pasteur, the manufacturer of Dengvaxia.

"We now have clear information that the vaccine needs to be dealt with in a clearer way, by using it exclusively or almost exclusively in people who have already been infected with dengue," said Alejandro Cravioto, MD, SAGE's chair.

Islamic State (ISIS/IS)-linked jihadists in northern Afghanistan reportedly decapitated a 14-year-old child for providing nourishment to members of the country's U.S.-backed security forces.

Referring to the beheading, Afghanistan's Khaama Press (KP) reports:

Local officials confirmed on Tuesday that the incident has [taken] place in the vicinity of Darzab district [in northern Afghanistan's Jawzjan province], home to several ISIS militants.

Provincial security chief Abdul Hafiz Khashi said the child, believed to be 14-year-old, was beheaded by ISIS militants because he was taking food and water to the security forces in the area.

Khashi further added that the victim has been identified as x and was helping the security forces voluntarily.

The al Qaeda terror organization is using Google Maps to plan precision jihadist attacks across the Middle East, according to a new propaganda video released by al Qaeda in the Arabian Peninsula that features a former Guantanamo Bay prisoner who has since returned to the terror group after being freed from the prison, according to a new report from a regional media monitoring organization.

Al-Malahem, the media arm of Al-Qaeda In The Arabian Peninsula, or AQAP, released on Friday a propaganda video featuring Sudanese national and former Gitmo detainee Ibrahim Al-Qusi, a onetime financial asset for al Qaeda who was arrested in December 2001 and spent more than 10 years as a convicted terrorist in Gitmo before being released to Sudan in 2012.

Al-Qusi appears to be one of many former Gitmo inmates who returned to the battlefield after being freed from Gitmo.

In the newly released video featuring al-Qusi, "AQAP also documents the training, planning, and execution of a series of operations targeting security forces, checkpoints, and military bases in multiple locations using different tactics including martyrdom operations, commando raids, shelling, shootings, and assassinations," according to a new report from the Middle East Media Monitoring Institute, or MEMRI.

For the first ever time miniature human brains have grown in a new species and scientists have suggested the breakthrough could help with stem cell research.

Scientists created the pin-sized human brains from stem cells and then placed them inside the skulls of mice, where a piece of tissue had been removed to make room for the new organ.

Of the test mice, roughly 80 percent survived the operation, and within two weeks the rodents' implants had been successfully received and were even spawning new neurons.

Thousands of free Android educational apps available in the Google Play store are tracking children in violation of a major federal data-privacy law, exposing kids to targeted ads and automatic profiling.

The study "Won't Somebody Think of the Children" was published in the scholarly journal [Proceedings on Privacy Enhancing Technologies](#). The researchers say the problems are rampant and parents are provided a privacy analysis of each app, including the popular Google Classroom and Khan Academy.

With almost no public oversight, Google quickly took over America's classrooms by developing the "free" Google Apps for Education suite, or GAFE, and circumventing administrators, opting to go straight to teachers. Rather than pushing specific products, Google convinced educators that students' college and career prospects could be improved by the creative use of online tools.

**LONDON** — How young is too young when it comes to owning a smartphone? Believe it or not, according to a new study, a quarter of children six and under actually own a mobile device.

Researchers with musicMagpie, a company that helps people declutter by selling their unwanted electronics online, conducted the study after they noted a 300% increase year-over-year in customers who were buying first-time phones for their children. A third of parents made the purchase simply because their kids asked, while one in five bought it to keep the little ones entertained.

Though the study didn't indicate how many parents were surveyed, the results showed that most agreed 11 was the "ideal" age for children to receive their first smartphone. Nonetheless, the stunning findings showed 25% of parents purchased devices for children six and under. What's worse, nearly half of those kids spent as much as 21 hours per week on the devices.

President Trump tweeted his support for pastor Andrew Brunson. (President Trump Twitter page)

We've been telling you that the case of imprisoned American pastor Andrew Brunson has [reached the highest levels](#) of the U.S. government. Last night, President Trump took to Twitter directly calling on Turkey and asking that "Pastor Andrew" "be allowed to come home," stating that he is "being persecuted in Turkey for no reason."

The president's [tweet](#), displaying his dismay at how Turkey, our supposed NATO ally, has falsely charged pastor Andrew, an innocent U.S. citizen, is an important step in increasing diplomatic pressure on Turkey.

Christians in Egypt are facing unprecedented levels of persecution, with attacks on churches and the kidnap of girls by Islamist extremists intent on forcing them to marry Muslims, a report says.

In the past year, Egypt has moved up an annual league table of persecution of Christians compiled by the charity Open Doors. According to its World Watch List, North Korea is still the most dangerous country in the world in which to be a Christian, and Nepal has had the biggest increase in persecution.

A demand from atheists that the IRS bill churches and other religious organizations a total of some \$1 billion would violate freedom of worship and destroy many congregations, a new court brief contends.

In a case now at the Seventh U.S. Circuit Court of Appeals, churches are seeking to overturn a stunning district court decision by Judge Barbara Crabb.

At issue is the tax exemption provided for employees whose housing is determined by their employer.

New York Mayor Bill De Blasio has announced that prisoners in the city will be housed according to the gender with which they identify instead of biological sex. "In New York City, we believe transgender rights are human rights. And we'll fight to protect those rights in city jails as well," he tweeted Monday. "It's the city's responsibility to protect the rights and safety of all New Yorkers, and that means

ORANGE COUNTY, California, April 19, 2018 (LifeSiteNews) – California is about to implement new abortion- and homosexuality-promoting sex education lessons, and one school district has told parents they have no choice but to expose their children to them.

California enacted the [California Healthy Youth Act](#) in 2015, but only now are its controversial provisions starting to take effect in classrooms. Under the auspices of health, the law says it will equip students to develop “healthy attitudes” on “gender [and] sexual orientation,” among other things. It also says it will inform students about the “effectiveness and safety of all FDA-approved contraceptive methods,” and facilitate “objective discussion” about “parenting, adoption, and abortion.”

فلهذا اطلب أن نصلي ونستعد ونعد زيت لمصاييحنا لاستقبال العريس بالصلاة والصوم وخدمة

أبناء الله وتنقية القلب والاستعداد بلبس العرس.

رسالة بولس الرسول الي أهل رومية 13

13: 11 هذا وأنكم عارفون الوقت انها الان ساعة لنستيقظ من النوم فان خلاصنا الان أقرب مما كان حين امنا

13: 12 قد تنهى الليل وتقارب النهار فلنخلع اعمال الظلمة ونلبس اسلحة النور

13: 13 لنسلك بلياقة كما في النهار لا بالبطر والسكر لا بالمضاجع والعهر لا بالخصام والحسد

13: 14 بل البسوا الرب يسوع المسيح ولا تصنعوا تدبيرا للجسد لأجل الشهوات

احترس ان لم تتمسك بالمسيح من الان قد لا تستطيع في المستقبل القريب بسبب الظلام.

وكما قلت هو اخبرنا لكي لا نخاف

انجيل متى 24

مت 24: 6 وسوف تسمعون بحروب واخبار حروب **لا ترتاعوا** لأنه لا بد ان تكون هذه

كلها ولكن ليس المنتهى بعد

بطرس الأولى 3: 14

وَلَكِنْ وَإِنْ تَأَلَّمْتُمْ مِنْ أَجْلِ الْبِرِّ، فَطُوبَاكُمْ. وَأَمَّا خَوْفُهُمْ فَلَا تَخَافُوهُ وَلَا تَضْطَرُّوْا،

**بل نؤمن**

إنجيل يوحنا 14: 29

وَقُلْتُ لَكُمْ الْآنَ قَبْلَ أَنْ يَكُونَ، حَتَّى مَتَى كَانَ تُؤْمِنُونَ.

ثالثا لنتنبه ونستعد

انجيل لوقا 21

28 وَمَتَى ابْتَدَأَتْ هَذِهِ تَكُونُ، فَانْتَصِبُوا وَارْفَعُوا رُؤُوسَكُمْ لِأَنَّ نَجَاتَكُمْ تَقْتَرِبُ.».

افرحوا لان عريسنا قد اقترب مجيؤه. وانتبهوا الشيطان يريد أن نفقد سلامنا ولا ننال أكاليل.

وأيضا استعدوا فقد تسلموا وديعتكم في أي وقت فهناك 150 ألف شخص يموتوا في اليوم الواحد

انت لا تعرف متى ستكون منهم

المسيح اقترب فاصنعوا ثمار تليق بالتوبة واستعدوا لاستقبال العريس.

والمجد لله دائما
