والعلامات حتى 15 مايو 2018

اكرر هدفي فقط من هذه الخدمة أن نذكر بعضنا باننا نحتاج ان نستعد أي حياة اليقظة الروحية. والاستعداد ليس فقط قبل مجيء المسيح بل ايضا قبل الظلمة التي ستسبق مجيؤه ليكون عندنا زيت في مصابيحنا يكفي ان نعبر هذه الظلمة وتكون مصابيحنا مضيئة وقت مجيؤه او من منا سيسلم وديعته في أي وقت. بمعنى نحتاج من الان ان نستعد بقوة بأيمان عامل وبتنقية القلب وان نثمر بالخدمة أي نجمع زيت في مصابيحنا لان الظلمة والضيق اقتربت جدا ومن لن يستعد لها بزيت كافي من الان لن يجد زيت في الضيقة لان وقتها تجميع زيت سيكون صعب جدا بل أستطيع ان أقول من مثل العذاري انه لن يكون هناك زيت الا ما جمعته سابقا.

أفضل ان اقول لنفسي ولكم استعدوا الان لأنه اقترب فنكون مستعدين سواء جاء او نحن ان سلمنا وديعتنا عن أنى لا اقول انه اقترب لكيلا يقال عني كاذب وانشر اشاعات او اخيف البعض

ولكنه يأتي بسرعة بغته. لا اعتقد اي أحد ندم لأنه كان مستعد ومنتظر مجيء المسيح ولم يأتي

المسيح في زمنه ولكنه انتقل وهو مستعد ولكن كثيرين جدا ندموا على عدم الاستعداد عندما

انتقلوا

المسيح قال بعض العلامات مثل

انجيل لوقا 21

21: 10 ثم قال لهم تقوم امة على امة ومملكة على مملكة

21: 11 وتكون زلازل عظيمة في اماكن ومجاعات واوبئة وتكون مخاوف وعلامات عظيمة من

السماء

21: 25 وتكون علامات في الشمس والقمر والنجوم وعلى الارض كرب امم بحيرة البحر والامواج

تضج

21: 26 والناس يغطى عليهم من خوف وانتظار ما يأتي على المسكونة لان قوات السماوات

تتزعزع

21: 27 وحينئذ يبصرون ابن الانسان اتيا في سحابة بقوة و مجد كثير

سفر اعمال الرسل 2

2: 19 واعطي عجائب في السماء من فوق وآيات على الارض من أسفل دما ونارا وبخار دخان

2: 20 تتحول الشمس الى ظلمة والقمر الى دم قبل ان يجيء يوم الرب العظيم الشهير

2: 21 ويكون كل من يدعو باسم الرب يخلص

لماذا قال المسيح بعض العلامات؟

أولا لكيلا نرتاع

انجيل متى 24

مت 24: 6 وسوف تسمعون بحروب واخبار حروب **لا ترتاعوا** لأنه لا بد ان تكون هذه

كلها ولكن ليس المنتهى بعد

ثانيا لنؤمن

إنجيل يوحنا 14: 29

وَقُلْتُ لَكُمْ الْآنَ قَبْلَ أَنْ يَكُونَ، حَتَّى مَتَى كَانَ تُؤْمِنُونَ.

ثالثا لنتنبه ونستعد

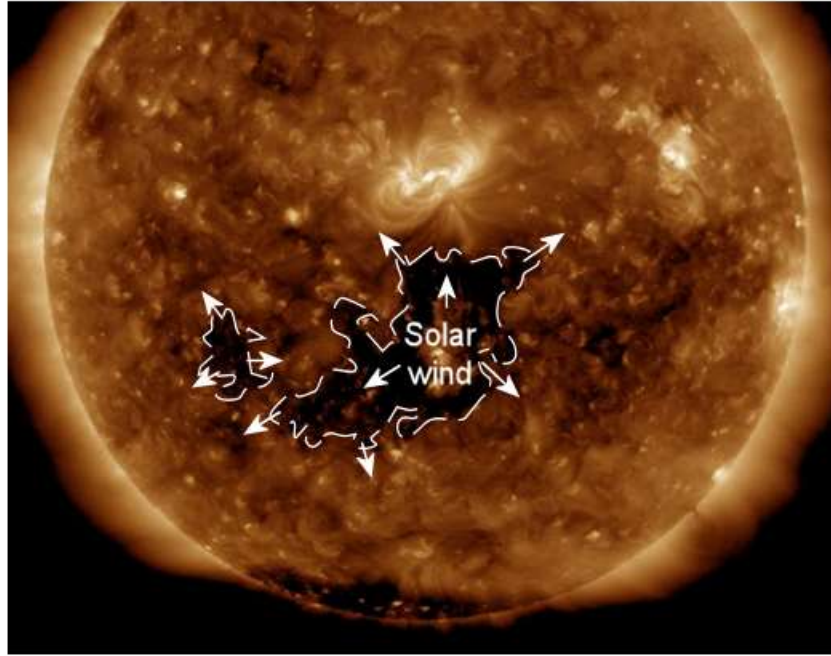

انجيل لوقا 21

28 وَمَتَى ابْتَدَأَتْ هَذِهِ تَكُونُ، فَانْتَصِبُوا وَارْفَعُوا رُؤُوسَكُمْ لِأَنَّ نَجَاتَكُمْ تَقْتَرِبُ.»

GEOMAGNETIC STORMS POSSIBLE LATER THIS WEEK: NOAA forecasters say that polar geomagnetic storms are possible on **May 17th** when a stream of solar wind reaches Earth. The gaseous material is flowing from a southern hole in the sun's atmosphere:

This is a coronal hole--a place where the sun's magnetic field opens up and allows solar wind to escape. Coronal holes look dark because hot glowing gas normally contained there is missing.

Previous encounters with solar wind from this coronal hole suggest that storm levels could reach [category G2](#) when the fast-moving stream arrives. High latitude sky watchers should be alert for auroras and, of course, [STEVE](#). **Free:** [Aurora Alerts](#).

HEAVY RAINS OUT OF SEASON: BLESSING, CURSE, OR BRINGING THE MESSIAH?

By Adam Eliyahu Berkowitz May 7, 2018 , 11:30 am

“O children of Tzion, be glad, Rejoice in Hashem your God. For He has given you the early rain in [His] kindness, Now He makes the rain fall [as] formerly— The early rain and the late—” *Joel 2:23 (The Israel Bible™)*

Rain clouds over the Kinneret (Adam Eliyahu Berkowitz/Breaking Israel News)

Several esoteric sources connect rain with the Messiah, leading one prominent Kabbalist (mystic) in Israel to state that the recent downpours are a sure sign that the Messiah's coming is imminent.

Judaism is deeply rooted in the land of Israel, and the prayer for rain and sustenance reflects that, beginning after *Sukkot* (Feast of Tabernacles) and ending after *Pesach* (Passover). It is unusual for rain to fall after *Pesach* and certainly not in the quantity seen in recent weeks. Rain is usually seen as a blessing in Israel.

Lightning attack: 29 people die from last 24 hours – already 112 in first 10 of 2018 in Bangladesh

By **Strange Sounds** - May 10, 2018 2

Dozens of Bangladeshis were killed by lightnings on Thursday as pre-monsoon thunderstorms wreaked havoc across the South Asian country. In the last 24 hours, 29 people have died from lightning in 12 districts. Almost all of them are farmers. More than 112 people had been killed in strikes in the first 10 days of May. Unprecedented!

Scores of people die every year after being struck by lightning during Bangladesh's wet season, which runs from April to October, but officials say the numbers are exceptionally high this year.

Subtropical Cyclones Don't Normally Form Here, But We Just Did

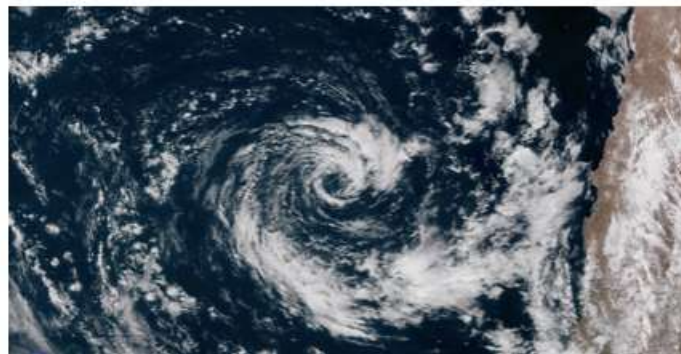

Marshall Shepherd, CONTRIBUTOR

I am often amazed at the Earth. It is such an amazing planet. All aspects of weather fascinate me, and my sheer awe of it defined my career pathway early on. When I see something extraordinary, it captures my attention even more. Meteorologists and weather enthusiasts marveled at something quite amazing this week. A tropical cyclone-like feature formed off the coast of Chile. Yep, that one in South America. Technically, it is what we call a subtropical cyclone. What does that mean and just how rare is this?

New volcano fissures force more evacuations on Hawaii's Big Island

by Reuters

Wednesday, 9 May 2018 10:52 GMT

(Changes to "Hawaii residents" in paragraph 1)

By Terray Sylvester

PAHOA, Hawaii, May 9 (Reuters) - Emergency crews ordered Hawaii residents to leave their homes after two new fissures opened up near the Kilauea volcano, almost a week after it started a series of huge explosions. People in the Lanipuna Gardens neighborhood in the southeast corner of Big Island were told there was an "immediate danger".

"The residents ... are going through a very difficult time. We ask for your understanding. We ask for your help," the Hawaii Civil Defense Agency said in an alert.

Hawaii Kilauea Volcano Latest: Acid Rain After Eruption

Nina Godlewski , Newsweek • May 9, 2018

The people on Hawaii's Big Island are evacuating [areas](#) where there are high levels of sulfur dioxide leaking out of the lava emitted by the Kilauea Volcano. Lava, dangerous gases and earthquakes are all potential risks on the island, but if the weather changes, another risk will be added to that list—acid rain.

"It's reasonably normal for this volcano," Mark Elliot a meteorologist for The Weather Channel, told *Newsweek*. The Kilauea Volcano is known for emitting a lot of sulfur dioxide, he added, though not all volcanoes have the same makeup.

The gas can mix with the oxygen and any water vapor in the air, as well as with sunlight, to form sulfuric acid. "It's an unsafe gas to breathe in too much of," Elliot said, but luckily it's a gas humans detect easily; the smell is similar to that of rotting eggs or fireworks. When water vapor turns into rain and passes through

that sulfuric acid in the air, the product is acid rain.

Marine advocates are calling a large number of little blue penguins washing up along the Bay of Plenty coastline the "biggest penguin die-off in many years".

The Department of Conservation (DoC) Tauranga office had answered an average of five calls each week since February, and Western Bay Wildlife Trust's Julia Graham said the trust had 58 calls about dead penguins in two weeks.

The World Health Organization (WHO) said today that the Democratic Republic of Congo (DRC) Ebola virus outbreak has grown to 32 cases, three of them in health workers, as more responders arrive on the scene and as funding help comes from the United Kingdom.

Meanwhile, in the United States, news yesterday of the exit of one of the country's top global health officials, coming on the heels of President Trump's proposed rescission of earlier Ebola response funds, has deepened concerns about the nation's preparedness for an epidemic such as Ebola.

Outbreak developments

In an update today, the WHO said that, as of yesterday, a total of 32 Ebola cases have been reported, including 2 confirmed, 18 probable, and 12 suspected. Eighteen deaths are among the cases.

All of the illnesses are in the Bikoro health zone in the DRC's Equateur province and are from the area covered by the Ikoko-Impenge health facility, about 19 miles from Bikoro's central health zone office. Bikoro is home to about 163,000 people and has 3 hospitals and 19 health centers, but most of them have limited service.

Of 21 cases, 17 had epidemiologic links to other patients, the WHO said. It added that, of eight

European health officials are warning that three recently reported cases of extensively drug-resistant (XDR) gonorrhea highlight an emerging global threat and indicate a need for action to preserve the last remaining effective treatment for the infection.

In a Rapid Risk Assessment published yesterday, the European Centre for Disease Prevention and Control (ECDC) said the three cases of XDR *Neisseria gonorrhoeae* reported in the United Kingdom and Australia are the first global reports of gonorrhea with resistance to ceftriaxone and high-level resistance to azithromycin, along with resistance to several other antibiotics. The dual therapy of ceftriaxone and azithromycin is the recommended first-line treatment for gonorrhea, which has developed resistance to most other antibiotics.

"These events give significant cause for concern considering the lack of alternative treatments for gonorrhoea," the authors of the report wrote.

Concerns about treatment failure

The three cases, one in the United Kingdom and the others in Australia, were initially reported in March and April. In the UK case, an isolate with resistance to ceftriaxone and high-level resistance to

Israeli Prime Minister Benjamin Netanyahu proclaimed on Sunday that since Iran is supplying advanced weapons to Syria, posing a direct threat to Israel, it would be better to confront Tehran sooner rather than later.

Speaking at the start of a weekly cabinet meeting Sunday, Netanyahu declared that "we are determined to block Iran's aggression against us, even if this means a struggle. Better now than later."

Israel has instructed local authorities in the Israeli-held Golan Heights to "unlock and ready bomb shelters" after identifying what the military described as "irregular activity of Iranian forces in Syria".

The military statement further said that its defence systems had been deployed "and IDF (Israel Defence Force) troops are on high alert for an attack".

Iran's supreme leader Ali Khamenei today, Wednesday, addressed for the first time in his own voice the US [withdrawal from the nuclear agreement](#) and sent a threatening message to President Trump: "You made a mistake! Iran will remain strong even after you die. "

"Trump's speech was silly and superficial," he said. "Now you see that the nuclear issue is only an excuse," "We have implemented the agreement, but the hostile actions against us have not ended. Now they raise the issue of the regional presence of Iran and the missiles, but even if we accept these conditions, they will want more and more."

Iran's chief of staff, General Mohammad Bagheri, also condemned the United States and asserted that the withdrawal was not surprising to the Revolutionary Guards as, he said,

Israel Strikes Iranian Targets in Syria as Regional Tensions Mount

Move is retaliation for Golan Heights rocket fire; escalating clashes come as Trump tries to get allies to join the U.S. in confronting Iran across the region

Israel's military carried out strikes against Iranian targets in Syria after it said Iranian forces based there fired rockets at its soldiers in the Golan Heights, raising the risk of a wider regional war just a day after President Donald Trump withdrew the U.S. from the international nuclear deal with Tehran.

Iran's attack in the Golan appears to be the first time Iran has opened fire from Syria on Israeli targets. The Israeli military said dozens of Iranian military sites

He said that "the incident tonight is from another field - the Iranian response to Israeli attacks, as they saw in February and April. After attempts to launch rockets or missiles into Israel were thwarted on previous nights, the Iranians succeeded in launching a military operation against Israel."

Iran is likely to launch cyber attacks on Western countries 'within months' in retaliation for the U.S. ripping up the nuclear deal, experts warn.

'All bets are off' with **Donald Trump**'s move to reinstate tough sanctions as the Islamic regime was angry and saw no reason not to use its capabilities in response.

Most at risk were banks and financial services, government departments, critical infrastructure providers, and oil and energy firms.

A smooth exit from eternal inflation?

ABSTRACT: The usual theory of inflation breaks down in eternal inflation. We derive a dual description of eternal inflation in terms of a deformed Euclidean CFT located at the threshold of eternal inflation. The partition function gives the amplitude of different geometries of the threshold surface in the no-boundary state. Its local and global behavior in dual toy models shows that the amplitude is low for surfaces which are not nearly conformal to the round three-sphere and essentially zero for surfaces with negative curvature. Based on this we conjecture that the exit from eternal inflation does not produce an infinite fractal-like multiverse, but is finite and reasonably smooth.

No Place To Hide - Facial Recognition Technology Will End Your Privacy

BY PNW STAFF MAY 10, 2018

Share this article:

The Chinese police in Nanchang made news in mid April when the press reported the arrest at a concert of a man wanted for fraud. The story was significant because automatic facial recognition systems, linked through now 176 million cameras across the country (rising to 600 million by 2020), had picked the man out of a crowd of 60,000 concertgoers and allowed the police to pinpoint his location in real time.

The episode was promoted by the Chinese government as proof positive of the benefits of the Chinese surveillance state, but the notion that an authoritarian government uses automatic facial recognition to track its citizens everywhere has sent shivers down the spine of anyone concerned about privacy and who may not have full faith in the benevolence of the Chinese government.

Pastor Arrested at Movie Theater for Preaching After 'Avengers' Tells His Side of the Story

Husband and wife ministers of Truth & Triumph Ministries, Michael and Mariah Webber.

Pastor Michael Webber made national headlines last week when his preaching at a movie theater in Redlands, California, following a showing of the "Avengers" caused people to run for their lives and led to his arrest on a misdemeanor charge.

In an interview with The Christian Post, Webber, the 28-year-old pastor of [Truth & Triumph Ministries](#), said he often evangelizes at movie theaters. But following a showing of the "Avengers" on the evening of April 26 the lights in the theater were still off when he began to preach, and he believes that's what led to the chaos of people running for the exits and some being injured as they tried to escape.

A plan pending in the California legislature that promoters say is necessary so people with same-sex inclinations don't hear messages challenging them has now gotten the attention of Gov. Mike Huckabee.

In a message to supporters he says the proposal, AB 2943, on which WND has reported multiple times, is "a terrible storm that's brewing on the horizon."

It would ban counseling, conferences and even printed materials that advocate for ways to get rid of unwanted same-sex attractions, and several experts have not only confirmed the vaguely written proposal could ban sales of Bibles, but one ministry expert has announced plans to boycott the state with his conferences.

23 Major League Baseball Teams to Promote Homosexuality at 'LGBT Pride' Nights

By Michael W. Chapman | May 11, 2018 | 12:37 PM EDT

Sadly, 23 of the 30 Major League Baseball (MLB) teams are promoting homosexuality through "LGBT Pride" nights this year, [reported Outsports.com](#). In addition, only two MLB teams -- New York Yankees and Los Angeles Angels -- have never held such "pride" nights.

Outsports.com co-founder Jim Buzinski [wrote](#) that the teams were continuing "to court their LGBT fan base" and that the "pride nights will be a big draw in Major League Baseball this season."

MLB Vice President Billy Bean, an openly homosexual former player, said of the "pride nights" in 2017, "I couldn't be prouder of baseball -- we're really leading the way," [reported LifeSiteNews.com](#).

Expert claims parents should ask babies for permission to change... ⌚ ↗

by RAHEEM KASSAM | 10 May 2018 | 28,381

‘Sexuality expert’ and author Deanne Carson has attracted mass ridicule after suggesting babies should “give consent” to having their nannies/diapers changed by their parents.

فلهذا اطلب أن نصلي ونستعد ونعد زيت لمصاييحنا لاستقبال العريس بالصلاة والصوم وخدمة
أبناء الله وتنقية القلب والاستعداد بلبس العرس.

رسالة بولس الرسول الي أهل رومية 13

13: 11 هذا وأنكم عارفون الوقت انها الان ساعة لنستيقظ من النوم فان خلاصنا الان أقرب مما
كان حين امنا

13: 12 قد تنهى الليل وتقارب النهار فلنخلع اعمال الظلمة ونلبس اسلحة النور

13: 13 لنسلك بلباقة كما في النهار لا بالبطر والسكر لا بالمضاجع والعهر لا بالخصام والحسد

13: 14 بل البسوا الرب يسوع المسيح ولا تصنعوا تدبيرا للجسد لأجل الشهوات

احترس ان لم تتمسك بالمسيح من الان قد لا تستطيع في المستقبل القريب بسبب الظلام.

وكما قلت هو اخبرنا لكي لا نخاف

انجيل متى 24

مت 24: 6 وسوف تسمعون بحروب واخبار حروب **لا ترتاعوا** لأنه لا بد ان تكون هذه

كلها ولكن ليس المنتهى بعد

بطرس الأولى 3: 14

وَلَكِنْ وَإِنْ تَأَلَّمْتُمْ مِنْ أَجْلِ الْبِرِّ، فَطُوبَاكُمْ. وَأَمَّا خَوْفُهُمْ فَلَا تَخَافُوهُ وَلَا تَضْطَرُّوْا،

بل نؤمن

إنجيل يوحنا 14: 29

وَقُلْتُ لَكُمْ الْآنَ قَبْلَ أَنْ يَكُونَ، حَتَّى مَتَى كَانَ تُؤْمِنُونَ.

ثالثا لنتنبه ونستعد

انجيل لوقا 21

28 وَمَتَى ابْتَدَأَتْ هَذِهِ تَكُونُ، فَاَنْتَصِبُوا وَارْفَعُوا رُؤُوسَكُمْ لِأَنَّ نَجَاتَكُمْ تَقْتَرِبُ.»

افرحوا لان عريسنا قد اقترب مجيؤه. وانتبهوا الشيطان يريد أن نفقد سلامنا ولا ننال أكاليل.

وأیضا استعدوا فقد تسلموا وديعتكم في أي وقت فهناك 150 ألف شخص يموتوا في اليوم الواحد

انت لا تعرف متى ستكون منهم

المسيح اقترب فاصنعوا ثمار تليق بالتوبة واستعدوا لاستقبال العريس.

والمجد لله دائما
