اكرر هدفي فقط من هذه الخدمة أن نذكر بعضنا باننا نحتاج ان نستعد أي حياة اليقظة الروحية. والاستعداد ليس فقط قبل مجيء المسيح بل ايضا قبل الظلمة التي ستسبق مجيؤه ليكون عندنا زيت في مصابيحنا يكفي ان نعبر هذه الظلمة وتكون مصابيحنا مضيئة وقت مجيؤه او من منا سيسلم وديعته في أي وقت. بمعنى نحتاج من الان ان نستعد بقوة بأيمان عامل وبتنقية القلب وان نثمر بالخدمة أي نجمع زيت في مصابيحنا لان الظلمة والضيقه اقتربت جدا ومن لن يستعد لها بزيت كافي من الان لن يجد زيت في الضيقه لان وقتها جميع زيت سيكون صعب جدا بل أستطيع ان أقول من مثل العذاري انه لن يكون هناك زيت الا ما جمعته سابقا.

أفضل ان اقول لنفسي ولكم استعدوا الان لأنه اقترب فنكون مستعدين سواء جاء او نحن ان سلمنا وديعتنا عن أنى لا اقول انه اقترب لكيلا يقال عني كاذب وانشر اشاعات او اخيف البعض ولكنه يأتي بسرعة بغته. لا اعتقد اي أحد ندم لأنه كان مستعد ومنتظر مجيء المسيح ولم يأتي المسيح في زمنه ولكنه انتقل وهو مستعد ولكن كثيرين جدا ندموا على عدم الاستعداد عندما انتقلوا

المسيح قال بعض العلامات مثل

انجيل لوقا 21

10: 21 ثم قال لهم تقوم امة على امة ومملكة على مملكة

11: 21 وتكون زلازل عظيمة في اماكن ومجاعات واوبئة وتكون مخاوف وعلامات عظيمة من السماء

25: 21 وتكون علامات في الشمس والقمر والنجوم وعلى الارض كرب امم بحيرة البحر والامواج تضج

26: 21 والناس يغشى عليهم من خوف وانتظار ما يأتي على المسكونة لان قوات السماوات تتزعزع

21: 27 وحينئذ يبصرون ابن الانسان اتيا في سحابة بقوة و مجد كثير

سفر اعمال الرسل 2

2: 19 واعطي عجائب في السماء من فوق وآيات على الارض من أسفل دما ونارا وبخار دخان

2: 20 تتحول الشمس الى ظلمة والقمر الى دم قبل ان يجيء يوم الرب العظيم الشهير

2: 21 ويكون كل من يدعو باسم الرب يخلص

لماذا قال المسيح بعض العلامات؟

أولا لكيلا نرتاع

انجيل متى 24

مت 24: 6 وسوف تسمعون بحروب واخبار حروب **لا ترتاعوا** لأنه لا بد ان تكون هذه كلها ولكن ليس المنتهى بعد

ثانيا لنؤمن

إنجيل يوحنا 14: 29

وَقُلْتُ لَكُمْ الْآنَ قَبْلَ أَنْ يَكُونَ، حَتَّى مَتَى كَانَ تُؤْمِنُونَ.

ثالثا لنتنبه ونستعد

انجيل لوقا 21

28 وَمَتَى ابْتَدَأَتْ هَذِهِ تَكُونُ، فَأَنْتَصِبُوا وَارْفَعُوا رُؤُوسَكُمْ لِأَنَّ نَجَاتَكُمْ تَقْتَرِبُ».

Fabio appears to have taken a brief pause in its intensification. A well-defined convective band wraps from the southeast around to the west of the low-level center, but 89-ghz microwave imagery and scatterometer data indicate that the cyclone has not yet developed a tight inner core. In fact, the 05z ascats data still showed a radius of maximum winds around 40 N mi, and the wind field is quite asymmetric with not many tropical-storm-force wind vectors in the southwestern quadrant. With Dvorak intensity estimates of t4.0/65 kt from TAFB and t3.5/55 kt from SAB, as well as satcon estimates of 55-60 kt, Fabio's initial intensity remains 60 kt for this advisory.

Despite the broad wind field noted in scatterometer data, the last few infrared satellite images suggest that some tightening of the circulation may be starting. Once a tight inner core develops,

(Reuters) – Four wildfires burned in Northern California on Tuesday, threatening hundreds of homes, while another blaze in an area of New Mexico hard hit by drought will force most of a sprawling national park to close, fire officials said.

The most damaging blaze, the Pawnee Fire, burned in Lake County near the Mendocino National Forest, 70 miles (110 km) northwest of Sacramento. It had destroyed 22 buildings and charred 11,500 acres (4,654 hectares) by Tuesday afternoon, according to the California Department of Forestry and Fire Protection

A surprisingly intense dust storm swept across parts of Senegal including capital Dakar this week, causing damage and leaving livestock dead. The storm signals a 'dramatic' start to the country's rainy season.

Several planes at Blaise Diagne International Airport in Dakar, as well as its newly opened terminal building, were damaged after a severe dust storm swept over capital Dakar with wind gusts up to 90 km/h (56 mph).

The storm brought near zero visibility and caused a number of livestock deaths, locals said. It was followed by thunderstorms and

A new eruption started at Sierra Negra volcano, Galapagos, Ecuador around 21:40 UTC (13:40 local time) on June 26, 2018, following intense seismicity in recent weeks. The eruption produced a plume of volcanic ash mixed with SO₂ and other gases which is rising up to 8 km (27 000 feet) above sea level. Experts describe the eruption as the worst since 1979. Some say the worst in 200 years. The last eruptive phase of this volcano started on October 22, 2005, and ended on October 30 of the same year. It had Volcanic Explosivity Index of 3.

Within a month, 15 reports of dead dolphins on Bulgaria's Varna beaches

Varna.

About 15 reports of dead dolphins found on the coast of Varna were received in May alone at the Green Hotline of the Regional Inspectorate of Environment and Water (RIEW), Focus Radio reported. The following on-the-spot checks of environmental inspectors found that four of the tips were unfounded. The most reports referred to dead dolphins washing ashore the Kabakum beach. One caller reported a dead baby dolphin on the beach in Asparuhovo district. Article 39 of the Biodiversity Act stipulates that dead specimens should be left in the places where they have been found, the RIEW states in its monthly report.

During the period of the environmental inspections, a tip was received about destruction of a protected plant species in the Asparuhovo district but the following checks deemed it to be unfounded.

Thousands of dead fish wash up on La Brea beach

Thousands of dead fishes are continuing to wash ashore on the beaches of La Brea, prompting speculation that the fishes are being dumped as a ploy to bring down fish sales.

The fishes were first spotted on Monday at Carat Shed Beach but as the week progressed they began washing up at Point Sable beach.

President of the La Brea

Fisherfolk Association Alvin La Borde said most of the fishes were herrings, sardines, and mullet. He said the fishes appear to have been dumped as most of them were already past the point of decay.

"The heads and bellies are rotten and while we have one or two fresh fishes coming in, the majority appears to be in a state of decomposition," La Borde said.

VERNON COUNTY, MISSOURI - "Chaos, ignorance, it's a mess."

Vernon County resident, Chris Greer expressing his disappointment in what happened to the lake.

"A lot of mad people. There's a lot of people that fish out here, bring their kids out here and fish. A lot of people who survive off of fishing out here"

Greer and others at the lake say they wish the Missouri Department of Conservation would have drained the lake differently, a way not resulting in a mass death of mostly Carp.

"This is the full drainage that we had in our plan to drain this lake to get rid of the water to do the renovations" says Michael Allen, a biologist with the MDC.

The MDC is draining Schell Lake into the Osage River for their wetlands renovation project. They'll eventually be doing things like making the lake deeper and building islands, but they say this month's heat killed thousands of non-native Carp, who seek shallow water for spawning this time of year.

The Defense Intelligence Agency's director says the U.S. lead in space is diminishing and tomorrow's skies will be filled with enemy robot satellites.

Russia and China are developing new space-based weapons and they'll be ready "in the near future," Lt. Gen. Robert Ashley, the head of the Defense Intelligence Agency, said Tuesday at the Defense One Technology Summit in Washington, D.C.

The countries, which Ashley called "competitors," are developing "the ability to interdict satellites both from a ground standpoint and from a space standpoint," he said. "The technology is being developed

Mattis vows 'strong defensive stance' on N. Korea

By Paul HANDLEY
Tokyo (AFP) June 29, 2018

US Defense Secretary James Mattis pledged Friday to maintain and strengthen the US security alliance with Japan amid fears that talks with North Korea could water down Washington's longstanding security commitments in the region.

Mattis said the United States and its regional allies will maintain a "strong collaborative defensive stance" on North Korea, and that Japan will remain a "cornerstone" of regional stability.

In meetings with Japanese officials, Mattis sought to address Tokyo's worries that its security interests could be left behind in President Donald Trump's push to reach a denuclearisation deal with North Korean leader Kim Jong Un.

"We're in the midst of very unprecedented negotiations right now with North Korea, but in this dynamic time, the longstanding alliance between Japan and the US stands firm," Mattis insisted next to his Japanese counterpart Itsunori Onodera.

"There is absolute reassurance between the two of us that we stand firm," he pledged.

Regional allies were caught wrong-footed by Trump's unexpected announcement on June 12 to suspend joint military exercises between the US and South Korea that had previously been seen as a vital measure to contain the North Korean threat.

Following the historic summit in Singapore between Trump and Kim, the US president said he wanted a halt to the drills, describing them as "expensive" and "provocative". But US allies did not appear to be forewarned.

US presses UN Security Council to sanction Iran

by Staff Writers
United Nations, United States (AFP) June 27, 2018

The United States urged fellow UN Security Council members Wednesday to punish Iran for "malign behavior" in the Middle East, at a meeting on implementation of the 2015 nuclear deal with Tehran.

"When confronted with a country that continually violates this council's resolutions, it is imperative that we pursue meaningful consequences," said Jonathan Cohen, the US deputy ambassador to the United Nations.

"That is why we urge members of this Council to join us in the imposition of sanctions that target Iran's malign behavior in the region," he stressed.

It was the first meeting of the Security Council since US President Donald Trump announced on May 8 that the United States was withdrawing from the nuclear agreement with Tehran.

On May 24, the International Atomic Energy Agency (IAEA) concluded for the eleventh time Tehran had met its commitments.

In his remarks, Cohen once again accused Iran of supplying missiles to the Huthi rebels in Yemen in violation of an international arms embargo.

In a recent report, the United Nations said that missile components fired at Saudi Arabia had been manufactured in Iran, but that UN officials were unable to determine if they had been delivered before or after the July 2016 imposition of an arms embargo on Yemen.

"Dismantling a nuclear deal that is working would certainly not put us in a better position to discuss other issues," said EU ambassador to the UN Joao Vale de Almeida, referring to Tehran's ballistic activities and its influence in the Middle East.

QUAKERTOWN, Pa. – FBI agents and state and local police have swarmed two homes as part of an investigation into a series of mysterious explosions around a county about an hour north of Philadelphia.

Police have been investigating reports of about three dozen explosions across Upper Bucks County since early April, typically in the middle of the night. No one has been hurt.

The most recent explosion happened June 14, not far from one home investigators raided on Thursday. A municipal worker on a ride-on mower was cutting grass along a roadside when he ran over something that exploded. He wasn't injured, but the blast left a crater about 2 feet deep and 2 feet across.

"Think about trying to live today on the income you had 15 years ago." That's how agriculture expert Chris Hurt describes the plight facing U.S. farmers today.

The unequal economy that's emerged over the past decade, combined with patchy access to health care in rural areas, have had a severe impact on the people growing America's food. Recent data shows just how much. Farmers are dying by suicide at a higher rate than any other occupational group, according to the Centers for Disease Control and Prevention (CDC).

School District Tells Coach: 'If You Talk to God, You're Fired'

12:00PM EDT 9/27/2018 | TODD STARNES

Joe Kennedy (*First Liberty Institute*)

First Liberty Institute attorney Michael Berry said Bremerton High School in Washington State picked on the wrong Marine.

First Liberty is representing Joe Kennedy, a Marine and former assistant football coach at the local high school. Kennedy was fired in 2015 after he took a knee to pray after a football game.

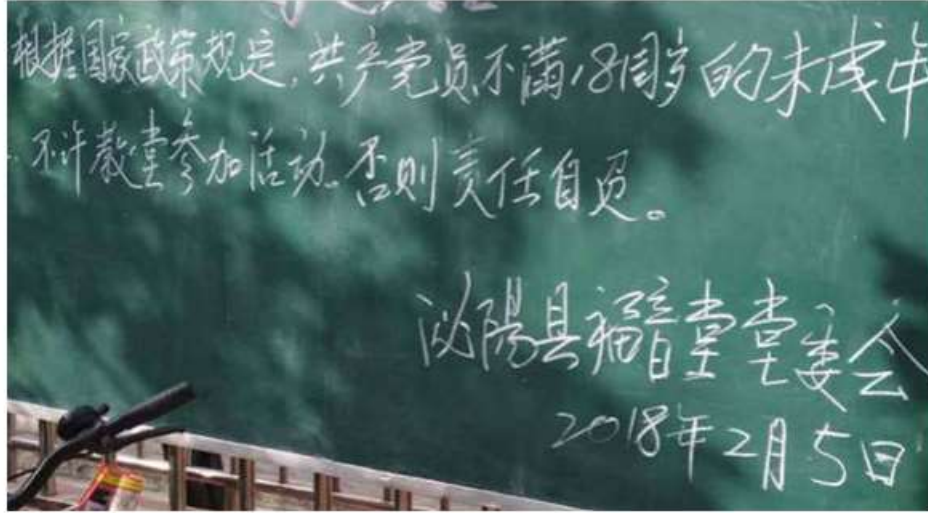

"The (district told him) if you talk to God you're fired," Berry said on the **Todd Starnes Radio Show**.

Since 2008, Kennedy had quietly taken a knee after every football game to honor a covenant he made with God.

The notice from a local registered church in Henan province stating that "According to the state policy, communists and minors under the age of 18 are not allowed to participate in activities held in the church. Otherwise, they shall bear responsibilities themselves." (ACLJ Staff)

On a recent Sunday morning, the local authorities broke into a church service in Zhengzhou, Henan Province, China, and demanded that children under the age of 18 leave the service immediately. One of the women pleaded with the officer to allow her to stay at the service with her infant baby. The officer rejected her request and replied: "Anyone under 18 shall be banned from all religious activities." The woman was dragged out of the meeting room with her baby.

Similar incidents have happened during church services in many cities around China since the revised Regulation on Religious Affairs became effective on Feb. 1, 2018, which severely curtails the religious freedom of minors. According to the Regulations, unregistered religious groups, such as house churches, are deprived of the right to

Calif. Sen. to Vote on Banning 'Conversion Therapy,' and Gender Confusion Counseling for Foster Kids

Jul 2, 2018 | 0 | ★★★★★

The California state Senate will vote this week on legislative proposals barring counseling services for individuals with unwanted same-sex attractions and requiring foster children with gender dysphoria to only receive treatment affirming their gender confusion. The two separate bills, AB 2943 and AB 2119, were approved earlier this year by the state's lower chamber, the state Assembly. The text of AB 2943

فلهذا اطلب أن نصلي ونستعد ونعد زيت لمصايحنا لاستقبال العريس بالصلاة والصوم وخدمة
أبناء الله وتنقية القلب والاستعداد بلبس العرس.

رسالة بولس الرسول الي أهل رومية 13

11:13 هذا وأنكم عارفون الوقت انها الان ساعة لنستيقظ من النوم فان خلاصنا الان أقرب مما
كان حين امنا

12:13 قد تنهى الليل وتقارب النهار فلنخلع اعمال الظلمة ونلبس اسلحة النور

13:13 لنسلك بلياقة كما في النهار لا بالبطر والسكر لا بالمضاجع والعهر لا بالخصام والحسد

13: 14 بل البسوا الرب يسوع المسيح ولا تصنعوا تدبيرا للجسد لأجل الشهوات

احترس ان لم تتمسك بالمسيح من الان قد لا تستطيع في المستقبل القريب بسبب الظلام.

وكما قلت هو اخبرنا لكي لا نخاف

انجيل متى 24

مت 24: 6 وسوف تسمعون بحروب واخبار حروب **لا ترتاعوا** لأنه لا بد ان تكون هذه كلها ولكن ليس المنتهى بعد

بطرس الأولى 3: 14

وَلَكِنْ وَإِنْ تَأَلَّمْتُمْ مِنْ أَجْلِ الْبِرِّ، فَطُوبَاكُمْ. وَأَمَّا خَوْفُهُمْ فَلَا تَخَافُوهُ وَلَا تَضْطَرُّوْا،

بل نوّمن

انجيل يوحنا 14: 29

وَقُلْتُ لَكُمْ الْآنَ قَبْلَ أَنْ يَكُونَ، حَتَّى مَتَى كَانَ تُؤْمِنُونَ.

ثالثا لنتنبه ونستعد

انجيل لوقا 21

28 وَمَتَى ابْتَدَأَتْ هَذِهِ تَكُونُ، فَانْتَصِبُوا وَارْفَعُوا رُؤُوسَكُمْ لِأَنَّ نَجَاتَكُمْ تَقْتَرِبُ.».

افرحوا لان عريسنا قد اقترب مجيؤه. وانتبهوا الشيطان يريد أن نفقد سلامنا ولا ننال أكاليل.

وأیضا استعدوا فقد تسلموا وديعتكم في أي وقت فهناك 150 ألف شخص يموتوا في اليوم الواحد
انت لا تعرف متى ستكون منهم

المسيح اقترب فاصنعوا ثمار تليق بالتوبة واستعدوا لاستقبال العريس.

والمجد لله دائما
