

تعليق على بعض الاحداث العالمية والعلامات حتى 10 يولييه 2018

Holy_bible_1

اكرر هدفي فقط من هذه الخدمة أن نذكر بعضنا باننا نحتاج ان نستعد أي حياة اليقظة الروحية. والاستعداد ليس فقط قبل مجيء المسيح بل ايضا قبل الظلمة التي ستسبق مجيؤه ليكون عندنا زيت في مصابيحنا يكفي ان نعبر هذه الظلمة وتكون مصابيحنا مضيئة وقت مجيؤه او من منا سيسلم وديعته في أي وقت. بمعنى نحتاج من الان ان نستعد بقوة بأيمان عامل وبتقوية القلب وان نثمر بالخدمة أي نجمع زيت في مصابيحنا لان الظلمة والضيقة اقتربت جدا ومن لن يستعد لها بزيت كافي من الان لن يجد زيت في الضيقة لان وقتها تجميع زيت سيكون صعب جدا بل أستطيع ان أقول من مثل العذارى انه لن يكون هناك زيت الا ما جمعته سابقا.

أفضل ان اقول لنفسي ولكم استعدوا الان لأنه اقتربت فنكون مستعدين سواء جاء او نحن ان سلمنا وديعتنا عن أنى لا اقول انه اقترب لكيلا يقال عني كاذب وانشر اشاعات او اخيف البعض ولكنه يأتي بسرعة بغته. لا اعتقد اي أحد ندم لأنه كان مستعد ومنتظر مجيء المسيح ولم يأتي المسيح في زمنه ولكنه انتقل وهو مستعد ولكن كثيرين جدا ندموا على عدم الاستعداد عندما انتقلوا

المسيح قال بعض العلامات مثل

انجيل لوقا 21

10: 21 ثم قال لهم تقوم امة على امة ومملكة على مملكة

11: 21 وتكون زلازل عظيمة في اماكن ومجاعات واوبئة وتكون مخاوف وعلامات عظيمة من السماء

25: 21 وتكون علامات في الشمس والقمر والنجوم وعلى الارض كرب امم بحيرة البحر والامواج تضج

26: 21 والناس يغشى عليهم من خوف وانتظار ما يأتي على المسكونة لان قوات السماوات تتزعزع

21:27 وحينئذ يبصرون ابن الانسان اتيا في سحابة بقوة و مجد كثير

سفر اعمال الرسل 2

2: 19 واعطي عجائب في السماء من فوق وآيات على الارض من أسفل دما ونارا وبخار دخان

2: 20 تتحول الشمس الى ظلمة والقمر الى دم قبل ان يجيء يوم الرب العظيم الشهير

2: 21 ويكون كل من يدعو باسم الرب يخلص

لماذا قال المسيح بعض العلامات؟

أولا لكيلا ترتاع

انجيل متى 24

مت 24: 6 وسوف تسمعون بحروب واخبار حروب **لا ترتاعوا** لأنه لا بد ان تكون هذه كلها ولكن ليس المنتهى بعد

ثانيا لنؤمن

انجيل يوحنا 14: 29

وَقَلْتُ لَكُمْ الْآنَ قَبْلَ أَنْ يَكُونَ، حَتَّى مَتَى كَانَ تُوْمِنُونَ.

ثالثا لنتبه ونستعد

انجيل لوقا 21

28 وَمَتَى ابْتَدَأَتْ هَذِهِ تَكُونُ، فَاَنْتَصِبُوا وَارْفَعُوا رُؤُوسَكُمْ لِأَنَّ نَجَاتَكُمْ تَقْتَرِبُ».

A Sign of the End Times? An Blood Moon Appears in July

07-03-2018 - [Steve Warren](#)

According to astronomers, there will be two bodies in the heavens at the end of July which will both appear as red -- the planet Mars and Earth's moon.

On July 27, Mars will appear brighter in the night sky and it will appear brighter than it was in 2003, the website [Space.com](#) reports. Mars will be 35.98 million miles from the earth and will be 10 times brighter than usual

A star system containing two gigantic suns is blasting cosmic rays into space and NASA scientists have found that the radiation is making its way towards Earth on intergalactic winds.

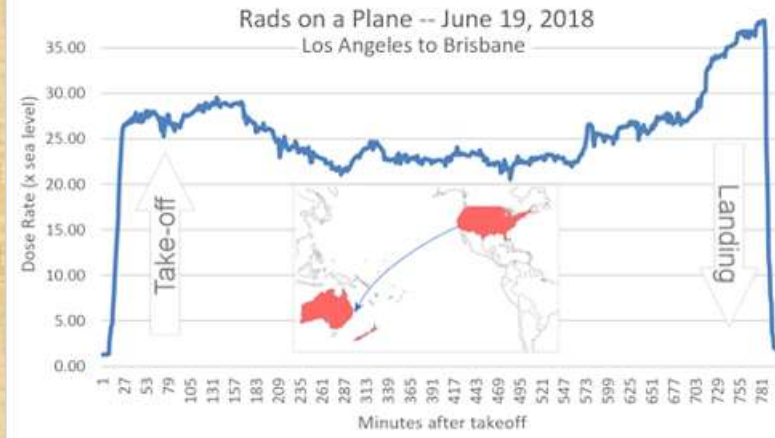

High-energy observations in the sprawling southern constellation of Carina had puzzled scientists for some time. But now a NASA orbital telescope has helped pin the energy source

COSMIC RAYS PENETRATE AIRPLANES OVER THE SOUTH PACIFIC:

Last month, flight attendants got some bad news. According to [a new study](#) from researchers at Harvard University, the crews of commercial airlines face an elevated risk of cancer compared to members of the general population. The likely reason: cosmic rays. High energy particles from space hitting the top of Earth's atmosphere create a spray of secondary radiation that penetrates the walls of airplanes flying above ~20,000 feet.

On June 19th, Spaceweather.com and students of Earth to Sky Calculus flew from California to New Zealand to launch a series of space weather balloons—part of an ongoing program to [map cosmic rays](#) around the globe. Naturally, we took our radiation sensors onboard the airplane. Here is what we measured:

Within minutes after takeoff from Los Angeles, radiation in the passenger compartment multiplied 25-fold and remained high until we landed again in Brisbane 13 hours later. Peak dose rates were almost 40 times greater than on the ground below. In total, we absorbed a whole body dose approximately equal to a panoramic dental X-ray.

Our sensors measure three types of radiation: neutrons, X-rays and gamma-rays. Using bubble chambers, we found that about 1/3rd of our exposure came from neutrons:

Green comet EXPLODES in night sky: Comet PANSTARRS bursts with light over Earth

COMET PANSTARRS erupted into the night skies this week with a spectacular explosion of green light, photographed by astronomer Michael Jager.

PUBLISHED: 17:16, Thu, Jul 5, 2018 | UPDATED: 17:46, Thu, Jul 5, 2018

Journey to the surface of a comet

esa

If you thought the skies looked unusually green-tinted at the start of the week it is because the comet brightened 16-fold on Monday, July 2.

And there is a good chance you will get to see the comet passing by Earth again later next month.

Amateur astronomer Michael Jäger was lucky enough to spot the barrelling comet on Monday.

The space enthusiast even managed to photograph the moment the comet painted the night green.

Three major rivers above danger mark, 17 killed in floods and landslides across Nepal

Posted by TW on July 03, 2018 in categories [Floods](#), [Monsoons](#)

[Follow @TheWatchers_](#)

At least 17 people have been killed and three are still missing after heavy monsoon rains triggered floods and landslides across Nepal over the past two days, authorities said Tuesday, July 3, 2018.

Hundreds of people were displaced after rain-swollen rivers started eroding embankments and inundating several settlements in Terai region. Landslides hit several mountainous areas while hundreds of homes and farmlands ended up under floodwaters.

[Follow @TheWatchers_](#)

Heavy monsoon rains, described as the worst in decades, left at least 9 people dead and 10 injured in the Pakistani city of Lahore (population 6.3 million) on Tuesday, July 3, 2018. The city received record-breaking rain that left much of it under water and without power. Heavy rains are expected to continue falling across the region over the next 3 days. Residents are urged to heed official warnings.

The city of Lahore, capital of Punjab Province, received a total of 252 mm (9.9 inches) of rain in 24 hours on Monday and Tuesday, breaking the previous daily rainfall record set in 1980.

Violent thunderstorms hit parts of southwestern France on July 4, 2018, producing a total of 36 605 lightning strikes in 24 hours. This is the worst day in terms of lightning strikes in France so far this year, breaking the previous record of 33 841 strikes recorded on May 28, 2018, according to Meteo France.

In just four days (July 1 - 4), Meteo France registered approximately 87 000 lightning strikes across the country, which represents more than half of the 'normal' July lightning strikes.

At least 37 people were killed and more than 50 are missing as record rains continue falling over parts of Japan. Nearly 50 000 members of the Self-Defense Forces, police and firefighting service are searching for trapped, wounded or dead people, Kyodo news service reported Saturday, July 7, 2018. The death toll is expected to rise before the rain eases up on Sunday.

Over 4.72 million people were at one point under evacuation orders or advisories as heavy rains caused landslides and flooding, destroying homes and sweeping away vehicles.

The world has never seen a Category 6 hurricane. the day may be coming

By DAVID FLEHLER JUL 07, 2018 | 1:15 PM | FORT LAUDERDALE, FLA.

Hurricane Patricia in 2015 achieved sustained wind speed of 215 mph. By comparison, last year's Hurricane Irma, a Category 5 storm, had winds of 180 mph.

As a ferocious hurricane bears down on South Florida, water managers desperately lower canals in anticipation of 4 feet of rain.

Everyone east of Dixie Highway is ordered evacuated, for fear of a menacing storm surge. Forecasters debate whether the storm will generate the 200 mph winds to achieve Category 6 status.

A 6.0-magnitude earthquake hit Japan Saturday evening outside Tokyo, shaking buildings in the capital, but no tsunami warning was issued, the country's meteorological agency said.

The epicenter of the 6.0 magnitude earthquake was in Chiba Prefecture near Tokyo, at a depth of 50 km.

The underground shocks lasted for about 10 seconds and were felt in all prefectures in the central and north-eastern parts of the country, including the Japanese capital.

Local residents have been told not to panic and remain calm.

Abnormal earthquake swarm near the volcanic island of Mayotte in the Comoros Basin (Mozambique Channel) continues for nearly two months, creating anxiety and stress among locals.

The quakes are all occurring in the same spot, about 50 km (31 miles) to the east of the island. The largest so far was M5.8 on May 15. This quake was also the largest ever recorded in the archipelago.

Hawaii volcano eruption: SHOCKING new video shows lava WHIRLWIND after earthquake strikes

NEW video footage shows a terrifying lava whirlwind hurling molten rock into the sky close to Hawaii's Kilauea volcano.

By JAMIE MACWHIRTER

PUBLISHED: 12:03, Tue, Jul 3, 2018 | UPDATED: 12:06, Tue, Jul 3, 2018

Kilauea: Fissure 8 sees whirlwind throw into the air

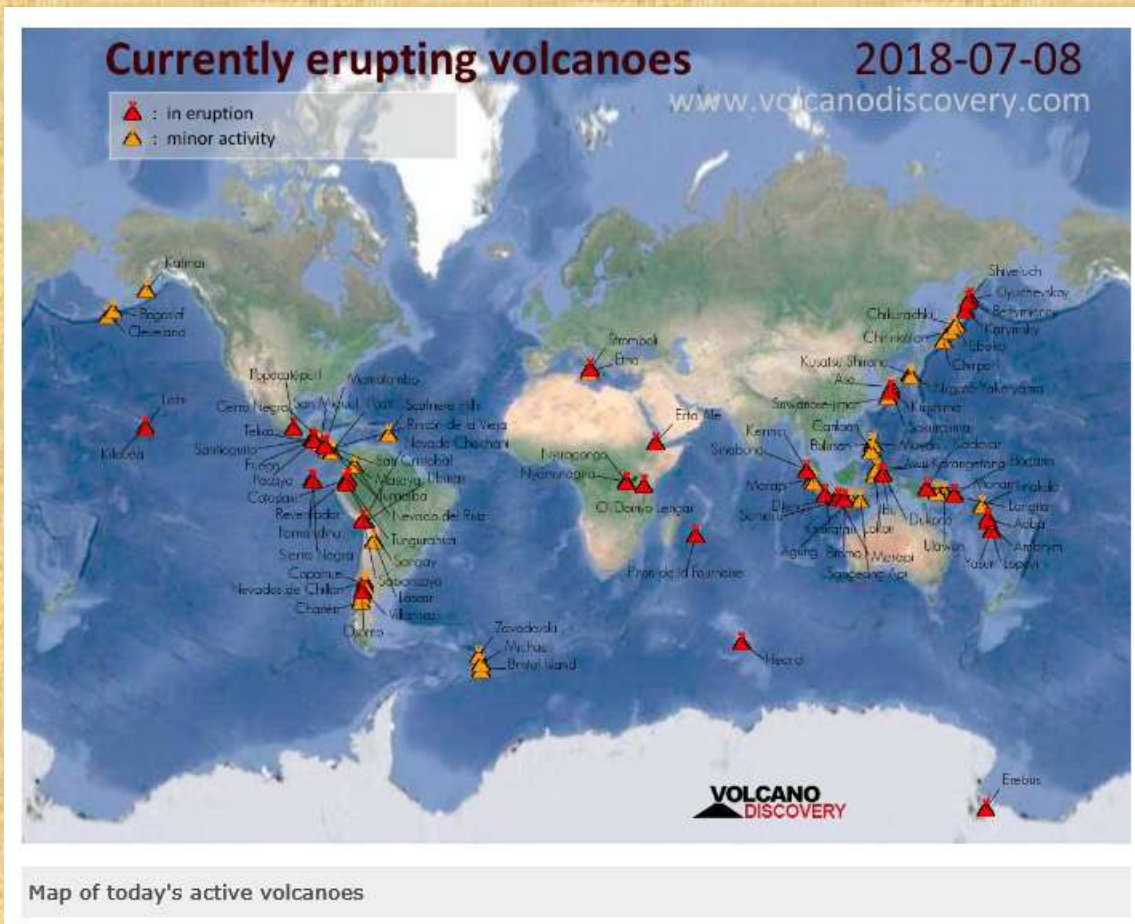

The **Hawaii volcano**, Mount Kilauea, continues to spew lava across Big Island as it enters its second month of continuous eruption.

Alarming video footage captured by the **United States Geological Survey (USGS)** shows a "lava whirlwind" spinning violently at Fissure 8.

According to the USGS, the spectacle is caused when "hot gases rise and punch through the cooler air above, to create a vertical column of hot air."

Hundreds of dead fish appear in Santa Pola near the mouth of the river

A Red Cross volunteer finds the specimens in an advanced state of decomposition next to the beach of La Gola de Santa Pola

Ana Fajardo | 24.06.2018 | 22:18

Hundreds of fish have appeared this morning dead in Santa Pola. A Red Cross volunteer today gave the warning to the Nature Protection Service of the Civil Guard (Seprona) after being on the shore of the beach of La Gola and near the mouth of the Vinalopó River with the accumulated specimens.

The volunteer, from the group of maritime rescue and nature of the Red Cross, Sócrates Fernández, has given the alarm to the Civil Guard, around 10.30 am, when encountering the fish, already in an advanced state of decomposition. Apparently it is mullets.

"In the area of the mouth closest to the beach I was able to count more than 300 fish, but in the innermost part of the river there were thousands."

Scientists warn bananas could soon become extinct

Jul 6, 2018 | 0 | ★★★★★

Experts say a special breed found in Madagascar could hold the key to keeping them alive. But there are only five known trees in existence. Scientists are racing to develop new banana varieties strong enough to survive Panama disease, which is a major threat to banana crops around the world. Because bananas are clones, the disease is able to spread very quickly from one to another.

It is currently wreaking havoc with crops in Asia – but could wipe out the world's supply if it spreads to America. Richard Allen, senior conservation assessor at the Royal Botanic Gardens, Kew, told the BBC: "It doesn't have Panama disease in it, so perhaps it has genetic traits against the disease. "We don't know until we actually do

New Jersey Governor Signs Bill Allowing Birth, Death Certificates to Reflect 'Gender Identity' Instead of Birth Sex

By Heather Clark on July 6, 2018 · 4 Comments

Photo Credit: PhilMurphyNJ Flickr/Wikipedia

TRENTON, N.J. — The Democratic governor of New Jersey has signed two bills into law that would allow the birth and death certificates of those with gender dysphoria to reflect the person's "gender identity" instead of their birth sex.

Gov. Phil Murphy signed S.B. 478 and S.B. 493 on Tuesday, calling the occasion an "important day for New Jersey as we continue to strive toward equality for all of our residents, regardless of sex or gender expression."

"Allowing vital records to match gender identity is an important step forward that will allow transgender individuals to control the disclosure of their

Concerns Raised Over Video Featuring 10-Year-Old 'Desmond the Drag Kid': 'I Wanted to Do Drag ... When I Was Two'

By Heather Clark on July 3, 2018 · 14 Comments

A viral video of a 10-year-old boy who identifies as a "LGBTQ activist and advocate" and a "drag kid" is raising concern as some state that children being taught about drag and homosexuality is inappropriate and a reflection of ungodly parenting.

"I was born in Pride Month," the child, who identifies as "Desmond Is Amazing," stated in the video shared by The Huffington Post on Friday. "Gay pride means self-expression to me. ... I discovered that I wanted to do drag when I watched the first episode of 'RuPaul's Drag Race' when I was two."

Desmond, donning a pink dress and hat, was [called up on stage by RuPaul during DragCon 2017](#), characterizing him as a "gorgeous little queen" and

A Spanish model is set to become the first transgender woman to compete in the Miss Universe pageant.

Angela Ponce was crowned in the countrywide Miss Universe Spain 2018 over the weekend, becoming the first transgender woman to win the title. The 26-year-old beat 22 fellow contestants to claim the top spot in the Spanish city of Tarragona, [Pink News reported](#).

Her win grants Ponce a place to compete in the worldwide Miss Universe contest set to be held in Philippines in December 2018.

'Kids Are Able to See People Who Defy Rigid Gender Restrictions': Drag Queen Story Hour Coming to More Public Libraries

07-03-2018 - Charlene Aaron

A public library in Virginia Beach, VA is the latest location set to host a "Drag Queen Story Hour," (DQSH) event for kids as young as two.

Several of these events involving drag queens reading to children in libraries, schools, and bookstores, have been held across the country as part of a national initiative. The programs have also taken place

فلهذا اطلب أن نصلي ونستعد ونعد زيت لمصايحنا لاستقبال العريس بالصلاة والصوم وخدمة
أبناء الله وتنقية القلب والاستعداد بلبس العرس.

رسالة بولس الرسول الي أهل رومية 13

11:13 هذا وأنكم عارفون الوقت انها الان ساعة لنستيقظ من النوم فان خلاصنا الان أقرب مما

كان حين امنا

13: 12 قد تنهى الليل وتقارب النهار فلنخلع اعمال الظلمة ونلبس اسلحة النور

13: 13 لنسلك بلياقة كما في النهار لا بالبطر والسكر لا بالمضاجع والعهر لا بالخصام والحسد

13: 14 بل البسوا الرب يسوع المسيح ولا تصنعوا تدييرا للجسد لأجل الشهوات

احترس ان لم تتمسك بالمسيح من الان قد لا تستطيع في المستقبل القريب بسبب الظلام.

وكما قلت هو اخبرنا لكي لا نخاف

انجيل متى 24

مت 24: 6 وسوف تسمعون بحروب واخبار حروب انظروا لا ترتاعوا لأنه لا بد ان تكون هذه كلها ولكن ليس المنتهى بعد

بطرس الأولى 3: 14

وَلَكِنْ وَإِنْ تَأَلَّمْتُمْ مِنْ أَجْلِ الْبِرِّ، فَطُوبَاكُمْ. وَأَمَّا خَوْفُهُمْ فَلَا تَخَافُوهُ وَلَا تَضْطَرُّبُوا،

بل نؤمن

انجيل يوحنا 14: 29

وَقَلْتُ لَكُمْ الْآنَ قَبْلَ أَنْ يَكُونَ، حَتَّى مَتَى كَانَ تُوْمِنُونَ.

ثالثا لنتبه ونستعد

انجيل لوقا 21

28 وَمَتَى ابْتَدَأَتْ هَذِهِ تَكُونُ، فَاَنْتَصِبُوا وَارْفَعُوا رُؤُوسَكُمْ لِأَنَّ نَجَاتَكُمْ تَقْتَرِبُ.»

افرحوا لان عريسنا قد اقترب مجيؤه. وانتبهوا الشيطان يريد أن نفقد سلامنا ولا ننال أكاليل.

وأیضا استعدوا فقد تسلموا وديعتكم في أي وقت فهناك 150 ألف شخص يموتوا في اليوم الواحد

انت لا تعرف متى ستكون منهم

المسيح اقترب فاصنعوا ثمار تليق بالتوبة واستعدوا لاستقبال العريس.

والمجد لله دائما
