اكرر هدفي فقط من هذه الخدمة أن نذكر بعضنا باننا نحتاج ان نستعد أي حياة اليقظة الروحية. والاستعداد ليس فقط قبل مجيء المسيح بل ايضا قبل الظلمة التي ستسبق مجيؤه ليكون عندنا زيت في مصابيحنا يكفي ان نعبر هذه الظلمة وتكون مصابيحنا مضيئة وقت مجيؤه او من منا سيسلم وديعته في أي وقت. بمعنى نحتاج من الان ان نستعد بقوة بأيمان عامل وبتقوية القلب وان نثمر بالخدمة أي نجمع زيت في مصابيحنا لان الظلمة والضيقة اقتربت جدا ومن لن يستعد لها بزيت كافي من الان لن يجد زيت في الضيقة لان وقتها تجميع زيت سيكون صعب جدا بل أستطيع ان أقول من مثل العذارى انه لن يكون هناك زيت الا ما جمعته سابقا.

أفضل ان اقول لنفسي ولكم استعدوا الان لأنه اقتربت فنكون مستعدين سواء جاء او نحن ان سلمنا وديعتنا عن أنى لا اقول انه اقترب لكيلا يقال عني كاذب وانشر اشاعات او اخيف البعض ولكنه يأتي بسرعة بغته. لا اعتقد اي أحد ندم لأنه كان مستعد ومنتظر مجيء المسيح ولم يأتي المسيح في زمنه ولكنه انتقل وهو مستعد ولكن كثيرين جدا ندموا على عدم الاستعداد عندما انتقلوا

المسيح قال بعض العلامات مثل

انجيل لوقا 21

10: 21 ثم قال لهم تقوم امة على امة ومملكة على مملكة

11: 21 وتكون زلازل عظيمة في اماكن ومجاعات واوبئة وتكون مخاوف وعلامات عظيمة من السماء

25: 21 وتكون علامات في الشمس والقمر والنجوم وعلى الارض كرب امم بحيرة البحر والامواج تضج

26: 21 والناس يغشى عليهم من خوف وانتظار ما يأتي على المسكونة لان قوات السماوات تتزعزع

21:27 وحينئذ يبصرون ابن الانسان اتيا في سحابة بقوة و مجد كثير

سفر اعمال الرسل 2

2: 19 واعطي عجائب في السماء من فوق وآيات على الارض من أسفل دما ونارا وبخار دخان

2: 20 تتحول الشمس الى ظلمة والقمر الى دم قبل ان يجيء يوم الرب العظيم الشهير

2: 21 ويكون كل من يدعو باسم الرب يخلص

لماذا قال المسيح بعض العلامات؟

أولا لكيلا ترتاع

انجيل متى 24

مت 24: 6 وسوف تسمعون بحروب واخبار حروب **لا ترتاعوا** لأنه لا بد ان تكون هذه كلها ولكن ليس المنتهى بعد

ثانيا لنؤمن

انجيل يوحنا 14: 29

وَقَلْتُ لَكُمْ الْآنَ قَبْلَ أَنْ يَكُونَ، حَتَّى مَتَى كَانَ تُوْمِنُونَ.

ثالثا لنتبه ونستعد

انجيل لوقا 21

28 وَمَتَى ابْتَدَأَتْ هَذِهِ تَكُونُ، فَاَنْتَصِبُوا وَارْفَعُوا رُؤُوسَكُمْ لِأَنَّ نَجَاتَكُمْ تَقْتَرِبُ.».

A bright fireball was recorded streaking across the night sky over the state of Rio Grande do Norte, Brazil at 01:35 UTC on July 8, 2018. The object was visible for several seconds before it disintegrated in a bright flash. It is possible some pieces survived the entry. However, even if something did manage to survive, it's at the bottom of the ocean now.

The fireball was seen by residents of Mossoró, Areia Branca, Assú, Baraúna, Severiano Melo and even cities in Ceará as Icapui and Russas said they had seen the light, according to [EXOSS Citizen Science Project](#).

Two Sizable Asteroids Were Spotted Zooming Past Earth

Jul 13, 2018 | 0 | *****

The Earth had some visitors not too long ago in the form of two asteroids. The asteroids are officially known as 2018 NW and 2018 NX, according to a report from CNet, and they were said to be about the size of a school bus, with both estimated to have a diameter of 33 feet. At their closest points, scientists

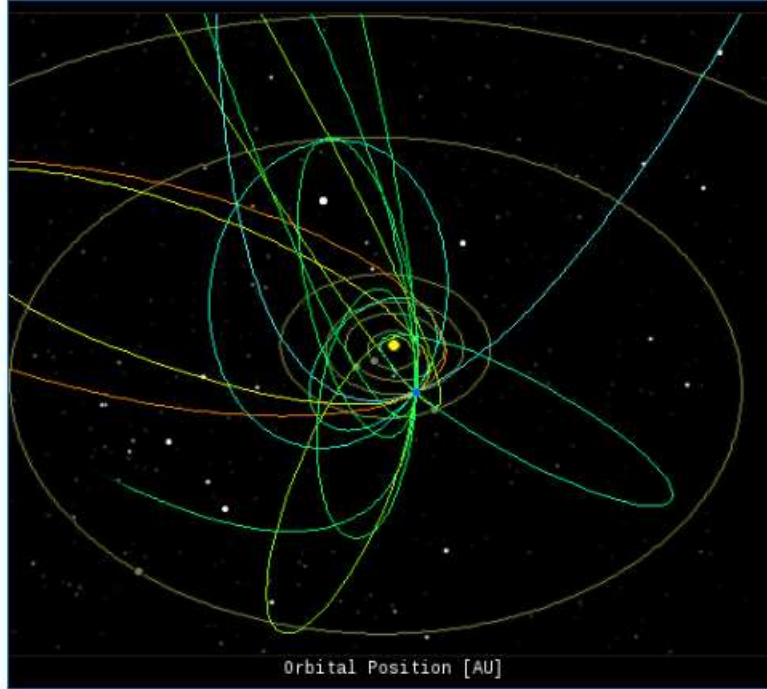

noted that they got within 72,000 miles of Earth, meaning they were significantly closer to the planet than the moon. 2018 NW was observed to be the faster of the two, with a recorded velocity of 47,647 mph. Asteroids moving close to and eventually past the Earth happens relatively often, with the report noting that something like that takes place

Grand Teton National Park has closed the Hidden Falls and Inspiration Point tourist attractions because of concerns that a fissuring rock wall could pose a danger, as growing cracks and fissures were observed in the large buttress above Hidden Falls. The main crack is about 100 feet (30 meters) long and runs horizontally along a rock wall that's at least 100 feet tall.

Grand Teton National Park rangers have closed Hidden Falls and Inspiration Point for fear that a fissuring rock wall could tumble down onto onlookers. Other Jenny Lake destinations remain open. via Park Services

A Syrian airbase used by Iran's Revolutionary Guard was targeted in a series of airstrikes Sunday night, Arab media outlets have claimed.

According to a report by Syria's state-controlled SANA news agency, the T-4 airbase in Syria was attacked by fighter planes which approached from the south.

The SANA report claimed that Syrian anti-air defense systems in the Homs area were activated in response to the attack, and that the defense network had successfully thwarted the act of "aggression". The report did not name the country responsible for the attack.

A Syrian military official was quoted by *Al-Masdar* as saying that Israeli fighter jets were

Prime Minister Benjamin Netanyahu told Russia on Wednesday that Israel would not seek to topple its ally, Syrian President Bashar Assad, but Moscow should encourage Iranian forces to quit Syria, a senior Israeli official said.

Netanyahu conveyed the message in [talks with Russian President Vladimir Putin](#), the official said, just hours after [Israel shot down what it described as a Syrian drone](#) that had penetrated its airspace, underscoring the frontier's volatility.

Israel has been on high alert as Assad's forces advance on rebels in the vicinity of the Golan Heights, much of which Israel captured from Syria in 1967 and annexed in 1981. Israel worries Assad could let his Iranian and Hezbollah terror reinforcements entrench near Israeli lines or that Syrian forces may defy a 1974 Golan demilitarization.

Terrorists operating out of the Hamas-ruled Gaza Strip are planning a new wave of arson attacks on Israeli territory, replacing the low-tech "terror kites" and "balloon bombs" with hi-tech drones to drop time bombs deeper inside Israel.

In recent weeks, Gaza terrorists have launched thousands of balloons and kites carrying improvised explosive and incendiary devices into Israeli territory, sparking some 700 fires and causing millions of dollars in property damage.

According to a report by *Israel Hayom* on Friday, Israeli security forces now believe that the Hamas terror organization which rules the Gaza Strip is planning more advanced attacks,

Islamic Jihad sources say that [the ceasefire](#) between Gaza leadership and Israel does not include the launching of incendiary kites, the journalist Suleiman A-Shafi told Avri Gilad and Hila Korach this morning, Sunday, on *Channel 2*.

A-Shafi's remarks were made as the security establishment remains alert ahead of the afternoon hours, when the young people of the Gaza Strip routinely use the wind to launch mortars and helium balloons into the fields of nearby Jewish communities.

A-Shafi said that Islamic Jihad elements with whom he is in contact claim that launching the kites and balloons is a "popular activity" that is not included in the ceasefire.

A-Shafi also noted that, in the eyes of Hamas and Islamic Jihad, launching kites is part of the "freedom of expression" that jihadists seek for themselves.

Walmart wants to listen to its workers and shoppers more. A lot more.

America's largest retailer has patented surveillance technology that could essentially spy on cashiers and customers by collecting audio data in stores. The proposal raises questions about how recordings of conversations would be used and whether the practice would even be legal in some Walmart stores.

Shroud of Turin SHOCKING revelation DISMISSES link to Jesus Christ

For centuries, Christians had believed the Shroud of Turin was used to wrap Jesus Christ's deceased body in after he had died.

Many even thought you could still see the imprint of his face.

However, new evidence has emerged which would suggest the Shroud of Turin is fraudulent.

Forensic evidence revealed the blood stains on the cloth came from a vertical position as if someone were standing over it.

رغم ان الرد على هذا سهل جدا لأنهم يتخيلوا ان الكفن لف به جسد المسيح وهو في القبر ونزف فيه وليس نزف أولا وهو على الصليب وهو قائم وف به بعد ذلك ولا نعرف اتجاهات التي تم لفه بها. وثانيا الحسابات هي فقط على دم ولم يعملوا حساباتهم انه دم مجلط وماء (وبلازما) تحركه وانزلاقه يكون مختلف.

When a scientific study was published showing that 90 percent of animals appeared on Earth at the same time as humans, you could almost hear the proverbial pin drop in the popular press, academia and evolutionary scientific community.

That was in May when Mark Stoeckle from the Rockefeller University in New York and David Thaler at the University of Basel in Switzerland, both evolutionary scientists, published in the *Journal of Human Evolution* the results of their meticulous and sweeping genetic study of the DNA barcodes of more than 100,000 animal species and humans showing man and all the animals seem to have sprung to life

they all seem to have appeared at once, a clear refutation of the theory of evolution over vast eons of time.

بل وعلماء درسوا ابحاثهم ووجدوا ان 5 مليون جين التي حللها منات العلماء ل 100,000 جنس هم يطابقوا نتائج ميتوكوندريال ايف التي اثبتت ان الانسان وهذه الاجناس كلهم من 6000 سنة كما قال دكتور ناتانيال جينسون من جامعة هارفارد

Nathaniel Jeanson, who holds a Ph.D. from Harvard University in cell and developmental biology.

He notes, of course, the fact that many species formed contemporaneously with modern human beings. But he adds that data strongly suggests that the mitochondrial DNA clocks of modern humans “formed within the last 6,000 years.”
