Holy_bible_1

اكرر هدفي فقط من هذه الخدمة أن نذكر بعضنا باننا نحتاج ان نستعد أي حياة اليقظة الروحية. والاستعداد ليس فقط قبل مجيء المسيح بل ايضا قبل الظلمة التي ستسبق مجيؤه ليكون عندنا زيت في مصابيحنا يكفي ان نعبر هذه الظلمة وتكون مصابيحنا مضيئة وقت مجيؤه او من منا سيسلم وديعته في أي وقت. بمعنى نحتاج من الان ان نستعد بقوة بأيمان عامل وبتنقية القلب وان نثمر بالخدمة أي نجمع زيت في مصابيحنا لان الظلمة والضيق اقتربت جدا ومن لن يستعد لها بزيت كافي من الان لن يجد زيت في الضيقة لان وقتها تجميع زيت سيكون صعب جدا بل أستطيع ان أقول من مثل العذاري انه لن يكون هناك زيت الا ما جمعه سابقا.

أفضل ان اقول لنفسي ولكم استعدوا الان لأنه اقترب فنكون مستعدين سواء جاء او نحن ان سلمنا وديعتنا عن أنى لا اقول انه اقترب لكيلا يقال عني كاذب وانشر اشاعات او اخيف البعض

ولكنه يأتي بسرعة بغته. لا اعتقد اي أحد ندم لأنه كان مستعد ومنتظر مجيء المسيح ولم يأتي

المسيح في زمنه ولكنه انتقل وهو مستعد ولكن كثيرين جدا ندموا على عدم الاستعداد عندما

انتقلوا

المسيح قال بعض العلامات مثل

انجيل لوقا 21

21: 10 ثم قال لهم تقوم امة على امة ومملكة على مملكة

21: 11 وتكون زلازل عظيمة في اماكن ومجاعات واوبئة وتكون مخاوف وعلامات عظيمة من

السماء

21: 25 وتكون علامات في الشمس والقمر والنجوم وعلى الارض كرب امم بحيرة البحر والامواج

تضج

21: 26 والناس يغطى عليهم من خوف وانتظار ما يأتي على المسكونة لان قوات السماوات

تتزعزع

21: 27 وحينئذ يبصرون ابن الانسان اتيا في سحابة بقوة و مجد كثير

سفر اعمال الرسل 2

2: 19 واعطي عجائب في السماء من فوق وآيات على الارض من أسفل دما ونارا وبخار دخان

2: 20 تتحول الشمس الى ظلمة والقمر الى دم قبل ان يجيء يوم الرب العظيم الشهير

2: 21 ويكون كل من يدعو باسم الرب يخلص

لماذا قال المسيح بعض العلامات؟

أولا لكيلا نرتاع

انجيل متى 24

مت 24: 6 وسوف تسمعون بحروب واخبار حروب **لا ترتاعوا** لأنه لا بد ان تكون هذه

كلها ولكن ليس المنتهى بعد

ثانيا لنؤمن

إنجيل يوحنا 14: 29

وَقُلْتُ لَكُمْ الْآنَ قَبْلَ أَنْ يَكُونَ، حَتَّى مَتَى كَانَ تُؤْمِنُونَ.

ثالثا لنتنبه ونستعد

انجيل لوقا 21

28 وَمَتَى ابْتَدَأَتْ هَذِهِ تَكُونُ، فَانْتَصِبُوا وَارْفَعُوا رُؤُوسَكُمْ لِأَنَّ نَجَاتَكُمْ تَقْتَرِبُ.»

علامات في السماء

بعض العلماء يحذرون من البرودة بسبب ان الشمس كانت هادئة بدون بقع شمسية اغلب سنة

Earth is set for BIG FREEZE as sun goes BLANK for majority of 2018

THE sun has been void of sunspots for more than half of the year as scientists believe the Earth could be in for a huge cold snap.

NASA predicts solar minimum will be at its lowest by 2020

Scientists are reporting that the sun has been free of sunspots for a total of 133 days this year.

كورونا شمسية مواجهة للأرض

CORONAL HOLE FACES EARTH: A hole in the sun's atmosphere is directly facing Earth and spewing a stream of solar wind toward our planet. NASA's Solar Dynamics Observatory photographed the structure using an extreme UV camera on Sept. 3rd:

This is a "coronal hole"—a region where the sun's magnetic field opens up and allows solar wind to escape. It looks dark in extreme UV images of the sun because the hot glowing plasma normally contained there is missing. In this case, the gaseous material is en route to Earth.

Minor geomagnetic storms are possible on **Sept. 7th** when the solar wind arrives. Arctic sky watchers have started seeing auroras with regularity in recent weeks as summer sunlight fades and autumn approaches. Adding a stream of solar wind to the mix will improve the light show even more. **Free:** [Aurora Alerts](#).

Large fireballs rattling homes and mysterious booms baffling people around the world

Aug 31, 2018 | 0 📖 | ★★★★★

In the last few days, large fireballs disintegrated in loud sonic booms rattling homes of baffled people. What's going on in the sky? Bright fireball lights up the night sky over Perth, Western Australia
A mysterious flash of light which lit up Western Australia's dark skies on August 28, 2018.

One Twitter user claimed that the light came through blue and went bright white before hitting the ground and exploding. There have been reports of sightings from Kaiapoi and Rangiora. Amanda Coster saw an orange object "burning up and coming down" in the sky, heading towards Mt Gray. [READ MORE](#)

CONNECT TWEET LINKEDIN COMMENT 16 EMAIL MORE

The sleeping giant may be about to awaken.

Hurricane activity in the Atlantic Ocean, Caribbean Sea and Gulf of Mexico is forecast to ramp up over the next couple of weeks. "Weather models have flipped the switch on the Atlantic hurricane season and see multiple areas of development possible, starting mainly this weekend," weather.us meteorologist Ryan Maue said.

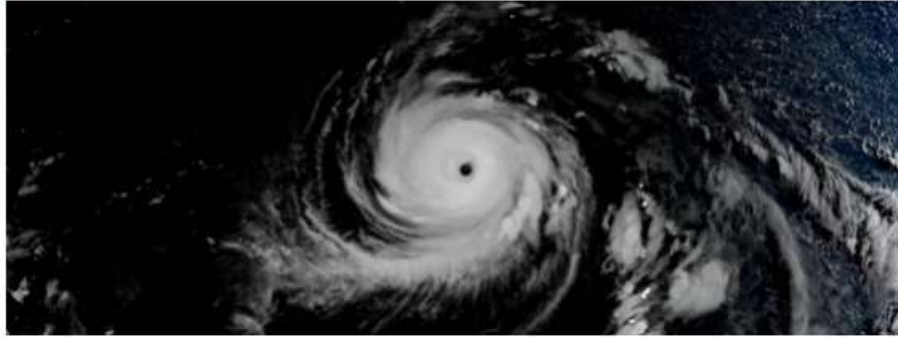

One storm could spin up in the Caribbean over the next few days and affect Florida over the Labor Day weekend. Looking further ahead, "there is the potential for two or

Tropical Cyclone "Jebi" reached Super Typhoon strength on August 31, 2018, and tied with Jelawat and Maria for the strongest storm on the planet in 2018. The current forecast track takes Jebi over Japan's Honshu island on September 3. The main threat from this storm will be rainfall. Authorities are warning residents to prepare for flooding and landslides.

At 18:00 UTC on August 31, the center of Super Typhoon "Jebi" was located approximately 640 km (400 miles) south of Iwo To, Japan and was moving WNW at 26 km/h (16 mph) over the past 6 hours, according to the JTWC. Its maximum sustained winds were 278 km/h

DEVELOPING: Florida and the US Gulf Coast on alert for budding Tropical Storm Gordon

Sep 2, 2018 | 0 | ★★★★★

A storm that is expected to become Tropical Storm Gordon will spread flooding rain and gusty winds from South Florida to the upper Gulf Coast early this week. A tropical wave continues to become better organized and a tropical depression is expected to develop near South Florida by Monday morning. Regardless of its exact strength, the system will spread heavy rain from the central Bahamas to South Florida into Monday.

People hoping to spend Labor Day at the beaches of South Florida will likely need to adjust their plans. "Flights into and out of Miami and Fort Myers area airports could face delays and cancellations on Monday," AccuWeather

[Follow @TheWatchers_](#)

Tropical Storm "Gordon" formed near the Upper Florida Keys at 12:05 UTC on September 3, 2018. However, the storm was affecting southern Florida and dumping heavy rain since September 2, forcing authorities to issue warnings for portions of South Florida and the Keys. This is the 7th named storm of the 2018 Atlantic hurricane season.

More Rarities: Another Squid, Massive Dead Crab Strandings on Oregon Coast

Published 08/12/2018 at 6:01 PM PDT
By Oregon Coast Beach Connection Staff

(Oregon Coast) – More strange finds on the Oregon coast this week: yet another rare squid and massive amount of crabs were found on the beaches lately. (Photos courtesy Tiffany Boothe, Seaside Aquarium).

A whole lotta dead Dungeness crabs are washing up as of late, and it has some a little concerned.

Some of it is just the usual crab molting that happens right about now: beaches this time of year can be flooded with the empty shells of crabs that have shed their outer layer as part of their normal growth process.

But many of the crabs are simply dead carcasses, with their meaty bodies still inside the shells. It's an unusually large amount of them: just about every beach on the Oregon coast is strewn with hundreds of them, sometimes thousands.

The culprit is a simple upwelling. This is when cold water gets churned up suddenly by a certain set of weather conditions and it brings up gobs of things from the bottom. This is definitely responsible for all the crabs washing up.

Sabah halts all poultry exports following bird flu detection in Tuaran

NATION

Monday, 13 Aug 2018

3:52 PM MYT

By Stephanie Lee

KOTA KINABALU: All poultry exports from Sabah have automatically been stopped, following detection of bird flu in chickens in Tuaran on Aug 3.

Sabah Agriculture and Food Industries minister Junz Wong said this was to prevent the spread of the virus outside of the contaminated area.

However, he did not specify how many stocks or which countries are affected by the export halt.

"For Brunei, they themselves requested to stop the import of our poultry following this incident," Wong said during a press conference on Monday (Aug 13).

A total of three chickens from two villages in Tuaran have been detected with the bird flu virus.

STDs continue rapid rise in U.S., setting new record, CDC says

Experts say many factors have contributed to the increase, though the biggest one may be less frequent condom use.

by Linda Carroll / Aug. 28, 2018 / 4:29 PM ET

Sexually transmitted diseases are on the rise in America, according to new data from the Centers for Disease Control and Prevention. In fact, nearly 2.3 million cases of chlamydia, gonorrhea and syphilis were diagnosed in the U.S. in 2017, surpassing the record set in 2016 by more than 200,000, CDC scientists reported Tuesday.

Experts say many factors have contributed to the rapid rise, though the biggest one may be less frequent condom use. It's less clear whether dating apps, like Tinder, have contributed in some way to the spread of STDs, though some researchers think they have.

"We have seen steep and sustained increases over the last five years," said Dr. Gail Bolan, director of the Division of STD Prevention at the CDC. "Usually there are ebbs and flows, but

2 X +9

Evangelist Franklin Graham reacted Wednesday to a report about a shocking increase in sexually transmitted diseases in the US.

In a series of tweets, he said, "The CDC announced yesterday that our nation has set another record, but it's not one to celebrate."

"Last year nearly 2.3 million cases of sexually transmitted diseases

Why whooping cough is making a comeback

Aug 28, 2018

By Helana Oliviero, The Atlanta Journal-Constitution

After a week with a dry cough, Karen Andes' son started experiencing middle-of-the-night coughing fits so severe, he couldn't talk. He returned home from his first trip to the urgent care clinic in mid-July with an inhaler and a five-day course of steroids.

The coughing fits didn't abate, and after a few days, the Decatur teenager jumped out of bed and got his mom's attention by

ABSTRACT

Birth rates in the United States have recently fallen. Birth rates per 1000 females aged 25–29 fell from 118 in 2007 to 105 in 2015. One factor may involve the vaccination against the human papillomavirus (HPV). Shortly after the vaccine was licensed, several reports of recipients experiencing primary ovarian failure emerged. This study analyzed information gathered in National Health and Nutrition Examination Survey, which represented 8 million 25-to-29-year-old women residing in the United States between 2007 and 2014. Approximately 60% of women who did not receive the HPV vaccine had been pregnant at least once, whereas only 35% of women who were exposed to the vaccine had conceived. For married women, 75% who did not receive the shot were found to conceive, while only 50% who received the vaccine had ever been pregnant. Using logistic regression to analyze the data, the probability of having been pregnant was estimated for females who received an HPV vaccine compared with females who did not receive the shot. Results suggest that females who received the HPV shot were less likely to

Claims HPV vaccine has potentially 'deadly' side effects

Campaigners are calling on government to fully investigate the alleged harms caused by routine vaccinations given to millions of young girls.

Around 40 people - including health professionals and politicians - attended a public meeting in the Legislative Buildings yesterday.

No one from the Department of Health and Social Care was present.

Former government healthcare advisor Courtenay Heading says a 'trillion dollar' global pharmaceutical industry is prioritising profit over patient welfare.

He says the HPV vaccine, which is offered to all girls in school Year 8 in the Island, has potentially deadly side effects - and has not been proven to prevent cervical cancer.

At least two Manx girls have been left with infertility and seizures, he claims.

NKorea still 'serious and imminent threat': Japan

by Staff Writers
Tokyo (AFP) Aug 28, 2018

North Korea still poses a "serious and imminent threat", Japan said Tuesday in its first annual defence review since tensions eased on the Korean peninsula.

Japan's 2018 defence white paper also took aim at China's rise as a military power, saying Beijing was sparking "strong security concerns in the region and international community, including Japan".

Last year's defence review was published at the height of the tensions with North Korea, amid nuclear and missile tests and with US President Donald Trump threatening to rain down "fire and fury" on Pyongyang if it kept up its threats.

But since then, a spectacular diplomatic detente has taken place, culminating in the historic summit between Trump and the North's leader Kim Jong Un in Singapore on June 12.

Nevertheless, Tokyo insisted on Tuesday: "There is no change in our basic recognition concerning the threat of North Korea's nuclear weapons and missiles."

Pyongyang continues to post "an unprecedentedly serious and imminent threat to Japan's security and (to) significantly damage the peace and security of the region and the international community", according to Tokyo.

Japanese Defence Minister Itsunori Onodera acknowledged in the document that North Korea had begun dialogue with former foes the US and South Korea.

"But we cannot overlook the fact that, even to this day, it possesses and fully deploys several hundred missiles that put nearly all of Japan within range," stressed the minister.

Iranian missiles (illustrative)

Iran moved long-range ballistic missiles to Iraq, Reuters reported.

The news site quoted three Iranian officials, two Iraqi intelligence sources, and two Western intelligence sources, all of whom confirmed the transfer of short-range missiles to Iraq over the course of several months.

Some of the officials added that Iran is helping its allies produce their own missiles as well.

Speaking to Reuters, one of the Iranian officials said that "the logic was to have a backup plan if Iran was attacked."

"The number of missiles is not high, just a couple of dozen, but it can be increased if necessary."

France's Macron proposes EU collective defence plan

by Staff Writers
Helsinki (AFP) Aug 30, 2018

French President Emmanuel Macron suggested that Europe adopts a form of collective defence on Thursday as he strengthens calls for EU integration in the face of concerns over the United States' security commitments.

Macron, who has called on the bloc to stop its reliance on Washington as a military backstop, said Europe should seek "strategic autonomy" in defence, during a press conference with his Finnish counterpart in Helsinki.

In order to achieve this he proposed "cooperation reinforced almost automatically, which will mean that, for member states who agreed with the reform, we could have a real solidarity of intervention if one state was attacked".

His comments come after US President Donald Trump repeatedly distanced himself from the NATO military alliance, which groups the United States with most of Europe and has underpinned European security since World War II based on the idea of mutual defence.

Macron said his suggested cooperation pact would resemble "a kind of reinforced article 5", referring to the NATO defence clause that determines that an attack on one member state is an attack on all.

The French leader insisted that this was not a move to undermine the NATO agreement, which "remains an important and strategic alliance".

France, which has the EU's largest military force after Britain, has backed the idea of a small joint European response force over.

RFID CHIPS IN HUMANS: FORBIDDEN BY TORAH, PREVENTING REDEMPTION

By Adam Eliyahu Berkowitz August 29, 2018 , 1:59 pm

“

The anger of Hashem again flared up against Yisrael; and He incited David against them, saying, “Go and number Yisrael and Yehuda.” II Samuel 24:1 (The Israel Bible™)

RFID tag. (Credit: The Digital Bridges/Screen capture)

Blurring the boundaries separating man from machine, a technology growing in popularity allows computer chips to be implanted under the skin. This may be prohibited by the Bible but one rabbi warns of a greater danger: the chips could be used as a Nazi-like tool to control the populace.

The process is relatively simple. An identifying integrated circuit device or Radio-frequency identification (RFID) transponder encased in silicate glass approximately the size of a grain of rice is implanted under the skin using a device similar to a syringe. Local anaesthetic is used during the procedure. The use of subdermal RFID's for domestic and farm

Did Archeologists just discover the location where Jesus turned water into wine?

Aug 30, 2018 | 0 | ★★★★★

A mystery has surrounded the site of Jesus's first miracle for centuries, but an answer may finally be at hand. According to the Gospel of John, Jesus changed water into wine during the Wedding at Cana. For hundreds of years, pilgrims have believed the site of the miracle to be Kafr Kanna, a town in northern Israel, where they visit the 20th-century Wedding Church. But the true location has long been debated –

Argentina's central bank hikes rates to 60% as the currency collapses

- Investors are increasingly concerned Latin America's third-largest economy could soon default as it struggles to repay heavy government borrowing.
- The peso is down more than 45 percent against the greenback this year, exacerbating pre-existing fears over the country's weakening economy and inflation running at 25.4 percent this year.
- "I know that these tumultuous situations generate anxiety among many of you ... I understand this, and I want you to know I am making all decisions necessary to protect you," Macri said.

Trump Threatens to Pull U.S. Out of WTO If It Doesn't 'Shape Up'

John Micklethwait Margaret Talev Jennifer Jacobs

Published: Aug 30 2018, 2:23 PM

Last Updated: Aug 31 2018, 3:46 AM

(Bloomberg) — President Donald Trump said he would pull out of the World Trade Organization if it doesn't treat the U.S. better, targeting a cornerstone of the international trading system.

"If they don't shape up, I would withdraw from the WTO," Trump said Thursday in an Oval Office interview with Bloomberg News. Trump said the agreement establishing the body "was the single worst trade deal ever made."

A U.S. withdrawal from the WTO potentially would be far more significant for the global economy than even Trump's growing trade war with China, undermining the post-World War II system that the U.S. helped build.

Trump said last month that the U.S. is at a big disadvantage from being treated "very badly" by the WTO for many years and that the Geneva-based body needs to "change their ways."

President Donald Trump speaks with evangelical leaders during a dinner at the White House on Aug. 27, 2018.

About 100 evangelical leaders were invited to dinner at the White House Monday night for what was a prayer-filled event that's been compared to a church camp meeting and a campaign rally.

Dubbed a "state dinner" for evangelical leaders, the event was held specifically in the "honor of evangelical leadership." The dinner was attended by dozens of evangelical pastors, evangelists and activists who've been involved in informally

Atheists Fail to Remove 'In God We Trust' From Money After Court Defeat, Call It 'Utterly Revolting'

Share On Facebook

PIXABAY/TBIT

"In God We Trust," the national motto that's been used for centuries on public buildings and money, is now under debate after Democratic state senators opposed its display in Minnesota schools.

Atheists who failed to remove the national motto "In God We Trust" from U.S. coins and bills following an appeals court defeat have called their loss "utterly revolting."

The 8th U.S. Circuit Court of Appeals in St. Paul, Minnesota, upheld in a 3-0 decision on Tuesday a lower court ruling from December 2016 that found that the national motto on money did not violate First Amendment free speech and religious rights.

As the *New Doe Child # 1 v. The Congress of the United States* case explains, 27 individuals who are atheists or children of atheists, along with two atheist organizations, declared that they "definitely do not trust in God."

Iran is the world's leading sponsor of international terrorism. But did you know the Islamic Republic is also the one country where Christianity is growing the fastest in the world? Mike Ansari of "Heart4Iran" spoke with CBN News' George Thomas and Emily Jones about how God is moving powerfully inside this Muslim nation.

Iran's hardline government has sentenced four Christians to harsh prison terms for putting their faith in Jesus Christ.

Boston May Legally Bar Christian Flag From City Hall Flagpole, Federal Court Rules

Share On Facebook

Share On Twitter

By Samuel Smith , CP Reporter | Aug 31, 2018 8:31 AM

(PHOTO: PIXABAY / SESPIDER)

A Christian flag flies below the flag of the United States.

The city of Boston may legally deny a request to fly a Christian flag on a City Hall flagpole while accepting other cultural groups' requests to fly their flags, a federal judge ruled on Wednesday.

According to U.S. District Court Judge Denise J. Casper, the city does not have to fly a Christian flag with a cross on it from a municipal flagpole on the same day in which the Christian civic group Camp Constitution hosts its Constitution Day

The rotunda of the Pennsylvania capitol building in Harrisburg, Pennsylvania, July 18, 2014.

A U.S. District Court judge has ruled against the Pennsylvania House of Representatives' policy of guest chaplains giving invocations before meetings, claiming that it discriminates on the basis of religion.

For years, Pennsylvania's lower legislative house has had an invocation policy in place that allows for guest chaplains who are ordained clergy or members of the legislative body to give opening prayers before meetings.

Image from Netflix's controversial new series "Insatiable."

Many viewers of Netflix's series "Insatiable" have called for its cancellation amid accusations of fat shaming, but a conservative group is also shedding light on its constant attacks on the Christian faith.

Aimed at a teenage audience, the 12-part first season has been criticized by the Media Research Center's [News Busters](#) for promoting "all kinds of sexual and gender identity exploration among minors and adults alike, to liberal issues like abortion."

College Bans 9/11 Memorial, Says It's Biased Against Muslim Students

08-31-2018 - Dale Hurd

Ripon College in Wisconsin has decided that a September 11 memorial cannot take place because it creates an environment where "students from a Muslim background would feel singled out and/or harassed."

Citing reports of bias filed during last year's "9/11: Never Forget Project" by Young America's Foundation, administrators ruled against the exhibit showing images from the 9/11 attack "because radical Islamist terrorism 'represents a small percentage of the terrorist attacks that happened to this country.'"

TARBORO, N.C. (WTVD) -- Parents of a fifth grader are concerned after their child was punished for referring to his teacher as "ma'am."

Teretha Wilson said she noticed something was wrong Tuesday when her 10-year old son Tamarion got off the school bus from North East Carolina Preparatory School.

"I asked him what happened. He said he got in trouble for saying 'yes ma'am'," explained Wilson.

فلهذا اطلب أن نصلي ونستعد ونعد زيت لمصاييحنا لاستقبال العريس بالصلاة والصوم وخدمة
أبناء الله وتنقية القلب والاستعداد بلبس العرس.

رسالة بولس الرسول الي أهل رومية 13

13: 11 هذا وأنكم عارفون الوقت انها الان ساعة لنستيقظ من النوم فان خلاصنا الان أقرب مما

كان حين امنا

13: 12 قد تنهى الليل وتقارب النهار فلنخلع اعمال الظلمة ونلبس اسلحة النور

13: 13 لنسلك بلياقة كما في النهار لا بالبطر والسكر لا بالمضاجع والعهر لا بالخصام والحسد

13: 14 بل البسوا الرب يسوع المسيح ولا تصنعوا تدبيرا للجسد لأجل الشهوات

احترس ان لم تتمسك بالمسيح من الان قد لا تستطيع في المستقبل القريب بسبب الظلام.

وكما قلت هو اخبرنا لكي لا نخاف

انجيل متى 24

مت 24: 6 وسوف تسمعون بحروب واخبار حروب **لا ترتاعوا** لأنه لا بد ان تكون هذه

كلها ولكن ليس المنتهى بعد

بطرس الأولى 3: 14

وَلَكِنْ وَإِنْ تَأَلَّمْتُمْ مِنْ أَجْلِ الْبِرِّ، فَطُوبَاكُمْ. وَأَمَّا خَوْفُهُمْ فَلَا تَخَافُوهُ وَلَا تَضْطَرُّوْا،

بل نؤمن

إنجيل يوحنا 14: 29

وَقُلْتُ لَكُمْ الْآنَ قَبْلَ أَنْ يَكُونَ، حَتَّى مَتَى كَانَ تُؤْمِنُونَ.

ثالثًا لنتنبه ونستعد

انجيل لوقا 21

28 وَمَتَى ابْتَدَأَتْ هَذِهِ تَكُونُ، فَأَنْتَصِبُوا وَارْفَعُوا رُؤُوسَكُمْ لِأَنَّ نَجَاتَكُمْ تَقْتَرِبُ.»

افرحوا لان عريسنا قد اقترب مجيؤه. وانتبهوا الشيطان يريد أن نفقد سلامنا ولا ننال أكاليل.

وأيضا استعدوا فقد تسلموا وديعتكم في أي وقت فهناك 150 ألف شخص يموتوا في اليوم الواحد

انت لا تعرف متى ستكون منهم

المسيح اقترب فاصنعوا ثمار تليق بالتوبة واستعدوا لاستقبال العريس.

والمجد لله دائما
