والعلامات حتى 11 سبتمبر 2018

Holy_bible_1

اكرر هدفي فقط من هذه الخدمة أن نذكر بعضنا باننا نحتاج ان نستعد أي حياة اليقظة الروحية. والاستعداد ليس فقط قبل مجيء المسيح بل ايضا قبل الظلمة التي ستسبق مجيؤه ليكون عندنا زيت في مصابيحنا يكفي ان نعبر هذه الظلمة وتكون مصابيحنا مضيئة وقت مجيؤه او من منا سيسلم وديعته في أي وقت. بمعنى نحتاج من الان ان نستعد بقوة بأيمان عامل وبتنقية القلب وان نثمر بالخدمة أي نجمع زيت في مصابيحنا لان الظلمة والضيق اقتربت جدا ومن لن يستعد لها بزيت كافي من الان لن يجد زيت في الضيقة لان وقتها تجميع زيت سيكون صعب جدا بل أستطيع ان أقول من مثل العذاري انه لن يكون هناك زيت الا ما جمعه سابقا.

أفضل ان اقول لنفسي ولكم استعدوا الان لأنه اقترب فنكون مستعدين سواء جاء او نحن ان سلمنا وديعتنا عن أنى لا اقول انه اقترب لكيلا يقال عني كاذب وانشر اشاعات او اخيف البعض

ولكنه يأتي بسرعة بغته. لا اعتقد اي أحد ندم لأنه كان مستعد ومنتظر مجيء المسيح ولم يأتي

المسيح في زمنه ولكنه انتقل وهو مستعد ولكن كثيرين جدا ندموا على عدم الاستعداد عندما

انتقلوا

المسيح قال بعض العلامات مثل

انجيل لوقا 21

21: 10 ثم قال لهم تقوم امة على امة ومملكة على مملكة

21: 11 وتكون زلازل عظيمة في اماكن ومجاعات واوبئة وتكون مخاوف وعلامات عظيمة من

السماء

21: 25 وتكون علامات في الشمس والقمر والنجوم وعلى الارض كرب امم بحيرة البحر والامواج

تضج

21: 26 والناس يغطى عليهم من خوف وانتظار ما يأتي على المسكونة لان قوات السماوات

تتزعزع

21: 27 وحينئذ يبصرون ابن الانسان اتيا في سحابة بقوة و مجد كثير

سفر اعمال الرسل 2

2: 19 واعطي عجائب في السماء من فوق وآيات على الارض من أسفل دما ونارا وبخار دخان

2: 20 تتحول الشمس الى ظلمة والقمر الى دم قبل ان يجيء يوم الرب العظيم الشهير

2: 21 ويكون كل من يدعو باسم الرب يخلص

لماذا قال المسيح بعض العلامات؟

أولا لكيلا نرتاع

انجيل متى 24

مت 24: 6 وسوف تسمعون بحروب واخبار حروب **لا ترتاعوا** لأنه لا بد ان تكون هذه

كلها ولكن ليس المنتهى بعد

ثانيا لنؤمن

إنجيل يوحنا 14: 29

وَقُلْتُ لَكُمْ الْآنَ قَبْلَ أَنْ يَكُونَ، حَتَّى مَتَى كَانَ تُؤْمِنُونَ.

ثالثا لنتنبه ونستعد

انجيل لوقا 21

28 وَمَتَى ابْتَدَأَتْ هَذِهِ تَكُونُ، فَانْتَصِبُوا وَارْفَعُوا رُؤُوسَكُمْ لِأَنَّ نَجَاتَكُمْ تَقْتَرِبُ.»

Sign of the Times? Comet Hurtles Toward Earth During Feast of Trumpets

9:00AM EDT 8/4/2018 | RON ALLEN

(Pixabay/Buddy_Nath)

A small comet, 21-P/Giacobini-Zinner, will make its closest approach to Earth during the week of the Feast of Trumpets.

The Hebrew Feast of Trumpets occurs on the first day of the seventh month of the religious year. It is also the first day of the Hebrew secular year and is also known as Rosh Hashanah, meaning "the head of the year". For the Christians, the feast of trumpets is one of the seven feasts of Israel, with the three spring feasts showing Christ's coming, the Feast of Pentecost showing the coming of the Church, and the three fall feasts showing Christ's Second Coming. The Feast of Trumpets is a

Within The Next 7 Days A Large Solar Storm Will Hit Earth And Comet 21P Will Make The Closest Approach In 72 Years

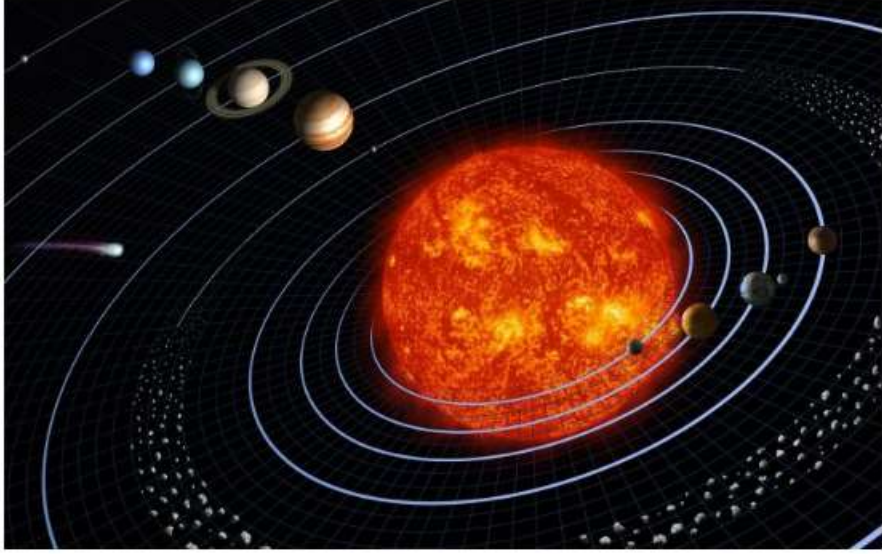

September 4, 2018 by Michael T. Snyder

This week, some unusual things will be happening up in the heavens. According to NASA's Solar Dynamics Observatory, it is being projected that a large solar storm will hit our planet on September 7th. Three days later, Comet 21P is going to make the closest approach to Earth that we have seen in 72 years. And all of this is happening during the same week as the important prophetic Biblical festival known as the Feast of Trumpets. Some are speculating that these "signs in the heavens" could be intended to communicate something to us. But is anyone out there paying attention?

Hurricane Florence Trekking Through the Central Atlantic Ocean; Interests in Bermuda and Along U.S. East Coast Should Monitor

By the weather.com digital meteorologists · 2 hours ago · weather.com

00:30

Hurricane Florence Could Threaten Bermuda

Meteorologist Domenica Davis looks at the latest forecast for Hurricane Florence.

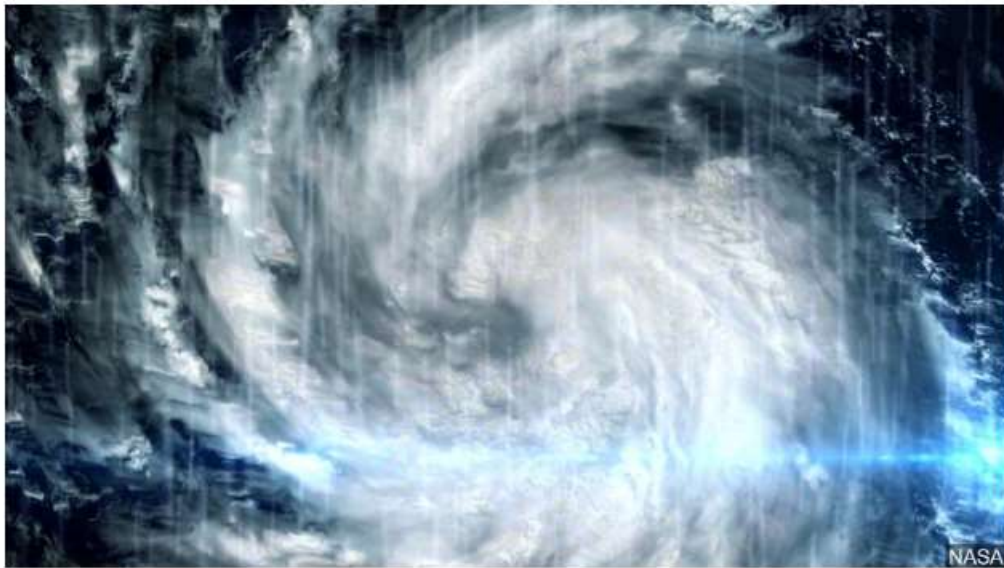

At a Glance

- Florence is the third hurricane of the 2018 season in the Atlantic.
- It will continue to track through the Atlantic into September's second week.
- There is a large amount of uncertainty when it comes to Florence's path next week.

Florence upgraded to Category 4 hurricane in Atlantic

By The Associated Press | Posted: Wed 6:27 AM, Sep 05, 2018 | Updated: Wed 2:00 PM, Sep 05, 2018

MIAMI (AP) — Florence has been upgraded to a Category 4 hurricane and is likely to cause "life-threatening" surf and rip current conditions in Bermuda later this week.

The National Hurricane Center said the storm's maximum sustained winds Wednesday afternoon are estimated to be 130 mph (215 kph).

Hurricane Florence is centered about 1,295 miles (2,080 kilometers) east-southeast of Bermuda and is moving northwest at 13 mph (20 kph).

Forecasters expect Florence to weaken somewhat over the next few days, but they anticipate it will still be a powerful hurricane through early next week.

Florence may track near Bermuda, US East Coast while it restrengthens in Atlantic

By **Alex Sosnowski**, AccuWeather senior meteorologist
September 09, 2018, 7:34:04 AM EDT

Share this article:

In a moment you will be redirected to the latest forecast story for Florence.

Florence is forecast to restrengthen into a hurricane and push close to Bermuda and the United States East Coast this week. Florence may evolve into a serious direct threat.

Florence is a relatively small tropical system, and small tropical systems are very vulnerable to both ideal and poor environmental conditions.

After forming near the Cabo Verde Islands last weekend, Florence became the first Category 4 hurricane of the 2018 Atlantic season as it entered a zone of low wind shear and sufficiently warm waters last week.

Wind shear is the increase in wind speed and change in wind direction with either increasing altitude or over a horizontal distance. High wind shear can prevent a tropical storm from forming and cause a well-developed hurricane to weaken.

A zone of strong wind shear has caused Florence to weaken to a tropical storm. Additional fluctuations in strength are anticipated.

Typhoon "Jebi" slammed into western Japan on September 4, 2018, killing at least 9 people and injuring more than 300. This is the fourth typhoon to strike Japan this year and the first categorized as 'very strong' to make landfall in mainland Japan in 25 years.

Jebi made its first landfall in the southern part of Tokushima Prefecture around 03:00 UTC (12:00 JST), September 4 with sustained winds of over 160 km/h (100 mph), making it the strongest typhoon to hit mainland Japan since Typhoon "Nancy" in 1993. The second landfall took place in Hyogo Prefecture, just east of Kobe, around 05:00 UTC (14:00 JST).

The typhoon left a trail of destruction, killed at least 9 people and injured more than 300 others, as of 18:00 UTC, September 4.

[Follow @TheWatchers_](#)

Tropical Storm "Helene" formed 03:00 UTC on September 8, 2018, near the coast of West Africa as the 8th named storm of the 2018 Atlantic hurricane season. The cyclone is moving westward toward the southern Cabo Verde Islands where tropical storm conditions are expected by the end of the day. The government of the Cabo Verde Islands has issued a Hurricane Watch for the southern islands of Santiago, Fogo and Brava.

At 12:00 UTC on September 8, the center of Tropical Storm "Helene" was located 465 km (290 miles) of the southernmost Cabo Verde Islands. The storm was moving W at 20 km/h (13 mph) and had

Hurricane "Olivia," the 15th named storm of the 2018 Pacific hurricane season, is intensifying as it tracks toward Hawaii. Little change in strength is forecast through late Monday (HST), with gradual weakening possible starting sometime Tuesday, September 11. It is important to not focus on the exact forecast track and intensity when planning for Olivia, NHC said. Persons on all of the main Hawaiian Islands should continue preparing for the likelihood of direct impacts from this system Monday and early Tuesday, September 10 and 11. Those impacts could include intense flooding rainfall, damaging winds, large and dangerous surf, and storm surge.

DEVELOPING: Fire roaring through Northern California triples in size

Sep 6, 2018 | 0 | *****

An explosive wildfire that closed down dozens of miles of a major California freeway nearly tripled in size overnight, just weeks after a nearby blaze that left neighborhoods in ruins and killed eight people, officials said Thursday. The fire that erupted Wednesday afternoon and devoured timber and brush on both sides of Interstate 5 near the Oregon state line had expanded to 23 square miles Thursday (60)

square kilometers, prompting mandatory evacuations, the U.S. Forest Service said in a statement. That's up from 8 square miles (21 square kilometers) burning on Wednesday. Authorities did not say in the statement how many people were affected by the evacuation order, but the fire is in a rural area with scattered homes. The blaze was

California takes financial wallop from unrelenting wildfires

By NOAH BERGER and PAUL ELIAS
Today

   <https://apn>

SHASTA-TRINITY NATIONAL FOREST, Calif. (AP) — California is taking a financial wallop from unrelenting wildfires that have drained its firefighting budget and prompted nearly \$1 billion in property claims even before the start of the dangerous fall fire season, officials said Thursday.

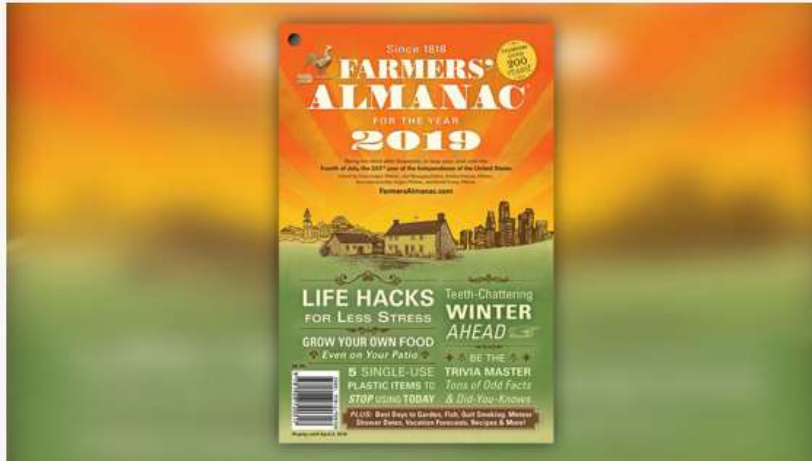

The disclosures came as a roaring blaze in a rural area near the Oregon state line closed 45 miles (72 kilometers) of heavily traveled Interstate 5, the main highway from Mexico to Canada.

Fierce orange flames forced panicked truckers to abandon big-rigs and brought screams from motorists as they watched the

Farmers' Almanac Warns, Brace for a 'Stingingly Cold... Teeth-Chattering Winter'

09-08-2018 - Steve Warren

While maybe not as legendary as Pennsylvania's Punxsutawney Phil for forecasting the weather weeks in advance, the just-released *Farmers' Almanac for the Year 2019* has given its long-range prognostication for the United States. The forecast – an icy-cold winter is coming.

"In terms of the winter for 2018-2019, we think *it's going to be teeth-clatteringly cold*, primarily in the northern tier of states from New England over to the West Coast", Almanac Editor Peter Geiger told *CBN News* in a recent interview. "The middle part of the country, what I

Parts of South Africa blanketed in snow, roads and mountain passes closed

Posted by TW on September 10, 2018 in categories [Editors' picks](#), [Ice & snow](#)

[Follow @TheWatchers_](#)

Most of South Africa's Western Cape was blanketed in snow over the weekend, causing temporary road closures and providing a new and snowy environment to animals not used to such wintry conditions.

A cold front swept through parts of parts southern South Africa on September 6 and 7, covering most of Western Cape in snow and dropping heavy rain across the country.

Due to snow and slippery conditions, the Department of Transport closed the Lootsberg Pass on the N9 between Middelburg and Graaff-Reinet and the Wapadsberg Pass on the R61 between Cradock and Graaff Reinet in the Eastern Cape. All relevant Emergency Services personnel were on high alert and would continuously monitor the road, the department said.

Deadly Fuego volcano spews massive avalanche in Guatemala (video)

By **Strange Sounds** - Sep 9, 2018 1

Like 211

Still unstable after a devastating and deadly eruption last June, Guatemala's 'Volcano of Fire' has spewed an avalanche of volcanic gas and rock, known as pyroclastic flow on September 7, 2018.

Volcano de Fuego erupts in Guatemala on September 7, 2018. Picture via F Boudrias / Shutterstock

Aerial footage of the phenomenon shows the exact moment the volcano roars back to life, before dust ascends into the air and a deluge begins flowing in the direction of the Las Lajas ravine. The torrent of pyroclastic particles, authorities said, was most

SANIBEL

309 tons of dead fish cleared from Sanibel beaches

After rallying for funds and more than a week of cleanup efforts, Sanibel has removed 309 tons of dead fish that washed up from red tide.

Sanibel is still struggling with larger fish, like Goliath grouper, washing ashore every day during low tide.

Thankfully, the amount of smaller fish washing up is dwindling and they are using fewer crews for cleanup efforts.

Thousands of dead fish found in Pamlico River

Posted: Fri 3:13 PM, Aug 17, 2018 | Updated: Fri 8:01 PM, Aug 17, 2018

BEAUFORT COUNTY, NC (WITN) - Thousands of dead fish have been found in the Pamlico River.

Residents of Blounts Creek say they first noticed the dead fish this morning.

Some of the dead fish have littered the beach, while others are still floating in the water.

The North Carolina Department of Environmental Quality is looking into the fish kill.

Forrest English, the Pamlico/Tar Riverkeeper, says fish kills often happen when there's a lack of

Toxic red tide algae moves north near Tampa Bay, killing hundreds of thousands of fish

Alex Horton, The Washington Post Published 10:40 am CDT, Sunday, September 9, 2018

The toxic algae bloom that has carved a trail of dead animals and triggered a putrid stench along western Florida's coastline has drifted further north, killing hundreds of thousands of fish in the Tampa Bay region.

The legions of dead fish were reported in a 20-mile stretch of coastline from Clearwater to St. Petersburg, environmental officials with Pinellas County told the Tampa Bay Times on Saturday.

County workers roamed beaches and trawled offshore to collect the fish carcasses to head off decomposition as some beachgoers turned back. Rotting fish and the strong odor of the algae has previously repelled locals and imperiled Florida's vital tourism sector for much of the summer.

The toxic algae has claimed countless fish, hundreds of sea turtles, dozens of bottlenose dolphins and even a 26-foot whale shark in the last few months. The toxic algae stretches in varied density for about 120 miles of coastline, the Florida Fish and Wildlife Conservation Commission said.

MISSILE DEFENSE

Russian military successfully test-fires new interceptor missile

by Staff Writers
Moscow (Sputnik) Aug 30, 2018

According to the Russian Defense Ministry's statement, the new missile interceptor has reliably confirmed its performance specifications and successfully accomplished the set task by destroying a simulated target with a required accuracy.

"An air and missile defense unit of the Russian Aerospace Forces has carried out another successful test of a new interceptor missile at the Sary Shagan anti-ballistic missile testing range in Kazakhstan," the ministry said in a statement.

In April, Russian Defense Ministry reported that a new upgraded anti-ballistic missile system designed to protect Moscow against air and space attacks, as well as to carry out tasks in the interests of missile attack warning systems and control of outer space, has been successfully tested in Kazakhstan.

File image of a test launch of a Russian interceptor missile.

Russia is in the process of implementing a large-scale rearmament program, which was announced in 2010. The country reportedly aims to upgrade 70 percent of its military equipment by 2020.

During the annual address to the Federal Assembly on March 1, Russian President Vladimir Putin said that Moscow had developed a number of advanced weapons, including combat laser systems, intercontinental underwater drones capable of operating at large depths and moving several times faster than all existing ships, a prospective hypersonic missile and nuclear-powered cruise missiles.

Xi to attend Russia summit, North Korea's Kim invited

by Staff Writers
Beijing (AFP) Sept 7, 2018

Chinese President Xi Jinping will attend a regional summit in Russia next week, officials said Friday, joining the prime ministers of Japan and South Korea at a gathering to which North Korean leader Kim Jong Un was invited.

Russian President Vladimir Putin has invited Kim to participate in the September 11-13 Eastern Economic Forum in Vladivostok.

Kim has not confirmed his attendance, but his participation would mark another major step in his efforts to bring Pyongyang out of international isolation over its nuclear weapons programme.

At a press briefing to announce Xi's visit, Chinese officials would not comment on whether Xi planned to meet with other leaders during the summit.

"Should we have any proposals from other countries, China will positively consider" them, assistant foreign minister Zhang Hanhui told reporters.

Kim and Xi met three times in China this year as the two countries seek to repair relations frayed by North Korea's nuclear activities and Beijing's backing of United Nations sanctions against its Cold War-era ally.

Xi is sending the head of China's rubber-stamp legislature, Li Zhanshu, to Pyongyang this weekend to attend celebrations marking North Korea's 70th anniversary, ending speculation that the Chinese president would use the occasion to make his first official trip to the neighbouring country.

In the latest chapter in the roller-coaster diplomacy over North Korea, US President Donald Trump signalled on Thursday that negotiations on denuclearisation remain alive after weeks of an apparent deadlock.

Iran: US unilateralist policy, cause of violence in world

New York, Sept 6, IRNA – Permanent representative of the Islamic Republic of Iran to the United Nations (UN) condemned the US unilateralist and interventionist policies which have brought violence to the world.

Speaking at the UN High-Level Forum on the Culture of Peace, Gholamali Khoshroo said the economic sanctions being re-imposed by the US on other countries is a threat to the international and regional peace and security.

The US unilateralist, interventionist and short-sighted policies have led to taking military actions against independent countries, strengthening terrorism and spreading violence and aggression out on the world, on the Middle East region in particular, Khoshroo said.

The Democratic ticket in Michigan's gubernatorial race has come under fire again, after it was revealed that the nominee for Lieutenant Governor made statements condemning Israel and legitimizing the Hamas terrorist organization.

This after the gubernatorial candidate refused to denounce the anti-Israel Boycott, Divestment and Sanctions movement at a meeting with voters late last month.

Last month, Michigan Democrats nominated former county prosecutor and former Minority Leader of the Michigan Senate Gretchen Whitmer for this November's gubernatorial race.

Balloon bombs

An IDF aircraft fired on a terrorist squad that launched firebombs attached to balloons in the northern Gaza Strip on Friday morning.

Arab media reported that two people were wounded in a vehicle which was struck by the fire from the IDF aircraft.

Another large-scale demonstration is expected at the Gaza border fence later today.

The violence on the Gaza border has decreased in recent weeks after months of riots and arson attacks which culminated in the [firing of](#)

Japan claims China 'escalating' military actions

by Staff Writers
Tokyo (AFP) Sept 3, 2018

Japan's defence chief on Monday warned the country faces a tough security environment, with China and Russia stepping up military activity and North Korea posing "imminent threats".

Defence Minister Itsunori Onodera said China had been "unilaterally escalating" its military activities in the past year, including carrying out new airborne operations around Japan and running a nuclear submarine near disputed East Coast isles.

"China has been rapidly improving its military strength and fast increasing its military activities," Onodera told an annual gathering of the top brass of Japan's Self-Defense Forces.

"It is unilaterally escalating its military activities in the sea and aviation spaces around our country. This has become a significant concern for our country's defence," he said.

Onodera made the remarks as Tokyo attempts to improve its tense diplomatic ties with Beijing, with Prime Minister Shinzo Abe expected to visit Japan's biggest trade partner next month.

On coming to power, Abe took a firm position on Japan's claims to a disputed island chain in the East China Sea, aggravating tensions with Beijing.

But he has since softened his rhetoric, and called on China to press North Korea to give up its nuclear and missile programmes.

FILE - A photo distributed by the Houthi Military Media Unit shows the launch by Houthi forces of a ballistic missile aimed at Saudi Arabia, March 25, 2018. The Houthis said Wednesday they launched a ballistic missile at a Saudi National Guard camp near the border city of Najran.

RIYADH, SAUDI ARABIA — Saudi Arabia's air defense forces intercepted and destroyed a ballistic missile fired by Yemen's Houthis in the southern city of Najran, wounding 26 people with shrapnel, Saudi civil defense said Wednesday.

An asylum seeker and a refugee from Iraq are alleged to have plotted a driverless car bomb attack in the UK, targeting "infidels", Sheffield Crown Court has heard.

Prosecutor Anne Whyte QC told the jury Tuesday that Iraqi asylum seeker Farhad Salah, 23, and Iraqi refugee Andy Star, 32, had plotted an attack using an improvised explosive device (IED) delivered to the target site using driverless vehicles "in a way here in the UK that spared their own lives, preferably, but harmed others they considered to be infidels".

Russia says space station leak may be sabotage

September 4, 2018

The International Space Station is one of the few areas of Russia-US cooperation that remains unaffected by the souring of diplomatic ties

Russia launched checks Tuesday after its space chief said an air leak on the International Space Station last week could have been deliberate sabotage.

Space agency chief Dmitry Rogozin said the hole detected Thursday in a Russian space craft docked at the orbiting station was caused by a drill and could have been done deliberately, either back on Earth or by astronauts in space.

Astronauts used tape to seal the leak after it caused a small loss of pressure that was not life-threatening.

"There were several attempts at drilling," Rogozin said late Monday in televised comments, adding that the drill appeared to have been held by a

A chance discovery by a team of archeologists in Turkey may have revealed one of the most significant sites in the history of Christianity after years of fruitless searching. And they're now planning an underwater museum.

When Constantine I, the first Roman Emperor to convert to Christianity, chaired the ecumenical Council of Nicaea in 325 AD, bishops from across the world descended on

DEVELOPING: Global debt levels raise red flags...

Sep 4, 2018 | 0 | ★★★★★

Ten years after the worst financial panic since the 1930s, growing debt burdens in key developing economies are fueling fears of a new crisis that could spread far beyond the disruption sweeping Turkey. The loss of investor confidence in the Turkish lira, which has surrendered more than 40 percent of its value this year, is only a preview of debt problems that could engulf countries such as Brazil, South Africa, Russia and Indonesia, some economists

by SIMON KENT | 2 Sep 2018 | 390

Coptic Christian homes in the southern province of Minya were attacked by Muslims protesting their use as places of worship and refuge, the region's archdiocese said Saturday.

"Four Coptic homes were attacked Friday by residents from the village and other nearby areas," said Bishop Makarios of Minya, about 250 kilometres (155 miles) south of Cairo.

The archdiocese of Minva published a post on Facebook saying "extremists" had attacked

UNISEX CHANGING ROOMS PROVEN 'MAGNETS' FOR SEX ASSAULT

90% of criminal charges revolve around facilities

Published: 2 days ago

Share on Facebook Share on Twitter Email 94 Print A A

As the homosexual and transgender agendas advance, there's evidence that unisex changing rooms at public swimming pools are becoming a "magnet" for sexual offenders.

According to Britain's Daily Mail, 90 percent of 134 complaints cases linked to recreation facilities reported last year in the United Kingdom took place in unisex changing rooms.

The Sunday Times of London found that in 2017-18, there were 120 complaints of assault, voyeurism and harassment in unisex changing rooms, compared to 14 for single-sex facilities.

India court legalises gay sex in landmark ruling

🕒 6 September 2018

Share

Indian gay sex ruling

"I'm finally glad I can say I'm not a criminal in this country anymore"

In a historic decision, India's Supreme Court has ruled that gay sex is no longer a criminal offence.

The ruling overturns a 2013 judgement that upheld a colonial-era law, known as section 377, under which gay sex is categorised as an "unnatural offence".

فلهذا اطلب أن نصلي ونستعد ونعد زيت لمصاييحنا لاستقبال العريس بالصلاة والصوم وخدمة
أبناء الله وتنقية القلب والاستعداد بلبس العرس.

رسالة بولس الرسول الي أهل رومية 13

13: 11 هذا وأنكم عارفون الوقت انها الان ساعة لنستيقظ من النوم فان خلاصنا الان أقرب مما
كان حين امنا

13: 12 قد تنهى الليل وتقارب النهار فلنخلع اعمال الظلمة ونلبس اسلحة النور

13: 13 لنسلك بلباقة كما في النهار لا بالبطر والسكر لا بالمضاجع والعهر لا بالخصام والحسد

13: 14 بل البسوا الرب يسوع المسيح ولا تصنعوا تدبيرا للجسد لأجل الشهوات

احترس ان لم تتمسك بالمسيح من الان قد لا تستطيع في المستقبل القريب بسبب الظلام.

وكما قلت هو اخبرنا لكي لا نخاف

انجيل متى 24

مت 24: 6 وسوف تسمعون بحروب واخبار حروب **لا ترتاعوا** لأنه لا بد ان تكون هذه

كلها ولكن ليس المنتهى بعد

بطرس الأولى 3: 14

وَلَكِنْ وَإِنْ تَأَلَّمْتُمْ مِنْ أَجْلِ الْبِرِّ، فَطُوبَاكُمْ. وَأَمَّا خَوْفُهُمْ فَلَا تَخَافُوهُ وَلَا تَضْطَرُّوْا،

بل نؤمن

إنجيل يوحنا 14: 29

وَقُلْتُ لَكُمْ الْآنَ قَبْلَ أَنْ يَكُونَ، حَتَّى مَتَى كَانَ تُؤْمِنُونَ.

ثالثا لنتنبه ونستعد

انجيل لوقا 21

28 وَمَتَى ابْتَدَأَتْ هَذِهِ تَكُونُ، فَاَنْتَصِبُوا وَارْفَعُوا رُؤُوسَكُمْ لِأَنَّ نَجَاتَكُمْ تَقْتَرِبُ.»

افرحوا لان عريسنا قد اقترب مجيؤه. وانتبهوا الشيطان يريد أن نفقد سلامنا ولا ننال أكاليل.

وأیضا استعدوا فقد تسلموا وديعتكم في أي وقت فهناك 150 ألف شخص يموتوا في اليوم الواحد

انت لا تعرف متى ستكون منهم

المسيح اقترب فاصنعوا ثمار تليق بالتوبة واستعدوا لاستقبال العريس.

والمجد لله دائما
