## والعلامات حتى 9 اكتوبر 2018

Holy\_bible\_1

اكرر هدفي فقط من هذه الخدمة أن نذكر بعضنا باننا نحتاج ان نستعد أي حياة اليقظة الروحية. والاستعداد ليس فقط قبل مجيء المسيح بل ايضا قبل الظلمة التي ستسبق مجيؤه ليكون عندنا زيت في مصابيحنا يكفي ان نعبر هذه الظلمة وتكون مصابيحنا مضيئة وقت مجيؤه او من منا سيسلم وديعته في أي وقت. بمعنى نحتاج من الان ان نستعد بقوة بأيمان عامل وبتنقية القلب وان نثمر بالخدمة أي نجمع زيت في مصابيحنا لان الظلمة والضيقة اقتربت جدا ومن لن يستعد لها بزيت كافي من الان لن يجد زيت في الضيقة لان وقتها تجميع زيت سيكون صعب جدا بل أستطيع ان أقول من مثل العذاري انه لن يكون هناك زيت الا ما جمعه سابقا.

أفضل ان اقول لنفسي ولكم استعدوا الان لأنه اقترب فنكون مستعدين سواء جاء او نحن ان سلمنا وديعتنا عن أنى لا اقول انه اقترب لكيلا يقال عني كاذب وانشر اشاعات او اخيف البعض

ولكنه يأتي بسرعة بغته. لا اعتقد اي أحد ندم لأنه كان مستعد ومنتظر مجيء المسيح ولم يأتي

المسيح في زمنه ولكنه انتقل وهو مستعد ولكن كثيرين جدا ندموا على عدم الاستعداد عندما

انتقلوا

المسيح قال بعض العلامات مثل

انجيل لوقا 21

21: 10 ثم قال لهم تقوم امة على امة ومملكة على مملكة

21: 11 وتكون زلازل عظيمة في اماكن ومجاعات واوبئة وتكون مخاوف وعلامات عظيمة من

السماء

21: 25 وتكون علامات في الشمس والقمر والنجوم وعلى الارض كرب امم بحيرة البحر والامواج

تضج

21: 26 والناس يغطى عليهم من خوف وانتظار ما يأتي على المسكونة لان قوات السماوات

تتزعزع

21: 27 وحينئذ يبصرون ابن الانسان اتيا في سحابة بقوة و مجد كثير

سفر اعمال الرسل 2

2: 19 واعطي عجائب في السماء من فوق وآيات على الارض من أسفل دما ونارا وبخار دخان

2: 20 تتحول الشمس الى ظلمة والقمر الى دم قبل ان يجيء يوم الرب العظيم الشهير

2: 21 ويكون كل من يدعو باسم الرب يخلص

لماذا قال المسيح بعض العلامات؟

أولا لكيلا نرتاع

انجيل متى 24

مت 24: 6 وسوف تسمعون بحروب واخبار حروب **لا ترتاعوا** لأنه لا بد ان تكون هذه

كلها ولكن ليس المنتهى بعد

ثانيا لنؤمن

إنجيل يوحنا 14: 29

وَقُلْتُ لَكُمْ الْآنَ قَبْلَ أَنْ يَكُونَ، حَتَّى مَتَى كَانَ تُؤْمِنُونَ.

ثالثا لنتنبه ونستعد

انجيل لوقا 21

28 وَمَتَى ابْتَدَأَتْ هَذِهِ تَكُونُ، فَانْتَصِبُوا وَارْفَعُوا رُؤُوسَكُمْ لِأَنَّ نَجَاتَكُمْ تَقْتَرِبُ.»

A previously unknown dwarf planet circles through the far reaches of our solar system, the International Astronomical Union's Minor Planet Center announced Tuesday. Officially designated 2015 TG387, the small and spherical object is probably a ball of ice.

(Express) Alien enthusiasts look to the sky every night in the hope of spotting UFOs – and one individual believes he has hit the jackpot. Jason Callum, from Berkshire, was recording close-up videos of the moon on September 25 when he noticed something very peculiar. During a clip which Mr. Callum uploaded to YouTube, a strange saucer shoots across the face of the moon. The massive egg-shaped saucer travels

## Typhoon "Kong-rey" rapidly intensifies into 6th super typhoon of 2018 Pacific season

Oct 2, 2018 | 0 | ★★★★★

Less than a week after Typhoon Trami injured dozens of people, Japan is facing Super Typhoon Kong-Rey, expected to hit the island on Thursday or Friday. Kong-Rey began as a tropical depression on Saturday and after growing in strength, officially became a typhoon on Sunday at 8 p.m. HKT. Around 8 a.m. on Monday, the Hong Kong Observatory classified it as a severe typhoon. The latest report, issued at 10 p.m., said the storm had sustained winds of 185 kilometers per hour.

After rapidly intensifying over the last few days, Kong-Rey will likely threaten Japan's Ryukyu Islands and possibly Okinawa, Japan, on Thursday or Friday local time, according to The Weather Channel. Kadena Air Base is located in Okinawa, which serves as home base for members of the 18th Wing of the United States Air Force. "Low vertical wind shear, excellent radial outflow and warm sea surface temperatures are supportive of rapid intensification," the

### Walaka and Kong-rey Become First Simultaneous Category 5 Storms in 13 Years

Hurricane Walaka and Super Typhoon Kong-rey attained Category 5 strength in the Pacific Ocean on Monday, marking the first time in 13 years two storms of that intensity have roamed the tropics simultaneously.

#### At a Glance

- Two Category 5 tropical cyclones were spinning in the Pacific Ocean late Monday into early Tuesday.
- Hurricane Walaka was located southwest of Hawaii and Super Typhoon Kong-rey was in the western Pacific.
- July 2005 was the last time the tropics had two Category 5s at once.

(Express) Italy has been hit by major flooding after relentless rainfall battered most of the southern Italian regions, killing a mother and her son. Extreme weather in the south of Italy caused major flooding in Sicily, Calabria and Puglia overnight. In Catania, Sicily, roads turned into rivers lifting the asphalt and flooding houses and shops. The unceasing rainfall also caused the death of a mother and her son in Lamezia Terme, Calabria.

The bodies of the mother and one of her sons were found by the bed of a stream by the firefighters. Her second son is still missing and emergency services have deployed helicopters for the search. Emergency services were called for

## Budding Tropical Storm Threatens to Menace U.S. Gulf Coast

Jim Efstathiou Jr.

Published: Oct 05 2018, 2:05 PM

Last Updated: Oct 06 2018, 11:14 PM

(Bloomberg) — A collection of thunderstorms over the Caribbean is likely to strengthen into a tropical storm that could strike the Gulf Coast next week between Louisiana and the Florida Panhandle.

The system, northeast of Honduras, has a 70 percent chance of becoming Tropical Storm Michael in the next five days, the National Hurricane Center said Friday. A strike along the Gulf Coast could come as early as Tuesday night, but Wednesday is more likely, said Jeff Masters, co-founder of Weather Underground.

“I’m thinking somewhere between a 50 mile (81 kilometer) per hour tropical storm that’s really no big deal – and a Category 1 hurricane with 90 mile per hour winds,” Masters said. “Oil rigs would want to start evacuating Tuesday.”

Alabama, Mississippi and the Florida panhandle will get the worst of the wind and rain, Masters said.

So far the Atlantic has produced 12 named storms this year. The most powerful was Florence, which caused devastating flooding across North Carolina and South Carolina.

ORLANDO, Fla. (AP) — Florida Gov. Rick Scott on Sunday warned that a tropical storm headed for the Florida Panhandle could become a Category 2 hurricane with winds up to 100 miles per hour by the time it makes landfall in the middle of the week.

Scott issued an order for a state of emergency for 26 counties in the Florida Panhandle and the Big Bend area. The declaration will free up resources for storm preparation.

## DEVELOPING: Florida declares State of Emergency ahead of dangerous hurricane

Oct 7, 2018 | 0 📰 | ★★★★★

(Express) Florida Governor Rick Scott has declared a state of emergency due to the high possibility of Tropical Storm Michael strengthening to a dangerous hurricane as it heads to the US coast. The National Hurricane Centre (NHC) upgraded the tropical depression in the Caribbean to a tropical storm on Sunday, stating its winds had reached 40 miles per hour. The NHC also added in its advisory that Michael is likely to turn into a hurricane by Tuesday night or early Wednesday morning.

Natural disasters continue to plague Indonesia, with the Mount Soputan volcano erupting on the island of Sulawesi just days after a devastating tsunami, triggered by a massive earthquake, struck the island, killing hundreds.

After months of increased seismic activity, the Soputan volcano finally blew off steam on Wednesday morning, sending an ash column as high as 4,000 meters into the air. Ash plumes are now moving in the west and northwest direction, with an alert level III issued for the active volcano.

According to details, thousands of dead fish have washed ashore along the city's coastline between Seaview and Do Darya.

A number of citizens who reached the beach for a day out, had to return home owing to dead fish and foul smell caused by them.

Some local fishermen were seen collecting dead fish which they are likely to sell out in the city.

There was no official from the department concerned to stop them or undertake efforts to clean the beach.

The killer? Red tide.

While red tide this far north is less common than in the south, FSU Oceanographer Dr. Jeff Chanton says it's nothing new.

"The red tide organism was first observed here in the 1500s by the Spanish explorers," said Chanton.

REVERE, Mass. (AP) — Massachusetts environmental officials are investigating a large clam die-off.

[The Boston Globe](#) reports hundreds of thousands of Atlantic surf clams have washed up on Revere Beach this week. The state Department of Conservation and Recreation says the die-off is the third event of its kind this summer.

The Division of Marine Fisheries will analyze the clams in an attempt to determine the cause of the mass shellfish kill.

Save the Harbor/Save the Bay spokesman Bruce Berman believes shellfish die-off have increased as a result of climate change. Berman says a certain type of algae that clogs the gills of clams could also be responsible for the kills.

# US mulls withdrawal from arms treaty over Russian 'violations'

by Staff Writers  
Geneva (AFP) Oct 4, 2018

The United States hinted Thursday it might withdraw from a landmark Cold War nuclear arms reduction treaty if Russia does not stop "violating" the accord.

Washington has complained for nearly two years that a ground-launched missile system deployed by Russia breaches the 1987 Intermediate Nuclear Forces Treaty (INF).

"This situation is untenable, and we have to take measures to deal with this continued violation of this very important treaty," US ambassador on disarmament Robert Wood told reporters in Geneva.

He said that pushing Russia to "come back into compliance" with the INF would be a top US priority at disarmament meetings at the United Nations in New York next week.

But he added: "I just don't know how much longer we can continue to live up to our obligations under this treaty with Russia violating this treaty so blatantly and openly."

# China slams US B-52s fly over disputed seas as 'provocative'

by Staff Writers  
Beijing (AFP) Sept 27, 2018

The Chinese defence ministry on Thursday denounced flyovers by US B-52 bombers over the South China Sea and East China Sea as "provocative" actions amid soaring tensions between the two global powers.

The Pentagon said Wednesday the heavy bombers had taken part in a combined operation with Japan over the East China Sea and had flown through international airspace over the South China Sea a day before.

"Regarding the provocative actions of US military aircraft in the South China Sea, we are always resolutely opposed to them, and will continue to take necessary measures in order to strongly handle (this issue)," Chinese defence ministry spokesman Ren Guoqiang told a monthly news briefing.

# China tells Pompeo US must stop 'misguided actions'

by Staff Writers  
Beijing (AFP) Oct 8, 2018

China's chief diplomat told his US counterpart that Washington must stop its "misguided actions" in a tense exchange on Monday, days after a blistering US denunciation of the Asian power's global and domestic policies.

Secretary of State Mike Pompeo and Chinese Foreign Minister Wang Yi highlighted the schism after the chief US diplomat arrived in Beijing on the final leg of an Asian trip focused on North Korea's nuclear issue.

Meeting at the Diaoyutai Guest House, Wang told Pompeo that the United States has "stepped up rhetoric over trade tensions" after a raft of tit-for-tat tariffs on billion of dollars in US and Chinese goods.

He also accused the United States of making "a series of moves" on Taiwan -- a self-ruling democratic island that Beijing considers a rebel province -- and "other issues" that hurt Chinese sovereignty.

"These actions have affected the mutual trust between both sides, and has cast a shadow over the prospect of China-US relations, which completely go against the interest of our two peoples," Wang said.

"We require that the US stop such misguided actions," he said, adding that the two countries should pursue cooperation "and not descend into conflict and confrontation."

Wang and Pompeo met after US Vice President Mike Pence delivered a searing speech on Thursday accusing China of military aggression, commercial theft and rising human rights violations as he cast the Communist regime as a villain bent on interfering in upcoming US elections.

# China, Russia call at UN for easing of N.Korea sanctions

By Carole LANDRY

United Nations, United States (AFP) Sept 27, 2018

China and Russia called Thursday for an easing of sanctions against North Korea, rejecting a US push at the UN Security Council for vigorous enforcement despite warming ties.

Led by the United States, the Security Council adopted three sanctions resolutions last year aimed at depriving North Korea of revenue for its nuclear and ballistic missile programs.

Chinese Foreign Minister Wang Yi told a council meeting that the "positive developments" in relations between North and South Korea -- combined with warmer US-North Korean ties -- should lead to sanctions relief.

Wang said the council should consider "in due course" a provision to "modify the sanctions measures in light of the DPRK's compliance."

Russia backed China's call to consider a sanctions review.

Declaring that sanctions should not become a form of "collective punishment," Russian Foreign Minister Sergei Lavrov argued that it was time to send a positive signal to Pyongyang to encourage concessions.

## China says sanctions shouldn't be 'the end' in N.Korea

United Nations, United States (AFP) Sept 27, 2018 - China on Thursday told the UN Security Council that tough sanctions imposed on North Korea should be enforced in tandem with diplomatic moves to persuade Pyongyang to scrap its nuclear and missile programs.

"China firmly believes that pressure is not the end," Foreign Minister Wang Yi said. "Both implementing sanctions and promoting political settlement are equally important."

## The Latest: Putin urges EU to help rebuild Syria

By ASSOCIATED PRESS

PUBLISHED: 08:16 EDT, 3 October 2018 | UPDATED: 15:57 EDT, 3 October 2018

BEIRUT (AP) - The Latest on the Syrian conflict (all times local):

10:55 p.m.

Russia's President Vladimir Putin has strongly urged the EU to help rebuild Syria.

Speaking after Wednesday's talks with Austrian Chancellor Sebastian Kurz in St. Petersburg, Putin called for international assistance on reconstruction efforts, arguing that it would encourage refugees to return to their homes.

Around half of Syria's pre-war population of 23 million has been uprooted - nearly 6 million fled abroad, while 6.6 million are displaced within Syria - and entire cities lay in ruins.

# Merkel in Israel says Iran must not obtain nuclear arms

By Jonah Mandel  
Jerusalem (AFP) Oct 4, 2018

German Chancellor Angela Merkel and Israeli Prime Minister Benjamin Netanyahu pledged Thursday to stop Iran from obtaining nuclear weapons but disagreed on how as they met to showcase cooperation between their countries.

The one-day visit to Israel by Merkel and members of her cabinet was part of German-Israeli government consultations held regularly, but came after Netanyahu's harsh criticism of European countries over their efforts to keep alive the Iran nuclear deal.

Germany and other European countries have also repeatedly hit out at Israeli settlement building in the occupied West Bank and warned over threats to remaining prospects for a two-state solution to the conflict with the Palestinians.

The two leaders brushed aside their list of differences and talked up ties between their countries, while Merkel stressed Germany's "everlasting responsibility" to oppose anti-Semitism.

Merkel also sought to smooth over their disagreement on the nuclear deal that Netanyahu brands a "historic mistake".

## US not seeking war with Iran: top general

Washington (AFP) Oct 4, 2018 - The United States is not seeking conflict with Iran, the general overseeing America's military involvement in the Middle East said Thursday, even as some Trump administration officials have stepped up rhetoric against Tehran.

"I don't think we're seeking to go to war with Iran, and I don't think that's what we're focused on," General Joseph Votel, who heads the US Central Command, told Pentagon reporters.

His comments came the day after Secretary of State Mike Pompeo said the US was terminating a 1955 friendship treaty with Iran reached under its pro-Western shah.

*And it shall come to pass that fishers shall stand by it from En-gedi even unto En-eglaim; there shall be a place for the spreading of nets; their fish shall be after their kinds as the fish of the Great Sea exceeding many. Ezekiel 47:10 (The Israel Bible™)*

For those who have visited the lowest point on the face of the earth, Ezekiel's end-of-days prophecy of the Dead Sea coming to life seems impossible, yet recently, scientists have been shocked to discover that the sinkholes appearing around the sea are quickly filling up with fish and other forms of life previously unseen in the inhospitable region.

Speeding atop the water, saltwater playfully splashing each smiling person on the boat, each individual's eyes are wide open despite the stinging salt. Nobody wants to miss a second of the beautiful Israeli sunrise – the multisensory experience makes everyone feel so alive that they begin to question why the body of water upon which they are riding can possibly be called the 'Dead Sea.'

## Golden Vessel Used in Jewish Ceremony for First Time Since Second Temple

8:50PM EDT 10/6/2018 | [BREAKING ISRAEL NEWS](#)

*(Photo Adam Eliyahu Berkowitz/Breaking Israel News)*

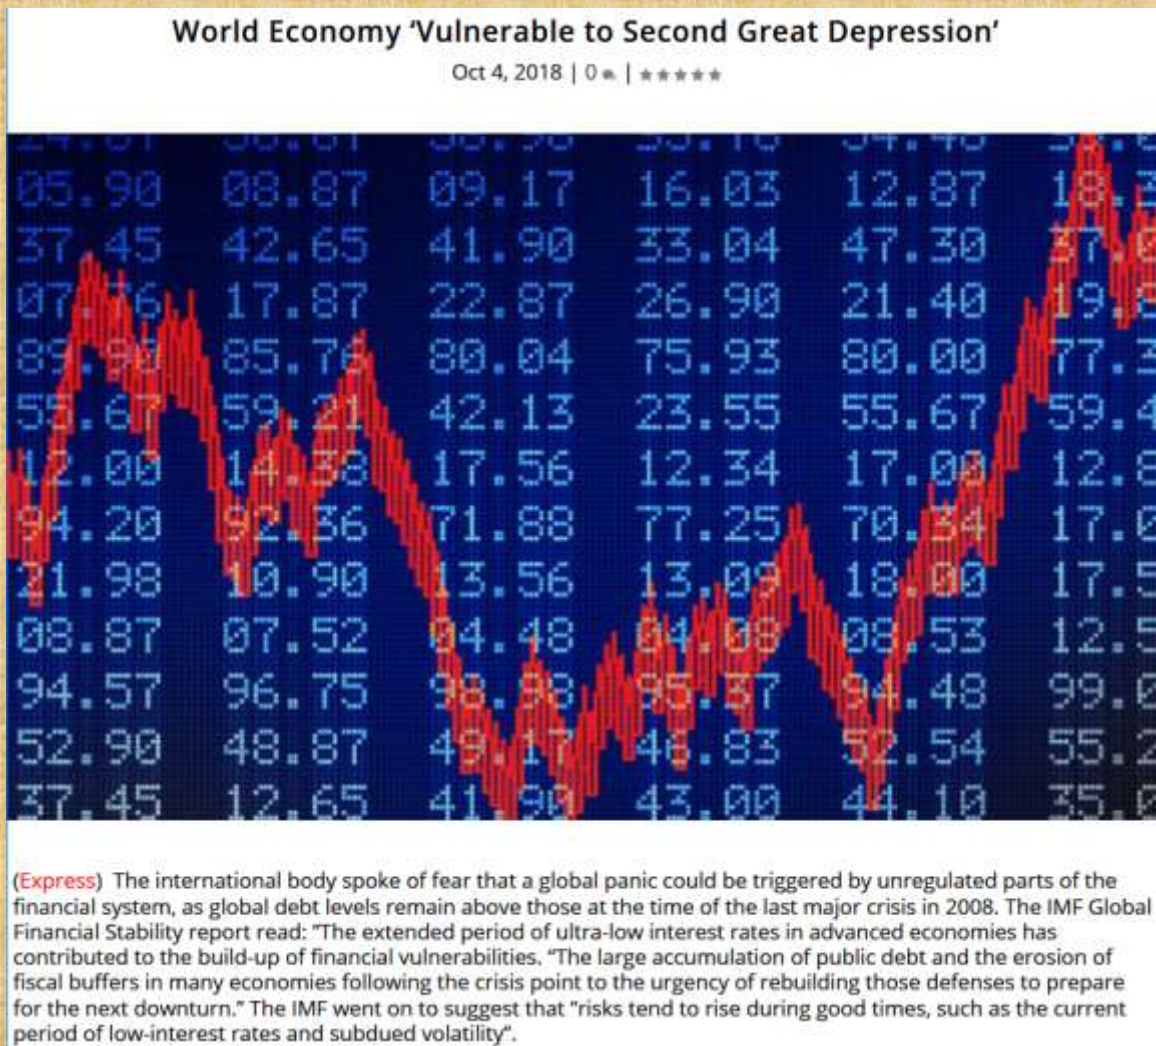

On Thursday, a bit of the former glory of the temple was witnessed by 300 people who took part in the full-dress reenactment of the Sukkot water-libation ceremony.

The group set out from the Dung Gate in the old city of Jerusalem in the early evening, making its way down the steep steps leading to the Shiloah Spring. Led by six Kohanim (Jewish men descended from Aaron the priest) and accompanied by music, the crowd sang and danced as they passed from the archaeological remains of the ancient city of David, through an Arab village, to the spring which was used in temple times.

The Kohanim wore vestments that were made according to biblical standards for use in the temple, and several played long silver trumpets that had been prepared by the Temple Institute for use in the third temple. One Kohen carried a silver vessel used for the libation, while the high priest carried a spectacular gold vessel prepared this year for this year's service.

The persecution of Christians in Nigeria continues at epidemic proportions. (*ACLJ Staff*)

The death toll for Christians in Nigeria continues to rise to catastrophic proportions as the nation seems helpless or unwilling to stop bloodthirsty Islamic radicals targeting Christians in the region.

This time jihadists—[identified](#) as notorious Fulani Herdsmen—toting guns and machetes slaughtered 17 innocent victims in one evening, including four young children and a grandmother.

All of the victims are said to be members of a local evangelical Christian church.

The tiny bottles of shampoo are permissible, but the Bible has to go.

Dixie State University in St. George, Utah has ordered staff to remove copies of the Book of Mormon and the Holy Bible from guest rooms at the College Inn.

Apparently a guest at the taxpayer-funded university found a copy of the Bible and the Book of Mormon on a nightstand and suffered a severe microaggression.

The offended guest took her complaint directly to the Freedom From Religion Foundation – a Wisconsin-based group of atheists, agnostics and free-thinkers.

## LGBT youth at higher risk for suicide attempts

Linda Carroll

5 MIN READ

(Reuters Health) - LGBT adolescents are more likely than other kids their age to try to kill themselves, a new analysis confirms.

Data pooled from 35 earlier studies show that sexual minority youth were more than three times as likely to attempt suicide as heterosexual peers, researchers report in JAMA Pediatrics.

Transsexual youth were at highest risk, nearly six times as likely to attempt suicide as heterosexual peers, researchers reported.

“Adolescents facing ‘non-conventional’ sexual identity are at risk of higher self-threatening behaviors, independent of bullying and other risk factors,” said the study’s lead author, Dr. Ester di Giacomo, a researcher in psychiatry at the University of Milano-Bicocca, in Italy. “I think that a difficulty in self-acceptance and social stigmatization might be keys for
