اكرر هدفي فقط من هذه الخدمة أن نذكر بعضنا باننا نحتاج ان نستعد أي حياة اليقظة الروحية. والاستعداد ليس فقط قبل مجيء المسيح بل ايضا قبل الظلمة التي ستسبق مجيؤه ليكون عندنا زيت في مصابيحنا يكفي ان نعبر هذه الظلمة وتكون مصابيحنا مضيئة وقت مجيؤه او من منا سيسلم وديعته في أي وقت. بمعنى نحتاج من الان ان نستعد بقوة بأيمان عامل وبتنقية القلب وان نثمر بالخدمة أي نجمع زيت في مصابيحنا لان الظلمة والضيقة اقتربت جدا ومن لن يستعد لها بزيت كافي من الان لن يجد زيت في الضيقة لان وقتها تجميع زيت سيكون صعب جدا بل أستطيع ان أقول من مثل العذاري انه لن يكون هناك زيت الا ما جمعته سابقا.

أفضل ان اقول لنفسي ولكم استعدوا الان لأنه اقترب فنكون مستعدين سواء جاء او نحن ان سلمنا وديعتنا عن أنى لا اقول انه اقترب لكيلا يقال عني كاذب وانشر اشاعات او اخيف البعض

ولكنه يأتي بسرعة بغته. لا اعتقد اي أحد ندم لأنه كان مستعد ومنتظر مجيء المسيح ولم يأتي

المسيح في زمنه ولكنه انتقل وهو مستعد ولكن كثيرين جدا ندموا على عدم الاستعداد عندما

انتقلوا

المسيح قال بعض العلامات مثل

انجيل لوقا 21

21: 10 ثم قال لهم تقوم امة على امة ومملكة على مملكة

21: 11 وتكون زلازل عظيمة في اماكن ومجاعات واوبئة وتكون مخاوف وعلامات عظيمة من

السماء

21: 25 وتكون علامات في الشمس والقمر والنجوم وعلى الارض كرب امم بحيرة البحر والامواج

تضج

21: 26 والناس يغطى عليهم من خوف وانتظار ما يأتي على المسكونة لان قوات السماوات

تتزعزع

21: 27 وحينئذ يبصرون ابن الانسان اتيا في سحابة بقوة و مجد كثير

سفر اعمال الرسل 2

2: 19 واعطي عجائب في السماء من فوق وآيات على الارض من أسفل دما ونارا وبخار دخان

2: 20 تتحول الشمس الى ظلمة والقمر الى دم قبل ان يجيء يوم الرب العظيم الشهير

2: 21 ويكون كل من يدعو باسم الرب يخلص

لماذا قال المسيح بعض العلامات؟

أولا لكيلا نرتاع

انجيل متى 24

مت 24: 6 وسوف تسمعون بحروب واخبار حروب **لا ترتاعوا** لأنه لا بد ان تكون هذه

كلها ولكن ليس المنتهى بعد

ثانيا لنؤمن

إنجيل يوحنا 14: 29

وَقُلْتُ لَكُمْ الْآنَ قَبْلَ أَنْ يَكُونَ، حَتَّى مَتَى كَانَ تُؤْمِنُونَ.

ثالثا لنتنبه ونستعد

انجيل لوقا 21

28 وَمَتَى ابْتَدَأَتْ هَذِهِ تَكُونُ، فَانْتَصِبُوا وَارْفَعُوا رُؤُوسَكُمْ لِأَنَّ نَجَاتَكُمْ تَقْتَرِبُ.»

A HYPERACTIVE COMET IS APPROACHING EARTH: Small but hyperactive Comet 46P/Wirtanen is approaching Earth and could soon become visible to the naked eye. On Dec. 16th, the kilometer-wide ball of dirty ice will be less than 11.5 million km away—making it one of the [10 closest-approaching comets](#) of the Space Age. It already looks magnificent through amateur telescopes. On Nov. 26th, Gerald Rhemann took this picture using a 12-inch reflector in Farm Tivoli, Namibia:

"The comet is currently gliding through the southern constellation Fornax," says Rhemann. "If you look carefully at the image, you can see galaxy NGC 922 near the comet's head, and another galaxy ESO 479-2 on the left."

Rhemann says that the comet's emerald green atmosphere is 50 arcminutes wide. In other words—almost twice as wide as a full Moon. Its apparent diameter could double in the weeks ahead as the comet comes even closer. Because Wirtanen's brightness is spread over such a wide area, it is diluted just below the limit of naked eye visibility, with a current magnitude near +6.0. We don't yet know if the comet will ultimately become visible to the unaided eye—but it will certainly be an easy target for binoculars and backyard telescopes in December.

Fireball in Siberia: WATCH as a meteor lights up the night sky

Stunned locals have captured a glowing green fireball flying over the Russian city of Novosibirsk in Western Siberia. The phenomenon has created a buzz on social media and baffled scientists.

The flyby was spotted by locals in several areas of the city on Tuesday morning when the

GEOMAGNETIC STORMS EXPECTED THIS WEEKEND: NOAA forecasters say there is a 70% chance of minor [G1-class](#) geomagnetic storms on **Dec. 1st** and **2nd** when a stream of solar wind is expected to hit Earth's magnetic field. The gaseous material is flowing from a wide hole in the sun's atmosphere:

This is a "coronal hole"—a place where the sun's magnetic field opens up and allows solar wind to escape. We've seen this coronal hole before. It opened in June and, since then, it has been spinning around with the sun, lashing Earth with solar wind about once a month. The last time it happened on Nov. 4th, auroras were sighted in US states including [Wyoming](#), [Montana](#), [Iowa](#), [Washington](#), [North Dakota](#) and, of course, [Alaska](#). It could happen again this weekend. **Free:** [Aurora Alerts](#).

A COMET AS BIG AS THE FULL MOON: On Dec. 12th, Comet 46P/Wirtanen will approach Earth less than 1.5 million km away—making it one of the [10 closest-approaching comets](#) of the Space Age. It's a small comet, with a nucleus barely 1 km wide, but such proximity makes even a small things appear large. The comet's gaseous atmosphere is now as wide as a full Moon. Mike Broussard of Perry, Louisiana, photographed the comet on Dec. 2nd and inserted the Moon for scale:

"The comet still has a couple of weeks before closest approach and it is already as big as a full Moon," says Broussard, who could see the comet with his naked eye—"just barely using averted vision and only when it was in the darkest section of the sky," he adds.

Despite its close approach, 46P/Wirtanen will never become a Great Comet like [Comet Hayakutake](#) in 1996 or [Comet Hale-Bopp](#) in 1997. Wirtanen's relatively small core of [dirty ice](#) cannot produce enough gas and dust to create a really bright, flamboyant tail. The best case scenario is probably a big diffuse cloud of magnitude +3 or +4, barely visible to the unaided eye but an easy target for binoculars and small wide-field telescopes.

Nobody Understands Why the Earth Just Rang Like a Bell

Dec 2, 2018 | 0 | ★★★★★

(Tribunist) Seismic sensors are fine-tuned to pick up vibrations in the earth. They're a useful tool for understanding the patterns of plate movement and seismic activity. Yet a new event has even the most seasoned seismologists befuddled. The planet, they say, just rang like a bell. What this means is a mystery. "Seismic sensors first picked up the event originating near an island between Madagascar and Africa.

Then, alarm bells started ringing as far away as Chile, New Zealand and Canada," the NY Post writes. Unlike the average earthquake, this event was picked up across the planet. What started near Madagascar was also picked up in Hawaii. And the event isn't registering like an earthquake. "I don't think I've seen anything like it," Columbia University seismologist Göran Ekström says. "It doesn't mean that, in the end, the cause of them is that exotic."

Measles cases rise 30 percent worldwide: UN

Ben Simon

AFP News 29 November 2018

The overall global fight against measles had made big strides since 2000, which makes the recent setbacks frustrating for WHO

Measles cases worldwide jumped more than 30 percent last year compared to 2016, with increases recorded in wealthy European countries like Germany where vaccination coverage has historically been high, the UN said Thursday.

The World Health Organization said the worrying trend of resurgent measles cases was a near global phenomenon, but the causes varied among regions.

In Europe, experts blamed the problem in part on complacency and misinformation about a vaccine proven to be both effective and safe.

Russia Deploys S-400 Missiles To Crimea In Military Showdown With Ukraine

Predictably the crisis that began on Sunday between Russia and Ukraine in the Kerch Strait is quickly worsening as Russia has announced plans to deploy more of its advanced S-400 surface-to-air missile systems to Crimea.

Adding to tensions, Reuters has further reported that a Russian warship has been dispatched to the Sea of Azov — waters used by both countries and near where the Russian Navy seized Ukrainian vessels and crew for what Moscow condemned as "maneuvering dangerously" and illegal entry into Russian territory.

S-400 anti-missile defense system, via TASS

The warship was seen departing a Crimean port by a Reuters correspondent on Wednesday and was described as the Russian navy minesweeper ship, the Vice-Admiral Zakharenko, going in the direction of the Sea of Azov.

This comes a day after Ukraine's President Petro Poroshenko issued provocative statements during a televised interview on Tuesday that his country is "under threat of full-scale war with Russia" while seeking to justify martial law.

Beijing (AFP) Nov 29, 2018

China expressed concern on Thursday after two US Navy ships sailed through the Taiwan Strait, the third such operation this year.

"China will pay close attention to and stay informed of US warships sailing through the Taiwan Strait from beginning to end, and has already expressed its concern to the US," said Chinese foreign ministry official spokesman Geng Shuang at a regular press briefing in Beijing Thursday.

He urged the US to respect the "One China Principle" to avoid "impairing China-US relations and the peace and stability of the Taiwan Strait."

China still sees Taiwan as part of its territory to be reunified, despite the two sides being ruled separately since the end of a civil war on the mainland in 1949.

That means Beijing views any ships passing through the straits as essentially a breach of its sovereignty -- while the US and many other nations view the route as international waters open to all.

At a monthly press briefing by China's defence ministry Thursday, official spokesman Ren Guoqiang said that the People's Liberation Army would maintain a "high degree of alert".

Lieutenant Rachel McMarr, a spokeswoman for the US Pacific Fleet, said the destroyer USS Stockdale and oiler USNS Pecos sailed through the strait in a "routine" transit on Wednesday.

"The ships' transit through the Taiwan Strait demonstrates the US commitment to a free and open Indo-Pacific," McMarr said in a statement.

"The US Navy will continue to fly, sail and operate anywhere international law allows."

North Korea reveals nuclear EMP attack plans

by Paul Bedard | November 24, 2018 12:08 PM

In a sign that North Korea is not planning to give up all its nuclear arsenal, the communist government has revealed plans to use the weapons to launch EMP attacks that effectively dismantle technology and computers in the blast area.

A report on the new document distributed by the government shows the acronym for electromagnetic pulse, or EMP, clearly printed in July.

The [Daily NK](#), which obtained the documents, suggested that a target would be South Korea. "EMP attacks lead to the destruction of electronic circuits in semiconductors, affecting the use of TVs, mobile phones and computers in the area. US says seized weapons show that Iran is a regional threat

By Thomas WATKINS
Washington (AFP) Nov 29, 2018

US officials on Thursday displayed military equipment they say confirms that Iran is increasingly supplying weapons to militants across the Middle East and is continuing its missile program unabated.

At a military hangar in Washington, Brian Hook, the US special representative for Iran, showed reporters a collection of guns, rockets, drones and other gear. Some of these had been intercepted in the Strait of Hormuz en route to Shia fighters in the region while others had been seized by the Saudis in Yemen, the Pentagon said.

The presentation – very similar to a December 2017 event led by the US ambassador to the United Nations Nikki Haley – is part of an ongoing push by President Donald Trump's administration to increase pressure on Tehran and shame Western allies into doing more to tackle Iran's regional influence.

The centerpiece of the display was what Hook said is a Sayyad-2 surface-to-air missile system that the Saudis had intercepted in Yemen this year.

Farsi writing along the white rocket's side helped prove it was Iranian made, he said.

"The conspicuous Farsi markings is Iran's way of saying they don't mind being caught violating UN resolutions," Hook told reporters, adding the missile was destined to Huthi rebels who are fighting the Saudi-led coalition in Yemen.

"The Iranians wanted to deliver this to the Huthis, who would have used it to target coalition aircraft up to 46 miles away."

U.S. Life Expectancy Falls Further

'We are losing too many Americans, too early and too often, to conditions that a head says

By *Betsy McKay*

Nov. 29, 2018 12:01 a.m. ET

Life expectancy for Americans fell again last year, despite growing recognition of the problems driving the decline and federal and local funds invested in stemming them.

Data the Centers for Disease Control and Prevention released on Thursday show life expectancy fell by one-tenth of a year, to 78.6 years, pushed down by the sharpest annual increase in suicides in nearly a decade and a continued rise in deaths from powerful opioid drugs like fentanyl. Influenza, pneumonia and diabetes also factored into last year's increase.

China warns against 'repetition' of world war or Great Depression

by Joel Gehrke | November 27, 2018 09:06 PM

President Trump is risking "a repetition" of the great military and economic catastrophes of the 20th century, a top Chinese diplomat warned Tuesday.

"The lessons of history are still there," Cui Tiankai, the Chinese ambassador to the United States, told Reuters. "In the last century, we had two world wars, and, in between them, the Great Depression. I don't think anybody should really try to have a repetition of history. These things should never happen again, so people have to act in a responsible way."

Cui issued that warning in the lead-up to the G-20 summit in Argentina this week, where Trump is expected to meet with Chinese President Xi Jinping. The Chinese envoy's remonstrance may double as a warning shot and a sign of willingness for some kind of agreement to mitigate a trade war that has escalated over the last year and raised the specter of a "decoupling" of the world's two largest economies.

Yet Again, a Major Hyper-Grace Error

10:00AM EST 11/29/2018 | [MICHAEL BROWN](#)

(Photo by Greg Weaver on Unsplash)

Although the hyper-grace movement is not quite the rapidly spreading fad it was a few years back, it continues to entrench itself into the hearts and minds of millions. That's why, to this day, I get requests from leaders in America and abroad to come and address this aberrant teaching. And that's why [my book](#) on the subject continues to be translated into different languages. The need remains acute.

To be clear, there are many wonderful truths presented by hyper-grace teachers, who are our brothers and sisters in the Lord. They are life-giving truths. Jesus-centered truths. Transformative truths. To each of these truths, I give my hearty "Amen."

But these truths are mixed with dangerous, even deadly, errors.

America is littered with thousands upon thousands of church buildings that aren't being used anymore. As you will see below, between 6,000 and 10,000 churches are dying in the United States every single year, and that means that more than 100 will die this week alone. And of course thousands of others are on life support. All over the country this weekend, small handfuls of people will gather in huge buildings which once boasted very large congregations. An advertisement being run on TVs in the emergency rooms of a health system in Canada, where those who are hurting, injured, depressed and suffering wait for help, is promoting ... euthanasia.

Officials with the [Christian Institute in the United Kingdom](#) described how the ads for Medical Aid in Dying are appearing at the emergency room for the William Osler Health System hospital.

"Campaigners have hit out at the adverts," the report said, "saying they normalize deliberate killing, and present euthanasia as a 'reasonable and even preferred method of alleviating suffering.'"

The institute quoted Wesley Smith, of the Discovery Institute, who said those who are in those waiting rooms are the "vulnerable," who "may

Boy toy or girl toy? Lawmakers want to end gender classification of fast-food toys

A Michigan House resolution introduced Wednesday urges fast food restaurants like McDonald's to stop gender classification of kid's meal toys, claiming the practice "can influence and limit children's imaginations."

فلهذا اطلب أن نصلي ونستعد ونعد زيت لمصاييحنا لاستقبال العريس بالصلاة والصوم وخدمة
أبناء الله وتنقية القلب والاستعداد بلبس العرس.

رسالة بولس الرسول الي أهل رومية 13

13: 11 هذا وأنكم عارفون الوقت انها الان ساعة لنستيقظ من النوم فان خلاصنا الان أقرب مما

كان حين امنا

13: 12 قد تناهى الليل وتقارب النهار فلنخلع اعمال الظلمة ونلبس اسلحة النور

13: 13 لنسلك بلباقة كما في النهار لا بالبطر والسكر لا بالمضاجع والعهر لا بالخصام والحسد

13: 14 بل البسوا الرب يسوع المسيح ولا تصنعوا تدبيرا للجسد لأجل الشهوات

احترس ان لم تتمسك بالمسيح من الان قد لا تستطيع في المستقبل القريب بسبب الظلام.

وكما قلت هو اخبرنا لكي لا نخاف

انجيل متى 24

مت 24: 6 وسوف تسمعون بحروب واخبار حروب **لا ترتاعوا** لأنه لا بد ان تكون هذه

كلها ولكن ليس المنتهى بعد

بطرس الأولى 3: 14

وَلَكِنْ وَإِنْ تَأَلَّمْتُمْ مِنْ أَجْلِ الْبِرِّ، فَطُوبَاكُمْ. وَأَمَّا خَوْفُهُمْ فَلَا تَخَافُوهُ وَلَا تَضْطَرُّوْا،

بل نؤمن

إنجيل يوحنا 14: 29

وَقُلْتُ لَكُمْ الْآنَ قَبْلَ أَنْ يَكُونَ، حَتَّى مَتَى كَانَ تُؤْمِنُونَ.

ثالثا لنتبّه ونستعد

انجيل لوقا 21

28 وَمَتَى ابْتَدَأَتْ هَذِهِ تَكُونُ، فَأَنْتَضِبُوا وَارْفَعُوا رُؤُوسَكُمْ لِأَنَّ نَجَاتَكُمْ تَقْتَرِبُ.»

افرحوا لان عريسنا قد اقترب مجيؤه. وانتبهوا الشيطان يريد أن نفقد سلامنا ولا ننال أكاليل.

وأيضاً استعدوا فقد تسلموا وديعتكم في أي وقت فهناك 150 ألف شخص يموتوا في اليوم الواحد

انت لا تعرف متى ستكون منهم

المسيح اقترب فاصنعوا ثمار تليق بالتوبة واستعدوا لاستقبال العريس.

والمجد لله دائما
