اكرر هدفي فقط من هذه الخدمة أن نذكر بعضنا باننا نحتاج ان نستعد أي حياة اليقظة الروحية. والاستعداد ليس فقط قبل مجيء المسيح بل ايضا قبل الظلمة التي ستسبق مجيؤه ليكون عندنا زيت في مصابيحنا يكفي ان نعبر هذه الظلمة وتكون مصابيحنا مضيئة وقت مجيؤه او من منا سيسلم وديعته في أي وقت . بمعنى نحتاج من الان ان نستعد بقوة بأيمان عامل وبتنقية القلب وان نثمر بالخدمة أي نجمع زيت في مصابيحنا لان الظلمة والضيق اقتربت جدا ومن لن يستعد لها بزيت كافي من الان لن يجد زيت في الضيقة لان وقتها تجميع زيت سيكون صعب جدا بل أستطيع ان أقول من مثل العذاري انه لن يكون هناك زيت الا ما جمعه سابقا .

أفضل ان اقول لنفسي ولكم استعدوا الان لأنه اقترب فنكون مستعدين سواء جاء او نحن ان سلمنا وديعتنا عن أنى لا اقول انه اقترب لكيلا يقال عني كاذب وانشر اشاعات او اخيف البعض

ولكنه يأتي بسرعة بغته. لا اعتقد اي أحد ندم لأنه كان مستعد ومنتظر مجيء المسيح ولم يأتي

المسيح في زمنه ولكنه انتقل وهو مستعد ولكن كثيرين جدا ندموا على عدم الاستعداد عندما

انتقلوا

المسيح قال بعض العلامات مثل

انجيل لوقا 21

21: 10 ثم قال لهم تقوم امة على امة ومملكة على مملكة

21: 11 وتكون زلازل عظيمة في اماكن ومجاعات واوبئة وتكون مخاوف وعلامات عظيمة من

السماء

21: 25 وتكون علامات في الشمس والقمر والنجوم وعلى الارض كرب امم بحيرة البحر والامواج

تضج

21: 26 والناس يغطى عليهم من خوف وانتظار ما يأتي على المسكونة لان قوات السماوات

تتزعزع

21: 27 وحينئذ يبصرون ابن الانسان اتيا في سحابة بقوة و مجد كثير

سفر اعمال الرسل 2

2: 19 واعطي عجائب في السماء من فوق وآيات على الارض من أسفل دما ونارا وبخار دخان

2: 20 تتحول الشمس الى ظلمة والقمر الى دم قبل ان يجيء يوم الرب العظيم الشهير

2: 21 ويكون كل من يدعو باسم الرب يخلص

لماذا قال المسيح بعض العلامات؟

أولا لكيلا نرتاع

انجيل متى 24

مت 24: 6 وسوف تسمعون بحروب واخبار حروب **لا ترتاعوا** لأنه لا بد ان تكون هذه

كلها ولكن ليس المنتهى بعد

ثانيا لنؤمن

إنجيل يوحنا 14: 29

وَقُلْتُ لَكُمْ الْآنَ قَبْلَ أَنْ يَكُونَ، حَتَّى مَتَى كَانَ تُؤْمِنُونَ.

ثالثا لننتبه ونستعد

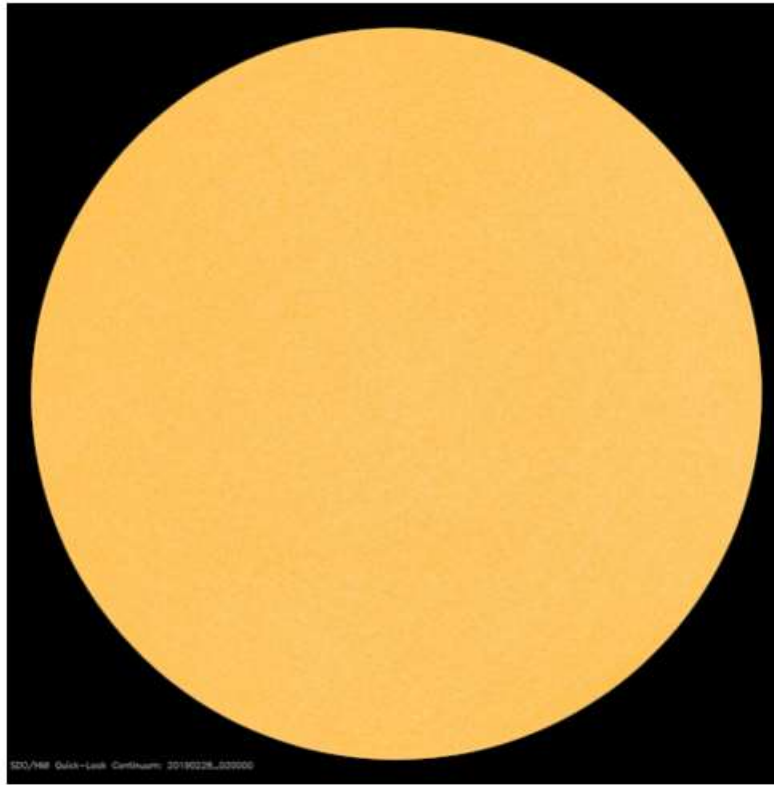

انجيل لوقا 21

28 وَمَتَى ابْتَدَأَتْ هَذِهِ تَكُونُ، فَانْتَصِبُوا وَارْفَعُوا رُؤُوسَكُمْ لِأَنَّ نَجَاتَكُمْ تَقْتَرِبُ.»

شهر فبراير يعبر بالكامل بدون بقعة شمسية واحدة وهذا شيء غريب ومثير

A MONTH WITHOUT SUNSPOTS: There are 28 days in February. This year, all 28 of them were spotless. The sun had no sunspots for the entire month of Feb. 2019. This is how the solar disk looked every day:

The last time a full calendar month passed without a sunspot was August 2008. At the time, the sun was in the deepest Solar Minimum of the Space Age. Now a new Solar Minimum is in progress and it is shaping up to be similarly deep. So far this year, the sun has been blank 73% of the time—the same as 2008.

Solar Minimum is a normal part of the solar cycle. Every ~11 years, sunspot counts drop toward zero. [Dark cores](#) that produce solar flares and CMEs vanish from the solar disk, leaving the sun blank for long stretches of time. These

Earth's magnetic North Pole has drifted so fast that authorities have had to officially redefine the location of the magnetic North Pole. The extreme wandering of the North Pole caused increasing concerns over navigation, especially in high latitudes.

Ferocious winds from a potent "bomb cyclone" roared across the eastern United States, and 550,000 homes and businesses were still without power Monday.

At midday, nearly 80 million people were under high-wind warnings or advisories across parts of 14 states, according to the National Weather Service. At least 1,200 flights were canceled Monday, according to FlightAware.

Wind gusts of up to 81 mph were reported from the storm, toppling trees and power lines. Giant chunks of ice spilled over the banks of the Niagara River across from Buffalo on Sunday, creating bizarre, 30-foot-tall ice mounds. At one point early Monday, 650,000 were without power.

New study discovers entirely new infection route for influenza A viruses

[Download PDF Copy](#)

Reviewed by James Ives, MPsych

Mar 5 2019

Researchers from the Medical Center - University of Freiburg and the University of Zurich have discovered an entirely new infection route for influenza A viruses. While all previously known influenza A viruses bind sialic acid moieties on the host cell surface, the recently discovered bat-derived influenza A virus subtypes infect human and animal cells by utilizing MHC class II proteins. The immunologically relevant MHC class II molecules are ubiquitously found in many animal species, which is why the discovery will play an important role in assessing the risk of spill-over infections to other species than bats. The study, published on 20 February 2019 in the journal *Nature*, also provides new approaches to the evolutionary genesis of influenza viruses.

"In the lab, bat viruses can use the MHC class II complexes of mice, pigs, chickens, or humans to enter the cell. It is thus not unlikely that these bat-derived influenza viruses could be transmitted naturally from bats to other vertebrates and even humans," says Prof. Dr. Martin Schwemmler, study and research group leader at the Institute of Virology at the University Medical Center Freiburg.

Gene Expression Analysis and Gene Scissors Lead to Success

With a two-pronged strategy and a lot of effort, the researchers from Freiburg and Zurich finally succeeded in finding the cellular factor mediating the virus's entry into the host cell. First, the group of Prof. Dr. Silke Sterz from the Institute of Medical Virology of the University of Zurich compared the proteins produced in infectible cells to those produced in non-infectible cells. Using a technique called transcriptomic profiling, the researchers estimated the amount of cellular proteins

US must accelerate deployment of space sensors to counter Russian threat

by Staff Writers
Washington DC (Sputnik) Feb 27, 2019

The United States needs to accelerate the deployment of sensors in space to counter threats allegedly posed by adversaries like Russia, North American Aerospace Defense Command (NORAD) Commander Terrence O'Shaughnessy said in congressional testimony on Tuesday.

"We need to fundamentally relook at the way that we are maintaining our domain awareness," O'Shaughnessy, who also leads US Northern Command, told the Senate Armed Services Committee. "It absolutely is going to have to include space and we really need to accelerate our work to put sensors in space that can help us understand the domain on the sea and in the air of the threats that are coming to our homeland."

O'Shaughnessy also said investing in anti-missile defence systems will be critical to countering Russia, which, according to him, represents the biggest near-term threat to the US homeland.

"[Russia] is not just a cyber threat. This is a kinetic threat with cruise missiles," the NORAD chief said. "We need to invest... if we are going to maintain our ability to defend."

Last week, President Donald Trump signed a directive that ordered the Pentagon to establish a US Space Force that would operate as the sixth branch of the armed forces within the Air Force, despite a 1967 treaty signed by more than 100 nations that ban the militarization of space.

NATO chief says bloc preparing for more Russian missiles

by Staff Writers
Sofia (AFP) March 1, 2019

NATO chief Jens Stoltenberg said Friday the military alliance needs to be ready for a world with more Russian missiles, after a UN warning that the global arms control system is collapsing.

"NATO does not want a new Cold war, we don't want a new arms race. And therefore we call on Russia to come back into compliance with the INF (Intermediate-Range Nuclear Forces) treaty," Stoltenberg told reporters during a visit to the Bulgarian capital Sofia.

"At the same time we need to be prepared for a world without the INF treaty and with more Russian missiles," he added.

The US began the process of exiting the key missile treaty last month in response to Moscow's deployment of a new missile -- the 9M729 -- that NATO says breaches the pact.

In response, Russia announced its own withdrawal from the cornerstone treaty signed in 1987, which banned ground-launched missiles with a range of 500 to 5,500 kilometres.

North Korea offers more talks after nuclear no-deal in Hanoi

By Sebastian BERGER
Hanoi (AFP) March 1, 2019

North Korea on Friday promised further negotiations with the US, as both sides sought to hold open the door while staking out their positions after their Hanoi summit spectacularly failed to produce a nuclear deal.

The second meeting between the North's leader Kim Jong Un and US President Donald Trump broke up in disarray Thursday, with a signing ceremony cancelled and no joint communique issued.

Each sought to blame the other's intransigence for the deadlock, with Trump saying Pyongyang wanted all sanctions imposed on it over its banned weapons programmes lifted.

But in a rare late-night press briefing, the North Korean foreign minister said it had only wanted some of the measures eased, and that its offer to close "all the nuclear production facilities" at its Yongbyon complex was the best it could ever offer.

Despite the deadlock, the North's official KCNA news agency reported Friday that the two leaders had had a "constructive

The Chinese government has infiltrated nearly every sector of the U.S. education system via a package of programs and monetary schemes that seek to indoctrinate American children and bring the Communist government's propaganda into the classroom, according to a new report by a Senate investigatory body.

The wide-ranging report by the Senate Homeland Security and Governmental Affairs Committee has found that China has spent nearly \$200 million on educational entities known as Confucius Institutes. These programs have been instated in U.S. schools across the country with the mission of indoctrinating students and painting a sympathetic portrait of the Chinese Communist government, according to the report.

The institutes are shrouded in mystery and have been the cause of much consternation on Capitol Hill and elsewhere as information

about their reach and power in the United States becomes clearer.

While the programs appear on their surface to be mundane—mainly focusing on language and cultural issues—the Senate committee found that these institutes constitute a threat to the United States. The Chinese government, the committee found, "is attempting to change the impression in the United States and around the world that China is an economic and security threat."

PayPal Censoring Groups With Help from Leftist, Anti-Christian SPLC

02-26-2019 - [Christian Ellis](#)

The CEO of PayPal has revealed the multi-billion dollar service partners with the leftist organization Southern Poverty Law Center (SPLC) to decide who should be blacklisted from their company. Using "company corporate values" as their defense, PayPal has taken intentional steps to deny access to conservatives.

It's all a big cause for concern for Christians because the [SPLC](#) has taken an anti-Christian slant in recent years, targeting mainstream groups just because they hold biblical views about sexuality and life. CBN News has reportedly extensively on the SPLC's radical agenda to silence conservative Christian groups like [D. James Kennedy Ministries](#)

Pro-life members of Congress and activists held a press conference on Tuesday to respond to the Senate's failure to pass the Born-Alive Abortion Survivors Protection Act, citing shock that it went down in a 53-44 [vote](#), with only Democrats voting against it.

All 6 Democratic presidential candidates vote for infanticide

There is no spin that can be put on this. No justification. No explanation that softens the blow. On February 25, 44 Democrat senators, including all 6 declared presidential candidates, voted against the Born Alive Protection Act. Put another way, they voted for infanticide.

As [reported](#) on the *National Review*, "All six of the Democratic senators currently running for the 2020 presidential nomination voted against the bill: Cory Booker (N.J.), Sherrod Brown (Ohio), Kirsten Gillibrand (N.Y.), Kamala Harris (Calif.), Amy Klobuchar (Minn.), and Elizabeth Warren (Mass.), along with Independent Bernie Sanders of Vermont."

The Democrats truly have become the party of death, joined enthusiastically by far-left Bernie Sanders.

But none of this is surprising at all. When the god of abortion is threatened by affirming the sanctity of a baby's life, inside or outside the womb, the Democrats will opt for death.

Here is the most relevant part of [the bill](#) which these leftists voted against. It is unambiguous in its language.

Hollywood Gives Abortion an R Rating

10:00AM EST 2/26/2019 | [MICHAEL BROWN](#)

A promotional image from "Unplanned." (*Unplanned/Facebook*)

Hollywood, which worships at the altar of a woman's "right" to abortion, is about to be shaken by a new movie. It is called *Unplanned*, and it tells the story of [Abby Johnson](#), formerly a Planned Parenthood clinic director but today a passionate pro-life leader.

The film, which cost \$6 million to make, [was](#) "written and directed by Cary Soloman and Chuck Konzelman, the writers and co-producers of *God's Not Dead* and *God's Not Dead 2*, both of which were also distributed theatrically by Pure Flix."

Remarkably, "The filmmakers say they made *Unplanned* in secret under an assumed name due to its controversial nature and that its plans to feature portions of several mainstream pop songs were scaled back after major labels refused to license music to them."

How dare they challenge the abortion industry.

OXON HILL, Md. — On Thursday, LiveAction spokeswoman Alison Centofante alerted the audience at the Conservative Political Action Conference (CPAC) to two stinging videos from 2013 showing abortion workers backing infanticide. She described infanticide as the "ethos" of Planned Parenthood.

"When you're in elementary school, and you're just coming into adolescence, it's a very vulnerable time," said the board's vice-

فهذا اطلب أن نصلي ونستعد ونعد زيت لمصاييحنا لاستقبال العريس بالصلاة والصوم وخدمة

أبناء الله وتنقية القلب والاستعداد بلبس العرس.

رسالة بولس الرسول الي أهل رومية 13

13: 11 هذا وأنكم عارفون الوقت انها الان ساعة لنستيقظ من النوم فان خلاصنا الان اقرب مما
كان حين امنا

13: 12 قد تنهى الليل وتقارب النهار فلنخلع اعمال الظلمة ونلبس اسلحة النور

13: 13 لنسلك بلياقة كما في النهار لا بالبطر والسكر لا بالمضاجع والعهر لا بالخصام والحسد

13: 14 بل البسوا الرب يسوع المسيح ولا تصنعوا تدبيرا للجسد لأجل الشهوات

احترس ان لم تتمسك بالمسيح من الان قد لا تستطيع في المستقبل القريب بسبب الظلام.

وكما قلت هو اخبرنا لكي لا نخاف

انجيل متى 24

مت 24: 6 وسوف تسمعون بحروب واخبار حروب **لا ترتاعوا** لأنه لا بد ان تكون هذه

كلها ولكن ليس المنتهى بعد

بطرس الأولى 3: 14

وَلَكِنْ وَإِنْ تَأَلَّمْتُمْ مِنْ أَجْلِ الْبِرِّ، فَطُوبَاكُمْ. وَأَمَّا خَوْفُهُمْ فَلَا تَخَافُوهُ وَلَا تَضْطَرُّوْا،

بل نؤمن

إنجيل يوحنا 14: 29

وَقُلْتُ لَكُمْ الْآنَ قَبْلَ أَنْ يَكُونَ، حَتَّى مَتَى كَانَ تُؤْمِنُونَ.

ثالثا لنتنبه ونستعد

انجيل لوقا 21

28 وَمَتَى ابْتَدَأَتْ هَذِهِ تَكُونُ، فَانْتَصِبُوا وَارْفَعُوا رُؤُوسَكُمْ لِأَنَّ نَجَاتَكُمْ تَقْتَرِبُ.».

افرحوا لان عريسنا قد اقترب مجيؤه. وانتبهوا الشيطان يريد أن نفقد سلامنا ولا ننال أكاليل.

وأیضا استعدوا فقد تسلموا وديعتكم في أي وقت فهناك 150 ألف شخص يموتوا في اليوم الواحد

انت لا تعرف متى ستكون منهم

المسيح اقترب فاصنعوا ثمار تليق بالتوبة واستعدوا لاستقبال العريس.

والمجد لله دائما
