اكرر هدفي فقط من هذه الخدمة أن نذكر بعضنا باننا نحتاج ان نستعد أي حياة اليقظة الروحية. والاستعداد ليس فقط قبل مجيء المسيح بل ايضا قبل الظلمة التي ستسبق مجيؤه ليكون عندنا زيت في مصابيحنا يكفي ان نعبر هذه الظلمة وتكون مصابيحنا مضيئة وقت مجيؤه او من منا سيسلم وديعته في أي وقت . بمعنى نحتاج من الان ان نستعد بقوة بأيمان عامل وبتنقية القلب وان نثمر بالخدمة أي نجمع زيت في مصابيحنا لان الظلمة والضيق اقتربت جدا ومن لن يستعد لها بزيت كافي من الان لن يجد زيت في الضيقة لان وقتها تجميع زيت سيكون صعب جدا بل أستطيع ان أقول من مثل العذاري انه لن يكون هناك زيت الا ما جمعه سابقا .

أفضل ان اقول لنفسي ولكم استعدوا الان لأنه اقترب فنكون مستعدين سواء جاء او نحن ان سلمنا وديعتنا عن أنى لا اقول انه اقترب لكيلا يقال عني كاذب وانشر اشاعات او اخيف البعض

ولكنه يأتي بسرعة بغته. لا اعتقد اي أحد ندم لأنه كان مستعد ومنتظر مجيء المسيح ولم يأتي

المسيح في زمنه ولكنه انتقل وهو مستعد ولكن كثيرين جدا ندموا على عدم الاستعداد عندما

انتقلوا

المسيح قال بعض العلامات مثل

انجيل لوقا 21

21: 10 ثم قال لهم تقوم امة على امة ومملكة على مملكة

21: 11 وتكون زلازل عظيمة في اماكن ومجاعات واوبئة وتكون مخاوف وعلامات عظيمة من

السماء

21: 25 وتكون علامات في الشمس والقمر والنجوم وعلى الارض كرب امم بحيرة البحر والامواج

تضج

21: 26 والناس يغطى عليهم من خوف وانتظار ما يأتي على المسكونة لان قوات السماوات

تتزعزع

21: 27 وحينئذ يبصرون ابن الانسان اتيا في سحابة بقوة و مجد كثير

سفر اعمال الرسل 2

2: 19 واعطي عجائب في السماء من فوق وآيات على الارض من أسفل دما ونارا وبخار دخان

2: 20 تتحول الشمس الى ظلمة والقمر الى دم قبل ان يجيء يوم الرب العظيم الشهير

2: 21 ويكون كل من يدعو باسم الرب يخلص

لماذا قال المسيح بعض العلامات؟

أولا لكيلا نرتاع

انجيل متى 24

مت 24: 6 وسوف تسمعون بحروب واخبار حروب **لا ترتاعوا** لأنه لا بد ان تكون هذه

كلها ولكن ليس المنتهى بعد

ثانيا لنؤمن

إنجيل يوحنا 14: 29

وَقُلْتُ لَكُمْ الْآنَ قَبْلَ أَنْ يَكُونَ، حَتَّى مَتَى كَانَ تُؤْمِنُونَ.

ثالثا لننتبه ونستعد

انجيل لوقا 21

28 وَمَتَى ابْتَدَأَتْ هَذِهِ تَكُونُ، فَانْتَصِبُوا وَارْفَعُوا رُؤُوسَكُمْ لِأَنَّ نَجَاتَكُمْ تَقْتَرِبُ.»

PARIS, France – Notre Dame's most precious relic was saved during the fire.

A relic of the Crown of Thorns, believed to have been worn by Jesus Christ at the time of his crucifixion, was saved from the flames.

According to Anne Hidalgo, the mayor of Paris, police officers made a human chain to save it.

كرة نارية تظهر بضوء قوي جدا في سماء بورتوريكان

PUERTO RICAN FIREBALL: What are the odds? On April 9th at 04:01 Atlantic Time, a random meteoroid hit Earth's atmosphere and disintegrated with the luminosity of a waxing crescent Moon. The impact, which could've happened anywhere, took place directly above a video camera in Cabo Rojo, Puerto Rico:

This fireball streaked over the Caribbean Sea south of Cabo Rojo," says Frankie Lucena, who operates the camera. "Also seen is the Lajas Aerostat (a tethered radar balloon) and Alpha Centauri."

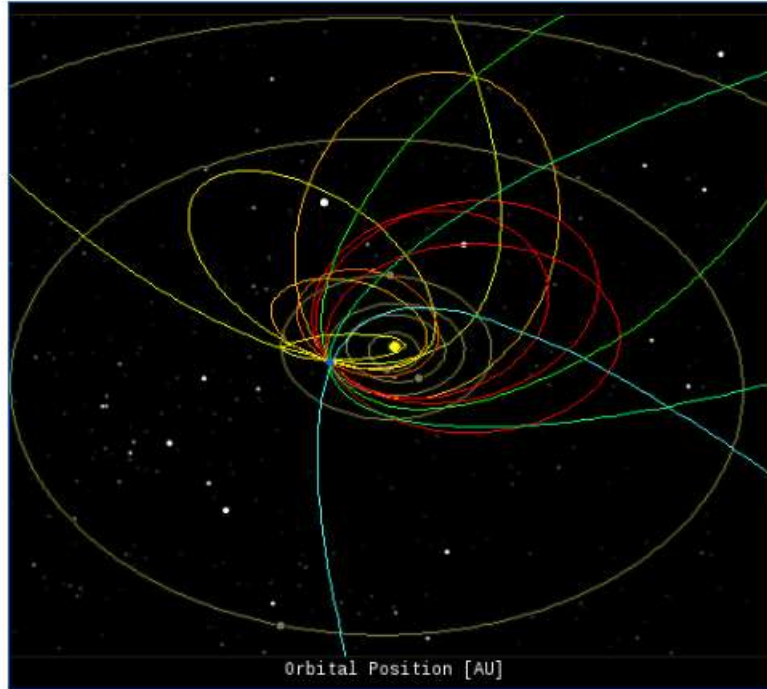

Lucena estimates the magnitude of the fireball as approximately -11. Using a computer model of Earth's meteoroid environment, Bill Cooke of the Marshall Space Flight Center [calculates](#) that fireballs this bright come along once every 20 days or so. Rarely, however, are they witnessed. About 70% of all fireballs streak over uninhabited ocean while half appear during the day, invisible in sunny skies. To catch one in the crosshairs of a meteor camera on a dark night is good luck indeed.

New England seeing a huge spike in beached sea turtles

In this Tuesday, March 12, 2019 photo, a loggerhead turtle swims in a tank at a marine animal rehabilitation center near Boston. Warmer waters in New England are proving attractive to sea turtles, but with a catch. Many are swimming north only to be trapped by cooling waters.

12 turtle carcasses in 3 days raise green alarm

TNN | Mar 29, 2019, 08:53 IST

The high mortality of turtles seen within a span of few days has once again raised a concern.

Panaji: In a season when Goa's beaches come alive late at night to scores of tiny Olive Ridley turtle hatchlings crawling to the sea, the finding of 12 turtle carcasses has come back to haunt wildlifers once again.

Carcasses, some highly decayed, of the flippered visitors were found in Rajbhag, Candolim, Calangute, Bogmalo, Velsao and Betalbatim during the last

three days. "Some of them appear to be fresh, while some may have washed ashore a few days earlier, as the carcasses have decayed," an official said.

A collaborative initiative "ocean watch", involving the forest department, Drishti Marine, Terra Conscious and IUCN, India, monitors and responds to marine life strandings across Goa's coast.

Residents in a community north of Brisbane are disgusted by the deaths of thousands of fish in their local lake.

Those living near a Beachmere lake first noticed birds swooping before they realised thousands of fish were dead.

They moved to the lakeside town for the views, but for days now the view and smell has been of dead, rotting fish.

About 30 species, big and small, have died in the lake, including mangrove Jack, bream, flathead, herring, and mullet.

Now locals are demanding answers from Moreton Bay Council.

"It's been very sad to see the fish coming up and gulping for their lives. There were lots of them that didn't make it," resident Tracey Warr told 7News.

An outbreak of bird flu was suspected after death of ducks in the Duck Breeding Centre and Dairy Farm at Khapuria .

On March 23, as many as 13 ducks died on the day in the farm. US to Move Fast on Hypersonic Weapons Like China, Russia - Stratcom Chief

by Staff Writers
Colorado Springs CO (Sputnik) Apr 10, 2019

Last week, Army Space and Missile Command chief Lieutenant General James Dickinson said in congressional testimony that the US armed forces were planning five test programs on hypersonic weapons systems in the Marshall Islands in the central Pacific Ocean

The United States is moving quickly to develop hypersonic weapons just as Russia and China are doing, US Strategic Command Commander Gen. John Hyten told reporters on the sidelines of a space forum in Colorado on Tuesday.

"Russia and China are going really fast in hypersonics right now, we're going to move fast to make sure we can do that," Hyten said.

The official also noted that the US had no intention to use hypersonic weapons

U.S. Defense officials lay out plans for Space Force

by Allen Cone
Washington (UPI) Apr 12, 2019

Top Defense Department officials have detailed plans to develop the Space Force, including a massive network of satellites, recognizing that the "status quo is not sufficient" to confront adversaries in outer space.

Acting Defense Secretary Patrick M. Shanahan on Thursday appeared before the Senate Armed Services Committee with Marine Corps Gen. Joe Dunford, chairman of the Joint Chiefs of Staff; Air Force Secretary Heather Wilson; and Air Force Gen. John Hyten, commander of U.S. Strategic Command.

For the Fiscal Year 2020 National Defense Authorization Act, Shanahan asked the committee to authorize the U.S. Space Force in the Fiscal Year 2020 National Defense Authorization Act.

"America has enduring interests in space," Shanahan said. "And just as the U.S. Navy ensures freedom of navigation of the seas, America's Space Force must now ensure the freedom to navigate the stars."

In March, the Defense Department requested \$143.3 billion for space-based defenses out of a total \$718.3 billion in a strategy that "fully recognizes that future wars will be waged not just in the air, on the land, and at sea, but also in space and cyberspace, increasing the complexity of warfare. It modernizes capabilities across all warfighting domains to enhance lethality."

Pompeo wants China to join Russia in START nuclear treaty

by Staff Writers
Washington (AFP) April 10, 2019

US Secretary of State Mike Pompeo said Wednesday that China should join in the next START treaty on curbing nuclear warheads as Washington prepares for talks on an extension with Russia.

The New START treaty, which caps the number of nuclear warheads well below Cold War limits, is set to expire in 2021 at a time of high tensions between Russia and the United States.

Pompeo said that Russia and the United States have both shown "large compliance" with New START -- unlike the separate INF treaty on medium-range missiles from which Washington this year said it would pull out, accusing Moscow of violations.

President Donald Trump "has made very clear that if we can get a good, solid arms control agreement, we ought to get one," Pompeo told the Senate Foreign Relations Committee when asked about extending New START.

NATO to use THAAD in Romania this summer

by Sam Howard
Washington (UPI) Apr 11, 2019

The United States will temporarily deploy its THAAD anti-missile protection system in Romania this summer, U.S. European Command said Thursday.

The land-based THAAD system, which stands for Terminal High Altitude Area Defense, will be used by NATO for its Ballistic Missile Defense systems while the international alliance's existing Aegis Ashore Missile Defense System goes through maintenance and updates starting this summer, European Command said in a news release.

The maintenance and updates are expected to last several weeks, NATO said in a separate news release.

The THAAD system will be based in Naval Support Facility Deveselu in southern Romania and will be controlled by NATO, U.S. European Command said.

NATO said the THAAD system will be used to scout for threats outside of the European and Atlantic regions.

"Aegis Ashore Romania is an important part of the European Phased Adaptive Approach, which is designed to protect European NATO allies and U.S. deployed forces in the region against the growing threat posed by the proliferation of ballistic missiles outside the Euro-Atlantic area," European Command said. US warship cruises disputed sea in Philippine war games

By Ron LOPEZ
Manila (AFP) April 11, 2019

A US warship laden with hi-tech fighter planes took centre stage at key war games in the Philippines Thursday, brandishing military might as fresh tensions bubble in the contentious South China Sea.

The amphibious assault ship USS Wasp, with at least 10 F-35B stealth jets on deck, stood guard as amphibious tanks rolled onto a Philippine beach located a short sail from islands also claimed by China.

The vessel was in the area for long-running US-Philippine military drills, which come as Manila pushes back against the recent presence of hundreds of Chinese ships near its Pag-asa (Thitu) island.

"We can't disclose the official movements of the USS Wasp for security reasons, but they have been operating in the South China Sea region... as part of the exercise," US spokeswoman Second Lieutenant Tori Sharpe told reporters.

President Rodrigo Duterte had largely set aside the once-tense dispute over China's expansive claims to the resource-rich waterway, but told Beijing last week to back off over the "swarming" Chinese boats.

The Philippines called the boats' presence "illegal" and Duterte threatened China with possible military action if it

India looks to expand space weaponry after satellite-killer test

by Staff Writers
New Delhi (Sputnik) Apr 09, 2019

The successful test of India's brand new anti-satellite weapon last month has drawn criticism from NASA and Pakistan, but New Delhi does not plan to stop yet. The capabilities under development include directed-energy and laser weapons - arms that have been popularised by video games but have not been seen in real life yet.

India has been developing "space deterrence" technologies which would be able to knock out enemy satellites, the country's military research chief has revealed.

"We are working on a number of technologies like DEWs (directed-energy weapons), lasers, electromagnetic pulse (EMP) and co-orbital weapons etc. I can't divulge the details, but we are taking them forward," G. Satheesh Reddy, the head of India's military R and D agency DRDO, told reporters on Saturday, according to The Times of India.

India hopes to avoid US sanctions over Russian missile deal

By Simon STURDEE
New Delhi (AFP) April 13, 2019

India is hopeful it will avoid US sanctions over its purchase of Russia's S-400 missile system, Defence Minister Nirmala Sitharaman told AFP.

New Delhi has been "heard and understood" by the US administration over its accord to buy the S-400 missile defence system for \$5.2 billion, the minister said in an interview this week.

Indian Prime Minister Narendra Modi made the deal with Russian President Vladimir Putin in October, defying US warnings of sanctions on countries buying Russian military equipment. The sanctions were part of measures to punish Moscow for its actions in Ukraine in 2014.

President Donald Trump's administration imposed sanctions on China's military last year over Beijing's purchase of the S-400 and other military hardware.

It has also warned NATO member Turkey of sanctions for buying the S-400, and has suspended Turkey's participation in a US jet programme.

Iran president says US 'leader of world terrorism'

By Kay Armin Serjole
Tehran (AFP) April 9, 2019

Iranian President Hassan Rouhani on Tuesday accused the United States of being the real "leader of world terrorism", hitting back after Washington blacklisted Iran's Revolutionary Guards as a terrorist organisation.

Tehran was quick to retaliate on Monday by declaring US troops "terrorists" following Washington's move, which was welcomed by Iran's regional arch-rivals Israel and Saudi Arabia.

It was the first time that Washington has branded part of a foreign government a terrorist group, meaning that anyone who deals with the Islamic Revolutionary Guard Corps could face prison in the United States.

"Who are you to label revolutionary institutions as terrorists?" an angry Rouhani demanded in a speech broadcast live by state television.

Speaking at the closing ceremony of a Quran competition in Tehran, Khamenei criticized "certain Islamic nations" that are not adhering to Muslim principles, he claimed.

"Unfortunately, the rulers of some Islamic countries do not adhere to Quranic teachings and instead of being 'harsh against the unbelievers,' they have become servants and followers of America and the Zionists; and instead of being 'merciful to one another,' they pave the way for divisions and wars, like the wars in Yemen and Syria, and the massacre of Muslims," Khamenei said, according to local

Erdogan says Russian S-400s delivery could be earlier

by Staff Writers
Ankara (AFP) April 10, 2019

President Recep Tayyip Erdogan said the delivery of Turkey's disputed Russian S-400 missile defence systems could be earlier than initially planned, Hurriyet daily reported on Wednesday.

Ankara's purchase of the S-400s risks US sanctions and has further strained already tense relations with Washington.

US officials are concerned over the incompatibility of the S-400s with NATO military hardware as well as Ankara's increasingly close relationship with Russia.

"The S-400 missile defence system was to be delivered in July, maybe we will bring this forward," Erdogan told Turkish journalists on board his plane after a Russia visit, the newspaper said.

Erdogan was in Moscow on Monday for talks with Russian President Vladimir Putin, with the S-400 purchase and joint coordination in Syria on the agenda.

"This step that we have taken for our country's security neither targets a third country nor does it give our sovereign rights over to a third country," Erdogan said.

In a bid to stop Turkey purchasing the S-400s, the US has offered to sell the US Patriot system but Turkish

According to all assessments, the proposed amendments to the constitution should be passed by a huge majority, and then a referendum will be held to approve the change. If the reforms are indeed passed, Sisi will have exclusive control over the judiciary, political power over the Egyptian army will be increased, and the President's term will be extended to six years each term.

‘Retail apocalypse’ now: Analysts say 75,000 more U.S. stores could be doomed.

Overall, retailers have closed more than 15,000 stores since 2017, according to UBS. Among them: Radio Shack (which closed 1,470 stores), Toys R Us (735 stores), and Mattress Firm and GNC (700 stores each). (Julio Cortez/AP)

Widespread closures have roiled the retail industry, but many more stores are likely to shut down in coming years to keep up with a shift to online shopping, according to a report by investment firm UBS.

An estimated 75,000 stores that sell clothing, electronics and furniture will close by 2026, when online shopping is expected to make up 25 percent of retail sales, according to UBS. Roughly 16 percent of overall sales are made online.

Satanic Temple challenges Missouri abortion law

By JIM SALTER Associated Press
Apr 10, 2019, 2:54 PM ET

WATCH: The Supreme Court has temporarily put on hold a Louisiana abortion law set to take effect Friday requiring abortion providers in that state to have admitting privileges at a hospital within 30 miles.

A member of the Satanic Temple in Missouri is challenging a state law that requires women seeking an abortion to wait three days, saying that it violates the member's religious freedom.

The Satanic Temple doesn't believe in a literal Satan but sees the biblical Satan as a metaphor for rebellion against tyranny.

رسالة بولس الرسول الي أهل رومية 13

13: 11 هذا وأنكم عارفون الوقت انها الان ساعة لنستيقظ من النوم فان خلاصنا الان أقرب مما
كان حين امنا

13: 12 قد تنهى الليل وتقارب النهار فلنخلع اعمال الظلمة ونلبس اسلحة النور

13: 13 لنسلك بلباقة كما في النهار لا بالبطر والسكر لا بالمضاجع والعهر لا بالخصام والحسد

13: 14 بل البسوا الرب يسوع المسيح ولا تصنعوا تدبيرا للجسد لأجل الشهوات

احترس ان لم تتمسك بالمسيح من الان قد لا تستطيع في المستقبل القريب بسبب الظلام.

وكما قلت هو اخبرنا لكي لا نخاف

انجيل متى 24

مت 24: 6 وسوف تسمعون بحروب واخبار حروب **لا ترتاعوا** لأنه لا بد ان تكون هذه

كلها ولكن ليس المنتهى بعد

بطرس الأولى 3: 14

وَلَكِنْ وَإِنْ تَأَلَّمْتُمْ مِنْ أَجْلِ الْبِرِّ، فَطُوبَاكُمْ. وَأَمَّا خَوْفُهُمْ فَلَا تَخَافُوهُ وَلَا تَضْطَرُّوْا،

بل نؤمن

إنجيل يوحنا 14: 29

وَقُلْتُ لَكُمْ الْآنَ قَبْلَ أَنْ يَكُونَ، حَتَّى مَتَى كَانَ تُؤْمِنُونَ.

ثالثا لنتنبه ونستعد

انجيل لوقا 21

28 وَمَتَى ابْتَدَأَتْ هَذِهِ تَكُونُ، فَاَنْتَصِبُوا وَارْفَعُوا رُؤُوسَكُمْ لِأَنَّ نَجَاتَكُمْ تَقْتَرِبُ.»

افرحوا لان عريسنا قد اقترب مجيؤه. وانتبهوا الشيطان يريد أن نفقد سلامنا ولا ننال أكاليل.

وأيضا استعدوا فقد تسلموا وديعتكم في أي وقت فهناك 150 ألف شخص يموتوا في اليوم الواحد

انت لا تعرف متى ستكون منهم

المسيح اقترب فاصنعوا ثمار تليق بالتوبة واستعدوا لاستقبال العريس.

والمجد لله دائما
