اكرر هدفي فقط من هذه الخدمة أن نذكر بعضنا باننا نحتاج ان نستعد أي حياة اليقظة الروحية. والاستعداد ليس فقط قبل مجيء المسيح بل ايضا قبل الظلمة التي ستسبق مجيؤه ليكون عندنا زيت في مصابيحنا يكفي ان نعبر هذه الظلمة وتكون مصابيحنا مضيئة وقت مجيؤه او من منا سيسلم وديعته في أي وقت . بمعنى نحتاج من الان ان نستعد بقوة بأيمان عامل وبتنقية القلب وان نثمر بالخدمة أي نجمع زيت في مصابيحنا لان الظلمة والضيقة اقتربت جدا ومن لن يستعد لها بزيت كافي من الان لن يجد زيت في الضيقة لان وقتها تجميع زيت سيكون صعب جدا بل أستطيع ان أقول من مثل العذاري انه لن يكون هناك زيت الا ما جمعته سابقا.

أفضل ان اقول لنفسي ولكم استعدوا الان لأنه اقترب فنكون مستعدين سواء جاء او نحن ان سلمنا وديعتنا عن أنى لا اقول انه اقترب لكيلا يقال عني كاذب وانشر اشاعات او اخيف البعض

ولكنه يأتي بسرعة بغته. لا اعتقد اي أحد ندم لأنه كان مستعد ومنتظر مجيء المسيح ولم يأتي

المسيح في زمنه ولكنه انتقل وهو مستعد ولكن كثيرين جدا ندموا على عدم الاستعداد عندما

انتقلوا

المسيح قال بعض العلامات مثل

انجيل لوقا 21

21: 10 ثم قال لهم تقوم امة على امة ومملكة على مملكة

21: 11 وتكون زلازل عظيمة في اماكن ومجاعات واوبئة وتكون مخاوف وعلامات عظيمة من

السماء

21: 25 وتكون علامات في الشمس والقمر والنجوم وعلى الارض كرب امم بحيرة البحر والامواج

تضج

21: 26 والناس يغطى عليهم من خوف وانتظار ما يأتي على المسكونة لان قوات السماوات

تتزعزع

21: 27 وحينئذ يبصرون ابن الانسان اتيا في سحابة بقوة و مجد كثير

سفر اعمال الرسل 2

2: 19 واعطي عجائب في السماء من فوق وآيات على الارض من أسفل دما ونارا وبخار دخان

2: 20 تتحول الشمس الى ظلمة والقمر الى دم قبل ان يجيء يوم الرب العظيم الشهير

2: 21 ويكون كل من يدعو باسم الرب يخلص

لماذا قال المسيح بعض العلامات؟

أولا لكيلا نرتاع

انجيل متى 24

مت 24: 6 وسوف تسمعون بحروب واخبار حروب **لا ترتاعوا** لأنه لا بد ان تكون هذه

كلها ولكن ليس المنتهى بعد

ثانيا لنؤمن

انجيل يوحنا 14: 29

وَقُلْتُ لَكُمْ الْآنَ قَبْلَ أَنْ يَكُونَ، حَتَّى مَتَى كَانَ تُوْمِنُونَ.

ثالثا لننتبه ونستعد

انجيل لوقا 21

28 وَمَتَى ابْتَدَأَتْ هَذِهِ تَكُونُ، فَانْتَصِبُوا وَارْفَعُوا رُؤُوسَكُمْ لِأَنَّ نَجَاتَكُمْ تَقْتَرِبُ.»

Two hurricanes, one a Category 3, are moving toward Hawaii

By Hollie Silverman, CNN

Updated 5:14 AM EDT, Wed July 31, 2019

(CNN) — Two hurricanes, one of them a Category 3, are moving toward the Hawaiian islands -- one heading straight for the island chain and another tracking slightly south.

Hurricane Erick, the larger of the storms, is not expected to make landfall but parts of Hawaii could see increased wind gusts and rain as Erick slides south of the Big Island on Thursday.

It's expected to weaken to a tropical storm by then, CNN meteorologist Haley Brink said.

Over 2,000 Miles of Pacific Coastline Experiencing Drought

Bloomberg Kevin Varley

Bloomberg August 3, 2019

(Bloomberg) – It's dry in the Pacific Northwest, British Columbia and Alaska. Very dry.

A contiguous stretch of over 2,000 miles of Pacific coastline is experiencing drought conditions ranging from "abnormally dry" to "extreme drought," according to U.S. and Canadian Drought Monitors.

While drought has receded across much of the Canadian provinces from June, and overall conditions in the lower 48 U.S. states have skirted with 20-year lows over the past two months, conditions in Ketchikan, Alaska, have been termed "severe" and Aberdeen, Washington, "exceptional".

NOTES: D0 - Abnormally dry, D1 - Moderate Drought, D2 - Severe Drought, D3 - Extreme Drought, D4 - Exceptional Drought

Water in Hawaii volcano could trigger explosive eruptions

By CALEB JONES August 3, 2019

HONOLULU (AP) — For the first time in recorded history, a pond of water has been discovered inside the summit crater of Hawaii's Kilauea volcano, a development that could signal a shift to a more explosive phase of future eruptions.

After a week of questions about a mysterious green patch at the bottom of the volcano's Halemaumau crater, the former home of a famed lava lake, researchers confirmed the presence of water on Thursday, officials with the U.S. Geological Survey told The Associated Press on Friday.

State investigates big fish kill at Myrtle Grove

Myrtle Grove Fish Kill

By [Rob Masson](#) | July 19, 2019 at 4:05 PM CDT - Updated July 20 at 11:47 AM

NEW ORLEANS, La. (WVUE) - State wildlife experts are investigating a large fish kill at Myrtle Grove. Thousands of dead pogies, catfish and crab surfaced at the canal, and the boat launch all day, just days after Hurricane Barry's storm surge moved out.

First it was Barry and the floods that followed. Now fishermen in this prime area are having to deal with a smelly large fish kill at a popular boat launch.

Pearl Young, who has fished the Myrtle Grove marina for years, said she didn't like what she saw today, or smelled.

She fished right off the dock and had little luck, while others went farther out to find clean water.

The Iowa Department of Natural Resources is investigating hundreds dead fish on two-mile stretch of lower Walnut Creek near a popular Des Moines bike trail.

DNR spokesman Anthony Bigger said they estimate 500 to 600 dead fish are in the creek, though he said there could be as many as 1,000. Several people reported dead fish along 63rd Street, a third of a mile south of Interstate Highway 235.

The section with fish kill runs along the Walnut Creek Bike Trail, which led to a high number of reports, according to a DNR news release.

Bigger said the cause is still unknown as the DNR continues their investigation. He said the potential causes include somebody dumping chemicals down their drain, temperature and water main breaks.

SOFIA (Reuters) - Bulgaria has detected another outbreak of African swine fever at a pig breeding farm near the north eastern city of Ruse, after the deadly virus was discovered earlier this month, the food safety agency said on Wednesday.

That was the 19th case in pigs in farms or backyards.

“Another outbreak was detected at a large industrial farm in the village of Brashlen with over 40,000 pigs,” said Alexandra Miteva, a senior official for the food safety authority.

She said all pigs on the holding would be culled.

Hundreds of bees drop dead around '5G towers' in California

Aug 2, 2019 | 0 | *****

OPINION (Daily Star) – Bizarre footage showing hundreds of bees dead on the floor surrounding what appeared to be two 5G towers has gone viral. The superfast broadband has sparked controversy since rolling out this year, with health experts claiming it could have serious side effects on humans. And there are now claims online that bees could also be affected after a video went viral. The clip – taken in Sierra Madre, California – shows the lifeless bodies of the bees lying on the ground.

OMAHA, Neb. – Swarms of mayflies have emerged from under water along the Missouri River and are caking drivers' windshields.

The Omaha World-Herald reports mayflies spend 99% of their lives in water, but they rise above when they become winged adults to take part in a mating swarm. They quickly die after that.

But their mating season is a nuisance.

Pam Rana, a membership specialist for the Nebraska City Tourism and Commerce Department, blames the flooding for stirring up the mayflies.

Pentagon working on 9 separate hypersonic missile projects to take on Russia, China

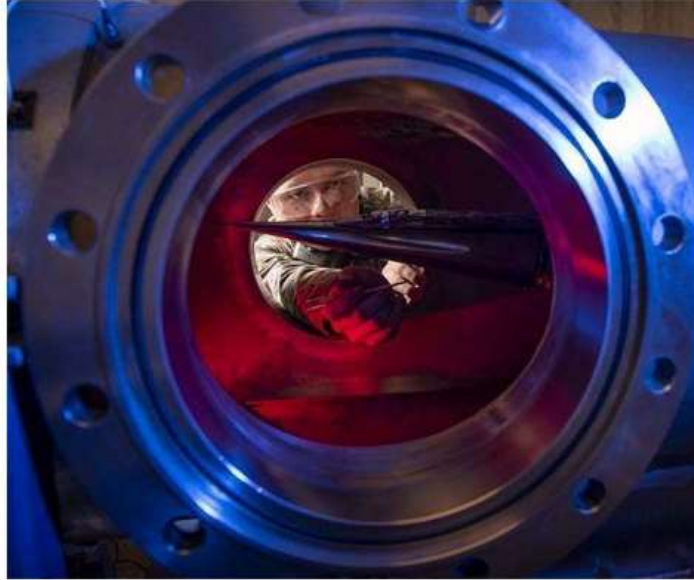

by Staff Writers
Washington (Sputnik) Jul 31, 2019

Earlier this year, the US Air Force announced that it was in a 'race' with Russia and China to develop new hypersonic missile systems, with the Pentagon saying it would use President Trump's new 'Space Force' to try to counter Russian and Chinese advances in this area. The US expects to test at least two hypersonic missiles by the end of 2019.

In addition to the seven Pentagon hypersonic missile-related projects which have already been publically acknowledged, the US is also working on 'at least two more' similar programmes, and they are shrouded in mystery, anonymous officials have told Aviation Week magazine.

The precise nature of the new weapons is unknown, although the outlet discovered that they are represented by the acronyms "HACM" and "HCCW." These clues were found on the LinkedIn profile of one Mr. Greg Sullivan, an engineer with knowledge of every one of the Defence Department's other publically revealed hypersonic programmes.

According to the magazine, the "HACM" and "HCCW" acronyms disappeared from Sullivan's LinkedIn page soon after it had contacted the Air Force for more information. The Air Force did not acknowledge the existence of any programme with those names.

Trump to sanction Russia over chemical weapons use

POLITICO Politico - August 1, 2019 17 Comments

President Donald Trump has signed an executive order imposing sanctions on Russia for its use of chemical weapons in the 2018 attack on the Russian double agent Sergei Skripal and his daughter, according to two U.S. officials.

The Trump administration imposed a round of sanctions last year, as required by a 1991 law. The same law requires the president to impose a second round of sanctions if he cannot determine that the state in question has stopped using chemical weapons — and U.S. intelligence agencies were unable to make that determination with regard to Russia, which continues to deny responsibility for the attack on the Skripals.

But the president, who has been loath to antagonize Russian President Vladimir Putin, dragged his feet on imposing the second round of sanctions. En route to a rally in Cincinnati on Thursday, he continued to minimize the threat of Russian

US, S. Korea defy North's warnings, start joint drills

By Claire LEE, Sunghee Hwang
Seoul (AFP) Aug 5, 2019

Seoul and Washington began annual joint military exercises on Monday, defying warnings from Pyongyang that the war games will jeopardise nuclear negotiations between the United States and North Korea.

The drills come after Pyongyang tested a series of short-range projectiles in recent days, calling one of them a "solemn warning" to Seoul against pursuing the mainly computer-simulated drills with Washington.

South Korean defence minister Jeong Kyeong-doo told parliament that the joint exercise began Monday, adding that Seoul was "clearly maintaining its readiness posture against any military action by North Korea".

Details about the training have not been disclosed, but a ministry official in Seoul said this year's exercise will include verifying South Korea's abilities to take operational control in wartime.

Under the US-South Korea security treaty, an American general will take command of their combined forces in the event of armed conflict, but Seoul has long sought to reverse the position.

Analysts say the military activities by both sides could delay talks on the North's weapons programmes -- which have seen it subjected to multiple sets of UN Security Council sanctions -- until later this year.

After a year of mutual threats and mounting tensions, US President Donald Trump and the North's leader Kim Jong Un held a historic meeting in Singapore last year, when Kim signed a vague pledge to work towards "denuclearisation of the Korean peninsula".

Turkish President Recep Tayyip Erdogan said on Saturday that his country will oppose anyone who supports Israel.

Erdogan made the comments while addressing senior provincial officials from his ruling Justice and Development Party (AKP) in Ankara. He was quoted by Iran's *Press TV*.

"Whoever is on the side of Israel, let everyone know that we are against them," stated Erdogan.

Erdogan added that Turkey will continue to promote the Palestinian cause regardless of efforts to undermine it mainly by supporters of the Israeli regime.

"We do not approve of silence on the state terror that Israel blatantly carries out in Palestine," said the Turkish president, according to *Press TV*.

His comments followed last week's [demolition by Israel](#) of illegal Palestinian Arab buildings on the outskirts Jerusalem.

The apartment buildings were built in the Wadi al-Hummus neighborhood of Sur Baher, an Arab enclave located almost entirely in Jerusalem.

World's first ever human-monkey hybrid grown in lab in China

Aug 1, 2019 | 0 | ★★★★★

(DS) - A Human-Monkey hybrid has been grown in a lab in China in a world-first scientific breakthrough. Scientists have successfully formed a hybrid human-monkey embryo - with the experiment taking place in China to avoid "legal issues". Researchers led by scientist Juan Carlos Izpisua spliced together the genes to grow a monkey with human cells. It is said the creature could have grown and been born, but scientists aborted the process.

The team made up of members of the Salk Institute in the United States and the Murcia Catholic University, genetically modified the monkey embryos. Researchers deactivate the genes which form organs and replaced them with human stem cells. And it is hoped that one day these hybrid-grown organs will be able to be translated into humans. Project collaborator Estrella Núñez hailed the experiment as "very promising". The team have not yet

65 People Slaughtered at Funeral in Suspected Boko Haram Attack

07-29-2019 - Emily Jones

At least 65 people are dead after the Islamic terrorist group Boko Haram is suspected of open firing on mourners at a funeral in the north-eastern Nigerian state of Borno.

Local government chairman Muhammed Bulama said the attack occurred on Saturday. *CNN* reports that gunmen murdered 22 people at the funeral and shot dozens of others trying to flee the scene.

Boko Haram has not claimed responsibility for the deaths but Bulama said the attack was revenge for the killing of 11 Boko Haram terrorists by the villagers two weeks ago.

Disturbing reports over the weekend claimed kidnapped Christian Nigeria schoolgirl Leah Sharibu has been killed in captivity. But those fighting for her release—including [Save the Persecuted Christians](#) (STPC), which advocates on behalf of hundreds of millions of persecuted Christians worldwide, the Leah Foundation and the International Committee on Nigeria (ICON)—say the reports are unconfirmed and continue to pray for her safety.

According to the news outlet [Global Voices](#), a social aid worker with Action Against Hunger named Grace was captured July 18. Through a video, she begs for her release and references the deaths of Leah and another captive, Alice.

CRACKDOWN! Government restrictions on religion increasing worldwide

Aug 3, 2019 | 0 | ★★★★★

(AP) — Government restrictions on religion have increased markedly in many places around the world, not only in authoritarian countries but also in many of Europe's democracies, according to a report surveying 198 countries that were released Monday. The report released by the Pew Research Center, covering developments through 2017, also seeks to document the scope of religion-based harassment and violence. Regarding the world's two largest religions, it said Christians were harassed in 143 countries and Muslims in 140. This was Pew's 10th annual Report on Global Restrictions on Religion. It

NYC Council Members Host Drag Queen Story Hour to Celebrate Funding Increase for City Libraries

By Heather Clark on August 1, 2019 · 6 Comments

NEW YORK — Two city council members in New York City who openly identify as homosexual recently hosted a Drag Queen Story Hour at a public library to celebrate a funding increase for the city's libraries, which includes 25K allotted for drag queen reading programs.

Jimmy Van Bramer and Daniel Dromm, D-Queens, presented local drag performer Angel Elektra at the Jackson Heights library on July 25. Elektra marched in last month's Queens Pride Parade alongside children who [helped hold a banner for Drag Queen Story Hour](#).

رسالة بولس الرسول الي أهل رومية 13

13: 11 هذا وأنكم عارفون الوقت انها الان ساعة لنستيقظ من النوم فان خلاصنا الان أقرب مما

كان حين امنا

13: 12 قد تناهى الليل وتقارب النهار فلنخلع اعمال الظلمة ونلبس اسلحة النور

13: 13 لنسلك بلياقة كما في النهار لا بالبطر والسكر لا بالمضاجع والعهر لا بالخصام والحسد

13: 14 بل البسوا الرب يسوع المسيح ولا تصنعوا تدبيراً للجسد لأجل الشهوات

احترس ان لم تتمسك بالمسيح من الان قد لا تستطيع في المستقبل القريب بسبب الظلام.

وكما قلت هو اخبرنا لكي لا نخاف
