والعلامات حتى 17 سبتمبر 2019

اكرر هدفي فقط من هذه الخدمة أن نذكر بعضنا باننا نحتاج ان نستعد أي حياة اليقظة الروحية.
والاستعداد ليس فقط قبل مجيء المسيح بل ايضا قبل الظلمة التي ستسبق مجيؤه لأننا نور العالم
الذي أصبح مظلّم وليكون عندنا زيت في مصابيحنا يكفي ان نعبر هذه الظلمة وتكون مصابيحنا
مضيئة وقت مجيؤه او من منا سيسلم وديعته في أي وقت. بمعنى نحتاج من الان ان نستعد بقوة
بأيمان عامل بالمحبة والتبشير وبتنقية القلب وان نثمر بالخدمة أي نجمع زيت في مصابيحنا لان
الظلمة والضيقة اقتربت جدا ومن لن يستعد لها بزيت كافي من الان لن يجد زيت في الضيقة لان
وقتها تجميع زيت سيكون صعب جدا بل أستطيع ان أقول من مثل العذاري انه لن يكون هناك
زيت الا ما جمعته سابقا.

أفضل ان اقول لنفسي ولكم استعدوا الان لأنه اقرب فنكون مستعدين سواء جاء او نحن ان
سلمنا وديعتنا عن أنى لا اقول انه اقرب لكيلا يقال عني كاذب وانشتر اشاعات او اخيف البعض
ولكنه يأتي بسرعة بغته. لا اعتقد اي أحد ندم لأنه كان مستعد ومنتظر مجيء المسيح ولم يأتي
المسيح في زمنه ولكنه انتقل وهو مستعد ولكن كثيرين جدا ندموا على عدم الاستعداد عندما
انتقلوا

المسيح قال بعض العلامات مثل

انجيل لوقا 21

21: 10 ثم قال لهم تقوم امة على امة ومملكة على مملكة

21: 11 وتكون زلازل عظيمة في اماكن ومجاعات واوبئة وتكون مخاوف وعلامات عظيمة من

السماء

21: 25 وتكون علامات في الشمس والقمر والنجوم وعلى الارض كرب امم بحيرة البحر والامواج

تضج

21: 26 والناس يغطى عليهم من خوف وانتظار ما يأتي على المسكونة لان قوات السماوات

تتزعزع

21: 27 وحينئذ يبصرون ابن الانسان اتيا في سحابة بقوة و مجد كثير

سفر اعمال الرسل 2

2: 19 واعطي عجائب في السماء من فوق وآيات على الارض من أسفل دما ونارا وبخار دخان

2: 20 تتحول الشمس الى ظلمة والقمر الى دم قبل ان يجيء يوم الرب العظيم الشهير

2: 21 ويكون كل من يدعو باسم الرب يخلص

لماذا قال المسيح بعض العلامات؟

أولا لكيلا نرتاع

انجيل متى 24

مت 24: 6 وسوف تسمعون بحروب واخبار حروب **لا ترتاعوا** لأنه لا بد ان تكون هذه

كلها ولكن ليس المنتهى بعد

ثانيا لنؤمن

إنجيل يوحنا 14: 29

وَقُلْتُ لَكُمْ الْآنَ قَبْلَ أَنْ يَكُونَ، حَتَّى مَتَى كَانَ تُمْنُونَ.

ثالثا لنتنبه ونستعد

28 وَمَتَى ابْتَدَأَتْ هَذِهِ تَكُونُ، فَأَنْتَصِبُوا وَارْفَعُوا رُؤُوسَكُمْ لِأَنَّ نَجَاتَكُمْ تَقْتَرِبُ.».

THE MYSTERIOUS MOVEMENTS OF GOES-13: Scott Tilley has an unusual hobby. He scans the skies for satellites where they shouldn't be. Using an S-band receiver, the amateur radio operator has tracked many classified spacecraft orbiting Earth and famously found NASA's IMAGE satellite when it woke up from the dead last year. This past weekend he bagged another one: GOES-13.

"This was quite a surprise," says Tilley. "I thought GOES-13 was in a graveyard orbit—yet I found it quite active and wandering on Sept. 8th."

GOES-13 is a NOAA weather satellite. [It was retired](#) in January 2018 after a storied 12-year career during which it monitored some of the most notorious weather events in recent U.S. history – including Hurricane Sandy in 2012 and the triple disaster of Hurricanes Harvey, Irma and Maria in 2018. The satellite also experienced significant space weather. In December 2006, GOES-13 observed [a solar flare](#) so intense it damaged its onboard Solar X-ray Imager.

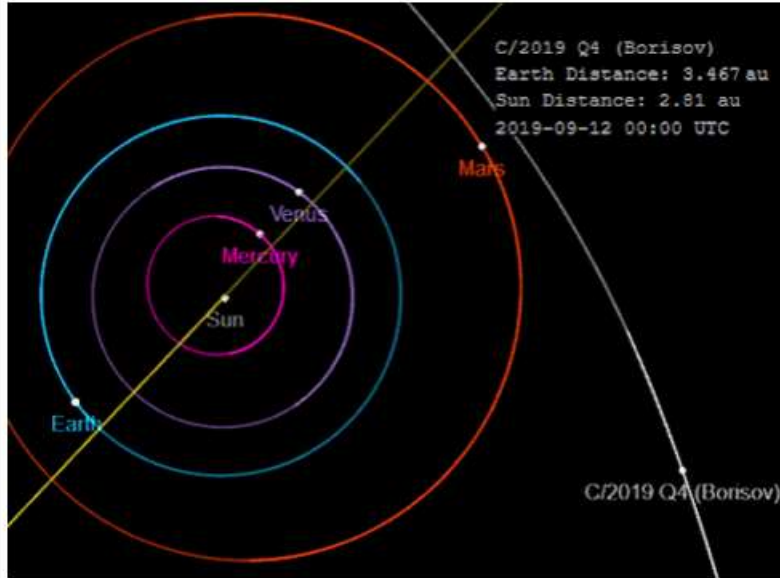

When weather satellites are retired, they are typically steered into a high parking orbit for storage. GOES-13 was reportedly "parked" over longitude 60W. But that's not where Tilley found it.

Above: GOES-13 S-band signals received by Scott Tilley on Sept. 8, 2019.

A POSSIBLE INTERSTELLAR COMET: On August 30th, amateur astronomer Gennady Borisov discovered a comet beyond the orbit of Mars. It turns out, it came from much farther away than that. The orbit of [Comet Borisov](#) (C/2019 Q4) suggests that it is an interstellar object, a visitor from the stars. Click to view a 3D visualization from NASA's Jet Propulsion Lab:

Based on observations gathered since Borisov discovered the distant fuzzball, the comet seems to be following a [hyperbolic](#) orbit with an eccentricity greater than 3.5. This means the comet is unbound to the sun. It is a first time visitor to the inner solar system, and the sun's gravity will fling it back into space later this year.

Comet Borisov will make its closest approach to the sun (2 AU) around Dec. 7th. Three weeks later, near the end of December, it will make its closest approach to Earth (also 2 AU). Based on the comet's current magnitude (~18) and distance from the sun (2.7 AU), it appears to be a fairly large object — perhaps 10 km or more across, depending on the reflectivity of its surface. How bright it may become by December is anyone's guess.

وتصوير المذنب والتأكد بانه مذنب

NEW IMAGES OF COMET BORISOV: It's definitely a comet. New color images from the Gemini telescope atop Hawaii's Mauna Kea volcano show that [C/2019 Q4 \(Borisov\)](#) has a tail. "We really had to scramble for this one since we got the final details at 3:00 am on Sept. 9th and were observing it by 4:45!" says Andrew Stephens of the Gemini Observatory who coordinated the observations.

There are thousands of comets in the Solar System, but this one is special. Comet Borisov is interstellar. The newly-discovered comet is following a [hyperbolic](#) orbit with an eccentricity greater than 3.7. This means it is unbound to the sun. Indeed, Comet Borisov is moving 30.7 km/s (68,700 mph) too fast for the sun's gravity to hang onto it. It must have come from the stars.

This is the first time an interstellar visitor to our Solar System has clearly shown a tail due to outgassing. The only other known interstellar visitor was 'Oumuamua in 2017-2018, a cigar-shaped object with no visible comet-like emissions.

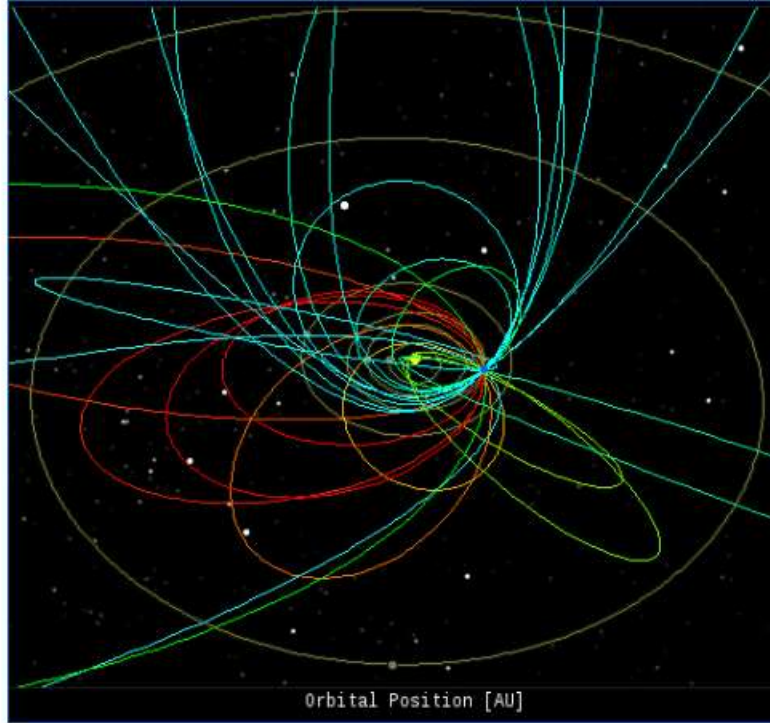

Because Comet Borisov is still just entering the solar system, astronomers will have plenty of time to study it in the months ahead. Is it truly interstellar? What are comets from other solar systems made of? Answers to these and many other questions are forthcoming.

An estimated 2,500 people are listed as missing in the Bahamas in the aftermath of Hurricane Dorian. That's according to the government which also cautioned that the names hadn't yet been checked against the rosters of people who were evacuated or staying in shelters.

A government spokesman expects the number of missing to shrink, but the death toll is also expected to rise significantly.

One of the world's largest virus research centers, located in Siberia, was reportedly engulfed in flames after a sudden explosion rocked the secretive compound, known for its stores of Ebola, HIV, anthrax and other strains.

Firefighters and rescue services were scrambled on Monday to respond to a fire that broke out in Koltsovo, a scientific hub several kilometers from Novosibirsk. The situation was quickly upgraded from an ordinary emergency to a major incident as the explosion and fire affected Russia's research center of virology and biotechnology, often referred to as the

Pentagon steps up efforts to counter China's rising power

By Sylvie LANTEAUME
Washington (AFP) Sept 15, 2019

Maritime operations, missile tests, landing exercises: the Pentagon has been sharply stepping up its efforts to counter China's growing military power, seen increasingly as a threat.

On Friday an American warship approached the Paracel Islands, an island chain claimed by Beijing in the South China Sea, to affirm international "freedom of navigation" in the region.

The USS Wayne E. Meyer, a guided-missile destroyer, passed near the islands to contest Beijing's sweeping claims to the seas around the archipelago, which is also claimed by Taiwan and Vietnam.

The Chinese claim would block "innocent passage" by other countries' ships and is "not permitted by international law," a US Seventh Fleet spokeswoman, Commander Reann Mommsen, said.

Friday's was the sixth "freedom of navigation operation" — or FONOPS in naval jargon — this year, a clear acceleration in pace.

There were a total of eight in 2017 and 2018, and only six during the entire Obama presidency.

On Wednesday, the US Marine Corps announced it had conducted exercises on the Japanese islet of Tori Shima, hundreds of miles south of Tokyo, to practice landings on "hostile" shores and the seizure of landing strips.

The exercises were clearly designed to highlight the ability of the American military to invade a disputed island and establish a supply base for aerial operations.

NKorea again tests 'super-large' rocket launcher: KCNA

by Staff Writers
Seoul (AFP) Sept 10, 2019

North Korean leader Kim Jong Un has supervised a fresh test of a "super-large multiple rocket launcher" system, state media said Wednesday -- the latest in a series of provocations by Pyongyang.

South Korea's military said Tuesday that the North had launched "unidentified projectiles" from the Kaechon area in South Pyongan province. They flew approximately 330 kilometres (205 miles).

The launch came shortly after Pyongyang said it was willing to hold working-level talks on denuclearisation later this month with the United States.

Kim "gave field guidance" for Tuesday's test, the Korean Central News Agency reported.

The "super-large multiple rocket launcher" was tested in an exercise observed by Kim about two weeks ago.

The KCNA report said the test was aimed at "measuring the time of combat deployment" and implied another test could follow.

"What remains to be done is running fire test which is most vivid character in terms of the power of multiple rocket launcher," KCNA said.

On Monday, the North's vice foreign minister Choe Son Hui said in a statement carried by KCNA that the country had "willingness to sit with the US side for comprehensive discussions of the issues we have so far taken up" later

In rebuke to China, Taiwan calls for closer ties with U.S., allies

by Ed Adamczyk
Washington (UPI) Sep 11, 2019

A report released on Wednesday by Taiwan's defense ministry calls for closer alliances with the United States, Japan and other countries in a rebuke to China's military threat.

The annual National Defense Report of the Ministry of Defense outlines strategies for countering China, and Taiwan's continued role as a "defender of peace" in the region. It encourages the Indo-Pacific Strategy of defense -- which involves the United States, Australia, Japan, Singapore South Korea and the Philippines -- and notes the growth of the indigenous Taiwanese defense industry.

Taiwan, formally known as the Republic of China, is an island nation off the coast of China and is regarded by China as a breakaway province, eventually to return. Its 2019 defense budget of \$11.1 billion is dwarfed by China's budget of \$167 billion, and China has increased its military activity in the Taiwan Strait, which separates the two countries.

JERUSALEM (Reuters) - Bodyguards rushed Prime Minister Benjamin Netanyahu off the stage at an election campaign rally in southern Israel on Tuesday after sirens sounded warning of a rocket attack from Gaza.

Netanyahu was unhurt and several minutes later he was able to continue his speech, which was broadcast live on social media by his right-wing Likud party.

However, the spectacle of the prime minister being forced off the podium, with an election just a week away, added fuel to accusations by political opponents that he has not done enough to halt frequent cross-border rocket strikes against southern Israel.

U.S. blames Iran for Saudi oil attack, Trump says 'locked and loaded'

Roberta Rampton and Arshad Mohammed

WASHINGTON (Reuters) - U.S. President Donald Trump said on Sunday the United States was "locked and loaded" for a potential response to the attack on Saudi Arabia's oil facilities, after a senior U.S. administration official said Iran was to blame.

Trump also authorized the use of the U.S. emergency oil stockpile to ensure stable supplies after the attack, which shut 5% of world production and sent crude prices soaring more than 19% in early trade on Monday, before moderating to show a 10% gain.

"There is reason to believe that we know the culprit, are locked and loaded depending on verification, but are waiting to hear from the Kingdom as to who they believe was the cause of this attack, and under what terms we would proceed!" Trump said on Twitter.

Free Documentary Reveals Explosive Underground Church Growth in Iran

5:00PM 9/15/2019

A new documentary, *Sheep Among Wolves Volume II*, documents the growth of Iran's house church movement, making the case that women are leading a silent Christian revolution within one of the world's most oppressive nations. Open Doors USA's World Watch List ranks Iran as the [ninth-most difficult country](#) to be a Christian, noting that it is illegal to preach the gospel and convert Muslims. House church members risk arrest and prison sentences. Yet in this harsh environment, a women-led movement is spreading. The documentary, produced by Frontier Alliance International (FAI) Studios, premiered on August 23 and is freely available on YouTube for anyone to watch.

The film's [official trailer](#) says, "Muslim-background Iranians are leading a quiet but mass exodus out of Islam and bowing their knees to the Jewish Messiah—with kindled affection toward the Jewish people. The Iranian awakening is a rapidly reproducing discipleship movement that owns no property or buildings, has no central leadership and is predominantly led by women."

In a press release, FAI Studios says sexual assault rates are significantly higher in Iran than the United States: "Almost no woman in Iran reaches adulthood without first experiencing profound abuse."

Drag Queen Story Hour events have been spreading to libraries and other public places across the country as part of a nationwide LGBTQ agenda to indoctrinate children.

But there is also growing outrage over the events.

Many recently complained after Portland, Oregon's St. Johns Library posted disturbing pictures last October of kids playing on the floor and lying on top of a man dressed as a woman during a drag queen reading event.

فلهذا اطلب أن نصلي ونستعد ونعد زيت لمصاييحنا لاستقبال العريس بالصلاة والصوم وخدمة
أبناء الله وتنقية القلب والاستعداد بلبس العرس.

رسالة بولس الرسول الي أهل رومية 13

13: 11 هذا وأنكم عارفون الوقت انها الان ساعة لنستيقظ من النوم فان خلاصنا الان أقرب مما كان حين امنا

13: 12 قد تنهى الليل وتقارب النهار فلنخلع اعمال الظلمة ونلبس اسلحة النور

13: 13 لنسلك بلياقة كما في النهار لا بالبطر والسكر لا بالمضاجع والعهر لا بالخصام والحسد

13: 14 بل البسوا الرب يسوع المسيح ولا تصنعوا تدبيرا للجسد لأجل الشهوات

احترس ان لم تتمسك بالمسيح من الان قد لا تستطيع في المستقبل القريب بسبب الظلام.

وكما قلت هو اخبرنا لكي لا نخاف

انجيل متى 24

مت 24: 6 وسوف تسمعون بحروب واخبار حروب **لا ترتاعوا** لأنه لا بد ان تكون هذه

كلها ولكن ليس المنتهى بعد

بطرس الأولى 3: 14

وَلَكِنْ وَإِنْ تَأَلَّمْتُمْ مِنْ أَجْلِ الْبِرِّ، فَطُوبَاكُمْ. وَأَمَّا خَوْفُهُمْ فَلَا تَخَافُوهُ وَلَا تَضْطَرُّوْا،

بل نؤمن

إنجيل يوحنا 14: 29

وَقُلْتُ لَكُمْ الْآنَ قَبْلَ أَنْ يَكُونَ، حَتَّى مَتَى كَانَ تُؤْمِنُونَ.

ثالثا لنتنبه ونستعد

انجيل لوقا 21

28 وَمَتَى ابْتَدَأَتْ هَذِهِ تَكُونُ، فَانْتَصِبُوا وَارْفَعُوا رُؤُوسَكُمْ لِأَنَّ نَجَاتَكُمْ تَقْتَرِبُ.».

افرحوا لان عريسنا قد اقترب مجيؤه. وانتبهوا الشيطان يريد أن نفقد سلامنا ولا ننال أكاليل.

وأيضا استعدوا فقد تسلموا وديعتكم في أي وقت فهناك 150 ألف شخص يموتوا في اليوم الواحد

انت لا تعرف متى ستكون منهم

المسيح اقترب فاصنعوا ثمار تليق بالتوبة واستعدوا لاستقبال العريس.

والمجد لله دائما
