

# تعليق على بعض الاحداث العالمية

## والعلامات حتى 8 اكتوبر 2019

Holy\_bible\_1

اكرر هدفي فقط من هذه الخدمة أن نذكر بعضنا باننا نحتاج ان نستعد أي حياة اليقظة الروحية.  
والاستعداد ليس فقط قبل مجيء المسيح بل ايضا قبل الظلمة التي ستسبق مجيؤه لأننا نور العالم  
الذي أصبح مظلم وليكون عندنا زيت في مصابيحنا يكفي ان نعبر هذه الظلمة وتكون مصابيحنا  
مضيئة وقت مجيؤه او من منا سيسلم وديعته في أي وقت. بمعنى نحتاج من الان ان نستعد بقوة  
بأيمان عامل بالمحبة والتبشير وبتنقية القلب وان نثمر بالخدمة أي نجمع زيت في مصابيحنا لان  
الظلمة والضيقة اقتربت جدا ومن لن يستعد لها بزيت كافي من الان لن يجد زيت في الضيقة لان  
وقتها تجميع زيت سيكون صعب جدا بل أستطيع ان أقول من مثل العذاري انه لن يكون هناك  
زيت الا ما جمعته سابقا.

أفضل ان اقول لنفسي ولكم استعدوا الان لأنه اقترب فنكون مستعدين سواء جاء او نحن ان  
سلمنا وديعتنا عن أنى لا اقول انه اقترب لكيلا يقال عني كاذب وانشتر اشاعات او اخيف البعض  
ولكنه يأتي بسرعة بغته. لا اعتقد اي أحد ندم لأنه كان مستعد ومنتظر مجيء المسيح ولم يأتي  
المسيح في زمنه ولكنه انتقل وهو مستعد ولكن كثيرين جدا ندموا على عدم الاستعداد عندما  
انتقلوا

المسيح قال بعض العلامات مثل

انجيل لوقا 21

21: 10 ثم قال لهم تقوم امة على امة ومملكة على مملكة

21: 11 وتكون زلازل عظيمة في اماكن ومجاعات واوبئة وتكون مخاوف وعلامات عظيمة من

السماء

21: 25 وتكون علامات في الشمس والقمر والنجوم وعلى الارض كرب امم بحيرة البحر والامواج

تضج

21: 26 والناس يغطى عليهم من خوف وانتظار ما يأتي على المسكونة لان قوات السماوات

تتزعزع

21: 27 وحينئذ يبصرون ابن الانسان اتيا في سحابة بقوة و مجد كثير

## سفر اعمال الرسل 2

2: 19 واعطي عجائب في السماء من فوق وآيات على الارض من أسفل دما ونارا وبخار دخان

2: 20 تتحول الشمس الى ظلمة والقمر الى دم قبل ان يجيء يوم الرب العظيم الشهير

2: 21 ويكون كل من يدعو باسم الرب يخلص

لماذا قال المسيح بعض العلامات؟

أولا لكيلا نرتاع

انجيل متى 24

مت 24: 6 وسوف تسمعون بحروب واخبار حروب **لا ترتاعوا** لأنه لا بد ان تكون هذه

كلها ولكن ليس المنتهى بعد

ثانيا لنؤمن

إنجيل يوحنا 14: 29

وَقُلْتُ لَكُمْ الْآنَ قَبْلَ أَنْ يَكُونَ، حَتَّى مَتَى كَانَ تُمْنُونَ.

ثالثا لنتنبه ونستعد

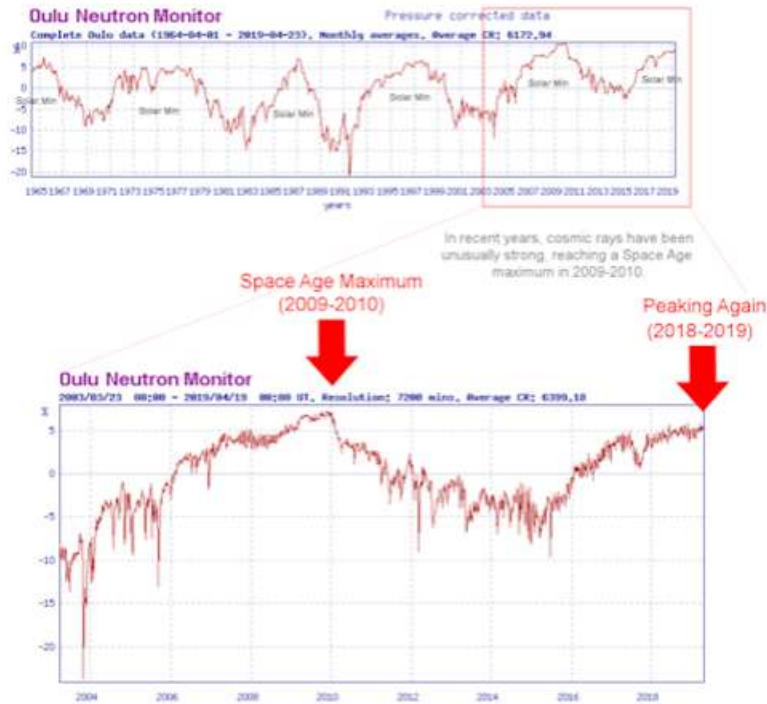

28 وَمَتَى ابْتَدَأَتْ هَذِهِ تَكُونُ، فَأَنْتَصِبُوا وَارْفَعُوا رُؤُوسَكُمْ لِأَنَّ نَجَاتَكُمْ تَقْتَرِبُ.».

علامات في السماء

تزايد في الاشعة الكونية التي تصل للأرض من بداية رصدها من 1964 م

# Cosmic Rays on Earth since 1964

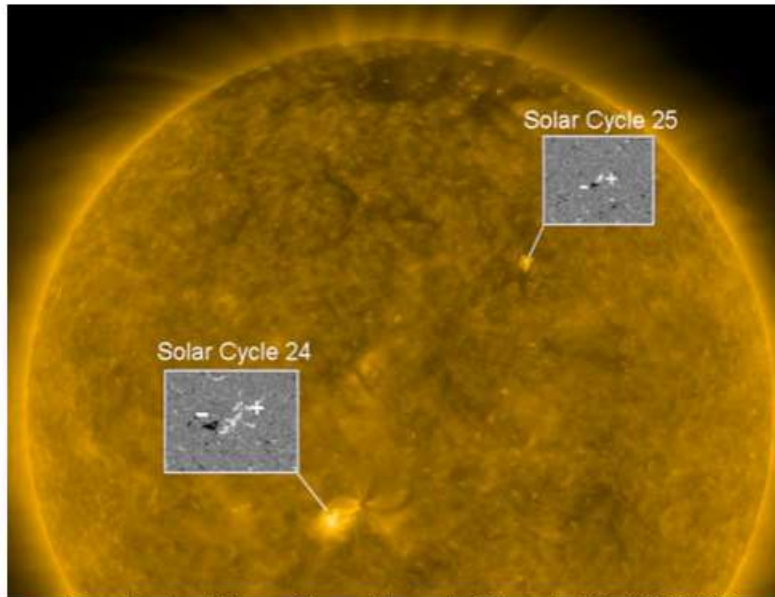

Researchers at the Sodankyla Geophysical Observatory have been monitoring cosmic rays since 1964. When cosmic rays hit Earth's atmosphere, they produce a spray of secondary particles that rain down on Earth's surface. Among these particles are neutrons. Detectors in Oulu count neutrons as a proxy for cosmic rays.

As the top panel shows, cosmic rays naturally wax and wane with the 11-year solar cycle. During Solar Maximum cosmic rays are weak; during Solar Minimum they are strong. The Space Age record for cosmic rays was set in late 2009-early 2010 near the end of a very deep Solar Minimum.

Records, they say, are meant to be broken. As 2019 comes to a close, neutron counts at Oulu are approaching the very high levels seen in 2009-2010. A new record could be just weeks or months away. This is important because excess cosmic rays pose a health hazard to astronauts and polar air travelers, affect the electro-chemistry of Earth's upper atmosphere, and may help trigger lightning.

دائرتين على سطح الشمس في نفس الوقت بطريقة نادرة

**TWO SOLAR CYCLES ARE ACTIVE AT THE SAME TIME:** Solar Minimum is here, and it is very deep. During this quiet nadir of solar activity, something happens that might surprise you: Two solar cycles become active at the same time. Yesterday's sun displayed this counter-intuitive phenomenon:

Above: An extreme UV image of the sun with magnetic field maps inset. Credit: NASA/SDO

This image from NASA's Solar Dynamics Observatory shows two active regions on the sun—one north of the equator and once south. These are not sunspots. Instead, they are "hot spots" where magnetic fields have gathered with just enough intensity to bottle-up some glowing-hot plasma, but not quite enough strength to create a full-fledged sunspot.

The magnetic polarity of these two hot spots identifies them as members of different solar cycles (see: [Hale's Law](#)). The southern hot spot comes from old [Solar Cycle 24](#). The northern hot spot comes from new [Solar Cycle 25](#). Adjacent solar cycles always overlap during Solar Minimum and, indeed, this is happening right now.

## ‘Flash Drought’ Hits South as Record Heat Continues Into Fall

Thermometers climbed above 100 Tuesday; Tallahassee had only trace amounts of rainfall in September

By [Talal Ansari](#)

Updated Oct. 3, 2019 2:49 pm ET

Across the South, residents and farmers are facing a double punch of hot temperatures and drought even as the calendar has flipped to fall.

The thermometer hit 101 degrees in Montgomery, Ala., on Tuesday, breaking the record by 6 degrees. Twice last month, the city saw a high of 103.

## Pair of earthquakes rattle Charlotte, NC area...

Oct 7, 2019 | 0 | \*\*\*\*\*

(CO) – if the earth trembles and no one feels it, is it an earthquake? Just ask the U.S. Geological Survey. Geologists recorded two earthquakes in the Charlotte region within 80 miles of each other over the weekend — a 2.1-magnitude quake that struck the foothills west of Winston-Salem and a 1.8-magnitude quake just outside Indian Trail. Both were relatively shallow as measured by the USGS and no damages were reported. In fact, most people appeared not to notice.

The first occurred at a depth of 13.8 kilometers — roughly 8.6 miles below the earth's surface — just nine miles southeast of Blowing Rock. It happened shortly after midnight Sunday around 12:55 a.m. Less than four hours later at roughly 4:30 a.m., the USGS recorded a second earthquake. It was slightly smaller and even closer to the earth's

## Harbour Breton fish plant workers concerned for the future after Northern Harvest fish die-off

15:07 26 september 2019

Source: [cbc.ca](http://cbc.ca)

Longtime workers at the Barry Group fish plant in Harbour Breton are wondering how they will make ends meet after the death of a large number of fish at a fish farm in Fortune Bay.

The Harbour Breton plant processes salmon from Northern Harvest Sea Farms, owned by Norwegian company Mowi. But the death of potentially millions of fish has plant workers without work.

"All our jobs are probably going to be in turmoil.... All the salmon are dying," said Gloria Pierce, who has worked at the plant for 40 years.

"Bottom line is there's no work for us, not for the remainder of this year until ... maybe next year in August, which is a long time."

### Pink liquid flows in Fortune Bay as cleanup of massive salmon die-off continues

Northern Harvest Sea Farms has brought in divers and vessels to clean out its aquaculture pens. The company, owned by aquaculture giant Mowi, has been cleaning out its salmon farming equipment since September. CBC News chartered an independent vessel to get a close-up look at the operation on Wednesday.

## Russia carries out successful test of Topol-M ICBM against target in Kamchatka

by Staff Writers  
Plesetsk (Sputnik) Oct 02, 2019

The Russian Defence Ministry tweeted footage of the combat training launch of a Topol-M intercontinental ballistic missile from Plesetsk Cosmodrome.

As specified by the ministry, the Topol-M ICBM was fired from Plesetsk Cosmodrome, a Russian spaceport located in Mirny, Arkhangelsk Oblast, about 800 km north of Moscow and approximately 200 km south of the Arctic port city of Arkhangelsk.

It was able to deliver a dummy warhead to a designated point in Kamchatka Peninsula, nine time zones away on Russia's Pacific seaboard.

The launch was carried out in order to confirm the flight performance of the Topol-M missile system.

The Topol-M is a strategic intercontinental ballistic missile system developed in the late 1980s and early 1990s, and the first to be developed after the dissolution of the Soviet Union.

It normally carries a 800 kt warhead, which has the destructive power of 800,000 tonnes of TNT, which is 40 times the destructive power of the atomic bomb detonated over Nagasaki, Japan in 1945.

# Putin: Russia is helping China with missile defense system

by Ed Adamczyk  
Washington (UPI) Oct 4, 2019

Russia is aiding China in building a missile defense system able to counter ballistic and cruise missiles, Russian President Vladimir Putin confirmed.

He added that Russian involvement will give China a measure of protection which only the United States and Russia currently have. China now has only a small, Russian-made S-300 system regarded as a modest deterrent.

"We are now helping our Chinese partners to create a missile-warning system, a missile-attack warning system," Putin said at the Valdai Club foreign policy conference in Sochi on Thursday. "This is a very serious thing that will dramatically increase China's defense capability, because only the U.S. and Russia have such a system now."

He added that international strategic stability was weakened by the United States' withdrawal in August from the 1987 Intermediate-Range Nuclear Forces Treaty. The United States has accused Russia of violating the treaty, and has called for China's inclusion in a new or renewed treaty, an idea rejected by China.

While it is unclear what level of assistance China is receiving in building a new defense system, Russia's S-400 system is believed to be capable of intercepting ballistic missiles with a 2,200-mile range. An S-400 system was

# Russia to deploy over 10 space monitoring centres by 2022

by Staff Writers  
Moscow (Sputnik) Oct 07, 2019

Russia will deploy more than 10 new laser-optical and radio-technical space monitoring stations on its territory by 2022, the Russian Defence Ministry said.

"It is planned to deploy over 10 new laser-optical and radio-technical systems in Russia that implement various principles of detecting and identifying space objects," the ministry said.

The Defence Ministry also said that two new Voronezh-type missile early warning radars will become operational in 2022 in the Komi Republic and the Murmansk region in northern Russia.

"Work continues on the construction of new radar stations for the missile early warning network in the Komi Republic and the Murmansk region. These works are planned to be completed in 2022," the ministry said.

These new radars will be the first deployed in Russia's Far North.

Russia has deployed so far a total seven operational Voronezh-type radars as part of the country's missile early

## Pentagon requests \$10.6 billion in funding for Space Development Agency

by Staff Writers  
Washington DC (Sputnik) Oct 07, 2019

Despite consistent bipartisan pushback and international criticism, the US Department of Defense's newest space agency may see drastic budget increases in the coming years as it looks to deploy some 1,200 satellites.

The Pentagon has requested a total of nearly \$11 billion in funding for its controversial US Space Development Agency (SDA) over the next five years, according to documents obtained by Bloomberg earlier this month.

The SDA, which is separate from US President Donald Trump's proposed Space Force, was established in March and announced by then-acting US Defense Secretary Patrick Shanahan as a response to "continuing actions by our near-peer competitors, China and Russia," that he said may be attempts to "deny, degrade or destroy US space capabilities."

While the agency recently received a \$150 million for its set-up, documents filed last month revealed the Pentagon is now requesting a modest budget bump up to approximately \$259 million for

While the agency recently received a \$150 million for its set-up, documents filed last month revealed the Pentagon is now requesting a modest budget bump up to approximately \$259 million for fiscal year 2021. In the following years, however, SDA officials wish to see their budget balloon to \$1.1 billion in 2022, \$1.9 billion in 2023 and \$3.67 billion in 2024, reported Bloomberg. The increase does appear to taper off at fiscal year 2025, with the Defense Department requesting \$3.68 billion.

## N. Korea fires unidentified projectiles toward East Sea: JCS

07:45 October 02, 2019

SEOUL, Oct. 2 (Yonhap) — North Korea fired unidentified projectiles toward the East Sea on Wednesday, South Korea's military said, ahead of the envisioned resumption of the stalled denuclearization talks with the United States.

The projectiles were launched from an area in the eastern coastal town of Wonsan earlier in the day, the South's Joint Chiefs of Staff (JCS) said without providing further details, such as their type, flight range and maximum altitude.

"Our military is monitoring the situation in case of additional launches and maintaining a readiness posture," the JCS said in a release.

The firing came a day after the North's First Vice Foreign Minister Choe Son-hui said that Pyongyang and Washington agreed to resume working-level nuclear talks this week. The dialogue has been stalled since the breakdown of the Hanoi summit in February.

## North Korea says missile test was 'new' submarine-based launch

by Staff Writers  
Seoul (AFP) Oct 3, 2019

North Korea says its latest weapons test was of a submarine-launched ballistic missile that marked a "new phase" in its defence capability, just days before the resumption of stalled nuclear talks with the US.

The test was by far the most provocative since Pyongyang first began a dialogue with Washington in 2018, and marked a significant step in North Korea's nuclear weapons programme, analysts said.

A proven submarine-based missile capability would take the North's arsenal to a new level, allowing deployment far beyond the Korean peninsula and a second-strike capability in the event of an attack on its military bases.

"The new-type ballistic missile was fired in vertical mode" on Wednesday in the waters off Wonsan Bay, the Korean Central News Agency (KCNA) reported, identifying the weapon as a Pukguksong-3.

File image from April 2016 of a North Korean submarine missile launch.

"The successful new-type SLBM test-firing comes to be of great significance as it ushered in a new phase in containing the outside forces' threat," it added.

North Korea confirmed on Thursday that it successfully launched a new missile from a submarine on Wednesday, saying it was a "new phase for containing outside forces' threats."

The confirmation comes a day after the Hermit Kingdom said it would renew nuclear talks with Washington this weekend.

A submarine-based missile is a significant upgrade in North Korea's arsenal, enabling its deployment capabilities beyond its own peninsula.

'The new-type ballistic missile was fired in vertical mode' on Wednesday in the waters off Wonsan Bay," the Korean Central News Agency (KCNA) said. "The successful new-type

# North Korea Walks Out of Nuclear Talks, Blaming US

By William Gallo

October 6, 2019 01:37 PM

SEOUL – North Korea has angrily walked away from working-level nuclear talks with the United States. Pyongyang's top negotiator said he was "greatly disappointed" with Washington's inflexible approach.

The first substantive nuclear negotiations in months between North Korea and the U.S. broke down after just one day in Stockholm, Sweden.

North Korea's top nuclear envoy says the talks failed because the U.S. would not abandon its old approach.

## 'They Knew That I Was a Christian': Actress Lost Lead Role for Posting Christian Beliefs on Homosexuality

6:00AM 10/2/2019 CBN News/Charlene Aaron

A young British actress is suing a U.K. theater company after it dismissed her from the lead role in a stage version of the award-winning play, *The Color Purple*.

According to BBC, 25-year-old Seyi Omooba recently filed suit against the Curve Theater in Leicester and Global Artists in London for breach of contract and religious discrimination.

The Christian actress was cast as the lead role of Celie, but just one day later she was terminated because of a Facebook post she made in 2014 about homosexuality.

In the old Facebook post Omooba said that homosexuality was not right.

"On all my social medias I always post stuff about God, the Bible or Scriptures," Omooba says in a YouTube video.

"They knew that I was a Christian. and they knew my stance on marriage, on my faith, on God, on many different things that are in the Bible," she added.

# Judge rules Bible 'incompatible with human dignity'

Decision puts alternative sexual lifestyle choices ahead of faith

An Employment Tribunal in the United Kingdom has ruled that the biblical doctrine that people are created male and female is "incompatible with human dignity" and those who follow it can be fired from their jobs on that basis.

The stunning decision came in a doctor's challenge to his dismissal for failing to use female pronouns for a man.

تخلوا ان الان أصبح في بريطانيا لو انت مسيحي تؤمن بالكتاب المقدس من حقهم ان يرفدوك

بأمر القضاء ولكن لا يستطيعوا رقد أي شخص اخر على أساس عرقي او ديني او غيره الا

المسيحي فقط.

وبناء على هذا القرار طبيب مسيحي بريطاني الذي رفض ان يستخدم اسم مخالف لمتحول جنسي

يرفد من عمله

## U.K. Christian Doctor Fired for Refusing to Use Preferred 'Gender' Pronouns Loses Legal Battle

By Editor on October 4, 2019 · 87 Comments

A Christian doctor in the United Kingdom, who says he was fired for refusing to use a patients' preferred "gender" pronoun, has lost his court battle.

Dr. David Mackereth, who lost his job after 30 years of employment because he refuses to refer to men as women and vice versa, stated to staff that he could not in good conscience use pronouns that do not align with the biological sex of his patients.

During the proceedings in July, giving evidence, Dr. Mackereth had said that he was asked in a conversation with his manager: "If you have a man six foot tall with a beard who says he wants to be addressed as 'she' and 'Mrs',

## A Tidal Wave of Transgender Regret for 'Hundreds' of People: 'They Don't Feel Better for It'

10-07-2019 - [Andrea Morris](#)

[f](#) [t](#) [e](#) [+3](#)

In the aftermath of media promotion of the transgender movement, many people now regret choosing a different gender and have begun detransitioning.

*CBN News* has reported on the growing trend of regret among people left in turmoil by their transgender transitions, but now there's a new story that takes it to the next level.

Charlie Evans from the United Kingdom was born a female but lived as

# Parents Outraged as Middle School Students Questioned on Graphic Sex Acts Without Their Consent

10-01-2019 - Deborah Bunting

Christin Willis was shocked and then outraged when she learned her middle-school-aged son – who just went in for a physical for football – ended up answering explicit sexual questions on a required survey at his school's health center. The Oakdale, Louisiana mother told [KPLC News 7](#) some of the survey questions crossed the line.

"Have you ever had any type of sex – vaginal, anal, or oral sex? Have you ever been attracted to the same sex? Girl to girl or guy to guy? Or do you feel that you are gay, lesbian, or bisexual?" Willis read from the

# UK Girls Skipping School, Traumatized After Being Forced to Share Toilets with Boys

10-07-2019 - [Steve Warren](#)

Parents and teachers in the United Kingdom are warning school administrators that gender-neutral toilets in schools have left many girls feeling unsafe and are putting their health at risk.

Girls who are menstruating are so anxious about sharing facilities with boys that some are staying at home for fear of being made to feel 'period shame' by boys according to the [Daily Mail](#).

A growing number of UK primary and secondary schools are in the

فلهذا اطلب أن نصلي ونستعد ونعد زيت لمصاييحنا لاستقبال العريس بالصلاة والصوم وخدمة  
أبناء الله وتنقية القلب والاستعداد بلبس العرس.

رسالة بولس الرسول الي أهل رومية 13

13: 11 هذا وأنكم عارفون الوقت انها الان ساعة لنستيقظ من النوم فان خلاصنا الان أقرب مما  
كان حين امنا

13: 12 قد تنهى الليل وتقارب النهار فلنخلع اعمال الظلمة ونلبس اسلحة النور

13: 13 لنسلك بلباقة كما في النهار لا بالبطر والسكر لا بالمضاجع والعهر لا بالخصام والحسد

13: 14 بل البسوا الرب يسوع المسيح ولا تصنعوا تدبيرا للجسد لأجل الشهوات

احترس ان لم تتمسك بالمسيح من الان قد لا تستطيع في المستقبل القريب بسبب الظلام.

وكما قلت هو اخبرنا لكي لا نخاف

انجيل متى 24

مت 24: 6 وسوف تسمعون بحروب واخبار حروب **لا ترتاعوا** لأنه لا بد ان تكون هذه

كلها ولكن ليس المنتهى بعد

بطرس الأولى 3: 14

وَلَكِنْ وَإِنْ تَأَلَّمْتُمْ مِنْ أَجْلِ الْبِرِّ، فَطُوبَاكُمْ. وَأَمَّا خَوْفُهُمْ فَلَا تَخَافُوهُ وَلَا تَضْطَرُّوْا،

بل نؤمن

إنجيل يوحنا 14: 29

وَقُلْتُ لَكُمْ الْآنَ قَبْلَ أَنْ يَكُونَ، حَتَّى مَتَى كَانَ تُؤْمِنُونَ.

ثالثا لنتنبه ونستعد

انجيل لوقا 21

28 وَمَتَى ابْتَدَأَتْ هَذِهِ تَكُونُ، فَاَنْتَصِبُوا وَارْفَعُوا رُؤُوسَكُمْ لِأَنَّ نَجَاتَكُمْ تَقْتَرِبُ.».

افرحوا لان عريسنا قد اقترب مجيؤه. وانتبهوا الشيطان يريد أن نفقد سلامنا ولا ننال أكاليل.

وأيضا استعدوا فقد تسلموا وديعتكم في أي وقت فهناك 150 ألف شخص يموتوا في اليوم الواحد

انت لا تعرف متى ستكون منهم

المسيح اقترب فاصنعوا ثمار تليق بالتوبة واستعدوا لاستقبال العريس.

والمجد لله دائما
