## والعلامات حتى 15 أكتوبر 2019

Holy\_bible\_1

اكرر هدفي فقط من هذه الخدمة أن نذكر بعضنا باننا نحتاج ان نستعد أي حياة اليقظة الروحية.  
والاستعداد ليس فقط قبل مجيء المسيح بل ايضا قبل الظلمة التي ستسبق مجيؤه لأننا نور العالم  
الذي أصبح مظلم وليكون عندنا زيت في مصابيحنا يكفي ان نعبر هذه الظلمة وتكون مصابيحنا  
مضيئة وقت مجيؤه او من منا سيسلم وديعته في أي وقت. بمعنى نحتاج من الان ان نستعد بقوة  
بأيمان عامل بالمحبة والتبشير وبتنقية القلب وان نثمر بالخدمة أي نجمع زيت في مصابيحنا لان  
الظلمة والضيقة اقتربت جدا ومن لن يستعد لها بزيت كافي من الان لن يجد زيت في الضيقة لان  
وقتها تجميع زيت سيكون صعب جدا بل أستطيع ان أقول من مثل العذاري انه لن يكون هناك  
زيت الا ما جمعته سابقا.

أفضل ان اقول لنفسي ولكم استعدوا الان لأنه اقترب فنكون مستعدين سواء جاء او نحن ان  
سلمنا وديعتنا عن أنى لا اقول انه اقترب لكيلا يقال عني كاذب وانشرا اشاعات او اخيف البعض  
ولكنه يأتي بسرعة بغته. لا اعتقد اي أحد ندم لأنه كان مستعد ومنتظر مجيء المسيح ولم يأتي  
المسيح في زمنه ولكنه انتقل وهو مستعد ولكن كثيرين جدا ندموا على عدم الاستعداد عندما  
انتقلوا

المسيح قال بعض العلامات مثل

انجيل لوقا 21

21: 10 ثم قال لهم تقوم امة على امة ومملكة على مملكة

21: 11 وتكون زلازل عظيمة في اماكن ومجاعات واوبئة وتكون مخاوف وعلامات عظيمة من

السماء

21: 25 وتكون علامات في الشمس والقمر والنجوم وعلى الارض كرب امم بحيرة البحر والامواج

تضج

21: 26 والناس يغطى عليهم من خوف وانتظار ما يأتي على المسكونة لان قوات السماوات

تتزعزع

21: 27 وحينئذ يبصرون ابن الانسان اتيا في سحابة بقوة و مجد كثير

## سفر اعمال الرسل 2

2: 19 واعطي عجائب في السماء من فوق وآيات على الارض من أسفل دما ونارا وبخار دخان

2: 20 تتحول الشمس الى ظلمة والقمر الى دم قبل ان يجيء يوم الرب العظيم الشهير

2: 21 ويكون كل من يدعو باسم الرب يخلص

لماذا قال المسيح بعض العلامات؟

أولا لكيلا نرتاع

انجيل متى 24

مت 24: 6 وسوف تسمعون بحروب واخبار حروب **لا ترتاعوا** لأنه لا بد ان تكون هذه

كلها ولكن ليس المنتهى بعد

ثانيا لنؤمن

إنجيل يوحنا 14: 29

وَقُلْتُ لَكُمْ الْآنَ قَبْلَ أَنْ يَكُونَ، حَتَّى مَتَى كَانَ تَوَاضَعُونَ.

ثالثا لنتنبه ونستعد

28 وَمَتَى ابْتَدَأَتْ هَذِهِ تَكُونُ، فَأَنْتَضِبُوا وَارْفَعُوا رُؤُوسَكُمْ لِأَنَّ نَجَاتَكُمْ تَقْتَرِبُ.».

**SMOKEY METEOR DEBRIS:** The Fall season for meteors has begun. On Oct. 6th, Alan Conrad witnessed a brilliant fireball over Liverpool, Nova Scotia. The flash of light split the sky above a [carotenoid-hued](#) tree and, when it faded, the smokey remains of the meteoroid could be seen twisting in the winds of the upper atmosphere:

"To make the animation, I stitched together 16 exposures of 40 seconds each," says Conrad. "The debris was visible for a long time."

The meteor he saw was a "sporadic"—that is, a random meteor belonging to no organized meteor shower. At this time of year, sky watchers can expect to see 4 or 5 sporadic meteors every hour from a typical dark sky site. Perhaps 1% are bright fireballs such as the one Conrad witnessed.

The meteor rate is about to increase. During the 3rd week of October, Earth will enter [a stream of debris](#) from Halley's Comet, source of the annual Orionid meteor shower. During the shower's peak on **Oct. 20-21**, as many as 20 meteors per hour will pour out of the constellation Orion. Flashes of light and smokey debris will, for a couple of nights at least, become more common. Mark your calendar and stay tuned for updates. [[Sky Map](#)]

**SOLAR EXPLOSION MISSES EARTH:** Yesterday, Oct. 14th, something exploded on the sun. Coronagraphs onboard the Solar and Heliospheric Observatory (SOHO) saw a cloud of debris (a CME) billowing over the edge of the solar disk. Click to set the scene in motion:

This CME will not hit Earth. It was launched from the farside of the sun, and the debris is therefore heading away from our planet. Sorry, auroraphiles!

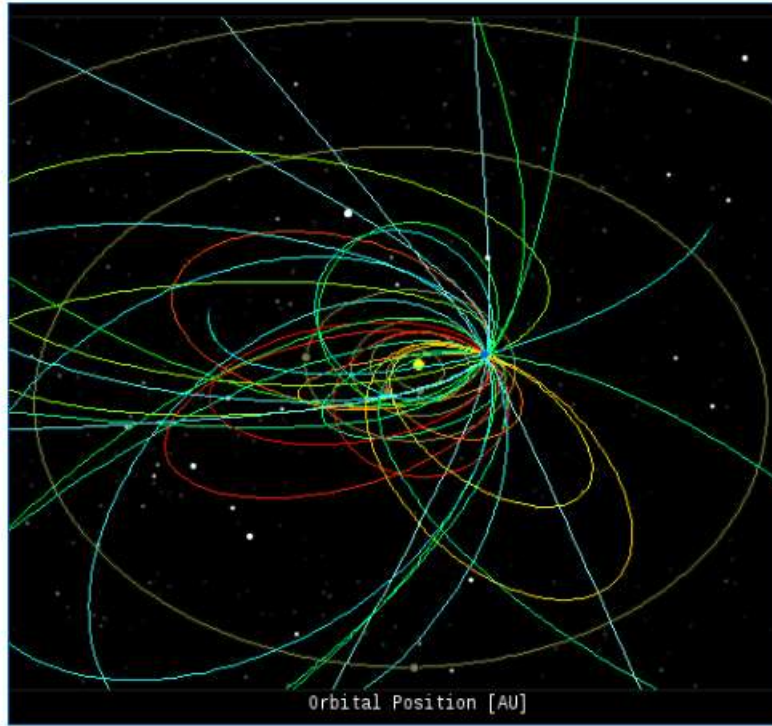

What exploded? Probably not a sunspot. Sunspots are rare now because of an ongoing deep Solar Minimum. More likely, the source was an unstable filament of magnetism that whip-lashed in the sun's atmosphere, hurling surrounding gas into space. We can't say for sure, however, because the blast site was hidden behind the edge of the sun.

Typhoon Hagibis, which the U.S. military's forecasting agency has put on par with a Category 5 hurricane, is approaching Japan's main island of Honshu after a rapid intensification in the Pacific and could make a direct pass over the Kanto region this weekend.

The storm, which tracked near the Ogasawara islands through Wednesday, is forecast to continue moving toward Honshu, weakening only slightly before a possible landfall

PG&E on Tuesday afternoon announced an unprecedented power shutdown to nearly 800,000 customers, including 278,000 in the Bay Area, under a new program intended to prevent catastrophic wildfires in the wake of deadly blazes linked to its equipment.

The news Tuesday came as cities and residents scrambled to prepare for planned blackouts of up to a week, in portions of 34 northern, central and coastal California counties where high winds were expected to sweep in Wednesday.

Cities prepared Tuesday to help thousands of residents survive without power for up to seven days amid the forbidding specter of potential power shutoffs in widespread

## Historic 'all-out blizzard' to bury huge swath of central US, unleash punishing cold blast

Oct 10, 2019 | 0 🌩️ | ★★★★★

**(Accuweather)** – An unusually far-reaching snowstorm for early October will stall, strengthen and evolve into an "all-out blizzard" over the Dakotas and then send a blast of cold air across much of the Plains and Midwest. Heavy snow has already fallen on the northern Rockies and was progressing southeastward along with a charge of cold air.

Snow and slippery travel were reported in parts of Washington state on Tuesday, including around Spokane where a new daily snowfall record for Oct. 8 was set. Spokane International Airport recorded 3.3 inches of snow Tuesday, setting a new record for the highest snowfall since 1991.

AccuWeather Chief Broadcast Meteorologist Bernie Rayno explains the ongoing changes with the snowstorm that is bringing heavy snow to the northern US.

A huge snowstorm continues its early-October march across the northern tier of the nation, and [AccuWeather](#) forecasters expect it to evolve into an "all-out [blizzard](#)" over the Dakotas, where [blizzard warnings were issued](#) on Thursday.

The storm is [ushering in a blast of bitter cold air](#) across much of the Plains and Midwest. [Heavy snow has already fallen on the northern and central Rockies](#) and has progressed into the Dakotas as of early Friday morning.

Following a high in the lower 80s on Wednesday in Denver, the temperature had already plummeted more than 60 degrees into [the upper teens by 9 a.m. MDT Thursday with snow and slushy roads](#). The Mile High City saw its first accumulating snow of the season on Thursday, with 2 to 4 inches falling in and around the area.

A similar drastic change occurred in Rapid City, South Dakota. After a high near 80 degrees on Tuesday, highs were slashed by nearly 40 degrees on Wednesday. Heavy snow began falling early Thursday morning as temperatures plunged into the middle 20s.

South Korean troops have a new enemy to watch out for: diseased pigs stumbling and swimming across from North Korea.

After reports of an outbreak of African swine fever in North Korea in May, soldiers along the border were ordered to capture or shoot wild boars heading into South Korea. Officials set traps, inspected 160 miles of border fence and raised the reward for finding a dead boar.

The efforts didn't stop the virus. Beginning in September, South Korea has found animals with the disease on 14 farms and culled nearly all pigs within a roughly two-mile radius of each. The government said it would also cull all pigs in two cities near the demilitarized zone between the two Koreas.

As of Monday, 145,000 pigs had been culled since

South Korea reported its first African swine fever case last month, in an effort to halt the spread of the virus.

Health officials have confirmed 134 cases of Legionnaires' disease, an airborne lung infection, or Pontiac Fever, a milder form of the disease, in residents of multiple states who attended last month's NC Mountain State Fair in Fletcher, North Carolina. Eighty-eight people have been hospitalized.

NEW HAVEN, CT – Fall in the northeast is one of the most beautiful times of the year. The leaves are changing and temperatures haven't quite plummeted yet.

But this fall, people from Massachusetts to Michigan are actually praying for an early winter and officials are warning entire communities to stay indoors. That's because for the first time in more than a decade, a mosquito-transmitted disease called EEE is killing people. It's been nearly 50 years since the last outbreak of this scale.

# Pompeo warns of 'Russian bots' and 'Chinese bribes' in the Balkans

by Staff Writers  
Ohrid, Macedonia (AFP) Oct 4, 2019

US Secretary of State Mike Pompeo warned against the "malign" influence of Russian trolls and Chinese investment during a brief tour through the Western Balkans on Friday.

Washington frequently accuses Moscow of meddling in the region that sits the outskirts of the European Union.

China has also become a target for US ire because of its growing investment in the Balkans, even if the EU remains the dominant economic force.

Speaking in North Macedonia after an earlier visit to Montenegro, Pompeo warned that the country must "take firm measures to resist and defend against malign influences."

"The hearts and minds of North Macedonia citizens should guide your country forward, not Russian bots and trolls on social media," he said at a press conference in the city of Ohrid.

Pompeo also warned against "the risks of Chinese investment and sensitive technologies," including "China's

## China's Xi warns attempts to divide China will end in 'shattered bones'

(Reuters) - Chinese President Xi Jinping warned on Sunday that any attempt to divide China will be crushed, as Beijing faces political challenges in months-long protests in Hong Kong and U.S. criticism over its treatment of Muslim minority groups.

"Anyone attempting to split China in any part of the country will end in crushed bodies and shattered bones," he told Nepal's Prime Minister KP Sharma Oli in a meeting on Sunday, according to China's state broadcaster CCTV.

"And any external forces backing such attempts dividing China will be deemed by the Chinese people as pipe-dreaming!" he was quoted as saying.

## Europeans urge strict sanctions enforcement on North Korea

by Staff Writers  
United Nations, United States (AFP) Oct 8, 2019

European members of the UN Security Council called Tuesday for the strict enforcement of international sanctions against North Korea, after a closed door meeting prompted by Pyongyang's latest missile test.

"International sanctions must remain in place and be fully and strictly enforced," they said in a statement read by French ambassador Nicolas Riviere.

Joining France in the statement was Belgium, Germany, Poland and Britain as well as Estonia, which becomes a council member in January.

In a rare encounter with journalists on Monday, North Korea's ambassador to the United Nations, Kim Song, assailed the Europeans for doing Washington's bidding in seeking the Security Council meeting.

"The United States and its followers should bear in mind that if they raise the issue of our self-defensive measures at the UN Security Council meeting in this moment, it will further (increase) our desire to defend our sovereignty," he said.

## US, Japan, SKorea discuss NKorea denuclearization

by Staff Writers  
Washington (AFP) Oct 9, 2019

Officials from the United States, Japan and South Korea met in Washington on Tuesday to discuss North Korean denuclearization, just days after negotiations between the US and North Korea broke down in Sweden.

US Special Representative for North Korea Stephen Biegun held talks with his South Korean and Japanese counterparts, the US State Department said in a statement.

They "reaffirmed the importance of continued close... coordination on North Korea to achieve complete denuclearization," it said.

After nuclear talks with the US in Sweden broke down on Saturday, North Korea said it had "no intention" to continue unless the US took steps to end hostilities.

The North walked away from the talks saying it was disappointed at the lack of "new and creative" solutions offered by Washington, though the US said the meeting involved "good discussions" and that it was willing to meet again later this month.

The meeting in Sweden came after months of stalemate following a February meeting between the North's leader Kim Jong Un and President Donald Trump, and after Pyongyang's defiant test of a sea-launched ballistic missile

# S. Korea may acquire nuclear submarines after North's test

by Staff Writers  
Seoul (AFP) Oct 10, 2019

South Korea's Navy is considering acquiring nuclear-powered submarines, it said Thursday in a surprise announcement which would change the balance of power in north-east Asia and is likely to upset several of its neighbours.

Seoul is surrounded by three nuclear powers – China, Russia, and North Korea, which invaded its neighbour in 1950 – while it and neighbour Japan, both of them US allies but with difficult relations between them, rely on Washington's nuclear umbrella.

Pyongyang last week tested what it said was a submarine-launched ballistic missile, although the US said it seemed to have been fired from a "sea-based platform".

A proven submarine-based missile capability would take the North's arsenal to a new level, allowing deployment far beyond the Korean peninsula and a second-strike capability in the event of an attack on its military bases.

In a report submitted to parliament the South Korean Navy said it had set up a task force headed by a commander-level official to examine procuring nuclear-powered submarines in the long term, the South's Yonhap news agency reported.

## North Korea slams Europeans over criticism of missile test

by Staff Writers  
Seoul (AFP) Oct 10, 2019

North Korea on Thursday slammed a statement by European UN Security Council members urging strict enforcement of sanctions against Pyongyang for its latest missile test, calling the move a "serious provocation".

Pyongyang fired a sea-launched missile on October 2 in the latest -- and most provocative -- of a series of weapons tests, just days before long-stalled US-North Korean nuclear talks were to resume in Sweden.

The North then walked away from the Stockholm talks on Saturday saying it was disappointed at the lack of "new and creative" solutions offered by Washington, although the US said it was willing to meet again in two weeks.

In their statement at the UN Tuesday, the Europeans -- France, Belgium, Germany, Poland, Britain and Estonia -- condemned Pyongyang's tests and urged it to engage in "good faith in meaningful negotiations with the United States."

The North on Thursday accused the Europeans of double standards.

Iran plans to start using a new array of IR-6 type advanced centrifuges for enriching uranium within weeks, the country's nuclear chief said Monday, according to *The Associated Press*.

Ali Akbar Salehi told Iranian state TV that the array will consist of 30 such centrifuges.

Under the terms of its 2015 deal between Iran and world powers, the Islamic Republic had committed to not using the array until late 2023.

Salehi also said Iran is now producing up to six kilograms of enriched uranium daily.

## Khamenei says nuclear weapons forbidden for Iran

by Staff Writers  
Tehran (AFP) Oct 9, 2019

Supreme leader Ayatollah Ali Khamenei said Wednesday that Iran could have taken the step to develop nuclear weapons but will not because their use is "haram", or forbidden in Islam.

"Although we could have taken steps on this path, based on Islamic ruling we firmly and bravely said we won't take this path," Khamenei said.

"Both building and stockpiling it is wrong, as using it is haram," he told a group of academics in a video posted on his office's Twitter account.

"If we had a nuclear weapon, it would have been obvious that it would have been impossible for us to use anywhere," said the Iranian leader.

"Under Islamic principles it is definitely haram."

Iran vehemently denies having ever sought an atomic bomb and says its nuclear programme is for peaceful energy production and medical purposes only.

In May last year, President Donald Trump unilaterally withdrew the United States from a landmark 2015 deal that gave Iran relief from sanctions in return for curbs on its nuclear programme.

## Netanyahu: Israel needs billions invested for defense against Iran

by Ed Adamczyk  
Washington (UPI) Oct 7, 2019

Israeli Prime Minister Benjamin Netanyahu called for a significant increase in the country's defense budget, citing a growing threat from Iran.

His comments came in response to an Iranian attack, using drones and cruise missiles, on two oil refineries in Saudi Arabia on Sept. 14, and a recent Israeli attack on Albukamal at the Iraq-Syria border, where Iran is building a military base. The town is regarded as an important part of the route between Iran and Syria, through which the Lebanese paramilitary force Hezbollah receives weapons from Iran.

Netanyahu, in the process of forming a new government, said last week that Israel must raise its defense spending by "many billions immediately and then many billions every year" since a threat from Iran "has intensified in recent weeks."

"We are facing an enormous security challenge that is growing and worsening from week to week," he added. "This is not spin and not a whim. This is not Netanyahu who is trying to scare us."

Prime Minister and Defense Minister Binyamin Netanyahu spoke this morning at the memorial service for the soldiers killed in the Yom Kippur War, at the Herzl Memorial Hall in Jerusalem, and addressed the Iranian security challenge to the State of Israel.

"The current focus of aggression in the Middle East is the Iranian regime in Tehran. Iran is striving to tighten its grip on Lebanon, Syria, Iraq, Yemen, and the Gaza Strip. It is constantly arming its metastases with dangerous weapons and is attacking freedom of navigation in international shipping routes. It downed a big U.S. UAV, it launched a crude and unprecedented attack on Saudi Arabia's oil fields, it repeatedly exceeds its own arrogance," Netanyahu said.

The shift could lead to clashes between Turkey and Syria and raises the specter of a resurgent Islamic State group as the U.S. relinquishes any remaining influence in northern Syria to President Bashar Assad and his chief backer, Russia. ### Iran launches surprise drill near Turkey border

Beirut, Oct 9 (AP) Iranian state television says the Islamic Republic has launched a surprise military drill with army special operations forces near the country's border with Turkey.

The exercise comes amid Iran's opposition to Turkey's planned invasion of northern Syria against Syrian Kurdish fighters there. The Syrian Kurds were US allies in the war against the Islamic State group.

The sudden Iranian drill was announced on Wednesday. The TV report says it's overseen by Major General Abdolrahim Mousavi, chief of Iran's army.

However, the state TV didn't mention the expected Turkish operation nor elaborate on the number of troops taking part in the drill in Qushchi in Iran's Western Azerbaijan province. The area is about 620 kilometers, or 385 miles, northwest of Tehran.

Iran and Russia are both key allies of Syrian President Bashar Assad's long-embattled government. Both have troops on the ground in Syria.

While they may publicly oppose a Turkish incursion into Syria, they probably don't mind an operation that diminishes the Kurdish forces.

Russian Foreign Minister Sergey Lavrov is accusing the United States of playing "very dangerous games" with the Syrian Kurds, whose fighters were top US allies in the war against the Islamic State group in Syria.

فلهذا اطلب أن نصلي ونستعد ونعد زيت لمصاييحنا لاستقبال العريس بالصلاة والصوم وخدمة  
أبناء الله وتنقية القلب والاستعداد بلبس العريس.

رسالة بولس الرسول الي أهل رومية 13

13: 11 هذا وأنكم عارفون الوقت انها الان ساعة لنستيقظ من النوم فان خلاصنا الان أقرب مما  
كان حين امنا

13: 12 قد تنهى الليل وتقارب النهار فلنخلع اعمال الظلمة ونلبس اسلحة النور

13: 13 لنسلك بلباقة كما في النهار لا بالبطر والسكر لا بالمضاجع والعهر لا بالخصام والحسد

13: 14 بل البسوا الرب يسوع المسيح ولا تصنعوا تدبيرا للجسد لأجل الشهوات

احترس ان لم تتمسك بالمسيح من الان قد لا تستطيع في المستقبل القريب بسبب الظلام.

وكما قلت هو اخبرنا لكي لا نخاف

انجيل متى 24

مت 24: 6 وسوف تسمعون بحروب واخبار حروب **لا ترتاعوا** لأنه لا بد ان تكون هذه

كلها ولكن ليس المنتهى بعد

بطرس الأولى 3: 14

وَلَكِنْ وَإِنْ تَأَلَّمْتُمْ مِنْ أَجْلِ الْبِرِّ، فَطُوبَاكُمْ. وَأَمَّا خَوْفُهُمْ فَلَا تَخَافُوهُ وَلَا تَضْطَرُّوْا،

بل نؤمن

إنجيل يوحنا 14: 29

وَقُلْتُ لَكُمْ الْآنَ قَبْلَ أَنْ يَكُونَ، حَتَّى مَتَى كَانَ تُؤْمِنُونَ.

ثالثا لنتنبه ونستعد

انجيل لوقا 21

افرحوا لان عريسنا قد اقترب مجيؤه. وانتبهوا الشيطان يريد أن نفقد سلامنا ولا ننال أكاليل.

وأيضا استعدوا فقد تسلموا وديعتكم في أي وقت فهناك 150 ألف شخص يموتوا في اليوم الواحد

المسيح اقترب فاصنعوا ثمار تليق بالتوبة واستعدوا لاستقبال العريس.
