اكرر هدفي فقط من هذه الخدمة أن نذكر بعضنا باننا نحتاج ان نستعد أي حياة اليقظة الروحية.
والاستعداد ليس فقط قبل مجيء المسيح بل ايضا قبل الظلمة التي ستسبق مجيؤه لأننا نور العالم
الذي أصبح مظلّم وليكون عندنا زيت في مصابيحنا يكفي ان نعبر هذه الظلمة وتكون مصابيحنا
مضيئة وقت مجيؤه او من منا سيسلم وديعته في أي وقت. بمعنى نحتاج من الان ان نستعد بقوة
بأيمان عامل بالمحبة والتبشير وبتنقية القلب وان نثمر بالخدمة أي نجمع زيت في مصابيحنا لان
الظلمة والضيقة اقتربت جدا ومن لن يستعد لها بزيت كافي من الان لن يجد زيت في الضيقة لان
وقتها تجميع زيت سيكون صعب جدا بل أستطيع ان أقول من مثل العذاري انه لن يكون هناك
زيت الا ما جمعته سابقا.

أفضل ان اقول لنفسي ولكم استعدوا الان لأنه اقترب فنكون مستعدين سواء جاء او نحن ان
سلمنا وديعتنا عن أنى لا اقول انه اقترب لكيلا يقال عني كاذب وانشر اشاعات او اخيف البعض
ولكنه يأتي بسرعة بغته. لا اعتقد اي أحد ندم لأنه كان مستعد ومنتظر مجيء المسيح ولم يأتي
المسيح في زمنه ولكنه انتقل وهو مستعد ولكن كثيرين جدا ندموا على عدم الاستعداد عندما
انتقلوا

المسيح قال بعض العلامات مثل

انجيل لوقا 21

21: 10 ثم قال لهم تقوم امة على امة ومملكة على مملكة

21: 11 وتكون زلازل عظيمة في اماكن ومجاعات واوبئة وتكون مخاوف وعلامات عظيمة من

السماء

21: 25 وتكون علامات في الشمس والقمر والنجوم وعلى الارض كرب امم بحيرة البحر والامواج

تضج

21: 26 والناس يغطى عليهم من خوف وانتظار ما يأتي على المسكونة لان قوات السماوات

تتزعزع

21: 27 وحينئذ يبصرون ابن الانسان اتيا في سحابة بقوة و مجد كثير

سفر اعمال الرسل 2

2: 19 واعطي عجائب في السماء من فوق وآيات على الارض من أسفل دما ونارا وبخار دخان

2: 20 تتحول الشمس الى ظلمة والقمر الى دم قبل ان يجيء يوم الرب العظيم الشهير

2: 21 ويكون كل من يدعو باسم الرب يخلص

لماذا قال المسيح بعض العلامات؟

أولا لكيلا نرتاع

انجيل متى 24

مت 24: 6 وسوف تسمعون بحروب واخبار حروب **لا ترتاعوا** لأنه لا بد ان تكون هذه

كلها ولكن ليس المنتهى بعد

ثانيا لنؤمن

إنجيل يوحنا 14: 29

وَقُلْتُ لَكُمْ الْآنَ قَبْلَ أَنْ يَكُونَ، حَتَّى مَتَى كَانَ تُمْنُونَ.

ثالثا لنتنبه ونستعد

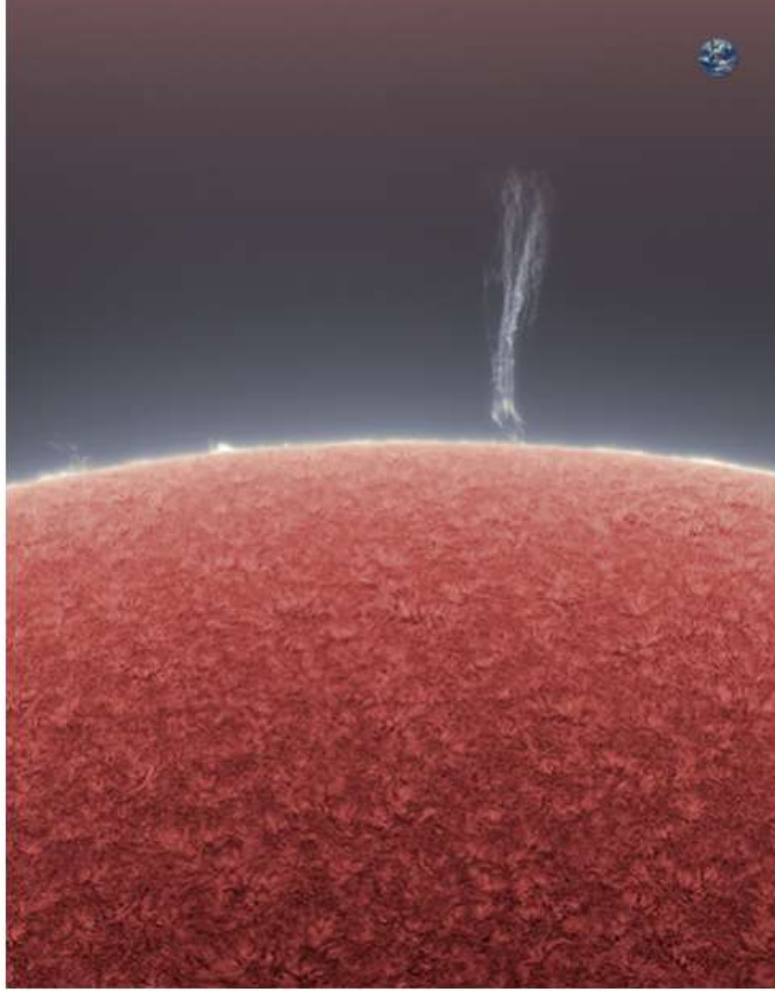

انجيل لوقا 21

28 وَمَتَى ابْتَدَأَتْ هَذِهِ تَكُونُ، فَأَنْتَضِبُوا وَارْفَعُوا رُؤُوسَكُمْ لِأَنَّ نَجَاتَكُمْ تَقْتَرِبُ.».

انفجار شمسي وصل الـ 60,000 ميل

A 60,000 MILE SPLIT END: The solar cycle is currently reaching a nadir that could set 2019 apart as the deepest Solar Minimum of the Space Age. Sunspots are very scarce. Because the face of the sun is blank, observers are turning their attention to the edge and, indeed, finding things to see there. Amateur astronomer Alan Friedman sends this picture from his backyard observatory in Buffalo, New York:

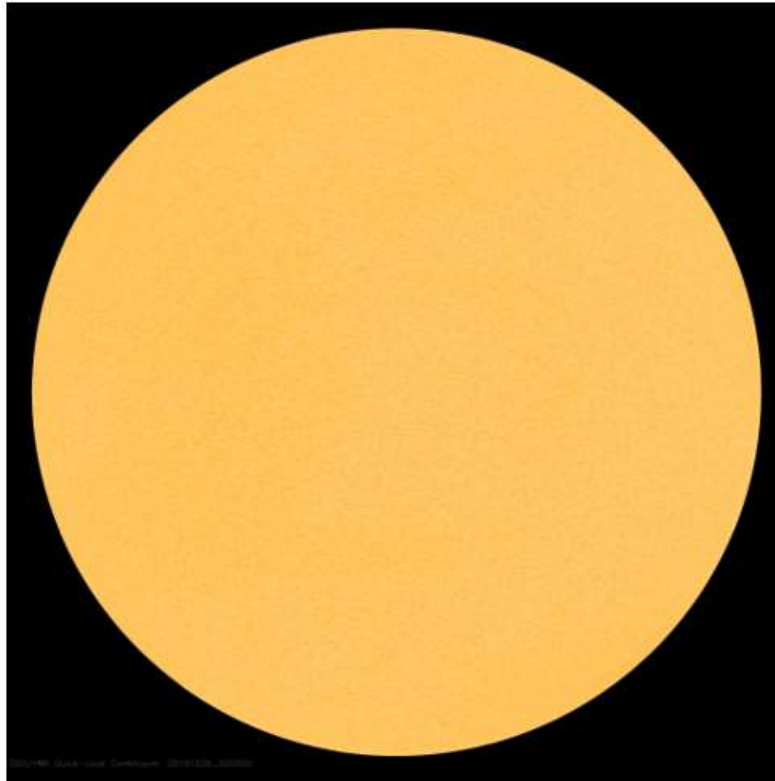

"On Oct. 15th I saw this prominence in the process of being released from its magnetic bond to the solar disk," says Friedman. "It looked like very tall wispy tuft of hair with a split end, which I measure to be about 60,000 miles high!"

Prominences are glowing clouds of hot gas held together by filaments of

DEEP SOLAR MINIMUM: Solar Minimum is here—and it's a [deep one](#). In fact, 2019 just passed 2018 in the race to the bottom of the solar cycle. As of today, the sun has been blank (without sunspots) for 222 days in 2019. Last year racked up only 221 days.

And it's only October... If the sun is blank for 47 more days this year, it will capture the Space Age record for spotlessness previously set [in 2008](#). You can monitor the daily counts [right here](#) on Spaceweather.com.

Many people think Solar Minimum is a bore. Yesterday's [G2-class](#) geomagnetic storm is a counterexample. Historic Midwest Blizzard Has Farmers 'Expecting Massive Crop Losses—As Devastating as We've Ever Seen'

1:00PM EDT 10/15/2019 | [MICHAEL SNYDER](#)

(Photo by Alexander Possingham on Unsplash)

An unprecedented October blizzard that hit just before harvest time has absolutely devastated farms all across the U.S. heartland. As you will see below, one state lawmaker in North Dakota is saying that the crop losses will be "as devastating as we've ever seen." This is the exact scenario that I have been warning about for months, and now it has materialized. Due to endless rain and horrific flooding early in the year, many farmers in the middle of the country faced very serious delays in getting their crops planted. So we really needed good weather at the end of the season so that the crops could mature and be harvested in time, and that did not happen. Instead, the historic blizzard that we just witnessed dumped up to 2 feet of snow from Colorado to

Embers blow in the wind during the Kincade Fire near Geyserville, California on October 24, 2019

Californian officials warned on Saturday that "historic and extreme" wind conditions were set to fan raging wildfires in the north of the state as millions of residents face power cuts.

Governor Gavin Newsom declared a state of emergency as the so-called Kincade Fire spread to 23,700 acres (9,591 hectares) after breaking out on Wednesday in the Sonoma wine region.

The blaze, which is burning in remote steep terrain, has destroyed about 50 structures and forced the evacuation of the small community of Geyserville and of nearby vineyard operations.

"This is definitely an event that we're calling historic and extreme," David King, meteorologist for the US National Weather Service, told Saturday's Los Angeles Times.

"What's making this event really substantial... is the amount of time that these winds are going to remain."

Hot, intense winds are expected to pick up on Saturday and last into Monday.

The state's largest utility, Pacific Gas & Electric Co., said it expected to cut off power to 850,000 customers -- a precautionary shutdown that local media say would affect about two million people.

San Francisco Shaken By Dozens Of Earthquakes – Is A Major Seismic Event Coming?

October 15, 2019 by Michael Snyder

Seismic activity in California appears to be heating up again. Could it be possible that the swarm of earthquakes that has hit San Francisco over the past couple of days is a precursor to a larger seismic event? The California coastline sits directly along the infamous “Ring of Fire”, and scientists assure us that it is just a matter of time before “the Big One” hits the state. Of course most of the time when we talk about “the Big One”, most people immediately envision a geography-altering

60 000+ livestock perish as drought ravages country-side

... As silos reach critical levels

By Megameno Shikwambi

According to a latest announcement by the minister of agriculture, water and forestry, Alpheus Naruseb, a total of 60 000+ cattle have died right across Namibia as the drought continues to ravage the regions. The figure has been sourced from the ministry's veterinary service functionaries

Government has been forced to increase its drought relief aid budget, overstretching the contingency fund but having to cover the gap with donations from private, public sector and the international community.

Prime Minister Saara Kuugongelwa Amadhila met with ministers and regional governors yesterday at her offices where she told the media that the budget allocation for drought has now increased to N\$595.2 million.

Government had initially budgeted N\$300 million.

But that is now more than N\$572.5 million of the initially approved budget while the actual funding of the budget has now overshoot the initially agreed budget that was not fully funded.

So dire has the drought situation becomes that this week, the Namibia Agricultural Union announced that the Hardap Dam had been severely impacted with water levels at a critical 14.7%.

China threatened unspecified “strong countermeasures” if the U.S. Congress enacts legislation supporting Hong Kong protesters, in a sign of the deepening strain between the world’s two largest economies as they attempt to seal a trade deal.

China’s foreign ministry issued the warning Wednesday after the U.S. House passed a package of measures backing a pro-democracy movement that has rocked the former British colony for more than four months. Among them was the Hong Kong Human Rights and Democracy Act, which subjects the city’s special U.S. trading status

Brazil has deployed 5,000 troops to its beaches amid mounting fury at the government's inaction over the worst oil spill in the country's history.

The environmental catastrophe began in early September when large quantities of oil inexplicably washed ashore.

The mysterious spill has continued and has now touched more than 1,000 miles of Brazil's coast, polluting some of the country's most picturesque beaches and destroying local marine life.

Bureaucrats Threaten Fines & Possible Jail for Ministry that Gives Glasses to Homeless

10-21-2019 - Deborah Bunting

Back in 2003 after he was told by many homeless people that they could not see well enough to get a job, Holland Kendall, a retired electrical engineer, decided to do something about it. Inspired by the Scriptures where Jesus healed eyes and gave sight to the blind, Holland began Kendall Optometry Ministry, based in Kentucky, with the goal of lifting people out of homelessness and poverty by improving their vision.

The ministry hosts free eye clinics for the poor and homeless around the world where it distributes used and new glasses to those who need

Thousands of Witches Plot a 'Binding Spell' Tonight Against President Trump

10-25-2019 - Steve Warren

As if battling House Democrats' impeachment inquiry against him wasn't enough, President Donald Trump will next have to face a "binding spell" cast by "thousands" of witches late Friday night.

As Halloween approaches at the end of the month, several media outlets are reporting witches who oppose President Trump are planning to cast a "binding spell" on his administration. Such reports of witchcraft being used against the President are nothing new. Witches have been trying to cast spells against Trump since his inauguration in

Will These Movies Deceive Even the Elect?

Poster for Maleficent (Facebook/Maleficent)

One of the most haunting scenes I've ever seen in a movie is from *The Passion of The Christ*. Satan is cloaked in a dark robe with a demon child, on the prowl in the crowd of onlookers while Roman soldiers publicly flog Jesus.

Sometimes evil is like this scene: Satan is obviously right in front of us.

Yet at other times, evil is sneakier, and more discernment is required.

I'd argue that blockbuster movies in theaters right now require us to watch with caution.

Abortion is no longer illegal in Northern Ireland

BY HALEY OTT

OCTOBER 22, 2019 / 2:23 PM / CBS NEWS

London-- Abortion is no longer illegal in Northern Ireland after legislation that went into effect overnight decriminalized the procedure. Northern Ireland, which is part of the United Kingdom, had one of the strictest abortion laws in Europe. Both women and doctors faced life in prison for having or performing abortions.

"History has been made. This is a hugely significant moment and the beginning of a new era for Northern Ireland," Grainne Teggart, head of Northern Irish campaigns for Amnesty International, told CBS News.

Same-sex marriage was also legalized overnight. Lawmakers in Britain approved the change in the law in July, and said it would come into effect after October 21 unless Northern Ireland's assembly came back into session and prevented it. Some lawmakers gathered at Stormont on Monday, but they failed to prevent the law from taking effect.

Come Fly the Gender-Free Skies: Air Canada Changes 'Ladies and Gentlemen' to 'Everybody'

10-16-2019 - Steve Warren

AIR CANADA

Air Canada has announced its flight crews will no longer greet passengers as "ladies and gentlemen" when making public address announcements at the gate or on its aircraft. Instead, flight attendants will use the gender-neutral term "everybody" or "tout le monde" when serving residents of Quebec.

The language change is to be used by gate agents, flight attendants and pilots, the airline announced Monday in an internal memo, according to the French media outlet *La Presse*. "We want to ensure an inclusive space for everyone, including those who identify with gender X," the

فلهذا اطلب أن نصلي ونستعد ونعد زيت لمصاييحنا لاستقبال العريس بالصلاة والصوم وخدمة
أبناء الله وتنقية القلب والاستعداد بلبس العرس.

رسالة بولس الرسول الي أهل رومية 13

13: 11 هذا وأنكم عارفون الوقت انها الان ساعة لنستيقظ من النوم فان خلاصنا الان أقرب مما كان حين امنا

13: 12 قد تنهى الليل وتقارب النهار فلنخلع اعمال الظلمة ونلبس اسلحة النور

13: 13 لنسلك بلياقة كما في النهار لا بالبطر والسكر لا بالمضاجع والعهر لا بالخصام والحسد

13: 14 بل البسوا الرب يسوع المسيح ولا تصنعوا تدبيرا للجسد لأجل الشهوات

احترس ان لم تتمسك بالمسيح من الان قد لا تستطيع في المستقبل القريب بسبب الظلام.

وكما قلت هو اخبرنا لكي لا نخاف

وَلَكِنْ وَإِنْ تَأَلَّمْتُمْ مِنْ أَجْلِ الْبِرِّ، فَطُوبَاكُمْ. وَأَمَّا خَوْفُهُمْ فَلَا تَخَافُوهُ وَلَا تَضْطَرِبُوا،

بل نؤمن

إنجيل يوحنا 14: 29

وَقُلْتُ لَكُمْ الْآنَ قَبْلَ أَنْ يَكُونَ، حَتَّى مَتَى كَانَ تُؤْمِنُونَ.

افرحوا لان عريسنا قد اقترب مجيؤه. وانتبهوا الشيطان يريد أن نفقد سلامنا ولا ننال أكاليل.

وأیضا استعدوا فقد تسلموا وديعتكم في أي وقت فهناك 150 ألف شخص يموتوا في اليوم الواحد

انت لا تعرف متى ستكون منهم

المسيح اقترب فاصنعوا ثمار تليق بالتوبة واستعدوا لاستقبال العريس.
