اكرر هدفي فقط من هذه الخدمة أن نذكر بعضنا باننا نحتاج ان نستعد أي حياة اليقظة الروحية.
والاستعداد ليس فقط قبل مجيء المسيح بل ايضا قبل الظلمة التي ستسبق مجيؤه لأننا نور العالم
الذي أصبح مظلّم وليكون عندنا زيت في مصابيحنا يكفي ان نعبر هذه الظلمة وتكون مصابيحنا
مضيئة وقت مجيؤه او من منا سيسلم وديعته في أي وقت. بمعنى نحتاج من الان ان نستعد بقوة
بأيمان عامل بالمحبة والتبشير وبتنقية القلب وان نثمر بالخدمة أي نجمع زيت في مصابيحنا لان
الظلمة والضيقة اقتربت جدا ومن لن يستعد لها بزيت كافي من الان لن يجد زيت في الضيقة لان
وقتها تجميع زيت سيكون صعب جدا بل أستطيع ان أقول من مثل العذاري انه لن يكون هناك
زيت الا ما جمعته سابقا.

أفضل ان اقول لنفسي ولكم استعدوا الان لأنه اقترب فنكون مستعدين سواء جاء او نحن ان
سلمنا وديعتنا عن أنى لا اقول انه اقترب لكيلا يقال عني كاذب وانشرا اشاعات او اخيف البعض
ولكنه يأتي بسرعة بغته. لا اعتقد اي أحد ندم لأنه كان مستعد ومنتظر مجيء المسيح ولم يأتي
المسيح في زمنه ولكنه انتقل وهو مستعد ولكن كثيرين جدا ندموا على عدم الاستعداد عندما
انتقلوا

المسيح قال بعض العلامات مثل

انجيل لوقا 21

21: 10 ثم قال لهم تقوم امة على امة ومملكة على مملكة

21: 11 وتكون زلازل عظيمة في اماكن ومجاعات وابئة وتكون مخاوف وعلامات عظيمة من

السماء

21: 25 وتكون علامات في الشمس والقمر والنجوم وعلى الارض كرب امم بحيرة البحر والامواج

تضج

21: 26 والناس يغطى عليهم من خوف وانتظار ما يأتي على المسكونة لان قوات السماوات

تتزعزع

21: 27 وحينئذ يبصرون ابن الانسان اتيا في سحابة بقوة و مجد كثير

سفر اعمال الرسل 2

2: 19 واعطي عجائب في السماء من فوق وآيات على الارض من أسفل دما ونارا وبخار دخان

2: 20 تتحول الشمس الى ظلمة والقمر الى دم قبل ان يجيء يوم الرب العظيم الشهير

2: 21 ويكون كل من يدعو باسم الرب يخلص

لماذا قال المسيح بعض العلامات؟

أولا لكيلا نرتاع

انجيل متى 24

مت 24: 6 وسوف تسمعون بحروب واخبار حروب **لا ترتاعوا** لأنه لا بد ان تكون هذه

كلها ولكن ليس المنتهى بعد

ثانيا لنؤمن

إنجيل يوحنا 14: 29

وَقُلْتُ لَكُمْ الْآنَ قَبْلَ أَنْ يَكُونَ، حَتَّى مَتَى كَانَ تُمْنُونَ.

ثالثا لنتنبه ونستعد

28 وَمَتَى ابْتَدَأَتْ هَذِهِ تَكُونُ، فَأَنْتَصِبُوا وَارْفَعُوا رُؤُوسَكُمْ لِأَنَّ نَجَاتَكُمْ تَقْتَرِبُ.».

Meteor streaks across the sky over St. Louis, Missouri

Nov 12, 2019 | 0 | ★★★★★

CBS – A meteor lit up the sky over St. Louis, Missouri on Monday night, CBS affiliate **KMOV reports**. Hundreds of residents reported seeing a bright flash of light across at least two counties. Many also reported hearing a loud boom as the meteor streaked across the sky around 9 p.m. local time.

The sighting coincides with the height of the Northern Taurids meteor shower, which is known for its spectacular fireballs. The Taurids are produced by debris colliding with the atmosphere as the Earth drifts through remnants from the P1/Encke comet, **according to CNET**.

This occurs annually during the last three months of the year. The **American Meteor Society** said most sightings came from Missouri but it also received reports from witnesses in Indiana, Illinois, Kansas, Minnesota, Nevada, Nebraska, Oklahoma and Wisconsin. The group calculated based on those reports that the fireball was traveling from east to west and ended its flight somewhere near Wellsville, Missouri. A number of home security cameras

SOLAR WIND, INCOMING: A stream of solar wind is approaching Earth. Estimated time of arrival: **Nov. 16-17**. The gaseous material is flowing from a southern hole in the sun's atmosphere:

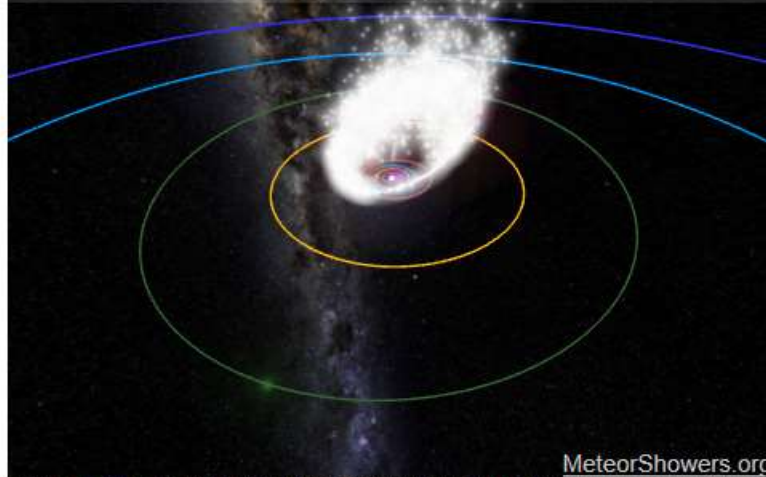

We've seen this hole before. It has been spinning around with the sun, strobing Earth with solar wind once every ~26 days for the past 6 months. Based on past experience, this coronal hole will **not** cause a geomagnetic storm. The solar wind flowing from it is traveling 450 km/s to 500 km/s--that's fast, but not extreme. The arrival of the solar wind will, however, cause minor geomagnetic unrest and probably bright auroras around the Arctic Circle. **Aurora alerts:** [SMS Text](#).

THE LEONID METEOR SHOWER: Earth is entering a stream of debris from Comet Tempel-Tuttle, source of the annual Leonid meteor shower. Forecasters expect 10 to 15 meteors per hour to fly out of the constellation Leo when the shower peaks on Nov. 18th.

Many people, when they hear "Leonids," think of the great [Leonid storms](#) of 1999, 2001 and 2002. In November of those years, thousands of meteors per hour spilled across the skies of Europe and North America as Earth plowed through dense filaments of dust from Comet Tempel-Tuttle.

Bad news: That won't happen in 2019. This year, Earth is going to miss the storm-filaments, instead passing through a diffuse haze of dust that fills the space between them. Hourly counts will number in the low dozens, not thousands.

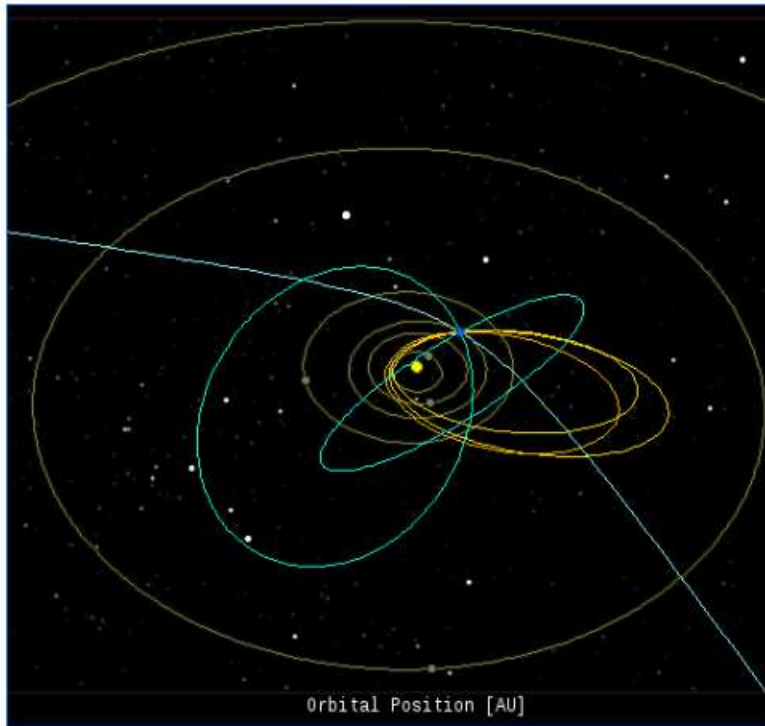

Still, it's a meteor shower! The best time to look is during the hours before sunrise on Monday, Nov. 18th, when the constellation Leo is high in the sky. Some Leonids may also be seen at the same time on Sunday, Nov. 17th: [Sky](#)

Alaskan city sees heat and snowfall records in single day

November 17, 2019

ANCHORAGE, Alaska (AP) — Alaskans have experienced both a record high temperature and a record amount of snowfall in the same day.

The Anchorage Daily News [reports](#) the Municipality of Anchorage saw snowfall of more than a foot Saturday after tying a temperature record set in 1967.

The National Weather Service says the city tied the high-temperature record by reaching 45 degrees Fahrenheit (7.2 Celsius) around 3 a.m.

The weather service says southeast winds blew warm air into the city before the winds subsided, temperatures dropped and snow fell.

Snow levels at the weather service's office broke the 1958 record of 8.3 inches (21 centimeters) by 1/10th of an inch.

Officials say the snow varied from 5 inches (13 centimeters) in the city to more than 12 inches (30 centimeters) in nearby Eagle River.

Dead fish litter Marco Island canal, homeowner left to clean it out herself

More dead fish are appearing in Marco Island, causing a stench and raising health concerns for homeowners on Landmark Street.

Karen Leonard says she wakes up and goes outside every morning with her coffee, "I just thought, gee really doesn't smell too good, must be a couple of dead fish."

But, this time, in Leonard's backyard canal, it was a whole school of fish – and then some – floating in stagnant water.

"When I walked out here, I was just shocked. I started taking pictures because I didn't know what to do," Leonard said.

Jodhpur, Nov 7 (PTI) Thirty-seven demoiselle cranes were found dead at Khichana in Phalodi subdivision of Jodhpur on Thursday morning.

Three of the carcasses were sent to a vet dispensary at Machia Biological Park for a medical examination to ascertain the cause of their death.

According to Sevaram Mali, a bird lover, the migratory birds were found dead at different places.

'We received information in the morning that some birds have been spotted dead near Vijay Sagar. When we reached there, we found 15 carcasses,' said Mali.

Later, they received information about the death of more birds near Ratari Nadi.

On reaching there, they found 16 carcasses.

Six birds were found dead at other locations.

A medical board examined the dead birds but failed to reach a conclusion about their death.

'It may be both due to poisoning or disease. For further examination, we have sent the viscera of the birds to the FSL and Disease Diagnostic Centre in Ludhiana,' said a board member and pathologist, Vipin Gupta. PTI CORR RDKRDK

First outbreak of African swine fever in Indonesia

(JAKARTA, August 8) - Indonesia's agriculture ministry official says the country has confirmed the first outbreak of African swine fever after laboratory tests on thousands of dead pigs in the northern province of Sumatra this week.

More than 4,000 pigs have died after a cholera outbreak in North Sumatra, a provincial official said Thursday. In North Sumatra, cholera cases were reported for the first time in Dauri County in September.

"Clinical trials and laboratory test results have shown that pigs only died from African swine fever, but there are also positive samples of cholera in pigs," said Faga, head of animal health at the Ministry of Agriculture. "

Faga could not say how many pigs died of African swine fever.

Is the US bracing for a space war with Russia and China?

by Staff Writers
Moscow (Sputnik) Nov 13, 2019

In July, the Russian Defence Ministry lambasted American plans to use space as a theatre of war, condemning Washington for its refusal to engage in the Moscow-Beijing talks on the non-deployment of weapons in space.

The US intelligence community (IC) plans to update its assessment of what it described as the space warfare capabilities of Russia and China, Bloomberg reports.

The news outlet cited Air Force spokeswoman Christina Hoggatt as saying that the National Intelligence Estimate on the matter is "being worked [out] by the IC at this time."

The updated intelligence estimate will be used by the new US Space Command "alongside current operations and critical information from our international, civil, and commercial partnerships, to identify and drive" future "training and acquisition requirements," she said.

Bloomberg cited an annual report of the congressionally mandated US-China Economic and Security Review Commission as claiming that China "views space as a critical US military and economic vulnerability and has fielded an array of direct-ascent, cyber, electromagnetic and co-orbital counter-space weapons capable of targeting nearly every class of US space asset."

China launches new remote-sensing satellite

by Staff Writers
Jiuquan, China (XNA) Nov 14, 2019

China sent a new remote sensing satellite into planned orbit from the Jiuquan Satellite Launch Center in northwest China on Wednesday.

The Jilin-1 Gaofen 02A, which belongs to the Jilin-1 satellite family, was launched by Kuaizhou-1A (KZ-1A), a carrier rocket at 11:40 a.m. (Beijing Time).

KZ-1A is a low-cost solid-fuel carrier rocket with high reliability and a short preparation period. The rocket, developed by a company under the China Aerospace Science and Industry Corporation, is mainly used to launch low-orbit microsattellites.

Wednesday's launch was the second mission of the KZ-1A rocket in 2019. It had previously completed three commercial launches from January 2017 to August 2019.

The Jilin-1 Gaofen 02A satellite is a new optical remote sensing satellite independently developed by Chang Guang Satellite Technology Co., Ltd., featuring high resolution, wide width and high-speed data transmission.

It will form a network with 13 previously launched Jilin-1 satellites, providing remote sensing data and services in fields like agriculture, forestry, resource and environment.

Responsive space will proliferate and become ubiquitous.

Space-based radar suggests North Korean nuke equivalent to '17 Hiroshimas'

by Staff Writers
London, UK (SPX) Nov 15, 2019

North Korea withdrew from the Treaty on the Non-Proliferation of Nuclear Weapons in 2003. It subsequently developed nuclear weapons, with five underground nuclear tests culminating in a suspected thermonuclear explosion (a hydrogen bomb) on 3 September 2017. Now a team of scientists, led by Dr K. M. Sreejith of the Space Applications Centre, Indian Space Research Organisation (ISRO), have used satellite data to augment measurements of tests on the ground.

The researchers find that the most recent test shifted the ground by a few metres, and estimate it to be equivalent to 17 times the size of the bomb dropped on Hiroshima in 1945. The new work appears in a paper in *Geophysical Journal International*, a publication of the Royal Astronomical Society.

Conventional detection of nuclear tests relies on seismic measurements using the networks deployed to monitor earthquakes. But there are no openly available seismic data from stations near this particular test site, meaning that there are big uncertainties in pinpointing the location and size of nuclear explosions taking place there.

EU extremely concerned' by Iran's nuclear deal breach

by Staff Writers
Paris (AFP) Nov 11, 2019

France, Germany, Britain and the European Union said Monday they are "extremely concerned" by Iran's decision to re-start nuclear activities at one of its key sites, in breach of a landmark 2015 deal with international powers.

"The Foreign Ministers of France, Germany and the United Kingdom and the High Representative of the European Union are extremely concerned by the latest announcements that Iran is restarting uranium enrichment activities at the Fordow facility, as confirmed by the International Atomic Energy Agency (IAEA) in its November 11 report," they said in a joint statement.

Paris, Berlin, London and Brussels said that Iran's action was "inconsistent" with the 2015 Joint Comprehensive Plan of Action, or JCPOA, under which Tehran had agreed to curb some of its nuclear activities -- notably uranium enrichment -- in return for a lifting of economic sanctions.

But the Islamic republic has said it no longer feels bound by the JCPOA after

Iran accuses Europeans of hypocrisy over nuclear deal

by Staff Writers
Tehran (AFP) Nov 12, 2019

Iran accused European nations of hypocrisy on Tuesday for criticising its latest step back from a nuclear deal while failing to fulfil their commitments of relief from US sanctions.

President Hassan Rouhani made no mention of a new report from the UN nuclear agency that reveals its inspectors detected uranium particles of man-made origin at an undeclared site in Iran.

But Iran's envoy to the International Atomic Energy Agency (IAEA) in Vienna said the UN watchdog had been given access to the site "with the utmost cooperation and clarification".

"Cooperation between Iran and the agency on this issue is still ongoing. Therefore, any attempt to prejudge and present immature assessment of the situation would be aimed at distorting the facts for political gains," Gharib Abadi said in a statement.

The masked man was critically wounded by a gunshot in Sai Wan Ho as wild scuffles broke out this morning after the city's 24th straight weekend of protests.

In footage broadcast live on Facebook, a Hong Kong policeman drew his weapon as he wrestled with a man at a blockaded road junction, with a second protester advancing towards them in a bid to help his comrade.

That second protester appeared to take a swipe at the officer's pistol and just moments later the policeman opened fire at him, hitting him in the torso.

Abandon Your Beliefs or You'll Be Punished: MT High School Christian Club Under Fire for Biblical Faith

Students at Bozeman High School in Montana are protesting against a Christian club because they don't like the group's biblical beliefs about marriage and sexuality. That's led to a crackdown, and the Christian group is essentially being told this: Abandon your beliefs or forget about being an official school club.

Earlier this year, four female students spoke out against the Fellowship of Christian Athletes (FCA) club and their position on homosexual relationships, [KECI-TV](#) in Missoula reports.

Twitter Slams Joel Osteen For Opening Church Doors To Kanye West But Not Hurricane Harvey Victims

Kanye West is continuing to stir up controversy with his supposedly new sanctified life, and now folks are slamming him and mega pastor Joel Osteen for an equally controversial arrangement.

According to TMZ, West is set to visit Osteen's mega Lakewood Church on Sunday. A source tells TMZ that West and Osteen have been talking on a regular basis recently, so much that they've become friends. Sources say that Kanye is expected to show up at Joel's 11 A.M. service in Houston on Sunday. West will then make his way to the pulpit to have a conversation with Joel that's expected to last between 20 and 30 minutes.

It's reported that Joel wants his congregation, which is made up of a whopping 45,000 people, and his TV audience (another 10 million people in the U.S. alone) to hear how West has overcome substantial adversity in his life. One source explained, "Kanye used to be about nothing greater than himself. Now it's all about a higher power." It's expected that Joel will ask Kanye to compare his life of the past to his life now.

The visit is already causing some angry emotions, considering Osteen doesn't have the best reputation as a preacher. The pastor has managed to accumulate a lot of wealth, including a massive mansion. Dislike for him peaked in 2017 when social media started accusing him of not opening up his church to Hurricane Harvey victims. Eventually, Osteen responded to the accusations, telling CNN, "The church has always been open. We received shelter victims the first day or two."

However, according to USA Today, he also said that the church initially didn't open their doors because the church flooded and they needed time to make the building livable for hurricane evacuees. "The first day or two, this building was not accessible," he said. "We would never put people in here until it was safe. And it was not safe, I can tell you."

A former school board candidate in Fairfax County, Virginia is sounding the alarm to parents in the district to opt their middle school and high school students out of a survey that will not only ask them whether they are sexually active, but will also query children as young as six-graders if they have ever "huffed" to get high.

انتبهوا رجاء الشيطان يستهدف الصغار وهؤلاء أخطر شيء لأنهم مثل القنبلة الموقوتة لو استطاع ان يغسل عقولهم بالشذوذ والالحاد والمخدرات من الصغر الجيل القادم تدمر تماما.

فلهذا اطلب أن نصلي ونستعد ونعد زيت لمصاييحنا لاستقبال العريس بالصلاة والصوم وخدمة
أبناء الله وتنقية القلب والاستعداد بلبس العريس.

رسالة بولس الرسول الي أهل رومية 13

13: 11 هذا وأنكم عارفون الوقت انها الان ساعة لنستيقظ من النوم فان خلاصنا الان أقرب مما
كان حين امنا

13: 12 قد تنهى الليل وتقارب النهار فلنخلع اعمال الظلمة ونلبس اسلحة النور

13: 13 لنسلك بلباقة كما في النهار لا بالبطر والسكر لا بالمضاجع والعهر لا بالخصام والحسد

13: 14 بل البسوا الرب يسوع المسيح ولا تصنعوا تدبيراً للجسد لأجل الشهوات

احترس ان لم تتمسك بالمسيح من الان قد لا تستطيع في المستقبل القريب بسبب الظلام.

وكما قلت هو اخبرنا لكي لا نخاف

وَلَكِنْ وَإِنْ تَأَلَّمْتُمْ مِنْ أَجْلِ الْبِرِّ، فَطُوبَاكُمْ. وَأَمَّا خَوْفُهُمْ فَلَا تَخَافُوهُ وَلَا تَضْطَرُّوْا،

بل نؤمن

إنجيل يوحنا 14: 29

وَقُلْتُ لَكُمْ الْآنَ قَبْلَ أَنْ يَكُونَ، حَتَّى مَتَى كَانَ تُؤْمِنُونَ.

افرحوا لان عريسنا قد اقترب مجيؤه. وانتبهوا الشيطان يريد أن نفقد سلامنا ولا ننال أكاليل.

وأيضا استعدوا فقد تسلموا وديعتكم في أي وقت فهناك 150 ألف شخص يموتوا في اليوم الواحد

انت لا تعرف متى ستكون منهم

المسيح اقترب فاصنعوا ثمار تليق بالتوبة واستعدوا لاستقبال العريس.
