

# تعليق على بعض الاحداث العالمية

## والعلامات حتى 10 ديسمبر 2019

Holy\_bible\_1

اكرر هدفي فقط من هذه الخدمة أن نذكر بعضنا باننا نحتاج ان نستعد أي حياة اليقظة الروحية.  
والاستعداد ليس فقط قبل مجيء المسيح بل ايضا قبل الظلمة التي ستسبق مجيؤه لأننا نور العالم  
الذي أصبح مظلّم وليكون عندنا زيت في مصابيحنا يكفي ان نعبر هذه الظلمة وتكون مصابيحنا  
مضيئة وقت مجيؤه او من منا سيسلم وديعته في أي وقت. بمعنى نحتاج من الان ان نستعد بقوة  
بأيمان عامل بالمحبة والتبشير وبتنقية القلب وان نثمر بالخدمة أي نجمع زيت في مصابيحنا لان  
الظلمة والضيقة اقتربت جدا ومن لن يستعد لها بزيت كافي من الان لن يجد زيت في الضيقة لان  
وقتها تجميع زيت سيكون صعب جدا بل أستطيع ان أقول من مثل العذاري انه لن يكون هناك  
زيت الا ما جمعته سابقا.

أفضل ان اقول لنفسي ولكم استعدوا الان لأنه اقترب فنكون مستعدين سواء جاء او نحن ان  
سلمنا وديعتنا عن أنى لا اقول انه اقترب لكيلا يقال عني كاذب وانشرا اشاعات او اخيف البعض  
ولكنه يأتي بسرعة بغته. لا اعتقد اي أحد ندم لأنه كان مستعد ومنتظر مجيء المسيح ولم يأتي  
المسيح في زمنه ولكنه انتقل وهو مستعد ولكن كثيرين جدا ندموا على عدم الاستعداد عندما  
انتقلوا

المسيح قال بعض العلامات مثل

انجيل لوقا 21

21: 10 ثم قال لهم تقوم امة على امة ومملكة على مملكة

21: 11 وتكون زلازل عظيمة في اماكن ومجاعات وابئة وتكون مخاوف وعلامات عظيمة من

السماء

21: 25 وتكون علامات في الشمس والقمر والنجوم وعلى الارض كرب امم بحيرة البحر والامواج

تضج

21: 26 والناس يغطى عليهم من خوف وانتظار ما يأتي على المسكونة لان قوات السماوات

تتزعزع

21: 27 وحينئذ يبصرون ابن الانسان اتيا في سحابة بقوة و مجد كثير

## سفر اعمال الرسل 2

2: 19 واعطي عجائب في السماء من فوق وآيات على الارض من أسفل دما ونارا وبخار دخان

2: 20 تتحول الشمس الى ظلمة والقمر الى دم قبل ان يجيء يوم الرب العظيم الشهير

2: 21 ويكون كل من يدعو باسم الرب يخلص

لماذا قال المسيح بعض العلامات؟

أولا لكيلا نرتاع

انجيل متى 24

مت 24: 6 وسوف تسمعون بحروب واخبار حروب **لا ترتاعوا** لأنه لا بد ان تكون هذه

كلها ولكن ليس المنتهى بعد

ثانيا لنؤمن

إنجيل يوحنا 14: 29

وَقُلْتُ لَكُمْ الْآنَ قَبْلَ أَنْ يَكُونَ، حَتَّى مَتَى كَانَ تُمْنُونَ.

ثالثا لنتنبه ونستعد

28 وَمَتَى ابْتَدَأَتْ هَذِهِ تَكُونُ، فَأَنْتَصِبُوا وَارْفَعُوا رُؤُوسَكُمْ لِأَنَّ نَجَاتَكُمْ تَقْتَرِبُ.».

علامات في السماء

التدهور هو ما يحدث في الكون ولكن لا أحد من العلماء التطوريين يعرف لماذا

The universe tends towards disorder. But how come nobody knows

why?

## Our disordered universe

Entropy is the one-word answer to some of the deepest questions in cosmology. So why does nobody know what it is?

الكون بإقرارهم يتدهور فهل هذا لأي حيادي يشهد على التطور أم التصميم البدائي ثم السقوط والتدهور؟

## Astronomers discover black hole that 'should not even exist' in our galaxy

Chinese astronomers said the black hole, LB-1, is about 70 times the mass of the sun.

Author: Chelsea Tatham

Published: 8:35 AM EST November 28, 2019

Updated: 8:35 AM EST November 28, 2019

A newly-discovered black hole is so massive, astronomers say it shouldn't even exist in our galaxy.

[CBS News](#) reports Chinese astronomers published their findings this week in the journal [Nature](#). The black hole, named LB-1, is in the Milky Way and is about 70 times the mass of the sun.

Scientists previously thought black holes could only be about 20 times the mass of the sun.

## Is the Chief Demon of Chaos Coming to Attack the World in April 2029?

12:00PM EST 12/3/2019 | [THOMAS HORN](#)

(Photo by Kovah on Unsplash)

Imagine walking out in the evening just a few years from now and noticing what looks like a horned, fiery dragon, thousands of feet wide, plunging through the heavens and toward the earth at incomprehensible speed. This terrifying monster seems to swim across the sky, past the stars, descending closer to the earth until, making contact, it plunges into the ocean. Its massive form sends a sequence of tsunamis measuring 600 feet apiece in height, which slam into the coastal terrain of regions across nearly half the world, infusing the atmosphere with scorched particles of aerosol and vapor.

The resulting blistering culmination of moisture and extreme heat in the earth's atmosphere subsequently combusts into a series of high-velocity hurricanes that turn their deadly gaze upon the yet-unaffected hemisphere of the world. So much debris is

## Astronomers Reveal Stunning New Image of The Interstellar Comet Coming Towards Us

PETER DOCKRILL 27 NOV 2019

We spotted it in August: a [mysterious object](#) shooting through our Solar System on a strange, hyperbolic trajectory implying that, whatever this thing was, it wasn't from around here.

Subsequent analysis confirmed this visitor from deep space, now designated [2I/Borisov](#), was only the second interstellar object ever detected in our Solar System (and the first comet). And we just got a brand-new close-up of it.

A team of astronomers from Yale University captured this stunning image of 2I/Borisov on Sunday, using the W.M. Keck Observatory's Low-Resolution Imaging Spectrometer in Hawaii.

## Sahara Desert covered in 15 inches of SNOW as freak weather blankets sand dunes

HEAVY snow has covered the Sahara Desert in a freak winter weather storm.

By HELEN BARNETT

PUBLISHED: 07:06, Wed, Jan 10, 2018 | UPDATED: 07:53, Wed, Jan 10, 2018

SHARE

TWEET

178

More than 15 inches (40cm) has blanketed sand dunes across the small town of Ain Sefra, Algeria.

It is the second time snow has hit in nearly 40 years, with a dusting also recorded in December 2016.

But this snowfall which hit on Sunday, is much deeper than the fleeting shower little more than a year ago.

Locals, who endure temperatures of 37C in summer, were stunned as dense snow settled on the town, known as 'the gateway to the desert'.

## 'Drastically wrong': Concern as hundreds of birds wash up on iconic beaches

Tom Flanagan

News Reporter

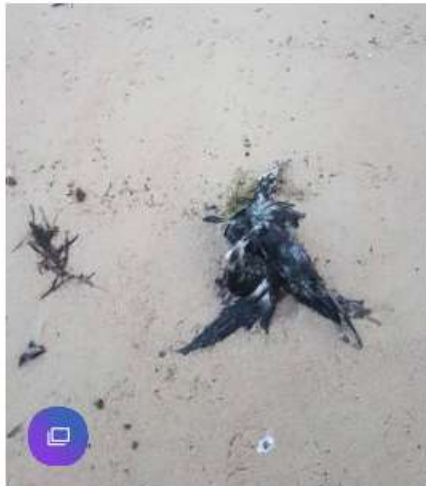

Yahoo News Australia 17 November 2019

Hundreds of dead seabirds washing up on some of Sydney's most iconic beaches have sparked concern among locals, with experts saying this number of deaths is unprecedented.

Residents in Bondi took to social media this week revealing their shock at discovering scores of dead birds dotted along the famous beach.

One man said he saw "hundreds" over the weekend.

And Bondi wasn't the only beach to be plagued with corpses, with residents in Collaroy on Sydney's Northern Beaches and those in Cronulla in Sydney's south also saying dead bird numbers were far beyond anything they'd seen before.

Bondi residents said hundreds of shearwaters had washed up on the beach. Source: Facebook/ Getty

Scenes after Cermaq salmon die-off off Canada, claims Sea Shepherd

A ————— A

Comment

Salmon losses at Cermaq Group's farm sites off the west coast of Vancouver Island, Canada, have exceeded 100,000 fish, the company told *Undercurrent News*.

The first mortalities -- caused by an algal bloom -- were detected at the beginning of last week. "Efforts have been made to avoid further stress on surviving fish and maximize animal welfare, and dead fish have been continuously collected and are being transported for use in either rendering or compost," the firm said.

Collection and transport have been following strict biosecurity processes.

"So far we have removed 130,000 fish. Before the algae bloom hit, we had a total of 1.4 million fish in these three farm sites."

Pork Checkoff reports that Romania and the Philippines have so far reported the largest number of deaths related to [African swine fever](#). In the latest [Foreign Animal Disease Preparation Bulletin](#), Pork Checkoff discusses the latest outbreaks and also details the next country most likely to fall prey to the virus: Indonesia.

Losses due to African swine fever (ASF) continue to increase in 2019 and experts from Rabobank estimate that nearly 25 percent of the world's pig herd (350 million head) could be gone by year's end. Most recently, major ASF outbreaks in Romania and the Philippines have added to the costly total.

In a recent [global ASF report](#) from the World Organization of Animal Health (OIE), major losses were shown in Romania with 20,069 head and in the Philippines with 45,670 head. These losses represent the number of head killed by ASF or culled in infected farms or backyards only and not any depopulation efforts in control zones. This is OIE's method of calculating global ASF losses moving forward.

Since the first ASF outbreak report in the Philippines, authorities there have deployed significant resources to support efforts to control the spread of the disease in the country. Notably, they have installed the country's first modern and automated road bath disinfection facility for animal transport carrier vehicles and a biosecurity and quarantine checkpoint to curtail ASF spread. These actions will need to be coupled with hyper vigilance at the country's ports, which have already intercepted several ASF-positive pork packages from China.

## Dead Sea Turtles Found on Boca Chica Beach

November 23, 2019 10:34 PM in [News](#)

Share: [Email](#) [Facebook](#) [Twitter](#) [Google+](#)

BOCA CHICA BEACH - Sea Turtle Inc. says a large number of dead sea turtles washed up on Boca Chica Beach.

45 turtles were found in just three days, according to a social media post by the group Saturday.

They don't believe the deaths are related to cold stuns.

25 carcasses were shipped to the state coordinator in Corpus Christi to determine a cause of death.

## United States regards space as theatre of war - President Putin

by Staff Writers  
Moscow (Sputnik) Dec 05, 2019

The comment comes as leaders of NATO approved the decision to recognise space as 'potential theatre for operations' at a summit that is currently taking place in London.

The military and political apparatus of the United States views space as a theatre of war, Russian President Vladimir Putin said at a meeting dedicated to the development of the Russian Navy on Wednesday.

"Russia has always been and will remain opposed to the military use of space," Putin said. "Leading nations of the world are actively developing modern space systems for military use...and the United States, in particular, is openly regarding space as a war theatre." The Russian president added that the US is planning to conduct military operations in space to maintain its strategic superiority in this domain.

file illustration only

According to Putin, the current situation requires Russia to pay increased attention to strengthening the orbital group, as well as space and rocket industry in general.

## KEY POINTS

- China's Ministry of Foreign Affairs said Thursday it firmly opposes the U.S. signing of a bill into law that supports the Hong Kong protesters.
- The ministry emphasized that Hong Kong is part of China through the "one country, two systems" policy, and that the special administration region's issues are internal affairs.
- On Wednesday evening, Trump signed the Hong Kong Human Rights and Democracy Act of 2019 into law. He also signed another bill banning the sale of munitions like tear gas and rubber bullets to Hong Kong police.

NUKE WARS

## North Korea conducts 'very important test': KCNA

by Staff Writers  
Seoul (AFP) Dec 8, 2019

North Korea said Sunday it had carried out a "very important test" at its space launch centre, as Pyongyang ramps up pressure on Washington over stalled nuclear talks.

The announcement of Saturday's test at the Sohae satellite launch site came just hours after US President Donald Trump said he would be "surprised" by any hostile action from the North.

"A very important test took place at the Sohae Satellite Launching Ground on the afternoon of December 7, 2019," a spokesman for North Korea's Academy of the National Defence Science said.

The result of the latest test will have an "important effect" on changing the "strategic position" of North Korea, the spokesman said in a statement carried by the official KCNA news agency.

The statement did not provide further details on the test.

Sohae, on North Korea's northwest coast, is ostensibly a facility designed for putting satellites into orbit.

## Speculating on North Korea's Next Satellite

by Morris Jones for SpaceWar.com  
Sydney, Australia (SPX) Dec 10, 2019

North Korea hasn't launched a satellite since February 2016, and no North Korean satellite has ever functioned properly in orbit. Space analysts have been waiting a long time for another launch attempt, but the only rockets flying from North Korea in recent years have been ballistic missile tests.

North Korea has upgraded the infrastructure at its Sohae spaceport and recently conducted an engine test there. Clearly, the stage is set for more activity in the future. But exactly how and when North Korea will continue its space program is a mystery.

One explanation for the lack of activity in recent times is diplomacy. North Korea has been heavily engaged in summitry and other forms of negotiations, including the widely-reported meetings with US President Donald Trump.

stock photo

Putting the space programme on pause during this time could be seen as a gesture of peace, given the controversy generated by every North Korean satellite launch. It also gives North Korea the option of staging a satellite launch as a political gesture when negotiations break down.

But there could also be technical reasons. As previously noted, North Korea has never managed to get any of its satellites to work. None have sent telemetry to Earth. This surely indicates some serious problems with the design

## Iran working on nuclear-capable missiles: European powers

By Dario THUBURN  
Berlin (AFP) Dec 5, 2019

Britain, France and Germany have accused Iran of developing nuclear-capable ballistic missiles in a letter dismissed by Iranian Foreign Minister Javad Zarif on Thursday as "a desperate falsehood".

UN ambassadors for the three countries said in the letter to UN Secretary General Antonio Guterres that Iran's actions were "inconsistent" with the UN resolution enshrining a 2015 nuclear deal with Iran.

But Zarif on Twitter said the Europeans were covering up their own "miserable incompetence" at abiding by the nuclear deal and were "bowing to US bullying".

The letter referred to footage shared on social media in April this year of the test flight of a new Shabab-3 medium range ballistic missile variant that was "technically capable of delivering a nuclear weapon".

The European powers also pointed to three other launches this year, including that of the Borkan-3, a new

US officials revealed Wednesday that a US Navy ship had seized a "significant stockpile" of parts of Iranian precision-guided missiles. The missiles were being transported to the Houthi rebels in Yemen.

According to the sources, this is the first time such sophisticated missile components have been seized while en route to war in Yemen. The components were seized in a boat raided by US Navy and Coast Guard officials last Wednesday. The raid was carried out in the northern Arabian Sea. Americans say the incident is an example of the ongoing illegal smuggling of weapons to the Houthi insurgents.

## China introduces mandatory face scans for phone users

 AFP Relax News • December 1, 2019

China will require telecom operators to collect face scans when registering new phone users at offline outlets starting Sunday, according to the country's information technology authority, as Beijing continues to tighten cyberspace controls.

In September, China's industry and information technology ministry issued a notice on "safeguarding the legitimate rights and interests of citizens online", which laid out rules for enforcing real-name registration.

105

The notice said telecom operators should use "artificial intelligence and other technical means" to verify people's identities when they take a new phone number.

## Hope For A U.S.-China Trade Deal Is Completely Dead, And Wall Street Is Starting To Panic

December 3, 2019 by Michael Snyder

f Share

🐦 Tweet

✉ Subscribe

The reality of what we are now facing is starting to sink in for Wall Street investors, and they are starting to panic. Hope that the U.S. and China would be able to agree to a trade deal had fueled a tremendous stock market rally over the last couple of months, but of course it just turned out to be a cruel mirage. There isn't going to be a trade deal prior to the 2020 presidential election, and at this point even President Trump is telling us not to expect one before November 2020.

## 5 More Signs That The Global Economy Is Careening Toward A Recession

November 26, 2019 by Michael Snyder

f Share

🐦 Tweet

✉ Subscribe

The global economy is already in the worst distress that we have seen since 2008, and it appears that the global slowdown is actually picking up pace as we head into 2020. And this is happening even though central banks around the world have been cutting interest rates and pumping massive amounts of money into their respective financial systems. The central bankers appear to be losing control, and it certainly wouldn't take much of a push for this new crisis to evolve into a complete and utter nightmare. The U.S. economy hasn't been hit quite as hard as economies in Asia and Europe have been, but without a doubt things are

## US abortions hit record low since Roe v Wade: Rates fell 24% in 10 years, CDC report reveals

- Abortion rates in the US have fallen steadily since 1981
- In 2016, they reached an historic record low since the 1973 Roe v Wade decision
- That year, 623,471 medical and surgical abortions were performed, a 2% decline from the previous year, the CDC reported Wednesday
- Experts say the decline is likely driven by adoption of longer acting birth control

## Substitute teacher lectures Utah child over his 2 dads

by The Associated Press | Sunday, December 1st 2019

A substitute teacher berated a Utah fifth grader after he said he was thankful he was going to be adopted by his two dads. Cropped Photo: Tony Webster / CC BY 2.0 via MGN Online

SALT LAKE CITY (AP) — A substitute teacher berated a Utah fifth grader after he said during a pre-Thanksgiving lesson that he was thankful he's finally going to be adopted by his two dads, the parents said.

The boy's classmates said the teacher told him, "that's nothing to be thankful for" and lectured the 30 kids in the class about her views on homosexuality. She said that "two men living together is a sin" and "homosexuality is wrong."

Three girls asked the teacher to stop and eventually walked out of the room to get the principal, and the substitute was escorted from the building, the Salt Lake Tribune reported.

One of the dads, Louis van Amstel, said he appreciates the three girls stepping up and the school's quick response. But he wonders how the substitute got in a classroom in the first place and wants to make sure she never comes.

## LGBTQ Group Calls on Hallmark Channel to Broadcast a “Gay Christmas”

By **Todd Starnes** - December 2, 2019

You won't find "I Saw Daddy Kissing Santa Claus" on the Hallmark Channel this year and that's a mighty big problem for some folks in the LGBTQ community.

The family-friendly television network is under fire from activists for a lack of diversity in their Christmas programming. Specifically, they want **Hallmark to don some gay apparel.**

فلهذا اطلب أن نصلي ونستعد ونعد زيت لمصابيحنا لاستقبال العريس بالصلاة والصوم وخدمة

أبناء الله وتنقية القلب والاستعداد بلبس العرس.

## رسالة بولس الرسول الي أهل رومية 13

13: 11 هذا وأنكم عارفون الوقت انها الان ساعة لنستيقظ من النوم فان خلاصنا الان أقرب مما

كان حين امنا

13: 12 قد تنهى الليل وتقارب النهار فلنخلع اعمال الظلمة ونلبس اسلحة النور

13: 13 لنسلك بلياقة كما في النهار لا بالبطر والسكر لا بالمضاجع والعهر لا بالخصام والحسد

13: 14 بل البسوا الرب يسوع المسيح ولا تصنعوا تدبيراً للجسد لأجل الشهوات

احتسب ان لم تتمسك بالمسيح من الان قد لا تستطيع في المستقبل القريب بسبب الظلام.

وكما قلت هو اخبرنا لكي لا نخاف

انجيل متى 24

مت 24: 6 وسوف تسمعون بحروب واخبار حروب **لا ترتاعوا** لأنه لا بد ان تكون هذه

كلها ولكن ليس المنتهى بعد

بطرس الأولى 3: 14

وَلَكِنْ وَإِنْ تَأَلَّمْتُمْ مِنْ أَجْلِ الْبِرِّ، فَطُوبَاكُمْ. وَأَمَّا خَوْفُهُمْ فَلَا تَخَافُوهُ وَلَا تَضْطَرُّوْا،

بل نؤمن

إنجيل يوحنا 14: 29

وَقُلْتُ لَكُمْ الْآنَ قَبْلَ أَنْ يَكُونَ، حَتَّى مَتَى كَانَ تُؤْمِنُونَ.

ثالثا لنتنبه ونستعد

انجيل لوقا 21

28 وَمَتَى ابْتَدَأَتْ هَذِهِ تَكُونُ، فَاَنْتَصِبُوا وَارْفَعُوا رُؤُوسَكُمْ لِأَنَّ نَجَاتَكُمْ تَقْتَرِبُ.».

افرحوا لان عريسنا قد اقترب مجيؤه. وانتبهوا الشيطان يريد أن نفقد سلامنا ولا ننال أكاليل.

وأيضاً استعدوا فقد تسلموا وديعتكم في أي وقت فهناك 150 ألف شخص يموتوا في اليوم الواحد

انت لا تعرف متى ستكون منهم

المسيح اقترب فاصنعوا ثمار تليق بالتوبة واستعدوا لاستقبال العريس.

والمجد لله دائما
