## والعلامات حتى 24 ديسمبر 2019

Holy\_bible\_1

اكرر هدفي فقط من هذه الخدمة أن نذكر بعضنا باننا نحتاج ان نستعد أي حياة اليقظة الروحية.  
والاستعداد ليس فقط قبل مجيء المسيح بل ايضا قبل الظلمة التي ستسبق مجيؤه لأننا نور العالم  
الذي أصبح مظلّم وليكون عندنا زيت في مصابيحنا يكفي ان نعبر هذه الظلمة وتكون مصابيحنا  
مضيئة وقت مجيؤه او من منا سيسلم وديعته في أي وقت. بمعنى نحتاج من الان ان نستعد بقوة  
بأيمان عامل بالمحبة والتبشير وبتنقية القلب وان نثمر بالخدمة أي نجمع زيت في مصابيحنا لان  
الظلمة والضيقة اقتربت جدا ومن لن يستعد لها بزيت كافي من الان لن يجد زيت في الضيقة لان  
وقتها تجميع زيت سيكون صعب جدا بل أستطيع ان أقول من مثل العذاري انه لن يكون هناك  
زيت الا ما جمعته سابقا.

أفضل ان اقول لنفسي ولكم استعدوا الان لأنه اقترب فنكون مستعدين سواء جاء او نحن ان  
سلمنا وديعتنا عن أنى لا اقول انه اقترب لكيلا يقال عني كاذب وانشرا اشاعات او اخيف البعض  
ولكنه يأتي بسرعة بغته. لا اعتقد اي أحد ندم لأنه كان مستعد ومنتظر مجيء المسيح ولم يأتي  
المسيح في زمنه ولكنه انتقل وهو مستعد ولكن كثيرين جدا ندموا على عدم الاستعداد عندما  
انتقلوا

المسيح قال بعض العلامات مثل

انجيل لوقا 21

21: 10 ثم قال لهم تقوم امة على امة ومملكة على مملكة

21: 11 وتكون زلازل عظيمة في اماكن ومجاعات واوبئة وتكون مخاوف وعلامات عظيمة من

السماء

21: 25 وتكون علامات في الشمس والقمر والنجوم وعلى الارض كرب امم بحيرة البحر والامواج

تضج

21: 26 والناس يغطى عليهم من خوف وانتظار ما يأتي على المسكونة لان قوات السماوات

تتزعزع

21: 27 وحينئذ يبصرون ابن الانسان اتيا في سحابة بقوة و مجد كثير

## سفر اعمال الرسل 2

2: 19 واعطي عجائب في السماء من فوق وآيات على الارض من أسفل دما ونارا وبخار دخان

2: 20 تتحول الشمس الى ظلمة والقمر الى دم قبل ان يجيء يوم الرب العظيم الشهير

2: 21 ويكون كل من يدعو باسم الرب يخلص

لماذا قال المسيح بعض العلامات؟

أولا لكيلا نرتاع

انجيل متى 24

مت 24: 6 وسوف تسمعون بحروب واخبار حروب **لا ترتاعوا** لأنه لا بد ان تكون هذه

كلها ولكن ليس المنتهى بعد

ثانيا لنؤمن

إنجيل يوحنا 14: 29

وَقُلْتُ لَكُمْ الْآنَ قَبْلَ أَنْ يَكُونَ، حَتَّى مَتَى كَانَ تُؤْمِنُونَ.

ثالثا لنتنبه ونستعد

28 وَمَتَى ابْتَدَأَتْ هَذِهِ تَكُونُ، فَأَنْتَضِبُوا وَارْفَعُوا رُؤُوسَكُمْ لِأَنَّ نَجَاتَكُمْ تَقْتَرِبُ».

**ROCK COMET FIREBALL:** So you thought the Geminid meteor shower was finished? Think again. On Dec. 21st, Frankie Lucena recorded an apparent Geminid fireball over Cabo Rojo, Puerto Rico:

"I traced this meteor back to the constellation Gemini near Castor, so I'm thinking it is quite possibly a late Geminid," says Lucena. "Also, the green afterglow is typical of bright Geminid meteors."

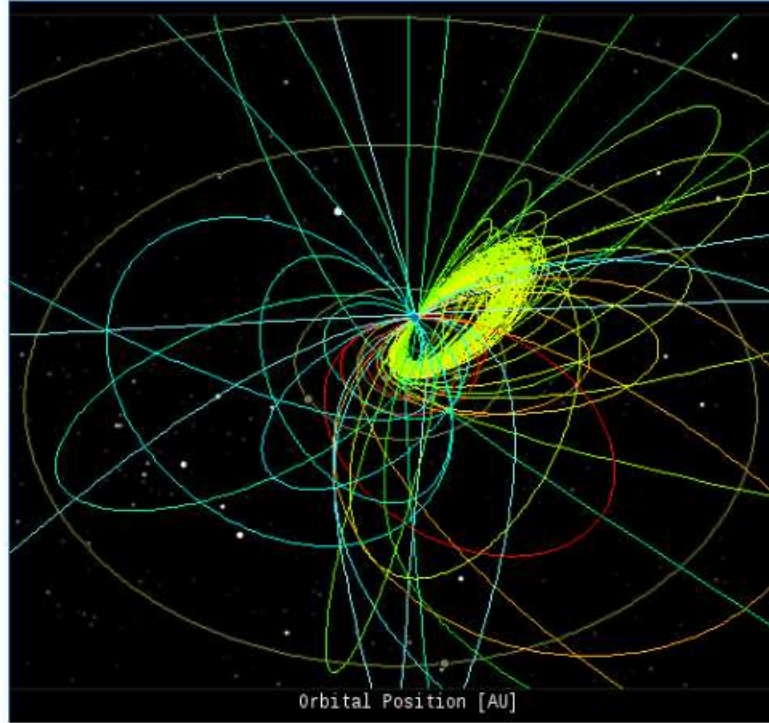

Geminids are bits of dust and gravel from 3200 Phaethon. The strange "[rock comet](#)" peppers Earth with debris every year in December. Of all the debris streams Earth passes through every year, 3200 Phaethon's is by far the most massive. Summed up, dust in the Geminid stream outweighs other streams by factors of 5 to 500.

## Unusual late-season tornado outbreak leaves at least 3 dead, trail of destruction across Deep South

By **Brian Lada**, AccuWeather meteorologist and staff writer

& **Chaffin Mitchell**, AccuWeather staff writer

& **Mark Puleo**, AccuWeather staff writer

Updated Dec. 18, 2019 4:18 AM

More than two dozen tornadoes swept across the South Monday, causing destruction in several counties.

A day after a series of tornadoes caused widespread damage, injuries, and fatalities in the Deep South, reports continued to roll in of the storm's impacts while tornado warnings and watches persist.

**Tornado watches and warnings continued into Tuesday** morning, with many regions in central Alabama under a tornado warning and portions of southern Alabama, southern Georgia and the panhandle of Florida under a tornado watch.

A slew of more than 70 tornado warnings were in effect across Louisiana and Mississippi by midday Monday as a violent outbreak of severe weather ignited across the region sparking 33 tornado reports.

## Worst drought in over a century pushes Namibia closer to famine

Dec 18, 2019 | 0 | ★★★★★

**NYT** – Namibia's dam water levels have almost halved from already low levels as the worst drought in more than 100 years pushes the desert nation closer to famine. Dams nationwide were at 19.3% of capacity compared to 35.6% this time last year, water utility Namwater said, a drop officials blame on climate change and a five-year drought ripping through southern Africa. On Thursday, the environment ministry told Reuters drought had caused a third of Namibia's 2.5 million population to go hungry, and that hundreds of wild animals in conservation parks as well cattle on farms were dying.

## ‘Tectonic time bomb:’ Mapping where massive California earthquakes cause the most shaking, destruction

By CASEY MILLER , RONG-GONG LIN II DEC. 17, 2019 | 8:04 AM

California has suffered some destructive earthquakes in the last few decades — among them Sylmar in 1971, Whittier Narrows in 1987, Loma Prieta in 1989 and Northridge in 1994.

All those quakes caused major destruction and resulted in loss of life. But they were not true seismic catastrophes. Much bigger quakes are possible, such as an event along the scale of the 1906 San Francisco quake.

Another example is the 2011 quake under the New Zealand city of Christchurch, which was the subject of a [Times report](#) last week. It was a magnitude 6.2, but it became New Zealand’s second-deadliest earthquake on record — killing 185 people and irrevocably destroying large parts of its downtown — because it hit directly underneath the city, one of the nation’s oldest. Experts say a similar quake in California would be much more destructive. Here are some scenarios:

## 5 earthquakes in less than a day rattle secretive Navy base in Mojave Desert, USGS says

BY CHARLES DUNCAN

DECEMBER 20, 2019 05:21 AM

BY

A cluster of [earthquakes](#) shook a [secretive Navy base](#) in the Mojave Desert on Thursday afternoon and before dawn Friday, geologists say.

Numerous small quakes hit in and around the [Naval Air Weapons Station China Lake](#), according to the U.S. Geological Survey.

Five of the quakes were higher than 2.5 magnitude between 3 p.m. Thursday and 3:30 a.m. Friday in Ridgecrest, the USGS said.

# “Pig Ebola” Is Now Running Wild In Indonesia, And It Has Already Killed About One-Fourth Of The World’s Pigs

December 18, 2019 by Michael Snyder

[Facebook](#)[Twitter](#)[Subscribe](#)

The global pig population is being absolutely decimated by a disease that does not have a cure. African Swine Fever, also commonly referred to as “Pig Ebola”, is raging out of control in dozens of countries all over the globe. It has a mortality rate of close to 100 percent, and once it hits an area even the pigs that are able to survive the disease are killed off in order to prevent it from

## Senator slams 'fake food fad,' introduces bill to crack down on fake meat labeling

 Follow

Jessica Smith Reporter, Yahoo Finance • December 20, 2019

As plant-based protein makes its way on to more and more store shelves and restaurant menus, one Republican senator says she wants to end “deceptive” labeling, which she worries could be fooling consumers.

Sen. Deb Fischer (R-NE) — who is also a [cattle rancher](#) — recently introduced the Real MEAT Act. The bill would put new labeling requirements on fake meat products.

## Challenged by China and Russia, US builds force for future space wars

By Sylvie LANTEAUME  
Washington (AFP) Dec 21, 2019

The United States met a mounting 21st century strategic challenge from Russia and China Friday with the creation of a full-fledged US Space Force within the Department of Defense.

Acting on an ambition by President Donald Trump that had met resistance at first, the White House signaled its determination to not cede superiority in a Star Wars-like future of killer satellites and satellite-killer weapons.

Trump made the Space Force's creation real with the signing of the 2020 National Defense Authorization Act, which set the initial budget for a Pentagon force that will stand equally with the military's five other branches.

"Going to be a lot of things happening in space, because space is the world's newest warfighting domain," Trump told members of the military gathered for the signing.

## China, S. Korea and Japan leaders to discuss N. Korea tensions

by Staff Writers  
Beijing (AFP) Dec 19, 2019

Chinese, Japanese and South Korean leaders will discuss a potential free-trade deal and tensions over the North Korean nuclear issue when they meet in southern China next week, officials said Thursday.

Chinese Premier Li Keqiang will host South Korean President Moon Jae-in and Japanese Prime Minister Shinzo Abe for the meeting in Chengdu on Tuesday.

The visiting leaders will also hold separate talks with President Xi Jinping, Chinese vice foreign minister Luo Zhaohui told reporters at a briefing.

The meeting of regional powers comes as tensions have risen between Washington and Pyongyang after North Korea carried out a series of rocket launches.

Nuclear talks between the North and the United States have been largely stalled since the collapse of a February summit in Hanoi between President Donald Trump and North Korean leader Kim Jong Un.

## Japan to launch intelligence-gathering satellite next month

by Staff Writers  
Tokyo, Japan (XNA) Dec 18, 2019

Japan will launch an H2A rocket carrying a government optical intelligence-gathering satellite next month from a launch site in southwestern Japan, Mitsubishi Heavy Industries Ltd. said on Monday.

Mitsubishi Heavy, which is in charge of the launch, said the H2A F41 rocket will lift off between 10 a.m. and noon on Jan. 27 from the Tanegashima Space Center in Kagoshima Prefecture.

Japan operates two types of reconnaissance satellites. The optical type uses high-performance cameras to take images during the day, while the radar satellites capture images in the evening and in poor weather conditions.

In June last year, the H2A F39 rocket was used to launch a radar intelligence-gathering satellite at the same launch site.

# US, Russian military leaders meet in Switzerland on Syria

by Staff Writers  
Washington (AFP) Dec 18, 2019

The top US and Russian military chiefs met Wednesday in Switzerland for talks on Syria, where both countries are militarily engaged and maintain regular contact to avoid accidental confrontations.

General Mark Milley, the chairman of the US Joint Chiefs of Staff, and his Russian counterpart, General Valery Gerasimov, met in Bern, a spokeswoman for Milley said.

They discussed "Syria, strategic stability and a variety of other operational and strategic issues to enhance deconfliction, improve understanding and reduce risk," Colonel DeDe Halfhill said.

"Both leaders recognize the importance of maintaining regular communication to avoid miscalculation and to promote transparency," she said.

The Russian defense ministry issued a virtually identical statement, adding: "The meeting was constructive."

It was Gerasimov's first meeting with Milley, who became chairman in September. The two men have spoken by phone but never before in person.

Milley's predecessor, General Joe Dunford, met several times with Gerasimov, who is chief of the Russian general staff, most recently in March in Vienna.

## Iran threatens fifth step to scale back nuclear commitments

Senior Iranian official says Iran will take a fifth step of scaling back its commitments under 2015 deal, blames Europe.

Contact Editor Elad Benari, 23/12/19 06:38

Ali Shamkhani

Reuters

The secretary of Iran's Supreme National Security Council, Ali Shamkhani, threatened on Sunday that Iran will take a fifth step of scaling back its commitments under the 2015 nuclear deal with western powers, the *Xinhua* news agency reports.

Iran [has gradually scaled back](#) its compliance with the 2015 deal in response to US President Donald Trump's [withdrawal from the agreement](#) in May of 2018.

After the US pullout from the deal, the three European parties to the deal vowed to guarantee Iran's economic interests in accordance with the nuclear deal, known as the Joint Comprehensive Plan of Action (JCPOA), but they have so far failed to implement practical measures to save it, said Shamkhani.

## Iran's Rouhani slams 'irrational' US nuclear deal withdrawal

by Staff Writers  
Tokyo (AFP) Dec 20, 2019

Iranian President Hassan Rouhani on Friday slammed the "irrational" withdrawal of the United States from the multinational nuclear deal on Tehran's nuclear programme, as he met Japanese Prime Minister Shinzo Abe in Tokyo.

Rouhani's trip to Japan comes after deadly protests last month over petroleum price hikes in Iran, where the economy has been hit by Washington-imposed sanctions.

"I strongly condemn the US for unilaterally and irrationally withdrawing" from the deal, said Rouhani, who became the first Iranian head of state to visit Japan for two decades.

"I hope Japan and other countries will make efforts to maintain this deal."

The US re-imposed crippling sanctions on Iran in 2018 after withdrawing from the international deal aimed at tackling the Islamic Republic's nuclear programme.

Iranian government spokesman Ali Rabiei has played down the mediation aspect of the trip, saying the visit to

## Turkey warns of 'escalation' if US ends Cyprus arms embargo

by Staff Writers  
Ankara (AFP) Dec 18, 2019

Turkey has warned that US moves to lift a decades-old arms embargo on Cyprus would be a "dangerous escalation", as relations deteriorated further between the NATO allies.

The US Congress voted Tuesday to end the embargo on the island, which was imposed in 1987 to avoid an arms race and encourage the conflict's resolution.

Cyprus has been divided since 1974 when Turkey invaded in response to a coup engineered by the then military regime in Athens.

The US decision "will have no outcome other than hampering efforts towards a settlement on the island and creating a dangerous escalation," the Turkish foreign ministry said in a statement late Tuesday.

The US measure was approved as part of a large defence spending bill that passed both chambers of the US Congress, with President Donald Trump expected to sign it into law.

The Turkish government is hosting Hamas terrorists on its soil and permitting them to plan terror attacks on Israeli targets, a report released by *The Telegraph* Tuesday night claims.

According to the report, transcripts of Israeli police interrogations of terrorists show that senior Hamas terrorists are using Istanbul as a center for the terror group's operations abroad. Terrorist leaders operating out of Turkey's largest city direct Hamas activities in Jerusalem, Judea, and Samaria, the report added, including the a foiled plot to assassinate the mayor of Jerusalem.

# Israel strikes Gaza after rocket attack: military

by Staff Writers  
Jerusalem (AFP) Dec 19, 2019

Israeli warplanes attacked an arms plant in the Hamas-controlled Gaza Strip early Thursday, after Palestinian militants in the enclave fired a rocket at Israel, the army said.

"Overnight, a rocket was launched from the Gaza Strip at Israeli territory," an English-language army statement said.

"In response... fighter jets struck a Hamas weapons manufacturing site in the northern Gaza Strip."

There were no immediate reports of casualties in the overnight rocket attack or the air strike that followed.

Later on Thursday, Israeli authorities announced a punitive reduction in the fishing zone off Gaza.

COGAT, a unit of Israel's defence ministry, said that in response to the latest rocket fire, "the Gaza Strip fishing zone has been reduced to 10 nautical miles until further notice."

Israel constantly adjusts the fishing zone according to the level of tension around Gaza, sometimes allowing boats to fish up to 15 nautical miles offshore and at others restricting them to six or banning fishing altogether.

Hamas has controlled Gaza since 2007, and Israel generally holds the Islamist movement responsible for all

# Syrian defences fire on 'hostile missiles' from Israel: state media

by Staff Writers  
Damascus (AFP) Dec 23, 2019

Syrian air defences on Sunday fired on Israeli missiles, shooting down one that fell outside Damascus, the official Syrian news agency Sana reported.

The "hostile missiles came from the Occupied Territories," Sana said, referring to Israel, adding that one missile came down in Aqraba, a suburb southeast of Damascus.

An Israeli army spokeswoman contacted by AFP said Israel does not comment on reports in foreign media.

According to the UK-based Syrian Observatory for Human Rights, there were three explosions in the Damascus suburbs after the missiles targeted "Syrian regime and Iranian positions".

It said at least two missiles came down near Aqraba.

The Observatory added that ambulances were observed heading towards where the missiles hit.

Since the beginning of the Syrian conflict in 2011, the Israeli military has conducted hundreds of strikes on Syrian

## Genetics a poor predictor of risk for most diseases, study suggests

Relaxnews 2 days ago

© from2015 / Istock.com New research suggests that our genes may not be as big a contributor to our risk of disease as previously thought.

New Canadian research has found that genes may have less to do with our risk of disease than we think, and factors such as environment and lifestyle could play a bigger role.

Carried out by scientists at University of Alberta, the new meta-analysis is the largest of its kind ever

conducted, looking at two decades of data and 569 studies that explored the link between genetic variations known as single nucleotide polymorphisms (SNPs) and different diseases and health conditions.

The findings, published in PLOS ONE, showed that in most cases, an individual's genes play a less than five percent role in their risk of developing a particular disease.

"Simply put, DNA is not your destiny, and SNPs are duds for disease prediction," said co-author David Wishart. "The vast majority of diseases -- including many cancers, diabetes and Alzheimer's disease - - have a genetic contribution of five to 10 percent at best."

إنجيل يوحنا 14: 29

وَقُلْتُ لَكُمْ الْآنَ قَبْلَ أَنْ يَكُونَ، حَتَّى مَتَى كَانَ تُؤْمِنُونَ.

ثالثا لنتنبه ونستعد

انجيل لوقا 21

28 وَمَتَى ابْتَدَأَتْ هَذِهِ تَكُونُ، فَاَنْتَصِبُوا وَارْفَعُوا رُؤُوسَكُمْ لِأَنَّ نَجَاتَكُمْ تَقْتَرِبُ.».

افرحوا لان عريسنا قد اقترب مجيؤه. وانتبهوا الشيطان يريد أن نفقد سلامنا ولا ننال أكاليل.

وأيضا استعدوا فقد تسلموا وديعتكم في أي وقت فهناك 150 ألف شخص يموتوا في اليوم الواحد

انت لا تعرف متى ستكون منهم

المسيح اقترب فاصنعوا ثمار تليق بالتوبة واستعدوا لاستقبال العريس.

والمجد لله دائما
