## والعلامات حتى 31 ديسمبر 2019

Holy\_bible\_1

اكرر هدفي فقط من هذه الخدمة أن نذكر بعضنا باننا نحتاج ان نستعد أي حياة اليقظة الروحية.  
والاستعداد ليس فقط قبل مجيء المسيح بل ايضا قبل الظلمة التي ستسبق مجيؤه لأننا نور العالم  
الذي أصبح مظلّم وليكون عندنا زيت في مصابيحنا يكفي ان نعبر هذه الظلمة وتكون مصابيحنا  
مضيئة وقت مجيؤه او من منا سيسلم وديعته في أي وقت. بمعنى نحتاج من الان ان نستعد بقوة  
بأيمان عامل بالمحبة والتبشير وبتنقية القلب وان نثمر بالخدمة أي نجمع زيت في مصابيحنا لان  
الظلمة والضيقة اقتربت جدا ومن لن يستعد لها بزيت كافي من الان لن يجد زيت في الضيقة لان  
وقتها تجميع زيت سيكون صعب جدا بل أستطيع ان أقول من مثل العذاري انه لن يكون هناك  
زيت الا ما جمعته سابقا.

أفضل ان اقول لنفسي ولكم استعدوا الان لأنه اقترب فنكون مستعدين سواء جاء او نحن ان  
سلمنا وديعتنا عن أنى لا اقول انه اقترب لكيلا يقال عني كاذب وانشرا اشاعات او اخيف البعض  
ولكنه يأتي بسرعة بغته. لا اعتقد اي أحد ندم لأنه كان مستعد ومنتظر مجيء المسيح ولم يأتي  
المسيح في زمنه ولكنه انتقل وهو مستعد ولكن كثيرين جدا ندموا على عدم الاستعداد عندما  
انتقلوا

المسيح قال بعض العلامات مثل

انجيل لوقا 21

21: 10 ثم قال لهم تقوم امة على امة ومملكة على مملكة

21: 11 وتكون زلازل عظيمة في اماكن ومجاعات واوبئة وتكون مخاوف وعلامات عظيمة من

السماء

21: 25 وتكون علامات في الشمس والقمر والنجوم وعلى الارض كرب امم بحيرة البحر والامواج

تضج

21: 26 والناس يغطى عليهم من خوف وانتظار ما يأتي على المسكونة لان قوات السماوات

تتزعزع

21: 27 وحينئذ يبصرون ابن الانسان اتيا في سحابة بقوة و مجد كثير

## سفر اعمال الرسل 2

2: 19 واعطي عجائب في السماء من فوق وآيات على الارض من أسفل دما ونارا وبخار دخان

2: 20 تتحول الشمس الى ظلمة والقمر الى دم قبل ان يجيء يوم الرب العظيم الشهير

2: 21 ويكون كل من يدعو باسم الرب يخلص

لماذا قال المسيح بعض العلامات؟

أولا لكيلا نرتاع

انجيل متى 24

مت 24: 6 وسوف تسمعون بحروب واخبار حروب **لا ترتاعوا** لأنه لا بد ان تكون هذه

كلها ولكن ليس المنتهى بعد

ثانيا لنؤمن

إنجيل يوحنا 14: 29

وَقُلْتُ لَكُمْ الْآنَ قَبْلَ أَنْ يَكُونَ، حَتَّى مَتَى كَانَ تُمْنُونَ.

ثالثا لنتنبه ونستعد

28 وَمَتَى ابْتَدَأَتْ هَذِهِ تَكُونُ، فَأَنْتَضِبُوا وَارْفَعُوا رُؤُوسَكُمْ لِأَنَّ نَجَاتَكُمْ تَقْتَرِبُ.».

When the Russians take decisive action, it is usually for a reason. As you will see below, the Russians have suddenly decided that now is the time to create an organization that will be tasked with detecting, tracking and potentially destroying incoming asteroids. Are they doing this now because they have finally decided that this is a good idea, or has something gotten their attention? Of course they are not likely to publicly admit if they have come to the conclusion that a gigantic space rock is heading directly toward us. Just like the U.S. government, the

## Thousands of Australians trapped as fires burn out of control, with death toll hitting 13

13 people now confirmed dead in ongoing firestorms across eastern Australia, with thousands trapped on waterfront by out of control blaze.

Contact Editor David Rosenberg, 31/12/19 11:20

Thousands of people were trapped on the waterfront of a southeastern Australian town Tuesday, as wildfires continued to devastate much of eastern Australia.

Some four thousand people were forced to flee their homes in Mallacoota, in Victoria, Australia on Tuesday and seek refuge by the beach, camping out on wharves in what locals described as a "terrifying experience", the *BBC* reported.

"It should have been daylight but it was black like midnight and we could hear the fire roaring," said David Jeffrey. "We were all terrified for our lives," adding that locals had been prepared to jump into the water if the fire came too close.

## Beijing attacks US for 'weaponisation' of outer space

by Staff Writers  
Beijing (AFP) Dec 23, 2019

Beijing warned Monday that the US was turning the cosmos into a "battlefield", after Washington announced a new military arm called the Space Force.

Following concerns that China and Russia are challenging its position in space, US President Donald Trump signed the 2020 National Defense Authorization Act on Friday – which created a new branch of the US military.

Beijing responded by accusing the US of "pursuing the weaponisation of outer space".

"These actions from the US strongly violate the international consensus of the peaceful use of outer space.... posing a direct threat to outer space, peace, and security," said foreign ministry spokesman Geng Shuang at a regular press briefing.

Geng called for the international community to "adopt a prudent and responsible attitude to prevent outer space from becoming a new battlefield".

## Allies join Space Force for multinational collaboration

by Christen McCurdy  
Washington (UPI) Dec 27, 2019

Allies are in the early stages of collaboration with the newly created U.S. Space Force, which has hosted its first "five eyes" level briefing and authorized its first collaborative task order, the Air Force said Friday.

According to an announcement by the U.S. Air Force, Group Captain Darren Whiteley, a Royal Air Force officer from Britain and the deputy director of the Combined Space Operations Center, recently signed the first combined tasking order for Space Force command units.

"Allied partnerships are critical to defending our assets at home and in the space domain," Whiteley said. "The threat is expanding and international collaboration is essential to strengthen deterrence against hostile actors. Through these partnerships we are able to expand the depth and multiply the effects we can have to those evolving threats."

Beijing (AFP) - China, Russia and Iran will hold joint naval drills starting Friday in the Gulf of Oman, Beijing and Tehran said, at a time of heightened tensions since the US withdrew from a landmark nuclear deal with Tehran.

Set to take place from December 27 to 30, the military exercises aim to "deepen exchange and cooperation between the navies of the three countries", Chinese defence ministry spokesman Wu Qian told reporters Thursday.

Wu said the Chinese navy would deploy its Xining guided missile destroyer -- nicknamed the "carrier killer" for its array of anti-ship and land attack cruise missiles -- in the drills.

## Iran's Arak reactor secondary circuit goes online

by Staff Writers  
Tehran (AFP) Dec 23, 2019

A secondary circuit for Iran's Arak heavy water reactor has become operational as part of its redesign under the 2015 nuclear deal, the country's atomic energy chief said on Monday.

"Today a significant part of the reactor becomes operational," Ali Akbar Salehi told reporters at Arak.

The secondary circuit "transfers the heat generated in the reactor's heart to cooling towers" and is now complete, he added, in remarks aired on state television.

Salehi noted the reactor's primary circuit, which contains the core, was still being built.

"Fifty-two systems have to be built so that the reactor can become operational... we have completed 20 so far," he said.

Monday's announcement is part of Iran's pledge under the nuclear deal to "redesign and rebuild" a modernised reactor so that it cannot produce weapons-grade plutonium and only support "peaceful nuclear research and radioisotope production for medical and industrial purposes".

The deal known formally as the Joint Comprehensive Plan of Action was meant to give Iran relief from sanctions in return for curbs on its nuclear programme.

IDF fighter jets and helicopters on Wednesday night attacked several targets belonging to the Hamas terrorist organization in Gaza, including military complexes belonging to the organization.

The attack was carried out in retaliation [for the rocket fire](#) from Gaza towards Israeli territory on Wednesday evening, the IDF Spokesperson's Unit said.

"The Hamas terror organization is responsible for what is happening in and out of the Gaza Strip and it will face the consequences for actions against Israeli citizens," it added.

"Red color" air raid sirens were sounded on Wednesday evening in Gaza border towns.

The Palestinian Authority (PA) will continue its efforts to work with international parties to pressure Israel to allow holding the Palestinian elections in eastern Jerusalem, a senior official said on Thursday.

Nabil Abu Rudeineh, a spokesman for PA chairman Mahmoud Abbas, said in an official statement quoted by *Xinhua* that "the pressure on Israel will go on until it accepts the participation of our people in Jerusalem in the elections."

"President Mahmoud Abbas and the Palestinian leadership insist that there will be no elections without holding it in East Jerusalem no matter what the pressure will be like on the Palestinian side," said Abu Rudeineh.

Police have developed a laser-based defense system, similar in essence to the Iron Dome system and intended to thwart incendiary balloons and drones launched from Gaza toward Israel, *Yisrael Hayom* reported.

The laser system is known as the "Light Blade", and police say it is the first in the world to demonstrate operational capability to blast balloons and drones.

The balloons and kite threat from Gaza that sparked fires in the south and hilly localities and that have the capability to carry payloads and other explosive devices, led the Border Patrol and the Police Means Development Department - in collaboration with the Optidefence company to develop this system that recently demonstrated operational ability to intercept.

## Black man, 37, is arrested for 'storming into a rabbi's home with a machete and stabbing five people' during a Hanukkah party in an 'act of domestic terrorism' amid a surge in anti-Semitic attacks

- The attack occurred in the small, predominantly Jewish hamlet of Monsey, New York, at about 10pm Saturday
- The suspect was identified as 37-year-old Thomas Grafton of Greenwood Lake
- Grafton allegedly stormed into the home of Rabbi Chaim Leibush Rottenberg, where roughly 60 people had gathered for a candle-lighting ceremony for the seventh night of Hannukah
- Witnesses said the suspect wildly swung a large knife, stabbing five before he was chased out of the home
- He then tried to enter the neighboring Congregation Netzach Yisrael-Kosson before fleeing in a Nissan Sentra
- NYPD officers arrested the suspect 30 miles away in Harlem about two hours later
- State troopers were later seen marching Grafton out of the precinct in handcuffs before transporting him back to Rockland County, where he faces five counts of attempted murder and one count of burglary
- Local Hasidic community officials said the five victims, all Hasidic, were hospitalized, two in critical condition
- Governor Andrew Cuomo branded the incident an act of domestic terrorism on Sunday morning

# Russia checks its internet can work if cut off from worldwide web

by Reuters

Monday, 23 December 2019 18:45 GMT

By Nadezhda Tsydenova

MOSCOW, Dec 23 (Reuters) - Russia completed a series of tests on Monday checking that its internet services could function if the country were to get cut off from the worldwide web, Deputy Communications Minister Aleksei Sokolov said.

The review, conducted over the course of several days on specially designated networks, follows a "sovereign internet" bill introduced in November in response to what Russia calls the "aggressive nature" of U.S. national cyber security strategy.

According to the law, state-run institutions and security services, as well as all communications operators, messengers and email providers, must participate in the tests, which do not affect regular internet users.

"Our goal was to provide an uninterrupted internet service on Russian territory under any circumstances," Sokolov told a press briefing.

(DAILY SABAH) -- China plans to rewrite all translated "classic religious books" to reflect the socialist values of the Communist Party of China. The order was given during a meeting in November that was organized by the Committee for Ethnic Affairs, which is responsible for all religious matters of the country.

While not directly referring to the Quran and the Bible, the committee plans a comprehensive review of the religious texts, which allegedly "do not conform to the progress of the times"

*A family's Bible survived large shed fire on Christmas Eve (Andrew James/WPDE)*

SOCASTEE, S.C. (WPDE) - Over the Christmas Eve and Christmas holiday, much was lost or damaged around the Grand Strand as Horry County Fire Rescue reported more than 200 calls for service. Some of those calls involved a deadly accident, as well as multiple structure fires. It's one fire that scorched a Socastee shed, however, that stands out. It's not because of what caught fire, but what survived it.

A security camera going off around 11:00 p.m. Christmas Eve alerted the McGowan's that their shed was up in
