والعلامات حتى 14 يناير 2020

اكرر هدفي فقط من هذه الخدمة أن نذكر بعضنا باننا نحتاج ان نستعد أي حياة اليقظة الروحية.
والاستعداد ليس فقط قبل مجيء المسيح بل ايضا قبل الظلمة التي ستسبق مجيؤه لأننا نور العالم
الذي أصبح مظلم وليكون عندنا زيت في مصابيحنا يكفي ان نعبر هذه الظلمة وتكون مصابيحنا
مضيئة وقت مجيؤه او من منا سيسلم وديعته في أي وقت. بمعنى نحتاج من الان ان نستعد بقوة
بأيمان عامل بالمحبة والتبشير وبتنقية القلب وان نثمر بالخدمة أي نجمع زيت في مصابيحنا لان
الظلمة والضيقة اقتربت جدا ومن لن يستعد لها بزيت كافي من الان لن يجد زيت في الضيقة لان
وقتها تجميع زيت سيكون صعب جدا بل أستطيع ان أقول من مثل العذاري انه لن يكون هناك
زيت الا ما جمعته سابقا.

أفضل ان اقول لنفسي ولكم استعدوا الان لأنه اقترب فنكون مستعدين سواء جاء او نحن ان
سلمنا وديعتنا عن أنى لا اقول انه اقترب لكيلا يقال عني كاذب وانشرا اشاعات او اخيف البعض
ولكنه يأتي بسرعة بغته. لا اعتقد اي أحد ندم لأنه كان مستعد ومنتظر مجيء المسيح ولم يأتي
المسيح في زمنه ولكنه انتقل وهو مستعد ولكن كثيرين جدا ندموا على عدم الاستعداد عندما
انتقلوا

المسيح قال بعض العلامات مثل

انجيل لوقا 21

21: 10 ثم قال لهم تقوم امة على امة ومملكة على مملكة

21: 11 وتكون زلازل عظيمة في اماكن ومجاعات واوبئة وتكون مخاوف وعلامات عظيمة من

السماء

21: 25 وتكون علامات في الشمس والقمر والنجوم وعلى الارض كرب امم بحيرة البحر والامواج

تضج

21: 26 والناس يغطى عليهم من خوف وانتظار ما يأتي على المسكونة لان قوات السماوات

تتزعزع

21: 27 وحينئذ يبصرون ابن الانسان اتيا في سحابة بقوة و مجد كثير

سفر اعمال الرسل 2

2: 19 واعطي عجائب في السماء من فوق وآيات على الارض من أسفل دما ونارا وبخار دخان

2: 20 تتحول الشمس الى ظلمة والقمر الى دم قبل ان يجيء يوم الرب العظيم الشهير

2: 21 ويكون كل من يدعو باسم الرب يخلص

لماذا قال المسيح بعض العلامات؟

أولا لكيلا نرتاع

انجيل متى 24

مت 24: 6 وسوف تسمعون بحروب واخبار حروب **لا ترتاعوا** لأنه لا بد ان تكون هذه

كلها ولكن ليس المنتهى بعد

ثانيا لنؤمن

إنجيل يوحنا 14: 29

وَقُلْتُ لَكُمْ الْآنَ قَبْلَ أَنْ يَكُونَ، حَتَّى مَتَى كَانَ تُمْنُونَ.

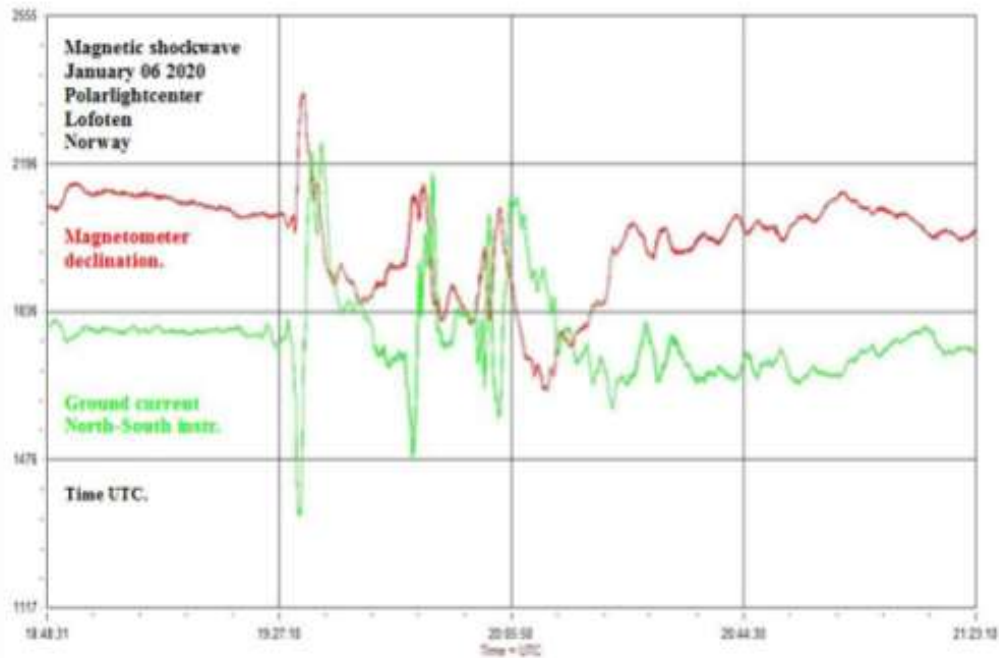

ثالثا لنتنبه ونستعد

28 وَمَتَى ابْتَدَأَتْ هَذِهِ تَكُونُ، فَأَنْتَضِبُوا وَارْفَعُوا رُؤُوسَكُمْ لِأَنَّ نَجَاتَكُمْ تَقْتَرِبُ.».

ELECTRICITY SURGES THROUGH THE SOIL OF NORWAY: Yesterday, Jan. 6th, something unexpected happened in the soil of northern Norway. "Electrical currents started flowing," reports Rob Stammes, who monitors ground currents at the Polarlightcenter geophysical observatory in Lofoten. This chart recording shows the sudden surge around 1930 UT:

"It seemed to be some kind of shockwave," says Stammes. "My instruments detected a sudden, strong variation in both ground currents and our local magnetic field. It really was a surprise."

NASA's ACE spacecraft [detected something](#) as well. About 15 minutes before the disturbance in Norway, the interplanetary magnetic field (IMF) near Earth abruptly swung around 180 degrees, and the solar wind density jumped more than 5-fold. Earth may have crossed through a fold in the [heliospheric current sheet](#)—a giant, wavy membrane of electrical current rippling through the solar system. Such crossings can cause these kind of effects.

NASA Satellite Discovers 'Second Earth'

And it's possibly habitable.

- Astronomers unveiled new insights by [NASA's TESS](#) this week at the American Astronomical Society meeting in Honolulu, Hawaii.
- The satellite spotted a new Earth-like exoplanet within its star's habitable zone, a new Tatooine star system, and a strange eclipse.
- TESS has been working hard to uncover new corners of the universe since its launch in 2018.

Exoplanet enthusiasts, rejoice! This week, scientists revealed a series of new discoveries made by NASA's [Transiting Exoplanet Survey Satellite \(TESS\)](#). The telescope has spotted a number of strange new worlds circling star systems near and far, the scientists announced at the 235th meeting of the American Astronomical Society in Honolulu, Hawaii.

THE FAINTING OF BETELGEUSE: One day, perhaps in our lifetimes, perhaps a million years from now, the red giant Betelgeuse will dim a little—and then [explode](#). The resulting supernova will rival the full Moon and cast shadows after dark, completely transforming the night skies of Earth. No wonder astronomers are closely tracking the current "fainting of Betelgeuse."

"Fainting" is an actual astronomical term. It means dimming, the opposite of brightening. And right now, Betelgeuse is definitely fainting.

Above: Betelgeuse photographed by Brian Ottum of Animas, New Mexico, 4 years apart: [more](#).

Edward Guinan of Villanova University and colleagues caused a sensation among astronomers last month when they [reported](#) "[Betelgeuse] has been declining in brightness since October 2019, now reaching a modern all-time low of $V = +1.12$ mag on 07 December 2019 UT. Currently this is the faintest the star has been during our 25+ years of continuous monitoring."

A NEW KIND OF ASTEROID: Between Mars and Jupiter lies the Asteroid Belt where millions of space rocks orbit the sun. It's where asteroids are *supposed* to be. And that's why newfound asteroid 2020 AV2 is so strange: It circles the sun entirely inside the orbit of Venus. Russian amateur astronomer Filipp Romanov (Филипп Романов) photographed 2020 AV2 on Jan. 8th:

"Until 2020, no known asteroids had orbits contained within that of Venus," says Romanov. "On 4 January 2020, the [Zwicky Transient Facility](#) (ZTF) discovered this one, and I was able to photograph it only 4 days later using a remotely-controlled iTelescope in New Mexico."

There's already a small class of asteroids called "Atiras" (named after the first one confirmed in 2003) that have orbits entirely inside Earth. Fewer than 2 dozen have been found. The discovery of 2020 AV2 takes things a step closer to the sun. Astronomers are tentatively calling its class "Vatiras"—a mashup of Venus and Atiras.

BENTON, La. (AP) — Authorities say at least seven people have died as severe storms sweep across parts of the U.S. South, bringing high winds and unrelenting rain.

The National Weather Service in Birmingham, Alabama, said Saturday via Twitter that three people have been confirmed killed near Carrollton in Pickens County. The Alabama Emergency Management Agency said that an “embedded tornado within a long line of intense thunderstorms” caused the deaths.

One of Mexico's most active volcanoes, Popocatepetl, erupted on Thursday morning, spewing ash high into the air above and showering lava around its crater. Officials have issued a yellow alert in response to the volcanic activity.

Dramatic footage of the moments of eruption were caught on camera at around 6.30am local time. Officials say the volcanic blast sent up a column of smoke about 3 kilometers high, with a moderate ash content.

Impresionante mortandad de peces en la laguna Las Salinas

Días atrás nuestro diario daba cuenta de la situación en la que se encuentra la laguna Las Salinas, en la zona de El Nihuil, la cual muestra una importantísima retracción y corre serios riesgos de secarse. En este marco, visitantes de la zona lograron fotografiar la gran cantidad de peces muertos que se encuentran a la orilla de ese espejo de agua. Vale decir que la semana pasada se rescataron miles de ejemplares de pejerreyes patagónicos y percas que fueron llevados a otros espejos de agua e incluso a estaciones piscícolas para preservarlos y resembrarlos el día que mejoren las condiciones del lugar.

Sábado 28 de diciembre de 2019. Cuautitlán Izcalli, Méx. Lo que antaño fue un gran atractivo para miles de patos, garzas y pelícanos, entre otras aves, sobre todo en la temporada de invierno, y para visitantes amantes de la vida silvestre que albergaba el Santuario de agua y forestal presa de Guadalupe, conocido como el lago de Guadalupe, ahora está convertido en el colector de aguas negras más grande del valle de México, con basura apilada a sus alrededores, olores fétidos, así como peces y patos muertos.

«Si vimos muchas aves muertas, además la basura esta vez se ha acumulado por montones en las inmediaciones del lago», expuso Adrián Prieto, vecino que externó su preocupación, pues a diferencia de otros años no llegaron garzas ni pelícanos, cuyo arribo se convertía en un espectáculo para los visitantes del embalse. El lago de Guadalupe tiene superficie de mil 740 hectáreas, incluidas la zona forestal, cañadas y ríos que lo bordean.

China's air force seeks aircraft-mounted laser weapon

by Staff Writers
Beijing (Sputnik) Jan 09, 2020

The People's Liberation Army Air Force (PLAAF) likely wants to mount a laser weapon on its aircraft in the next few years, judging from some recently published procurement requests.

On Saturday, the PLAAF said it was looking for bidders for developing systems that would support an airborne, offensive laser weapon. While the details are scant, the titles of the two bids published on weain.mil.cn give something of a hint at the PLA's ideas: "procurement plan for airborne laser attack pod" and "price inquiry on procurement plan for controlling software module of laser attack platform," according to Weihutang, a military affairs column associated with China Central Television.

The Weihutang report, published on the program's Sina Weibo account, speculated that the laser pod was likely an offensive weapon and not a targeting tool like those already in common use around the globe.

The South China Morning Post noted Tuesday that the PLA wasn't starting from scratch with these requests, either, noting that a paper by the Aviation Industry Corporation of China's Manufacturing Technology Institute and

In late December President Putin boasted of his country's "unique" advances in hypersonic weaponry.

(CNN) — Russian President Vladimir Putin oversaw military exercises off the coast of Crimea on Thursday that included the launching of a hypersonic missile system.

Russia's Black Sea and Northern Fleets held joint drills in the Black Sea during which they practiced the launch of the Kalibr cruise missiles and the hypersonic air-launched ballistic missile Kinzhal, according to Russian state news agency TASS.

More than 30 ships, 40 aircraft and one submarine were involved in the exercises, TASS reported.

(CNN) — A Russian warship "aggressively approached" a US Navy destroyer while it was operating in the North Arabian Sea Thursday, ignoring warnings from the US vessel and increasing the risk of a collision, the US Navy said Friday.

Video of the incident, which was obtained by CNN, shows the Russian warship rapidly approaching the USS Farragut, coming as close as 180 feet to the US ship before changing course, according to two defense officials.

Iran has threatened to bomb Israel and Dubai if the United States retaliates for its ballistic missile strike at two Iraqi bases housing US troops.

Tehran fired more than a dozen ballistic missiles at two Iraqi bases housing American troops in a revenge attack for the US drone strike that killed top Iranian general Qassem Soleimani on Friday.

The Ayn al Asad airbase in western Iraq that was visited by Donald Trump in December 2018 and the Erbil base in Iraqi Kurdistan were both struck by the missiles

Netanyahu warns of 'resounding blow' if Iran attacks Israel

Prime Minister warns Israel will strike a "resounding blow" against Iran if the Islamic republic attacks Israel.

Speaking at the Kohelet Forum Conference in Jerusalem, Prime Minister Binyamin Netanyahu warned on Wednesday that Israel would strike a "resounding blow" if attacked by arch foe Iran, as regional tensions soar after the US killing of a top Iranian general.

"Anyone who attacks us will receive a resounding blow," the premier told the Kohelet Policy Forum conference in Jerusalem Wednesday, after Iran launched a salvo retaliatory missile strikes on bases used by US troops deployed to Iraq.

Netanyahu has described the target of last week's US drone strike – Major General Qassem Soleimani, commander of the Iranian Revolutionary Guards foreign operations arm – as a "terrorist-in-chief".

If Iran's ballistic missile attack on two U.S. military bases in Iraq overnight is the totality of its retaliation for Qassem Soleimani's killing, the U.S. should accept it.

US slams Russia, China at UN for failure to condemn embassy attack

by Staff Writers
United Nations, United States (AFP) Jan 6, 2020

The United States on Monday slammed Russia and China for their failure to condemn an attack last week on its Baghdad embassy by pro-Iranian demonstrators.

While congratulating the 27 of the 193 member nations that did issue statements condemning the December 31 attempt to storm the compound, the US mission to the UN said Russian and Chinese silence undermined the Security Council.

"Not allowing the United Nations Security Council to issue the most basic of statements underscoring the inviolability of diplomatic and consular premises once again calls the council's credibility into question," the US statement said.

Washington said that voicing support for the 1961 Vienna convention that protects diplomatic missions "should not be controversial or warrant courage."

Moscow says Iran nuclear deal must remain 'priority' for all sides

by Staff Writers
Moscow (AFP) Jan 6, 2020

Moscow on Monday urged parties to the Iran nuclear deal to treat salvaging the agreement as a "priority", calling on European partners to fulfil their obligations to ensure Iran stays committed to the accord.

Tehran announced the latest rollback of its commitments under the 2015 accord on Sunday following the US assassination of a top general.

Russia is one of the five remaining parties in the deal following the pullout by the US in 2018, with the other four being Britain, China, France and Germany.

"Keeping the broad agreements and ensuring their sustained implementation must remain a priority task for all partners," the Russian foreign ministry said in a statement.

It said the announcement by Tehran of a further rollback of its commitments, by foregoing the limit on the number of

The European Union said on Wednesday it "will spare no efforts" in its attempts to keep the 2015 nuclear deal between Iran and world powers alive, *The Associated Press* reports.

EU Commission President Ursula von der Leyen said her foreign affairs chief Josep Borrell will continue to work "in the midterm" to reach out to all participants in the global deal in the hopes that the 2015 agreement can still be saved despite a rollback on commitments from Tehran.

Von der Leyen also reiterated the need to de-escalate the tension in the region, after an Iranian missile attack on two American bases in response to a US strike that killed top Iranian general Qassem Soleimani.

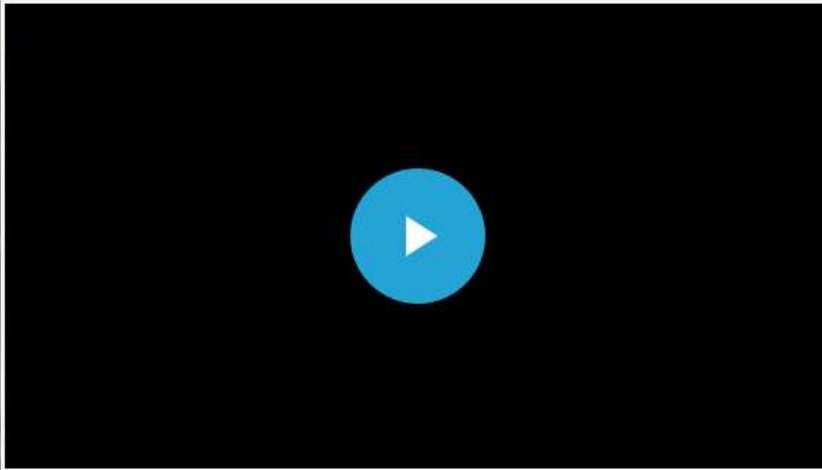

"The use of weapons must stop now to give space for dialogue," she said, according to AP. "We are called upon to do everything possible to rekindle talks. There cannot be enough of

North Korea defends 'peaceful' satellite launches, report says

by Elizabeth Shim
Washington DC (SPX) Jan 07, 2020

North Korea is determined to press forward with space development "regardless of any opposition," according to a South Korean press report.

NK Economy reported Monday a law journal published by Kim Il Sung University in 2019 includes an article on the regime's efforts to take on space exploration for peaceful and scientific purposes. The article comes at a time when concerns are rising North Korea could resume staging long-range missile provocations under the guise of satellite launches, including the Kwangmyongsong-5, according to the report.

The North Korean law journal article specifically defended the legitimacy of the regime's satellite launches.

"It is an undeniable truth that satellites launched into orbit by many countries around the world were made possible by rocket propulsion," the article said.

"Whether or not a projectile used for peaceful satellite launch is an intercontinental ballistic missile depends not on the propulsion of the projectile, but on whether the vehicle is equipped with a satellite or a bomb."

Canadian Prime Minister Justin Trudeau says Canadian officials have intelligence from their own sources and Canada's allies that shows Ukrainian International Airlines flight 752 was shot down by an Iranian surface-to-air missile.

"This may have been unintentional," Trudeau said today, adding that international partners should be involved in the investigation.

Trudeau added: "It is extremely important that there be a thorough and credible investigation."

Iranian authorities have indicated that they want to keep the plane's black boxes within the country, Trudeau said.

Russian satellites to monitor Iran after attack on US bases, plane crash

by Staff Writers
Moscow (Sputnik) Jan 10, 2020

Russian space agency Roscosmos is planning to use its satellites to monitor the situation in Iran following its recent missile attack on US bases in Iraq and the Ukrainian Boeing crash, according to a statement published on the organization's website on Thursday.

The statement, which gives updates on Roscosmos' satellite monitoring operations, also said that the agency planned to monitor the Australian bushfires, and floods in Indonesia, Israel, and the Italian city of Venice, among other natural disasters.

The tragic crash involved a Ukrainian Boeing 737-800, bound for Kiev, and happened on Wednesday near Tehran's Imam Khomeini International Airport shortly after take-off. All 176 people on board were killed.

On the same day, Iran's Islamic Revolutionary Guard Corps started an operation to retaliate against the US for killing one of its top generals, Qasem Soleimani, in Iraq, launching dozens of missiles at the country's Ain Al Asad and Erbil airbases. The attack caused no casualties.

The strategic case for owning gold remains strong, according to analysts at Goldman Sachs. They point to such factors as political uncertainty, recession fears and other worries among the global elite.

Data from Goldman research showed that owning the physical metal seems to be the global elite's preferred way to hedge against tail events. Physical buying of gold has increased at a rapid pace in the past three years, statistics showed.

KOUNTZE, Texas — A 19-year-old in Texas has been arrested after remarking online during a live church feed, "Where's the shooter? I wanna see another shooting again."

According to reports, as Open House Ministries in Liberty was [live-streaming its Sunday service on Facebook on Jan. 5](#) when Brady Martinez of Kountze left the now-deleted comment.

"We will pray for you, Brady. That's not something you play with. It's not a joke," the church's media team replied.

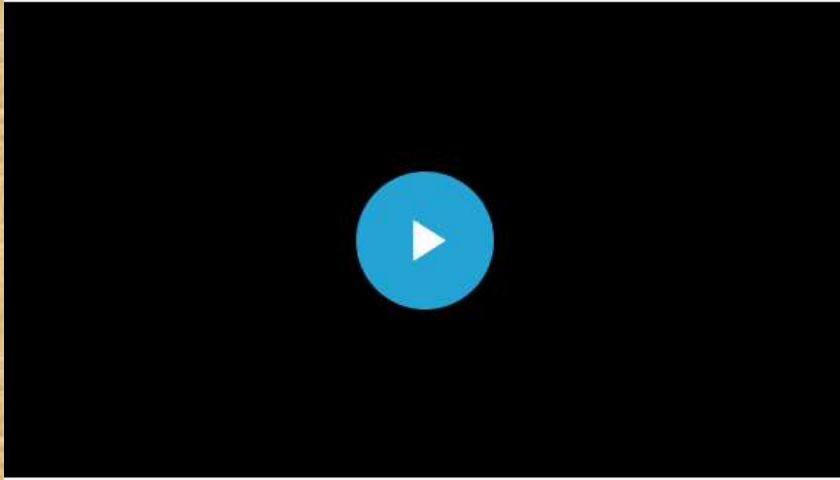

The team then reported the comment to the associate pastor, Jerry Scott, who in turn called 911 as he was not sure if the remark posed an imminent or

University Supports Art Display with Desecrated Bible and Satanic Image Over the Head of Christ

01-07-2020 - CBN News

A university is promoting the display of a student's art project depicting a desecrated Bible, and that has Christians asking "why?"

Riley Harris, a student at The University of Southern Maine, created the display for a class assignment. The purported intent was to transform a book into something new.

Conservative radio commentator [Todd Starnes](#) told *CBN News* that the art display includes a desecrated Bible and satanic images.

COMMENTARY

This is so beyond Cinderella it's not even funny. Disney has come up with a new cartoon about a teenager who, in their words, "finds herself stuck in the Demon Realm and battles the forces of evil alongside a rebellious witch and a pint-sized warrior."

In this so-called fantasy world, the main character, Luz, "pursues her dream of becoming a witch by serving as Eda's (the rebellious witch's) apprentice."

فلهذا اطلب أن نصلي ونستعد ونعد زيت لمصاييحنا لاستقبال العريس بالصلاة والصوم وخدمة

أبناء الله وتنقية القلب والاستعداد بلبس العرس.

رسالة بولس الرسول الي أهل رومية 13

13: 11 هذا وأنكم عارفون الوقت انها الان ساعة لنستيقظ من النوم فان خلاصنا الان أقرب مما

كان حين امنا

13: 12 قد تناهى الليل وتقارب النهار فلنخلع اعمال الظلمة ونلبس اسلحة النور

13: 13 لنسلك بلياقة كما في النهار لا بالبطر والسكر لا بالمضاجع والعهر لا بالخصام والحسد

13: 14 بل البسوا الرب يسوع المسيح ولا تصنعوا تدبيراً للجسد لأجل الشهوات

احتسب ان لم تتمسك بالمسيح من الان قد لا تستطيع في المستقبل القريب بسبب الظلام.

وكما قلت هو اخبرنا لكي لا نخاف

انجيل متى 24

مت 24: 6 وسوف تسمعون بحروب واخبار حروب **لا ترتاعوا** لأنه لا بد ان تكون هذه

كلها ولكن ليس المنتهى بعد

بطرس الأولى 3: 14

وَلَكِنْ وَإِنْ تَأَلَّمْتُمْ مِنْ أَجْلِ الْبِرِّ، فَطُوبَاكُمْ. وَأَمَّا خَوْفُهُمْ فَلَا تَخَافُوهُ وَلَا تَضْطَرُّوْا،

بل نؤمن

إنجيل يوحنا 14: 29

وَقُلْتُ لَكُمْ الْآنَ قَبْلَ أَنْ يَكُونَ، حَتَّى مَتَى كَانَ تُؤْمِنُونَ.

ثالثا لنتنبه ونستعد

انجيل لوقا 21

28 وَمَتَى ابْتَدَأَتْ هَذِهِ تَكُونُ، فَانْتَصِبُوا وَارْفَعُوا رُؤُوسَكُمْ لِأَنَّ نَجَاتَكُمْ تَقْتَرِبُ.»

افرحوا لان عريسنا قد اقترب مجيؤه. وانتبهوا الشيطان يريد أن نفقد سلامنا ولا ننال أكاليل.

وأيضاً استعدوا فقد تسلموا وديعتكم في أي وقت فهناك 150 ألف شخص يموتوا في اليوم الواحد

انت لا تعرف متى ستكون منهم

المسيح اقترب فاصنعوا ثمار تليق بالتوبة واستعدوا لاستقبال العريس.

والمجد لله دائما
