اكرر هدفي فقط من هذه الخدمة أن نذكر بعضنا باننا نحتاج ان نستعد أي حياة اليقظة الروحية.
والاستعداد ليس فقط قبل مجيء المسيح بل ايضا قبل الظلمة التي ستسبق مجيؤه لأننا نور العالم
الذي أصبح مظلم وليكون عندنا زيت في مصابيحنا يكفي ان نعبر هذه الظلمة وتكون مصابيحنا
مضيئة وقت مجيؤه او من منا سيسلم وديعته في أي وقت. بمعنى نحتاج من الان ان نستعد بقوة
بأيمان عامل بالمحبة والتبشير وبتنقية القلب وان نثمر بالخدمة أي نجمع زيت في مصابيحنا لان
الظلمة والضيقة اقتربت جدا ومن لن يستعد لها بزيت كافي من الان لن يجد زيت في الضيقة لان
وقتها تجميع زيت سيكون صعب جدا بل أستطيع ان أقول من مثل العذاري انه لن يكون هناك
زيت الا ما جمعته سابقا.

أفضل ان اقول لنفسي ولكم استعدوا الان لأنه اقترب فنكون مستعدين سواء جاء او نحن ان
سلمنا وديعتنا عن أنى لا اقول انه اقترب لكيلا يقال عني كاذب وانشتر اشاعات او اخيف البعض
ولكنه يأتي بسرعة بغته. لا اعتقد اي أحد ندم لأنه كان مستعد ومنتظر مجيء المسيح ولم يأتي
المسيح في زمنه ولكنه انتقل وهو مستعد ولكن كثيرين جدا ندموا على عدم الاستعداد عندما
انتقلوا

المسيح قال بعض العلامات مثل

انجيل لوقا 21

21: 10 ثم قال لهم تقوم امة على امة ومملكة على مملكة

21: 11 وتكون زلازل عظيمة في اماكن ومجاعات واوبئة وتكون مخاوف وعلامات عظيمة من

السماء

21: 25 وتكون علامات في الشمس والقمر والنجوم وعلى الارض كرب امم بحيرة البحر والامواج

تضج

21: 26 والناس يغطى عليهم من خوف وانتظار ما يأتي على المسكونة لان قوات السماوات

تتزعزع

21: 27 وحينئذ يبصرون ابن الانسان اتيا في سحابة بقوة و مجد كثير

سفر اعمال الرسل 2

2: 19 واعطي عجائب في السماء من فوق وآيات على الارض من أسفل دما ونارا وبخار دخان

2: 20 تتحول الشمس الى ظلمة والقمر الى دم قبل ان يجيء يوم الرب العظيم الشهير

2: 21 ويكون كل من يدعو باسم الرب يخلص

لماذا قال المسيح بعض العلامات؟

أولا لكيلا نرتاع

انجيل متى 24

مت 24: 6 وسوف تسمعون بحروب واخبار حروب **لا ترتاعوا** لأنه لا بد ان تكون هذه

كلها ولكن ليس المنتهى بعد

ثانيا لنؤمن

إنجيل يوحنا 14: 29

وَقُلْتُ لَكُمْ الْآنَ قَبْلَ أَنْ يَكُونَ، حَتَّى مَتَى كَانَ تُمْنُونَ.

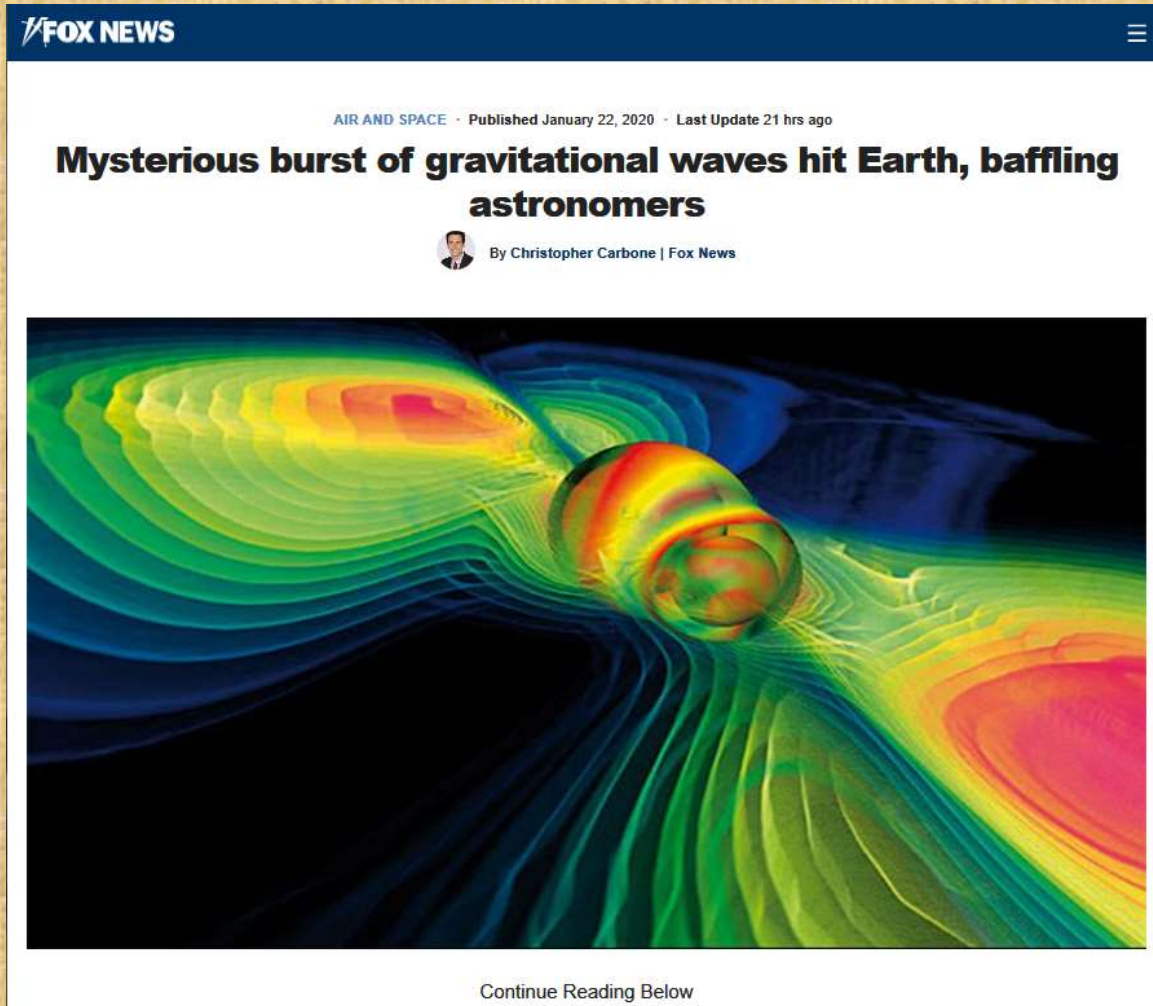

ثالثا لنتنبه ونستعد

انجيل لوقا 21

28 وَمَتَّى ابْتَدَأَتْ هَذِهِ تَكُونُ، فَأَنْتَصِبُوا وَارْفَعُوا رُؤُوسَكُمْ لِأَنَّ نَجَاتَكُمْ تَقْتَرِبُ.».

Freak Hailstorm and Apocalyptic dust storm blocks out the sun in Australia

(**OPINION**) **Ricky Scaparo** – While Australia is still trying to recover from catastrophic damage inflicted by the latest deadly brushfires to ravage the nation killing nearly a billion animals, An **apocalyptic dust storm** and freak hailstorm have now been reported in the latest disaster to strike the country.

Australia was given a short reprieve with rain sweeping across the country but that didn't last long as the next wave of extreme weather came resulting in gigantic hailstorms and a **mass fish die-off** from the massive rainfall that swept much ash into the water. Now footage has emerged of a terrifyingly huge dust storm engulfing the region. A local resident, Jason Herbig captured video from his farm in New South Wales which shows the wall of dust stretching out as far as the eye can see on the horizon.

La Organización Mundial de Sanidad Animal (OIE) registra 4 casos ya resueltos del Newcastle y 12 de Influenza Aviar en varios focos de República Dominicana

Artículo

Cándida Acosta
Santo Domingo, RD

La Organización Mundial de Sanidad Animal (OIE) tiene registrados cuatro casos de la enfermedad del "Newcastle" y también otros 12 de Influenza Aviar H5N2, de baja patogenicidad, según le fue notificado por las autoridades dominicanas en dos informes distintos al organismo internacional y en los que explica las medidas que se están implementando para atacar el problema que ha afectado a más de 180,400 pollos de engorde y aves de lidia (gallos de pelea) solo por el virus conocido en el país como "moquillo".

Por la Influenza Aviar H5N2, levemente patógena, la Dirección General de Ganadería (Digega), del Ministerio de Agricultura, registró en la OIE 12 casos, que fueron reportados en diciembre de 2019, en cuyo resumen señala la muerte de 13,848 gallinas ponedoras, pollitos y pollos de engorde por este virus.

El reporte de la doctora Nimia Lisette Gómez Rodríguez, directora de Sanidad Animal, de la Digega, explica que el virus Newcastle que ha estado afectando a la avicultura en República Dominicana está siendo controlado con varias medidas que incluyen la puesta en cuarentena, vigilancia, destrucción en el origen, vacunación, desinfección, entre otras, que de igual modo, se aplican en el caso de la infección por la Influenza.

H5N8 strain of bird flu found at turkey farm in Hungary

1 MIN READ

BUDAPEST (Reuters) - The H5N8 strain of bird flu has been found at a large turkey farm in northwestern Hungary, the National Food Chain Safety Authority (NEBIH) said on Monday.

Slovakia, Hungary's northern European Union neighbour, reported its first outbreak of the same highly pathogenic strain of the virus in nearly three years in backyard poultry in the western part of the country on Friday.

Hungary's NEBIH said the full turkey stock at the farm, more than 50,000 birds, would have to be culled and other precautionary measures implemented to contain the spread of the infection. It said the farm would receive state compensation.

Poland hit by another bird flu outbreak on goose farm

1 MIN READ

WARSAW (Reuters) - A new outbreak of bird flu was reported in Poland on Monday, with around 6,000 geese now set to be exterminated, a regional spokesman confirmed to Reuters, adding to about half a dozen cases already detected across the country since December.

“Six thousand geese at the farm (are) set for extermination, the state veterinary inspectorate has already taken steps,” Tomasz Stube, the spokesman for the Wielkopolska region told Reuters.

The strain of the virus was a subtype of the highly pathogenic H5N8 bird flu, Polish state news agency PAP reported, which can also pose a threat to human health.

Last month’s outbreak in Poland, Europe’s largest poultry producer, was preceded by an outbreak in 2017.

Australians are now being warned of a possible deadly "spider outbreak"

Jan 22, 2020 | 0 | ★★★★★

(CBS) – Australians, already reeling from months of devastating bushfires, have been warned they face a potential "bonanza" of "super dangerous" funnel-web spiders. While experts have voiced fears that the bushfires have killed as many as a billion wild animals, and pushed as many as 100 species closer to extinction, the deadly spiders are apparently thriving.

The mysterious new virus that is starting to spread very rapidly in China has global health officials extremely concerned. On Wednesday, the World Health Organization will convene an emergency meeting to discuss whether this outbreak should be “declared a global health crisis”, and screeners are being put in place at airports all over the world. But to a certain extent it may already be too late, because we know that this virus has already spread via

(ETH) – The CDC **announced** today that the United States now has its first documented case of the new China virus that first appeared in Wuhan, China, last month. The coronavirus has already sickened hundreds and killed six people in Asia. According to reports, the man is in his 30s and lives in Snohomish County, Washington, just north of Seattle. The man arrived at Seattle-Tacoma International Airport on January the 15th, before any health screenings for the Wuhan coronavirus began at US airports. It was later discovered that he sought medical care on January 19th.

Meanwhile, The travel industry has begun to **equip planes** with hazardous-materials suits for the cabin crew on board. Officials are greatly concerned because hundreds of millions of Chinese are preparing for the Lunar New Year holidays that begin this Friday, where it estimated that some 3 billion trips are expected to take place throughout that week, in what is deemed the world's largest human migration.

Global health officials are racing to contain the outbreak of a mysterious new coronavirus before it starts spreading wildly out of control all over the planet. Unfortunately, they may already be too late. The virus has now spread to [at least seven other countries](#) outside of China, and a whole lot of people are starting to panic. We are being told that early indications that you may have been infected include “respiratory symptoms, fever, cough, shortness of breath and breathing difficulties”. But those symptoms could also simply mean that you have caught a common cold or the flu, and so there is going to be a lot of confusion out there.

(Reuters) – The ability of the new coronavirus to spread is strengthening and infections could continue to rise, China's National Health Commission said on Sunday, with more than 2,000 people in China infected and 56 killed by the disease. Health authorities around the world are racing to prevent a pandemic after a handful of cases of infection were reported outside China, including in Thailand, Australia, the United States and France. The mayor of Wuhan, the epicenter of the outbreak, said he expected another 1,000 new patients in the city, which was stepping up construction of special hospitals. The newly identified coronavirus has created alarm because much about it is still unknown, such as how dangerous it is and how easily it spreads between people. It can cause pneumonia,

Russia claims edge as US lags in hypersonic weapons development

by Staff Writers
Washington DC (Sputnik) Jan 20, 2020

Last week, US President Donald Trump admitted that the United States is working on the development of hypersonic rockets, noting that the US is seeking to add them to its arsenal of "big, powerful, accurate, lethal, and fast" missiles.

The US military has failed in the domain of hypersonic arms research and development and it will take years for America to regain its once leading position, the vice chairman of the Joint Chiefs of Staff Gen. John Hyten said during a speech on Friday at the Centre for Strategic and International Studies in Washington DC.

"We are now locked in a serious competition with other nations in the hypersonic arms sphere. We used to be in the forefront ten years ago. We used to have two programmes, two prototypes...They did not work very efficiently. What did we do after we had failed? We had been studying the reasons for these failures for years before cancelling these projects", Hyden stated.

He called on the parties involved to accelerate the revival of development efforts and to test space capabilities in orbit rather than sitting idly by and "studying the heck" out of them.

The US has actively been trying to create hypersonic missiles. In 2018, the Pentagon began the development of the air-to-ground ARRW rocket, while also working on a long-range HCSW missile for the US Air Force. The two projects are estimated to cost almost \$1.5 billion.

Russia is the only country that has officially announced it possesses hypersonic weapons. In 2019, Russian President Vladimir Putin made the announcement, noting that Moscow would have more advanced weapons by the time other nations developed hypersonic arms.

US urges China to join nuclear arms talks

by Staff Writers
Geneva (AFP) Jan 21, 2020

Washington called Tuesday on Beijing to join its nuclear arms talks with Moscow, warning that lack of transparency around China's growing weapons stockpile posed a "serious threat".

The United States and Russia have held two rounds of talks aimed at reducing misunderstandings about critical security issues since the collapse of a Cold War nuclear pact last year, which triggered fears of a new arms race.

Washington has hinted previously it believes Beijing, with its growing nuclear arsenal, should join the discussions. President Donald Trump has insisted any new disarmament pact would need China to come on board.

US Ambassador to the Conference on Disarmament in Geneva Robert Wood said Tuesday that Washington was intent on convincing China to join the discussions.

He acknowledged that Beijing had yet to provide "positive feedback", but that Moscow had hinted during the last so-called strategic security dialogue last week that it would "use its influence with China to bring them to the table".

"Given the fact that China's (nuclear) stockpile is estimated to double over the next 10 years, we think it is now time to have (a) trilateral discussion," he told reporters in Geneva.

"We cannot afford to wait," he said.

"We have to deal with this serious threat to strategic stability, which is the lack of transparency around China's nuclear stockpile enhancement."

China has 'no intention to participate' in arms talks

by Staff Writers
Beijing (AFP) Jan 22, 2020

China said Wednesday it has "no intention to participate" in trilateral arms control negotiations, a day after Washington called on Beijing to join its nuclear arms talks with Moscow.

The United States has held two rounds of talks with Russia, aimed at reducing misunderstandings around critical security issues since the collapse of a Cold War nuclear pact last year -- which triggered fears of a new arms race.

Washington has hinted that Beijing should also join the discussions.

But Chinese foreign ministry spokesman Geng Shuang accused the US of using Chinese involvement as "a pretext to shirk and shift its own nuclear disarmament responsibilities".

"China has no intention to participate in the so-called China-US-Russia trilateral arms controls negotiations," Geng said at a regular press briefing in Beijing.

Washington has warned about a lack of transparency around China's growing nuclear arsenal, and US President Donald Trump has insisted that any new disarmament pact would need China to come on board.

Geng said that "the country with the largest and most advanced weapons arsenal in the world should earnestly fulfil its special responsibilities for nuclear disarmament", referring to the US.

According to US Ambassador to the Conference on Disarmament in Geneva Robert Wood on Tuesday, China's nuclear stockpile is expected to double over the next decade.

Turkey, NATO still at odds over Russia arms deal: Stoltenberg

by Staff Writers
Davos, Switzerland (AFP) Jan 23, 2020

NATO and key member Turkey have failed to find common ground over Russia's controversial delivery of a S-400 air defence system to Ankara, the military alliance's chief Jens Stoltenberg said Thursday.

The delivery of the system by Russia to Turkey, in a deal strongly backed by President Vladimir Putin and Turkish counterpart Recep Tayyip Erdogan, has deeply troubled Ankara's NATO allies and raised the risk of US sanctions.

"So far it has not been possible to reach an agreement on that," Stoltenberg said at the World Economic Forum (WEF) in Davos at a panel discussion alongside Turkish Foreign Minister Mevlut Cavusoglu, who had delivered a staunch defence of the deal.

"We will try to do whatever we can to find a way to solve these issues, as this is one of the issues that is causing problems within the alliance -- there is no way to deny that," he added.

Cavusoglu however had argued in front of Stoltenberg that Turkey had no choice but to buy the S-400 due to a dwindling presence of NATO air systems on its volatile borders, including the one with Syria.

"We have to ask ourselves do we need this system? -- Yes, because of the threat around us. Were we able to get it from them (NATO allies)? -- No, we had to buy," he added.

Mystery Booms, Hummings and Flashing Lights reported in California and Ohio

Jan 20, 2020 | 0 📖 | ★★★★★

(OPINION) Ricky Scaparo – Recently we reported on a **mysterious boom** that was felt and heard by residents in parts of San Diego, California and the surrounding areas. According to reports. Several people from Del Mar to Chula Vista went to social media and reported that the mysterious boom had shaken doors and furniture. Now we are getting reports out of Ohio of a strange series of color flashes that turned the night sky reddish in Bethel, Ohio.

The story has gained international attention and even after a week, no one has any explanation of what is happening. A **local affiliate** that investigated the incident claimed that a doorbell video, posted on Facebook by a

A new Disney cartoon is teaching kids that being a witch is a good thing. It's called "The Owl House" and recently premiered on the Disney Channel.

The show tries to portray witchcraft as a positive tool to fight evil. And some people say there's nothing to worry about when it comes to a children's show like this, arguing that it's just make-believe.

DENVER, Colorado — The Denver Public Schools board voted unanimously Thursday night to require every school in the district to have at least one all-gender bathroom.

While the concept has been controversial nationwide, nobody spoke in opposition to the resolution.

The resolution also says that district staff shouldn't be disciplined for talking about their sexual orientation,

فلهذا اطلب أن نصلي ونستعد ونعد زيت لمصاييحنا لاستقبال العريس بالصلاة والصوم وخدمة

أبناء الله وتنقية القلب والاستعداد بلبس العرس.

رسالة بولس الرسول الي أهل رومية 13

13: 11 هذا وأنكم عارفون الوقت انها الان ساعة لنستيقظ من النوم فان خلاصنا الان أقرب مما كان حين امنا

13: 12 قد تنهى الليل وتقارب النهار فلنخلع اعمال الظلمة ونلبس اسلحة النور

13: 13 لنسلك بلياقة كما في النهار لا بالبطر والسكر لا بالمضاجع والعهر لا بالخصام والحسد

13: 14 بل البسوا الرب يسوع المسيح ولا تصنعوا تدبيرا للجسد لأجل الشهوات

احترس ان لم تتمسك بالمسيح من الان قد لا تستطيع في المستقبل القريب بسبب الظلام.

وكما قلت هو اخبرنا لكي لا نخاف

انجيل متى 24

مت 24: 6 وسوف تسمعون بحروب واخبار حروب **لا ترتاعوا** لأنه لا بد ان تكون هذه

كلها ولكن ليس المنتهى بعد

بطرس الأولى 3: 14

وَلَكِنْ وَإِنْ تَأَلَّمْتُمْ مِنْ أَجْلِ الْبِرِّ، فَطُوبَاكُمْ. وَأَمَّا خَوْفُهُمْ فَلَا تَخَافُوهُ وَلَا تَضْطَرُّوْا،

بل نؤمن

إنجيل يوحنا 14: 29

وَقُلْتُ لَكُمْ الْآنَ قَبْلَ أَنْ يَكُونَ، حَتَّى مَتَى كَانَ تُؤْمِنُونَ.

ثالثا لنتنبه ونستعد

انجيل لوقا 21

28 وَمَتَى ابْتَدَأَتْ هَذِهِ تَكُونُ، فَانْتَصِبُوا وَارْفَعُوا رُؤُوسَكُمْ لِأَنَّ نَجَاتَكُمْ تَقْتَرِبُ.».

افرحوا لان عريسنا قد اقترب مجيؤه. وانتبهوا الشيطان يريد أن نفقد سلامنا ولا ننال أكاليل.

وأیضا استعدوا فقد تسلموا وديعتكم في أي وقت فهناك 150 ألف شخص يموتوا في اليوم الواحد

انت لا تعرف متى ستكون منهم

المسيح اقترب فاصنعوا ثمار تليق بالتوبة واستعدوا لاستقبال العريس.

والمجد لله دائما
