

تعليق على بعض الاحداث العالمية

والعلامات حتى 25 فبراير 2020

Holy_bible_1

اكرر هدفي فقط من هذه الخدمة أن نذكر بعضنا باننا نحتاج ان نستعد أي حياة اليقظة الروحية.
والاستعداد ليس فقط قبل مجيء المسيح بل ايضا قبل الظلمة التي ستسبق مجيؤه لأننا نور العالم
الذي أصبح مظلّم وليكون عندنا زيت في مصابيحنا يكفي ان نعبر هذه الظلمة وتكون مصابيحنا
مضيئة وقت مجيؤه او من منا سيسلم وديعته في أي وقت. بمعنى نحتاج من الان ان نستعد بقوة
بأيمان عامل بالمحبة والتبشير وبتنقية القلب وان نثمر بالخدمة أي نجمع زيت في مصابيحنا لان
الظلمة والضيقة اقتربت جدا ومن لن يستعد لها بزيت كافي من الان لن يجد زيت في الضيقة لان
وقتها تجميع زيت سيكون صعب جدا بل أستطيع ان أقول من مثل العذاري انه لن يكون هناك
زيت الا ما جمعته سابقا.

أفضل ان اقول لنفسي ولكم استعدوا الان لأنه اقترب فنكون مستعدين سواء جاء او نحن ان
سلمنا وديعتنا عن أنى لا اقول انه اقترب لكيلا يقال عني كاذب وانشتر اشاعات او اخيف البعض
ولكنه يأتي بسرعة بغته. لا اعتقد اي أحد ندم لأنه كان مستعد ومنتظر مجيء المسيح ولم يأتي
المسيح في زمنه ولكنه انتقل وهو مستعد ولكن كثيرين جدا ندموا على عدم الاستعداد عندما
انتقلوا

المسيح قال بعض العلامات مثل

انجيل لوقا 21

21: 10 ثم قال لهم تقوم امة على امة ومملكة على مملكة

21: 11 وتكون زلازل عظيمة في اماكن ومجاعات واوبئة وتكون مخاوف وعلامات عظيمة من

السماء

21: 25 وتكون علامات في الشمس والقمر والنجوم وعلى الارض كرب امم بحيرة البحر والامواج

تضج

21: 26 والناس يغطى عليهم من خوف وانتظار ما يأتي على المسكونة لان قوات السماوات

تتزعزع

21: 27 وحينئذ يبصرون ابن الانسان اتيا في سحابة بقوة و مجد كثير

سفر اعمال الرسل 2

2: 19 واعطي عجائب في السماء من فوق وآيات على الارض من أسفل دما ونارا وبخار دخان

2: 20 تتحول الشمس الى ظلمة والقمر الى دم قبل ان يجيء يوم الرب العظيم الشهير

2: 21 ويكون كل من يدعو باسم الرب يخلص

لماذا قال المسيح بعض العلامات؟

أولا لكيلا نرتاع

انجيل متى 24

مت 24: 6 وسوف تسمعون بحروب واخبار حروب **لا ترتاعوا** لأنه لا بد ان تكون هذه

كلها ولكن ليس المنتهى بعد

ثانيا لنؤمن

إنجيل يوحنا 14: 29

وَقُلْتُ لَكُمْ الْآنَ قَبْلَ أَنْ يَكُونَ، حَتَّى مَتَى كَانَ تُمْنُونَ.

ثالثا لنتنبه ونستعد

انجيل لوقا 21

28 وَمَتَى ابْتَدَأَتْ هَذِهِ تَكُونُ، فَأَنْتَصِبُوا وَارْفَعُوا رُؤُوسَكُمْ لِأَنَّ نَجَاتَكُمْ تَقْتَرِبُ».

MIT scientists create doomsday computer program to decide what to do if an asteroid is unexpectedly discovered on a crash course for Earth

- A team of scientists at MIT created a computer to help deal with asteroids
- The program simulates a range of scenarios based on how close the asteroid is
- The aim is to keep the asteroids from entering a gravitational keyhole
- That's the point where the asteroid enters an orbital path in the Earth's gravitational field, making collision inevitable

Five earthquakes rattle Tennessee-North Carolina border in 4-hour span

Feb 11, 2020 | 0 | ★★★★★

(ETH) – A cluster of five earthquakes has rattled the Great Smoky Mountain National Park in east Tennessee early on Tuesday morning. The USGS reported that the first quake was registered at 2:48 a.m. and the last quake was reported at 6:56 a.m. All the quakes were small, between magnitude 1.3 and 1.7 and the Richter scale.

The earthquake swarm took place in a small area about 25 miles southwest of Knoxville, near the North Carolina border. The strongest earthquake that has been documented in this particular seismic zone was a magnitude 4.6 earthquake that struck near Fort Payne, Alabama, on April 29, 2003.

Saudi Arabia reports H5N8 bird flu on farm: OIE

1 MIN READ

PARIS (Reuters) - Saudi Arabia has reported an outbreak of the highly pathogenic H5N8 bird flu virus on a poultry farm, the World Organisation for Animal Health (OIE) said on Tuesday.

The outbreak, which occurred in the central Sudair region, killed 22,700 birds, the OIE said, citing a report from the Saudi agriculture ministry.

The other 385,300 birds in the flock were slaughtered, it said.

The case was the first outbreak of the H5N8 virus in Saudi Arabia since July 2018.

Thousands of birds found dead in north-east Iran

Upward of 10,000 birds have been found dead at the Miankaleh peninsula, situated on the Caspian Sea shore in north-east Iran, in recent days.

According to Hossein-Ali Ebrahimi, head of Mazandaran province's department of environment, the corpses involve many different species, including Greater Flamingos, as well as ducks and grebes.

Ebrahimi noted that a group of experts from Iran's Department of Environment (DoE) has been sent to Mazandaran province to investigate the cause of the migratory birds' deaths. The carcasses were being collected for testing, with most being buried with sanitary precautions taken.

He said the DoE has banned hunting of migratory birds in the eastern parts of the province, where Miankaleh is located, until the investigations are carried out, adding that in order to maintain human health, the sale of any migratory birds in nearby cities would also be suspended until the exact cause of the deaths is known.

Global food production is being hit from seemingly every side. Thanks to absolutely crazy weather patterns, giant locust armies in Africa and the Middle East, and an unprecedented outbreak of African Swine Fever in China, a lot less food is being produced around the world than originally anticipated. Even during the best of years we really struggle to feed everyone on the planet, and so a lot of people are wondering what is going to happen as global food supplies become tighter and tighter. The mainstream media in the United States is so obsessed with politics right now that they haven't been paying much attention to this emerging crisis, but the truth is that this growing nightmare is only going to intensify in the months ahead.

South Korea and Vietnam ask millions to stay home to avoid infecting other with coronavirus

Feb 22, 2020 | 0 🌐 | ★★★★★

(ETH) – Unprecedented measures are being implemented in South Korea and Vietnam as **millions of people are being encouraged or even forced to stay in their homes**, in an effort to prevent the coronavirus from spreading beyond China.

This comes as South Korea has reported its first death from the disease on Thursday as well as a total of 104 infections, 53 of which were added on Thursday — almost **doubling the number from the day before**. Meanwhile, Japan has **reported two deaths** as well. Earlier today we reported that South Korea has **reportedly** entered an **"Emergency Phase"** as the coronavirus has intensified and spread in the country.

Hundreds wait in line for face masks across Asia as coronavirus panic spreads

Feb 24, 2020 | 0 | ★★★★★

(ETH) – Panic is beginning to grip Asia as **new video and images** have emerged showing hundreds of people standing in lines that look to stretch for blocks in order to obtain a mask in efforts to protect themselves from contracting the deadly virus. This report comes as the inventory of surgical face masks is plunging across Asia, and anxious citizens form long queues at supermarkets and pharmacies hoping to get their hands on some before they run out. Reports from citizens in Singapore, Shanghai, and Hong Kong claim the masks have sold out at most local shops. Many of these citizens are uploading photos and videos of the extreme lines of people that are forming in stores that are still offering precious stocks of the item.

Many were hoping that this coronavirus outbreak would begin to subside, but instead we witnessed an explosion of newly confirmed cases over the weekend. In fact, the number of confirmed cases outside of China [has doubled](#) over the past five days. If that number continues to double very rapidly, authorities will be talking about a full-blown "global pandemic" in no time. When I watched a victim [suddenly collapse and start to twitch](#) on a subway in Hong Kong, I thought about the sort of panic that would set off if that happened in New York. When I saw a video of Chinese authorities using [butterfly nets](#) to capture sick people, it made me wonder what U.S. authorities might do to round up those that are ill. The level of fear that a full-blown

Move over coronavirus, there's a new virus sending shockwaves through the scientific community. Scientists recently discovered a new virus that has no recognizable genes, making it one of the weirdest viruses.

The mysterious virus is called the Yaravirus, and it was discovered in an artificial lake in Brazil. The researchers who found the Yaravirus named

سلاح الفضاء الأمريكي الجديد يتطلع لاستقبال اول نظام أسلحة فضائية

Space Wing squadron poised to receive first Space Force weapon system

by Tech. Sgt. Erica Picariello, 21st Space Wing Public Affairs
Peterson AFB CO (AFNS) Feb 10, 2020

Imagine a secure communications room, like what has been shown in big-screen blockbuster movies...dozens of space and communications professionals behind computer terminals working together to deny an adversary the ability to attack the United States.

Now imagine being able to pick-up and throw that entire room into a plane and drop it into a deployed location, enabling allied forces to counter attacks in the midst of a crisis.

That is the capability that the 21st Space Wing will soon bring online with impending operational acceptance of the new Counter Communications System upgrade.

"The Counter Communications System is a transportable satellite communications system that provides a ground-based capability to reversibly deny adversary satellite communications," said Maj. Seth Horner, United States Space Force Space and Missile Systems Center CCS B10.2 program manager. "CCS has had incremental upgrades since the early 2000's, which have incorporated new techniques, frequency bands, technology refreshes, and lessons learned from previous block upgrades. This specific upgrade includes new software capabilities to counter new adversary targets and threats."

Total force Airmen worked with L3Harris during the last year to put together a comprehensive training program for this new software upgrade for the technicians who would be using it, as well as

"The upgraded CCS system is a game-changer for deployed ground forces," Sanders said. "Today, deployed forces benefit from a similar quick reaction capability providing direct operational support daily. With operational acceptance of CCS, we can employ greater effects for the combatant commands." (stock image)

Russian satellites tracking U.S. spy satellite, Space Force chief says

by Ed Adamczyk
Washington DC (UPI) Feb 11, 2020

The U.S. Space Force is watching two Russian satellites which appear to be observing a U.S. satellite at close range, Gen. John "Jay" Raymond said on Monday.

Kosmos 2542, which was launched in November and split into two separate satellites when it reached earth orbit, is in the same plane as USA 245, a secretive satellite launched in 2013 by the National Reconnaissance Office. Both the Russian and U.S. spacecraft travel in a plane between 250 and 550 miles above the earth's surface, where many of about 2,200 orbiting craft reside. The Russian and U.S. satellites pass each other, approximately every 10 days, but on Jan. 20 the Russian spacecraft came within 100 miles of the U.S. craft.

"We view this behavior as unusual and disturbing," Raymond, commander of the U.S. Air Force Space Command told Time. "It has the potential to create a dangerous situation in space."

Kosmos is a small "inspection satellite," capable of using thrusters to maneuver close to other spacecraft for observation. USA 245 is one of four NRO spy satellites used to photograph various parts of Earth, notably U.S. enemies.

Russia's motive for the satellite stalking is unknown, and some observers have noted that satellites like Kosmos could be equipped with weapons, including lasers and explosives. It is the first time that space is the arena for an encounter similar to those of fighter planes or warships between the United States and an enemy.

Khamenei says Iran must become strong to end 'enemy threat'

by Staff Writers
Tehran (AFP) Feb 8, 2020

Iran's supreme leader Ayatollah Ali Khamenei said Saturday that the Islamic republic must become strong enough to ward off the "enemy's threats" and prevent a war.

Khamenei also said Iran had a strong air force despite decades of US pressure and sanctions on the country since the 1979 Islamic Revolution.

"We must become strong so that there will not be a war, become strong so that enemy's threats will end," he told a gathering of air force commanders and staff.

"We do not want to threaten anyone... this is to prevent threats, to maintain the country's security," he added in a speech aired on state television.

Tensions escalated between Tehran and Washington after a January 3 US drone strike killed top Iranian general Qasem Soleimani in Baghdad.

Iran retaliated days later by firing a wave of missiles at American troops stationed in Iraq.

Its defence forces had been braced for US retaliation when they shot down a Ukraine International Airlines flight a few minutes after take-off from Tehran on January 8.

"Our Air Force, which had no right to & couldn't even repair parts of aircrafts (before the revolution) now builds planes," Khamenei was quoted as saying on his English-language Twitter account.

It is now six months since the world's first gene-edited babies were born in China, but researchers in the US warn that, though the twin girls may be more resistant to HIV, they also have "significantly increased mortality."

Geneticist He Jiankui, dubbed the 'Chinese Frankenstein,' shocked the world in November 2018 when he announced that he had created the first gene-edited babies. He and his team edited the gene CCR5 from two twin babies (a third gene-edited child is due to be born this summer) in a bid to make them immune from HIV.

US markets continue to plunge on reports of increasing numbers of cases of the coronavirus being identified outside China.

The Dow Jones dropped by more than 1,000 points (3.7 percent) on Monday, while the S&P 500 dropped 3.5 percent and the Nasdaq index lost as much as four percent.

Investors are increasingly worried about the economic impact of the coronavirus outbreak, as more countries took measures to curb its spread over the weekend.

Kentucky man wins legal battle over IM GOD license plate

by WALTER SMITH-RANDOLPH, WKRC Staff | Monday, February 17th 2020

AA

A Kenton County man has scored another courtroom victory in a battle for a personalized license plate that reads "IM GOD." (WKRC)

KENTON COUNTY, Ky. (WKRC) - A Northern Kentucky man says he's God and he's fought for the legal right to say so on a license plate. Now, taxpayers will foot the bill -- which is in the thousands -- for telling "God" no.

Bennie Hart is a self-described constitutional activist. After all, it's in his blood.

"My first cousin eight times removed is Thomas Jefferson," said Hart.

That lineage combined with his atheist beliefs led the 80-year-old to get a license plate that says "IM GOD."

Swiss voters support including sexual orientation in hate crimes law

By [Anugrah Kumar](#), Christian Post Contributor

Voters in Switzerland approved on Sunday a proposal to include sexual orientation in the existing criminal law against hate crimes. Evangelicals have warned that it will conflict with freedom of expression.

In a referendum, more than 62 percent of voters supported the proposal to make discrimination on the basis of sexual orientation and sexual identity a criminal offense, according to pollster gfs.bern, [Reuters](#) reported.

Although the Swiss parliament had passed a law in 2018 to include sexual orientation in its anti-racism statutes, providing for imprisonment of up to three years for an offender, opponents gained the 50,000 signatures needed to call for a referendum on proposed legislation.

The Swiss Evangelical Alliance, locally known as SEA-RES, [called](#) the decision "problematic and superfluous."

Brigham Young University will allow same-sex dancing at the Amateur DanceSport Championships for the first time

By Leah Asmelash and Andy Rose, CNN

🕒 Updated 8:36 PM ET, Tue January 21, 2020

Brigham Young University will allow same-sex couples to perform on its campus in a national dance competition for the first time.

(CNN) — Brigham Young University might be most known for its Conservative leanings and association with the Church of Jesus Christ of Latter-day Saints, but the university is temporarily setting all that aside.

The school will allow same-sex dancing on its grounds while it hosts the [US National Amateur DanceSport Championships](#) in March, according to the National Dance Council of America, the sanctioning body for the championships.

'Onward' introduces the first LGBTQ character in Disney animation history

Ethan Alter

Senior Writer, Yahoo Entertainment

Yahoo Movies February 21, 2020

Follow

Warning: This story contains minor spoilers for the new Disney Pixar animated film *Onward*.

It's been a long wait, but a Disney heroine finally has a girlfriend... [and it's not Elsa](#). Months after *The Rise of Skywalker* [featured the first same-sex kiss in the Star Wars galaxy](#), the new animated film *Onward* introduces the first self-identified lesbian character into the Disney-Pixar universe. Her name is Officer Specter, and she's a Cyclops cop voiced by openly gay screenwriter and actress Lena Waithe. While Specter's inclusion in *Onward* is a major first for Disney, it's treated almost matter-of-factly in the movie itself, which the filmmakers say is by design. "It just kind of happened," *Onward* producer Kori Rae tells Yahoo Entertainment. "The scene, when we wrote it, was kind of fitting and it

فلهذا اطلب أن نصلي ونستعد ونعد زيت لمصاييحنا لاستقبال العريس بالصلاة والصوم وخدمة
أبناء الله وتنقية القلب والاستعداد بلبس العريس.

رسالة بولس الرسول الي أهل رومية 13

13: 11 هذا وأنكم عارفون الوقت انها الان ساعة لنستيقظ من النوم فان خلاصنا الان أقرب مما
كان حين امنا

13: 12 قد تنهى الليل وتقارب النهار فلنخلع اعمال الظلمة ونلبس اسلحة النور

13: 13 لنسلك بلباقة كما في النهار لا بالبطر والسكر لا بالمضاجع والعهر لا بالخصام والحسد

13: 14 بل البسوا الرب يسوع المسيح ولا تصنعوا تدبيراً للجسد لأجل الشهوات

احترس ان لم تتمسك بالمسيح من الان قد لا تستطيع في المستقبل القريب بسبب الظلام.

وكما قلت هو اخبرنا لكي لا نخاف

انجيل متى 24

مت 24: 6 وسوف تسمعون بحروب واخبار حروب **لا ترتاعوا** لأنه لا بد ان تكون هذه

كلها ولكن ليس المنتهى بعد

بطرس الأولى 3: 14

وَلَكِنْ وَإِنْ تَأَلَّمْتُمْ مِنْ أَجْلِ الْبِرِّ، فَطُوبَاكُمْ. وَأَمَّا خَوْفُهُمْ فَلَا تَخَافُوهُ وَلَا تَضْطَرُّوْا،

بل نؤمن

إنجيل يوحنا 14: 29

وَقُلْتُ لَكُمْ الْآنَ قَبْلَ أَنْ يَكُونَ، حَتَّى مَتَى كَانَ تُؤْمِنُونَ.

ثالثا لنتنبه ونستعد

انجيل لوقا 21

28 وَمَتَى ابْتَدَأَتْ هَذِهِ تَكُونُ، فَاَنْتَصِبُوا وَارْفَعُوا رُؤُوسَكُمْ لِأَنَّ نَجَاتَكُمْ تَقْتَرِبُ.».

افرحوا لان عريسنا قد اقترب مجيؤه. وانتبهوا الشيطان يريد أن نفقد سلامنا ولا ننال أكاليل.

وأيضا استعدوا فقد تسلموا وديعتكم في أي وقت فهناك 150 ألف شخص يموتوا في اليوم الواحد

انت لا تعرف متى ستكون منهم

المسيح اقترب فاصنعوا ثمار تليق بالتوبة واستعدوا لاستقبال العريس.

والمجد لله دائما
