## والعلامات حتى 5 مايو 2020

Holy\_bible\_1

اكرر هدفي فقط من هذه الخدمة أن نذكر بعضنا باننا نحتاج ان نستعد أي حياة اليقظة الروحية.  
والاستعداد ليس فقط قبل مجيء المسيح بل ايضا قبل الظلمة التي ستسبق مجيؤه لأننا نور العالم  
الذي أصبح مظلّم وليكون عندنا زيت في مصابيحنا يكفي ان نعبر هذه الظلمة وتكون مصابيحنا  
مضيئة وقت مجيؤه او من منا سيسلم وديعته في أي وقت. بمعنى نحتاج من الان ان نستعد بقوة  
بأيمان عامل بالمحبة والتبشير وبتنقية القلب وان نثمر بالخدمة أي نجمع زيت في مصابيحنا لان  
الظلمة والضيقة اقتربت جدا ومن لن يستعد لها بزيت كافي من الان لن يجد زيت في الضيقة لان  
وقتها تجميع زيت سيكون صعب جدا بل أستطيع ان أقول من مثل العذاري انه لن يكون هناك  
زيت الا ما جمعته سابقا.

أفضل ان اقول لنفسي ولكم استعدوا الان لأنه اقترب فنكون مستعدين سواء جاء او نحن ان  
سلمنا وديعتنا عن أنى لا اقول انه اقترب لكيلا يقال عني كاذب وانشرا اشاعات او اخيف البعض  
ولكنه يأتي بسرعة بغته. لا اعتقد اي أحد ندم لأنه كان مستعد ومنتظر مجيء المسيح ولم يأتي  
المسيح في زمنه ولكنه انتقل وهو مستعد ولكن كثيرين جدا ندموا على عدم الاستعداد عندما  
انتقلوا

المسيح قال بعض العلامات مثل

انجيل لوقا 21

21: 10 ثم قال لهم تقوم امة على امة ومملكة على مملكة

21: 11 وتكون زلازل عظيمة في اماكن ومجاعات واوبئة وتكون مخاوف وعلامات عظيمة من

السماء

21: 25 وتكون علامات في الشمس والقمر والنجوم وعلى الارض كرب امم بحيرة البحر والامواج

تضج

21: 26 والناس يغطى عليهم من خوف وانتظار ما يأتي على المسكونة لان قوات السماوات

تتزعزع

21: 27 وحينئذ يبصرون ابن الانسان اتيا في سحابة بقوة و مجد كثير

## سفر اعمال الرسل 2

2: 19 واعطي عجائب في السماء من فوق وآيات على الارض من أسفل دما ونارا وبخار دخان

2: 20 تتحول الشمس الى ظلمة والقمر الى دم قبل ان يجيء يوم الرب العظيم الشهير

2: 21 ويكون كل من يدعو باسم الرب يخلص

لماذا قال المسيح بعض العلامات؟

أولا لكيلا نرتاع

انجيل متى 24

مت 24: 6 وسوف تسمعون بحروب واخبار حروب **لا ترتاعوا** لأنه لا بد ان تكون هذه

كلها ولكن ليس المنتهى بعد

ثانيا لنؤمن

إنجيل يوحنا 14: 29

وَقُلْتُ لَكُمْ الْآنَ قَبْلَ أَنْ يَكُونَ، حَتَّى مَتَى كَانَ تُمْنُونَ.

ثالثا لنتنبه ونستعد

انجيل لوقا 21

28 وَمَتَى ابْتَدَأَتْ هَذِهِ تَكُونُ، فَأَنْتَصِبُوا وَارْفَعُوا رُؤُوسَكُمْ لِأَنَّ نَجَاتَكُمْ تَقْتَرِبُ.».

**BIG ASTEROID FLYBY:** Here it comes. Today, **April 29th**, asteroid 1998 OR2 will fly past Earth 4 million miles away—about 16 times farther than the Moon. This radar image from Arecibo, taken April 18th, shows that the asteroid is approximately spherical and measures ~1 mile across:

There is no danger of a collision with Earth. However, the flyby is near enough for amateur astronomers to see the space rock through backyard telescopes. At closest approach on April 29th around 5:56 a.m. EDT (09:56 UTC), 1998 OR2 will shine like a 10th or 11th magnitude star as it glides through the constellation Hydra.

**HALLEY'S COMET VS. THE SUPERMOON:** Earth is approaching a stream of debris from Halley's Comet, source of the annual eta Aquarid meteor shower. If forecasters are correct, the shower will peak on **May 5th** and **6th**, producing one of the best meteor showers of the year. The question is, will anyone actually see it?

#### Eta Aquariids meteor shower

This shower peaks in early May, when Earth intersects the dust cloud left by comet Halley.

[View more showers.](#)

The 2020 eta Aquarid meteor shower has a problem: [The Supermoon](#). Intense glare from one of the biggest full Moons of the year will reduce the number of visible meteors from the usual 40 per hour to no more than 10 or 15 per hour.

If you'd like to try, the best time to look is during the hours before sunrise when the constellation Aquarius climbs in the east. Tuesday morning and Wednesday morning are both good. Halley's debris stream is wide enough to spread the shower over two days.

Bonus: If you wake up early to see Halley's meteors, you'll see 3 planets, too: Mars, Jupiter and Saturn. **Sky maps:** [northern hemisphere](#), [southern hemisphere](#).

Puerto Rico residents felt the ground shaking under their feet on Saturday, after a powerful 5.5-magnitude quake hit the unincorporated US territory, followed by several aftershocks. Some damage was reported on the ground.

The initial quake was recorded 11 km from Tallaboa, a small community in the south of the island, the USGS reported. A series of less powerful seismic events in the area followed within an hour.

## How the health passport works

1

Using an app, take a photo of your face and of your government-approved ID. The app matches the two to verify your identity, and can also detect whether the ID is fake.

In the UK, the NHS would likely hold this information; in other countries it could be held at local, state, federal or national level

2

Get an antigen or antibody test to establish whether you have had coronavirus and are immune.

3

At work you open the app at reception and take a picture of your face. This generates a QR code. This is scanned by the receptionist and confirms whether you have immunity or not.

Receptionist does not see your personal details.

4

The receptionist verifies that the photo of you on the app matches your face, with the on-app image only visible for a short time. If your ID matches and you have immunity, you can enter the workplace.

NASHVILLE, Tenn.--A report from the Center for Disease Control and Prevention's (CDC) *Emerging Infectious Diseases Journal* finds an increase in injecting drugs in Tennessee has led to a rise in super bug bacteria infections.

Using data gathered from 2015-2017, the report cites an increase in the use of injected drugs such as heroin and fentanyl leading to an increase of methicillin-resistant *Staphylococcus aureus* (MRSA) infections. *Staphylococcus aureus* is a type of bacteria found on skin which are usually harmless but can cause serious staph infections that lead to sepsis or death.

The report centers on the rise of infections which are resistant to the antibiotic methicillin, *causing a super bug*. From 2011-2016, the report found a 37.2% increase in community-onset bloodstream infections in Tennessee while nationwide estimates have remained stable during that time period.

Of 7,646 MRSA bloodstream infections identified from 2015-2017, 24.1% were related to injection drug use, increasing by 118.9%.

Researchers say from 2012-2017, opioids are still responsible for the greatest number of opioid deaths in Tennessee with associated deaths from synthetic opioids rising by 666% and heroin overdoses rising by 522%.

These rises in commonly injected drugs and unique epidemiology of community-onset MRSA bloodstream infection could be reflective of geographic differences in injection drug use associated with the opioid epidemic.

The researchers say they hope the findings improve response to high-risk MRSA BSI patients and increase knowledge of the indirect impacts of the opioid epidemic.

The United States and China remained at loggerheads Thursday over a UN Security Council draft resolution calling for a 90-day humanitarian pause in conflicts worldwide in the face of the coronavirus pandemic.

The stalemate -- over a mention of the World Health Organization -- leaves little hope of a quick vote as the Security Council struggles to find a response to the global crisis, remaining largely mute since the once-in-a-century pandemic began killing tens of thousands of people and shutting down economies across the world.

# Iranian launch of satellite may violate U.N. resolution

by Ed Adamczyk  
Washington DC (UPI) Apr 27, 2020

France and Germany joined the United States in condemning Iran's launch of a military satellite, suggesting it was a violation of a United Nations resolution.

Iran launched its Nour-1 military satellite on a Qased ballistic missile last week, announcing that the satellite was successfully installed in orbit 264 miles above the earth.

U.S. officials, including Secretary of State Mike Pompeo, on Saturday condemned the launch, suggesting the missile used to send Nour-1 to space is the same as those used for ballistic missiles. The commander of the U.S. Space Force also questioned whether the satellite was even capable of providing intelligence, as the Iranian government.

"Iran states it has imaging capabilities-actually, it's a tumbling webcam in space; unlikely providing intel," Gen. John Raymond, Space Force commander, wrote on Twitter on Saturday, adding that the United States is tracking the satellite.

The action could be interpreted as a violation of Resolution 2231, adopted by the U.N. Security Council as part of the 2015 nuclear deal between Iran and six world powers. Although the United States withdrew from the agreement, the Joint Comprehensive Plan of Action, in 2018, Germany and France are among countries committed to the agreement.

US Secretary of State Mike Pompeo warned Monday that Iran's burgeoning space program is "dangerous", adding that the recent successful launch of a military satellite proves that Tehran has concealed development of technology for intercontinental ballistic missiles under the guise of an allegedly "civilian" space program.

In a statement released Monday, Pompeo responded to Iran's launching of a satellite into orbit last Wednesday.

"For years, Iran has claimed its space program is purely peaceful and civilian. The Trump Administration has never believed this fiction," said Pompeo.

Iran must not give in to US "provocations", Russia said on Wednesday, following months of mounting tension between Washington and Tehran.

"We are urging maximum restraint and caution, not to give in to provocations and aggressive rhetoric," foreign ministry spokeswoman Maria Zakharova told reporters.

Tehran and Washington have traded barbs over a spate of incidents in the past year involving their forces in the sensitive waters of the Gulf.

Their latest high-seas confrontation came on April 15, when the United States said 11 Iranian boats harassed its navy ships in what it described as the international waters of the "Arabian Gulf".

US President Donald Trump tweeted that he had ordered the US Navy to "shoot down and destroy any and all Iranian gunboats if they harass our ships at sea".

Iran's president replied on Wednesday that "the Americans should know that this gulf is called the Persian Gulf, not the New York Gulf or the Washington Gulf".

Zakharova stressed that both countries should act in "strict accordance with international norms and regulations."

"Moscow has always considered stability and security in the Gulf to be a key factor that influences the situation in the wider regional context," she added.

## Second wave of airstrikes attributed to Israel in Syria

After series of Israeli airstrikes in southwestern Syria, observer group reports explosions targeting Hezbollah positions in northern Syria.

Explosions were reported in northern Syria Friday morning, hours after airstrikes attributed to Israel rocked southwestern Syria, near the Israeli border.

The latest explosions were again attributed to Israeli warplanes, which reportedly struck Hezbollah targets on the road between the city of Homs and Palmyra.

According to the Syrian Observatory for Human Rights, which monitored the explosions, the explosions were the result of Israeli missile strikes on weapons depots at a Hezbollah base, called the "Hassan bin Al-Haytham" camp – a former school now used by Hezbollah terrorists

Billionaire entrepreneur Elon Musk slammed the use of lockdown orders to combat the coronavirus pandemic, calling the orders "fascist" and unconstitutional.

The South African-born CEO of Tesla and SpaceX blasted government directives requiring people to remain in their homes, telling analysts during a question-and-answer session over the phone Wednesday that lockdown orders were tantamount to forced imprisonment and "fascist".

"If somebody wants to stay in their house, that's great," Musk said. "They should be allowed to stay in the house, and they should not be compelled to leave. But to say that they cannot leave their house, and they will be arrested if they do, this is fascist."

We just witnessed the largest quarterly GDP decline since the last financial crisis, and experts are warning that the figure for the second quarter will be far, far worse. In fact, as you will see below, one expert is telling us to brace ourselves for the worst economic numbers “in the post-World War II era”. On an annualized basis, U.S. GDP fell by 4.8 percent during the first quarter, and that was a bit worse than most

## Mountain of potatoes discarded by Idaho farmers from coronavirus pandemic

May 1, 2020 | 0 🌟 | ★★★★★

(**Accuweather**) – Amid lockdowns and stay-at-home orders, businesses and industries are suffering from COVID-19 — and potato farmers are no exception. Despite a growing demand in grocery stores, potato prices have plummeted in the last few weeks due to social distancing guidelines and a lack of demand in restaurants and the food industry.

Just weeks prior, the industry was looking at the best prices in recent memory and even projections for a summer shortage, **The Associated Press** reported. The cost for a 50-pound carton of restaurant-grade potatoes in the Twin Falls and Burley district hovered between \$22 and \$23 on March 13 but had dropped to somewhere between \$10 and \$12 by April 16.

## Couple Abducted from Wedding in Attacks in Northwest Nigeria that Kill 12 Christians

In north-central part of country, church elder kidnapped.

**JOS, Nigeria** (Morning Star News) – Muslim Fulani herdsmen in northwest Nigeria killed 12 Christians and kidnapped a couple from their church wedding ceremony in attacks this month, sources said.

In Tegina Kabata village in Niger state's Shiroro County, herdsmen attacked a church site where a wedding was taking place on April 12, abducting the couple and some church members, area resident Danjuma Iliya told Morning Star News.

"As the pastor was officiating during the wedding solemnization, the herdsmen stormed the church and took away everyone who was unable to escape from the church building, including the bride and groom," Iliya said. "In that village, five Christians were killed in the series of attacks carried out by the herdsmen."

Two other Christians were killed by herdsmen in Niger state's Gidigori village, Kuserki District, in Rafi County, on April 20, area resident James Ayuba said. They were two of seven Christians killed in three herdsmen attacks over five days in Rafi County, he said.

Others were injured in herdsmen attacks in the county's Madaka and Sabon Gari villages on April 20-21, he said.

## Marriage rates in the US plunge to the **LOWEST** on record with only 6.5 unions formed for every 1,000 people as couples opt to cohabit and save money instead

- The US marriage rate has plunged to its lowest level in history with 6.5 couples getting married per every 1,000 people in 2018
- From 2017 to 2018, the rate dropped six percent, from 6.9 per 1,000 population to 6.5, according to a government report released Wednesday
- This is the lowest level recorded by the government since it started to record marriage data in 1867
- There's no explicit reason why marriages declined in 2018 but financial strain and a preference for cohabitation are big factors.
- 'Millennials are in peak marriage years, their 20s and 30s, and it's still dropping,' report author Sally Curtin said
- The coronavirus pandemic could make marriage rates decline further amid financial insecurity and travel and social gathering restrictions

Samaritan's Purse field hospital in New York City, April 2020 | Samaritan's Purse

While Samaritan's Purse has treated hundreds of COVID-19 patients at its field hospital in Central Park, New York

فلهذا اطلب أن نصلي ونستعد ونعد زيت لمصابيخنا لاستقبال العريس بالصلاة والصوم وخدمة

أبناء الله وتنقية القلب والاستعداد بلبس العرس.

رسالة بولس الرسول الي أهل رومية 13

13: 11 هذا وأنكم عارفون الوقت انها الان ساعة لنستيقظ من النوم فان خلاصنا الان أقرب مما كان حين امنا

13: 12 قد تنهى الليل وتقارب النهار فلنخلع اعمال الظلمة ونلبس اسلحة النور

13: 13 لنسلك بلياقة كما في النهار لا بالبطر والسكر لا بالمضاجع والعهر لا بالخصام والحسد

13: 14 بل البسوا الرب يسوع المسيح ولا تصنعوا تدبيرا للجسد لأجل الشهوات

احترس ان لم تتمسك بالمسيح من الان قد لا تستطيع في المستقبل القريب بسبب الظلام.

وكما قلت هو اخبرنا لكي لا نخاف

انجيل متى 24

مت 24: 6 وسوف تسمعون بحروب واخبار حروب **لا ترتاعوا** لأنه لا بد ان تكون هذه

كلها ولكن ليس المنتهى بعد

بطرس الأولى 3: 14

وَلَكِنْ وَإِنْ تَأَلَّمْتُمْ مِنْ أَجْلِ الْبِرِّ، فَطُوبَاكُمْ. وَأَمَّا خَوْفُهُمْ فَلَا تَخَافُوهُ وَلَا تَضْطَرِبُوا،

**بل نؤمن**

إنجيل يوحنا 14: 29

وَقُلْتُ لَكُمْ الْآنَ قَبْلَ أَنْ يَكُونَ، حَتَّى مَتَى كَانَ تُؤْمِنُونَ.

ثالثا لنتنبه ونستعد

انجيل لوقا 21

28 وَمَتَى ابْتَدَأَتْ هَذِهِ تَكُونُ، فَانْتَصِبُوا وَارْفَعُوا رُؤُوسَكُمْ لِأَنَّ نَجَاتَكُمْ تَقْتَرِبُ.».

افرحوا لان عريسنا قد اقترب مجيؤه. وانتبهوا الشيطان يريد أن نفقد سلامنا ولا ننال أكاليل.

وأيضاً استعدوا فقد تسلموا وديعتكم في أي وقت فهناك 150 ألف شخص يموتوا في اليوم الواحد

انت لا تعرف متى ستكون منهم

المسيح اقترب فاصنعوا ثمار تليق بالتوبة واستعدوا لاستقبال العريس.

والمجد لله دائماً
