والعلامات حتى 19 مايو 2020

اكرر هدفي فقط من هذه الخدمة أن نذكر بعضنا باننا نحتاج ان نستعد أي حياة اليقظة الروحية.
والاستعداد ليس فقط قبل مجيء المسيح بل ايضا قبل الظلمة التي ستسبق مجيؤه لأننا نور العالم
الذي أصبح مظلم وليكون عندنا زيت في مصابيحنا يكفي ان نعبر هذه الظلمة وتكون مصابيحنا
مضيئة وقت مجيؤه او من منا سيسلم وديعته في أي وقت. بمعنى نحتاج من الان ان نستعد بقوة
بأيمان عامل بالمحبة والتبشير وبتنقية القلب وان نثمر بالخدمة أي نجمع زيت في مصابيحنا لان
الظلمة والضيقة اقتربت جدا ومن لن يستعد لها بزيت كافي من الان لن يجد زيت في الضيقة لان
وقتها تجميع زيت سيكون صعب جدا بل أستطيع ان أقول من مثل العذاري انه لن يكون هناك
زيت الا ما جمعته سابقا.

أفضل ان اقول لنفسي ولكم استعدوا الان لأنه اقرب فنكون مستعدين سواء جاء او نحن ان
سلمنا وديعتنا عن أنى لا اقول انه اقرب لكيلا يقال عني كاذب وانشرا اشاعات او اخيف البعض
ولكنه يأتي بسرعة بغته. لا اعتقد اي أحد ندم لأنه كان مستعد ومنتظر مجيء المسيح ولم يأتي
المسيح في زمنه ولكنه انتقل وهو مستعد ولكن كثيرين جدا ندموا على عدم الاستعداد عندما
انتقلوا

المسيح قال بعض العلامات مثل

انجيل لوقا 21

21: 10 ثم قال لهم تقوم امة على امة ومملكة على مملكة

21: 11 وتكون زلازل عظيمة في اماكن ومجاعات واوبئة وتكون مخاوف وعلامات عظيمة من

السماء

21: 25 وتكون علامات في الشمس والقمر والنجوم وعلى الارض كرب امم بحيرة البحر والامواج

تضج

21: 26 والناس يغطى عليهم من خوف وانتظار ما يأتي على المسكونة لان قوات السماوات

تتزعزع

21: 27 وحينئذ يبصرون ابن الانسان اتيا في سحابة بقوة و مجد كثير

سفر اعمال الرسل 2

2: 19 واعطي عجائب في السماء من فوق وآيات على الارض من أسفل دما ونارا وبخار دخان

2: 20 تتحول الشمس الى ظلمة والقمر الى دم قبل ان يجيء يوم الرب العظيم الشهير

2: 21 ويكون كل من يدعو باسم الرب يخلص

لماذا قال المسيح بعض العلامات؟

أولا لكيلا نرتاع

انجيل متى 24

مت 24: 6 وسوف تسمعون بحروب واخبار حروب **لا ترتاعوا** لأنه لا بد ان تكون هذه

كلها ولكن ليس المنتهى بعد

ثانيا لنؤمن

إنجيل يوحنا 14: 29

وَقُلْتُ لَكُمْ الْآنَ قَبْلَ أَنْ يَكُونَ، حَتَّى مَتَى كَانَ تَوَّابُونَ.

ثالثا لنتنبه ونستعد

28 وَمَتَّى ابْتَدَأَتْ هَذِهِ تَكُونُ، فَأَنْتَصِبُوا وَارْفَعُوا رُؤُوسَكُمْ لِأَنَّ نَجَاتَكُمْ تَقْتَرِبُ.».

Green-tinged Comet Swan with an 11 million-mile-long tail flies past Earth on its way to the Sun - and you don't need a telescope to see it

- The comet was discovered in April by an astronomer searching through images
- The images were captured by the NASA/ESA solar flare monitoring spaceship
- Swan will be at its brightest point by the end of May if it doesn't break up first

Comet Swan and its 11 million mile long tail will be visible in the night sky from tonight and you may be able to see it with the naked eye, astronomers say.

The ball of ice, discovered in April by astronomer Michael Mattiazzo from Australia, has already passed the Earth but is getting brighter as it approaches the Sun.

A COMET WITHIN A COMET? Comet ATLAS (C/2019 Y4) continues to amaze. First, in March, it was supposed to become as bright as Venus. Then, in April, [it fell apart](#). Now, in May, it seems to have become a "comet within a comet." This new image from Michael Jäger of Jauerling, Austria shows a mini-comet with a distinct tail inside the larger envelope of ATLAS's green atmosphere.

"This is a 35 minute exposure using my 11-inch telescope," says Jäger. "I tracked the comet as it moved among the stars. As a result, the background stars are streaked."

Clearly, one of the fragments of ATLAS's crumbling core has sprung a tail of its own, spewing an independent plume of gas and dust within the larger whole. An animation made by Jäger shows that the feature is not just a background star trail. It is moving through space with the comet:

Trump threatens China ties, says in no mood for Xi talks

By Jerome CARTILLIER
Washington (AFP) May 14, 2020

US President Donald Trump further hardened his rhetoric towards China on Thursday, saying he no longer wishes to speak with Xi Jinping and warning darkly he might cut ties over the rival superpower's handling of the coronavirus pandemic.

Tensions have ratcheted up between Washington and Beijing as they trade barbs over the origin of the pandemic -- which first appeared in late 2019 in the Chinese city of Wuhan, and which Trump has dubbed the "Plague from China."

"I have a very good relationship (with Xi), but I just -- right now I don't want to speak to him," Trump said of the Chinese president on Fox Business.

"I'm very disappointed in China. I will tell you that right now."

Asked how the United States might choose to retaliate, Trump gave no specifics but struck a threatening tone, saying: "There are many things we could do. We could do things. We could cut off the whole relationship."

"If you did, what would happen?" Trump asked. "You'd save \$500 billion if you cut off the whole relationship."

Trump has for weeks accused China of concealing the true scale of the outbreak, allowing it to spread unchecked across the globe -- and claim the lives of 300,000 people to date.

Beijing strongly denies the charge, insisting it transmitted all available data as soon as possible to the World Health Organization.

China asks US to 'meet halfway' after Trump threatens to cut ties

by Staff Writers
Beijing (AFP) May 15, 2020

China on Friday urged the United States to meet it halfway and strengthen cooperation in the fight against the coronavirus pandemic after President Donald Trump threatened to sever bilateral ties.

Relations between the world's two largest economies have deteriorated in recent weeks, with both sides trading barbs over the origins of the virus that has killed more than 300,000 people.

"To maintain the steady development of China-US relations is in the fundamental interests of the people in both countries, and is conducive to world peace and stability," said foreign ministry spokesman Zhao Lijian at a press briefing.

"At present, China and the US should continue to strengthen cooperation against the epidemic, defeat the epidemic as soon as possible, treat patients, and restore economy and production. But it requires the US to meet halfway with China."

The comments came after Trump further hardened his rhetoric towards China, threatening to cut ties with the rival superpower completely as relations have steadily deteriorated over the pandemic.

"There are many things we could do ... We could cut off the whole relationship," Trump said Thursday in an interview with Fox Business News.

"You'd save \$500 billion if you cut off the whole relationship."

Trump said that his relationship with Chinese President Xi Jinping is "very good" but added: "right now I just don't want to speak to him".

China says virus pushing US ties to brink of 'Cold War'

Thousands of people gathered in Hong Kong to protest against a proposed security law despite regulations prohibiting groups of more than eight people

China said Sunday that relations with the United States were "on the brink of a new Cold War", fuelled in part by tensions over the coronavirus pandemic, as Muslims around the world celebrated a muted end to the holy month of Ramadan.

Foreign Minister Wang Yi said Washington had been infected by a "political virus" compelling figures there to continually attack China, but offered an olive branch by saying the country would be open to an international effort to find the coronavirus source.

"It has come to our attention that some political forces in the US are taking China-US relations hostage and pushing our two countries to the brink of a new Cold War," he told reporters during a press conference at China's week-long annual parliament session.

He spoke as more nations eased lockdown restrictions in a bid to salvage economies and lifestyles that have been savaged by the pandemic.

Hundreds of millions of Muslims around the world were celebrating a muted Eid al-Fitr, with Islam's two most important mosques closed to worshippers in Mecca and Medina.

Still, churches were reopening in France, Spain's football league announced it would kick off again on June 8, and thousands flocked to beaches in the US, where lockdowns and social distancing have become rights issues that have split communities.

US Navy gives a show of force in South China Sea

by Ed Adamczyk
Washington DC (UPI) May 13, 2020

The U.S. Navy continues its exercises in the Western Pacific Ocean despite the postponement of multinational maneuvers because of the COVID-19 pandemic.

Independence-class Navy littoral combat ships patrolled the contested South China Sea this week, with the USS Montgomery and USNS Cesar Chavez arriving on May 7 in support of a Panamanian-registered drill ship. The USS Gabrielle Giffords arrived on Tuesday, a Navy statement said.

Last week the Air Force and Marines conducted training exercises near China amid increased tensions in the region, the site of competing maritime claims. In the nearby Philippine Sea, three submarines joined ships and aircraft of the U.S. 7th Fleet for a joint advanced warfighting training exercise.

File image of the USS Gabrielle Giffords being launched.

The actions are, in part, a show of force in an area of competing maritime claims, and a reaction to Chinese harassment of the ship drilling for resources in waters claimed by China, which the United States and other countries regard as international waters.

In late April, three U.S. ships -- the guided missile cruisers USS America and USS Bunker Hill, and the amphibious assault vessel USS Barry -- joined the Royal Australian Navy frigate HMAS Parramatta and sailed together in the region to demonstrate a commitment to keeping the sea open.

US army resumes Europe exercises after pandemic pause

by Staff Writers
Washington (AFP) May 13, 2020

US military exercises in Europe that were suspended because of the coronavirus pandemic will go ahead next month but in a scaled-back format, the Army said Wednesday.

US-Polish exercise Allied Spirit, originally planned for May, will see the mobilization of 6,000 soldiers from the two countries from June 5-19 at the Drawsko Pomorskie base in the north of Poland, the army said in a statement.

"All COVID-19 precautionary measures will be taken to ensure the health and protection of participating armed forces and the local population," it said.

The 4,000 US soldiers that will take part had already traveled to Europe for Defender-Europe 20, the biggest US military deployment in Europe in 25 years.

But the pandemic prompted the Pentagon to freeze all US military movement around the world.

The new exercise will feature a Polish airborne operation and a US-Polish division-size river crossing.

By the time US troop movements to Europe were halted in early March, more than 90 percent of the equipment earmarked for Defender-Europe 20 had been loaded on aircraft or ships bound for Europe.

Pentagon confirms developing a range of hypersonic weapons

by Staff Writers
Washington (Sputnik) May 19, 2020

On Friday, President Donald Trump announced that the US is developing a state-of-the-art hypersonic missile that he stressed should be superior to those currently created by Russia and China.

US Defence Department press secretary Jonathan Hoffman has confirmed that the Pentagon is developing a sophisticated hypersonic missile that was earlier touted by President Donald Trump.

He tweeted on Friday that the department is in the process of developing a spate of hypersonic missiles "to counter our adversaries".

The statement came after Trump told reporters earlier in the day that the US is currently working on what POTUS described as a "super duper missile" which he claimed is "17 times faster than what they have right now, when you take the fastest missile we have right now".

According to him, the new missile's specifications should be superior to those of the hypersonic missiles currently developed by Russia and China.

POTUS spoke after the website Defence News cited US Air Force (USAF) acquisition executive Will Roper as saying during a press briefing in late April that the USAF is interested in getting information from businesses to start up a new prototyping programme pertaining to hypersonic cruise missile technology in the near future.

The hype over hypersonics has only just begun.

US warns India of China 'aggression' at border

by Staff Writers
Washington (AFP) May 20, 2020

The United States on Wednesday accused China of employing border clashes with India to try to shift the status quo, and encouraged New Delhi to resist.

Alice Wells, the top US diplomat for South Asia, drew parallels between the growing skirmishes in the Himalayas and Beijing's years of increasing assertiveness in the dispute-rife South China Sea.

"For anyone who was under any illusions that Chinese aggression was only rhetorical, I think they need to speak to India," Wells told the Atlantic Council think tank.

"If you look to the South China Sea, there's a method here to Chinese operations, and it is that constant aggression, the constant attempt to shift the norms, to shift what is the status quo.

"It has to be resisted," said Wells, speaking as she retires from the State Department.

Indian and Chinese troops have engaged in a growing number of brawls and other low-level clashes on their sprawling border, including a recent standoff at the Nathu La Pass which connects the Indian state of Sikkim and Chinese-ruled Tibet.

The world's two most populous nations have longstanding border tensions and fought a brief 1962 war, which shattered the hopes of India's first prime minister, Jawaharlal Nehru, for solidarity between the Asian powers.

Iran's Supreme Leader, Ayatollah Ali Khamenei, said Sunday that the United States will be expelled from Iraq and Syria and alleged that even Washington's allies "abhor" it now.

The US "will not be staying either in Iraq or Syria and must withdraw and will certainly be expelled", said Khamenei, according to AFP.

"Even the leaders of some of America's allies... abhor American statesmen and government, do not trust them and are indifferent towards them," Khamenei claimed during a video conference meeting with university students.

He stated this was due to what he called the US' "warmongering, helping notorious governments, training terrorists, unconditional support for the Zionist regime's increasing

Israel National News reports: "Hussein Hamil, the official spokesman for the Fatah movement headed by Palestinian Authority (PA) chairman Mahmoud Abbas, warned on Tuesday that if Israel annexes territories in Judea and Samaria and the Jordan Valley, it would lead to a cycle of violence in Israel and in the region that would not easily end, given the Palestinian outrage over the US 'Deal of the Century'.

Hamil said in a statement that the Palestinian people would act against Israel's 'extreme plans' and thwart their implementation.

He called on the international community to take action against Israel and to defend international law which, he claimed, is violated by the current US administration.

Hamil also called on all Palestinian organizations, and especially the Hamas movement, to unite in the face of the danger that lies ahead of the Palestinians and their basic principles and to declare national unity.

Senior Palestinian Arab officials have repeatedly warned of the 'serious' consequences that an Israeli move to apply sovereignty over Judea and Samaria will have.

Ismail Haniyeh, leader of the Hamas terrorist organization, is calling on the Islamic nation to formulate a comprehensive strategy and plan to combat the great danger which, he says, is threatening Jerusalem and the Palestinian issue.

"Jerusalem is under threat in the face of Israeli and US policies that advance the Deal of the Century, which is intended to eliminate the Palestinian issue and all its components, including Jerusalem, the refugees and the land," he added.

I was going to write about something completely different today, but I felt that I needed to issue this warning instead. Even before COVID-19 came along, crazy global weather patterns were playing havoc with harvests all over the globe, the African Swine Fever plague had already killed [about one-fourth of all the pigs in the world](#), and giant armies of locusts the size of major cities were devouring crops at a staggering rate on the other side of the planet. And now this coronavirus pandemic has caused an unprecedented worldwide economic shutdown, and this has put an enormous amount of stress on global food supplies.

Do you personally know people that have lost jobs in 2020? I do, and I am not sure what to tell them. As is the case all over the U.S. right now, there is hope that some of the jobs will still be there when the lockdowns end, but in other cases it looks like the jobs are gone for good. And since virtually nobody is hiring right now, finding new jobs is certainly not going to be easy, and there will be millions of others competing for the few jobs that open up. Of course there will be some that will decide that being a government "contact tracer" is better than not being able to pay the bills, and the mainstream media [is aggressively promoting those](#)

(FOX NEWS) – The House of Representatives on Friday evening passed a \$3 trillion coronavirus relief bill, the most expensive legislation approved in history, that Democrats hailed as the unprecedented response needed to deal with the unprecedented pandemic and economic fallout.

The record-breaking bill narrowly passed by a 208-199 vote. Fourteen Democrats defied their party and voted “no,” while one Republican, Rep. Mass. Church Receives Cease and Desist Order, But Pastor Was Only Going to Hold Services With 'Under 10 People'

By Heather Clark on May 13, 2020 · 0 Comments

DEDHAM, Mass. (*Christian News Network*) — A Baptist church in Massachusetts was recently issued a cease and desist order from local officials who learned that it planned to resume holding Sunday services. Officials assumed that, by announcing services at all, the church planned on violating the 10-person limit on in-person gatherings. A religious liberties organization has now written to the Town to note that the pastor has done nothing wrong but is in compliance with the governor's order as he clearly and specifically advised that each service would be limited to less than 10 people.

Federal appeals court upholds California's ban on in-person church services

By Hollie Silverman and Nicole Chavez, CNN

Updated 11:46 PM EDT, Sat May 23, 2020

(CNN) — A federal appeals court rejected a California church's lawsuit hoping to overturn the state's ban on in-person church services.

The 9th US Circuit Court of Appeals ruled Friday on a lawsuit brought by the South Bay United Pentecostal Church in Chula Vista, California, earlier this month.

The lawsuit claimed California Gov. Gavin Newsom and other state officials violated the church's First Amendment rights with stay-at-home orders issued because of the coronavirus pandemic.

Skittles ditches the rainbow to celebrate the LGBTQ+ community for Pride Month

By Alisha Ebrahimji, CNN

Updated 2:23 PM ET, Fri May 22, 2020

Colorless Skittles will hit the shelves for the month of June in celebration of Pride Month.

(CNN) — The candy that's known for its iconic rainbow is ditching their colorful symbol for Pride Month to celebrate and support the LGBTQ+ community.

Skittles are going colorless with both their packaging and their product for all of June, saying "only #OneRainbow matters."

Gray limited-edition "Pride Pack" candy bags will hit the shelves of CVS and select Walmart stores next week until the end of June.

What about the flavors? Not to fear. Even though you won't be able to see the rainbow colored candies, you'll still get to taste the rainbow with the same original fruity Skittles flavors.

US Navy grants first waiver for transgender service member to serve under their preferred gender

By Barbara Starr and Caroline Kelly, CNN

Updated 5:00 PM ET, Fri May 15, 2020

(CNN) — The US Navy has granted a waiver allowing a transgender service member to serve "in their preferred gender" for the first time since the military enacted a transgender ban.

"The acting Secretary of the Navy has approved a specific request for exemption related to military service by transgender persons and persons with gender dysphoria," Navy spokeswoman Lt. Brittany Stephens told CNN.

Stephens added that "this service member requested a waiver to serve in their preferred gender, to include obtaining a gender marker change in (the Defense Enrollment Eligibility Reporting System) and being allowed to adhere to standards associated with their preferred gender, such as uniforms and grooming."

The GLBTQ Legal Advocates & Defenders and the National Center for Lesbian Rights said Friday that the waiver was granted to their client, a Naval officer who filed a [lawsuit in March](#) against the ban.

The anonymous Naval officer had served two extended tours of duty over nine years and was facing involuntary discharge because she's transgender, according to the complaint.

13: 12 قد تناهى الليل وتقارب النهار فلنخلع اعمال الظلمة ونلبس اسلحة النور

13: 13 لنسلك بلياقة كما في النهار لا بالبطر والسكر لا بالمضاجع والعهر لا بالخصام والحسد

13: 14 بل البسوا الرب يسوع المسيح ولا تصنعوا تدبيراً للجسد لأجل الشهوات

احتسب ان لم تتمسك بالمسيح من الان قد لا تستطيع في المستقبل القريب بسبب الظلام.
