اكرر هدفي فقط من هذه الخدمة أن نذكر بعضنا باننا نحتاج ان نستعد أي حياة اليقظة الروحية.
والاستعداد ليس فقط قبل مجيء المسيح بل ايضا قبل الظلمة التي ستسبق مجيؤه لأننا نور العالم
الذي أصبح مظلم وليكون عندنا زيت في مصابيحنا يكفي ان نعبر هذه الظلمة وتكون مصابيحنا
مضيئة وقت مجيؤه او من منا سيسلم وديعته في أي وقت. بمعنى نحتاج من الان ان نستعد بقوة
بأيمان عامل بالمحبة والتبشير وبتنقية القلب وان نثمر بالخدمة أي نجمع زيت في مصابيحنا لان
الظلمة والضيقة اقتربت جدا ومن لن يستعد لها بزيت كافي من الان لن يجد زيت في الضيقة لان
وقتها تجميع زيت سيكون صعب جدا بل أستطيع ان أقول من مثل العذاري انه لن يكون هناك
زيت الا ما جمعته سابقا.

أفضل ان اقول لنفسي ولكم استعدوا الان لأنه اقترب فنكون مستعدين سواء جاء او نحن ان
سلمنا وديعتنا عن أنى لا اقول انه اقترب لكيلا يقال عني كاذب وانشر اشاعات او اخيف البعض
ولكنه يأتي بسرعة بغته. لا اعتقد اي أحد ندم لأنه كان مستعد ومنتظر مجيء المسيح ولم يأتي
المسيح في زمنه ولكنه انتقل وهو مستعد ولكن كثيرين جدا ندموا على عدم الاستعداد عندما
انتقلوا

المسيح قال بعض العلامات مثل

انجيل لوقا 21

21: 10 ثم قال لهم تقوم امة على امة ومملكة على مملكة

21: 11 وتكون زلازل عظيمة في اماكن ومجاعات واوبئة وتكون مخاوف وعلامات عظيمة من

السماء

21: 25 وتكون علامات في الشمس والقمر والنجوم وعلى الارض كرب امم بحيرة البحر والامواج

تضج

21: 26 والناس يغطى عليهم من خوف وانتظار ما يأتي على المسكونة لان قوات السماوات

تتزعزع

21: 27 وحينئذ يبصرون ابن الانسان اتيا في سحابة بقوة و مجد كثير

سفر اعمال الرسل 2

2: 19 واعطي عجائب في السماء من فوق وآيات على الارض من أسفل دما ونارا وبخار دخان

2: 20 تتحول الشمس الى ظلمة والقمر الى دم قبل ان يجيء يوم الرب العظيم الشهير

2: 21 ويكون كل من يدعو باسم الرب يخلص

لماذا قال المسيح بعض العلامات؟

أولا لكيلا نرتاع

انجيل متى 24

مت 24: 6 وسوف تسمعون بحروب واخبار حروب **لا ترتاعوا** لأنه لا بد ان تكون هذه

كلها ولكن ليس المنتهى بعد

ثانيا لنؤمن

إنجيل يوحنا 14: 29

وَقُلْتُ لَكُمْ الْآنَ قَبْلَ أَنْ يَكُونَ، حَتَّى مَتَى كَأَن تُوْمِنُونَ.

ثالثا لنتنبه ونستعد

28 وَمَتَى ابْتَدَأَتْ هَذِهِ تَكُونُ، فَأَنْنَصِبُوا وَارْفَعُوا رُؤُوسَكُمْ لِأَنَّ نَجَاتَكُمْ تَقْتَرِبُ.».

Unusual interaction between two low-pressure zones caused intense storms over New Zealand's Northland on July 17, 2020. The worst affected was Whangarei, where emergency services responded to more than 220 calls. "This is just diabolical for our people. We've gone from drought to dealing with a 1 in 500-year event. Unbelievable," Whangārei Mayor Sheryl Mai said.

According to MetService meteorologists, the storm dropped 220 mm (8.6 inches) of rain on Whangarei from 19:00 LT on July 17 to 07:00 LT on July 18. 'We call this a greater-than-500-year return period,' the service said.

A new study suggests that last year's Ridgecrest earthquakes increased the chance of a large earthquake on California's San Andreas fault.

The study, published in the Bulletin of the Seismological Society of America on Monday, says there is now a 2.3% chance of an earthquake of magnitude 7.5 or greater in the next 12 months on a section of the 160-mile-long Garlock fault, which runs along the northern edge of the Mojave Desert.

That increased likelihood, in turn, would cause there to be a 1.15%

HARDIN, Ky. - A Kentucky couple was fitted with ankle monitors and placed on house arrest after the wife tested positive for coronavirus but refused to sign self-quarantine documents, according to reports.

Elizabeth Linscott said she got tested for COVID-19 as a precaution because she was planning to visit her parents in Michigan. She received a positive test result but showed no symptoms.

She said the Hardin County Health Department asked her to sign documents agreeing to call them any time she left her house. The young mother claims she never refused to self-quarantine but said she would not sign the documents because of how they were worded, WAVE reported.

Pentagon lays groundwork for future US experimental space station

by Staff Writers
Washington DC (Sputnik) Jul 17, 2020

The Sierra Nevada Corporation (SNC) was recently awarded a US Department of Defense contract to transform its own intended NASA transport vehicle into the core structure of the US military's future Unmanned Orbital Outpost.

A Tuesday news release published by SNC detailed that its Shooting Star transport vehicle's versatility will be useful as the global aerospace and national security leader begins repurposing the vehicle as the core of a future autonomous space station for logistics demonstrations and experiments.

"We're excited by the multi-mission nature of Shooting Star," SNC CEO Fatih Ozmen expressed.

"It was originally developed for NASA resupply missions to the International Space Station, and since then we keep identifying new capabilities and solutions it offers to a wide variety of customers. The possible applications for Shooting Star are really endless."

Measuring 16 feet in length, the Shooting Star was originally developed as an attachment to provide extra storage for payloads on the Dream Chaser space plane during NASA Commercial Resupply Services 2 missions. The Shooting Star was also designed to facilitate cargo disposal upon the vehicle's reentry into Earth's atmosphere.

However, the possibilities of the versatile vehicle do not stop there.

Iran and China have quietly drafted a sweeping economic and security partnership that would clear the way for billions of dollars of Chinese investments in energy and other sectors, *The New York Times* reported on Sunday.

The partnership, detailed in an 18-page proposed agreement obtained by the newspaper, would vastly expand Chinese presence in banking, telecommunications, ports, railways and dozens of other projects.

In exchange, China would receive a regular — and, according to an Iranian official and an oil trader, heavily discounted — supply of Iranian oil over the next 25 years.

Johannesburg (AP) -- New satellite imagery shows the reservoir behind Ethiopia's disputed hydroelectric dam beginning to fill, but an analyst says it's likely due to seasonal rains instead of government action.

The images emerge as Ethiopia, Egypt and Sudan say the latest talks on the contentious project ended Monday with no agreement. Ethiopia has said it would begin filling the reservoir of the \$4.6 billion Grand Ethiopian Renaissance Dam this month even without a deal, which would further escalate tensions.

But the swelling reservoir, captured in imagery on July 9 by the European Space Agency's Sentinel-1 satellite, is likely a "natural backing-up of water behind the dam" during this rainy season, International Crisis Group analyst William Davison told The Associated Press on Tuesday.

Coin shortage prompts bank to pay you for spare change: 'It has never happened before'

By Evan Peterson | Published 2 days ago | Wisconsin | FOX 9

MILWAUKEE (FOX 6) - Do you have a jar of coins in your house? Maybe you have been saving for a special occasion? Well, a local bank says they will pay you for what's inside that jar — plus interest!

"It has never happened before, it's something new, and it's interesting...I really didn't expect coin shortage to be something we have to deal with," said Neil Buchanan of Community State Bank.

A literal coin shortage has made it nearly impossible for some local businesses to deal with the hard currency.

"Families that would store up coin to go on vacation or something — they're not going on vacation. So they're probably sitting there with their coin," Buchanan said.

But leave it to those who are savvy in business to find a way to make supply catch back up with demand.

"So what do we do, and we kicked around ideas, and said, 'You know what, we're buying it off the Fed. We might as well just pay our local people instead and kind of cut out the middle man sort of,'" Buchanan said.

In layman's terms, Community State Bank is willing to pay you for the bag of coins you forgot about on the shelf — and they will pay interest too!

I had no idea that things had gotten so bad. Earlier today, my wife spoke with the manager of a local grocery store because she wanted to place a large order for some canned goods. What she was told surprised her, and it certainly surprised me. The manager of this local grocery store told her that there are numerous nationwide shortages going on at this moment, and he indicated that

رسالة بولس الرسول الي أهل رومية 13

13: 11 هذا وأنكم عارفون الوقت انها الان ساعة لنستيقظ من النوم فان خلاصنا الان أقرب مما

كان حين امنا

13: 12 قد تناهى الليل وتقارب النهار فلنخلع اعمال الظلمة ونلبس اسلحة النور

13: 13 لنسلك بلياقة كما في النهار لا بالبطر والسكر لا بالمضاجع والعهر لا بالخصام والحسد

13: 14 بل البسوا الرب يسوع المسيح ولا تصنعوا تدبيرا للجسد لأجل الشهوات

احترس ان لم تتمسك بالمسيح من الان قد لا تستطيع في المستقبل القريب بسبب الظلام.

وكما قلت هو اخبرنا لكي لا نخاف
